

HYPERDIMENSIONAL UNIVERSE: I HAVE THREE THOUSAND ULTIMATE TALENTS

Chapter 509: Chapter 328 Final Chapter_2

He was still The God of Three Elements Fusion.

“I never imagined I would receive such supreme creation!”

Jiang Ming found it beyond belief.

“How did you do it?” Bai Bing couldn’t help but ask.

“I transformed into the supreme creation,” Jiang Ming’s eyes twinkled, and he raised his head; his world projection shook and shattered the falling rocks, and he vanished without a trace.

And he had arrived at the summit of Purple Mountain.

The remnants of its power were still terrifying, but they no longer posed a threat to him.

He placed Bai Bing on the other side.

“I’m about to achieve transcendence, guard me!” Jiang Ming told her, “And watch closely.”

“Okay!” Bai Bing nodded, her expression solemn.

Jiang Ming had already closed his eyes.

Soul Realm, Battle Domain, Sea of Heart, Inner World, four visions swirled around his body and merged swiftly.

Divine Soul, Divine Body, Heart of God, the Heavenly Dao of the Inner World, four powers of self-origin will, based on the Inner World’s Heavenly Dao – the Martial Spirit, also rapidly fused together.

Even with a full assurance, Jiang Ming still felt resistance.

Resistance from the powers of four different systems.

And from the supreme rules lurking in the void.

Transcendence through the powers of four systems was taboo.

Limits, obstacles, for a moment Jiang Ming struggled to break this confinement.

“World Tree, it’s your turn!”

Jiang Ming was not afraid in the slightest.

The immense World Tree trembled, able to burst through the starry sky, and manifested a phenomenally astonishing vision. As soon as it appeared, its massive essence wielded the power to crush the Myriad Heavens Worlds.

Purple Mountain became frozen.

Bai Bing’s pupils shrank, and even with Jiang Ming’s intentional protection, she felt her soul could shatter.

“Is this his creation?”

She realized in her heart.

Boom, boom, boom...

Next, the phantom of the World Tree shook in the void, breaking Heaven and Earth, shattering the world, pulverizing Chaos, and breaking the invisible shackles in one strike.

“Perfect fusion, make me whole!”

Jiang Ming seized the opportunity, his forces melded, his divinity unified, All Principles Return to the Origin, All Principles Return to One. His body became a creation furnace, returning to the beginning, smelting all powers into one, and giving birth to the Immortal True Spirit.

He broke the shackles, transcending the mundane world.

In this moment, his Mind God suddenly left his body, ascending higher and higher at a level surpassing thousands of times the speed of light, until he entered an inscrutable place. This was an ocean of rules, the world of the Origin of the Cosmos.

The ultimate realm of the Multi-universe.

Upon his Mind God arriving here, like returning to the womb yet still connected to his body,

Jiang Ming had an epiphany, this was the necessary phase of becoming a deity, only by arriving here and leaving his own mark on the highest rules, could he ultimately transcend the mundane.

His Mind God underwent a violent transformation

Through the connection with his Mind God, an immeasurable God Power from this vast realm surged down, transcending time and space, surpassing multiple dimensions, and descended directly into Jiang Ming's body.

Boom...

Instantly, the power within Jiang Ming began a qualitative transformation.

The True Spirit also tumultuously evolved.

Boom, boom, boom...

Her authority was overwhelming and boundless.

In the blink of an eye, he entered the Divine Realm, continuously climbing, filling the suspended space in the endless void in a moment, and rapidly expanding.

In the blink of an eye, Purple Mountain space became a desolate Heaven and Earth.

This was the influence of Jiang Ming's might.

In Bai Bing's eyes, she saw a huge vortex appear above Jiang Ming's head, from where a river of God Power was flowing down like the Milky Way pouring in reverse, incessant.

Jiang Ming's aura also rapidly surged, unbearable for her.

However, a ring of green radiance appeared around her, protecting her within.

After a long while.

Jiang Ming's Mind God descended, merged into the True Spirit, all his origins emanated immortal light, with the radiance that Heaven and Earth could perish but not him, with the timeless immortality that he would not wane even if the Various Heavens were destroyed.

Standing up, a slight movement, the terrifying remnants of his power could shatter the Various Heavens.

"Divinity unified, transformed into the True Spirit!"

"A breakthrough in one fell swoop, deification achieved!"

"And directly reaching the realm of a Heavenly God!"

Jiang Ming smiled faintly, and the vast star domain formed through his being burst forth with immeasurable light in an instant.

He became a Heavenly God.

Transcending the Lower God, the Middle God, and the Upper God, reaching directly the realm of the Heavenly God.

Heavenly God, All Principles Return to the Origin, All Tao into One.

And he now possessed the immortal trait of surviving the destruction of the Multi-universe.

In some sense, this was true transcendence.

With a clench of his fist, the surging power in his palm was extremely terrifying.

“The body is also a Heavenly God’s body!”

“In addition to that...”

In his Inner World, a vast universe had evolved.

Here, his True Spirit became the Heavenly Dao, presiding over this place, driving the world’s operation, and creating reincarnation.

In the center of the land, there was the universe-spanning World Tree.

Even larger, even more terrifying.

Below, life had begun to grow, intelligent life, like Flower Fairies, Tree Elves, and so on.

“How marvelous!”

Jiang Ming opened his eyes and smiled.

His gaze moved, taking in the entire Zhou Tian, seeing through numerous small worlds, dense and countless, floating like bubbles around a gigantic world.

The bubbles were the worlds of trials.

In the center must be the final battleground of the Multi-Universe Genius Battle.

With a shift of his gaze, Jiang Ming saw secret realms that traversed countless bubbles and the central Great War realm. Some emitted infinite Divine Radiance, some darkness could devour everything, and there were some that he felt threatened by.
