Chapter 111: be a good person from now on

"I'm Zhou Yuan." Lu Zheng exhaled and found a slightly more comfortable position. "Get lost, Zhou Yuan. I've checked. Master Zhou doesn't have a grandnephew named Zhou Yuan, but he does have a grandniece named Zhou Fang! If you don't behave, I'll kill you!" Gu Nianzhi gave Lu Zheng two more blows to the stomach and said fiercely. Gu Shouxin silently stood up and stood to the side. Good, very good. He didn't need this 9,000-year-old to do anything. His eldest daughter would be able to handle it. "Slap his face. This kid only has a decent face. There's nothing else he can do. Slap his face hard! If he doesn't admit it, I'll smash his face!" Gu Shouxin didn't want to do anything, but he still couldn't help commanding from the side! Gu Nian had goosebumps all over her body when she heard that voice. "Okay, Lord nine thousand years old, why don't you sit down and rest? Leave everything to me!" "Brat, are you going to tell me or not? If not, I'll beat your face!" Gu Nian lifted Lu Zheng's collar. Even though Lu Zheng was tied up, he still had the strength to break free from Gu Nian. It was just that he was blindfolded and thrown into the corner of the wall. Later, Gu Nian hit him in the wrong direction. Now, he broke free from Gu Nian and directly crashed into the wall. "Bang!" Lu Zheng was knocked to the ground. Fortunately, this was a small wooden house, not a mud-walled house like the Gu family's. Otherwise, Lu Zheng's head would have definitely been broken and bleeding. "Hahahahahahaha..." Gu Nianzhi laughed, then went forward and said, "Lu Zheng, you're so stupid! So stupid that I can't even bear to hit you." Lu Zheng was so angry that his face was red. Why? Ever since he was reborn, everything had been under his control. Why was he so unlucky when it came to Xin Xin! Was it because God saw that he had not taken good care of her in his previous life, neglected her family, and did not protect her well, that he had stopped him from looking for Xin Xin in this life? No! I will never allow such a thing to happen! "Hey, what are you in a daze for? Quickly answer! Are You Lu Zheng?" Gu Nian went forward and lifted him up again. "Hahahahahahaha... So what if I am, so what if I am not?" Lu Zheng did not struggle this time. He laughed loudly and asked. "If you are, I will beat you up! Beat you to death! If you are not, since we have already caught you, beating you up is a must, so I won't beat you to death!" Gu Nian said. "I'm telling you, you better beat me to death! Otherwise, when I find you in the future, I will make your life a living hell!" Lu Zheng said coldly. "Threaten me? I'm so scared! Then I'll beat you to death!" Gu Nianzhi punched Lu Zheng in the face without hesitation. Then Gu Nianzhi started to beat him up. Lu Zheng didn't say anything, didn't beg for mercy, and only found the right time to dodge and reduce the damage. Gu Shouxin saw that it was almost time, so he went up to stop Gu Nianzhi. Just then, Gu Nianzhi's hand went soft. "The last punch, I'll do it." Gu Shouxin said to Gu Nianzhi, then looked at Lu Zheng, "Lu Zheng, I'll give this punch to you on behalf of a little girl. I hope you'll behave yourself in the future! Whether you want it or not, men who rely on women to gain power and status in this world are the most disgraceful. I hope you'll behave yourself in the future!" "PFFT!" Gu Shouxin punched Lu Zheng in the stomach. Lu Zheng spat out a mouthful of blood. At this moment, he no longer felt pain, but fear. The Gu father and daughter put on their bamboo hats and raincoats and left the small wooden house. "Father, why did you say that to him at the end? Aren't we afraid of being exposed?" Gu Nian could not help asking after they had walked far away. "We're not afraid. Even if he's smart, he wouldn't dare do anything to us if he thought of us. He has his own secrets too," Gu Shouxin said.

Chapter 112 was truly amazing

"He's quite a scheming person. My nephew gave him a brain-like setting," Gu Nian said worriedly. "Nian Nian, your father has controlled the court for more than ten years and relied on his own abilities. He relied on his women's efforts to reach the position of being superior to all others. What do you think he can do to me?" Gu Shouxin said confidently. "Yes, yes, yes. Father is 9,000 years old. Please forgive me for being 1,000 years old. I forgot about it for a moment!" Gu Nian cupped her hands and said with a slight smile in her voice. Gu Shouxin knew that she had recalled the eunuch's voice just now. He had wanted to slap her on the head to punish her, but when he raised his hand, he realized that his daughter was wearing a bamboo hat. He could only shake his head and smile helplessly. "Hehehe, father, your voice is really amazing! It gives me goosebumps!" Gu Nian said with a chuckle. "That voice of yours is also amazing!" It made me worry about my future son-in-law. If you suddenly used that voice to say, "Darling, wait, Tsk Tsk Tsk, I don't dare to think about it anymore." Gu Shouxin replied rudely. "Hahahaha, Dad, stop talking! Besides, I won't be able to look directly at my partner in the future!" Gu Nian laughed out loud. "Oh right, Dad, do you have any follow-up actions?" Gu Nian asked after she finished laughing. "Yes. I asked that kid to throw a letter at the Zhou residence when he was younger. He didn't give a specific address, but said that it was around San Cha Kou village. If the Zhou family didn't come to look for him tonight, they will definitely come to look for him tomorrow," Gu Shouxin said. "That's the best we can do without killing him." This could be considered as helping Xin Xin vent her anger in her previous life. In this life, we'll protect Xin Xin and be wary of Lu Zheng. In the future, other than preventing him from getting close to Xin Xin, we'll treat him like a normal person!" Gu Shouxin sighed regretfully. "As long as he doesn't get close to Xin Xin, everything will be fine. In any case, he'll be back in two years. His family still has a noble title waiting for him to inherit. He still has his mother's revenge to take. He still has his ambitions!" Gu Nian beat up the scumbag and vented her anger. Gu Xin had been by their side. If Gu Xin's life was still the same as the ending in the book, then it could only be said that the three of them had failed to protect her. .. In the small wooden house, the Gu father and daughter had walked for a long time before Lu Zheng came back to his senses. He fumbled for a bowl and smashed it on the ground. When he was picking up the pieces, his hand was cut again. He cut the rope with great difficulty. He first took off the blindfold and stretched his muscles. The father and daughter of the Gu family did not stop their punches. Lu Zheng felt as if his body was about to fall apart. It reminded him of the time when he was training in the army after returning to the capital from his ancestral home in his previous life. He was now certain that the two people who had kidnapped him had no intention of killing him. They only confirmed his identity, and that they were not the people who wanted to kill him just now. Even so, he had to take revenge for this. Also, he was a little worried about that woman, the little girl, that nine thousand years old had mentioned. Could it be that there was someone in this world who had lived a new life like him? "Rumble!" "Kacha!" The sound of thunder could be heard outside again. Lightning streaked across the sky, pulling Lu Zheng out of his thoughts. He walked to the door and wanted to see what was happening outside. However, as soon as he moved, his legs suddenly felt weak and he almost knelt down. Fortunately, the table beside him supported him so that he did not fall down.

Chapter 113 there were so many things to do

After standing for a while, Lu Zheng recovered. He slowly walked to the door and opened it. Lightning flashed past. He could clearly see where he was. Just like what he had thought, he was in San Cha Kou village. When he fell off his horse, he was at the entrance of San Cha Kou village. Then, he was carried away by someone not too long ago. At that time, he guessed that he was either in San Cha Kou village or around here. He had a better understanding of Sancha Junction village recently. He could not take his Xin 'er with him. He wanted to understand the environment where his Xin 'er was. Therefore, he knew about this small wooden house. He found the way out of the village. Accompanied by Thunder, lightning, and torrential rain, he walked forward step by step. A rainy day from his previous life appeared in his mind. The day his Xin 'er died. He carried her and ran madly in the capital to look for the godly doctor. His Xin 'er was in his arms. The rain washed away the blood from the corner of her mouth. His xin 'er said, "Lu Lang, in the next life, Xin 'ER is still willing to follow you. In this world, other than grandfather and grandmother, Lu Lang is the only one who treats me sincerely." He was extremely scared at that time. He cried out, "Shut up! Shut Up! We don't have a next life. We only have this life. Xin 'er, cheer up. Let's go find the godly doctor dragon and ask him to detoxify you. When you're better, I'll Marry You!" When Gu Xin heard the last three words, she smiled in satisfaction. However, her eyelids were about to collapse. Lu Zheng was extremely flustered at that time. He could no longer control his emotions. "Xin 'ER, hold on! Hold On! When you're better, I'll find someone to sew the most beautiful wedding dress in the world for you. I'll give you a grand wedding and let everyone in the World Bless Us! I'll let you be the rightful Mrs. Lu! We'll have three children together. We'll take the children out to sea. We'll go to the small country in the west that you want to go to. We..." Gu Xin used her last strength to cover Lu Zheng's mouth. "Lu Lang, we'll have a next life. Leave what you said to me in the next life." After saying this, Gu Xin was no longer breathing. Lu Zheng's mind was still thinking about the time when Gu Xin closed her eyes. At that time, his heart suddenly felt empty, as if he had lost the best treasure in the world. Lu Zheng was walking in the rain in a daze when he suddenly stopped. He hugged his head and squatted down, tears flowing down along with the rain. He was thinking, if he had not brought Xin 'er back to the capital from Jiangnan and waited for him to settle his matters before picking her up, would all of that not have happened? Unfortunately, there were no ifs. He sat on the ground and began to cry. He cried his heart out and cried out all the grievances he had suffered in the past. It wasn't until the servant boy, Lucky, arrived with a carriage. Unlike Lu Zheng's grief, the second son of the Gu family was warm and cozy. Gu Xin put a jade bead in the ginger water for her father and sister. She was in a good mood after watching them drink it. The family chatted and laughed for a while. After gu shouxin and Gu Nian had dried their bodies and hair, they all went to bed. Gu Xin wrapped herself in the quilt and only peeked out. She looked at the Thunder and lightning outside and listened to the sound of the heavy rain. She was thinking about her future plans. She wanted to learn kung fu from her father and then farm and sell the land for money. She also wanted to help her sister. She wanted to find her mother to learn how to sell things without losing out. Oh, right, she also needed to learn more words. Her father had promised to teach her, her sister, and her mother. "I have so many things to do in the future! But I'm so happy. I'm so happy that I can't sleep," Gu Xin said to herself happily and then closed her eyes.

Chapter 114 I don't go out anymore

The next day, the rain stopped, but the ground was still wet. Gu Xin got up early. She put on her clothes and ran into Gu Nianzhi's room. "Sister, hurry up and tie my hair. I want to practice martial arts with

Father!"Gu Xin ran to Gu Nianzhi's bedside and called for help. Gu Nianzhi did not have the habit of sleeping late. She got up and combed Gu Xin's straw-like hair before tying a bun. "Huh? Xin Xin, I think your hair is a little smoother than before. It looks a little more."Gu Nianzhi could feel that Gu Xin's hair was full of small hair that had just come out. It was quite prickly. "Really? Does that mean my hair will soon be as black, long, and beautiful as my sister's hair?"Gu Xin said happily. "Of course! We're biological sisters. I have a lot of hair, so you have to have a lot of hair. Wait for me, I'll do the same hairstyle as you. Let's go practice martial arts together!"Gu Nian pinched Gu Xin's little face and smiled. Eh? Why didn't her face feel like the skin before? It actually felt a little fleshy. "Does the same hairstyle mean that sister has to do the same as me?"Gu Xin asked. "That's right!"Gu Nian combed her hair as she sized up Gu Xin. There was a lot of flesh on Xin Xin's face, and her skin was not as dark as before. She did not look as skinny as before. Had she gotten used to it? She probably had. Otherwise, she would not have changed so much in less than ten days! However, when she combed Xin Xin's hair, the new hair that she felt on her hands was real. It was probably because Xinxin had been keeping up with the nutrition recently. Children grew up quite quickly. Gu Nianzhi didn't think too much about it. The two sisters left the house. In the kitchen, Gu Shouxin and Cai Xiaolian had already woken up. Gu Shouxin was heating the fire. One pot was for breakfast, and the other pot was for hot water. "You're Up! Come and wash up!"Cai Xiaolian had just finished washing up when she saw the two sisters with the same hairstyle. Her face was beaming with joy. She had no daughters in her previous life. Although she had traveled back in time to this ancient era that she was extremely uncomfortable with in all aspects, she felt that she had earned a lot by having two eldest daughters for no reason. Gu Nianzhi dipped the willow branch in green salt. She closed her eyes and resigned herself to fate as she poured it into her mouth. She brushed her teeth and fixed her toothpaste. Not only did she have to earn money, but she also had to make it convenient for herself first. "Nian Nian, do you feel uncomfortable using the willow branches and green salt?"Cai Xiaolian appeared beside Gu Nian at this moment. "Does mother feel uncomfortable using them?"Gu Xin had finished rinsing her mouth and turned around to ask. "I saw your sister's eyes closed and she looked uncomfortable. I thought she didn't feel well!"Cai Xiaolian said with a smile. "Sister, is it because the willow branches are hard to chew?"Gu Xin looked over. Her sister really did look uncomfortable. "That's right! Mother, Xin Xin, I'm planning to stay indoors for a while. I'm going to make a tooth cleaning tool that's more useful than willow branches, and a cleaning material that's even better than green salt!"Gu Nian said solemnly. "Okay! I support you! Good luck, Nian Nian!"Cai Xiaolian looked as if she had been waiting for her sister to say that. "Sister, you're so awesome! Do you need help? I can run errands for you,"Gu Xin added. "Okay! It's a deal then."Gu Nianzhi thought about the composition of toothpaste. It was definitely not complete here. The most basic fragrances, detergents, friction agents, and active agents had to be available. Where did all this come from?

Chapter 115: I'll teach you again

The toothbrush was easy to deal with. She had already put away the pig hair from the wild boar she had killed at the old mansion yesterday. She would just have to pick it out when the time came. After washing up, Gu Nianzhi had been thinking about this question. Gu Xin, on the other hand, was seriously learning martial arts from Gu Shouxin. "Xinxin, if you can't take it anymore, just tell Dad! We just learned it, don't force yourself."Gu Shouxin couldn't bear to see Gu Xin's legs trembling as she performed the horse stance. "It's okay, dad, I can take it!"Gu Xinxin was a very stubborn person. She could really take

the horse stance. "You're my daughter after all!" Gu Shouxin couldn't help sighing when he saw Gu Xinxin's determined expression and the beads of sweat that kept dripping down her forehead. "Niannian, you come too. You can perform the horse stance for as long as Xinxin can in the future! The two of you must improve together!" Gu Shouxin saw that Gu Nianzhi was in a daze, so he walked over and pulled her over. "Dad, I'm already with Xin Xin. Do you want mom to be with Xin Xin Too?" Gu Nian came back to her senses and noticed that Cai Xiaolian was smiling at them. She joked. Gu Shouxin looked at Cai Xiaolian, who was not concentrating on mixing the chicken food. He was stunned for a moment. The child's mother seemed to have become prettier! Especially when she smiled. She was so gentle. Her face was still that of the dejected farmer's wife in his memory, but the things that were emanating from her body were completely different now. Once upon a time, he had fantasized about what his wife would be like if he got married, but he never had a concrete picture of her. "Dad, stop looking, Mom is staring at you!" Gu Xin was in the direction of Cai Xiaolian's horse stance. He saw that Cai Xiaolian, who was originally smiling, had suddenly started staring at him. He turned to look at her father, who was staring at her mother in a daze. "Xin Xin, this is your fault. Our parents have a good relationship! Come, come, come with me. Turn around. Don't be a third wheel!" Gu Nian pulled Gu Xin and turned around, she winked at Gu Shouxin and gave Cai Xiaolian a big smile. "Sister, what do you mean by a third wheel?" Gu Xin turned around obediently and asked curiously. "Oh!" A light bulb was something like an oil lamp that could be lit up at night. A light bulb referred to a third or more person who would disturb a man and a woman when they were affectionate. "Do you understand?" Gu Nian explained calmly, she was not nervous at all because she had used a modern word. "Then does that mean that sister is also a third wheel? The two of us sisters are not the third, but even more!" Gu Xin asked again. "Ah? Hahaha, yes, yes, yes, we are both third wheel." Gu Nian was stunned, and nodded with a smile. Then she said, "Xinxin, sister will teach you one more thing. Parents are true love, but children are just accidents!" "What do you mean?" Gu Xin was confused. "Ahem, do you think it's too easy to do the horse stance? Do you want me to make you a wooden stake and practice it every day?" Gu Shouxin couldn't take it anymore. He coughed twice and interrupted the sisters with a dark expression. "No, I want to accompany Xinxin. Dad, don't look at us. Don't disturb our sisterly bonding!" Gu Nianzhi shook her head. What a joke. She still had a lot of inventions that she hadn't made yet. How could she have the time to hit a wooden stake? She was still interested in hitting people. "Dad, don't be angry. We'll obediently take the horse stance and stop talking." Gu Xin looked timidly at Gu Shouxin with her big eyes and promised.

Chapter 116: natural bone structure

"I'm not angry." Gu Shouxin smiled at Gu Xin. "Xinxin, stay here with your sister for a while. Daddy will prepare the water for you and wash you properly later." "Okay, thank you, daddy!" Gu Xin heaved a sigh of relief. Although she had already gotten used to her parents and sisters being gentle, she was still a little afraid of being angry all of a sudden. "Sister, what did you mean just now?" Gu Xin asked softly when there were only the two sisters in the yard again. Her feet were extremely sore now, so it would be better for her to divert her attention. "That's exactly what I meant! Our parents love each other very much, and neither of us can compare to their status in each other's hearts." Gu Nian said nonsense in all seriousness. "What do you mean by love? Like Grandpa and Grandma?" Gu Xin asked again. "Yes, that's right." Gu Nian thought about the old couple of the Gu family. That was definitely true love, so she nodded, "A couple like Grandpa and Grandma is the most enviable in this world. In the future, when we

two sisters look for a partner, we'll also look for a person like Grandpa. Gentle, considerate, always thinking of the other party. Patient, sensible." Gu Nianzhi had been spending more time with the old mansion in the past few days. She really liked this cheapskate grandpa. "Sister, that brother Yun Gui seems to be like that too!" Gu Xin blinked her eyes and thought for a while before saying. Gu Nianzhi almost lost her balance. This girl, why did she think of that dark-skinned guy! "Xin Xin! This, between a man and a woman, it depends on feelings. I don't have that kind of feeling for brother Yun Gui! "So, no matter how good he is, if I don't feel anything, we can't force ourselves to be together. If we do that, he'll get hurt and I'll have a hard time." Gu Nianzhi felt that..., she needed to take this opportunity to establish a correct view of love for her sister. "Feelings? What's That?" Gu Xin asked again. "It's just that when you see each other, you can't help but feel your heart race. You Don't want to miss his every move. After you met him, you wanted to be a part of all the joys and sorrows of his life. If he was sad, you would feel sorry for him. If he was happy, you would be happier than him. If you suddenly lost contact with him one day, you would feel lost, at a loss, muddle-headed, and listless." Gu Nian spoke in all seriousness, she was like an expert. In fact, she was a noob who had never been in a relationship before. She had understood all this by herself. Up until now, she had never met such a person in her life. Gu Xin memorized these words. She thought of Grandpa Gu and Grandma Gu. It seemed to be true! Yes, I must find someone like that in the future. "Ouch!" Gu Xin suddenly fell forward. Gu Nian quickly pulled her back. "I'm so stupid. I can't even stand for long." Gu Xin was a little annoyed. "You have to take your time with the horse stance. You're already very good. Back then..." Gu Nianzhi stopped talking and held Gu Xin. "Let's go. Let's put our legs on the steps and rub them." "Sister, Why Are You So Good? I've never seen you practice it before. You didn't even sweat." Gu Xin's eyes were full of admiration, and she didn't doubt it at all. Gu Nian smiled. "Maybe I was born with a strange bone structure, a rare martial arts prodigy! hahahaha..." "Xin Xin, let me tell you something. The stupid bird flies early into the forest, and the early bird catches the worm. So, only if we work hard, we can succeed even if we're ordinary people!" Cai Xiaolian came out and saw the envy in Gu Xin's eyes, and said seriously.

Chapter 117

The sisters relaxed their muscles and stretched for a while before heading to Gu Nian's room to take a bath. Looking at Gu Xin's skinny body and her well-developed body, Gu Nian's heart ached. Once again, she despised the host and her family. The female lead in the book, Gu Xin, truly loved Lu Zheng. She was willing to give up everything, even her life, for Lu Zheng. Gu Nian felt that it was because the female lead in the book, Gu Xin, lacked love. She did not receive the love of her parents and sister since she was young. The only people who treated her well were her grandparents. After she was sold, the first customer she met was Lu Zheng. Lu Zheng only exuded a little bit of love, a little bit of good. It was enough to make Gu Xin, who lacked love, sacrifice herself for him. However, now that they had crossed over to the three-person team, they would not let Gu Xin lack love. Therefore, that bastard Lu Zheng would not be able to win her Xin Xin's heart so easily. "Sister, what are you laughing at?" Gu Xin could not help but ask when she saw that Gu Nian was thinking about something. The two sisters were soaking in a wooden bucket and sitting opposite each other. Gu Nian came back to her senses and said, "Sister is laughing at you for becoming a big girl." After she said that, she looked at Gu Xin's heart. Gu Xin looked down and her face instantly turned red. She lowered her head and stammered, "No, no. Sister is not allowed to talk nonsense. Nonsense." "Okay, okay, okay, I'm not talking nonsense! Turn around, I'll scrub your back!" Gu Nian did not continue to tease the little girl and moved forward. "Ouch!

Ah! Sister, it hurts! Ouch!" "TSK TSK tsk, you have to endure the pain. The sweat on your back has piled up to be thicker than the city wall!" "Be gentle! Sister! Ouch! Ah! ..." .. Zhou family town, Zhou residence. After being beaten up and drenched in the heavy rain for more than two hours, Lu Zheng fell ill. He was not the battle-hardened Lu Zheng from before. He was still the miserable youth who had been released to the old residence because of his stepmother. Therefore, he could not withstand the beating and the rain. After lucky found him and brought him home, he developed a high fever. Master Zhou invited the doctors in the town. After a night, he did not get better. He sent people to the county to invite a few doctors over, but all of them were useless. "Xin 'er, xin 'er..." in his daze, Lu Zheng called out to Xin 'er. "Who is Xin 'er?" Master Zhou glared at Lucky and asked. "Master, I don't know either.". Recently, other than looking for the Gu family to farm, the young master did not have any contact with anyone else. They were all walking around the surrounding villages and villages." Lucky was so frightened by old master Zhou's angry expression that he was trembling. "Old Master, Master Qin is here!" At this moment, second Butler he came in with a middle-aged man dressed in ordinary clothes. "Master Qin, quickly come and see Yuan Yuan. The Doctor said that if his fever doesn't subside, I'm afraid he won't be able to make it." Old Master Zhou hurriedly pulled the middle-aged man, Master Qin, to the side of the bed. Master Qin was a tall and thin man with a square face and an ordinary appearance. He was also a warlock that Master Zhou had always believed in. In the Great Zhou, there was a group of people who could help people ask for good fortune, give advice on feng shui, catch ghosts, and even cure illnesses. They were called warlocks by the people of the Great Zhou. Back then, when Master Zhou's only daughter, Lu Zheng's mother, had died, this Master Qin had already warned Master Zhou that something was going to happen. Therefore, after this, Old Master Zhou had always trusted Master Qin. "Old Master Zhou, get someone to bring some strong wine and clean young master's body. Add two more beds to the quilt, and then..." after seeing the situation, Master Qin said.

Chapter 118 have anything to do with intelligence?

On the Gu family's side, Gu Nian had cooked a plate of crispy potato chips with chili peppers for lunch and had conquered the entire family of four. "Dad, Mom, this is delicious. When are we going to plant it? ! Plant More!" Gu Xin loved crispy potato chips with chili peppers so much that she couldn't wait to ask after lunch. "Let's go look at the seeds later. We didn't have time to look at them carefully yesterday!" Cai Xiaolian said. In her previous life, Cai Xiaolian was born into a wealthy family. She married into a well-matched family. However, her family went bankrupt later. After her divorce, she started her own business from nothing. She didn't know anything about planting, but she was very confident. Her family had a doctorate in biology. It would be child's play to plant potatoes. "Mom, can we plant some in the vegetable garden first? The things planted in the vegetable garden will mature in three to five days. We can save more and eat them for a long time! Didn't Master Zhou say yesterday that these three things can be stored for a long time?" Gu Xin suggested. Hearing her mention Master Zhou, the transmigrator trio looked at her. "What's wrong? Did I say something wrong?" Gu Xin was stunned by the looks from the three of them. "No, no. We just think that Xinxin is so smart! She actually thought of this. Alright, we'll plant it in the vegetable garden later." Gu Shouxin shook his head and smiled. Cai Xiaolian & Gu Nianzhi:"..." How could this be related to being smart? After lunch, the family of four began to choose the seeds. Gu Xin was especially enthusiastic. When the seeds were chosen, she even volunteered to plant them with Gu Nian and let her parents do other things. Gu Shouxin and Cai Xiaolian indeed had other things to do. Gu Shouxin had to go upstairs to tidy up, while Cai Xiaolian had

to go to Gu Nian's room to tidy up a small laboratory. Their room was surrounded by earthen walls, the roof was made of tiles, and under the tiles were wooden planks that were parallel to the ground. In this way, there was a space between the tiles and the wooden planks for storing things. The entrance to this space was just outside Cai Xiaolian and Gu Shouxin's room, and there was a wooden ladder. Most of the houses in San Cha Kou village had the same structure. The houses with earthen walls did not have good lighting. Gu Nianzhi wanted a laboratory, and Gu Shouxin wanted a study. Cai Xiaolian walked around Gu Nianzhi's room and finally decided to give up on the idea. She walked outside the room and walked around. In the end, she decided to build a room in the corner of Houyang Ditch to serve as Gu Nianzhi's laboratory. As for Gu Shouxin's study, she had no choice but to build it in the central room or somewhere else. After a busy afternoon, the whole family was tired and the house had changed drastically. The cobwebs in the corner were gone, and the kitchen had been cleaned up. Cai Xiaolian had already planned out Gu Nianzhi's laboratory and was waiting to get uncle Gu to build some boards. In the evening, the four of them sat by the fire and chatted after dinner. "Father, mother, sister, when I went to bed last night, I had already made arrangements for what I would do every day," Gu Xin said excitedly. "Oh? Our Xin Xin is so young, but she already has a plan for her life? Tell me about it." The transmigrator trio looked at Gu Xin. "No matter if it's sunny or rainy, I have to get up at midnight every morning. I have to practice for two hours. Then, I have to learn how to read and write from my father for two hours in the morning. Then, I'll help my sister. In the afternoon, I'll dig wild vegetables and pick dry wood. Then, I'll listen to my parents and sister's instructions. When mom goes to sell things, you have to bring me along! I have to learn how to sell things," Gu Xin said.

Chapter 119 couldn't be won!

"Then if I need you to help me at home and mother happens to be selling things, would you stay at home and help me? Or would you like to sell things with Mother?" Gu Nian asked curiously. Gu Xin was stunned and blinked, feeling a little awkward. "Alright, Alright, don't make things difficult for Xinxin. We'll decide when the time comes! If you're too busy, I'll have to stay and help you too!" Cai Xiaolian said with a smile when she saw Gu Xin's awkward expression. "Yes, yes. Sister, mother is right!" Gu Xin quickly nodded in agreement. "Little girl!" Gu Nian poked Gu Xin's forehead with her hand. A well-behaved sister was indeed much better than a naughty niece and nephew. That damned nephew of hers had written so badly about Xinxin in the book. HMPH, don't give me a chance to put it back on, or else.. Gu Xin felt warm all over when she slept at night, as if she was much more relaxed than before. Could this be what her sister meant by getting rid of the stains on her body? It felt great. She thought of the dark sweat strips that she had rubbed off when she was in the bath with her sister, and felt very embarrassed. She opened her palm, and Yuyu appeared. "Little Yu, Little Yu, so this is how you wash yourself! Hehe, sister helped me take a bath today. It's another very happy day!" Gu Xin expressed her joy to Yuyu in a low voice. .. The next day, it was time to send dregs of sea pepper to the county. The family of four was about to go out when someone from the restaurant arrived. Manager Cheng was still there. "Second brother Gu, sister-in-law, niece, you have to save me!" Manager Cheng's face immediately changed when he saw the neat and orderly family. He felt extremely wronged. Gu Shouxin raised his eyebrows. Ha, in just three days, he had become second brother, sister-in-law, and niece? No matter where, there were indeed people who used terms of address to build a closer relationship. "Aiyo, shopkeeper Cheng, what happened to you? Were you blackmailed? Robbed? or were you given a job by your boss?" Cai Xiaolian said with a surprised look. The family of four had already discussed. In the

future, Cai Xiaolian would be the one to speak in business dealings. Gu Shouxin would just stand by her side. Manager Cheng pursed his lips. He was afraid that he wouldn't have the chance to say anything about this woman's mouth. "Uncle Cheng, have you really been extorted and robbed? Have you reported it to the authorities? If you want to report it to the authorities, Grandpa said that the newly appointed magistrate of Taoyuan County is a good official and will definitely be able to make decisions for you. "Hurry up and go. Don't waste time with us." Gu Xin had a very good impression of the manager who had bought their dregs of sea pepper and cake, when she heard Cai Xiaolian's words, she was really worried about him, and she looked extremely serious. The transmigrator trio: "... They wanted to laugh, but they were afraid that it would hurt Xin Xin, so they held it in. Shopkeeper Cheng: "... He tried to put his expression back to normal. "Hehe, little niece, uncle is joking. Uncle is here to discuss business with your family, so he's exaggerating. It's not like that." "Xin Xin, if Uncle Cheng uses words to express it, then he can use an exaggerated method to write it. To express uncle Cheng's eagerness to work with our family and the importance of our family." Gu Nian explained to Gu Xin in all seriousness, she emphasized the words 'urgent' and then turned to look at shopkeeper Cheng. "Uncle Cheng, am I right?" "Yes, yes, Hehe, yes, my niece is right!" Shopkeeper Cheng nodded repeatedly. Well, it seemed that the Gu family was going to haggle over the price again today. He couldn't win, he couldn't win!

Chapter 120'you're going to cut off our family's source of income!'

Shopkeeper Cheng brought two people with him, a coachman and a waiter. He asked the two of them to help carry the 100 pounds of dried sea pepper into the carriage and went into the house with the Gu family. The boiling water on the stove was still hot, so Gu Nianzhi brewed a pot of tea and brought it out. Fortunately, Gu Shouxin had a habit of drinking tea. The last time he went to settle his gambling debts, he bought two packets of tea leaves from the Yuzhou government. Otherwise, there would be no tea to serve them now. "Eh? What kind of tea leaves does brother Gu have? It must be extraordinary! It feels even better than the best tea I've ever tasted!" Manager Cheng took a sip and said in surprise. "It's just ordinary tea leaves," Gu Shouxin said with a smile. "Really.". "Brother Gu, I think the things in your house are really extraordinary!" "Take that cake for example. We brought it back and had the pastry chef make it. It was quite delicious, but it can't be compared to yours.". "Also, the food that my sister-in-law gave me last time was made by the same chef. The taste must be made by your family!" Manager Cheng Sighed. The transmigrator trio was surprised, but they didn't show it on their faces. They looked like manager Cheng was saying it on purpose. Gu Xin's eyes were a little blurry. Was it because of the jade bead? Was it? Was it? Oh No, what should I do if others see through me? "Brother and sister, I'm here to discuss a collaboration with you." Manager Cheng saw that the couple didn't respond, so he had to tell them his purpose. "Oh? What else do you want to work with us for?" Cai Xiaolian asked with a smile. She had already guessed that this person was here because of the dregs sea pepper, but she didn't bring it up. "Second brother Gu, sister-in-law, we are also acquaintances, so I won't beat around the bush. I'll be straightforward. Can you sell the method of making dregs pepper to our restaurant?" Manager Cheng Sighed in his heart, waiting for Cai Xiaolian to make a big demand. Unfortunately, he didn't get it, Cai Xiaolian immediately refused without thinking, "Manager Cheng, this is indeed not possible. You said that we're already familiar with each other. I think you should know that my man needs to study. I still have two daughters to raise! I'll sell this to you. Although we can get a sum of money temporarily, what about the future?" It was easy to make dregs of pepper. Their family didn't lack pepper, so why would they sell it off? The father and daughter of the Gu family didn't say anything. They all looked at manager

Cheng. "The price can be negotiated." Manager Cheng felt that Cai Xiaolian was laying the groundwork for raising the price, so he said sincerely. "Manager Cheng, we all feel your sincerity, but we really can't do this! If you buy the production method of my sea pepper dregs, won't you directly cut off our family's income?" Cai Xiaolian insisted. "This..." manager Cheng could see Cai Xiaolian's determination this time. He hadn't considered this situation at all. "Sigh, Our Drunken River restaurant has been open in the county town for almost a year, and business hasn't been very good. It's only been these few days that business is full. So, the owner wants to buy out this dreg sea pepper. Brother and sister Gu! The owner wanted me to try my best to negotiate! Look, can you really not sell it? As for the price, I will try my best to satisfy you." Manager Cheng Thought for a while, then he continued. "Manager Cheng, you are also the manager of the restaurant. You should know that this dregs of sea pepper may not be made by others now, but it may not be impossible in the future." Cai Xiaolian frowned.
