Chapter 121: How fragrant

“So, it’s not worth it for you to pay such a high price to buy it all.” Cai Xiaolian continued.

“How about this? in the future, as long as your family can produce fresh food, even if it’s just a simple dish, we’ll pay for it. How about it?” Shopkeeper Cheng insisted.

Cai Xiaolian raised her eyebrows. This condition was a little too big!

“Other fresh food? Uncle Cheng, do you have any dishes that go into the water?” Gu Xin had an idea and could not help but ask.

“Enter the water?” Shopkeeper Cheng was stunned for a moment, and then his face showed a bit of disdain. little niece, the water doesn’t taste good. The city people don’t eat that stuff.

“What if we can make it very delicious? You’re buying too?” Gu Xin asked again.

The time travel Trio looked at Gu Xin with pride. Look at how bright this girl’s brain is. She thought of something else just like that?

As expected of my daughter (younger sister)!

“Of course, if it’s delicious, I’ll definitely buy it. But little niece, if it doesn’t taste good, then I can’t force you to do it. ” Shopkeeper Cheng could only grit his teeth and reply when he saw that the Gu family’s adults didn’t stop the little girl from speaking.

“Father, mother, sister!” Gu Xin’s eyes sparkled as she looked at the three of them. Her meaning was obvious.

“Shopkeeper Cheng, you’ve saved us time by sparing us from going out today, so why don’t you try the new food my family’s first girl has made? Try it first. If it’s good, we’ll talk again.” Cai Xiaolian said immediately, but she didn’t mention the matter of the Zha hai Jiao.

Father, mother, I’ll go prepare with Xinxin. Gu Nian stood up and pulled Gu Xin into the kitchen.

“Sister, Sister, am I not very smart? I immediately thought of glutinous rice stuffed sausages.” Gu Xin held Gu Nian’s hand as they walked into the kitchen. She looked like she was waiting for Gu Nian to praise her.

“Yup! You’re our family’s little cheeky ghost! Help me start the fire and let big sister show off her cooking skills.” Gu Nian pinched Gu Xin’s face as she laughed.

“En!” Gu Xin went to get an apron and tied it around her waist. She was wearing a clean set of clothes today, so she didn’t want it to get dirty.

As usual, Gu Nian ordered pan-fried glutinous rice stuffed sausages, steamed glutinous rice stuffed sausages, and a stir-fried pork belly strip.

Then, she made a bowl of egg fried rice with eggs, wild scallions, and leftovers. She had originally planned to use them to make fried rice when she went home at night, but now they were just right.

Seeing that shopkeeper Cheng had choked on his food, she cooked some white radish soup, a clear soup.

He didn't use a lot of it, only giving it to shopkeeper Cheng, so the speed was quite fast.

Basically, when the radish ripened, everything else would be fine.

There were three woks in their kitchen. As long as Gu Xin could burn them all, Gu Nian would definitely be able to keep up.

Very soon, Gu Nian arrived at the central room with a tray.

"Uncle Cheng, do you want to try?" Gu Nian placed the tray on the table. There were only a few small bowls on the tray that were enough for one person.

Holding his chopsticks, shopkeeper Cheng could only smell the aroma of the food. He was completely unable to associate this delicious taste with the water.

"Old Cheng, try it. I'm not lying to you!" Gu shouxin laughed.

Previously, he was also against eating the food made by the pig farm. There were even two little people fighting in his heart. One was determined not to eat it because he subconsciously felt that it was not edible, and the other was determined to eat it because he wanted to give face to his daughter!

The result was, yes, it smelled good!

Shopkeeper Cheng first picked up a lump of radish to moisten his mouth, then ate a spoonful of cooked rice. Mm, delicious.

Finally, she picked up the food from the other three bowls.

Originally, she just wanted to give him face, but in the end, she had the same idea as Gu shouxin. How fragrant.

Chapter 122: A woman who dared to think

Shopkeeper Cheng ate heartily. Because the bowl was small, he hadn't had enough yet!

However, he knew that Gu Nian had only made so much for him to taste. Therefore, he was embarrassed to ask her to make more.

"I wonder what ingredients are used to make these three dishes?" After wiping his mouth, shopkeeper Cheng began to talk about serious business.

"Old Cheng, these three dishes all have pig offal, which includes the large intestine, small intestine, and pig's tripe. The intestines must have been washed clean. On such a cold day, my family's two young ladies went to the river to wash them with my eldest brother and eldest sister-in-law's two young ladies. It doesn't taste as good as I imagined, does it?" Cai Xiaolian said.

Gu Nian was very impressed with this couple who had worked together to make a living. In the time it took for her to cook, she had changed from shopkeeper Cheng to old Cheng.

"Is there a trick to this cleaning?" Shopkeeper Cheng's shrewd eyes glowed.

"That's for sure! So, what price did old Cheng intend to offer for these three dishes? We're so familiar with each other, so the price is not important. Besides the intestines and stomach, the heart, liver, spleen, lung, and kidney can all be made into delicious food." Cai Xiaolian said with a smile.

Shopkeeper Cheng's mouth twitched. You've already said so, and the price isn't important?

If I don't give you a satisfactory price, are you going to tell me how to cook the heart, liver, spleen, lung, and kidney?

"Oh, that's right. Old Cheng, I have an even more perfect method of cooperation. Of course, I'm just not sure if you can make the decision?" Cai Xiaolian didn't give shopkeeper Cheng a chance to state his price and continued.

Gu Xin's eyes brightened. She's here, her mother is going to show her tricks to making big money. She must learn it well!

"Oh? Sister-in-law, tell me, I have to listen to it to know if I can make the decision." Shopkeeper Cheng asked, taking back the price that was on the tip of his tongue.

"Cooperation! It's not just buying and selling recipes or recipes, but a direct cooperation to let us split the profits of the restaurant. This way, any new dish that my niannian makes will be given to the restaurant as soon as possible. Of course, we won't ask for much profit. I just want a long-term stable income. After all, I have a man at home who needs to study and prepare the dowry for my two daughters. I have to live!" Cai Xiaolian's face showed that life was difficult.

After Cai Xiaolian finished speaking, shopkeeper Cheng fell into deep thought.

Gu Xin stared at shopkeeper Cheng nervously. She understood what her mother meant. If shopkeeper Cheng agreed, their family would have a long-term income. But, could she agree to this? She felt that it was impossible, but she believed in her mother. He felt extremely conflicted.

However, Gu Nian was thinking that her mother was probably the one who had received the script for transmigration and farming. After transmigrating, she became a married woman and a husband. Although she was older, her potential in literature and martial arts was limitless. Buying recipes, working with a restaurant, was he going to open a Rouge shop next? Drawing flowers and opening an embroidery workshop? A man's career will rise and he will die?

Gu shouxin thought, my mother is really daring! Very good, I like women who dare to think and do!

"Split the profits? This, second brother Gu, sister-in-law, I really can't make the decision. However, you can tell me the specific method of cooperation. For example, how much profit you want, whether it can guarantee the restaurant's business, how many new dishes can you make every month, and whether the new dishes can be produced in a constant stream." After pondering for a long time, shopkeeper Cheng finally opened his mouth and asked a few questions.

Gu Xin's big eyes immediately turned to her mother as she waited for her mother's reply.

Chapter 123: A smile

"Let's put it this way. With what our family has now, we'll give out two dishes every month, and we won't run out of food for two years. In the next two years, we'll try new ones. Not only the dishes, but also the desserts. As for how much interest I get, old Cheng, it depends on how much interest your family is willing to give me." Cai Xiaolian still didn't raise the price.

Gu Xin felt that her mother must have a motive for doing this and she must have other things to say.

"There's one more thing. Old Cheng, when it comes to business, you can't stick to old rules. If you change, you will understand. If you don't change, you will be like a pool of still water!" Gu Xin's guess was right. Cai Xiaolian didn't give old Cheng a chance to speak and continued.

"May I ask if sister-in-law is really an ordinary farmer's wife?" Shopkeeper Cheng was very surprised by Cai Xiaolian's words.

"Currently, she's naturally an ordinary farmer's wife! In the future, it will depend on my man's ability!" Cai Xiaolian looked at nine thousand years old and blinked.

"Wifey, in fact, I don't want to study that much. It's very tiring. Why don't you earn a lot of money to support me? I'm supposed to stay at home to do housework and take care of the child?" Nine thousand years old said in all seriousness.

"Pfft!" Gu Nian could not help but laugh.

hahahahahaha, I really envy the relationship between second brother Gu and his sister-in-law! Shopkeeper Cheng laughed out loud, then said readily, " alright, second brother Gu, sister-in-law, don't worry. I, old Cheng, will definitely bring this matter to the boss word for word. However, I don't know if it's possible for eldest niece to cook a few more dishes so that I can speak in front of the boss."

"Uncle Cheng, that's no problem. However, please wait a moment, I'm going to get some materials from Grandpa and Grandma." Gu Nian felt that this matter was settled.

Shopkeeper Cheng was clearly on their side, so it wasn't difficult for him to say a few good words.

Gu Xin did not follow Gu Nian. Instead, she continued to listen to her parents' conversation with shopkeeper Cheng. She found it quite interesting.

.....

After noon, manager Cheng left with stir-fried pig heart, stir-fried kidney, pig liver with pickled pepper, pig lung and radish soup, as well as two kinds of glutinous rice and large intestines.

Of course, there were also Zha hai Jiao.

"Mother, why didn't you just say that you wanted some interest? Is it because uncle Cheng can't make the decision?" After sending her off, Gu Xin asked her question.

"Well, that's one of the reasons, but the bigger reason is that we don't know what kind of person the owner of the drunken River Pavilion is. If it was someone worth working with, he would directly state

the price after meeting and discussing it. If it's not worth working with, I'll raise the price and he'll definitely back down. This will reduce a lot of unnecessary trouble." Cai Xiaolian said after some thought.

"Isn't it because you don't have a price in mind, mother?" Gu Nian exposed Cai Xiaolian with one sentence.

Gu shouxin pursed his lips and smiled.

Gu Xin looked at Cai Xiaolian in surprise.

"Don't listen to your sister's nonsense! She was stupid. She only knew how to cook and not do business. My precious little daughter must have taken after me. Smart! Your sister took after your father, stupid!" Cai Xiaolian wasn't embarrassed that she had been exposed, and she calmly replied.

"But mother, father and sister are not stupid! He's very powerful and much smarter than me. I'm the stupidest person in my family. And mother, you told me before that the stupid bird should fly first." Gu Xin retorted seriously.

"Uh, this Wanwan ..." Cai Xiaolian was speechless.

hahahaha Yingluo. Gu shouxin looked at his wife and daughter and couldn't help laughing out loud. His laughter was very infectious, and the whole family couldn't help but laugh along.

Chapter 124: His own choice

At this moment, in the Zhou residence of the Zhou family town, master Qin had given Lu Zheng a solution in the morning. By the afternoon, Lu Zheng's fever still showed no signs of subsiding. Instead, it was getting worse.

"Lord Zhou, let me bring young master to a place. Perhaps he will be better." Master Qin said to old master Zhou after hesitating for a long time.

"Master, where are you taking Yuanyuan? Can I come along?" Lord Zhou asked anxiously.

"Let's go! We'll bring the two people who know young master's identity with us." Grandmaster Qin thought for a moment, then nodded.

"Master, what are you doing?" old Zhou looked at the man in front of him in horror.

"This one knows young master's identity. Rest assured, Lord Zhou, this one will not reveal it. Old master Zhou, please quickly go and prepare!" Master Qin said without hiding anything.

Old master Zhou believed in this master Qin and went out to call second Butler he and Ji Xiang.

A quarter of an hour later, a carriage came out of the Zhou mansion and headed in the direction of Taoyuan County.

Before night fell, they arrived at the place that master Qin had mentioned-peaceful cloud temple.

Master Qin was very familiar with this place. He found a young monk and directly led him to a small courtyard behind the temple.

“Lord Zhou, please stay in front. I’ll bring the young master in to find him. If anything happens, I’ll ask the masters in the temple to inform you.” Master Qin got out of the car and carried Lu Zheng on his back.

“Alright!” Since he had already come, old master Zhou allowed master Qin to make the arrangements.

After the little Shami brought them in, he came out and closed the door, bringing old Zhou and the others to the guest rooms.

“Senior brother, I’m afraid this child can’t make it!” Mr. Qin said hurriedly as he carried the man into a room.

There was only one person in the room, a monk with a white beard and round face.

If Lu Zheng was awake at this moment, he would definitely recognize this monk. This was the person he had seen the most in the last moments of his life. His Dharma name was enlightenment.

Monk liaowu had master Qin place the person on the bed and went forward to check. Then, he shook his head and said, “Almsgiver Lu’s obsession is too deep. External things are useless, he has to rely on himself. Junior Brother, you can go out first. I’ll keep watch. If he can survive tonight, then he’ll be fine. He can’t blame anyone else if he can’t make it. He chose this himself and he knows the consequences.”

“Senior brother, there’s something I don’t understand. He has never been to Taoyuan County before, and you have never left Yun an temple. When did you two meet? Why did you ask me to go to the Zhou family and say those strange things?” Master Qin hesitated for a while and finally asked the question that had been on his mind recently.

“Everything is the will of the heavens, everything is karma. Shidi doesn’t understand, but there’s no need to be so persistent. “When will Junior Brother understand? I’m not sure either. Everything is arranged by heaven!” Amitabha!” After he finished speaking, he put his hands together.

“Senior brother, you’re becoming more and more like master! Oh right, our master, he’s an old man. master Qin’s gaze was getting more and more strange. He stopped talking and waved his hands in surrender. Okay, okay, okay. I won’t mention master. I won’t mention master. I’ll go down first!”

Monk liaowu shook his head as he watched Grandmaster Qin leave and close the door.

He walked to the bedside and looked at Lu Zheng, who was frowning and blushing because of his high fever. He sighed. “Today’s events are like water without a trace. Tomorrow, you are already a stranger! Almsgiver Lu, is this the result you want?”

Chapter 125: Only invite her

The reply to monk Wu was a low mumble, “Xin ‘er, Xin’ er, Qianqian.”

The monk liaomu shook his head and moved the small table to the front of Lu Zheng's bed. Then, he knelt down and began to knock on the wooden fish and read the obscure Scripture.

.....

For the next three days, no one came to the drunken River Restaurant. The time travel Trio was not in a hurry, but Gu Xin was.

That morning, after Gu Xin finished her horse-riding stance, she could not help but ask Gu Nian when she was taking a bath with her, "Sister, do you think uncle Cheng's boss is willing to cooperate with us? Why is there still no news after three days?"

Xinxin, it's not good to worry too much at such a young age. You'll get wrinkles and age quickly. Gu Nian laughed as she poked Gu Xin's head.

"I'm just worried!" Gu Xin pursed her lips.

"What's the use of worrying! You said it yourself, it's been three days. Today is the day we're going to deliver the Zha hai Jiao. We'll know if they're willing to do it later. Calm down and don't think too much. It's not a big deal if we don't cooperate! We can sell chili and vegetables! Moreover, when the potatoes I planted in the field yesterday grow well, I can also make potato-related dishes! It's the drunken River house's loss if they don't cooperate with us!" Gu Nian said.

"Yes, sister is right!" Gu Xin nodded her head and said pitifully, "I think uncle Cheng is a good person. I hope his company can work with us!

"Yes, yes, yes, very good! There are no bad people in your eyes. Alright, you can soak in it. I'll put it on for you when I get up!" Gu Nian stood up helplessly.

"Hehe, thank you, big sister!" Gu Xin's hands were on the edge of the wooden bucket, and only her head peeked out as she smiled happily.

"Is big sister that happy to help you put on your clothes?" Gu Nian could not help but laugh.

"Yes, yes! In the past, sister Huihui would also help sisi dress and comb her hair. I also want one!" Gu Xin nodded.

"Aiyo! Our poor Xinxin! Don't worry, I'll help you dress and comb your hair every day!" Gu Nian pinched Gu Xin's face.

She always felt that Gu Xin's face was getting chubbier by the day. She couldn't tell just by looking at it, but she could feel it when she touched it.

If a child had enough nutrition, they would indeed grow up quickly.

After getting dressed, they went to the kitchen to eat. The family sat down and picked up their chopsticks, but there was a knock on the door.

Gu shouxin went to open the door.

The person who came was dressed as a housekeeper. He was said to be the housekeeper of the drunken River restaurant's dong family, surnamed Qian. He was supposed to be shopkeeper Cheng yesterday,

but something suddenly happened in his hometown, and he came in a hurry. Therefore, his boss sent him here today.

Butler Qian explained his intention. His boss was interested in the cooperation and wanted to invite the Gu family to the city to discuss it, but only to talk to Cai Xiaolian, who had proposed the cooperation.

Gu shouxin looked at the coachman and the waiter. They were indeed the two people who had come with shopkeeper Cheng before. He invited them into the house and asked them to wait for a while as he had just eaten.

“Ah? You’re only inviting me?” Cai Xiaolian was a little surprised after hearing Gu shouxin’s words.

“It’s fine. We’ll go together as a family. You take the child with you. I’ll wait for you at the study. Drunken River house’s owner is a woman from the back of the house. She said that her foot is injured and it’s not convenient for her to go out. You guys can go together. With niannian around, I don’t have to worry.” Gu shouxin thought that Cai Xiaolian was afraid of being alone and comforted her.

“I see! Alright, I’ll take niannian and Xinxin with me.” Cai Xiaolian nodded.

Chapter 126: County Administration

After breakfast, the family went out.

They declined the offer of a carriage and drove the ox-cart from the old house to town. When they heard that the owner of the old house was a woman and was going to the back of the house, grandma Gu packed up and followed them out.

She was still a little worried about Cai Xiaolian. Although she had seen the changes in her second brother’s family, she still wanted to keep an eye on them.

She didn’t want to interfere, but she was worried that if something happened, she could have someone to help her.

The ox-cart was pulling a hundred catties of slag sea pepper. Gu shouxin was driving the cart, and several women were sitting behind.

An hour later, the ox-cart followed the carriage in front to the backyard of the county government office.

“This Zhenzhen!” The Gu family was shocked.

Could it be that drunken River Restaurant was opened by the county magistrate’s woman? Why is the business so bad?

“Grandmother, mother, I want to follow father!” After alighting from the ox-cart, Gu Xin did not want to go with them.

“Eh? Why?” Cai Xiaolian asked, puzzled.

"Mother, come down a little. I'll tell you in secret." Gu Xin glanced at Gu shouxin, then tugged at Cai Xiaolian's sleeve and whispered.

Cai Xiaolian bent down and put her ear to Gu Xin's mouth.

Gu Xin whispered, 'when I passed by the gambling den just now, I saw father looking inside. Mother, I'll follow father. I won't let him go in.'

Cai Xiaolian laughed. This child!

"Alright, you follow father and watch him. When I close the deal, I'll buy some cloth and go home to make you some new clothes!" Cai Xiaolian touched Gu Xin's head and smiled.

Therefore, the Gu family split into two groups. Gu shouxin took Gu Xin to the study House, while Cai Xiaolian took grandma Gu and Gu Nian to the back of the county government.

Xinxin is worried that daddy will go gambling again? " Gu shouxin held Gu Xin's little hand and asked, feeling hurt.

"No, no, I didn't. I believe in father." Gu Xin quickly shook her head and broke into a wide smile, " I'm just afraid that you'll be bored out there alone. I'll accompany you.

"That Xinxin is really great! His father was very happy. Don't worry, Xinxin, daddy has such a good daughter, I really won't go gambling again." Gu shouxin didn't expose Gu Xin, but promised her again.

Father, it's Xinxin's fault. She shouldn't have doubted you. Gu Xin lowered her head and suddenly felt guilty that she shouldn't have doubted her father who had changed for the better.

Gu shouxin squatted down and looked at Gu Xin, " "Xinxin didn't do anything wrong. It was her father's fault in the past. Xinxin was the kindest girl in the world. She could forgive her bad father and even stand up to stop him from repeating the same mistakes and continuing to gamble. So, father won't let Xinxin down in the future."

Gu Xin's eyes lit up and she nodded her head vigorously, " "Yes, I believe in you, father!"

"Let's go! I'll take you to the study. Let's go there and buy some ink and brush. I'll use that place to teach Xinxin how to write and complete today's task!" Gu shouxin tidied up Gu Xin's clothes and led her to the study.

A few children with Dirty Faces looked at the back of the father and daughter. They were so envious of children with fathers!

On the other side, Butler Qian led the three grandfathers and granddaughters of the Gu family into the back of the residence. When they reached the innermost part, a maidservant was waiting there.

"Granny sun, she's here. Is it convenient for Madam to see you now?" Butler Qian was very polite to granny sun.

"Yes, old Qian, you can go! I'll take them to see Madam!" Granny sun sized up the three of them, then nodded.

Chapter 127 conquest

Drunken River Restaurant had opened at the end of last year, and the county Magistrate of Taoyuan County had taken office this year. No one would have thought that this drunken River Restaurant was actually opened by the county magistrate's wife.

The three grandparent and grandchild of the Gu family had seen the world, and they did not show any fear on their faces.

"Granny sun, who are they?" When they arrived at the county magistrate's wife's room, two good-looking little boys and girls came out. They looked very similar and should be brother and sister. The little boy asked curiously. The little girl hid behind her brother and also looked curiously at the Gu family's three grandfathers and granddaughters.

"Second young master, third miss, this is a guest that Madam has invited." Granny sun replied.

"Is it the sister who made the delicious cake?" The boy's eyes lit up as he looked at Gu Nian.

The little girl's eyes also lit up when she heard the word "cake," but she wasn't as fast as the little boy in finding the target.

"Luan 'er, take your sister back and let the guests in. Mother has serious business to discuss with them!" At this moment, a gentle female voice came from the room.

"Alright, mother!" miss, I'm Cheng huaijin. This is my little sister, Huaiyu. We really like your cake and chili! the little boy replied with a wide smile.

"Thank you for your love, young master. I'm Gu Nian." Gu Nian felt that the young man looked good when he smiled and smiled as well. However, the younger sister seemed a little shy and her eyes would occasionally look dull.

"Luan 'er!" There was a sound in the room again.

Cheng huaijin stuck out his tongue and waved at Gu Nian before running off with his sister.

Only then did granny sun bring the three of them into the house.

A middle-aged woman was sitting on the bed in the room. She looked to be in her early thirties, probably about the same age as Cai Xiaolian.

"You guys are here! Please take a seat, my foot is injured and it's not convenient for me to move around, so I asked you to come over. Please forgive me!" The county magistrate's wife was very affable and did not put on any airs. She looked very down-to-earth.

Cai Xiaolian sat down and introduced her mother-in-law and daughter to everyone.

She was a businessman, and the county magistrate's wife was a person without any airs. Soon, the atmosphere in the room became familiar.

"Lady Cai, I don't know what you mean by flexible? If we can reach an agreement, I'm willing to cooperate with Lady Cai." After the atmosphere had become more familiar, the county magistrate's wife went straight to the business.

“Madam Cheng, the flexibility I’m talking about is actually a change in the business model. Since the business hasn’t improved for a year, we have to consider other aspects besides the taste.” Cai Xiaolian said.

The county magistrate’s surname was Cheng, and the county magistrate’s wife’s surname was sun, so Cai Xiaolian naturally called her Madam Cheng.

“The other aspects naturally refer to the business aspect. For example, how to attract customers? Before I came here, I didn’t know that the owner of the drunken River Restaurant was you, the wife of the county Magistrate. I believe many people didn’t know either. So, let me guess, Madam Cheng, you must not want to use Lord Cheng’s name to make this business better! “Since that’s the case ...” Cai Xiaolian said a lot.

Her words won over Mrs. Cheng and her mother-in-law.

Grandma Gu was able to hide the surprise in her eyes, but she couldn’t calm her emotions down.

Did second eldest daughter-in-law receive guidance from an immortal or was she hiding her true self?

It seemed that it didn’t matter if he didn’t come this time. Second eldest’s wife was completely capable of handling it!

Chapter 128: Save the child

Grandma Gu relaxed, but Mrs. Cheng became nervous.

Not only was Madam Cheng nervous, but she was also excited. She had never heard such business-related words from a woman’s mouth.

Madam Cheng invited the three of them to stay for lunch.

Because the county Magistrate was not at the county office, she was a woman in the inner residence. Her foot was injured and it was inconvenient for her to move, so it was not appropriate to invite Gu shouxin to dinner.

The three grandparent and grandchild of the Gu family could understand this.

It was not until 11 am that the three of them arrived at the study and found Gu shouxin and his daughter.

On the way back, Cai Xiaolian told the father and daughter about the cooperation with Madam Cheng at drunken River Restaurant.

Six dishes were served every month. They could be snacks, soup, stir-fried, or breakfast.

Cai Xiaolian also suggested to Madam Cheng that the restaurant’s decoration should be changed, and the layout of the indoor dining table should also be redone.

The reason why it took so long was that Cai Xiaolian had drawn her own design for Madam Cheng there.

Cai Xiaolian's identity in the modern world was a successful self-made businessman. Before she started her business, she was a rich lady. Her family's business was in a crisis, and her in-laws didn't treat her well. After the divorce, her family went bankrupt. She did start from scratch.

She majored in Fine Arts in college, so it was easy for her to draw a simple design.

As soon as the draft was out, Mrs. Cheng admired her even more.

If she wasn't afraid of being suspected by grandma Gu, Cai Xiaolian could have drawn it even better!

The two sides cooperated, 30 – 70, Cai Xiaolian got 30, and Madam Cheng got 70.

Apart from the food and some business ideas, Cai Xiaolian didn't care about anything else.

Drunken River Restaurant would still be open for one more day tomorrow, and then it would be closed for decorations. It would reopen at the end of the month.

Their family didn't need to make chili anymore. Madam Cheng would find someone to make it. When it opened again, Cai Xiaolian would come out with 17 new dishes. At that time, Madam Cheng would invite all the low-level women in the county and the women in the house to try the dishes. This was Cai Xiaolian's suggestion to increase their popularity.

"Wifey is so powerful!" Gu shouxin said sincerely after listening.

"Mother, have we cooperated with the drunken River Pavilion? Does that mean we'll have an income every month from now on?" Gu Xin asked in surprise.

"Little money-grubber!" Cai Xiaolian tapped Gu Xin's nose and laughed. that's right. I have an income every month. In the future, our Xinxin will have a lot of time to complete her daily plan! There is no need to be at a loss whether to go out with mother or to help older sister at home."

"Then, eh, eh, eh, isn't that sister-in-law Yumei?" Just as Gu Xin was about to say something, she saw a person lying on the ground in front of her. Half of his face was on the ground, and the other half was exposed.

"Second brother, stop the car! It's that girl, Yumei!" Grandma Gu looked over and quickly asked Gu shouxin to stop the car.

The family quickly walked forward.

Sun Yumei was in a sorry state. Her skirt was covered in blood and her body was covered in dirt. It looked like she had been crawling for a long time. In the early winter, her forehead was covered in sweat and her face was pale.

"Sister-in-law Yumei, sister-in-law Yumei!" Gu Xin was so frightened by her that she cried.

"Yumei, Yumei!" Grandma Gu squatted down and patted her face.

"My child, my child! Please save my child." Sun Yumei was not in her right mind, and she was calling out for her child.

“Second brother’s wife, you take niannian to the sun family of Lotus Village to explain the situation to her brothers. Second brother and Xinxin will go to the county town with me to find a doctor!” Grandma Gu couldn’t care less about the blood and mud on sun Yumei’s body. She picked her up and ordered.

Chapter 129: As expected of my mother!

They would reach Lotus Village soon. Fortunately, they had sent sun Yumei back to her parents’ house once before, so Cai Xiaolian and Gu Nian were able to find their way.

Gu shouxin drove the ox-cart and changed the direction. The speed was also faster than before.

Gu Xin’s tears could not stop falling. Other than her family, sister-in-law Yumei was the person who treated her the best.

Sister-in-law Yumei would give her delicious food. Sometimes, when she saw her hair was messy, she would tie it up for her. She would teach her the names of all kinds of wild flowers and tell her when the flowers would bloom. She would even sew a small purse for her.

Something suddenly appeared in her clenched fist and Gu Xin stopped crying.

That’s right, I have jade beads.

Would sister-in-law Yu Mei feel better after eating the Jade Pearl?

Last time, first aunt had given birth to ninren after drinking the Jade Pearl water.

As Gu Xin thought of this, the Jade fish in her hand spat out a Jade bead and it disappeared into Gu Xin’s palm.

Gu Xin pinched the Jade bead and saw that her grandmother was still staring at sister-in-law Yumei. She did not feed it to her immediately.

water! Water Qianqian! sun Yumei’s lips were cracking as she called for water.

“Milk, I’ll go get it.” Gu Xin was afraid that grandma Gu would beat her to it, so she shifted her body and took out the gourds from the basket.

The small basket was filled with four gourds of water. It was prepared by Cai Xiaolian, and each of them had one.

Gu Xin took out her gourd. She had been drinking water at the study today, so she still had a lot of water left in her gourd.

With her back to grandma Gu, she opened the lid and put the Jade bead down. She shook it a few times before handing it to grandma Gu.

Grandma Gu was holding a gourd and carefully feeding sun Yumei water.

He drank half of the gourd of water, and the other half flowed down the corner of his mouth.

Gu Xin prayed silently in her heart, 'God, please help sister-in-law Yumei get better. Sister-in-law Yumei is a good person. You must help her get better.'

The ox-cart entered the city, and grandma Gu pointed it in the right direction. It didn't take long for them to reach a small side alley. It didn't look like a medicine Hall that was open for business, but more like someone's house.

"Second brother, you go to the city gate and wait for the sun brothers. I'll stay here with Xinxin. Xinxin, go knock on the door and tell her that Gu xianglan is here." After getting out of the car, grandma Gu picked sun Yumei up again and gave her father and daughter some instructions.

"Alright, mother." Gu shouxin nodded obediently.

Even though there were many scenes in his memory of him taking advantage of mother Dali, he was still very shocked to see it with his own eyes.

Look, he just casually picked up a dying person without even panting.

Look at this introduction. Xxx from the village of the three Forks is here.

It was indeed his mother, an extraordinary sound!

The person who opened the door was an old woman. When she heard Gu xianglan's name, she looked outside and quickly came out to welcome her.

Gu Xin followed behind grandma Gu. After she entered the house, she was not in the mood to look at the flowers and plants in the yard. All her attention was on sun Yumei.

"Sister, you must save this person. Her family has seven brothers. If something happens to her here, I'm afraid you won't be able to live in peace!" As soon as grandma Gu entered the central room, she said this to an old woman who was about the same age as her.

"I say, Gu xianglan, you're sick! You know it's troublesome, but you still sent her to me? Are you saying that I'm living too peacefully?" The old lady was speechless.

"Yes, I'm sick. The illness that likes to torture you, stop talking nonsense! I left her here, quickly take a look at her. She's pregnant and doesn't know the child's condition."

Chapter 130 old sisters

"What child? They all fell. Tsk, tsk, it must have been a few months! What kind of heartless thing was this? Fortunately, there's something good keeping her alive. Otherwise, she definitely wouldn't be able to live." The old woman checked and shook her head.

"The Wang family is a group of bastards!" Grandma Gu couldn't help but curse.

"Grandma, did sis-in-law Yumei lose her baby?" Gu Xin asked while sobbing.

“Don’t cry. When your sister-in-law Yumei wakes up and sees you crying, she’ll cry again. Be good, let’s go outside and wait for this grandma to treat sister-in-law Yumei.” Grandma Gu patted Gu Xin’s head and held her hand as they walked out.

Grandma Gu’s body was also stained with sun Yumei’s blood and mud. The old woman asked someone to give grandma Gu a set of fitting clothes.

Grandma Gu asked Gu Xin to stay where she was and went to change her clothes.

.....

The sun family’s brothers only arrived when it was almost dark.

Only three brothers and sisters-in-law came. The others should have gone to the village at the crossroads.

Sun Yumei was already awake and had changed into clean clothes.

However, she kept her mouth shut and did not say a word. Her eyes were like a pool of still water.

“Thank you, grandma Gu and second uncle Gu, for saving my sister! I can’t repay you for saving my life, but in the future, if you need my sun brothers ‘help, just ask!’ The one who spoke was sun Yumei’s older brother, sun dalang. He was a tall and strong man with a dark face, and his appearance alone was enough to scare people.

“We’ll talk about this later. Didn’t Yumei go back to her mother’s house last time? What kind of brother and sister-in-law are you? She knows that the Wang family isn’t a place for humans to stay, and yet she still wants her to go back?” Grandma Gu couldn’t help but scold him.

“I say, young fellow, your sister almost lost two lives today! I heard from old Gu that she has seven brothers. Tsk, tsk, how embarrassing. It’s not her fault that a person from her maternal family with seven brothers can live like this. It’s your brothers ‘fault!’ The old woman said in disdain.

Sun dalang and his brothers lowered their heads and did not refute.

“It’s late, we’ll go back first. We’ve handed him over to you guys, we outsiders can’t care so much!” Grandma Gu glanced at the sun family, then turned around and went into the house to call Gu Xin.

“Tsk, old Gu, you’re so boring! You’ve always been with your brother Chuan. It’s not easy for you to come to my place, and you want to leave now? No, no! I won’t allow you to leave!” The old woman chased after him.

“You also know that my brother Chuan can’t live without me, so why should I stay?” Grandma Gu said mercilessly.

“Aiyo, he’s already a few decades old. What’s wrong with letting him leave you for a day? Old Gu, old Gu Yingluo.”

Gu shouxin looked at the two old sisters who entered the house and felt his teeth ache.

His cheap parents had a really good relationship! So good that his cheap son’s teeth ached at the sight.

“Second uncle Gu, today’s matter ...”

“It’s nothing, not worth mentioning! In the future, take good care of Yumei. This girl is usually quite close to my little daughter.” Seeing that the sun brothers were about to thank him again, Gu shouxin waved his hand and said.

Grandma Gu held Gu Xin’s hand as they walked out, her old friend was still chattering behind her.

Even when they got on the ox-cart, they still wanted to keep him.

Grandma Gu heartlessly asked Gu shouxin to drive the carriage.

“Gu xianglan, you bastard! I won’t serve you next time you come! Remember to bring me money for my clothes next time. You’re wearing my new clothes!”

After the ox-cart had gone far away, grandma Gu could still hear her old friend’s shouts. She smiled.
