

## Chapter 312

Explicit content

Alpha Roger's P.O.V.

A knock on the door wakes me and for a moment I wonder where I am, until I remember last night.

I call out "Come in." and in walks Jean with a small smile on her face. "Alpha Roger, Alpha Talon asked me to inform you that Xandros just called." I thank her for the message and are about to send her away, when I realize that I have a huge hard-on.

The sheet is tenting because of it and I can feel her eyes on me. "Would you know someone that can help me with this, Jean?" I ask and I hear her gasp as I remove the sheet from my cock.

I get out of bed and I see her eyes on my cock, but after last night I know that there is only one hole I want to take care of this. I walk out of the room, butt naked and make my way back to Talon's room.

I don't bother knocking, I just open the door and find Eva still asleep on the bed. I hear the shower running and I smirk as I hear Talon say "She will take whatever you have to give."

I can see that her pussy is glistening with bodily fluids and with two fingers I scoop some up and spread it around and in her ass. She moans as I let a finger slide in and I feel my cock harden even more.

Looking at her face I can see that she is still asleep, I line up my cock with her backdoor and I don't hesitate as I slam in to her, hard and deep. She jolts awake and I pound in to her over and over, soon she is panting and moaning.

She pushes back on my cock and I pound on her harder and faster with every thrust. "Do you think your Daughter will enjoy this as much as Eva does, Talon?" I ask and I already know the answer to it.

"Roger, I don't think there is a She-wolf in the world that enjoys it as much as Eva does." He growls as he moves himself under Eva's body.

Soon I feel his cock sliding in to her pussy and as we both groan at the feeling, Eva's moans become louder. The harder we slam in to her, the more she pleads with us to make her come.

We both let our Wolves come forward to give her the treatment she is asking for. Our Wolves pick up the pace and soon she is screaming in pleasure and pain. "Please, make me come, Alpha's." she repeats those words over and over. And soon the three of us come at the same time.

Alpha Talon's P.O.V.

I look at Ayden as we are having breakfast and I can sense that he is uncomfortable with Roger sitting across the table from him. I have no idea what happened between the two of them and I don't care.

Eva is sitting on my lap and every now and then she moves her ass on my cock, making it harder and harder. I have send everyone out of the Pack-house, so no one will see Tali return home.

And with my Mate teasing me the way she is, I am glad it is just the four of us here. My hand slides up her thigh, the further up I go the more pressure she puts on my cock.

Ayden's eyes are on Eva and I notice that one of his hands is under the table. I know that he can smell her arousal and the smirk on Roger's face tells me that he is aware of Eva's actions.

"Baby, watch it. Or I will take you here on the table and let them watch." I whisper, loud enough for Roger and Ayden to hear. She moans at my words and surprises me when she says "Promises, promises."

I grab her hips and make her straddle me, I open the fly of my pants to release my cock. She slides her hand between our bodies and guides my cock to her core. "Fuck, no underwear." My Wolf grumbles as she lowers herself on to my cock.

She pushes herself up and as she comes down again I shove my hips up, slamming my cock in to her core. I see both Ayden and Roger with their cocks in their hands and I push my chair back from the table.

Now they have a clear view on what I am doing and I hear Ayden groan as his eyes follow my movements. Through the mind-link I ask Eva if she would like a cock up her ass and she moans out loud.

I look in to her eyes and then let me eyes wander in Ayden's direction, she moans and nods her head as she gets my intent. I turn my chair a little in his direction and with my hands I pull her ass cheeks open.

It is all the encouragement he needs, he gets up and slides his cock in to her ass. Roger grabs her head and guides his cock in to her mouth, soon she is moaning and panting.

To my surprise he pulls out after a few minutes and walks up behind Ayden. Ayden groans as he realizes what Roger is up to and I feel it the second his cock pushes in to my Son.

It doesn't take long before we are all close to our climax and I push my thumb down on Eva's clit to make her come. The second she clenches my cock, I come with a roar and Ayden and Roger follow within seconds.

We have barely cleaned ourselves up, when I get a link from Xandros that he is back on our territory.

I send Ayden and Eva out of the Pack-house and Roger calls in his Guards. I tell Xandros that I will be waiting in my office and he says that he will meet me there.

I tell Roger's Guards to stand on the left side of the door and I tell Roger to sit down on one of the couches in my office, I sit down behind my desk to await the arrival of my Daughter.
