Chapter 181: Only success is allowed, no failure is allowed

Gu Nian did not tell her parents about Gu Xin's plan for the night.

Although she was part of the group of three transmigrators, she did not tell them everything. Sisters also had their own secrets!

She really liked this kind of life.

.....

The next day, after the sisters had breakfast and boiled hot water for the construction workers, they ran to the old house to find the two sisters.

In the vegetable field behind the pigpen, the four sisters squatted in a group, surrounded by cabbages.

After Gu Xin finished explaining her plan, Gu Hui rubbed her hands together and said, " "Why don't you include my two cousins?"

Gu si shook his head and said, 'sister, this won't do. The big one is like a small mountain, and the small one is like a calf. We can only put gunny sacks over them, but we can't carry them to the graveyard! Sister niannian's cousin is older than us, but he's thin! You can carry one, sister niannian, sister Xinxin, and I can easily carry one."

Gu Nian felt that sister Si was right and nodded. "Yes, I'll deal with the Cai family first. When I have time, I'll deal with the Zhang family."

for the next two days, Huihui and Jiejie will stay at home and make things. I'll walk around the village with sister si and find a route, okay? " Gu Xin said.

"Good! I'll leave it to you guys! Come, let's cheer for the first cooperation between us four sisters!" Gu Nian extended her hand.

Gu Xin immediately understood and placed her hand on Gu Nian's.

Gu si also stretched out her hand and placed it on the back of Gu Xin's.

"So childish!"

However, she still replied after she finished speaking.

"Good luck! Only success was allowed, no failure was allowed! They would definitely be scared out of their wits! Come on, come on!" Gu Nian shouted.

"They'll be so scared that they'll wet their pants!" Gu Xin and Gu si followed.

Gu Hui, "Yingluo."

I'm an adult now. If slogans are childish, I'll use my fists.

"Lan lan, look at the sisters!" Grandpa Gu came over from Yanggou and saw the four sisters standing up with a smile.

"These girls, I'm a little flustered looking at them!" Grandma Gu felt that these people looked familiar.

It was as if he had returned to the time when he was not married yet, and he was still discussing things with his sisters.

"You! In the past, you'd be worried when Huihui and niannian didn't see eye to eye with each other. Now that the sisters are United, you're still worried?" Grandpa Gu took grandma Gu's hand and turned around. He smiled helplessly. Huihui and niannian are quite smart. They won't be taken advantage of. Don't worry.

"Yeah, that's true." Grandma Gu caught up with him and said, "brother Chuan, I won't hide it from you. Ever since second brother owed the gambling den a few hundred taels of silver, I feel that our lives have changed.

"It's getting better and better, isn't it?" Old Mr. Gu stopped in his tracks and fixed his grandmother's hair, which had been ruffled by the wind. as long as the children get better and don't go astray, we should support them and believe in them," he said with a smile.

Grandma Gu asked, 'brother Chuan, have you forgotten about third brother? It's already the middle of the day, I think third son-in-law should be bringing third brother back to look for you.'

Grandpa Gu's movements paused, and the smile on his face disappeared.

Grandma Gu smiled slyly. Her brother Chuan was different from her. Unlike her, he thought of all his grandchildren as good people. Only his son-in-law would give him a headache. It was not that he did not like them, it was just a headache.

"Ahem, lan lan, let's go take a look at second brother's new house!" Grandpa Gu held grandma Gu's hand and walked away. He didn't want to continue the topic of his son-in-law.

Chapter 182 longevity

For the next few days, Gu Nian and Gu Hui stayed in the small wooden house and did not go out at all. Their younger sisters were the ones who brought the food to them.

As for Gu Xin and Gu si, they would carry their backpacks around the village whenever they had nothing to do, causing the aunts in the village to be very envious.

Look at the two granddaughters of the Gu family, they are so sensible and obedient!

Even if their family had the money to build a new house and didn't lack food, these two children still came out to dig wild vegetables!

The second Gu couple finally saw how good their younger daughter was and knew how to work hard!

On the day that Gu Xin decided on the route, the two sisters met Lu Zheng at the village entrance, who was riding out on a horse with a bag on his back.

“Young master Zhou, you can ride a horse now? Are you going out? When are you moving in?” Gu Xin was in a good mood, so she asked a few more questions.

Lu Zheng was quite surprised, but he replied in a good mood, “ “Yes, I’ve recovered and can ride a horse by myself. I’m going to do something for my granduncle, and I’ll be back when I’m done. Did Xinxin and sisi come here to dig for wild vegetables?”

“Yup! Then we won’t delay young master Zhou’s departure. Goodbye, young master Zhou!” Gu Xin waved her hand with a smile.

goodbye, Xinxin. Goodbye, sisi! Lu Zheng also waved his hand.

Lu Zheng only left on his horse after he saw his sister leaving happily.

Now that he had found her, he no longer had to worry about people suddenly coming from the capital. He could stay here in peace.

Two years. He had used two years to watch Xin ‘er grow up and plant all of his grandfather’s seeds.

Because of his rebirth, a few important points in his life had already been brought forward. However, he was not afraid. He had used everything he had in exchange for this life. He would give Xin ‘er everything she had hoped for!

Lu Zheng was very clear about his current situation. Through his recent observations, he could confirm that the three people from the Gu family were no longer the three people he knew. However, the three of them were good to Xin ‘er, so he was no longer worried that Xin’ er would go down the same old path.

His goal was to get rid of all the obstacles around him and create a clean and harmless environment for Gu Xin before he reached the crown.

Even though he could tell that the three of them were very capable and extraordinary, once they were close to the center of power, it was still far from enough. Therefore, he had to become stronger as soon as possible.

.....

That night, the four sisters had a small gathering outside the old mansion.

The sky was dark and the cold wind was blowing, but the four sisters were very excited.

gunny sack, hemp rope, Fire Stick, brother en Zi’s stinky socks, and what else? ” Gu si ordered something.

“All preparations are complete! I’ll tell dad tomorrow at 5 am that I’m taking Xinxin out for a run.” Gu Nian said.

“All preparations are complete! Just wait for tomorrow’s victory!” It was Gu Xin’s first time doing something like this, so she couldn’t calm down at all.

“What victory? What are you girls doing outside the door?” Just then, uncle Gu came out of the old mansion and happened to hear this.

"Dad, niannian wants to take Xinxin for a morning run and exercise. I'm going to bring sisi with me tomorrow. It's so late, where are you going?" Gu Hui said.

"Aiya, this running is good! When your second uncle was still in school, he was forced to run by your healer. It was useless to say that scholars were weak and that their bodies were much taller. He collapsed after a few exams! Although you don't study, it's good for your bodies. If you live to a hundred years old, remember to burn more joss paper for me!" Uncle Gu laughed.

The four sisters of the Gu family:

Chapter 183: We'd only listen to you if we were sick

"We have to wake up early tomorrow, you girls should go back to sleep! I'm going to the town. Your mother is acting up again and said she's not feeling well. Doctor Jiang asked me to go get some medicine." Gu shouxin sighed.

"Ah? I just heard first aunt scolding little sister si, why is she taking the medicine now?" Gu Xin asked in surprise.

"Shh!" Uncle Gu made a hand gesture for him to keep quiet. He looked into the room and said, " don't let her hear you, or she'll scold you too tomorrow. Your grandma said that it's a big deal for this woman to be in confinement. She can only do it for two or three days, so let's accommodate her. When she's out of confinement, she can't do it again."

"Oh, oh!" Gu Xin and Gu si nodded.

Gu Nian and Gu Hui were speechless. It turned out that first aunt (my mother) was making her last struggle and enjoying the last few days of her family's indulgence!

Fine, then I'll make her regret it after she's out of confinement. I'll let her work hard and continue to give birth to younger brothers and younger sisters.

Gu Hui felt that it was good for her mother to be in confinement. At most, she would bring her food. She could not go out and cause trouble.

However, Gu Nian felt that her mother's life was going to be happy after her first aunt's confinement. If she delayed her mother's time, it would affect her mother's ability to earn money! It was better to stay in confinement.

"Alright, I'm leaving. You guys go to sleep!" Uncle Gu smacked the heads of each of them, from the tallest to the shortest. He walked away, but turned back after a few steps. Oh right, in the future, you have to stand in a row from the tallest to the shortest, so that it'll be easier for me to knock.

The Gu sisters,"Yingluo"

We'll only listen to you if we're sick.

After that, the sisters returned to their respective homes.

The next day, at five o'clock in the morning, the four sisters met up and went to the Cai family with the tools they had prepared.

The morning in winter came very late, and it was still dark.

Gu Xin and Gu si had already asked around. Cai Dacheng and his wife had gone to the prefecture yesterday and hadn't returned yet, so only the two brothers were at home.

Gu Hui easily climbed over the wall of the Cai family's courtyard and opened the door.

He sneaked into the Cai family's house and found the two brothers' rooms. Each of them brought their younger sister along. They gagged, covered their eyes, tied a rope around their mouths, and put them in sacks.

Gu Hui carried the bag, Gu Nian carried the head, and Gu Xin and Gu si each had a fire stick. As long as the two brothers dared to move around, Gu Xin and Gu si would give them a good spanking.

He walked around the path with fewer residents and arrived at the graveyard easily.

There were two families in the village that had fed their dogs. At first, they barked and chased after them, but when they got closer, the dogs stopped barking and followed behind them.

Although the four sisters were curious about the situation, they didn't say anything.

When they arrived at the grave of the Cai family's old lady, the four sisters punched and kicked the sack, causing the sack to let out miserable cries.

Gu Xin and Gu si were still using fire sticks, specifically picking places with a lot of meat, even though the Cai brothers didn't have much meat on them.

The four sisters only stopped when they were sweating. The sisters untied the two of them, lit an oil lamp in the corner, and ran away.

The elder sister climbed up the tree with the younger sister and found a big, stable trunk. Then, they stood there and focused on watching the movement in front of the grave.

Cai Bao and head Cai quickly could move their hands and got out of the sack with great difficulty.

"Grandpa, spare me! Grandpa, spare me!"

The two brothers were terrified, thinking that they had been robbed. Judging from their injuries, that must have been something that only a master would do. How could a little girl do that?

Chapter 184: At night, the dog, the oil lamp, in the cemetery

"Brother!"

"Brother!"

Hearing the familiar voice, the two brothers pulled off the blindfold and saw that it was indeed each other. They hugged each other and cried their hearts out.

"Eh? Where is this place?" Cai Bao was the first to stop crying, mainly because the oil lamp was lit in the direction he was facing. Two dogs from the village were sitting obediently beside the oil lamp, watching him.

big brother, big brother, big brother! he had just finished asking when he felt his brother's entire body trembling.

"What's wrong, brother? Did you get beaten up until you have a problem?" Cai Bao let go of him.

"Brother, brother, you, you see, damn it, Yingluo"

"Damn it, what the hell is this? just tell me!"

Cai Bao interrupted his brother impatiently.

"Brother, it's not his grandmother's grave. It's our grandmother's grave!" Head Cai's mouth was trembling.

"What?" Cai Bao slowly turned his head and took a look. Oh, isn't this our grandma's grave?

"Brother!"

"Brother!"

The two brothers changed directions and hugged each other again.

The sky was dark and the oil lamp was flickering. The young paparazzo sat obediently in his grandmother's grave.

wuwuwuwu

The two brothers had no strength to run. They were so scared that their legs went soft.

the gu sisters were having a hard time holding back their laughter.

She couldn't tell that these two brothers had such a good relationship!

The two sisters didn't give each other a big hug for no reason.

"Brother, brother, do you think it was grandma who secretly caught us and brought us here to kowtow? Do you think granny knows what father is thinking?" Cai TOU asked in fear.

"I, I don't know!" How could Cai Bao understand the thoughts of his grandmother, who had passed away ten years ago?

"Brother, why don't we kowtow to grandma and admit our guilt? This matter has nothing to do with us!" Cai TOU said.

"Right, right. It's not our fault, nor is it father and mother's fault. It's aunt's fault. It's aunt herself who wanted to mock us and be fierce to us, giving up the opportunity." Cai Bao said.

The two brothers separated and kowtowed to the tombstone.

"Grandma, I'm your favorite grandson. You can't scare me," Cai Bao said.

“Grandma, I’m also your most beloved little grandson. Don’t scare me.”

Cai Bao: “ grandma, it’s Auntie who didn’t want it. It’s not that dad didn’t want to give it to her. Auntie scolded us very fiercely!

“Grandma, aunt even asked uncle and cousin to drive us away with a broom,” Cai TOU said.

Cai Bao: “ grandma, you’re an old man. You’d better go and scold Auntie! She’s not your child anyway.”

Cai TOU said, “that’s right, grandma. Aunt’s family bullied us. We’re your real grandchildren!” Grandma, you have to make a decision for us!”

“Woof! Often!” The two dogs in the village barked twice, then turned around and went back to the village.

Cai Bao: “ look, the dog has left. Has grandma forgiven us and agreed with our parents ‘actions?’ ”

“Yes, Yes, that’s right. That must be the case.”

The two brothers looked at each other and kowtowed a few more times.

Cai Bao: “ grandma, when we acknowledge them and become rich and rich, we’ll come back and build a beautiful tomb for you!

“Yes, grandma. In the future, your grandson will burn many servant girls to serve you. I will give you many desserts, roast pigs, and roast chicken for you!”

“hu ~”

A gust of cold wind blew, and the two brothers shivered.

“Did the nanny agree?”

“Yes, the nanny will definitely agree! Father said that mother also said that aunty is an ingrate.”

then, then let’s go back first. When the sun rises, we’ll go find father and mother to talk about this!

the two brothers took the oil lamp and went home.

The four Gu sisters on the tree waited for them to leave before coming down.

Chapter 185: No sense of security

“Sister niannian, what does second aunt not want? What do you mean?” Gu si asked, puzzled.

don’t go out and say anything, ” Gu Hui pulled her back. especially not to mother.

“Well, don’t tell anyone about this for the time being, except the four of us. I don’t know what’s going on, so I’ll go back and ask my mother first!” Gu Nian had a few guesses in her mind but did not say them out loud. She only told her friends not to tell anyone about it.

The four sisters jogged home. When Gu Nian and Gu Xin arrived at the entrance of the house, the sky finally brightened.

"Xinxin, go back and wash up and change into dry clothes!" Gu Nian said.

"Sister, can we not tell mother? I don't want to tell mother." Gu Xin hesitated.

"Why?" Gu Nian was stunned as she asked curiously.

"I understand what chief Cai and Cai Bao mean. Grandma left something for mother, but uncle didn't give it to mother. Mother isn't grandma's biological daughter, so uncle took the thing and went to acknowledge her." Gu Xin said.

Gu Nian raised her eyebrows. She felt that Xinxin had become smarter and smarter over the past month.

Sisi still didn't quite understand. The two of them were about the same age, and sisi used to look smarter than Xinxin.

"Sister, I don't want mother to leave us. In the past, mother had said that she didn't want to follow father and didn't want me anymore. If her mother found out, she would definitely go to her uncle to get the things and then acknowledge her family. When the time comes, mother will only take you away and not me and father. My father and I will be very sad. We don't want to leave you! Father has changed for the better and I've become smarter. Don't leave us behind, okay?" Gu Xin was about to cry.

Gu Xin could feel the changes in herself. For example, her newly grown hair was not as yellow and dry as before. For example, it took her a long time to understand something in the past, but now, she could understand it very quickly. For example, she had grown taller and her face and body were growing fat.

She knew that this was all thanks to Yu Zhuzi.

She was sure that she was right.

"Xinxin, you're overthinking it." Gu Nian bent over slightly and tidied Gu Xin's wet bangs. Xinxin, it doesn't matter what mother thinks. She has the right to know about this. We can't hide our selfish motives from mother. Father and mother are the closest people to us. We should believe them. Don't you trust me now? You should also have more trust in mother."

Gu Nian still felt that Gu Xin was not safe enough and her heart ached.

What kind of hurt could make a little girl feel so insecure?

"Then what if mother doesn't want me and father anymore? Sister, I don't want us to be separated. It wasn't easy for us to be a happy family, why would someone come and ruin it?" Gu Xin started crying.

"I won't, I believe in mother! And Xinxin, you have to believe that no matter what choice mother makes, even if she leaves father, she will never leave us sisters. We sisters were born from her ten months of pregnancy, we are her flesh. Think about it, if I let you cut off your flesh and throw it away, and it's two very good pieces of flesh, would you be willing to?" Gu Nian advised.

"But, mother did drive me out in the past! If it wasn't for grandmother calling mother over and giving her a good scolding, she really didn't intend to want me." Gu Xin raised her hand to wipe her tears.

"What's wrong with Xinxin? Why are you crying?" At this time, Gu Shouxin walked out of the central room. Seeing his little girl crying, his heart melted.

Chapter 186: Not a single word of nonsense

"Father!" Gu Xin hugged Gu shouxin's waist. Her tears and snot were all on the clothes he had just changed.

gu nian facepalmed as she thought, 'i didn't know that our female lead is so stubborn!'

"Don't cry. Tell your father, did someone bully you? It's still early in the morning, those little brats who usually bully you shouldn't be up yet! Is she your sister?" As Gu shouxin spoke, he looked at Gu Nian with a puzzled expression.

Gu Nian spread out her hands helplessly.

"Not sister! Father, I don't want mother to leave us! I don't want mother to leave us!" Gu Xin shook her head and cried.

"oh my god, what's going on? what's going on? When did mother want to leave you? Did you have a nightmare?" Cai Xiaolian had also gotten up. She had just put on her clothes when she heard the crying outside. She came out without even combing her hair.

"Mother!" Gu Xin grabbed Cai Xiaolian's hand and Gu shouxin's hand.

"Yes, mother is here. Don't be afraid!" Cai Xiaolian lowered her voice and said gently.

"Sister, come here!" gu xin then looked at gu nian and sniffed.

Gu Nian helplessly stepped forward.

The family of four stood together.

Gu Nian held her parents' hands and let them hold her hand. She then held Gu Xin's hand and placed their four hands together. "Mother, promise me that no matter what happens, you won't leave me and father behind. I'll tell you then."

okay, Mother promises Xinxin that in the future, no matter if you're rich or poor, no matter if you're on a mountain of daggers or in a pot of oil, no matter what happens, mother will always be Xinxin's mother. Mother will always be by Xinxin's side, accompanying her, and protecting her. Cai Xiaolian said seriously as she looked at her daughter's pitiful face.

"also, father, no matter what happens, mother can't just leave with sister. leave me and father behind, okay?" Gu Xin added.

"Alright, mother will accompany your grandfather three. Mother will not leave anyone behind, mother will not leave anyone. Xinxin, can you tell your mother what happened? Mother simply can't leave you. Mother went to the county to discuss matters and you sisters weren't by her side. Mother will always think of you, how could she leave you?" Cai Xiaolian said.

It was so early in the morning. What could have happened to make her precious little daughter so afraid?

Lin Yiqian was not as confused as Gu Nian. She still had her memories. There was once when the original owner of the body, Cai Xiaolian, fell sick because of Gu Xin. The medicine was very expensive and she really left her daughter outside. It was only because of grandma Gu's help that the child was brought back.

just the time they transmigrated, xinxin had just recovered from her illness. didn't the original owner, gu shouxin, use the money given by grandpa gu to buy medicine to gamble and lose, resulting in the three of them transmigrating?

she also knew that gu xin was an extremely insecure child and was particularly looking forward to family ties. like gu nian, she thought that gu xin would slowly feel a sense of security after spending time with her. who knew that she would be so nervous?

"Then I'll believe in mother, just like how I believe in father!" Gu Xin finally stopped crying. She used her other hand to wipe her tears away and said, "just now, my sister, Huihui, and sisi heard Cai TOU and Cai Bao say in front of grandma's grave that grandma didn't give birth to mother. They don't plan to give the things that grandma left behind to mother. They want to take the things to acknowledge their family.

Gu shouxin and Cai Xiaolian looked at Gu Nian.

Gu Nian nodded. yes, Xinxin's conclusion is correct. It's concise and without any nonsense!

"then why did you guys go to the graveyard? the sun hasn't even risen yet!" Gu shouxin and Cai Xiaolian said at the same time.

Chapter 187: Only when you're strong can you stand in an undefeatable place

"You and Huihui, why are you bringing the two children to the cemetery so early in the morning? No, the two of you aren't that old, aren't you afraid of going to the cemetery?" Cai Xiaolian looked at Gu Nian disapprovingly.

"Mother, it's not sister's fault. It was my idea." Gu Xin quickly explained her plan to Gu Nian.

"You! In the future, leave this kind of thing to your father! He was a man, his mother's husband. He had to stand up for his mother, and the responsibility of protecting his mother was the man who should have done so. You and big sister are mother's precious babies, mother can't bear to let you do these things." Cai Xiaolian's heart was filled with gratitude.

The word "motherf * cking man" made Gu shouxin's mood very good. He quickly nodded to show his attitude. "Your mother is right. Don't fight with your father. If anyone bullies her in the future, it's your father's turn to vent his anger."

alright, father. In the future, when first aunt scolds my mother, father, you will help to scold her back! Gu Nian chuckled.

Gu shouxin,"Yingluo."

You brat, you're doing this on purpose, aren't you? you want your father to quarrel with a woman?

"It's fine. If your mother bullies your mother, I'll bully your uncle!" Gu shouxin thought for a while and said.

"Mother, will you leave us behind?" Gu Xin was not in the mood to listen to her father and sister's conversation. She looked at her mother nervously and expectantly.

"Of course not!" Cai Xiaolian replied without hesitation, " moreover, I won't ask for anything. If they want to use it to acknowledge their family, then let them do it!"

"Mother's only relatives are you three, and the grandfather and grandmother of the old estate. As for the others, they had nothing to do with her. Besides, your grandmother has never said that I'm not her biological son. I only listen to your grandmother." Cai Xiaolian said.

"But mother, head Cai and Cai Bao said that you will become rich after acknowledging your family. Wealth means having a lot of silver. Don't you like silver the most?" Gu Xin asked again.

"Who doesn't like silver? However, this silver had to be earned by himself. It was only safe to spend it. Besides, in our family, your father can study. What if he becomes an official after he graduates? he'll be paid. Your father can draw and write well. He can also make money by copying books.

Our family's vegetable field can also make money, and we can get a share of the money from drunken River Restaurant every month. Sister is also constantly researching things to sell. Everyone in our family can earn money, so why does mother have to think about other people's Silver?

One had to rely on themselves for wealth. If one relied on others, one would feel guilty and lose confidence. In the end, one would not be able to keep it. We have to learn how to spend money and also learn how to earn money. This way, we can ensure a steady stream of silver.

Xinxin, I'll teach you a lesson. There's no free lunch in the world. Only by relying on one's own hard work was the most practical. One would not have to worry about it suddenly disappearing one day.

We can use the money we earn with peace of mind. At most, our family of four will suffer a little and be a little tired. As long as we're together as a family and have a happy life, I believe that we'll be able to overcome any difficulties. Live a steady life and enjoy it. Do you understand what mother is saying?"

Cai Xiaolian avoided the topic of meeting her family and told Gu Xin a life lesson that she had learned from her previous life.

She had been from a wealthy family since she was young, so she didn't have to worry about food and drink.

However, once her family went bankrupt, her husband betrayed her, and she was kicked out of the house, she realized that it was better to rely on herself than on anyone else.

Only when he was strong could he stand in an undefeatable place!

Chapter 188: Are you dating like young people?

"Yes, I understand, mother! I believe in mother! I like Mother the most!" Gu Xin hugged Cai Xiaolian.

alright, go and wipe it with hot water and change into clean clothes! Cai Xiaolian patted her head and smiled.

Gu Xin ran off to change her clothes.

She was such an innocent and eager person. She believed everything her family said.

“What’s going on?” After Gu Xin returned to her room, Cai Xiaolian asked Gu Nian.

“It’s just like what Xinxin said!” but mother, are you really not going to find out what’s going on? ” Gu Nian asked.

gu shouxin also looked at cai xiaolian.

Cai Xiaolian shook her head, “it’s safer to be with you guys!” it’s not like i don’t know what it’s like to be a rich family. It had been the same since ancient times. Moreover, they could even lose their children. Maybe it was some shady business in the backyard, which was very scary. I think it’s more fun to play with you guys! I can’t bear to leave you and Xinxin, and I don’t want to bring you two to that kind of environment.”

“Hehe, mother! I also like you the most!” Gu Nian stepped forward, held Cai Xiaolian’s arm, and leaned her head on her shoulder.

“you can’t bear to leave niannian and xinxin, then what about me?” Gu shouxin finally couldn’t help but ask.

He was very displeased to see the mother-daughter pair acting so intimate with each other several times without bringing him along!

“You? Oh, you’re not as cute as your daughters!” Cai Xiaolian laughed.

“Father! You’re still jealous of your daughter! The first thing that mother just said was that it’s safer to be with us.” Gu Nian chuckled and let go of Cai Xiaolian. Aiyo, the wind is a little cold. I’m going to change my clothes too. It’s early in the morning, and I’m afraid of the cold wind!

as soon as gu nian left, the two of them stood opposite each other. gu shouxin stared at cai xiaolian with burning eyes, as if he wanted her to say that she was reluctant to part with him.

Cai Xiaolian was speechless. Although her physical age was only in her thirties, and she was still unmarried in her thirties in her previous life, their soul ages added up to more than a hundred. So what, they still wanted to be in a relationship like young people?

“Father, mother, I’m done. Mother, help me comb my hair, then I’m going to start the fire!” Just as Cai Xiaolian couldn’t stand Gu shouxin’s gaze, Gu Xin changed her clothes and ran out.

Gu shouxin looked gloomily at his precious little daughter and sighed silently in his heart.

“Alright! Mother is coming!” Cai Xiaolian felt as if she had been pardoned. She didn’t even look at Gu shouxin and turned around to comb Gu Xin’s hair.

After her hair was combed, the people from the village who helped build the house came.

Gu shouxin and Gu Nian didn't think much about Cai Xiaolian's background. Anyway, Cai Xiaolian wouldn't admit it. As for the Cai family of four, it was none of their business. They just had to live their lives well.

.....

by the end of november, gu nian had already created a shampoo with honey locust as its main ingredients. she had also spent some money to buy chinese knotweed to test it out. so far, there were only two types of shampoo.

It took some time to extract the foaming agent and the softening agent. For example, he had already extracted the Glycerin when he was making soap.

since he had used it and it looked good, he let the whole family wash their hair.

that day, the weather was very good. gu xin had washed her hair and was drying it in the sun when she heard a commotion outside. not long after, gu si appeared with two familiar people. they were the two children of master cheng's family, the siblings cheng huaijin and cheng huaiyu.

"Little Yu!" When Gu Xin saw who it was, she went forward happily.

Chapter 189: Fragrant

"Ya! Sister Xinxin, did you just get up? Why didn't you comb your hair properly?" cheng huaijin was surprised to see gu xin's messy hair.

brother Xiao Ye, I used the shampoo that my sister made. I'm drying my hair! Gu Xin answered. She then grabbed her hair and brought it to the siblings, " smell it, doesn't it smell good? there's a sweet scent of orange flowers, right? "

"Yes, yes, it smells good! Wow, sister niannian is so amazing! Where's sister niannian?" Cheng huaijin sniffed and then asked.

"Big sister is in the small wooden house over there." Gu Xin said.

"Little sister, do you want to come with me to look for sister Nian Nian?" Cheng huaijin asked as he squeezed his sister's hand.

Cheng Huaiyu shook her head and held onto Gu Xin's hand.

sister Xinxin, then you look after Xiao Yu. I'm going to find sister niannian! Cheng huaijin let go of Xiao Yu and instructed Gu Xin before heading towards the wooden house that Gu Xin pointed to.

"Sisi, this is Xiao Yu, the one I told you about. Xiao Yu, this is my cousin Gu si, we all call her sisi." Gu Xin introduced the two girls to each other.

Gu si didn't like to talk to strangers. Seeing that Cheng Huaiyu didn't speak, she only looked at her.

Cheng Huaiyu didn't know how to speak at all. Besides, she only had Gu Xin in her eyes.

the scene was a little awkward.

Cheng huaijin, stop! Don't touch that! At this moment, Gu Nian's angry voice could be heard from the wooden house.

sister Xinxin, I'm going to see if my sister and sister niannian have anything to do. You can play with Xiao Yu! gu si heard the sound and ran over.

"Xiao Yu, let's go and take a look!" Gu Xin didn't know what Cheng huaijin had touched that made her sister so angry that she wanted to go over and take a look.

The servants of the Cheng family who had followed them also entered the courtyard when they heard the noise.

Then, Gu shouxin, who was looking at the progress of the new house next door, heard the sound and came over.

In the end, Gu Nian's voice was only so loud because Cheng huaijin was so curious that he accidentally knocked over the entire bottle of shampoo that she was making.

since cheng huaijin's attitude was good, gu nian did not pursue the matter any further.

After all, Gu shouxin was someone from the ancient times, so he still knew his manners. Cheng huaijin was just a child in his eyes, but he was already twelve years old, so he let Gu Xin go back to her room and comb her hair.

Cheng Huaiyu wanted to go with Gu Xin, so Gu Xin brought her to her own house.

"Xiao Yu, do you still remember this candy? I'll feed you the one I gave you last time!" After entering the house, Gu Xin saw that there was no one else so she took out her purse and took out some Nougat.

cheng huaiyu's eyes brightened and she opened her mouth obediently. gu xin fed her a few pills, as well as the jade beads and nougat.

She only fed one to Cheng Huaiyu and then started combing her hair.

Cheng Huaiyu sat on the bench obediently, her face full of satisfaction. Her big eyes blinked as she watched Gu Xin comb her hair.

Seeing that Gu Xin was still not done after a long time, she got up to take Gu Xin's comb.

Xiao Yu? " Gu Xin was stunned, " Xiao Yu knows how to comb hair? "

Cheng Huaiyu nodded.

"Then thank you, Xiao Yu. After washing my hair today, my sister is busy and my mother is at grandma's house. I haven't learned it yet. Xiao Yu is really amazing, she even knows how to comb her own hair." Gu Xin sat down and obediently let Cheng Huaiyu comb her hair.

Cheng Huaiyu split Gu Xin's hair in the middle into two, then split it from the back of her head. She left some hair behind and tied the rest into two balls.

Chapter 190: The little fairy sent by the heavens

Cheng Huaiyu then braided her remaining hair into two small braids, which went around her shoulders and hung down.

Previously, Gu Xin was malnourished, so her hair was dry, yellow, and not long. Now that her hair was in a better condition, it was not so dry anymore. It was soft and shiny, but even after the length was fixed, the braids could only reach a little below her shoulders.

eh, I used to tie them all up into two chirps. Xiao Yu combed my hair into the same style as yours! Gu Xin touched her braids and said happily.

Cheng Huaiyu pursed her lips and smiled.

“Thank you, Yu!” Gu Xin also laughed.

The two little girls walked out of the room hand in hand.

There were only a few children at home. Cheng huaijin was washing his hair in the sink.

brother Xiao Ye, ” Gu Xin stepped forward and asked curiously, ” why do you want to wash your hair in my house? ”

“That’s because I can smell the fragrance from your hair! I haven’t washed my hair for two days. I want to try sister niannian’s shampoo! Aiya, there are even bubbles in this! It was so fun! It’s so comfortable to hold your scalp!” Cheng huaijin said.

“Do you want me to flush your water? It’s not convenient for you to do it. ” Gu Xin asked.

“Good, good! Thank you, sister Xinxin!” Cheng huaijin couldn’t wait to hear that.

Gu Xin went to the kitchen and took out two gourds. She handed one to Cheng Huaiyu.

Then, the two young ladies each took a scoop and helped Cheng huaijin wash off the bubbles.

When it was almost clear, Gu Nian handed Cheng huaijin an unused dry handkerchief.

“I say, young master Cheng, it’s just that the sun is bright today. Otherwise, I wouldn’t dare to let you wash your hair in my house. I’d feel bad if you got cold!” gu nian said.

“Sister niannian, you can call me little Jin! We’re friends! I was the one who wanted to wash it, hehe!” Cheng huaijin took a handkerchief and rubbed his head messily.

gu nian shook her head helplessly as she snatched the handkerchief from him and dried his hair. she only placed a dry handkerchief on the back of his collar after there was no more water.

Cheng Huaiyu moved closer to her brother’s hair and nose.

“Little sister, it smells good, right? Do you want to take a shower? This is sister niannian’s latest chrysanthemum-scented shampoo. It smells different from sister Xinxin’S. Do you want to try it?” Cheng huaijin asked.

Cheng Huaiyu blinked her big eyes and nodded while pointing at Gu Xin’s hair.

“Xiao Yu, do you want to use my fragrance?” Gu Xin asked.

Cheng Huaiyu nodded.

“Xiao Yu, you want to shower too? there’s still some water in the pot, so let’s wash it!” Seeing that the sun was high in the sky, Gu Nian thought that she should be fine in such warm weather. Thus, she went in and brought out a bucket of water.

After washing Cheng Huaiyu’s hair, Gu Nian went to make lunch.

The servants that the Cheng siblings had brought along had also returned to the county. It was said that their eldest young master would come to pick them up at night.

By the time Gu Nian had finished preparing lunch, the Cheng siblings’ hair had already dried.

Cheng Huaiyu was fine as he could comb his own hair, but Cheng huaijin could not. He could only look at Gu Nian pitifully.

gu nian looked at the little kid and sighed. ‘forget it. at least he’s more sensible than my unlucky nephew!’

She took a comb and combed Cheng huaijin’s hair.

“sister niannian, you’ve combed all your hair, but you can still smell the fragrance! Sister niannian, you’re so amazing! He could cook delicious food, wash his hands, and even wash his hair! Sister niannian, are you a little fairy sent by heaven?” Cheng huaijin’s words were so sweet that Gu Nian could not help but laugh.

He’s really too likable. I’ll give a bottle to this kid later.
