Vance didn't speak up instantly. Instead, he put his legs on the table before gesturing to the women around him to massage him.

He took a sip of his red wine, and looked at Katy and Harvey curiously.

A few bodyguards crossed their arms as they sized up Katy and Harvey; they were trying to figure out where the two got their courage to show off in front of Vance.

"You b*stard!"

Before Vance could even say anything, a young man with long hair took a step forward. The young man pointed rudely at Harvey, looking furious.

"CEO Toft told you to come alone, yet you brought a man here with you?!" he yelled, his tone carrying the might of his boss's authority.

"Get this man out of here!"

"If you don't, don't blame us for what happens next!"

The young man's friends chuckled wretchedly and stood up, flexing their fingers. They were fully prepared to take out Harvey if he didn't leave.

Harvey glanced at them casually before flashing them a faint smile.

"Looks like nobody here is planning to have a talk with you about your business."

"I was definitely worth the hire, right?"

"Should we get Vance to kneel in front of you after this?"

Katy scoffed, irked at them.

"I'll leave that up to you."

After seeing Katy and Harvey acting so intimate.

The young man felt extremely humiliated, and immediately lashed out in anger.

“What the hell are you saying, you b*stard?!”

“You’re calling out CEO Toft’s name as if nothing even happened!”

“Do you have a death wish?!”

“Come on!”

“Break his limbs and throw him out of here!”

Lana and the others were watching the show in glee as three bodyguards rolled up their sleeves. and stepped forward.

The young man grabbed a bottle of beer on the table as well.

The beautiful women leaned on their men after seeing the sight; they felt extremely safe in their partners arms.

They all thought that Katy had completely wasted her good-looking face.

‘Why did she get herself a man who only knows how to show off? She’s embarrassing all of the South Sea’s women...

“What’s the point of getting this kept man here?”

“It’d be better if she didn’t get anyone at all...

Katy glanced calmly at Vance.

“Are you sure you don’t want to talk first?”

“You might just regret it soon enough.”

“Regret?”

Vance flashed Katy a profound look as he stared her in the eye.

“That word doesn’t exist in my dictionary.”

“Besides, I already told you. You better show your sincerity if you want your money back!”

“Yet, look at you now! You don’t even look the part!”

“Not just that, you’re here causing all this trouble. You have no respect for me!”

“But since you’re so good-looking, I’ll give you a chance.”

“Accompany me for the night! Kneel and lick my toes.”

“I’ll consider giving your money back after that.”

Vance chuckled, there was a strong smell of alcohol coming out of his mouth. He pointed at Harvey.

“If not, not just you...”

“This kept man here will be dragged down with you too!”

“Since I’ve said that, even God won’t be able to save you now!”

Vance narrowed his eyes as he looked at Harvey with a mocking expression. He acted as if he was looking at a dead man.

Before Katy could reply, Harvey smiled and said, “Do you really think you have the right to break my limbs here?”

What does he mean by that?”

Lana and the other beautiful women shot him a disdainful expression after hearing those words.

This kept man really is ignorant!”

“Who does he think he is?”

‘He must have a death wish to show off in front of Vance!”

“Don’t blame us when you have a death wish yourself, kid!”

The young man from before chuckled coldly. He raised the beer bottle in his hands and used it to point at Harvey.

“Get him!” he ordered.

Three bodyguards laughed and rushed forward, prepared to break every single one of Harvey’s limbs.

As soon as they got closer, they suddenly felt an immediate sense of danger.

Before they could even react, Harvey had already swung his palm forward.

The person at the very front couldn’t move his body quick enough to dodge the attack.

Slap!

The bodyguard was sent flying and his vision turned black; he slammed right into the wall before passing out completely.

At the same time, Harvey swung his palm forward once again.

The remaining two bodyguards were sent flying as well, none of them could even crawl back off the ground after they collapsed.

Lana and the other beautiful women were completely shocked. They shrieked, filled with fear.

“Aaah!”

“Your people are no good at all, CEO Toft.”

Harvey pulled some tissues from the table and calmly wiped his fingers.

The crowd was dead silent as they stared at Harvey, their faces couldn't help but twitch.

They never imagined that an ordinary-looking man like Harvey would have this much strength.

No wonder Katy dared to do something like this even when she had only Harvey by her side.

That said, the shock was only temporary.

After all, no matter how strong a person was, they wouldn't be able to go against wealth and authority. The South Sea was the same.

When Lana came to her senses, she let out a huge sigh.

"This kid's dead for sure."

"That b*tch is definitely in trouble too!"

Lana had a bitter look on her face when she looked at Katy.

She thought Katy was just a disobedient woman with a death wish, who allowed Harvey to cause such a big ruckus.

Vance came to his senses, he straightened his back and tilted his head.

"Go!" he ordered coldly.

The young man holding the beer bottle seemed quite fearful, but he still charged forward.

Slap!

Harvey sent the young man spinning in the air, sending him colliding right into the glass tea set nearby.

Glass shards pierced every part of his body, painting an extremely wretched sight.

After dealing with another person, Harvey felt a lot more at ease.

“Like I said, your people are no good, CEO Toft. If you want to show off that badly, at least bring a few who know how to fight,” he said nonchalantly, glancing at Vance.

“This lot is embarrassing.”

“Not bad. Not bad at all.”

Vance quickly came back to his senses after his initial shock.

His face was frosty

He took a sip of his wine, then hissed icily. “If I’m correct, you must be looking down on us South Sea citizens, right?”

“So what?” Harvey replied calmly

Vance chuckled, and then pointed at Harvey.

“How dare you show off in the South Sea when you’re not even a citizen here?!”

“Do you think you’re impressive just because you managed to take down a few of my men with your lame martial arts?”

“Don’t be naive!”

“It’s only natural for me to take you down! If you try to fight back, you’ll be breaking the laws of Blackburn City!”

“You’ll get thrown behind bars if you keep this up!”

“I suggest you stop while you still can!”

Vance clapped his hands when he was done talking.

The door opened soon after, and dozens of men in suits rushed in.

A woman in a leather jacket with short hair walked beside Vance. Then, she shot Harvey a death glare.

Vance became a lot more prideful after these people showed up.

“You have a sharp tongue, kid. You’re pretty tough too, but I don’t like you.

“But as you’re so bold, I’ll give you a chance.”

“Kneel and break your arm right now. For Miss Cobb’s sake, I’ll let you live if you do as I say.”

“Either you do that, or I get someone else to break all of your limbs before I send you swimming with the fishes!”

“There’s no need for that, CEO Toft.”

The short-haired woman smiled at Harvey.

“I love handsome young men like him the most. If you let me handle this, I’ll teach him a painful lesson for going against you.”

“I’ll make him wish that he’s dead!”

The short-haired woman was Vance’s top bodyguard; not only was she extremely powerful, she was utterly ruthless as well.

She was already quite unhappy after seeing Harvey acting like such a show-off.

She also firmly believed she could make Harvey kneel and worship her.

Harvey glanced at the woman, she had a beautiful face, but there were a lot of calluses on her hands, left by her training. She could be considered quite an impressive figure.

“I’m sorry, I’m not interested in your choices.”

“Good! You’ve got guts!”

Vance burst out laughing.

He had always scoffed at show-offs who flaunted what little strength they had.

He glanced at the short-haired woman and said, "This man's yours, Zora."

"Teach him a lesson-show him how to respect his elders in Blackburn City!"

Pure arrogance and dominance.

Vance was clearly showing these traits at this very moment.

"Right!" Zora exclaimed, her lips a cold smile.

"You're dead, kid!"

Zora pulled out a machete and charged straight at Harvey

"Be careful, Sir York!" Katy yelled instinctively.

Bam!

Harvey was as calm as ever, he kicked a chair right toward Zora.

Zora scoffed and then waved her machete around, sounds of metal clashing could be heard all over the place, and debris flew everywhere.

The other bodyguards instinctively stepped back, their expressions awful.

During the chaos, Harvey took a step forward and appeared right in front of Vance.

He picked up a knife and placed it on Vance's throat before the latter could even react.

Vance's face lost all color immediately.

“I told you, your people are no good.”

Harvey had a faint smile and he applied a little more force in his hand; the sharp knife instantly cut through Vance’s skin. A drop of blood trickled out.

Harvey’s calm movements were enough to make Vance sweat up a storm.

Katy too had a faint smile. She took a few steps forward and stood beside Harvey.

Vance’s bodyguards swarmed the place immediately, their faces a wretched expression.

“Do you want to die, you b*stard?!”

“Let CEO Toft go, or we’ll take you down!”

“How dare you take CEO Toft hostage! Who gave you the courage?!”

Zora took a step forward and exclaimed furiously. “I’m warning you! If you hurt CEO Toft, I’ll rip you to f*cking shreds!”

“If I hurt him?”

Harvey swung the back of his palm across Vance’s face.

“Does this count?”

Slap!

“How about this?”

“Or this?”

Harvey put a little more force into his hand, there was only a hair’s length before the knife was going to cut an artery.

“Come on! Kill me, then!”

“I’ll send him off first if you do, though!”

Zora gritted her teeth and her eyes twitched; she had no choice but to stop moving. Her face was grim.

“I’ll make you pay if you keep doing this to CEO Toft!”

“Enough talk. Stand back.”

Harvey tapped Vance’s face with a calm look, despite being surrounded by many people wielding firearms.

“Are you all planning to scare me?”

“What’s going to happen if I accidentally kill CEO Toft off because of you?
This solves nothing

“You should all just stand back. Understand me?”

Zora and the bodyguards were resentful, but they still took a few steps back.

Lana and the others were gritting their teeth, their faces ugly with anger.

“Cough, cough, cough!”

Vance finally let out the breath he had been holding in.

He never imagined he would end up being taken hostage by Harvey.

That said, his pride wouldn’t let him give in so easily.

“If you have the balls to touch me, you should tell me who you are first.”

“Who am I?”

Harvey chuckled.

“I’m Harvey. I’m just a tourist here.”

“A tourist?”

Naturally, it was Vance’s first time hearing that name.

“I’ll remember that name!” he exclaimed in a vengeful tone.

“I’ll remember it for the rest of my life!”

“I don’t care. Let’s talk business for now.”

Harvey smiled.

“We came here for one simple objective. Give us back your money, and we’ll leave right now.”

“Pay what you’re owed.”

“We’re all reasonable people here.”

“As long as you do that, we definitely won’t hurt you, right?”

“A hundred and fifty million dollars?”

Vance laughed coldly

“You want money from me?! No way!”

“Just kill me if you’re angry about it!”

“If I even let out a squeak, that makes me a coward!”

“But remember! You won’t get out of here alive even when I’m dead!”

“My subordinates will take you out for sure!”

“Your ancestors will all be dug up and their bodies will be burnt to a crisp!”

Vance was certain Harvey wouldn’t kill him because of the money. As such, he was completely fearless.

“You can’t do anything, even with them here.”

“Let CEO Toft go and fight me if you dare!” Zora yelled angrily upon seeing Harvey’s cocky look.

“I’ll make my surname the same as yours if you survive this!”

She was extremely resentful.

She firmly believed that she was an expert of the generation, and that it would be easy for her to take out Harvey.

However, she never expected Harvey would be so despicable as to take Vance hostage, forcing her to hesitate

If that wasn’t the case, she was sure Harvey would’ve been dead a hundred times.

Harvey grinned at Zora.

“Don’t worry. There’s always a chance.”

“But when you do see it, you better not regret it.”

“Heh, heh!”

Zora chuckled disdainfully, as if she could strangle Harvey to death at any moment.

Harvey ignored Zora, and looked calmly at Vance.

“I’m asking you this again. Are you giving back the money or not?”

“What do you think?!”

Vance chuckled wretchedly.

“Why would I? Just kill me already if you dare!”

“Fine.”

Harvey grinned; he grabbed a beer bottle on the table and slammed it right on Vance’s head. “Aaagh!”

Screams of pain could be heard; Vance never expected Harvey would be so ruthless and take action however he pleased Vance's entire body was trembling at this very moment.

"Come on You tell me: are you giving the money back?"

Harvey smiled again.

"Tch! No, but you can always take my life instead!"

"Kill me already!"

Bam!

Harvey grabbed the beer bottle and slammed it on Vance's head again, hitting the latter in the exact same spot

Vance's vision blackened, and his body trembled again.

He kept provoking Harvey to kill him, looking fearless all the way...

"Come on There are a lot of bottles left on the table! Every time you reject me, I'll slam one on your head."

"We'll see if your head's harder than your mouth soon enough..

Harvey's smile brightened, and he grabbed another bottle.

"Y-You..."

Vance shivered instantly, the dominant look on his face before was now replaced with an expression of utter fear and resentment.

He could tell that if he kept running his mouth, Harvey wouldn't hesitate to slam more beer bottles. on his head.

He was afraid.

After taking a deep breath, he shot Harvey a cold look and snarled, "I can give you the money, but it belongs to the Blackburn City Martial Arts Alliance. Do you dare take it?"

"Enough talk. If you're giving it, I'm taking it.

Harvey tapped Vance's face before pulling him up and fixing his collar.

"Are you going to transfer the money or pay up with a check?"

A few minutes later, Katy walked out the door with a hundred-and-fifty-million-dollar check. Harvey let go of Vance soon after.

As soon as Vance was freed from Harvey's grasp, he immediately gritted his teeth and pointed furiously at Harvey.

"Quick! Kill him now!"

Zora had a cold expression as she pounced right toward Harvey and swung her machete forward in one fell swoop.

Bam!

Before Zora could get a hit, Harvey kicked up a beer bottle from the ground.

He then grabbed the bottle and smashed it on her head.

Zora was instantly sent flying along, screaming in pain all the way.

The crowd was completely shocked; nobody expected Harvey to actually be this good.

Hatred filled Zora when she realized that she was no match for Harvey; she was immediately sent flying with a single beer bottle.

"I told you, you're not good enough."

Harvey smiled calmly and stepped on Zora's wrist.

Crack!

The sound of bones snapping could be heard.

Harvey completely ignored Zora while she was twitching on the ground. He walked calmly toward Vance and tapped the latter on his face.

"I thought we've already reached the same consensus, CEO Toft."

"I didn't think you'd betray me like this."

"I'll forget about it this time, but I won't be this nice next time."

Slap!

Harvey slapped Vance to the ground and kicked a few dozen bodyguards to the ground along the way, then left with Katy soon after

Only Vance was left covering his injured face, filled with fear and resentment, as he crawled back up from the messy room.

After getting out of the club, Harvey and Katy got into the car. She had a worried look.

"We got the money back, but it's not worth going against someone like Vance, Sir York."

"I belong to the Cobb family, so they wouldn't dare do anything to me in public."

"But you "

"It's fine. He's just a small fry. I can trample on people like that however many times I want. No need to worry about me."

Harvey smiled.

"You should get the money and deal with your family's crisis as soon as you can."

"That way, you'll be able to give Elder Cobb a safe space to recover."

After hearing Harvey's words, Katy drove the car back to the villa without saying another word.

By then, the dark villa was filled with bustling lights.

Harvey was confused, but he didn't question it before he casually walked out of the car.

After heading into the main hall, he realized that the entire place had been tidied up.

A man and a woman sat up from the couch with respectful looks on their faces.

"Sir York."

Harvey glanced over. He was rendered speechless.

"Julian? Irene? What are you two doing here?"

Julian was the son of Noah, the Third Lord York of the Yorks of Hong Kong.

Irene was the daughter of Morgan, the branch leader of Hong Kong and Las Vegas' Longmen branch.

These two were very well-known people in both Hong Kong and Las Vegas.

Harvey had quite a lot of interactions with these two before, but he couldn't figure out why they had showed up here.

"Sir York," Julian said, "Queenie told me to lend you a hand. She said it'll be a learning experience for me too."

Harvey sighed, and then glanced at Irene.

"What about you?"

"Longmen sent me here. They told me that the young master needs some help while he's out doing business."

Irene giggled shyly: she naturally knew Harvey's identity at this point

Harvey nodded without saying another word.

It was a little inappropriate, but he did come all the way to Blackburn City on his own.

Queenie getting more help here was way better than nothing, anyway.

To catch up on old times...

Julian arranged for Harvey and the others to have supper at a private club.

Harvey looked at the vintage furnishing and then Julian's amiable expression.

"Are you familiar with Blackburn City, Julian?"

"More or less."

Julian showed a prideful smile.

"To be honest with you, before I rose to power, I poured my heart and soul into my family."

"I don't have a lot here in Blackburn City, but that's not to say I don't have anything. That's why Queenie told me to lend you a hand."

"Speaking of, what are you doing here, Sir York?"

Julian was fully prepared for battle. If Harvey said the word, he'd do anything in his power to complete the mission.

Harvey nodded, he had a faint smile as he casually grabbed a skewer filled with local delicacies.

"It's nothing much, really

"I came here to save Dean Cobb after he got beaten up by Julio, India's Demon Monk. I'm here to make sure he's alive and safe *

“Also, I need to see if Katy Cobb can stabilize the Cobb family’s situation. I’ll be lending her a hand if she needs it.”

After hearing Harvey’s words, Julian and Irene exchanged glances.

Irene hesitated for a moment before asking. “Are you sure you want to get involved with the Cobb family, Sir York?”

“Are their affairs that hard to deal with?”

Harvey frowned.

Julian nodded.

“There’s something you don’t know. Sir York. The Cobb family is one of the three great families of the South East, but they’ve been in a constant state of collapse and decay.”

“Before Dean returned, the Cobb family had already been in decline.”

“A lot of people with immense status within the head house had died. Because of this, they had no power to defend themselves.”

“The second and third houses have support from prominent figures. Both sides have been going all out against each other.”

“Dean’s arrival took control of the situation, but the head house has already weakened ”

“Dean managed to take back some of the family’s possessions, but Julio showed up soon after.”

“Dean became unconscious, and the Cobb family fell into utter chaos once again.”

“Even though he’s back now, he’s still completely outnumbered.”

“Simply put, it’s not going to be easy for you to take control of the situation, Sir York.”

“Because the South Sea’s two other great families, along with the Blackburn City Martial Arts Alliance, are involved with the second and third house.....

"If you do get yourself involved..."

Julian had a bitter look on his face

"The people here are different, Sir York," Irene said.

"No matter good or bad, we always have a bottom line."

"However, the people in Blackburn City will go to any lengths for their own benefits."

"Simply put, you'll get yourself in danger if you try to help Leader Cobb."

Harvey took a bite out of his skewer and flashed the two a faint smile.

"In that case, I'll have something to do here."

Julian sighed before leaning over

"What should we do next? Do we just bang the drums for Leader Cobb or something?"

"There's no rush," Harvey replied.

"It's not time for you to do anything yet. We'll wait and see what happens next."

Bam!

Right at this moment, the door of the club was instantly kicked open.

A young woman in a black Chanel dress stumbled in before falling right in front of Harvey.

Julian and Irene's eyes turned cold. Then, several huge men in suits showed up with sinister glares.

They grabbed the young woman, prepared to drag her out of the room.

The young woman's messy hair covered her entire face completely, but her slender body seemed quite familiar to Harvey.

Her entire body was drenched in alcohol; she was breathing rapidly, and there was helplessness in her eyes.

"You're still running, you stupid b*tch?!"

"Do you want to die or something?!"

A man with long hair pulled the woman's hair and slapped her around viciously.

"Aaagh!"

She shrieked in pain; soon, her face was revealed.

Harvey froze, he instantly recognized her

"Ellen?"

'Isn't she Katy's friend?

"Young Master Lee gave you alcohol out of respect!"

"How dare you be such a show-off! You say you're a light drinker?!"

"You rejected him even though he's giving you 1.5 million after all this!"

"You better know what's good for you..."

"Or we'll put you down first!"

The long-haired man kept slapping Ellen around while he ran his mouth; her head was spinning so much that she was about to lose consciousness.

Bam!

The man planted his knee into Ellen's stomach; he let out a deep grunt before laughing wickedly

"Stay still! Don't waste our energy!"

A few of them lifted Ellen up again before dragging her out of the room.

The long-haired man then pointed at Harvey and the others.

"Remember! You all saw nothing! I'll kill every single one of you if you talk about this!"

"Hold it."

Harvey casually picked up another skewer and took a bite.

"Who said you can leave?"

"Leave the woman here, pay a hundred and fifty thousand dollars for the medical fee, then break your arms. I'll let you people live after that."

Harvey didn't know what grudges these people had against Ellen...

But she had been the one to fetch him from the airport, and was also good friends with Katy. It was only natural for him to step in.

"Leave her here?!"

"Who the hell do you think you are, kid?!"

The long-haired man froze briefly. Then, a cold smile crossed his lips.

"Do you know who we are?"

"Do you know who she is?!"

"The waters are real deep here, kid! You better not butt in!"

"Don't blame me if you get turned into fish food!"

The man kicked the table down, flaunting his strength in front of Harvey and the rest.

He wanted the outsiders to know just how dangerous it was to stick their heads in Blackburn City's affairs.

All the food on the table fell and scattered all across the ground.

"My friend here is treating me for a meal to welcome me here. This is really expensive. You'll have to pay for this too," Harvey said nonchalantly.

"Leave the woman here, give me 1.5 million dollars, and break one of your legs along with both. arms; then, you can leave."

Bam!

The door was kicked open once again before the long-haired man managed to retort to Harvey.

Around twenty men swarmed, accompanied by eight other people.

The men were clad in exquisite leather suits, while the women wore extremely beautiful makeup.

A sinister-looking young man with ear piercings stood in the middle of the crowd.

He had slicked-back hair, and held an expensive cigar in his hand.

He had an extremely dominant expression as he occasionally blew out puffs of smoke.

Irene's expression changed slightly and she whispered to Harvey, "That's the third young master of one of the South Sea's great families, Jace Lee. He has a good relationship with the eldest. young master of the Cobb family's third house."

Harvey narrowed his eyes and glanced at Ellen.

Judging from the entire conversation and Jace's identity, this was probably a calculated attack. against Katy. Harvey happened to be caught in the crossfire by pure coincidence.

"What's taking you so long, Hairy?"

"This woman can't even do anything against you, yet you're here wasting my damn time!"

"I already took the pills! I'm dying to screw her!"

"Goddamnit!"

Jace kicked the long-haired man to the ground, appearing completely drunk.

"Why are you so slow? Do you want to die?!"

"I'm so sorry. Young Master Lee. This is all my fault! I'm sorry for ruining your fun!"

Hairy was trembling in fear.

"It's not that I want to stall you, Young Master Lee!"

"These outsiders are picking a fight with us!"

"Not only did they demand us to leave Ellen, they also want us to pay 1.5 million, and kneel and break our limbs!"

Jace froze upon hearing those words.

He raised his head and chuckled coldly at Harvey.

"Oh?"

"When did this much of a show-off get to Blackburn City anyway?"

"You stop my men from doing their job, demand my money from them, then try to cripple them..."

"Who do you belong to?"

“Who do you think you are?”

“You come here wanting to save a damsel in distress? You’re just a bunch of outsiders!”

“At least know your limits!”

“I crush dozens of useless filth like you every single year!”

“In Blackburn City, I call all the shots!”

Jace blew a puff of smoke, disdain evident in his eyes. He was already treating Harvey as an ignorant outsider.

The people beside him were all showing Harvey mocking looks.

‘A few outsiders, trying to show off here? What are they thinking?’

‘Don’t they know that Young Master Lee belongs to one of the three great families here?’

“Outsiders like them have no right to go against such people!”

A few beautiful women raised their heads, and glared at Harvey and his people with arrogant expressions.

Some even took out their phones to record the big show that was about to happen.

“Young Master Lee…”

Harvey nodded in understanding.

“For the sake of your status, I’ll give you a chance.”

“Leave Ellen and the money here, break two arms and a leg from everyone you have here, and then get out of here.”

“If you don’t do all that, don’t blame me for what happens next.”

“Pfft!”

The beautiful women couldn't hold their mirth any longer; they were covering their mouths before, but upon hearing Harvey's words, they burst out laughing.

Naturally, they thought that ignorant and fearless people like Harvey was an unbelievably hilarious joke

Where did an outsider like this get all the courage from? How dare he challenge Young Master Lee in the first place?

'He must have a death wish!'

"Are you threatening me?"

"Do you know who I am?"

Jace got someone to bring him a chair, which he sat on with his legs crossed.

"Come on! Show me what you're made of!" He pointed at Harvey with a challenging glare.

The crowd burst out laughing upon hearing those words.

The beautiful women pouted seductively. Their exquisite faces held utter disdain.

Snap!

Harvey snapped his fingers without moving an inch.

Seeing this, Julian laughed wretchedly and pounced forward.

He instantly kicked a few men aside and took Ellen to Irene's side.

"You're taking my woman away from me?!"

Hairy was completely infuriated, he pulled out a firearm from his waist and pointed it right at Harvey.

“I’ll blow your f*cking brains out!”

Before Hairy could take off the safety of his firearm, Harvey stood up

He was already in front of Hairy after taking a single step; nobody could react to it quickly enough.

Harvey was just too fast!

These people had seen a lot of expert martial artists before, but they never thought that anyone could be this fast.

Before Hairy could pull the trigger, Harvey grabbed the firearm from his hand and aimed it right at his leg

“Are you, now?”

“Can you even do that?”

Harvey calmly pulled the trigger.

Bang!

A loud gunshot could be heard.

Hairy fell to the ground, screaming in pain.

The high and mighty man was no different than a pig being slaughtered at that moment.

“F*ck y...”

Hairy gritted his teeth.

Harvey instantly sent him flying before he could finish his sentence.

At the same time, Harvey calmly pulled the trigger twice.

Bang, bang!

Both of Hairy's arms were shot; he rolled on the ground in pain.

Harvey wanted three of Hairy's limbs lost, so that was exactly what he did.

"Aaah!"

The beautiful women were completely frightened, and ran right behind Jace's back.

Jace was stunned as well.

He never imagined something like this would actually happen.

This was his turf! They had numbers and fully loaded firearms as well.

Where did this outsider get the courage to pull the trigger like that?

"Who owns that guy? How is he not scared?"

"Stop!" Jace snarled.

"Try it one more time if you dare!"

Twenty men in suits froze briefly before coming back to their senses, they immediately pulled out their weapons, as if they were ready to engage in battle.

A fight was about to break out at any moment.

Bang!

Harvey didn't give these people any chance to move. He began shooting; bullets ricocheted out of his firearm without pause.

The men standing at the front felt sharp pains in their knees before falling to the ground.

In the middle of the chaos, Harvey took a step in Jace's direction.

Jace could feel a sense of danger as soon as he saw Harvey moving forward.

He instinctively tried to step back, but Harvey was already next to him before he could even stand.

Clack!

Harvey aimed the firearm right at Jace's head.

Jace's face twisted into a horrible expression.

He couldn't stand, and he wasn't sitting either, he had no choice but to freeze.

The beautiful women stumbled as they retreated backwards, while the men's faces were pale.

"I didn't get my money yet, Young Master Lee. Are you leaving already?"

Harvey smiled warmly.

Then, he tapped Jace's face.

Jace's face twitched frantically; he glared at Harvey.

"You really want to do this to me, you b*stard?" he exclaimed through gritted teeth.

"Have you ever thought of the consequences of doing that?"

"This is probably not the first time I've heard this today. Harvey muttered, annoyed.

He then swung the back of his palm across Jace's face.

"So what if I still do it?"
