Men in suits stepped forward, armed with guns and steel pipes, about to attack.

But right at that moment, Raylan's phone suddenly rang.

He didn't want to pick up at first, but he had no choice after seeing the name on the screen.

His eyes twitched frantically, and a horrible look settled on his face.

When he finished the call, he took a deep breath and glared resentfully at Harvey.

"It's a misunderstanding."

"Just a mistake!"

Harley, Henley, and the others' hearts skipped a beat; they had a bad feeling about the situation.

Captain Santiago made the same face just before.

Ronnie was filled with disbelief.

"Father, what...?"

Several men in suits gritted their teeth.

"Just say the word, and we'll take him out!"

they said to Raylan.

"We'll just have to run after that!"

Naturally, they knew Harvey was no ordinary man.

If not, Raylan wouldn't even make that expression in the first place.

That said, the men would sacrifice themselves for the sake of their boss.

Raylan clenched his fists tightly, filled with nothing but resentment and rage.

He wanted to kill Harvey so badly, but he knew he had no choice but to swallow his anger.

Watson himself gave him a call just now.

The man only said one thing...

Harvey was his brother, and that Raylan would be left to fend for himself.

Watson's department was in charge of the housing market.

Even with all the courage in the world, Raylan didn't have the guts to touch Harvey.

If he did, his entire family and his company would be in trouble.

At the same time, Captain Santiago sent a text.

Anthony was arrested.

Marlon was completely gone...

Raylan was an experienced man, but even he couldn't help the fearful shiver that ran down his spine.

"Say the word, Mr. Lee!" his men exclaimed, looking miserable.

"We'll kill them all!"

Raylan took a deep breath, and finally came to his senses.

"We can't."

Those simple words were enough to blow everyone's minds; they were all flabbergasted.

'We can't?'

Even an idiot knew what this meant.

Harley and the others couldn't say a word.

Even the high and mighty chairman of Blazer Estate lowered his head in front of Harvey!

‘Where did he come from?’

‘Where did he get all this courage from?’

Harley and Henley were miserable over the fact that they wouldn’t be able to regain their pride for the rest of their lives.

Ronnie’s expression was horrible. Those who paid attention could tell that he was so angry, he was clenching his teeth so hard he almost broke a tooth.

Raylan let out a huge sigh, his breathing heavy.

He was enraged! [Fast update on daotranslate.com]

Both the father and son were infuriated!

“It’s good that you know when to stop. Tell Ronnie here to avoid me next time he sees me on the street, okay?”

“If he doesn’t, I’ll beat the crap out of him again!”

Harvey smiled, then broke Ronnie’s other leg.

“Aaagh!”

Miserable screams were heard once more; Ronnie twitched on the ground like a dying fish on land...

‘That b*stard!’

‘He’s just too arrogant!’

Raylan’s bodyguards couldn’t hold in their anger any longer. One immediately pointed his gun at Harvey, screaming, “I’ll f*cking kill you!”

“We’ll just go down with you!” another shouted.

Before they could pull the trigger, Harvey slammed his hand on the table; the utensils there bounced, then flew towards them, slashing their wrists.

“Aaagh!”

Screams of pain were heard, and the bodyguards dropped their guns to the ground.

Blood was flying everywhere, making Harley, Henley, and the others shiver in fear.

Harvey’s ruthlessness and decisiveness were beyond their expectations.

The remaining bodyguards looked at each other; they were all gritting their teeth, but they no longer dared to attempt anything reckless.

They could tell that they were clearly delusional if they could actually take on someone like Harvey with their lacking skills.

“What, you’re still not leaving?” Harvey asked calmly.

“I gave you a chance, but that doesn’t mean that I won’t kill you.”

His calm tone was enough to turn Harley and the others limp with fear.

Nobody expected him to actually be this domineering.

The one thing people couldn’t accept was the fact that Raylan and the others couldn’t do anything about that.

“Make way for Sir York!”

Raylan took a deep breath, then grit his teeth.

He understood he'd be the one suffering if he kept using force.

"I'm sure we'll meet again!"

"It won't go so well for you next time!"

Raylan wanted to rip Harvey into pieces at that very moment.

He had already sworn in his heart multiple times that he'd take revenge against the man in front of him!

"After all this yapping, you still wouldn't dare kill me!" Ronnie snarled.

He stumbled off the ground, gritting his teeth and looking wretched.

"You know full well..."

"That you can only push me around!"

"You can't kill me!"

"A live-in son-in-law like you wouldn't be able to deal with such dire consequences !"

"Do you understand now, Harvey?"

"This is the biggest difference between the two of us!"

"You're filled with hatred, but you can only slap me around and break my bones at most!"

"I don't have that kind of trouble!"

"When I get the chance, not only will I kill you, but I'll kill your wife and your entire family! I wouldn't even need to care for the repercussions!"

"You're good at fighting, but so what?"

"Can you watch over your family twenty- four hours every single day?"

"You can't! You get tired!"

"I can send thousands of men to monitor you! When you finally let your guard down, your family will be gone in an instant!"

"Hahahaha!" [Fast update on daotranslate.com]

"You're just a live-in son-in-law! How dare you challenge someone like me?"

"Are you ready to pay?"

Ronnie was already deranged.

To him, this was the only way to show that he didn't take the humiliation lightly.

Raylan smiled sinisterly after hearing his son's words.

He was convinced that Ronnie was right.

His status and identity had already made everything clear.

No matter how impressive Harvey was, he still had no right to challenge Ronnie. He was just using someone else's authority to threaten others!

If Raylan were to gather more strength to go against Soren and Watson, nobody would be able to protect Harvey!

'Losers will always stay losers!'

'He'll never get a chance to make a comeback!'

Harley and Henley looked at each other, and grinned.

They finally came to their senses; no matter how dominant Harvey was, he was still all bark and no bite!

At the end of the day, he was just a timid live-in son-in-law!

They felt they were deceiving themselves, but this was the only way to make themselves feel a little better.

That said, Harvey stopped in his tracks once he heard Ronnie's smug claims.

"That lesson's not enough for you?" he said, glancing at Ronnie.

"You want to lay your fingers on my wife?"

"You want to kill my family as well?"

"Are you sure about that?"

Ronnie smiled coldly.

"That's right! I'll come for them one at a time!"

"It's a little hard going for you, since you're good at fighting."

"But your family seems like easy targets !"

"Not only do I want them dead, but I want you to experience their deaths one by one!"

"You'll be left alone in this world!"

Ronnie was completely unhinged, as if he was trying to hide his fear and vent his anger.

"I hope you'll treat them nicely!"

"The time you see them again..."

"Might just be the last!"

Ronnie grinned, looking terribly bloodthirsty.

Not only was he badly injured, but his pride was also thrown out the window completely.

More importantly, even Blazer Estate and his father were humiliated.

Ronnie couldn't accept that.

He swore to pay Harvey back, no matter what His words were nothing but the truth.

No matter how powerful the person, they would have times when they put their guard down.

Harvey couldn't actually stay with his family every second of the day.

If Ronnie went all out, with his authority, it wouldn't be hard for Harvey's friends and family to disappear forever.

Raylan took a deep breath to calm himself down. He narrowed his eyes, as if he wanted to take revenge on Harvey as well.

Harvey smiled, but his eyes were now frosty.

He then glanced at Raylan.

"It's said that it's always the parents' fault if the children aren't taught properly."

"Your son has been threatening me and my family."

"Aren't you going to teach him a lesson?"

"Aren't you scared of him dying without even knowing why?"

"I have no control over this!"

Raylan could tell that Harvey wouldn't dare kill people in front of everyone, and it made him smug.

"My kid has had a bad temper since he was a child. I can't simply stop him from doing whatever he wants to."

"If I don't pamper him, who else will?"

Naturally, Raylan wouldn't dare touch Harvey; however, he believed that the same goes the other way around.

Thus, he wanted to reclaim some of his pride back.

Harvey let out a sigh. [Fast update on daotranslate.com]

"Is that so?"

"Of course!"

Raylan flashed Harvey a disdainful expression.

"Why don't you teach him a lesson for me instead?" he taunted.

"He's not worthy."

"That said, you should take this."

"I hope you'll all be good people in your next lives."

Harvey pulled out some money and threw it at Raylan's face.

Raylan clenched the bills, filled with rage.

He was about to yell angrily at Harvey as the latter went downstairs. However, a man rushed inside with two guns and pulled the trigger.

Ronnie and Harley fell to the ground, paralyzed, unable to react.

The moment Raylan turned around, a bullet pierced right through his forehead.

Disbelief colored his face. Immediately after, he fell to the ground on his back, still clutching the bills.

The entire restaurant fell into utter chaos.

TIT Six o'clock at night. Harvey rubbed his neck before walking out of the Golden Sands Police Station.

He was just a witness of the entire incident; he only came to testify to the situation.

He had quite a conflict with Ronnie and his father...

However, Westin was the true murderer.

Deepsky Corporation had a deep grudge against Blazer Estate.

Westin was on the verge of suicide. What's more, his father had also turned into a vegetable because of Ronnie and Raylan.

Under such circumstances, it was only normal for him to act desperately.

Harvey and Westin didn't like each other either.

They had a conflict because of Xynthia.

No matter the case, the entire case had nothing to do with Harvey.

Harvey would only be charged with assault at most, but there was no point to pursue that since the victim already died.

And so, he was released soon after.

Westin, on the other hand, was immediately locked up after he was arrested. He would never be let out for the rest of his life.

The moment his father was crippled and his sister betrayed him, his life was already over.

Killing Ronnie and his father was enough of a payback for him.

Because of this, the father and son would never be able to reclaim their pride.

Harvey stood in front of the police station, emotionless.

After what the two did, he didn't feel a thing for Ronnie and Raylan.

People like them would cause suffering to ordinary citizens the longer they lived, anyway.

After all, many lives were already lost due to their acquisition and demolition.

Marlon's villa was enough proof of that.

Even without everything that happened that day, Ronnie and Raylan would be thrown behind bars sooner or later anyway.

Harvey believed the two were already beyond judgment from the law.

Right as Harvey was about to call a cab to check on Mandy, a Lamborghini that looked like it had been there for a long time approached him.

The car stopped right in front of Harvey. The window rolled down, revealing Kairi's beautiful face.

"You didn't get hurt today, did you?"

"Why don't we have a small chat?" [Fast update on daotranslate.com]

Harvey canceled the cab order, and took the passenger's seat with a smile.

"What brings you here today?" he asked amicably.

"Have you been watching me as soon as I got sent here?"

Kairi smiled back, her face slightly flushed.

“What do you think?”

Harvey was rendered speechless upon seeing the beautiful smile on her face and her fitting dress that revealed her slender legs.

The smile on her was just devilish; any ordinary man would immediately be hooked and lose focus.

“Actually, a lot of people wanted to welcome you back.”

“That said, the presence of the Newgate Chamber of Commerce, the Archa Corporation, the Golden Sands Bank, and the Braff brothers would be too distracting.”

“Not only will the media be shocked if they come, but gossip will also spread.”

“After I got word, I decided to do the honors of picking you up instead.”

Harvey smiled.

“Tell everyone I said thanks.”

Harvey only needed to make a phone call to deal with what happened before.

However, he didn’t want to expose too much of himself unless it was necessary.

He was let out of the police station without needing to lift a finger. Westin shouldered all the blame for him as well.

Clearly, a lot of people put their effort into the incident.

Kairi glanced at Harvey, confused.

“I just can’t see through you sometimes.”

“You’re clearly no ordinary man, but you’re willing to be a live-in son-in-law for one woman.”

“We’re going up against Evermore, yet you’re risking so much at such a crucial moment.”

“Don’t you know that you’re making me a little sad for doing this?”

Realizing that he was being scolded, Harvey smiled.

“Of course I know this is important, but there are some things I should be doing as a man.”

“Bad people were provoking me, and my wife was almost taken advantage of. If I did nothing, I wouldn’t have the right to even sit inside your car right now.”

“Besides, a geomancy expert full of holes would seem more credible than a perfect man for Evermore, right?”

Kairi froze, then grinned.

“You’re right; a perfectionist would make Evermore more cautious.”

“This way, you’d seem easier to control.”

“I’m impressed...”

Bam! [Fast update on daotranslate.com]

While Kairi was still talking, a loud bang grabbed their attention.

A Porsche 718 that had just started up was sent flying by a Toyota Prado.

The Porsche rolled around before crashing into a flower garden.

The entire road was in chaos.

“Look out!” Harvey shouted.

Kairi was startled from the sudden shock.

Harvey instinctively pressed her leg, stopping the car immediately.

Kairi’s face turned bright red. Then, a loud creak could be heard.

The leg Harvey pressed on was shockingly smooth and tender.

Kairi’s face seemed to be burning hard at that very moment.

She quickly moved her leg away, unintentionally exposing herself as a woman who had never fallen in love.

“Cough cough cough!

“Something happened ahead. I’ll go take a look.”

Harvey York quickly came to his senses before he awkwardly changed the topic. He retracted his hand before getting out of the car.

Kairi Patel took a deep breath and touched up her makeup before following behind.

The two came to the edge of the road.

The Porsche was totaled with a young woman inside. She sat unconscious with a bloodied face.

A pungent smell wafted in the air. It was the smell of the gasoline.

At this moment, a few people came out of the Toyota Prado.

One of them was touching the car with a heartbroken expression.

A man casually took out the phone, about to make a phone call.

The rest disdainfully looked at the sight, as if they were pretty annoyed by the accident.

Their mood to play was spoiled at that moment.

“Come help! There’s an injured person inside the car! The car’s also leaking gasoline!” exclaimed Harvey at the group of people.

“Someone will die if the car explodes!”

“What right do you have to butt in right now, you b*stard?!”

“Who do you think you are?!”

The man on the phone disdainfully hung up.

“Do you know traffic laws?!”

“I called for help already! The police will be here soon!”

“Nobody’s allowed to touch anything here!”

“We need to split the responsibility fairly!”

The man’s companions were showing playful expressions.

They all thought that Harvey was just some busybody.

“You need to come help!”

“The person in the car might die if the car explodes!”

Harvey frowned while he moved forward. He started pulling on the car door while the smell of gasoline lingered in the air.

It would be easy for him to break the door...

But he could not make any big moves in case the person inside would get squished.

Instead, it would be better for more people to help.

“Hurry! She’ll die!”

“That’s none of our damn business!”

The man pointed at Harvey.

“How are you supposed to compensate for tampering with the scene?!”

“My car’s imported here! It’s seventy-six thousand dollars!”

“Can you even pay that much money?!”

Slap!

Even before the man was done talking, Harvey already stepped forward before slapping him in the face.

The man froze. He covered his face with an angered expression.

“You b*stard! I’m the king of the f*cking streets!

“I’ll kill you for this!

“Get him! [Fast update on daotranslate.com]

The man’s companions stepped up with cold smiles, ready to take action against Harvey.

The people were instantly slapped to the ground the moment they got closer.

“Kill me if you dare, you b*stard!

“If not, I’ll get more people here to kill you!”

The man was utterly shocked. He had always taken advantage of other people and not vice versa.

Harvey immediately grabbed the man’s key before throwing it to Kairi. Then, he hooked up the back of the Toyota Prado to the Porsche before speaking up again.

“Kairi, you need to flip the Porsche around slowly. I’ll save the person inside.”

Kairi Patel wasted no time starting her car, ready to flip the Porsche around.

“Don’t touch the car, you b*stard!”

The man rushed over after seeing what was happening.

Harvey York swung the back of his palm forward without saying a word.

“How dare you keep slapping me in the face?! Do you know who I am?!”

“Do you know the consequences of doing this?!”

The man wretchedly glared at Harvey.

“You’re finished!”

“Just you wait!”

A beautiful woman glared derisively at Harvey.

“Do you know who you’re going up against?”

“I’ll be frank!”

“If you keep going, you won’t get a chance to regret it later!”

“After all, he’s an impressive man!”

“Move! Stop bothering me!” exclaimed Harvey coldly.

Fwoosh!

While the man was calling someone else, the gasoline on the ground combusted before the fire trailed straight for the Porsche.

The fire spread quickly while making a deafening crackle.

The crowd was scared witless. All of them immediately stumbled their way out of the scene.

They were scared of getting involved in the explosion after all.

Harvey completely ignored the people and signaled Kairi to step on the gas. Then, he put his force into flipping the car right side up and took off the seatbelt before carefully lifting the woman out.

Harvey could clearly see the woman’s beautiful face with her ID in her hand. She must have lost focus when she tried to grab the ID, causing the accident.

Harvey glanced and saw “Chana Jackson ”

written on the ID.

Harvey put the ID in his pocket and moved Chana away from the car.

After laying her on the sidewalk pavement, Harvey quickly checked her vitals.

She needed to be sent to the hospital after first aid as soon as possible.

Without a second thought, Harvey quickly gave Chana CPR while giving chest compressions.

Her orifices stopped bleeding. Her face also regained some color.

Then, he poked a few parts of her body to stop further bleeding before she started breathing normally.

Chana lightly opened her eyes and looked at Harvey before trying to say something.

Harvey shook his head.

“Don’t say anything. The authorities will be here soon. I’ll get you to a hospital.”

Wee woo wee woo!

An ambulance drove over before three nurses ran out with a stretcher.

One of the nurses froze.

“Harvey?” [Fast update on daotranslate.com]

Harvey instinctively raised his head.

“Nova Anderson?”

He never expected that Aunt Anderson’s daughter would be here.

She always dreamed of working for a million -dollar corporation, yet she became a nurse...

The occupation would only get her a few hundred dollars per month! She had always looked down on such low pay.

Nova felt a little awkward. She had always been a proud woman. She tried her hardest to hide after getting utterly disrespected before...

But she did not expect that she would bump into Harvey here, of all places.

Nova Anderson pretended not to see Harvey York then.

"We just got a call saying there's a car accident here!

"Where's the injured person?"

Nova started to regret coming here. If Harvey were the one injured, she would most definitely take her sweet time so he would die a horrible death.

Harvey wondered why Nova became a nurse, but he stayed on the subject.

"That's her. She's in a terrible state, but I managed to stabilize her condition for now...

"You need to take her back for surgery as soon as possible.

"That said, it's best that..."

It seemed like Nova had found a chance to attack Harvey.

"You said that you stabilized her condition?!" she screamed angrily.

"What is this joke?!"

"Who permitted you to do that?!"

“Not only are you compromising the scene, you might cause irreparable damage to the injured person!

“More importantly, you’re not even a doctor! You’re just a live-in son-in-law!

“If the person dies because of you...

“You’ll have to take responsibility!

“I’ll report this to the family and the police!

“Just you wait! You’ll have to be penalized and be locked up for this!”

After finding a chance to scream at Harvey, Nova got the other two nurses to lift Chana Jackson into the ambulance with the stretcher.

She was not doing all this for the sake of Chana anyway. After all, she had nothing to do with her.

That said, she felt refreshed after finally getting an opportunity to shift the blame at Harvey while screaming at him to boot.

Harvey did not mind that at all.

“Don’t give the person any blood. She’s a martial artist. She...”

Nova waved at the driver to drive off, ignoring what Harvey said.

Half an hour had passed.

The ambulance was inside the Oak Crest Hospital.

Maren Failes and the other doctors had been waiting for a while.

After seeing the ambulance, they quickly lifted Chana into the hospital.

After seeing her covered in blood and injuries, Maren and the others knew she was in a critical situation.

First aid was quickly administered to Chana.

But as soon as Maren started their treatment, she froze.

She knew a bit of martial arts, so she could tell that something had already happened to Chana.

She had some form of safety mechanism, indicating that she knew martial arts.

Someone must have also treated her using martial arts to suppress her chaotic energy from the inside.

Chana was in a relatively good state. Her internal injuries were not as terrible either.

All the doctors needed to do was tend to Chana's broken bones and wounds.

Maren's face was filled with fear before she heaved a sigh of relief.

"I didn't expect that you're a martial arts expert, Nurse Anderson!

"Not only did you figure out that the injured person was also into martial arts, you even helped calm her energy down, effectively saving her life!

"Impressive! [Fast update on daotranslate.com]

"What amazing skill!

"I'll definitely inform the director about this!"

The other medical staff sighed before showing admiration in their eyes.

"Any other medical staff would've panicked!

The injured person would've died while on the way here!

"You're impressive, Nova!

"We should've also applied you to be a doctor if you told us you knew martial arts! I never pegged you as such a humble person!

"You shouldn't be just a nurse!

"Oh, Nova! You're a genius! You need to teach us more about this next time!"

'Huh?

'Martial artist?

'Impressive?

'Genius?

Nova froze.

She only managed to become a nurse because her mother kept asking around for a job so they could survive.

She only read her so-called first aid techniques in books. She had never applied that knowledge anywhere.

How would she even know how to save people then?

Let alone have martial arts knowledge?

Calming a person's energy?

She had never even heard of such a thing.

Then, how was she supposed to do that in the first place?

'Did Harvey do this?"

Nova Anderson let out a cold chuckle after thinking about this.

It did not matter who saved Chana Jackson, but Nova would never let someone like Harvey York take credit.

She had no intention of telling the truth then.

“My mother said that us white coats are duty-bound to save lives!” she exclaimed, smiling faintly.

“No matter what position we’re in, we must sacrifice everything for that cause!

“You all flatter me!

“Just treat me as an intern here! I appreciate everyone taking care of me as usual!”

Maren felt more impressed when she heard such words from Nova after seeing her calm expression despite saving a person’s life.

“Not only are you well-versed in medical skills, but you also have sound principles!

“I underestimated you!

“Other than commending you, I’ll even nominate you to become the vice director of the eastern medicine department!

Maren showed a gentle expression.

“A talented person like you can no longer be left in the dark!

“Judging from what I know, you’d have at least hundreds and thousands of dollars worth of annual salary!”

‘The vice director?

‘Hundreds and thousands of dollars worth?’ Nova could not keep herself steady any longer.

She did not expect to see the light at the end of the tunnel!

She thought she had no choice but to live off a few hundred dollars every month!

“Looks like I was born for all that money after all...

Without a second thought, Nova showed an arrogant expression.

“Since you said so, I guess I’ll have to respect your decision...”

“Not bad! Not bad at all!

Maren was delighted with Nova’s humility.

“Right! I need to tell you some good news!

“Do you know who you just saved?

“Her name is Chana Jackson! She belongs to one of the Hermit Families!

“She’s Darius Jackson’s daughter! If he knows you saved her, you will become the family’s important guest!”

A doctor showed admiration on her face.

After all, having connections to one of the Hermit Families was truly a blessing!

‘Darius Jackson’s daughter?’

‘Chana Jackson?’

Nova was trembling with excitement, thinking she was at the peak of her life!

Darius was the head of the Jackson family! [Fast update on daotranslate.com]

Vroom!

Right when Nova Anderson was shaking with excitement, a few Rolls Royce were parked in a row in front of the entrance.

Soon after, a dozen people came outside.

The leading person was a well-maintained middle-aged man. He was wearing black – rimmed glasses when he carried an aura of an upperclassman.

An affluent lady covered in jewelry was standing beside him.

The two people who should have been acting all high and mighty were filled with nothing but fear.

They quickly stumbled forward while the crowd surrounded them.

The Jackson family was the most well- known Hermit Family out of all of them.

Their reputation since ancient times was enough for many people to know that they were at least on par with the John family of the Golden Sands.

Maren quickly rushed forward after seeing the two show up.

“Mr. Jackson!”

“Chana? Where’s my daughter?”

Mrs. Jackson held Maren’s hand with a panicked expression.

“What happened to my daughter?!”

She did not want to live anymore if anything happened to her daughter.

Chana Jackson was her precious treasure, after all.

Darius Jackson quickly waved his hand.

“If you can save my daughter, I’ll donate an office building just for you! Make it quick!”

“Don’t rush. We just checked on Chana.

“Her injuries were quite severe, but she’s completely stabilized. We took care of her injuries already. There shouldn’t be a problem after this...

“That said, she still can’t see the two of you for the time being since she’s still unconscious.

“We suspect that she passed out of blood loss.

“We’re still not sure of the actual cause yet.

We’ll form the best course of action with our team of professionals!

“Don’t worry!

Maren showed an honest look on her face.

“Ms. Jackson will be fine no matter what.”

“Is that so?

Mrs. Jackson was scared witless.

“I just got word that my daughter’s car is burnt to a crisp! How is she still fine after all that?”

Naturally, with the Jackson family’s influence, it was only normal for them to receive such news at lightning speeds.

But Mrs. Jackson had been panicking for the longest time because of the news.

After all, an accident like that was just devastating.

Darius took a deep breath with a horrible expression on his face.

“I know you’re the saint’s reputed hand, Director Failes! Please don’t hide anything from me just because of my identity!

“You need to tell me the truth!”

Maren smiled.

“Don’t worry!

“I swear that Ms. Jackson is in good hands right now.

“The impact of the car crash was really bad...

“Ms. Jackson was also on the verge of death...

“Normally speaking, she wouldn’t even make it to the hospital. [Fast update on daotranslate.com]

“But she got lucky. Ms. Anderson managed to keep her alive long enough to reach here!

“Not only did she treat Ms. Jackson with her martial arts skills, she also stabilized her condition!

“I don’t understand these methods, but I looked into it just now...

“Ms. Jackson is out of harm’s way.”
