### Chapter 3421

Harvey smiled. He clapped his hands, and Rachel brought out an exquisite handbag.

Pulled the zipper of the bag, she swung her hand and shook the bag, scattering real estate certificates all over the place.

“I’m the only owner of the property of the new district’s first phase.”

“I came here today to return every single one of them!”

The crowd was bewildered..

Each one of the real estate certificates was worth 1.5 million dollars, judging from the current market price.

A hundred of them would be a hundred and fifty million dollars...

The crowd couldn’t say a single word.

Before, Joseph sold and gave away all the property from the first phase to young masters and princes of Wolsing.

Last night, Harvey made the call to buy every single one of the properties for double the price. With Sienna’s help,

the young masters and princes were quite cooperative. They finished the entire procedure in just mere minutes.

Thus, every single property of the first phase fell under Harvey’s name.

The beautiful host was filled with disbelief – her entire jaw dropped in front of the crowd.

“How... How is this possible?!” she muttered.

“You’re the owner everyone was talking about?!”

Xynthia took a step forward and opened the exquisite looking laptop in her hands, and its screen revealed a

website.

“This is Country H’s real estate notary website!”

“This will prove that every single one of these certificates is valid, and that Sir York is indeed the owner!”

“If you don’t believe him, just scan the QR codes on the real estate certificates.”

The crowd couldn’t help but reel in shock.

—

They thought that Harvey was just here to cause trouble.

As it turned out, not only was he an owner, but he was in fact the owner of a hundred properties.

Some people scanned the QR codes in disbelief...

They gasped soon after.

Not only were the men now looking at Harvey with admiration, but the women were also glancing over at him, wanting to be with him so badly...

The young masters and princes there immediately understood that a big show was about to happen.

“Sir York, I won’t hold you accountable for barging in since you’re an owner.”

Joseph was shocked, but he managed to remain calm.

“That said, you were the one who bought these properties at double the price last night, right?”

“A hundred and fifty million dollars for all of my property in the first phase...”

“Just to make a mess out of my event?”

“I have to admit, Sir York. You are quite rich and powerful. You’re quite the schemer, too.”

“But do you really think that the buyers here are going to be affected by you just because of this?”

“Do you think you can use them as tools?”

“Do you think we’ll do whatever you want? You’re just a despicable person!”

“You can’t do anything to us!”

“My property’s price will definitely skyrocket!”

Joseph’s righteous tone took control of the entire place.

He strutted toward the platform and looked at Harvey, as if he could see through Harvey’s scheme.

“Huh?! That’s him?”

“He’s the mysterious owner?”

“He bought all those houses just to return them today?”

Everyone came back to their senses. They looked at Harvey, mystified, wanting to hear his reply.

## Chapter 3422

Harvey looked at Joseph with a small smile.

“Since your tongue is so sharp, why don’t you tell me the reason you coerced the Indians to attack my wife?”

“If you spit everything out, I’ll apologize to you right now and buy a few more houses from you.”

“But if you can’t, you’re just a coward!”

“Your promises of your property skyrocketing in price are just utter bullsh\*t!”

“If the prices can really skyrocket, I’ll definitely return the houses!”

The crowd fell into an uproar after hearing Harvey’s words. Everyone could sense the conflict between the two prominent figures.

The buyers’ excitement was immediately gone because of Harvey.

Joseph’s expression worsened slightly.

He wanted to use the buyers to deal with Harvey, but he never expected that his unspeakable acts would be revealed this way.

At this point, Joseph had no other choice.

“What are you talking about? I don’t understand what you mean.”

“You can’t just spout nonsense and expect that to ruin the event!”

“So, you’re not admitting to it?”

“You’re not going to apologize?”

“You’re not going to explain the situation?”

Harvey looked at Joseph with narrowed eyes. Then, he sighed.

“Young Master Bauer, I’m usually quite a peaceful man. If I’m not provoked, I don’t see a point to cause trouble.”

“But if someone tries to trample all over me without admitting to his faults, I won’t be able to live with myself if I don’t fight back.”

“That’s why, I’m definitely returning the houses today!”

Joseph showed a cold gaze...

However, he still remained calm.

“Without a proper reason, you’re not allowed to return the houses.”

“A proper reason?”

Harvey smiled, calm.

“Even online shopping has a return policy without a proper reason, together with three months of quality assurance.”

“What? Do you think you can just ignore the Consumer Protection Act just because you’re a young master?”

“Let me tell you something: according to the law, since I legally bought the houses, I can return them as I please within three months!”

“Not only that! According to the contract, you’ll have to pay back all of the taxes I paid as well.”

“Simply put, you have no say as to whether I can return the houses or not!”

“A hundred houses for a hundred and fifty million dollars. It’s not a lot for you, I’m sure. I’ll leave immediately after you pay up.”

“Or are you saying you don’t even have that amount of money?”

“If that’s the case, you’re basically asking for food from beggars!”

One of the people from Flutwell’s business alliance revealed a cold expression upon hearing Harvey’s

arrogant tone.

“How dare you?!” he exclaimed coldly.

“You’re just an outsider! You have no right to talk to Young Master Bauer like that!”

“You’re not even worthy!”

Harvey, however, ignored that person completely and squinted at Joseph.

“Well? Are you letting me return the houses or not?”

“I’m sorry. I’m afraid I can’t do that for you.”

Joseph took a step forward with an expression as cold as ice.

“If you were the initial buyer, you’d be able to return them according to the contract.”

“But since you bought them second–hand, you’d have to look for your previous sellers. There’s no point in coming

for me now.”

“Of course, you can still resell the houses and again if you want. I’ll even help you with the procedures. How does that sound?”

## Chapter 3423

Joseph's face was frosty.

A hundred and fifty million was a small amount to him. It wouldn't be hard for him to bring out that amount of money in an instant.

However, he planned to sell ten thousand houses that day

Concepts like internet-famous spots and hype are simply that: concepts.

If Harvey actually returned the hundred houses, the idea of this place being the top district of the southwest would dissipate in an instant.

The wealthy who came here out of impulse would probably calm down and choose to wait.

If that were to happen, Joseph's plans to sell out every single property of the new district would go up in flames.

It didn't matter if he wanted his money back as soon as possible, or if he wanted to keep hyping up his properties

He couldn't allow Harvey to return the houses, no matter

what.

Joseph was beginning to regret his decision.

If he knew Harvey was this troublesome to deal with, he wouldn't have coerced the Indians to go against Harvey in the first place.

It was a shame that all that was in the past. There was no point dwelling on the thought.

“Weren’t you boasting about the place being the top district of the southwest, and that the land would cost hundreds and thousands of dollars in the future?”

Harvey flashed Joseph a small smile.

“I’m giving you a chance to turn the land into millions.”

“I spent three million dollars to buy the houses!”

“At this point, you’re buying them for half the price. I’m the one losing money here!”

“Why don’t you want to buy the houses back? You’re a smart man, aren’t you?”

“Are you not confident in your own words?”

“Or are you saying that you’re just trying to fool everyone here?”

“Perhaps you’ve run out of money?”

“If you have no money, I don’t mind having your IOU, long as the interests are good enough.”

Harvey’s calm words were enough to strike Joseph’s heart.

as

Some, who were riled up before, calmed down; they felt that something was a little off...

Harvey was right.

Joseph was boasting about the place as if it came straight

from Heaven; not only was the idea good, but the scenery was extraordinary as well.

Logically speaking, Joseph could earn a lot of money had he just bought the houses back...

Yet, he declined the offer.

It seemed he didn't believe his own words earlier.

As expected from a capitalist lying through his teeth.

In just a single moment, everyone who was ready to buy the houses started rethinking their decisions.

Many of them decided to wait and see what would happen.

If any risk was involved, their money would go right down the drain.

Joseph's eyes flashed with a cold light when he saw the buyers' hesitance.

He knew Harvey was a tough nut to crack, but he never thought that Harvey would be such a huge challenge to deal with.

No wonder Frankie and the others suffered when they went against Harvey.

Still, even if Harvey managed to have connections with someone powerful...

Judging from the situation, Harvey had no way out as well.

That said, Joseph was quite an experienced man.

"This is a big day for Flutwell's new district, Sir York."

"I can hold you responsible for making such a big mess!"

"But for the sake of the buyers' rights, I'll make an exception. I'll allow you to return the houses..."

"Please head to the after-sales service department for the procedures."

"The staff there will definitely be of great help."

“Another thing: because of this, I give everyone here my promise that you’ll be able to return your houses if you’re unhappy with your purchases!”

Chapter 3424

After hearing Joseph’s words, the hesitant buyers instantly felt relieved.

If Joseph still didn’t allow the houses to be returned, they would have doubted his words about their interests being secured.

But while Joseph was arguing with Harvey, he decided to take a step back and allow the houses to be returned.

He even allowed Harvey to return them without any conditions.

Other than proving that Joseph was indeed wealthy and generous, it also showed that he was confident about

Flutwell’s new district.

Everyone’s interests were surely guaranteed!

If anyone wasn’t happy with their purchases, they could always just return them!

After seeing Joseph making such a comeback, Harvey couldn’t help but be impressed.

As expected from the young master who rose to power in just six years.

Ordinary people wouldn't be able to imitate his schemes.

and decisiveness.

"Since you're talking so big..."

"I don't think I'll go to the after-sales service."

"Why don't you just transfer me the money for the real estate certificates?"

"After that, we'll go our separate ways."

"I don't have that much time to wait for your workers to stall me for a bit of money," Harvey replied, not bothered to give a straight answer.

Joseph's expression worsened.

"Don't push your luck, Harvey!"

"I'm already showing you enough respect by letting you return the houses!"

"Don't try to cross the line!"

"You're being a little too arrogant right now!"

"Do you think I'm an easy target?!"

Joseph looked as if he was a victim who had suffered quite a lot.

In truth, he made a decision to get the after-sales department to stall Harvey indefinitely.

Harvey wouldn't be able to return the houses, nor would he be able to sell them elsewhere. Harvey would be stuck in an eternal dilemma!

"It's not that..."

“But if you decide to stall for a few years, my houses will be completely screwed, right?”

Harvey calmly exposed Joseph’s ploys.

“As long as you say that the procedures aren’t done, I won’t be able to return the houses, nor will I be able to sell them somewhere else.”

“When that happens, you’ll have total control over the houses, right?”

“Hence, I want the houses returned right now!”

The buyers’ hearts skipped a beat upon hearing Harvey’s words.

Recently, there were a lot of contractors claiming that they would let people return their houses unconditionally

It would be easy to buy the houses, but the same couldn’t be said when returning them.

People would starve to death before they could even get their turn.

Joseph’s face became even frostier.

“Sir York! I let you return your houses without any condition, and yet you won’t even go through the procedures? You’d rather return the houses on the spot?”

“Are you trying to ruin such a big day? You’re disrespecting me!”

“Can you bear the consequences for your actions?”

“Oh? You’re angry? Is it because I’ve pointed out exactly what you wanted to do?”

Harvey revealed a tiny grin.

“Cut the nonsense. Tell me honestly: are you going to give me my money or not?”

“Of course not!” Joseph exclaimed coldly.

“There are no laws stating that I should!”

Harvey smiled calmly.

“You’ll beg me to return the houses soon enough, Joseph.”

“But when that happens, I’m afraid I’ll have to increase the price tenfold.”

Joseph revealed a disapproving expression.

“If I get brain damage later, sure.”

Harvey nodded before turning to the crowd.

“Since that’s the case, let me tell you all something.”

“I got an expert to take a look around this place. The houses are of poor quality, which was why I decided not to stay here.”

“I also had a geomancy master from Hong Kong here. I’ve been informed that there’s quite a lot of evil energy in the district, and that it’s more suitable to bury the dead

than to live here.”

“Because of this, I’m planning to turn all of my houses into graveyards.”

“I’ll bury some of my good Indian friends here.”

“Right here, right now!”

“Cue the music!”

Chapter 2425

Suddenly, the loud blaring of trumpets could be heard all over the place.

Thousands of people showed up on the streets soon after.

They were grouped up in fours, and were carrying bright red coffins. Some were in charge of mourning, as if they were crying for their family.

Aside from that, there were rows of white wreaths set outside the property of the first phase.

The same people were headed in the same direction.

With all these coffins wreaths and the loud trumpets...

It looked to be a massive funeral!

The grandiose district turned eerie and ghostly in an instant.

The elderly who had brought cash were on the verge of blacking out upon the ghastly sight.

Out of everything, they were most terrified of bad luck.

Upon seeing so many coffins and the eerie, loud trumpets

Even if they were in a sales office...

People who didn't know would probably think of this place as a large cemetery!

"I'll turn every single one of those houses into graves!" 1

"And because this is such a great place..."

"Ordinary people have no right to be buried here!"

"I'm only burying my noble Indian friends who have high status!"

“This place will surely become the best resting place for the wealthy of the southwest!”

Harvey waved his hand as he advertised his plans.

“Everyone!”

“The cemetery is now half full.”

“If you think your ancestors are sleeping in a bad spot, you can buy one from me!”

“Think about it! My houses are the best out of the entire district.”

“With the Holy Mountain at the back and the Holy Lake in front, the entire place is surrounded by good luck.”

“You’ll enjoy riches for generations if your ancestors live here!”

“It’s much cheaper than buying houses! It doesn’t matter if this place turns into a ghost town, either.”

“Cemeteries are usually quite unpopulated anyway, aren’t they?”

“Time’s ticking, everyone!”

Xynthia immediately gave everyone business cards that had been prepared beforehand as Harvey spoke.

The people had odd looks on their faces as they held onto the cards.

Harvey’s advertisement was clearly much better than Joseph’s...

After all, many from the wealthy cared a lot about geomancy.

Basking in the crowd’s mystified gazes, Harvey turned around and smiled at Joseph.

“I’m sorry, Young Master Bauer.”

“You see, I’m a little tight on funds recently.”

“If you won’t let me return my houses, then I’ll have to stick with Plan B.”

“All the buildings are under my name anyway. I’ll do whatever I want with them.”

“Right! I won’t sell the ones that my Indian friends are living in, though. That’s a line I won’t cross.”

“As for the rest, I’ll sell them for one hundred and fifty thousand dollars per ten square feet.”

“Would you like to buy one?”

“I can give you a twenty percent discount. I’ll even furnish the house for you!”

“I’m sure there’s space for your entire family.”

The crowd remained bewildered upon hearing Harvey’s words.

Other than several who were seriously considering

buying, everyone else immediately gave up on the idea.

Who would actually buy houses in this place if Harvey actually pulled off such a thing?

Sleeping with the dead?

What a sick joke!

## Chapter 3426

Those from Flutwell's business alliance were boiling in  
anger. They wanted to choke Harvey to death so badly!

"This b\*stard's insane!"

'How dare he pull off something like that?!"

'Whether Joseph allows the houses to be returned or not, they're not going to  
sell!'

The rich and powerful were the pickiest.

If Harvey was actually planning to turn the entire place into a cemetery, who in  
their right mind would actually buy the houses here?

If word were to spread about this incident, nobody would remember this place  
as the top district anymore-

instead, it would be remembered as the top cemetery for the rich from then  
onward.

'We're finished!'

This thought quickly crossed their minds.

Harvey was wearing a warm smile when he slipped a  
business card into Joseph's hand.

"The Flutwell Cemetery Management Corporation was just established  
yesterday."

"Keep the card. You can cut six months off the  
management fees for the cemetery with just the card alone."

“No need to hold back.”

“Harvey York!”

Joseph tore the card in his hand apart and glared at Harvey, murder evident in his angry eyes.

“I’m going to rip you to shreds!”

“Enough of this.”

Harvey, however, replied with a small smile.

“If you can get the Indians to lay their hands on my wife, then I can come here and mess with you.”

“This isn’t revenge. You’re still not worthy of it.”

“I’m only here to teach you a lesson.”

“From today onward, don’t mess with me. Don’t mess with my wife, either...”

“If not, you’ll end up like those Indians.”

“Remember that well.”

Harvey stretched out his hand and tapped Joseph’s face mockingly.

“You have no right to go against me.”

“What do you think you’re doing, you b\*stard?”

The Flutwell’s business alliance rushed forward immediately upon seeing Harvey arrogantly tapping Joseph’s face.

“How dare you treat Young Master Bauer like this! Do you want to die?”

“We haven’t even settled scores with you for ruining the entire event! How dare you humiliate Young Master

Bauer like this!”

“Kneel and apologize right now! I guarantee that you won’t get out of here alive if you don’t!”

Every single person from the business alliance had invested a great deal of money in Flutwell’s new district.

But because of Harvey, not only did they lose their chance to become exponentially rich overnight, but they also

were forced to suffer a huge loss. From the very

beginning, they were furious beyond anything.

Now that the opportunity had shown itself, they naturally wouldn’t hesitate to bellow at Harvey.

“Don’t be reckless! This is nothing.”

Joseph calmed them down quickly.

He was quite an experienced man, after all. The moment he was supposed to be lashing out, he managed to regain his composure and keep his cool.

Naturally, he was aware that Harvey would have backup plans if he decided to use force.

If that was the case, the business alliance would only suffer even more.

Joseph took a step forward and squinted at Harvey. Then, he broke into a warm smile.

“I have received your warning, Harvey.”

“Thus, I will apologize on the Indians’s behalf.”

“To show you my sincerity, I promise I won’t lay a single finger on Mandy from today onward.”

“It’s good you’re willing to change your ways.”

Harvey patted Joseph’s shoulder.

“Since that’s the case, there’s nothing else for me to do here.”

“I hope you’ll be able to sell all of your property today.”

“If you need more, remember that you can always come to me. Keep in mind that now, it’s fifteen million dollars each.”

Chapter 3427

In the evening, at the Bauer family’s manor.

Lights shone around the side hall.

Joseph comforted several important members of Flutwell’s business alliance before sending them off. Then, he approached an exquisite calligraphy hanging on the wall.

A little neglect may breed great mischief!

Joseph upheld this principle with great seriousness—this was the main reason he was able to rise so quickly in just a span of six years.

He had been planning for Flutwell’s new district for many years; this was a very important battle for him to win, all for the sake of rising to power.

Yet... Not only did Harvey make a joke out of the entire event, but he also turned Joseph into the family's biggest joke.

Most importantly, Harvey turned the entire district into the most luxurious cemetery.

This meant that Flutwell's top district had instead become the top cemetery for the wealthy.

Besides a few successful trades Joseph forced, ninety- nine percent of his property remained untouched.

After all, everyone was sure that the price of the houses would drop after the incident.

As long as the cemetery building was still standing, the rich and powerful would be scared away from the place.

None of them would choose to contend with such bad luck.

After all, Flutwell was filled with houses. They didn't have to buy them in the new district anyway.

Since the houses couldn't be sold, Joseph and the business alliance were forced into a corner.

In the afternoon, a few branch managers from different banks called to ask whether the loan could be repaid on time.

Aside from that, the anxious business alliance got Joseph to withdraw their money.

After all, they had already spent quite a lot of money on the project.

Safe to say, the business alliance were completely stumped since the houses weren't sold out.

That said, this wasn't the worse part.

A few elders from the Bauer family called over to ask about the incident.

If Joseph had no plans to deal with the situation soon and fix the family's reputation...

His position as a young master would be stripped away.

Joseph kept on a warm smile the entire afternoon, properly dealing with the situation and keeping everyone calm.

But deep down, he knew he had completely humiliated himself.

If he couldn't kill Harvey and reclaim his name...

If he couldn't get enough funds to get his money back...

He would definitely be reduced to a corpse on the side of the streets in just a few weeks' time.

Wealthy families have no affection, after all.

A man who couldn't provide for the Bauer family would surely be the first to get kicked out of the battle for the throne.

Joseph's expression worsened upon pondering the situation. He took a deep breath and remained silent for a long time.

"That b\*stard is just too vicious!"

"Young Master Bauer, Golden Palace sent word."

Rapid footsteps could be heard from the entrance. Ruby could be seen wearing an anxious expression.

"The Law Enforcement said they won't let Harvey get away with this."

"That said, it's not a good time for them to take action. They'll do everything in their power once everything falls into place!"

## Chapter 3428

Joseph froze. Then, a frown appeared on his face.

“How did Harvey manage to get Golden Palace’s Law Enforcement to fear him?”

“I usually give them quite a lot of money.”

“Why are they being so hesitant now that I want someone dead?”

Ruby frowned as well.

“Maybe they’re scared of the person who came with Harvey that night.”

“After all, that person had the Dragon Guards with her.

She was in a car with a license plate from Wolsing as well. Her identity must be quite extraordinary.

“Before figuring out Harvey and the person’s identity, Golden Palace probably wouldn’t take action.”

“You may be right...”

Joseph let out a huge sigh.

“Harvey’s quite impressive!”

“He knows how to make use of someone else’s strength pretty well.”

“I think I know why the houses ended up in his hands now.”

“That person from Wolsing must’ve helped him.”

“If not, judging from those young masters and princes, there was no way they’d finish the procedures overnight.”

“That person must have a pretty high status!”

“Harvey’s talent to cling to women is quite something, too...”

“I’m pretty jealous!”

Joseph's face revealed mixed emotions. At this point, he didn't know whether he should be ridiculing or praising Harvey.

"What should we do next, Young Master Bauer?" Ruby asked.

"Our image is completely tarnished. We lost a lot of funds as well."

"If we don't deal with this problem soon, the arrangements we've made for so long..."

Ruby didn't continue.

Harvey's drastic actions had forced Joseph into a corner.

Joseph took a deep breath and shook his head.

"I'll deal with this myself. You can leave."

"Remember, steady yourself. Before I take action, nobody's allowed to touch Harvey."

On the same night, Harvey gave a real estate certificate from Flutwell's new district to Lilian.

Lilian, who had already received word about the incident, gritted her teeth when she took the certificate.

It was as if she couldn't help herself but get more benefits for herself.

Harvey ignored her and instead looked at Mandy, who was lying in bed.

"Don't worry. Nothing will happen to any of you here after this."

"Unless they can deal with me first, nobody would dare to lay a finger on you."

Mandy nodded lightly, but after that, she frowned. She wasn't very worried about that anyway, but...

"You're going against Joseph at this point. Aren't you scared that he's going to take his revenge?"

"Revenge?"

Harvey smiled.

“The moment I got the shares of the Hearthstone Corporation, we’re already going against each other.”

There was another thing that Harvey didn’t say: he was also the head of Longmen’s Law Enforcement.

His status and identity had already threatened Joseph’s rise to power.

Even without the recent incident, Joseph would still choose to fight Harvey.

Besides, Harvey never intended to take action in the first place. Joseph asked for all this.

Mandy let out a huge sigh and changed the subject.

“How are you going to deal with the houses?”

“Are you really going to the entire building into a cemetery?”

“Joseph can just get his men to carry the coffins out of the place, right?”

Mandy was confused.

“He wouldn’t dare,” Harvey calmly replied.

“The noble Kshatriyas are the ones sleeping there. Every single one of them died in Flutwell for no reason.”

“Now that a kind–hearted person gave them such a high- class funeral, the Indians would definitely thank the person no matter what they truly think.”

“If Joseph decides to move the coffins away, he’ll completely turn against the Indians and the Celestial Temple.”

“Judging from Joseph’s behavior, he wouldn’t do something that would make him suffer any loss.”

“He’ll think of another way to deal with this.”

“That said, this isn’t what we should be worrying about right now.”

“After losing the capital return of the new district, Joseph and the business alliance’s control in Flutwell’s business world will plummet.”

“If you want to stand your ground here...”

“You should definitely make arrangements as soon as you can. Make sure to take advantage of the situation.

Mandy’s eyes lit up upon hearing Harvey’s words.

Her branch in the Jean family wasn’t in a good spot. If she could make a career for herself in Flutwell, it would be an extremely good thing.

Mandy lifted her blanket and stood up.

“I want to leave, Harvey,” she announced quietly.

“I think Hearthstone Corporation should officially be in operation now.”

Harvey smiled; he didn’t plan to stop Mandy. On one hand, Mandy was basically fully recovered...

On the other hand, this was too good of an opportunity to pass up.

If Mandy could take advantage of it, it wouldn’t be unrealistic for her to establish her own wealthy family, should she wish to do so.

Suddenly, Mandy was reminded of something at that moment.

“Right. Xynthia said that she found an IOU in the company’s safe, saying that someone borrowed a hundred and fifty million dollars from us.”

“If we can get the money back, the company will have enough funds to operate.”

“I wouldn’t have to borrow money from Mordu anymore.” Harvey froze.

“A hundred and fifty million?”

“Who borrowed the money?”

Since Joseph was the one who owned Hearthstone Corporation before, people who could actually borrow money from him were naturally quite extraordinary.

“It’s not a person. It’s a company. Mandy had investigated the situation in great detail.

“The Whitebane Center.”

“It’s the biggest high–class shopping center.”

“I looked into it before. It belongs to Jeff Bauer.”

“The Whitebane Center? Jeff Bauer?”

Harvey narrowed his eyes.

“No wonder Joseph was willing to lend the money...”

“He’s one of the elders from Longmen, as well as the previous head of its Law Enforcement. He supported Joseph!”

“Out of thirty–six branch leaders from Longmen, it’s said that half of them support Joseph’s rise.”

“If Jeff is one of them, it won’t be easy to get the money back from him.”

Mandy frowned.

“I know that.”

“But from a business standpoint, we can’t let this turn into bad debt. The company’s under my name, after all.”

“Besides, since Jeff is from the Bauer family, he probably wouldn’t go back on his word. Right?”

Chapter 3430

Harvey revealed a calm smile.

“I don’t know if Jeff will actually return the money...”

“But I do know one thing: it’s only natural for people to give back what’s been owed.”

“If you want absolute authority within Hearthstone Corporation and use this opportunity to build a career...”

“Taking the money back is a good start.” Harvey chuckled.

“While your mother’s gone, I can go with you to the Whitebane Center if you’re feeling well.”

“I can get the money back for you.”

Mandy shook her head, and flashed Harvey a warm smile.

“It’s fine. I’ve already found someone to do it for me.”

“She’ll be able to get the money back. All I need to do is to give her something in return.”

Upon seeing the confidence on Mandy’s face, Harvey smiled and said nothing.

She had been struggling in the business world for the longest time. Surely, she would have ideas of her own at this point.

And so, Harvey patiently waited for Mandy to deal with the situation.

“Brother–In–Law! What a coincidence!”

Right as Harvey was leaving the hospital, he saw a good- looking BMW sports car parked beside him while he was calling a cab.

Two young and insanely beautiful women of similar ages and figures showed up.

The young woman standing at the front was the one who went to cause a ruckus at Flutwell’s new district with Harvey–Xynthia.

The person beside her seemed a little younger. Her skin was as white as snow, and her face was simply exquisite. Nobody would be able to take their eyes away after seeing her.

Harvey took a short glance at her before smiling at Xynthia.

“What’s this? You’re already taking a hands–off approach as soon as your sister’s back in action?” Xynthia giggled happily.

“I’m not good at doing business anyway. I like acting more!”

“Can’t I take a few days off now that my sister’s back?”

“Oh! By the way, this person here was my university friend. We bumped into each other today after not seeing each other for a long time.”

“I didn’t think that we’d reunite here.”

“So, we decided to go shopping!”

“Is it fine if I borrow some money from you, Brother–In–Law?”

Xynthia kept blinking cutely as she stared at Harvey. She herself had a lot of cash on her, but she still insisted on acting cute in front of Harvey.

Seeing the look Xynthia's look on her face, Harvey let out a sigh and tossed his wallet to her. He usually wouldn't bring a lot of money; there were only a few hundred dollars on him.

The woman with Xynthia showed a hint of disdain at his actions.

She heard Xynthia talk about her live-in brother-in-law before.

Back then, Xynthia had been ridiculing Harvey non-stop.

The woman liked Harvey even less now that she had met him.

'What kind of man only carries a few hundred dollars on him?'

'Isn't he embarrassed to give this little money to her?'

'What a joke!'

Harvey didn't say a word when he saw the woman's disdainful look.

But right as he was turning around, his eyes lit up, and he froze. He sized up Xynthia's university friend for a while with a profound look, and then asked, "Have you been losing sleep recently? Maybe Nocturia? What about nightmares waking you up?"
