

Chapter 191 Drift Off

Alayah's p.o.v.

By the time I am finished with my evening ritual I have made up my mind and I also know where to start, Noah will be the first one that gets to mark me.

I don't even bother putting a robe on as I walk out of my room, I don't knock on the door before I open it and as I close the door behind me Noah walks out of the bathroom. I smile up at him as we walk towards one another and he lowers his head to capture my lips with his, I don't hesitate and open up for him. He deepens the kiss and I groan at the feeling of his tongue against mine, I press my body as close to his as I can get.

He grabs me by the waist to lift me up and I wrap my legs around his waist as I tangle a hand in his hair, pulling him closer to deepen our kiss. He walks us over to the bed and as he places one knee on the side of the bed he slowly lowers us, never breaking the kiss as he moves us further onto the bed. He pushes his hips forward, just like Nathan did in the kitchen and I can't help but moan at the feeling it sends through my body.

He slowly breaks the kiss to look at me and he asks if I am sure about this, "Yes, Noah. I want this or I wouldn't be here." I whisper as I wrap my legs around his waist again, pulling his body closer to mine and I moan when I feel his rock-hard cock pressing against my clit. He kisses his way down my cheek to the spot where his mark will be, hopefully very soon. He sucks and licks at the spot and I know that he can smell my arousal filling the air. He trails kisses down to my breasts, while one of his hands glides down my body.

This man is driving me insane with his lips and hands, my core is heating up fast and I know he can smell my excitement. There is no way I am going to last long if he keeps this up. His hand slips into my panties and my back arches of the bed when he slips a finger into my pussy, I can't stop myself from moaning. He trails kisses down my body on every piece of exposed skin he can find and my head shoots up to look at Noah as he removes my panties and sleep shorts.

His head disappears between my legs and I moan loudly the moment his tongue is on my clit, he pushes his finger back into my pussy as he starts sucking on my clit. He adds another finger and starts moving them in and out of my pussy faster and faster. My hands crush the sheets between my fingers and I can't stop myself as I whisper his name under my breath. He doesn't stop or slow down and I know I don't want him to.

Soon his assault on my pussy sends me over the edge and before I can catch my breath, he thrusts his cock inside me and stills his movements. It only hurts for a second and as soon as I feel my body adjust, I move my hips towards him. The movement makes him groan and I can see that Eiji is pushing forward, smiling down at me as he gives a slight jerk with his hips.

He starts pulling his cock out until only the head is still inside, before he slides his cock back in and starts repeating the motion in a slow pace. He increases the thrusts a little and a moan slips from my mouth, I doubt I would be able to say a word if my life depended on it. I pull his head down towards me and the moment our lips touch he picks up the pace. As I moan he deepens the kiss, before he breaks it to trail kisses down my cheek again.

My canines elongate as his thrusts into my core push me closer to my climax and I quickly find my way down to his marking spot. I start licking and sucking the spot, which causes Noah to lose the rhythm of pushing his cock into my body hard and fast and the moment I feel myself falling into the abyss I sink my canines into his neck. He speeds up again as I feel his canines on my skin and as he punctures my skin I feel him coming inside my pussy.

We hold each other tight as we come down from our orgasm and I slowly get used to feeling his emotions, just as he has to get used to feeling my emotions. He is moving his hand up and down my back and slowly the movement comes to a hold as he drifts off to sleep. I enjoy being in his arms for a little while longer, before I slowly remove myself from his arms and after putting my panties and sleep shorts back on I sneak out of his room.

Topaz and I wanted our first time with our Mates to be a private moment, we will have the rest of our lives to figure out how this will work the best and even then we will still have some alone time with each of our Mates from time to time. Nathan smiles at me as I walk into his room and he asks if I enjoyed my time with Noah, "I felt it the moment the two of you marked one another, Yuma explained it to me and I was hoping you would pay me a visit tonight." He says as he opens his arms.

I remove my clothing as I walk towards his bed and I moan when I see that his cock is tenting the sheet, I pull the sheet to the side to reveal his raging hard-on. I kiss him as I crawls on top of him, I push myself higher on my knees and takes a hold of his rock-hard cock. I put it at the entrance of my pussy before I lower myself down on his cock, he puts his hands on my hips to guide me up and down his cock. I throw my head back as I start to move faster up and down his cock.

Being on top feels amazing, the angle of his cock sliding in and out of me, makes my pussy become wetter and wetter. I start to move wilder on his cock and by the sound of his groans he is enjoying this as much as I am, his hands move up to my breasts. He pinches my nipples and a moan escapes my mouth, one of his hands makes his way back down and then I feel his thumb on my clit. He presses down on it, just a bit harder every time and soon I am panting. He keeps the pressure on my clit, then he tells me to move faster and I happily comply.

I can feel the heat building in my body, reaching another orgasm soon and I lower my head to suck on his marking spot. Nathan is sucking on my marking spot at the same time and I know we will mark one another the moment our orgasm hits us. It does not take long before I orgasm and I feel our canines sink into the other's skin as we both scream our release.

"I love you, Princess." Nathan whisper against my forehead and I ask him why he uses a different nickname for me.

"Because you are a Princess and I am going to remind you of it every single day." He says as he pulls me closer to his side and like Noah he slowly drifts off to sleep.

I kiss his forehead before I get out of his bed and make my way down to Nikolay's room, to my surprise I find Nikolay in a deep sleep. I slowly pull the sheet off his body to find out that my Mate is sleeping butt naked and I slowly crawl onto the bed after I managed to get him on his back.
