Chapter 3081

Vince York was looking extremely glum at this moment.

Cory York was also showing a horrible expression. He was glaring at Akio Yashiro with a deathly look in his eyes, as if he wanted to kill Akio himself.

Lexie York was horrified. She had not expected that Vince would have such a deep connection with the Islanders.

Did Vince himself know that he was being supported by them during his rise then?!

Even Grandma York looked weird as she intently stared at Vince. Her persistence and support for Vince were steadily dwindling

Along with Akio's word, a Dragon Palace elite later walked out with a few trays.

Pictures, contracts, ledgers, and various documents were brought out. Everyone understood that this was solid proof without even perusing it.

If not, Harvey York would never allow all this to show up here, judging from his attitude. Harvey then squinted at Vince.

"Is there anything you'd like to explain, Young Lord York?"

"There's nothing to explain!"

Vince was not enraged, nor did he lose control. He just stayed calm like never before.

He looked at Marcel York and Grandma York with a collected gaze and said, "I'll admit. I had a close relationship with the Islanders before.

"We had collaborated on a few big projects.

“I also received some of their gifts.

“But, what’s the problem with that?

“The Yorks of Hong Kong is the face of Country H! Of course, we need to make friends with people across the globe!

“Besides, Country H and the Island Nations are practically neighbors!

“If we have a good relationship with the Island Nations’ royal family, our position in Country H will be solidified!

“I accomplished all this!

“Since I’m pretty discreet, I didn’t bring up any of this to the public.

“But instead, you’re using something like this to criticize me?!

“I’ll have to thank you for that then!”

Everyone looked at each other after hearing Vince’s words.

Even though Akio’s words were quite harsh, revealing that Vince’s rise was all because of the Islanders’ manipulation tactic...

Vince managed to turn those words around, proving that he was just a business partner with the Island Nations.

Judging from this perspective , Vince did nothing wrong.

Harvey chuckled.

“What are you saying, Vince?

“Are you telling us that you’re only collaborating with them? “How are you not ashamed? “As the young lord of the family, you’re still here running your mouth after being treated as some puppet. “Don’t you think that it’s embarrassing?” “Embarrassing?”

A hint of playfulness was showing in Vince’s eyes.

“Why would I be embarrassed?

“Country H and the Island Nations are neighboring countries!

“We’re all strong countries from the far east! Isn’t it normal to borrow their strength to climb the ranks?

“Don’t forget! We have a good relationship with them!

“Even the higher-ups of the country have been in contact with the Island Nations for years!

“I’m not even selling out my own country! What’s wrong with that?!”

Chapter 3082

“Are you sure about that?

“Everyday people don’t understand the true relationship between Country H and the Island Nations, but how can you not?

“All those heinous things they did to us during the second world war will never be forgotten! History never forgets!”

Vince York scoffed while showing a playful look on his face.

“How naive can you get, Harvey York?!”

“You’re still bringing that up till today?!”

“That’s old news!

“Let’s not even talk about its credibility!

“Even if it’s real, have you not heard of a saying?

“Better to reconcile than to contend!

“It’s been so long already! As civilized people of Country H, why can’t you just forgive their past mistakes?! “We all belong in the same waters, after all! There’s no running away from each other!

“I’m sure they’ve been investing in our country for a while now!

“We’ve also been collaborating quite a bit!

“So what if I work with the Islanders if I can afford to do that?

“I represent the unity between Country H and the Island Nations!

“I don’t think I’ve done anything wrong no matter what you say!

“Even if they have their own ulterior motives, don’t you forget...

“Who doesn’t?

“As long as those motives don’t affect the country at large, clearly it’s a good thing to work together , right?!

“After all, we’re not just neighboring countries!

“Don’t think that you can come and lecture me just because you read some history books!

“When I studied the international political climate , you were still playing with mud!”

After hearing Vince’s explanation, Cory York took a deep breath and stepped forward with his hands clasped together.

“Grandma York, Lord York, and everyone here...

“As Vince mentioned, he had connections with the

Islanders!

“But, everyone understands that Hong Kong and Las Vegas are special. This is a prime spot for Country H to trade with the outside world!

“If we want our families to rise, we can’t close off our borders, right?!

“Even if Vince had been collaborating with the Islanders, as long as he knows his limits, there shouldn’t be anything wrong! “As for the Islanders providing Vince with benefits...

“So what if this is the truth? Other than proving Vince’s capabilities...

“What else does this serve?

“Do you have anything to prove that Vince sold out Hong Kong and Las Vegas for these benefits? Did he even do anything to harm the Yorks of Hong Kong and the country at large? “If not, then I think it’s pretty ridiculous to attack Vince with something like this!”

Lexie York took a deep breath.

“Right! I have been taking care of Vince since he was a small boy!

“As the lady of Dragon Palace, I understand that there are lines that should never be crossed while interacting with

foreign countries.

“I’ve been watching most of his businesses ! I swear by the Dragon Palace that Vince had never once sold out the Yorks of Hong Kong or the country for his own interests!

“The head house, second house, and I guarantee it!”

All those people stood up for Vince and used all their might to defend his actions.

Chapter 3083 After all, everyone knew that Vince York would have no chance of becoming the young lord if he was charged with treason.

He would also have no chance to rise in the future.

Ultimately, the higher-ups of Country H would not allow someone like this to rise.

That was why they tried to rationalize Vince's actions.

After pondering over the situation for a while , Grandma York kept silent.

She thought that Cory York and the others might have been right. After all, it was normal for Vince to work together with the Islanders for the sake of business.

On the other hand, Vince's capabilities were shown to the public because of this.

"I have something else to say, Grandma York!"

Before anyone else could even speak, Vince stepped forward with his hands clasped together.

"If you think it was a mistake for me to work with the Islanders...

"I will apologize!

"I'll even swear to stop interacting with them from today onward!

"This should be enough to prove my innocence, right?

"But, I'll tell you this first! I will not bear any responsibility for the losses if I stop working with them!"

'He won't bear any responsibility?!'

“There are repercussions for calling off his collaboration with the Islanders?!”

Everyone looked at each other at that very moment.

Grandma York’s calm gaze froze before she squinted.

“What do you mean by that, Vince?”

“Are you trying to force my hand here?”

“You’re mistaken, Grandma York!”

Vince was showing a terrified and honest look on his face.

“At this point, surely I must make this fair for everyone!”

Vince seemed extremely vulnerable right now, but it was quite the opposite.

After all, he knew that there was no turning back. Either he would sit on the throne, or his position would be forever robbed.

That was why he had no intention to back down.

“If everyone thinks I’m ruining the family’s reputation for working with the Islanders...

“I can call off every single project I have with them!

“But, every single one of you will have to bear the consequences! After all, I’m not the one who wants to call off the collaboration!

“If you’re all willing to trust me, then I’ll definitely continue the projects.

“The Yorks of Hong Kong will only benefit from this! Our profits will only grow exponentially!

“The whole world revolves around profit!

“After profit, the whole world goes! “I’m only fighting for the sake of the Yorks of Hong Kong!

“All I want is to get closer to the Islanders!

“There’s nothing wrong with that, right?! “Are we just going to stop working with them...

“Because of some history book?!

“What about our livelihoods?!

“Even if all those things were true... “We live in peace now! I’ve already forgiven the Island Nations!

“So what if I befriend and do business with them?!”

Then, Vince squinted at Marcel York. “You’ve been profiting off my hard work after all these years, Lord York!

“Are you turning your back on me after you’re done using me?! How shameless can you get?!”

Chapter 3084 Harvey York could not help but squint after hearing Vince York’s rambling.

This was not his first time going against Vince, but he never expected that he would actually be this shameless.

How dare he even spout something like this?

It was bad enough that Vince was using those stupid reasons to prove his innocence.

But judging from Vince’s demeanor, after being in contact with the Island Nations and relying on them to climb the ranks, he was already treating them as if they were his masters.

He would even forget about the bloodshed during the second world war without any qualms.

Harvey could not even begin to imagine the things that he would say and do after this!

“Vince!”

Marcel York finally spoke out at that instant. A hint of regret flashed in his eyes as he looked at the man he thought about being raised under his wing. “We never had any rules forbidding us from working with foreigners!

“Nor did we have anything that prevents us from coming in contact with the Islanders!

“But since the family was built, there had already been a bottom line!

“As the people of this country, we have a duty to protect our own borders!

“Working with outsiders expands our territory, but there’s another purpose for this. It was to prevent outsiders from going rampant inside our borders!

“Our main goal is to limit them while guaranteeing the country’s interests!

“Our own benefits should be the least of our worries!

“Do you still remember all this?

“Or have you abandoned your teachings already by now?

“If we betray our country for the sake of your own interests...

“Then there was no need for us to remain as the worst of the five hidden families from day one!

“I’ve taken care of the family for so many years. The family would’ve been rapidly rising if I had given the outsiders some of our benefits!

“Why do you think that so many outside forces have failed to try getting a piece of Hong Kong and Las Vegas?

“Because I didn’t allow them to!

“If you want to be the young lord, fine!

“But can you do it?!”

Vince let out a cold chuckle.

“Times have changed , Fourth Uncle!” exclaimed Vince, full of confidence.

“You’re still stuck in the second world war! “All you think about is closing off your borders! You’re too narrow-minded!

“Now, we’re in the age of globalization!

“For any country to expand their horizons, they’ll have to open up to the world!

“We have to work with outside forces!

“I was wondering why the Yorks of Hong Kong are still so behind after I worked so hard!

“So, you were behind all this?!

“Just tell it to me straight, Fourth Uncle! You’re scared of me being too outstanding! That’s why you’re using these righteous words to suppress me!

“You think we’re all stupid here?!

“We see right through you!

“I shed blood, sweat, and tears for the family for so many years!

“But where’s my damn recognition?!

“If I don’t become the young lord...

“Who in Hong Kong or Las Vegas will even agree to that?!

“You think you can just hide the truth from everyone with some stupid charges?”

"Shut up!"

Selena Judd could not hold her feelings back any longer. She furiously slammed and broke a table with unbridled rage showing on her face.

"Your damn recognition?!"

"Hide the truth from everyone?!"

"How could you say something like this?! I used to think you were just a sweet and gentle boy!"

"You think there's nothing wrong with collaborating with the Islanders, right?"

"You think they're the ones supporting you behind the scenes too, don't you?"

Vince York coldly chuckled.

"What's wrong with that?"

"They have a great economy! Their swordsmanship is unparalleled! They even take good care of me!"

"They mean well!"

"I've been working together with them, and they support my rise to power!"

"All this happened because of my own capabilities!"

"Are you jealous?"

"Then, get the Islanders to your side!"

“What’s wrong with being capable?!”

“Stop trying to give me a bad name already!”

Vince snorted another cold chuckle.

“I’ll tell you again! If you’re going to deny my accomplishments and stop me from being the young lord because of this…”

“I’ll make sure to get back at you for this!”

“They mean well, you say?”

Selena let out a chuckle.

“Let’s just talk about what happened ten years ago!”

“For you to have a chance at becoming the young lord…”

“They didn’t even spare a damn baby! “I’m sure you can see the whole picture just from this alone! Don’t you understand that they want the country to dwindle?!”

“The Islanders have been causing trouble within our country’s borders for many years!”

“From Wolsing, Mordu, then Hong Kong and Las Vegas! They’ve been involved with every single one of these incidents!”

“Because of those people, many families’ lives have been ruined!”

“Do you really not understand this, or are you choosing to ignore all of it?!”

“It’s fine for the two countries to have a good relationship!”

“But, we have only fought since the very beginning! “After all, the Island Nations used America to suppress us, preventing our country from flourishing! “You call yourself a God of War, yet you don’t understand any of this?!”

“Or are you saying that you do, but you don’t care for the sake of rising up the ranks?!”

“If that were the case, then I would not let you under my wing no matter what!”

“You have no right to become the young lord!”

Vince burst out in laughter.

“You have no say in that matter!

“Neither does Marcel York!

“Even Grandma York has no say in this!

“Only I do!” Soon after, Vince raised his hand before snapping his

fingers. Hundreds of men rushed out from the second floor simultaneously after hearing the snap! All of them raised their firearms before taking their safeties off and pointing them right at the crowd. The smell of faint gunpowder wafted in the air. The situation was extremely tense. Everyone was showing horrified looks on their faces.

Vince had no regard for anything at that moment. He had already prepared for a coup.

Under everyone’s shocked gaze, Vince showed a faint smile as he walked toward Harvey York. He then lightly patted his face and said, “See that? You can’t stop me, Harvey.

“What are you going to do?

“Lecture me about justice?

“Patriotism?

“Or are you going to stop me with your ludicrous sense of righteousness instead?”

Chapter 3086 Harvey York calmly stepped forward before slapping Vince York in the face.

Slap!

Vince, who was still being extremely arrogant then, was not able to come back to his senses.

“You have no chance.”

Harvey looked indifferent. “The foundation of the Yorks of Hong Kong is to protect the country’s borders! “You don’t even understand such simple logic , yet you still try to climb the ranks?

T7

“I’ll tell you exactly why I can stop you today! Harvey took another step forward and swung the back of his palm.

Slap!

“This one’s for you disrespecting your elders and the damn law!

“You think you can be the young lord without your elders

approval?! Keep dreaming! Slap!

“This one’s for you having such rancid core values!

“The Islanders want us dead, yet you’re here treating them like your masters?! What are you thinking?!

Slap!

“This one’s for you disrespecting the dead and the history at large!

“Do you know how hard it was for the country to rise?!

“The Islanders tried killing off all of us, but the brave men from our country fought back without hesitation!

“Do you know what it means to ensure the safety of your homeland, even if it means bloodshed?

“Do you know what it means to be the warrior of your country?

“Do you know what it means to be the vanguard during your country’s time of need?

“You know nothing, yet you’re still here rambling on about working together!”

Slap!

Harvey swung slap after slap, sending Vince staggering left and right.

“What right do you have to forgive the Islanders for the brave men who died?!

“What right do you have to climb the ranks?

“Are you even worthy?

“No!”

Harvey showed an emotionless gaze before he swung a kick.

Vince was sent flying off while he was completely dazed. A horrible expression was showing on his face when he slammed to the ground.

Everyone was shocked when Harvey still sent Vince flying when hundreds of barrels were pointed right toward him.

Everyone understood what it meant to have integrity.

This was justice!

With hundreds of men protecting him, Vince seemed strong, but they could not even come to their senses in front of Harvey.

Harvey was about to take another step forward when he saw Vince still lying on the ground. Suddenly, an old man hidden in the crowd appeared right in front of Vince before throwing a punch at Harvey.

Bang!

Harvey countered the blow midair with a punch of his own.

LE

A dull and intense echo could be heard when the two fists clashed.

The old man managed to block the attack, but he had to take a few steps back to regain his footing. Harvey, on the other hand, remained motionless with a calm look on his face.

Everyone was stunned when they saw what had happened.

They recognized the old man. He was an expert hidden within the family who was also in charge of Vince's safety.

But this so-called expert could not even land a single hit on Harvey.

"I'm going to kill Vince. There's nothing you can do about it."

Harvey calmly took another step forward.

Chapter 3087 The old man was considered to be quite the experienced fighter. When Harvey York moved, he instinctively took a step back after gaining his footing.

Even though he was fast, Harvey was way faster.

In the blink of an eye, Harvey appeared before the old man and swung his palm forward.

The old man gritted his teeth while placing both hands in front of his chest, trying to block Harvey's attack.

But Harvey's palm had already landed on his face.

Slap!

The old man was immediately sent flying with the sound of a resounding slap. Blood was seeping out from the corner of his mouth as he landed on the ground again.

A complete loss!

A peak King of Arms lost his battle in an instant!

Harvey calmly walked past the old man before moving toward Vince York once again as he stumbled off the ground.

"You touched me?! "How dare you?!"

"How dare you touch me?!"

"You're completely barbaric! After returning to his senses, Vince's expression was filled with utter resentment.

"You touched me even before I could do anything?!"

"You must be delusional after all that smooth sailing here, Harvey!"

"You think you even have the right to speak here?!"

TT

"If that were the case, I'll make you understand that you're just a poor and ignorant fool in front of me!"

Harvey then chuckled miserably when he clapped his hands. 2

"Clean up the trash for me!"

Hundreds of people walked out of the crowd soon after.

Those people ripped off their suits, revealing their traditional Island Nation clothing. “The Shinkage Way and the Takei family congratulate you, Young Lord York!”

“The Tsuchimikado family wishes you great success in becoming the young lord! May you reign over Hong Kong and Las Vegas for the rest of your life!”

“The Nen Way congratulate you, Young Lord York!”

“We bring our sincere feelings for your rise today, a friend of the Island Nations.”

“Whoever tries to stop Young Lord York will be killed without remorse!”

Swift footsteps could be heard from outside the York Manor.

In just a few minutes, all the locked doors and windows were opened.

The elites of both the head and second house gathered together and surrounded everyone in the hall.

The crowd was utterly stunned. They did not even have time to react.

Vince tried to incite a coup by bringing all those Islanders here!

What a turn of events!

“Is this the reason why you were being so arrogant?!”

“Is this why you dared to talk back at the family?!”

“You don’t really think that you’ll be able to do anything against us with a bunch of Islanders now, do you?” exclaimed Marcel York earnestly. “Don’t forget! Both the Sentries of York and the Lord’s Guardians belong to me! “It won’t be hard to take every single one of you down!”

After seeing Marcel remain this calm in a situation like this, Vince froze before he burst out laughing.

“Fourth Uncle! My dear Lord York!”

“Do you actually think you can stop me with those fools?!”

Chapter 3088 “I worked so hard to merge both the head and second house's forces after so many years!

“I already shared my interests with the Islanders to gain their support since the beginning!

“With all of these forces combined...

“Do you still think you have a chance against me?!

“With my power, it would be effortless for me to build a family of my own or force you out of your position!

“But, I respect you as the lord of the family! That's why I'm willing to stay as the young lord until you let me take your place!

“Not only are you shameless enough to rob me of my status because of some outsider...

.

“You wouldn't even let me climb the ranks?!

“If that's the case, let's just lay everything out here then!

“Either you resign and hand me your position...

“Or we fight until the bitter end! We'll see if I'm well prepared or if you have more tricks up your sleeve than I do!

“But trust me, I won’t regret it even if I’m completely spent!

“But if your people die...

“We’ll see how you’ll defend the damn country!”

Vince showed a cold gaze when he revealed everything he had planned for many years.

He was quite opposed to going against Marcel York in a place like this.

According to his plan, he was still planning to take it slow while dwindling Marcel’s forces before he eventually rose to power.

But since Harvey York had seen through everything, he had to put his cards on the table.

Since that was the case, he had no choice but to force his way up there.

Grandma York, who had been sitting on her seat, showed a dreadful look on her face.

“How dare you, Vince?! “Why would you say something like this?!

“Call off your men and apologize to your fourth uncle!

“You’ll still be the young lord if you do!”

Naturally , Grandma York did not want people from her family to be pitted against each other even at this point.

She still hoped to deal with the situation peacefully. Vince scoffed a cold chuckle.

“What’s the point of saying all that, Grandmother?

“If Fourth Uncle were to make me the young lord, we wouldn’t be here right now!

“Of course, I’m willing to give him another chance!

“He has to show his sincerity, though! “If he cuts off the head of that damn b*stard, Harvey, I’ll trust him! I’ll call off my friends after that!”

Vince’s cold gaze shifted toward Harvey at that moment.

The Islanders were also looking at Harvey with fear, arrogance, and hateful looks.

Harvey had been quite well-known after he killed Miyata Shinosuke and captured Akio Yashiro alive.

The Six Schools of Martial Arts and the Tsuchimikado Family had another reason to gather their troops here to assist Vince: to end Harvey’s life.

They knew that a second Chief Instructor would surely emerge from the country if they did not.

If that were to happen, the Island Nations’ ambition to swallow Country H whole would be up in flames once and for all.

Marcel let out a sigh after seeing Vince’s arrogant expression.

Then, he then looked at Cory York, Walter York, and Lexie York when they were at a complete loss.

“Cory, Walter, Lexie. Are the three of you planning to revolt as well?”

Cory York and the others merely chuckled coldly without saying a single word.

“Don’t say it like that, Fourth Uncle !” exclaimed Vince York.

“We’re only forced to revolt because of you!

“From now on, your time has passed!”

“You’re forced to revolt, you say?”

Before Harvey York could even say anything, Marcel York looked at Vince before letting out a huge sigh.

“I’ve been extremely discreet when I do business for many years. Do you really think that I’m that easy to be taken advantage of when I’ve been talked down on by . Grandma York and the houses of the damn family?!

“Do you think I’ve given up on the Yorks of Hong Kong and have no bite after losing my son?!

“Do you really think I don’t know about all those heinous things you’ve been doing behind the scenes?!

“Do you actually think I lost control of you?

“I stayed back and watched you make mistakes because I hoped you’d come to your senses and grow from them so you can become a true successor of the family!

“But the truth told me otherwise!

“You have no right!

“You use the Islanders to suppress the crowd on the day of Grandma York’s birthday!

“You truly disappoint me, Vince!

“I’m telling you right now! As long as I’m alive , you’ll remain a humble servant!

“Did you really think you’re some warlord, inciting a coup like this?! ”

Marcel showed a cold gaze as he spoke calmly.

But his words were enough to put Cory and the others in astonishment.

It has been a long time since anyone saw such a domineering look from Marcel.

He had been extremely gentle and elegant, giving the expression that he would be easily taken advantage of.

But he was still the lord of the family.

“Stop spouting useless nonsense like this, Marcel.”

Vince coldly chuckled before walking toward the crowd. Cory, Lexie York, Walter York, and the elites of the family stood behind him, followed by the elites from the Island Nations.

The Shinkage Way...

The Nen Way...

The Tsuchimikado Family... Those were all experts from the Island Nations.

Gods of War and Kings of Arms also filled the ranks.

Their murderous intent was conspicuous. They were the ones who supported Vince's rise.

This was the reason why Vince incited a coup.

Vince crossed his arms.

“Lord York! Fourth Uncle!

“Power is everything in this day and age!

“Without power, you are nothing!

“With this, I'll be able to rise...

“I'll be able to...”

Vooooom!

Even before Vince could finish his sentence, loud rumbling could be heard from the skies before armed helicopters appeared. Countless firearms stuck out and pointed right at the people below after the doors opened.

Naturally, the lord of the family was not just all bark. He had already prepared!

In just a single moment, the situation was getting extremely tense. A war would break out in an instant if something were to go wrong!

If that were to happen, bodies would surely pile up like mountains!

Grandma York slowly closed her eyes in anxiety when she witnessed the sight.

Chapter 3090

“Hahahaha!

“Hahahaha!”

Vince York burst out laughing after seeing the armed helicopters descending from the skies.

“I underestimated you, Fourth Uncle!

“I didn't think that you were ready for my coup!

“Impressive!

“Really impressive!

“But, are you really going to do this?!

“The family might just collapse if we play this out!

“You worked so hard for the family for so long! Are you really prepared to destroy the family because of our infighting?!”

A cold gaze was showing on Vince’s face.

Marcel York frowned and looked at the people in front before he shifted his gaze toward the people standing with him.

He felt that he could be triumphant...

But even if he did, his losses would be massive.

Clearly, this was the reason why Vince was this courageous. He knew that Marcel would not dare to lash

out.

“That’s why! I have a proposition! One that will keep the family safe and sound!”

Vince walked forward and waved his hand. Then, a chair was set right behind him.

He sat on the chair with his legs crossed as he looked at the crowd before him with a faint smile, before glaring toward Harvey York. The experts from the Island Nations looked over as soon as Vince did the same. Every single one of them was showing a cold and murderous gaze. With Vince’s order, the Islanders would not hesitate to swarm Harvey.

But Vince was not in a rush.

“Why don’t you play with me, Harvey?” said Vince with a faint smile.

“I prepared some experts for you today! I want to see just how strong you are! You’re the top talent who ended a Sword Saint’s life after all!

“If you dare play this little game I prepared just for you...

“Then, I’ll call off my coup and disappear without a trace!

“Aren’t you a righteous man?!”

“Don’t you love your country?!”

“Are you still willing to sacrifice everything for the sake of your country?!”

“Come on then!

“If you can kill me off alone...

“You’ll be able to end this once and for all!

“But, do you actually have the guts to play?”

Everyone was showing strange looks. They did not expect that Vince would make such a weird proposal. He wanted Harvey’s life in exchange for the future of the family?!

“Good point!”

Lexie York walked out of the crowd and glared coldly at Harvey.

“You’re a righteous man, aren’t you?

“You always look at the bigger picture, don’t you? “If you play with Vince, you’ll instantly end the coup!

“You’ll be able to save all these innocent people!

“What do you say?

“Or are you scared after seeing all these people with

Vince?

“I can give you another choice if you are!

“Grovel in front of Vince, and I’ll let you go!”

A playful look was showing on Lexie’s face at that moment. 2
