

## Haywire 141

### Chapter 141 full harvest

Gu Xin thought of the Jade fish that had turned into a fish-shaped mark, so she wanted to go to the small waterfall where they were released to see if she could find any small fish.

She found an excuse and said that there was a small pond with fish in it. She could try her luck and maybe catch some fish.

Gu Hui and Gu Nian naturally agreed.

After putting the firewood in the straw basket, the four of them went to the small pool.

Gu Nian had even thought of sacrificing herself to catch fish in the winter to make soup. However, as soon as she arrived, she found a cave and found something she wanted at the entrance.

this, this, sister Huihui, Xinxin, sisi, quickly help me pick this! Gu Nian was a little excited.

The three of them stepped forward and looked at Gu Nian in confusion.

“This thing is a good thing! I’ve been thinking about something recently, and I really need it. Do me a favor, sister!” Gu Nian gave a simple explanation.

The plant that Gu Nian had discovered was called the mutated-leaf Poplar. The people of the village at the crossroad called it the three-leaf tree, which could be used to extract alkali.

With this, Gu Nian no longer needed plant ashes.

She didn’t expect such a plant to grow here. It was useless for her to think too much. The world that her nephew, who was a slacker, had built was illogical. It was good that it was useful.

“Gu Nian, what have you been thinking about recently? Or food? Are you planning to use these leaves as food?” Gu Hui asked curiously after she had plucked enough.

Gu Nian’s eyes were fixed on the side of the pond as if she had not heard anything. Gu Xin then helped to explain, “No, sister Huihui. My sister is going to make something to wash and rinse the mouth. Sister Yingying,”

“Argh! Mint! Bo He!” Gu Nian’s excited voice interrupted Gu Xin.

The Three Sisters were shocked by Gu Nian’s reaction.

Gu Nian then ran to the pond and began to pick the grass.

The three of them followed.

no, no, we can’t take them all. Sisters, let’s dig them out and plant them. Gu Nian thought about the vegetable plot at home. It would be a waste to leave such a good place to grow vegetables.

“Gu Nian, are these things really useful?” Gu Hui once again asked what she did not understand.

“It’s true. Sister Huihui, you don’t believe me? If I told you in the past that the food I made could be sold for money, you definitely wouldn’t believe it! So, please help me!” Gu Nian said with certainty.

Gu Hui considered for a moment and said, “Sisi, come with me to get the backpack.”

“Big sister Huihui is the best!” Gu Nian was stunned for a moment before she shouted.

Gu Hui stopped in her tracks for a moment, then brought Gu si back to where they were earlier to get their backpacks.

“Sister, should we bring this grass back to grow in our field?” Gu Xin squatted down and asked as she helped.

“We don’t have to raise them in the ground, we can raise them in the pot. We can use the mud in the vegetable field to raise more. Xinxin, I’ll follow your good luck! Big sister loves you to death!” Gu Nian really wanted to give Gu Xin a big ‘muah’.

“Hehehe, good!” Gu Xin smiled foolishly.

His sister didn’t know that it was because of the well water! He thought it was a vegetable field.

However, when the time came, he could water the grass with the well water, and it could grow.

After a while, Gu Hui and Gu si returned with two empty backbones.

One of them was carrying the mutated Poplar, and the other was carrying the mint plant.

The four sisters tidied up and left the small pool.

They had already forgotten about catching fish. Gu Xin, on the other hand, stared at the water for a long time but did not find any fish. She felt a little disappointed.

She planned to come over secretly at some point and tell the little carp about the changes in Yuyu.

Chapter 142: If you like it, then eat it all

On their way back, the four sisters met a few villagers who were returning home with firewood. They were amazed to see Gu Nian working.

However, when he recalled how Gu Nian had looked down on them in the past, he did not bother to pay attention to Gu Nian and only greeted Gu Hui.

Gu Nian sighed in her heart. The host’s interpersonal relationships were not good!

When they arrived at the old mansion, the four sisters parted ways. Before Gu Hui entered the house, she said, “Gu Nian, if you can’t handle it on your own, you can ask me for help. Don’t always let Xinxin do that.

Gu Nian was stunned. This was another person who did not fully trust her to treat Xinxin well. She smiled widely. okay, sister Huihui. I’ll get Xinxin to call you when I’m too busy.

Gu Hui did not say anything else and brought her younger sister into the house.

The two sisters continued walking. When they were almost at the entrance of the house, they saw a woman and a young lady who looked similar to Gu Nian. They were pouring a bucket of something out of the door. When Gu Nian saw the contents of the bucket spill out, her expression changed.

son of a b \* tch! Who told you to be a busybody! Who told you to be a busybody!

“I’m going to stinky you to death! Those who chop off the head, their entire family will die!”

“Mother, don’t let grandma Gu find out! What should we do now that grandma Gu has come to our door with a knife?”

“What do you know, you money-losing thing? We took a detour from another small path, who knows? Which one saw it? Hurry up and run!”

The mother and daughter were sun Yumei’s mother-in-law, Mrs Liu, and her sister-in-law, Wang cuihua. The two of them had finished their business and were about to run away from another direction.

Xinxin, go and call grandma over! After Gu Nian finished instructing Gu Xin, she put down her backpack, picked up her chopper, and chased after her.

“Oh!” Gu Xin also put down her back and turned to run back.

“Liu, stop right there!” Gu Nian threw the chopper over and it stood firmly beside Mrs Liu. Her accuracy was much better than Cai Xiaolian’s.

“Ah!” Wang cuihua was so frightened that she held her head and screamed. She had been sold to a family in the county as a maidservant since she was very young. When had she ever seen someone throw a chopper at a disagreement?

She had only returned to the village today because of Wang tiezhu’s imprisonment.

“You little b \* tch, who are you trying to scare!” Mrs Liu was only frightened for a moment before she steadied herself.

“Ha!” Gu Nian did not want to talk to her anymore. She quickly ran forward and jumped up to kick Mrs. Liu.

This Mrs Liu had really angered her. She wasn’t even this angry when they were fighting, but this Mrs Liu directly brought a bucket of feces over and poured it on their front door. If she wasn’t angry, then she wouldn’t be considerate.

“You like this thing, right? I’ll let you have your fun today!” Gu Nian held the mother and daughter in each hand as she walked toward the front door of her house.

When Gu Xin arrived with grandmother Gu and Gu Hui, she saw Gu nianti and the Wang family’s mother and daughter sticking their faces to the front door of the Gu family’s house. It looked as if they were using a cloth to wipe the door.

“Your Gu family’s dog is a busybody! You caused my son to be thrown into jail!”

“Your Gu family deserves to die! I curse your entire Gu family to die!”

“Blargh!”

“I, blargh! Whoosh!”

I curse you, Gu Ya, to never be able to get married. Blargh!

“.....”

Gu Nian sneered as she increased her strength. go on, continue. Anyway, you’re the ones who pulled this out. We shouldn’t let our own fertile water flow into others’ fields. What’s the meaning of bringing it to my house? ” Eat it all back for this old lady!”

Grandma Gu,& Gu Hui& and Gu Xin,”Yingluo.”

He wanted to vomit.

Chapter 143: My niannian is gentle and well-behaved

Now that grandma Gu was here, Gu Nian obediently stood to the side. She did not say anything or do anything. She only knew her place and kept her distance from her grandmother and the other sisters.

This smell is indeed not good!

She felt like puking.

As grandma Gu looked at the Wang family’s mother and daughter, who were covered in vomit and feces, she gave Gu Nian a meaningful look.

“You have two choices. One, change the door of my second brother’s house and clean the front. Second, we can go to Li Zheng’s place to reason with him and compensate him with silver.” Grandma Gu looked at the mother and daughter of the Wang family, still not used to it.

In the past, if anyone dared to bully her Gu family, she would be the one to take action.

Now that her granddaughter had made a move, she had no place to make a move!

This kind of feeling was too helpless, and he was not used to it!

In the past, she had thought that Gu Hui was the one who was the most similar to her younger self among all her granddaughters. Now, it seemed that Gu Nian was even more similar to her younger self!

“Aunt xianglan! We are the ones who were bullied by Gu Nian, and you want us to compensate? How can you be so unreasonable?” Tie Zhu’s mother didn’t dare to scold grandma Gu, but she still felt wronged.

“How can my granddaughter bully others? Other than using her embroidery needle, she couldn’t even win against the little girls in the village in a scolding battle. How was she bullying them? Using needles to prick you?” Grandma Gu asked calmly.

The three Gu sisters looked at grandma Gu, who was calm and collected.”.....”

Gu Hui: " grandma, you're talking about the Gu Nian from the past. The one who only knew how to bully others. Not the one now!

[ Gu Xin: I feel that grandma's words make sense. But we saw sister feeding the Wang family's mother and daughter with Daddi just now. ]

Gu Nian: " I didn't expect you to be like this, grandma. Yes, I like it!

"Aunt xianglan, you can't do this! "First, this girl wanted to cut us with a chopper, then she made us eat. Eat, vomit, vomit, vomit." Tie Zhu's mother couldn't continue and vomited.

"My niannian is so educated and reasonable. She's the most gentle and well-behaved person. You must be possessed! Besides, why is she looking at you two?" Grandma Gu asked again.

"We, we're Yingluo!" Tie Zhu Niang was speechless.

Gu Nian almost laughed out loud. Gentle and well-behaved? Are you sure he's talking about her?

Gu Nian had announced that she liked her grandmother the most because she had the best taste.

"Don't talk nonsense! Do you want to settle the compensation in private, or do you want to go to the head officer's side and reason with him before paying the compensation?" Grandma Gu looked at the mother-daughter pair coldly and was getting impatient.

"Grandma, I'll go back and bring a bucket to the Wang family! Father said that if others bully one person of the Gu family, we have to bully the entire family. He even brought feces to drench the door! I'll have to call father to go and drench every single door of the Wang family!" Gu Hui said.

"That's true, but Huihui, remember what niannian said just now. We shouldn't let our own fertile water flow into others' fields. Why should we use our own fertile water to drench others' fields? Just their Wang family's dirty land is not worthy of using our family's fat!" Grandma Gu said.

"Then why don't we ASK FATHER to go to the Wang family's manure pit? Trash family's territory should use trash family's fertilizer. Our family's fertilizer is a little more expensive, but their family's people are not worthy of it! If you ask me, it's a good thing that the mother and daughter brought the manure from their own house today. Otherwise, if they used our own, I would have scolded niannian for wasting it when she gave it to them just now!" Gu Hui was enlightened.

Chapter 144 learn by yourself

"Blargh!"

The mother and daughter of the Wang family vomited again.

This time, he even vomited out his jaundice-filled body. He kept feeling nauseated when he smelled the stench all over his body. Then, he heard Gu Hui eating and eating. Damn, there was nothing in his stomach to vomit. He could only take a taxi.

In the end, the Wang mother and daughter could only agree to pay. They carried the bucket of manure and went home to get the money under grandma Gu's escort.

Gu nianxiang followed them to watch the show. However, grandma Gu gave her a sidelong glance. "Go back with your eldest cousin sister, find some of her clothes, and wash them up! Otherwise, you won't just be there to watch the show, you'll be the one being watched."

Gu Nian, "Yingluo."

"Grandma, there's no need to trouble big cousin. I'll go back to my room and change. Xinxin, go and remember everyone's words and expressions. I'll test you later!" As Gu Nian spoke, she quickly climbed up a tree and nimbly jumped onto the wall of the courtyard. She waved at the Gu family before jumping in.

Grandma Gu was stunned for a moment.

The second brother's family had indeed hidden their strength. This damn second brother, he had actually been practicing in private!

Good-for-nothing, for a woman, you haven't gotten over it yet, right? you can already teach your daughter in private, but you still have to pretend to be useless. You just don't want to live a good life, right?

I'm going to teach you a good lesson tonight!

Grandma Gu assumed that Gu Nian's Swift movements were secretly taught by Gu shouxin.

She cursed Gu shouxin in her heart. She felt that it was not worth it for her second daughter-in-law. Why did she have to marry such a man who had another woman in his heart?

When second brother's wife was a girl, she was a flower in their village at the crossroads. Look at how she had been ground into this now!

As she walked, grandma Gu thought to herself that she would have to give Gu shouxin a good beating later at night.

"Achoo!"

Gu shouxin, who was on his way back and chatting with Cai Xiaolian, suddenly choked.

"Yo! Did you catch a cold? You have to be careful!" Cai Xiaolian said.

"Thank you for your concern, little Lian." Gu shouxin smiled and said, " but I don't think she caught a cold. I guess our daughter missed us. I sneezed because I missed you so much."

Cai Xiaolian rolled her eyes at him. with that girl Gu Nian around, Xinxin won't even think about you. You wish!

Gu shouxin only smiled and said nothing.

.....

After Gu Nian entered the house, she immediately went to the kitchen and brought out a bucket of dust. She then cleaned the entrance.

The front door could be covered with dust, and then the dirt could be shoveled away with a shovel and soil, and then transported to the land in Houyang ditch to make the land fertile.

However, there was nothing she could do about the things on the door.

After some thought, she decided not to touch it since the other party had admitted to paying for it. She would wait until tonight and get up the next morning to remove it and ask fourth uncle to help her build a new door.

It couldn't be removed immediately. There were wild boars in the mountains that had crashed into their house's wall. Who knew if other wild animals would come over?

If they didn't come to die and just came in to eat them, it wouldn't be worth it.

On Gu Xin's side, she kept her sister's instructions in mind. Along the way, she kept in mind the words she said to everyone and the expressions on their faces.

When she arrived at the Wang family, she even saw a battle between old women.

She didn't have many words in her little head, so she could only remember expressions and learn to do it herself. This was a task handed in by her sister.

Old lady Wang was a famous old Shrew in the village, and grandma Gu had always been a violent person in the village.

Chapter 145: This is too much

Hence, when the four members of the Gu family gathered at home and talked about what happened today, Gu Xin's expression and her small arms and legs seemed to be twitching.

Gu Nian burst out laughing.

Gu shouxin and Cai Xiaolian glared at Gu Nian, their eyes full of condemnation.

"Father, mother, don't look at me like that. I'm scared!" Gu Nian stopped smiling and explained pitifully, "I only asked Xinxin to remember it. I didn't ask her to learn it. Really. I asked her to describe it."

"Yes, yes. Father, mother, don't talk about my sister. It's all my fault for being too stupid. I don't know what words to use. I'll study hard in the future and learn more languages from books every day!" Gu Xin nodded as she spoke up for Gu Nian.

"Yes, yes, yes. Father, mother, I'll sort out what I learned when I was young and let Xinxin learn from me. It could develop Xinxin's brain, make her smarter, and make her learn things faster. Didn't grandfather and grandmother say that Xinxin liked to count? I'll give her a Sudoku set and some simple arithmetic questions first! Mother, you know Sudoku, right?" Gu Nian hurriedly said.

"Oh, now that you mention it, I almost forgot that you have something to teach children! Your father is taking the imperial examination. Our Xinxin doesn't need to take the imperial examination, so it's good to learn from you." Hearing this, Cai Xiaolian felt that it was a good idea.

“Yes, I am. Tomorrow morning, you two will study at home. After that, prepare lunch, and your eldest and fourth uncle will come over to help you plant the potatoes.” Gu shouxin nodded and said.

father, we found something good at the small pond in the mountains today. Sister said that it can be used to wash and gargle! Gu Xin thought of something that she had not mentioned today and quickly said.

“Yes, yes, yes. Father, you can’t let fourth uncle farm tomorrow. Fourth uncle wants to set up a door for our family, and then build my laboratory for me! If we succeed, we can make it in bulk. It’ll be something that can make a lot of money!” Gu Nian nodded.

“What did you all find?” Cai Xiaolian asked.

“The mutated leaf Poplar can be used to extract alkali. We don’t need plant ash. There was also the mint, which could be used as an aromatic agent to add to toothpaste. “This mutated-leaf Poplar is a Wuwu,” Gu Nian explained.

Cai Xiaolian, who had also transmigrated from the modern world, couldn’t understand what she was saying.

“Mm, do as you see fit! When the potatoes are all planted, I’ll find time to buy the land around us from Li Zheng and build a new house. We’ll live in a new house before the new year. It’ll be easier for you to do things then.” Since Gu shouxin could not understand, he could only let Gu Nian do it herself and create a good environment for her.

“Do you want to build a new house?” Gu Xin’s eyes lit up.

yes. Xinxin, do you like the new house? ” Gu shouxin asked.

“I like it! Father, does that mean I can have my own desk?” Gu Xin nodded vigorously.

of course, your sister said that she’ll decorate Xinxin’s room beautifully. It’ll be the most beautiful girl’s room in our village! Gu shouxin said as he smiled at Gu Nian.

Gu Nian, “Yingluo.”

You’ve been discussing with your cheap wife when you’re repairing the house, not with me, your cheap daughter. Now that you’re going to decorate a beautiful room for your other cheap daughter, you’re thinking of me, your cheap daughter?

Hmph!

What a biased father!

Didn’t I just hear your scary eunuch voice?

This was too much!

Chapter 146: You have to listen to your sister

The Wang family’s matter did not affect the Gu family.

Everyone in the village knew that the Wang family's mother and daughter had come to pour dung. Of course, there were also those who were not on good terms with the Gu family who said that the Wang family's mother and daughter had done a good job and that the Gu family was just being nosy. However, most of them still felt that the Gu family had done the right thing and the Wang family had done wrong.

Wang tiezhu was flogged by the county Magistrate and sentenced to three years in prison.

No matter how the Wang family pleaded with the sun family, it was useless.

The Wang family now hated the sun family and the Gu family, but they were powerless.

Sun Yumei was no longer at old lady Xiao's place. Her brother and sister-in-law had taken her back to her maternal home to recuperate.

At the end of the month, Cai Xiaolian and Mrs. Cheng's Zui Jiang restaurant would be open for business after some decorations.

The potatoes planted in the field had also sprouted.

After researching for more than ten days, Gu Nian finally produced a box of toothpaste and more than 20 bars of soap.

Gu shouxin bought the land around the house and circled it all, ready to start work.

Just as the Gu family's new house was about to start construction, the abandoned small courtyard not far from the entrance of the three Forks village had also been bought by someone and was already under repair.

On this day, Gu Xin and Gu si went to the old Carpenter's yang family to look for fourth uncle Gu. Gu Xin's sharp eyes noticed that there were a lot of people in the small courtyard that no one had been living in. She ran over to take a look out of curiosity.

"Eh? Brother Ji Xiang, why are you here? Why did you order people to touch our houses?" Gu Xin saw a familiar face. Wasn't this the Zhou family who would come to her house every two days to check on the potatoes?

"It's miss Xin! Nice to meet you, miss Xin. This house is now my young master's. My young master bought this house from your village head and plans to live here permanently to look after the crops!" Ji Xiang said with a smile.

"Ah? Young master Zhou wanted to stay here! And look at the crops every day? The crops won't run away!" Gu Xin said with a frown.

She felt that young master Zhou did not trust their family.

Not only did he send someone over to ask about it every two days, but he also bought a house to live in. Didn't that mean that he didn't trust their family?

His sister was right, young master Zhou was not a good person!

“Lady Xin is right. It’s just that these crops are very important to our young master, so I don’t feel at ease if I don’t look at them. Does Lady Xin want candy?” Ji Xiang clearly felt the little girl’s dissatisfaction and quickly took out the candy.

“I’m not eating! Big brother Ji Xiang, you’re busy! I’m leaving!” Gu Xin shook her head, then took another look at the small courtyard before walking away with Gu si.

“Sister Xinxin, you’ve done well. My father said that I can’t just take other people’s food. The people outside are all very bad, they will use sweets and pretty hair flowers to coax the little girl. After coaxing the little girl away, she will be sold to others as a slave and can not come back to see her father and mother for the rest of her life.” After walking for a long time, Gu si suddenly said. After he finished speaking, he even turned his head to look behind him.

“Yes, uncle is right. My father, mother, and sister also said that we girls have to guard against men outside and can’t just trust them. Without father, mother, and sister by our side, we can’t just go with anyone, and we can’t just believe the words of others. Sisi, even if it’s just the two of us in the future, you have to remember these words. We’re both a little stupid, so we’ll have to follow the big Sisters.” Gu Xin agreed.

Sister Xinxin, you’re smarter than me. I’m the stupid one. Gu si said.

“No, I’m also very stupid. However, our Big Sisters are all smart. In the future, as long as we are obedient, we won’t be bullied!” Gu Xin said.

“Yeah, that’s true.” Gu si nodded.

The two sisters entered the Yang family’s house hand in hand.

Chapter 147 tough life

Grandma Gu had three sons and one daughter. All of them had gone to school, but the eldest and fourth children refused to go to school after they learned how to read.

Boss liked to farm. He would be even happier on the day of his wedding if he saw a good harvest.

The fourth child was apprenticed to the village carpenter, master yang, when he was ten years old. He had been doing carpentry all this time. Now the fourth child was eighteen, and he would be nineteen after the new year. He had finished his apprenticeship two years ago.

It was just that he had always been working with master yang and had never thought of working alone.

“Fourth uncle, grandma asked us to tell you to invite Grandpa yang and his family over for dinner.” There was only fourth uncle Gu in the Yang family’s courtyard. The sisters came forward and Gu Xin said.

“Yes, I know.” Fourth uncle Gu stopped what he was doing and smiled at his two nieces.

“Eh? Weren’t they the two second daughters of the Gu family? Come and find your fourth uncle! Tsk, tsk, your uncle said last time that there are two girls in the house. How are we going to split up in the

future?” At this moment, a girl dressed in coarse cloth came out of the house. Her hair was tied into a high ponytail, and she looked very neat.

This was Master Yang’s only daughter, yang xiaohuan. She was twenty years old this year, but she was still a Virgin. She had been proposing marriage since she was fifteen years old, but she had yet to get married.

It was not said that every time the marriage was arranged, something would happen to the man. If he didn’t break his legs, he would hit his head, and he would have to lie in bed for ten days to half a month.

This was not a big deal at first, but after Yang xiaohuan’s first marriage proposal partner fell into the river and drowned after getting drunk, all the other marriage proposals that came after her would put the blame on her whenever something happened.

After breaking off the engagement, she would not encounter such an unlucky thing again.

In the past five years, they had proposed a total of six times, but none of them had succeeded.

It was said that she had a tough life. When she was born, she killed her mother. When she was three years old, she killed her brother. Now that she was at the age of marriage, it was time for her to kill men. Therefore, no one was willing to marry her.

When the matchmaker mentioned her, the man who was more polite would use an excuse to reject her. If he wasn’t polite, he would chase her away.

As for why master yang had been fine all this time and wasn’t jinxed by her, that wasn’t the case. Master yang wouldn’t be jinxed by her, but if you were involved with master yang, then you would suffer.

For example, when yang xiaohuan was four years old, the Yang family had even arranged for master yang to marry a second wife, but she was not pregnant yet. One day, when she was doing housework at home, she was bitten by a poisonous snake and died.

As a result, those who did not believe in the rumors also believed in the rumors now. Even though master yang had prepared a generous dowry for yang xiaohuan, those families with sons did not dare to approach her. Their sons’ lives were still more important than the dowry.

“Aunt xiaohuan, we’re Xinxin and sisi, not Erya!” Gu Xin corrected yang xiaohuan.

“Alright, Xinxin and sisi. What are you guys doing here?” Yang xiaohuan chuckled as he passed the glass of water to fourth uncle Gu. Then, he led the two young ladies into the central room.

“Aunt Xiao Huan, sisi and I came to pass on a message to fourth uncle. I made some delicious food at home, but Grandpa and Grandma can’t leave. My parents went to the county, so I asked fourth uncle to invite Grandpa yang and aunt Xiao Huan to my house for dinner tonight!” Gu Xin explained.

“Ya! That’s good! A few days ago, I ate the second branch’s eldest daughter, Oh, no, I ate your sister’s sausage. I want to eat it again! Here, these are the candies I bought from town yesterday. Take them!” Yang xiaohuan went into her room with her men, and each of them grabbed a handful of candy and put it in their pockets.

Chapter 148: If you bully the small ones, the big ones will deal with you

"Aunt xiaohuan, we can't just take candy from others." Gu Xin pulled Gu si and took a step back.

"I'm your fourth uncle's Senior Sister!" Yang xiaohuan laughed. You've heard of that day as a teacher and a father for life! Your fourth uncle is my little brother! Let's go around it and talk about the relationship between relatives. How can he be considered someone else!"

Gu Xin and Gu si looked at each other, still a little hesitant.

"If you don't eat, I'll be angry! If my father doesn't work for your fourth uncle, your fourth uncle won't have any work to do in the future. He won't be able to earn money and won't be able to get married! Your grandparents will be worried about him all day!" Yang xiaohuan laughed evilly.

"Don't! We'll take it!" Gu Xin was shocked and quickly took the candy.

Gu si pursed her lips. I was wrong. I'm smarter than sister Xinxin! Aunt Xiao Huan was obviously just playing with the child!

"Sister Xiao Huan, don't scare my two little nieces. They're very protective of their own. You've bullied the little one. When the big one finds out later, they'll come together to deal with you!" Fourth uncle Gu, who was outside, could not help but smile and remind her.

"Fourth bro, I'm not bullying you! Don't talk nonsense! I really like the two big boys." Yang xiaohuan said as she led the two girls out.

.....

In the evening, apart from Madam Zhang, who was still in confinement, the Gu family, as well as master yang and his daughter, gathered around the kitchen.

In the afternoon, Gu Nian and Grandpa Gu had prepared the base ingredients for the hotpot. It was so fragrant that uncle Gu and Gu en could not help but swallow their saliva.

Grandma Gu asked everyone to start eating.

Hot and spicy hotpot was the best in winter, as it warmed one's body.

"Uncle yang, this junior offers you a toast! Thank you, uncle yang, for the boxes you made for us these days!" Gu shouxin raised his glass and toasted master yang.

"Look at what second brother is saying. If it wasn't for niannian's sketch, fourth brother and I wouldn't have been able to make it!" Master yang chuckled as he picked up his wine glass and said this. Then, he raised his head and drank the wine.

Recently, Gu Nian and Cai Xiaolian had designed a box set that contained a toothbrush, toothpaste, and soap.

Yesterday, she had sent it to County Magistrate Cheng's family. Today, Madam Cheng had proposed to start this business with Cai Xiaolian.

However, Cai Xiaolian did not agree immediately. Since Gu Nian was the one who had made it, she still had to ask for his opinion on whether she wanted to work with him or make it herself.

On the way back from the county, the couple had discussed it. Whether it was a cooperation or making it themselves, it was best to let master yang and fourth master Gu make the box.

“Grandpa yang, I still have something I want you to help me with! I’ll come and talk to you when you have time!” Gu Nian said as he and the rest gulped down their wine.

“Niannian, come anytime! Niannian’s box has given me a lot of inspiration! I can make more gift boxes if you divide it into small boxes. Whether it was a girl’s jewelry or a snack or candy, it was not bad. Wasn’t the new year coming soon? I’ll bring fourth to earn a huge sum of money.” Master yang looked at Gu Nian as if he was looking at his God of Fortune.

Master yang was inspired by the washing set box and had been in contact with the owner of the preserved fruit Shop and the Rouge jewelry shop for the past two days.

“Grandpa yang, you’re amazing! However, can you wait until next year to do this business? Because our house is about to start construction, and we still need you to design some of the house! My fourth uncle can’t handle it all by himself.” Gu Nian said sincerely.

Chapter 149: Uncle Gu’s complaints

“No need, no need. We master and disciple can take care of it. In addition, fourth bro has quite a few other fellow disciples. Although they don’t rely on me as their master, I can still get them to work for me.” Master yang waved his hand and said with a smile.

“Okay, then I’ll bring the mother and daughter over to talk to uncle yang tomorrow!” Gu shouxin knew that master yang had misunderstood and thought that their family only asked him to make ordinary furniture. He was not in a hurry. Anyway, when he saw the drawings tomorrow, master yang would definitely make it himself and would not hand it over to his disciples.

After having a full meal at the old mansion, Cai Xiaolian and Gu Nian helped to pack up before returning home.

When he passed by the courtyard, he heard Zhang Shi complaining inside.

“Father en Zi, my life is so hard! I’ll spread the Gu family’s offspring! I’ll give birth to a son for the Gu family! However, I can’t eat anything delicious at all. I can only smell the fragrance!”

it’s not easy for me. The mother and daughter must have done it on purpose. They must have done it on purpose!

“I didn’t see them come over to cook before I was pregnant and in confinement. They came especially when I was in confinement, what were their intentions?”

“I say, en ziniang, you can’t blame sister-in-law and niece. This was all Ninja’s fault! How good would it be if he could endure it! If it’s born next month, Won’t You Be able to eat it this month too? We can’t blame people randomly!”

“Xinxin, auntie’s not chubby, she’s chubby. Don’t listen to your aunt and uncle’s conversation in the future. Otherwise, your three views will be crooked.” Gu Nian said.

“What are the three views?” Gu Xin’s focus was always different.

Gu Nian, “Yingluo.”

How should he explain this?

How could it be explained?

How could he explain so that little Xinxin could understand?

“Xinxin! As for this, you’ll understand when you grow up. Even if your sister explains it to you now, you won’t understand. It’s just like when your sister was making toothpaste, she told you that the mint leaves contain something, which can make you feel something, and which reaction can make you feel something, and so on. Do you understand?” Cai Xiaolian stepped forward to help Gu Nian.

“I see!” Gu Xin nodded her head seriously, “ father, mother, sister, don’t worry. I will definitely work hard to understand it. When that time comes, I can really help Sister!

“Mm, good luck! I have high hopes for you, my little cutie!” Gu Nian said.

After returning home and lighting the oil lamp, Gu Xin saw the corn that had just grown out of the ground. She had eaten one two days ago and it was very delicious.

“Father, mother, sister, when I went to Grandpa Yang’s house just now, I found that the small courtyard at the village entrance was being repaired. Do you know who it is?” Gu Xin thought of the Zhou family from the corn, so she told her family about it.

“Who is it?” The time travel Trio looked at each other before looking at Gu Xin and asked in unison.

Isn’t that the small courtyard where the unlucky male protagonist was cleaned up?

Could it be that the unlucky male protagonist bought it and was waiting for the person who beat him to appear?

“Young master Zhou! Big brother Ji Xiang said that young master Zhou wants to come to our village.” Gu Xin paused for a moment and frowned. this Mr. Zhou is a little too much. He sent brother Ji Xiang over every two days to ask about the progress of the potatoes and he’s still worried. He even wants to come personally. They don’t trust us at all, just like how we don’t know how to take care of our crops. That’s too much! He’s the little young master of the town, how could he know how to manage the crops better than the people in our village?”

“Father, I think he doesn’t believe you. But don’t be angry, after we’ve grown these for him, don’t rent the land to him. Let him go home and plant it himself! You’ve already let us plant it, but you still don’t trust us and even came to supervise us. We don’t play with such people!” Gu Xin said angrily.

The transmigration trio: “ Yingluo ”

They didn’t even need to say anything to the female lead, and the male lead could make the female lead dislike him?

Very good! Very good!

“Father, mother, sister, am I wrong?” Gu Xin saw that the three of them were looking at her weirdly and pursed her lips. but I still think that it’s wrong for him to not believe our family. Since you’ve already handed it over to us, and you’ve also sent someone to ask about the progress, why did you still come over to stay, as if you’re monitoring us? I don’t like the feeling of others not trusting me. ”

“You’re right.” Gu shouxin touched her head and said, ” but Xinxin, we can’t control the thoughts of everyone in this world. If you think he’s wrong and don’t like him, then just ignore him. Don’t make yourself so angry because of him. It’s not worth it. ”
