

Chapter 157 Just A Dream

Nero's p.o.v.

I wish this day would end, I wish I knew when Alayah will return. There is so much I wish for as I am staring at the ceiling, I know our Angel is safe and that is all that really matters. Crystal informed us the moment she received a message from Alayah and we received a message from Isla, telling us that she was at the Pack-house stirring up trouble.

Looks like Alayah finally managed to get someone to admit out loud that they don't train, even though they always tell Alpha Gordon that they train and Isla told us no one in the female population was amused when she said training was mandatory.

Marc and Anton were both nodding their heads when Nikolay read Isla's message out loud, it was also the first time since Alayah left that I felt Miku stir in the back of my head.

I slowly wake in the middle of the night, Miku is front and center as we look at the female in our arms and I can't resist the urge to kiss her gorgeous lips. A soft moan escapes her lips as I brush my lips against her lips and I put a little more pressure into the kiss, forcing her to open her lips.

I let my tongue slip into her mouth to explore every delicious inch of her mouth and I pull her closer as I deepen the kiss.

I move my fingers through her hair, tugging her closer to me as another delightful moan escapes her lips and I slowly break the kiss before I start kissing down her neck to her collarbone. She finally opens her eyes as I look at her after I have kissed my way back to her mouth, she slowly wraps her arms around my neck and pulls me closer until our lips touch.

"Kiss me, Nero." She whispers against my mouth.

I playfully bite her bottom lip and as she gasps I snake my tongue into her mouth, groaning the moment my tongue touches hers. I can feel my cock harden in my boxers, as she moves closer towards me her leg presses against my hard-on and I groan as I feel it grow even harder.

Our tongues are still dancing around in her mouth, I am desperate to taste every inch of her delicious mouth and if it were up to me I would be doing this for hours on end.

I slide my hands up her sides under her shirt and the moment my fingers grace her breasts she moans into my mouth, making me cup her breasts firmly.

Eventually I have to break the kiss as both of us are breathing heavily and as I start to kiss down her neck I can hear her erratic heartbeat, I allow my lips to leave her skin for just enough time to remove her shirt. I continue to kiss down her body replacing my hands with my lips and slowly I let my hands glide down her body.

I can smell her arousal in the air, filling my room with the most intoxicating scent I have ever smelled and I can't wait to start this all over again. I keep my mouth occupied with her breasts switching from one to the other, sucking her nipples hard into my mouth and gently biting the hard nubs every now and then.

"Fuck, Baby. This taste so fucking good." I mumble against her breasts and I hear the most delightful little moans in response.

As my hands reach the band of her panties I hear her breathing hitch, sounds like my baby is enjoying this as much as I am and I slowly move my hand between her legs.

I feel the damp spot on her panties and as I put a little more pressure on her mound I whisper into her ear, "Are you so wet for me, Baby?" I enjoy the sounds she is making as I keep touching and kissing her skin, before this night is over I have fucked her six ways to Sunday.

After giving her breasts a good amount of attention I start kissing further down her body and the closer I get to my own slice of heaven the more labored her breathing becomes, I can't wait to hear her scream my name when I make her come.

As I kiss every inch of skin on my way down to her core I slowly peel her panties down and for a moment I stopped kissing her skin to watch as her panties finally break free from her soaking wet pussy.

From the way she is reacting to my caresses I can tell she's close to falling off the edge and as I let one finger slowly slide over her clit she moans loudly, the second I push that finger into her soaking wet pussy she climaxes. Her back is arching off the bed as she loudly screams my name and I haven't even started yet, I love the way her body responds to everything I do to her.

I slowly pull my finger back as I lower my head and the moment I suck her clit into my mouth I push two fingers into her pussy, "Ohh yes, please." She whispers as I repeat the motion over and over again, sucking on her clit as I push two fingers deeper into her core.

"I want to hear you say it... no... I want you to beg for it.. I want you to beg me to make you come" I growl just before I suck her clit into my mouth again.

"Please, Nero. Please.. I want you to make me come." She whispers as I look at her face and again I bury my face into the soaking wet space that is my own slice of heaven. I start pumping my fingers harder and faster into her core, gently biting her clit from time to time and I can tell when she is close to coming again.

I keep pounding her pushy and add a third finger to push her over the edge, loving the way she screams my name when she comes undone.

I place myself between her legs as I slow down my motions and as her eyes flutter open I grab the base of my cock to line it up with her entrance, our eyes are locked as I slam my cock balls deep into her pussy.

"I want you to come undone with my cock buried deep inside of you. Would you like that, Baby?" I ask her as I slowly pull my cock back, just before I slam it back inside her.

I place my arms under her knees, pushing them up towards her chest and I slowly pull my cock out until only the head is left inside. "Do you want me to fuck you, Baby?" I ask her as I hold myself completely still, she nods her head but I don't give her what she wants. I want her to tell me what she wants me to do and as I look into her eyes I can tell she understands what I expect of her.

"Please Nero. I need to feel you inside me." She whimpers, but it still isn't enough for me.

"Tell me what you want me to do, Baby. If you don't tell me I will not let you come." I say as I lean forward and slowly peck her lips. Her face is turning a few shades of red and I understand she is a bit uncomfortable with telling me what she wants, but if she wants me to make her come she will have to tell me out loud what she wants me to do.

"Nero, just **** me." She growls and I am more than willing to oblige my Baby. I slam my cock hard and deep back into her core, feeling every inch glide deep into her and instead of pulling back slowly I pull it back hard to shove every inch back inside her.

I feel her pussy clench on my cock and the harder and faster I bump into her body the tighter her pussy becomes, pushing me closer to my orgasm. I want her to come undone at the same time as I will shoot my load into her body and the second I press my thumb down on her clit I have the most amazing orgasm of my life.

I pull her close to my side after I have collapsed on the bed next to her and as I look at her my eyes slowly close, sleep pulling me into the darkness. The next morning I wake up from the best sleep I have had in my entire life, but something is off and it takes me a few seconds to figure out what it is. Fuck, I had the most realistic wet dream of my life last night and the stain in the sheets is proof.
