

Chapter 224 Enter

Alayah's p.o.v.

The smell of my arousal becomes stronger the more pressure they put into their ministrations and I wonder what Noah is doing, but I have no idea where he is right now.

I feel hands on the waistband of my jeans and I feel them being pulled down my legs slowly, the moment my jeans are gone someone rips my thong out of the way.

A hand slides up my thigh and my eyes widen as Nathan touches my bare pussy. I feel someone lifting one of my legs over his shoulder, feeling a finger slip into my core and he spreads my pussy lips to attack my clit with his tongue.

I squeal as Noah licks my clit, while Nathan's finger pushes in even further and after pulling his finger out, he pushes two fingers into my core.

Nikolay and Nero hold me up as they are biting and sucking my neck, I am breathing heavily and my moans become louder the harder Noah sucks my clit.

Nathan is sliding his fingers in and out of me faster and I am starting to pant.

"Please." Is all I whisper before I feel myself tense and I scream as I come on Noah's tongue and Nathan's fingers.

Nikolay holds on to me as I slowly catch my breath, he has turned my head towards him and is placing kisses on my lips.

"That was an amazing sight." He whispers as one of his hands cups my breast and with his thumb he runs circles around my areola.

"And this is just the beginning, Princess. We will make you come, again and again." Nero says as he lifts me up bridal-style and puts me down on the bed, right next to Nikolay.

A smile forms on my face as he pulls me onto his chest and it only takes a few seconds for all of us to cuddle together, my eyes slowly closing as the scent of my Mates lull me to sleep.

Featherlight kisses on my back wake me and I have no idea how long I have been asleep, but something tells me that Nero is going to keep his word.

I lift my head to look at Nikolay, but I am met with Khal's eyes instead. I can sense that Eiji, Yuma and Miku have pushed forward as well, I feel myself become wet as I think about having sex with their Lycans in control and I hear all four of them growl.

Khal pushes his hips up to make me feel his raging hard-on pressing against my core and the only thing I want right now is for him to enter my body, to show me they want me as much as their Human halves.

I still feel featherlight kisses being placed on the back of my body, I lean towards Khal to capture his lips and my eyes close on their own accord as our tongues touch.

I feel hands on my hips that slowly lift my body up and Khal's cock slowly slides between my wet folds, I moan the moment the tip of his cock touches my clit. Whoever is lifting me up knows what he is doing as Khal's shaft slowly finds its way to my entrance and I moan loudly when I get lowered onto his cock.

My pussy juices flow from my core and I hear an approving hum when a finger slides through my juices, only to make a slow path up to my backdoor.

I remember how it felt when Nikolay pushed a finger in my ass the first time and I can feel myself becoming wetter, even though I know that today it will be more than a finger that will be entering my ass.

Khal keeps looking in my eyes as he moves his hips towards me, but a hand turning my head up breaks our eye contact and I am staring at a cock right in front of my mouth.

I let my eyes wander up his abdomen to his chest to finally lock eyes with Eiji, I feel his cock against my lips and I slowly open my mouth to let him push inside my mouth.

Yuma is on his knees on the other side of my head and as I grab Eiji's cock with my hand I let it slip from my mouth.

I turn my head towards Yuma to take his cock into my mouth and I moan around it when I feel a finger push into my ass.

"Fuck." Yuma growls as I moan again at the sensation of a cock in my pussy and a finger in my ass, I start to alternate between Eiji and Yuma as Khal and Miku speed up their ministrations just a tiny bit and just as Eiji's cock slides back into my mouth Miku pushes a second finger into my ass, making me moan.

My focus is on the two cocks in front of me, but I can feel myself getting closer to a climax as Khal and Miku speed up once again.

I lose my focus for a moment when Miku pulls both his fingers out and for a moment I wiggle my ass, but my eyes widen the moment I feel his raging hard-on against my backdoor.

Khal stops moving his cock in my pussy and Eiji keeps my head from moving as Miku gently pushes against my ass, but my body isn't allowing him to enter.

I know it will only be a matter of time before my body will give in, Miku pushes harder against my back entrance and after he places his hands on my hips he pulls me back as he pushes forward.

I feel a sting the moment his head finds its way inside, but Miku doesn't stop as he slowly pushes his cock deeper into my ass and the sting I felt is completely gone by the time he is balls deep.

Miku pulls back as Khal pushes his cock into my pussy again and Eiji takes that as his sign to slides his cock back into my mouth.

It takes a few times moving in and out of my body before my Mates have found the right rhythm and I climax hard as they speed up their ministrations.

Yuma and Eiji have taken control of my mouth as I slowly come down from my orgasm, but the next one is already building up in my body.

Khal and Miku slow down their movements the moment Eiji tells them to, Eiji starts moving faster in and out of my mouth before Yuma takes over and suddenly I feel both of their cocks against my mouth.

"Open up, Princess." Yuma growls and as I obey his order both of them start shooting their cum into my mouth, I can barely keep up with swallowing all of it. I suck and lick both their cocks clean before they move to the side and Khal and Miku start moving again.
