

Haywire 191

Chapter 191: Fairies are above the common populace

"If I'm a little fairy, can I comb your hair for you? Then aren't you a great deity of the heavenly Palace?" Gu Nian could not help but ask.

"Of course not! I have done a lot of good things in my past life in exchange for a chance for sister fairy to comb my hair!" Cheng huaijin said in all seriousness.

"you're so glib! If you don't learn well at such a young age, be careful that I won't tell on you to your mother!" After Gu Nian tied Cheng huaijin's hair tie, she knocked him on the head.

"I'm not wrong. I'm telling the truth. Sister niannian looks like a fairy, and she knows as much as a fairy!" Cheng huaijin said.

"You're speaking as if you've seen a fairy before!" Gu Nian said as she kept the comb.

"yup! I've only seen her once, it's sister niannian!" Cheng huaijin said with certainty.

I also think that brother Xiao Yang is right. In my heart, my sister is a little fairy! Gu Xin chimed in.

"You two little devils, your fairy sister is going to the kitchen to eat the food of the mortal world! The real fairy was above the common populace! Quickly come in and help!" Gu Nian ordered the two children.

.....

In the afternoon, the two children of the Cheng family were playing at the Gu family's house. They were both obedient. One of them stuck to Gu Nian and wanted to help her while the other quietly held onto Gu Xin.

Cheng Rui came over after the workers who were building the new house finished their work.

Knowing that he was coming to pick up his younger brother and sister, Gu shouxin asked Gu Nian to prepare two more dishes.

Cheng Rui didn't come to pick her up and also had dinner there.

After chatting with Gu shouxin about some questions about the exam, he got up and left when he saw that it was getting late.

"Sister niannian, I'll come and work for you often in the future!" Cheng huaijin couldn't bear to part with her!

Cheng Huaiyu did not know how to speak, but she blinked her big eyes and looked at Gu Xin longingly.

alright, our house isn't far from here. Why are you two little things acting like you're going to be separated for life and death? " Cheng Rui looked at his siblings in annoyance.

The two children looked at Cheng Rui without hiding anything.

Cheng Rui, "Yingluo."

It was normal for Xiao mo to glare at him, but Xiao Yu actually learned how to glare at people. It was really strange!

"Second uncle Gu, aunt Lian!" At this moment, Lu Zheng suddenly appeared with an oil lamp.

the three cheng siblings looked at lu zheng.

"Eh? lord cheng?" Lu Zheng recognized Cheng Rui.

"Do I know you?" Cheng Rui was stunned and asked.

"Young master Cheng may not know me, but I do know the county Lord's son." Lu Zheng cupped his hands.

Cheng Rui nodded and didn't say anything else.

"Xiao Rui, Xiao Jin, Xiao Yu, you guys can go back first! Your aunt is going to the county tomorrow and she's bringing Xinxin over to play!" gu shouxin said.

"Then this nephew will take his leave!" Cheng Rui cupped his hands.

"Second uncle Gu, aunt Lian, goodbye! Sister niannian must come tomorrow! Goodbye, sister Xinxin!" cheng huaijin waved his hand.

Cheng Huaiyu also waved at Gu Xin.

"Xiao Yu, I'll definitely come with mother to find you tomorrow!" Gu Xin smiled and waved at Cheng Huaiyu.

Then, the family watched as the three of them got into the carriage. They only looked at Lu Zheng after the carriage left.

Lu Zheng was thinking about Cheng Rui. In his previous life, Cheng Rui had existed. However, he had no connection with the Gu family. Cheng Rui had married King Rong's only daughter, Princess Chengyu. After that, he had relied on King Rong's career to advance triumphantly. In his previous life, he did not have many disputes with Cheng Rui. When Cheng Rui married Princess Chengyu, he was already planning his plans and did not pay much attention to the outside world.

Chapter 192: You're here today just to say this

"Young master Zhou, it's already so late. Do you have something to do?" Gu shouxin asked.

"En, this nephew has some matters regarding aunt Lian and wanted to come over to tell second uncle and aunt Lian." Lu Yang said.

They were all guests and they did not fall out with each other. Lu Zheng's seed was still planted in their house, so the family invited him into the house.

Gu shouxin gave Gu Nian a look, and Gu Nian brought Gu Xin to the wooden house. She used Gu Xin as an excuse to ask for her help.

Gu Xin didn't think too much about it. For now, she was still an insignificant person to Mr Zhou.

Lu Zheng wasn't unhappy about this. Instead, he agreed with the Gu family's actions. As long as they were protecting Xin 'er, he was willing to see it.

"Young master Zhou, please have some tea!" Cai Xiaolian went to the kitchen and brought some tea over.

"Thank you, aunt Lian." Lu Yang took a sip of tea and said, "second uncle Gu, aunt Lian, it's like this. I just went to the state capital and only arrived in the afternoon. In the capital, I accidentally found that aunt Lian's older brother's family is there."

The couple looked at Lu Zheng and did not ask anything, waiting for him to continue.

at the end of last month," Lu Yang said, "a group of people came to the Qing Prefecture. I heard they were looking for their little master. My granduncle had mentioned it to me before. The head of the family there knew my granduncle and had asked him to help look for it. When the nephew saw aunt Lian's elder brother's family leaving with that family, he asked someone to find out. It turned out that aunt Lian's elder brother was the person they were looking for. I wonder if second uncle and aunt Lian know about this?"

"When Xinxin was born, I cut off all ties with them!" Cai Xiaolian said.

"Oh, I see. That means that even aunt Lian doesn't know about this." Lu Zheng nodded his head and said.

"Did you come here today to tell me this?" Gu shouxin asked.

"Not only that," Lu Zheng shook his head and laughed. It was mainly because great-uncle knew old master Qin. Old master Qin had written a letter to great-uncle, saying that he had left a token back then. However, he didn't know if the person he was looking for was a daughter or a son, so he could only rely on the token to find the person. We're looking for two people in total. Now, we've found our son, but we haven't found our daughter."

"Young master Zhou, are you trying to say that Cai Dacheng is the son that the family is looking for, and I should be the daughter of that family?" Cai Xiaolian asked with a smile. Her face was very calm, without a trace of joy and excitement from being recognized by a rich man.

"Not really. This nephew only came to tell this news to second Shu and Lian Shen and has no other intentions." Lu Yang said.

Lu Zheng recalled that in his previous life, there was also such a thing. When Cai Xiaolian was acknowledged as her family, Gu Xin had already been sold and Gu shouxin had also been abandoned by Cai Xiaolian. At that time, Cai Xiaolian only brought Gu Nian back with her.

However, the good days didn't last long before the mother and daughter were driven out. If it wasn't for the fact that Gu Nian had seduced Xue er's soul during that period, the mother and daughter would still be on the streets.

It was also because they didn't end up on the streets that they had the chance to meet Gu Xin, who was taken away by him. After that, they couldn't get rid of her in Jiangnan and Beijing.

However, this search started earlier than in his previous life. He guessed that it was because of him that he had returned to his youth, and the three members of the Gu family were obviously different from before.

Even though everything was different from his previous life, he liked it the way it was now.

He also knew that it was not easy to survive in that family. He was not sure if Cai Xiaolian and Gu Nian would be the same as in his previous life.

However, from the looks of it, they didn't want to go at all. This was good. He wouldn't have to worry about Xin 'er falling into that family.

Chapter 193: vegetable seed treasure chest

"Then I'll have to thank young master Zhou for coming to inform me. Cai Dacheng did come to our house before and wanted to take over the construction of our new house. I didn't expect that he would find a rich family. Fortunately, we rejected him. Otherwise, this matter would be so troublesome!" Gu shouxin said with a smile.

"Young master Zhou, since they are looking for the two children and acknowledged Cai Dacheng, it is even more impossible for me to be involved. Cai Dacheng said that we aren't biological siblings. It seems like I'm the real daughter of the Cai family!" Cai Xiaolian said.

"That's good!" Lu Zheng nodded, then took out a few bags of things from his arms. second uncle Gu, aunt Lian, great-uncle gave me a few bags of seeds. last time, he heard that the seeds you planted had already grown, so he trusted you guys quite a bit. he wanted me to let you guys try planting these seeds."

"Old master Zhou, do you know what kind of seeds these are?" Cai Xiaolian asked curiously.

grand uncle doesn't know either. These were all obtained by him in the past, and there were only a few left. Previously, he had the people in the village try planting them, but they didn't succeed, so he asked this nephew to bring them for you to try. Lu Yang said.

he wasn't lying about this. ever since his mother passed away, his maternal grandfather and maternal grandmother didn't get along. his maternal grandfather had no place to vent his anger, so he went out to sea.

he had spent nearly ten years, traveled to many places, and obtained many seeds.

Most of the seeds in the Zhou family's warehouse had been used up, and there were not many left, but his grandfather was willing to give them to him.

With the experience from his previous life, Lu Zheng knew what these seeds were, but he did not know what they were.

He saw that the three members of the Gu family had changed. They were true to Gu Xin, so he was willing to give them credit. Wasn't second uncle Gu going to take the Imperial examinations and start his career?

The current Emperor placed a lot of importance on farming, so it was good to leave an impression in front of the Emperor.

after a few more words, lu zheng left.

After they left, the couple lit up a few more lamps and called Gu Nian and Gu Xin over.

"Niannian, take a look. What kind of seeds are these? These are watermelon seeds, right?" Cai Xiaolian asked.

She couldn't recognize all of them.

"Ya! mother, where did you find all these?" Gu Nian took a look and saw a total of Seven Seeds.

Among them were loofah seeds, tomato seeds, copea seeds, green bean seeds, and watermelon seeds.

Gu Nian could not recognize the other two.

she had grown the previous vegetables in their laboratory before, so she could recognize them. she seemed to remember that these four vegetables were imported from the outside world. only the one with the shredded melon was uncertain. some people said that it originated from china, while others said that it was imported from the outside world.

However, this was an empty world, so who knew where they came from?

"Father, mother, did young master Zhou bring this?" gu xin asked.

yes, he asked us to try planting them. He said that there are still a lot of plants in his house that he doesn't know. Gu shouxin nodded.

"It feels like old Zhou's place is a treasure chest for growing vegetables!" Cai Xiaolian laughed.

Gu Nian raised her eyebrows as she tried to recall. The old man in the book seemed to only produce potatoes, sweet potatoes, corn, and the first chili. There was nothing else!

"Sister, let's plant it tomorrow! The potatoes that young master Zhou brought over were so delicious! these might be food!" Gu Xin said happily. Gu Nian's few simple potato dishes had dug out Gu Xin's hidden glutton nature.

Chapter 194: You can still smell the fragrance

However, the family ate it themselves and didn't even bring it to the old house. After all, potatoes needed a certain growth cycle and they had just planted it, so they could only eat it for the family of four who knew the truth.

well, we'll plant them when we come back from the county tomorrow. I don't know if these seeds will grow after a long time. Gu Nian said.

After that, the family of four washed up and went to bed.

The next morning, Gu Xin and Gu Nian got up before dawn as usual and followed Gu shouxin for morning exercise. Cai Xiaolian also joined them.

Wealth and status, they also needed to have a good body to enjoy.

Now, Gu Xin was able to do the horse stance for an hour. She was pretty good at it.

Gu shouxin designed a plum blossom dome at the new house. When spring came tomorrow, he planned to let the two girls stand on the dome.

He was also thinking about what weapon he could use. He didn't want to teach his younger daughter to be a martial arts master, but he wanted her to have the ability to save her life.

After completing his daily task, he packed up his things and locked the door before leaving.

The new house was built next to the house they were living in now. Under normal circumstances, the Gu family would not invite anyone other than Gu Hui and Gu si in, afraid that they would see that there was something wrong with the vegetable garden.

Even big Uncle Gu and fourth uncle Gu could only enter a few times.

Just as they reached the village entrance, they met Lu Zheng, who was driving his own carriage.

"Second uncle Gu, aunt Lian, are you going to the restaurant?" Lu Zheng greeted the few people.

"En, young master Zhou, where are you going? Leaving the village so early in the morning, you're moving in?" Gu shouxin asked.

not yet. I'm going to the county to pick up my grandma. I'll only move in when she comes. Lu Yang said.

The horse carriage and the ox-cart travelled together on the road. The time travel Trio and Lu Zheng were people who had experienced it before, so they got along well.

Gu Xin also interjected from time to time, and they had a good time talking along the way.

The time travel Trio couldn't just drive him away. They wouldn't hit a smiling person. Moreover, this brat was very good at acting. He didn't know if he had woken up after being hit that time. Anyway, their interaction now was just like any other ordinary interaction.

When they arrived at the county, they waved goodbye, not revealing a single look of reluctance.

This was also good. Everyone lived their own lives. Even if they knew that he might have deliberately come to get close to their family, they did not get along uncomfortably.

Especially now that Gu Xin was still young, the three transmigrators didn't believe that Lu Zheng would be able to stay in the village for so long with all the mess in his family.

"Second uncle Gu, aunt Lian, miss niannian, miss Xinxin, you're here!" Cheng Rui was waiting for them at the door.

"Lord Cheng, are you not going to school today?" Gu shouxin got out of the car and asked.

"There's no need for that today. Teacher has something to do at home, so he'll let us go home for a few days. Second uncle Gu, let the boy servant come and take these things!" Cheng Rui called the manservant at home to help Gu shouxin move the boxes from the ox cart.

A few boxes contained shampoo sets. In addition to the toothpaste, toothbrush, and soap that he had already made, there was also a can of shampoo with a total of three fragrances.

"Sister niannian!" Cheng huaijin held his sister's hand and ran out. He then stood in front of Gu Nian.

Cheng Huaiyu, on the other hand, stood beside Gu Xin and held her hand, looking very happy.

"Little Yu!" Gu Xin revealed a huge smile.

Cheng Huaiyu brought her braids close to Gu Xin's nose. Gu Xin sniffed them and even after a night, she could still smell the fragrance!

chapter 195 gu lin

second uncle and aunt, please don't laugh at me. This girl has been like this since morning. She's been very happy to let her servants and parents smell her. Cheng Rui said helplessly.

After that, he led the Gu family into the house.

Lord Cheng was in his office and couldn't entertain Gu shouxin, so Cheng Rui took on the role of entertaining guests. Not long after, the two went out to the study together.

Previously, every time Gu shouxin sent Cai Xiaolian to Madam Cheng's place, he would go to the study to read.

After Cheng Rui and Gu shouxin left, Mrs. Cheng also asked Cheng huaijin to take the two little Sisters to the garden to play. She was going to discuss business with Cai Xiaolian and her daughter.

Mrs. Cheng didn't need to use the shampoo herself. She already knew the effect of the shampoo when she looked at her children.

.....

In the Qing Prefecture, a carriage was coming out of the city gate.

The coachman was a manservant and a maidservant. A young couple sat in the carriage, looking to be in their twenties.

"Guo min, I'm warning you again, don't go to my parents and say bad things about me! My father's health is not good, and my second brother, that bastard, has already made my father very worried. Do you still want my father to worry about you?" The young woman was Grandpa Gu and grandma Gu's only daughter, Gu Lin. She had married into the Qingzhou government. Her husband's family was a grain merchant in the Qingzhou government. Her husband, Guo min, was still a scholar and was currently a scholar.

Gu Lin was twenty-four this year, and Guo min was two years older than her. They had a six-year-old son who did not come with them today.

“Linlin, how can I bother my father-in-law? Do I look like such an insensible person?” Guo min was handsome. He was already twenty-six years old and looked like a teenager who had just reached the crown. His skin was fair and his eyebrows and eyes were very good.

Uncle Gu was not joking when he said that her brother-in-law was also very good-looking.

“Hmph! You say that every time. I’m telling you, what happened before was indeed your younger brother and sister’s fault. As the elder sister-in-law, it’s normal for me to discipline them! Don’t go to my father and say that I hit people! I wasn’t beating him up, I was disciplining him! Good people come from the Golden stick, don’t you understand?” Gu Lin obviously did not trust her husband.

“Yes, yes, yes, what wifey said is right.” Guo min’s face was well-behaved, but in his heart, he was drafting what to say when he saw his father-in-law later.

“Well, just remember it! Also, don’t forget that my mother-in-law doesn’t usually bully me. I’ve endured it and was so filial to her. Not only that, I even helped her discipline her disobedient children. You know my mother’s bad temper. If she finds out that my mother-in-law bullied her only daughter, she’ll definitely go to the prefecture to back me up.” gu lin threatened again.

Guo min’s heart was bitter!

He had to endure the beating and threats from the wife he had begged for!

I heard that second brother’s family is building a house. Should I pull my father-in-law over to second brother’s house and tell him?

Mother-in-law dislikes me, big brother-in-law dislikes me, second brother-in-law dislikes me, and even little brother-in-law doesn’t like me and complains about me!

But I’m really wronged!

“Hey! Did you hear me?” Gu Lin nudged Guo min.

Guo min immediately showed a big smile. “Yes.”

“Are you planning to tell on me to my father?” Gu Lin looked at him suspiciously, her eyebrows raised.

“No, I didn’t!” Guo min shook his head and said with a sincere attitude, “I have to do what I promised my wife.

Chapter 196: You guys keep an eye on him

“Then tell me, what did I say?” Gu Lin sat up straight and placed her hands on her knees. She looked at Guo min with a sharp gaze.

“Wifey said that father-in-law’s health is not good, so he can’t say bad things about wifey to him. Otherwise, he would make his father-in-law worry. But, wifey, in your husband’s heart, where is wifey’s

bad place? The wife helped her husband take care of his mother, take care of the shop, educate his younger siblings, and raise his son. Without wifey, how can hubby study in peace?"

"In this husband's heart, wifey is the best woman in the world. She can go to the Hall and cook in the kitchen. She is filial to her parents and loves her siblings. She was as beautiful as a flower and had a straightforward personality. I really love my wife so much! It's true!"

Guo min held Gu Lin's hand and said sincerely.

Gu Lin pursed her lips and smiled. She hooked her finger. "You, come over."

Guo min leaned over.

Gu Lin pecked him on the face.

Guo min touched his face, feeling a little embarrassed.

Although I also like my wife's kiss, I still have to complain to my father-in-law!

That's right, we'll choose the place where second brother is building his new house. No one will be able to hear us!

Perhaps, under the pressure of his father-in-law, his wife could be so gentle every day and have such a kiss every day?

.....

The Gu family of four returned from the county town. Not long after, they heard the sound of a carriage behind them.

She thought she had met Lu Zheng again, but it turned out that was not the case.

"Second brother, second sister-in-law, big girl, second girl!" Gu Lin asked the manservant to stop the car and jumped down happily to greet the people.

Gu Xin subconsciously hid behind Gu Nian.

"Hey, you little girl, you didn't greet your aunt when you saw her? I scolded you for your lousy embroidery last time, so you're holding a grudge against me now? The embroidery was already rotten! Why are you crying? Hurry up and get over here!" Gu Lin stepped onto the ox-cart and lifted Gu Xin up.

"Third aunt." Gu Xin called out softly.

"Hey, can you be a little louder? Go, get on the carriage. Why take the ox-cart in the middle of winter? This little body of yours loves to get sick! Really!" Gu Lin placed Gu Xin on the ground and said in disdain.

"Second brother, second sister-in-law, da ya, you don't recognize me! Or do you not like me going back to my parents' house? Second brother, are you afraid that I'll talk about you? Second sister-in-law, are you as disgusted as eldest sister-in-law when I go back to my parents' house for dinner? And you, big girl, have you been doing embroidery recently? If I find out that you didn't do your embroidery properly, I'll teach you a lesson!" Gu Lin looked at the transmigration trio one by one and felt a little strange.

"Second brother, second sister-in-law, eldest niece." Guo min also got out of the car to greet them.

"You go and drive the ox-cart with second brother." Gu Lin pushed him and pulled Gu Xin along. She then said to Cai Xiaolian and Gu Nian, "second sister-in-law, big girl, let's go! You still want to enjoy the cold wind on the ox-cart? Hurry up and get in!"

After he finished speaking, he carried Gu Xin onto the carriage and stepped onto it himself.

Cai Xiaolian and Gu Nian had no choice but to follow.

Gu shouxin looked at the delicate brother-in-law beside him. While driving the carriage, he looked through the original owner's memory of his younger sister and brother-in-law.

In the carriage, Gu Lin lowered her voice and said, "Second sister-in-law, da ya, er ya, you guys have to help me keep an eye on them later."

The three of them looked at Gu Lin in confusion.

"It's Guo min's third sister and fourth brother. Oh, and his mother!" Gu Lin's face was filled with grief and indignation. His mother made a fool of me at the beginning of this month. I'm very filial and don't bully the elderly. If she bullies me, I'll bully her children! Didn't they just embarrass Guo min's third sister and fourth brother? I suspect that Guo min is going to secretly tell on me to father again, and he'll probably pull father over to your side. Can you help me keep an eye on him?"

Chapter 197: 800 damage to the enemy, 1000 damage to oneself

"Third aunt, what did uncle's mother do to you? How did you deal with uncle's sister-in-law?" Gu Nian asked curiously.

She was the only one in the family of four who did not have an impression of third aunt. She had heard a little from her parents before, but she did not know much about her. Until today, when they met, she was very curious about this third aunt.

Especially with how she thought.

The relationship between her mother-in-law and daughter-in-law was not good, but she did not argue with her mother-in-law. Instead, she targeted her brother-in-law and sister-in-law. Wasn't this like a video she had seen before?

The mother-in-law slapped the daughter-in-law, and the daughter-in-law turned around and slapped the husband. Each slap from the mother-in-law and daughter-in-law was more ruthless than the last!

Of course, Gu Nian did not know that her third uncle had also been beaten up by her third aunt.

"What else can I do? It was still her usual routine! Let me make a fool of myself in front of your third uncle's female classmates! She didn't even think about it. If I go out and embarrass myself, am I embarrassing myself as well? She was the one who embarrassed her son. This time she did it herself and loosened the thread of my clothes. When your third uncle's classmates gather and bring their families, she will know my habits and when I am not prepared, the clothes will be torn."

"She even formed an alliance with her distant niece. Her niece also helped me split my clothes, so her niece started to write poems to mock me. He was so angry that he splashed water all over the woman's face on the spot! I even thought that the tea was not hot anymore!"

Third aunt Gu said angrily.

Cai Xiaolian and Gu Nian's lips twitched as they thought, third aunt is really daring!

"Third aunt, you're being laughed at. Didn't third uncle help you?" Gu Xin asked with a frown.

Third aunt Gu was stunned. This little niece of hers was really bold today. She even dared to take the initiative to talk to her.

She was in a good mood, "why would I need his help?" He was a weakling! Moreover, the ones who bullied me were his mother and cousin. Can he beat or scold them? However, he did pour me another cup of tea after I poured it. At that time, I didn't think about whether he wanted me to calm down or to pour another glass!"

"Then how did you make it?" Gu Nian could not help but ask.

"I splashed it! That cousin of mine helped my mother-in-law bully me a lot. However, I'm not someone who's easily bullied. I just don't understand why they're still working so hard to do these things when they can't win each time." Third aunt Gu said frankly.

"This is called harming the enemy by 800 while harming yourself by 1000!" Cai Xiaolian commented.

"Mother, you're wrong. It's a 1000 damage to the enemy and 800 damage to the self!" Gu Xin corrected.

"Does your aunt look like she was injured a thousand times?" Cai Xiaolian asked with a smile.

Gu Xin furrowed her brows and started to think. Her aunt's clothes were torn and she was laughed at. However, it was even more embarrassing for one of them to be splashed with two cups of tea and the other's children to be bullied by her.

It seems like Mother was right!

hahahahahaha Yingluo! third aunt Gu laughed out loud and even patted her thigh. second sister-in-law, you're right!

"Aunt, then how did you manage uncle's sister-in-law?" Gu Nian's interest was piqued. This third aunt was good at causing trouble. She liked it.

"Hahahaha, I feel like laughing when I talk about this. Didn't she used to say that niannian was Foxy and that she helped her mother sow discord between your uncle and me? she even spoke up for the Vixen outside, saying that only that Vixen is worthy of being her sister-in-law!"

Chapter 198: Their brain circuits are the same

"The matchmaker brought my mother-in-law and aunt to meet her, and I followed. Seeing that my sister-in-law was quite satisfied with the other party, I secretly put the smelly socks that my mother-in-

law had prepared in advance, the kind that hadn't been washed for half a month, into my sister-in-law's purse. Aiyo, you guys don't know what happened at that time! He treated young master Fang like he had eaten poop, and even his mother had a look of disdain. Even the matchmaker had run away! "Hahahaha!" Third aunt Gu laughed again.

"As for that brother-in-law, he's even more of a bastard! In broad daylight, he flirted with a girl in his family's rice Shop! I just happened to see it, so I immediately lifted the door bolt, chased him half the street, caught him, and gave him a hard beating! That mother-in-law of mine is going to Sue me at the government office! If your third uncle finds out, the three of them will say all sorts of bad things about me and even say that they want to divorce me! What a joke, I sent off my father-in-law at his funeral and gave birth to a son for his family, and he dares to divorce me? If they divorce me, the old man will be the first to jump out and stop them!"

"The whole family thinks that your third brother is a scholar, and you're showing off like a scholar? Don't scholars eat? A scholar doesn't eat shit? He was still the same as most people! She rushed to my house to ask for my hand in marriage, but after she married me, she kept pestering me! Bah! If it wasn't for the fact that his scholar is a feast for the eyes, I would have married him."

Third aunt Gu did not hold back when she spoke.

Cai Xiaolian thought, this sister-in-law is much more difficult to deal with than the sister-in-law of a scholar!

Gu Nian: "I want to learn from third aunt. When I get married, I want to marry a beautiful woman. When I encounter bad things, I can calm down by looking at her face."

Gu Xin: Third aunt is amazing!

"Da ya, er ya, Yingluo."

"Aunt, you can call us niannian or Xinxin! It's not easy to distinguish between big ya and second YA. Big sister Huihui and little sister sisi are also big ya and second YA!" Gu Nian quickly interrupted her. She could not let her third aunt change the way she addressed her.

It wasn't that the name wasn't good. The main thing was that if you shouted da ya and ER ya at the village entrance, a lot of little girls would appear in no time.

"It's fine. They are the eldest and second daughter of the first branch. In the future, when your fourth uncle gives birth to two daughters, they will be the eldest and second daughter of the fourth branch!" Third aunt Gu waved her hand. She looked very much like uncle Gu.

Gu Nian thought, 'no wonder they're siblings born from the same mother. They have the same thought process.'

"Second sister-in-law, niannian is already so old, have you taken a good look at her? This wretched girl, what did she not know? she had been tricked by that stinky girl, Zhang Yunyun, every day! Can't you and second brother put in more effort? When she was learning embroidery from me, she was quite smart. I just didn't know why she was fooled by that stupid Zhang Yunyun! If this continued, she would only have a face and her brain would be mushed! Our Gu family shouldn't have such a silly thing!" Interrupted by

Gu Nian, third aunt Gu forgot what she was going to say and began to talk about Gu Nian's marriage with Cai Xiaolian.

'Stupid girl, stupid girl, stupid thing!'

[f * ck!]

How did the quiet and calm grandma Gu and the kind and gentle Grandpa Gu give birth to such a daughter?

The genetic mutation is a little serious!

Gu Nian held her forehead as she complained in her heart.

Gu Xin, on the other hand, blinked her big eyes and listened to her seriously. She felt that many of her aunt's words made sense. Why didn't she realize this in the past?

He was probably too stupid in the past, but now he became smarter after eating a Jade bead every day.

Chapter 199: I know!

This time, third aunt and her husband came back to visit their parents and to give gifts to the first household.

The Gu family didn't like to be lively, and they didn't like to have a Full Moon Party when they had a child, but third aunt Gu, this biological aunt, still had to come back to watch.

Zhang Shi, like Cai Xiaolian, also knew that this sister-in-law was very difficult to deal with, so Zhang Shi, who had already finished her confinement, spoke less than usual and was very well-behaved.

After the four members of the Gu family had dinner and chatted for a while, they all went home.

"Her aunt, she's quite fun!" After returning home, Cai Xiaolian suddenly said.

"Her uncle is even more fun!" gu shouxin added.

The three of them looked at Gu shouxin.

"you'll know tomorrow. Let's go and plant the seeds from yesterday. Didn't niannian say to plant them in Houyang Valley?" Gu shouxin shook his head with a smile and said without explaining.

Gu Nian divided each seed into three portions and only planted one portion.

They didn't know if the seeds could still germinate after so long, so they tried one portion first.

If he succeeded, he would plant some in the vegetable field in the front yard.

If he didn't succeed, then it was because of the season. He would wait until spring to try again.

The family changed into their work clothes and started working.

"I wonder why Lu, Zhou Yuan trusts us so much?" Cai Xiaolian couldn't help but mumble. She wanted to say Lu Zheng, but then she remembered that Gu Xin was here, so she had to say Zhou Yuan.

Before they transmigrated, the three of them had even discussed that since Lu Zheng could be reborn, who knew if Gu Xin would remember anything from her previous life?

Therefore, it was best not to mention Lu Zheng's name in front of Gu Xin. If she were to wake up the memories of her previous life, it would not be something they wanted to see.

"Mother, young master Zhou said that old master Zhou hired a Warlock who felt that our location was good for the growth of crops!" Gu Xin said.

"Xinxin, do you know what a Warlock is?" Gu shouxin asked.

"I've asked Grandpa! His grandfather said that warlocks could know the past and the future, predict the weather, and even help people tell their fortunes. However, Grandpa also said that not all warlocks are so capable. The number of capable warlocks in the great Zhou Can be counted on one hand." gu xin said.

"Our Grandpa really knows a lot! By the way, father, where is grandpa's hometown? What does our great-grandfather do?" Gu Nian believed her grandfather's words. Initially, she had thought that Lu Zheng was just finding an excuse to get close to her family.

"i don't know. your grandma was born and raised in the village at the crossroads, but your grandpa is an outsider. he is alone. maybe no one knows about him except your grandma!" Gu shouxin thought for a while and said.

The original owner's memory indeed did not have any information about the background of her cheap father!

"I know!" Gu Xin's words brought back the memories of the group of three.

"How did you know? Grandpa even told you this?" Gu Nian asked in surprise.

"The year before last, Zhang Xiaohu and the others said that father didn't want us anymore. Soon, mother would also run away with sister, leaving me without parents. He said that I'll be an orphan in the future! that time, his father really went out for two to three days. his mother was also very unhappy and brought his sister out. i was scared, and i cried. grandpa came over and told me that father, mother, and sister only went out to work and would come back. they wouldn't abandon me. "

Chapter 200: An honor

"Grandfather said that when he was my age, his father was like him. She just drank every day and ignored him. However, something happened at home, and his father still took him and ran away. He didn't forget about him and his sister when he ran. No parents in this world would abandon their children. Later on, in order to give his grandfather food to eat, his grandfather's father went to snatch things and got a lot of pancakes for his grandfather and his sister. This was also the reason why his grandfather could escape here and was saved by his grandmother. If his father didn't grab so much food, Grandpa would have starved to death."

Gu Xin said.

"Grandpa has a younger sister? What about his sister?" Gu Nian asked.

Grandpa said that his sister caught the cold wind on the road and didn't survive. Gu Xin replied, "by the way, father, where did you go during those few days?" Mother, sister, where did you go?"

this Zhenzhen. Gu shouxin thought of those unbearable scenes in his memory and didn't want to speak.

"I'm taking your sister to find your father." Cai Xiaolian answered frankly.

Gu Nian didn't know anything. She looked at her parents and felt that the host's father had left behind a lot of questions!

"Alright, let's quickly plant it!" Gu shouxin didn't dare to look at his wife and daughter. He turned around and continued to dig.

Three oil lamps were lit in Houyang Valley, and the covers were added, so there was no need to worry about the wind blowing them out.

Gu Xin had many doubts in her heart in the past, but after spending the past two months together, she slowly dispelled them. So, she did not pursue the matter and ask why her father did not return home for a few days.

After a busy hour, he finally planted all the seeds.

Gu Xin insisted on using the well water to water the plants. The time travel Trio also helped her. The three of them also felt that the well water at home was a little different. After drinking too much at home, they would have to go to the old house to drink a mouthful of water. There was still a slight difference.

After washing up and going to bed, Cai Xiaolian didn't feel sleepy at all. She wasn't like the two children. She didn't know what Gu shouxin had gone to do that time. She had a memory. She knew that Gu shouxin had gone to find the person that he had been dreaming of.

It wasn't that she minded. She just wanted to know more. What if that woman appeared again?

"You want to ask how the original owner went to find her two years ago?" Gu shouxin saw Cai Xiaolian turn over three times and asked with a smile.

"Yup! How's the situation? Will that woman still appear?" Cai Xiaolian asked.

"Probably not! The year before last, that woman had brought her daughter back to her hometown to pay respects to her ancestors. It was said that she had lost her husband and was driven out of her in-laws' house. The host went to look for her and was humiliated. In the end, he was no longer as proud as he used to be. Instead, he became a scoundrel and pestered her. Then, he was beaten up. After that, the woman got married again. It's just that the original owner didn't get any news, but he was still thinking about that woman even at the moment of his death." Gu shouxin said.

"What do you plan to do if that woman appears again?" Cai Xiaolian asked.

"I don't even know him." Gu shouxin laughed.

"You can't be controlled by the original owner's obsession, right? Is that woman pretty?" Cai Xiaolian asked again.

"I won't. That woman looks like the green tea and white Lotus that you and niannian always talk about. She's pretty, but not as pretty as you." Gu shouxin said.

"I didn't say you're competing with me!" Cai Xiaolian rolled her eyes at him. She was in a good mood and said awkwardly, "should I feel honored? nine thousand years old, who's in a high position and used to seeing beautiful women, praised me for my good looks!"
