Chapter 201: I practice often

“No, it’s my honor! I’m used to seeing beautiful women in my high position. It’s my honor to have such a good wife in my Second Life!” Gu shouxin said with a serious face.

In the dark, Cai Xiaolian seemed to be able to see the other party’s bright eyes, and her heart skipped a beat.

However, she was no longer a little girl, so she came back to her senses and said, “Nine thousand years old has a lot of sweet words! Looks like you’ve been practicing this a lot!”

“Yes, I practice often.” Gu shouxin laughed.

Cai Xiaolian was stunned. How could this person admit it so honestly? Can’t you just quibble?

“I used to practice how to say sweet words when I met the person I like. However, he practiced alone and didn’t find a partner. “Alas, I’ve sinned.” After Gu shouxin finished speaking, he sighed, looking quite desolate.

Cai Xiaolian, “hehe.”

A man’s mouth was a ghost that coaxed people!

“I’m sleeping!” Cai Xiaolian rolled over, not wanting to listen to the nonsense of the people around her.

“Good dream, mother!” Gu shouxin tucked Cai Xiaolian in and said gently.

Although the two of them were in the same bed, they didn’t use the same blanket. It was already winter since they came, and Cai Xiaolian was used to the thoughtfulness of the people around her, so she fell asleep in a short while.

However, Gu shouxin couldn’t fall asleep as he thought of the woman in the original owner’s heart.

That woman’s means were very high. On one hand, she let people humiliate the host, and on the other hand, she hung the host so that she would fall for her.

Moreover, the last time that woman met the original owner, that woman’s daughter pulled the original owner and said, “uncle Xin, I want you to be my father. that woman cried and said, “I’m sorry, Erlang, I’ve let you down in this life. Please forget me!

In the memory, the woman was reluctant to leave, as if she had something that she couldn’t say, as if she was being forced, while her daughter was innocent and full of admiration for the original owner.

Gu shouxin rubbed his forehead. This mother and daughter must not appear!

My wife and daughter are not to be trifled with. One of you wants to snatch her husband, and the other wants to snatch her father. Their bad temper will not allow it.

Of course, we’re family, and my temper isn’t much better.

He wasn't trying to boast, but he believed that as long as he took the imperial examination next year and kept going, the mother and daughter would definitely appear.

.....

The next morning, the Gu family woke up to exercise before the sun rose.

The two sisters were still in the horse stance, and Gu shouxin taught Cai Xiaolian some simple moves to resist.

For some reason, when the two sisters talked about food, Gu Xin said that she wanted to eat glutinous rice stuffed intestines, sausages, big bone radish soup, pig ears, and even pig brain.

"Later, father will go to the city to buy some, and sister will make them!" It was rare for his daughter to take the initiative to eat something, so Gu shouxin naturally had to actively meet her requirements.

After their exercise, the family washed up and prepared breakfast in the kitchen.

The sky slowly brightened.

When the breakfast was placed on the table, there was a "bang" outside, followed by a man's scream.

"Dad, dad, pig, pig, wild boar! Father, father, Zhenzhen!"

After a scream, the four members of the Gu family heard the voice outside clearly. Wasn't it third uncle?

When they heard about the wild boar, father, and the Gu family of four stopped eating breakfast and rushed to the door to see what was going on.

Gu Nian walked behind Gu Xin in confusion. It really was a koi fish. She had just said that she wanted to eat something and it came right to her.

Chapter 202: The Gu family only has a son and no daughter, right?

Next to the gate, another hole had been knocked through the wall made of mud, and a wild boar was still twitching under the hole.

Not far away, Grandpa Gu looked at the wild boar in surprise, and third uncle directly jumped on Grandpa Gu's back, trembling.

The four members of the Gu family didn't react much when they saw the wild boar, but when they saw the looks of the father-in-law and son-in-law, they really didn't know what kind of expression they should show to express their speechlessness.

third uncle, fourth uncle is younger than you, but he didn't let grandfather carry him. Don't you know that grandfather's health is not good?" It was still Gu Xin. She jogged over and tugged at her third uncle's clothes. Her little face did not hide her unhappiness at all.

Third uncle is too much. I'm already an adult and I can't bear to let Grandpa carry me, but he actually wants Grandpa to carry me.

“Xinxin, I’m scared!” Third uncle finally realized that he was hiding on his father-in-law’s back. He came down with a red face and said aggrievedly.

“Third uncle, are you afraid that you’ll be hiding behind Grandpa? Then if the wild boar comes at you, will you push Grandpa to the front?” Gu Xin was even more unhappy.

Third uncle is too much, he deserves to be bullied by third aunt, Hmph!

“No, no, no, it can’t be. How can it be? I won’t.” Third uncle shook his head. This was a question of death. If he answered a little slower and his wife found out, maybe she would catch a wild boar and lock him up with her.

“Xinxin, Grandpa is fine, he’s fine. Your third uncle didn’t see it, so he was shocked.” Grandpa Gu laughed as he touched Gu Xin’s head.

brother-in-law, you’re too stubborn. Cai Xiaolian stepped forward, shook her head, and sighed. my Xinxin hasn’t been carried by her grandfather since she was four years old!

Third uncle’s face turned even redder.

ahem, second brother, second brother’s wife, ah Zhen and I just came over to see how your new house is like. When we walked here, a wild boar jumped out and hit your wall. Grandpa Gu coughed twice and changed the topic. He looked a little incredulous.

Although this had already happened once, seeing it with their own eyes was still more shocking than hearing about it.

“Eh? Father, what are you all doing there?” At this moment, third aunt Gu came over. She had originally planned to follow behind quietly and eavesdrop on her husband’s complaint. However, after a while, she saw a group of people.

“Waa! My wife, it’s so scary. There’s a wild boar, a Big Wild boar!” Third uncle looked as if he had just seen his Savior. He ran towards third aunt Gu and tugged at her sleeve, following behind her.

The transmigratio trio: “ Yingluo ”

The Gu family probably didn’t have a daughter, but four sons. This third son had probably gone out to be a live-in son-in-law for a young lady from a rich family!

She was too girly!

Gu Xin looked at her third uncle in disgust. Coward. She had to avoid cowards when she got married in the future. The wild boar was already dead, yet she was still afraid.

Grandpa Gu looked at his daughter and son-in-law with a complicated expression. Yes, his son-in-law was good at everything. He had a good personality, good looks, and good grades. It was just that he was too timid. Should he train his courage?

She was so timid that she didn’t even like the most timid Xinxin!

AI ~~

“Hey! It really was a big Wild boar! When I heard big brother mention it yesterday, I still didn’t believe it. I’ve only been married for a few years, have the wild boars in the back mountain of our village become stupid? Weren’t you very smart before?” Third aunt walked to the front of the wild boar. The pig was already dead. She said in disbelief.

Chapter 203: Who asked you to be my wife?

“He’s really dead?” Third uncle walked forward with small steps.

“If you don’t believe me, you can touch it!” Third aunt pulled her third uncle over and almost pulled her man onto the wild boar.

Third uncle almost cried out in anger but when he saw Gu Xin looking at him with disdain, he shut his mouth in grievance.

I didn’t complain to my father-in-law today, but I was scared out of my wits by the wild boar, and I was even despised by the Yue family’s little niece who has a small mouth. I feel so wronged!

Gu shouxin went to the old mansion to drive the ox-cart over. Then, he carried the pig onto the ox-cart with third aunt Gu and went to the old mansion to kill the pig.

With the matter of the wild boar, third uncle’s plan to tell on her fell through.

The two sisters had followed Gu Nian to make many things. Therefore, they did not need Gu Nian to remind them to put away the pig’s hair. This was a good item that could be used to make a toothbrush!

Shaving, rinsing, cutting, and washing the intestines took the entire morning.

While Gu Nian was cooking, she was still thinking about whether she should tell Xinxin about the delicious taste of pheasants and hares. What if Xinxin wanted to eat them and said it? would the pheasants and hares automatically come to their house?

Gu Nian decided to give it a try. If it really existed, her sister would definitely be a koi fish.

He spent the entire day cleaning up the pork.

Third aunt just came back, and Cai Xiaolian generously gave her a leg, a piece of meat, and a sausage and glutinous rice stuffed into her.

The main thing was that her first impression of this sister-in-law was quite good. Even if the original owner didn’t like this sister-in-law, the current Cai Xiaolian liked her!

The old house also kept a leg and half of the meat. Cai Xiaolian had taken the rest home.

This pig had appeared in front of their house. Other than Zhang Shi, who felt that it should be everyone’s meat, everyone else felt that it should be the second branch’s.

Mrs. Zhang was dissatisfied and muttered to uncle Gu, who had come back to get the tools, he used our slaughtered pig and we helped cut the meat into sausages, but he only gave us this little bit. Dad, don’t you say anything? ”

Uncle Gu asked, 'should I say thank you? There's no need for that. Second brother and I are Blood Brothers, there's no need to thank me!'

Zhang Shi was so angry that she hit uncle Gu. I mean, we have to be short. We have so many people in our family. They have four people. They should be changing!

Uncle Gu looked at Zhang Shi as if she was an idiot. 'Are you okay? This is considered little? Do you know how much money it would cost to buy it outside?'

Mrs. Zhang glared at uncle Gu, 'then you didn't buy it!' The pig came here on its own, and it's not second brother's family. According to the number of people, we should have more!'

Uncle Gu stared at Zhang Shi and shook his head in disgust. 'I say, wife, it's wrong of you to think like this! If you want more meat, you have to have the ability to make the wild boar stupid enough to hit our wall! The wild boars were sent to the second brother's house because they had no food and no pigs. You're eating so much that you're almost as heavy as a pig. If a pig sees you, will it bump into you? He probably thought that they were the same kind! How can a person of the same kind bump into another?'

'Wife, don't think so much. At least if a pig runs into the second son's house, we can also follow. If second brother's family is as strong as you, we'll have to spend money! What a great loss! I thought it was you who didn't hit this side. Sigh, forget it, who asked you to be my wife! Alright, I'm leaving. There's still some work to be done over there!' Uncle Gu quickly finished his sentence and then left.

'Gu shouren!' Zhang Shi shouted in anger.

Chapter 204: I like my cute and considerate little niece

Zhang's sister-in-law was embarrassed that uncle Gu had failed in the meat exchange, so she could only hold onto Shinobu and endure the grievances.

Grandma Gu passed by with the first branch and shook her head. Her eldest son was the most eccentric man she had ever met in the world. Really, even as his mother, she was depressed for Zhang Shi!

Who would scold his wife like a pig?

Grandma Gu then looked at her eldest daughter-in-law, who was sitting on the bed with her little grandson in her arms. She felt that the description of her eldest son was very appropriate.

However, why did he have to say it out loud? the other party was his wife!

'Ai!' Grandma Gu sighed and went to the kitchen.

In the kitchen, her three daughters were instructing her third uncle to do this and that. Most importantly, her third uncle had a good temper and was very obedient.

As a mother, she should be happy to see her son-in-law so obedient to her daughter, but she couldn't bring herself to be happy!

'Ai!' Grandma Gu shook her head and went back to the central room.

In the central room, the second daughter-in-law and her four granddaughters were cleaning up the meat. Well, it was finally a little more bearable.

“Mother, what are you doing standing here?” Fourth uncle Gu appeared behind grandma Gu with the tools for wood work.

Grandma Gu turned around and looked at fourth uncle Gu expressionlessly. “Fourth brother, are you planning to spend the rest of your life with a blockhead?”

“What?” Fourth uncle Gu was stunned.

“Al! Forget it, forget it, I can’t control my mother anymore!” Grandma Gu pushed him away in disgust. She went to the yard where the pigs were being slaughtered, picked up a knife, and cut a piece of rib.

One slash after another.

Fourth uncle Gu shivered. He kept feeling that the ribs on the board were his.

fourth uncle, grandma is despising you. You’re going to be an old Bachelor soon, and you still can’t find a wife! Gu Hui said in the room.

“Fourth uncle, you have to listen to your grandma. This old Bachelor is not good. Uncle Sheng from our village is even older than uncle Sheng. Look at how pitiful he is. He’s all alone. The last time he was sick and couldn’t move, no one poured him water to drink and he almost died of thirst. So, fourth uncle, don’t be an old Bachelor. You’ll be very pitiful.” Gu Xin advised him with a worried look.

Fourth uncle Gu, “Yingluo”

He was the only man in the village who was laughed at by his niece. Right, he was definitely the only man!

What a sin!

“Fourth uncle, this brain is for you.” Gu Xin wiped her hands on the apron and took out a pig’s brain wrapped in vegetable leaves from the brazier beside her. She handed it to fourth uncle Gu.

Aiyo, Xinxin is so obedient. She even knows to leave a mark on fourth uncle’s brain. Fourth uncle Gu was instantly revived. His little niece was indeed much better than his little nephew. She was so cute and considerate.

“Yup! His sister said that eating brain flowers would nourish the brain. Fourth uncle will definitely become smarter after eating it, and he will definitely be able to marry a fourth aunt soon!” Gu Xin said innocently. When she saw that fourth uncle’s expression was a little off, her heart skipped a beat. She quickly waved her hand and said, “ fourth uncle, fourth uncle, I’m not saying that you’re stupid. Fourth uncle, you’re very smart. It’s just that eating brains makes you smarter, and the smarter you are, the faster you can find fourth aunt. Really, I didn’t mean to say fourth uncle is stupid!”

“Hahahaha!”

It would have been better if she didn’t explain. The moment she did, everyone in the family burst into laughter.

Even the sulking Zhang Shi held her youngest son and laughed exaggeratedly at the door of the first household.

Grandma Gu, who was butchering the pork ribs, also pursed her lips.

“Fourth brother, come here. I have a brain here. I snatched it just now and saved it for you! Be good, after you eat, you’ll find a sister-in-law for me!” At this time, third aunt Gu took out another brain.

Chapter 205: Your sister is here

Third aunt and her husband had come to their parents’ house to give gifts. They had children and a shop at home, so they only rested for the first night and had to return to the prefecture the next night.

Because of the wild boar’s sudden appearance, third uncle didn’t find a chance to complain. When he was sent to the carriage, he looked at his father-in-law with a wronged expression, hoping that his father-in-law would understand his feelings. Unfortunately, his father-in-law only smiled and told them to come back when they were free.

Third uncle wanted to cry but had no tears!

“I say, Guo min, put away your aggrieved look! If you do this, people will really think that I’m going to your house to be a live-in son-in-law to serve you, a delicate young miss!” After the carriage left the village, third aunt looked at her third uncle in disdain and said, ”

don’t live-in son-in-law always keep a low profile like a grandson? ” Third uncle was too quick to respond. After he finished speaking, he realized that he seemed to have said something terrible. He quickly covered his mouth and looked at third aunt with horror in his eyes.

“Hehehe, you think I’m too high-profile? Didn’t he go to your house to be your grandson?” Gu Sangu pulled the man over by his collar.

An idea came to third uncle’s mind. He didn’t Dodge and directly followed the pull and pounced on third aunt. Then, he hugged third aunt tightly and refused to let go.

“Guo min, let go, let go! I’m going to beat you up!” Third aunt said angrily as she was being hugged and it was inconvenient for her to move.

No matter how weak a man was, he still had some strength.

Although third uncle looked a little feminine, he was still very tall. Third aunt looked fierce, but she was very petite.

“Wifey, you can hammer! I was wrong! Beat him to calm down! Hammer! Hammer it!” Third uncle hugged her tightly, not letting go.

“BOOM!”

“BOOM!”

“BOOM!”

Third aunt Gu hammered her fist three times.

“Aiyo, Aiyo, Aiyo, Aiyo, Aiyo, Aiyo, Aiyo, Aiyo, Aiyo.”

Third uncle called her name rhythmically.

The maidservant and manservant who were driving the carriage outside looked at each other, then continued driving the carriage as if they had not noticed anything.

It couldn't be helped. This was their young master and young mistress's daily bickering when they returned to their Maiden Home. They would get used to it!

.....

Because third aunt Gu and the others were going back to the city, they had dinner early at the old mansion.

The sky turned dark a while after she left.

The four members of the second branch were still helping to clean up the old residence when there was a knock on the door.

“Gu xianglan! Your sister is here! Hurry up and come out to welcome me!”

A hearty old lady's voice came along with the knocking.

“Is it big sister Xiao?” Grandpa Gu asked in surprise.

“It's so late, what's she doing here?” Grandma Gu's face was full of disgust, but she didn't mean what she said. She didn't ask the child to open the door, but went to open it herself.

The Gu family didn't know which old lady it was, but the second branch remembered that There Was an Old Lady Xiao.

The last time he sent sun Yumei to the county, didn't she go to an old lady Xiao's place?

“Hey, old Gu! I haven't seen you for a month and you look younger!” Grandma Xiao pinched grandma Gu's face and said with a smile.

The Gu family's descendants, as well as Lu Zheng, who was behind granny Xiao, were all dumbfounded by her actions.

This was like the scene of Playboys teasing young girls in the city!

“Get lost! What are you doing here? I don't have any spare rooms for you to stay in.” Grandma Gu smacked her hand away and led her into the house.

“I don't want to live with you! Lonely old women like us can't bear to see you being so intimate with your wife.” Grandma Xiao said with a look of disdain.

Chapter 206: Get out!

“As if you don’t have a wife?” Grandma Gu rolled her eyes at her.

“Don’t mention that old bastard to me! Where is ye Chuan? Come, come, come, let sister take your pulse and see how your condition is recently? Yo, you look good!” Grandma Xiao was very familiar with him, and as soon as she entered the central room, she asked Grandpa Gu to take his pulse.

Lu Zheng, who was carrying gifts behind him, felt like he was being scolded. If his grandfather was an old bastard, then wouldn’t he be a coward?

The three transmigrators looked at Lu Zheng in silence. What did this guy have to do with old lady Xiao?

Yesterday, he said that he was going to pick up an elder to live in the county. Could it be that old lady Xiao was his elder?

Then wouldn’t he be able to approach the Gu family even more openly?

Gu Xin didn’t pay attention to Lu Zheng. She stood behind her grandfather and looked at grandma Xiao nervously.

Ever since she discovered that the Jade bead was beneficial to the human body, she would come to the old estate every day and secretly throw a Jade bead into her grandfather’s medicine jar.

She was afraid that the vegetable field here would be the same as the one at home, so she didn’t dare to throw it into the well of the old house, but she would throw it into the water tank in the kitchen of the old house every few days. Anyway, no one in the old house coughed this winter.

“Ye Chuan, did you secretly find a famous doctor? His pulse is much better than before. If he continues like this, he’ll be no different from a normal person!” Grandma Xiao held it with both hands and then said in disbelief.

“Hehehe, isn’t this famous doctor you, big sister Xiao?” Grandpa Gu chuckled when he heard grandma Xiao’s words.

“Old Xiao, are you serious?” Grandma Gu asked nervously.

“It’s true. Have I ever lied to you about this all these years? What did you give ye Chuan?” Grandma Xiao asked curiously.

“Didn’t you say that father needs to be in a good mood, not to worry, not to tire himself out, and not to do heavy work? Mother, do you think it’s because second older brother has been very obedient recently that when father is happy, his illness will be cured?” Fourth uncle Gu said.

Everyone in the room looked at Gu shouxin.

Gu shouxin coughed uncomfortably. How could this be blamed on me?

This damn original owner!

“Right, right, right, what fourth brother said makes sense! In the past, every time second brother got drunk, our Father would cough more violently at night. When second brother was chased after for gambling, father even coughed up blood once! The second son had been very obedient for the past two

months, and his father had not coughed for a long time. Moreover, father can go to second brother's place every day. In the past, father would have to stay by the fire for the entire winter!" Uncle Gu said.

"Boss, you can't blame second. When I married your mother, my body was already like this. It's an old illness!" Grandpa Gu was afraid that his two sons' words would make his second son feel guilty, so he quickly explained.

"I still think it has something to do with second brother! "Second brother, you should study hard. If you lack money, big brother will do the toughest labor. You should get into the elementary scholar or something. Work hard and get into the imperial examination or something. When father is in a good mood and in good health, he might even get us a fifth brother!" Uncle Gu was a quick-witted person. When he heard that his father's health had recovered, his mood was lifted. He really dared to think and say anything.

Grandpa Gu's face turned red.

"Boss, get out!" Grandma Gu glared at uncle Gu.

Uncle Gu scratched his head. He knew that he had spoken too quickly and said the wrong thing, so he left dejectedly.

The people in the room looked on speechlessly as uncle Gu's tall figure gradually disappeared from the door of the central room.

Awesome!

He was really awesome!

How dare his parents make such a joke!

Chapter 207: So pitiful

Grandma Gu had sent all her children and grandchildren away, leaving only the old couple, grandma Xiao, and Lu Zheng.

"Boss, this child, is still the same as when he was young! Words can't be said in the brain! Just like you when you were young." Grandma Xiao said with a smile.

Grandma Gu rolled her eyes at her and asked, " "Can brother Chuan really recover? She wouldn't have to suffer from the weather changes in the future? Can you walk further?"

"From the looks of it, if he continues to recuperate like this, of course he can. Ye Chuan hadn't exercised much in the past few years, but he could take his time to move around. It was good to walk a few rounds in the village. I'll change the prescription. All medicine is 30% poisonous. Some of his body's problems have been cured, so there's no need to add some medicine. The new prescription is mainly used to nurse his health." Said grandma Xiao.

"Then hurry up and drive. I'll go get the medicine tomorrow!" Grandma Gu said happily.

“Don’t be in such a hurry. I’ll be living in your village in the future. You can take him to my house every day to exercise your muscles! I’ll get someone to bring the medicine back tomorrow.” Grandma Xiao waved her hand and said with a smile.

“You’re staying in our village?” Both grandma Gu and Grandpa Gu looked at grandma Xiao in confusion.

“Yuanyuan, What are you looking at?” Grandma Xiao was about to ask Lu Zheng to come and greet her, but she saw her grandson staring at the window, so she looked over as well.

There were two shadows by the paper window. It was obvious that they were the little girl’s buns.

“Xinxin, come in! It’s cold outside.” Grandpa Gu shouted.

Bao Bao disappeared from the window.

“This child is probably concerned about my condition.” Grandpa Gu smiled helplessly.

Gu Xin pushed the door open and walked in, embarrassed as she stood beside her grandfather.

“It’s so cold outside, why are you hiding there and eavesdropping?” Grandma Gu asked in a bad mood.

“Grandma, I just want to know if Grandpa is well.” Gu Xin replied softly.

“Then you can ask openly! Don’t tell me that you don’t know that your grandfather has recovered?” Grandma Gu said.

“Oh.” Gu Xin nodded.

“In the future, if you want to know anything, come to us directly. You’re in your own house, and you’re even sneaking around in the cold wind. Now that your grandpa’s body has recovered, you can’t blow yourself to the cold. Do you understand?” Grandma Gu continued.

“Alright, grandma! I won’t do it again in the future.” Gu Xin admitted her mistake obediently.

“Quick, come and warm your hands!” Grandpa Gu held Gu Xin’s hand and placed it by the fire, rubbing it.

Gu Xin obediently sat on the bench and warmed herself by the fire.

“This is my grandson, my biological grandson. You can just call him Yuanyuan.” Grandma Xiao introduced her to grandma Gu and Grandpa Gu.

“Kissed? Little Jia’s?” Grandma Gu asked with a frown.

She had seen this young man before. The last time the Zhou family came to rent land to second brother, wasn’t it this young man who came?

However, the good maternal grandfather and maternal grandmother had now become great uncle and grandmother. The Zhou family was really disappointing.

“Yes.” Grandma Xiao nodded, then said to Lu Yang, “ Yuanyuan, this is your Grandpa and Grandma Gu. Your grandma Gu and I are best friends who grew up together. If you treat me badly, you treat her badly too, understand?”

“Junior Zhou Yuan greets grandfather Gu and grandmother Gu. In the future, grandma and I will live in the village at the crossroads. I hope Grandpa and Grandma Gu can take care of us.” Zhou Yuan stood up and bowed respectfully.

Gu Xin blinked her big eyes as she looked at the good-looking young master in front of her. He was actually grandma Xiao’s grandson. Grandma said that grandma Xiao’s child was gone, so didn’t that mean that this young master had no parents? How pitiful!

Chapter 208: I really want to eat it

Grandma Xiao and Lu Zheng didn’t stay in the old mansion for long before they went back.

He was only here to get to know the door.

After sending them off, grandma Gu and Grandpa Gu went to the kitchen and explained the situation to their grandchildren who were warming themselves by the fire. The grandfather and grandson were her friends, and they would help her out in the village if they could.

Uncle Gu was puzzled. Why didn’t he remember that his mother had such a friend?

He only remembered that when he was young, his mother had brought him to old master Zhou’s house in town and was friends with Mrs. Zhou. Later, Mrs. Zhou’s daughter married into a high-ranking official’s family in the capital, and Mrs. Zhou died of illness not long after!

How did her mother secretly have a friend?

Fourth uncle Gu was young, and when he was born, there was no Mrs. Zhou, so he had no idea.

Gu shouxin only connected it to the Zhou family after knowing Lu Zheng’s identity. He guessed that grandma Xiao was old master Zhou’s wife, but he didn’t know what these two old men were doing. They lived in the same place and hadn’t seen each other for twenty years. Now, because of his grandson, they must meet!

However, these were other people’s business, so he didn’t think too much about it.

.....

“The new house is almost complete. The next step is to buy furniture and decorate it. Niannian, can you leave? If you can’t leave, I’ll go with your mother!” When they returned home, Gu shouxin talked to the mother and daughter about the new house.

“I won’t be going. I’ll make a few more sets of equipment these few days and make a fortune before the new year. Anyway, I’ve already drawn the ones for my room and the lab for fourth uncle. Fourth uncle and Grandpa yang have already made them for me. As for the other things that need to be used, father and mother can do as they see fit!” Gu Nian said after some thought.

“What about Xinxin? Does Xinxin want to go with us?” Gu shouxin asked Gu Xin.

"I'm not going either. Father, mother, you can go. I'll stay at home to help Sister! I know a lot too. I can do more and earn more money." Gu Xin shook her head. She was only talking about one of the reasons. The other reason was that she had to throw jade beads into her grandfather's medicine jar every day.

"Alright, it's fine if you two sisters don't go. Most of the furniture in the house was made by uncle yang. They were all done and had been dry for a few days. I'll just pick out the ones for you." Cai Xiaolian felt that the weather was very cold. The cold wind was blowing while sitting on the ox-cart, so it was good that the two girls didn't go.

"Argh! That's right! Father, mother, sister, we've forgotten about the seeds we planted last night. Let's go and take a look!" Gu Xin suddenly thought of the seed she planted yesterday. She had thrown a Jade bead into the bucket, so it must have already grown!

She just wanted to try the sweet melon that her sister had mentioned and the tomato that could be fried with eggs.

The family of four came to Houyang Valley with oil lamps.

After a busy day, no one came back to publish.

He opened the back door and the light from the oil lamp shone.

Even though the transmigration Group 3 had experienced the growth of crops overnight, at this moment, they once again doubted their lives.

Didn't the vegetable garden in the courtyard take three to five days to grow? Yi's Houyang canal has started to grow again?

Was this related to the well water or something else?

Could the land around their house grow overnight like this once or twice?

Seeing the shocked looks on the transmigration trio's faces, Gu Xin subconsciously shrank back. Oh no, her parents and sister are doubting life again. Should I not have put a Jade bead in?

But sister said it was delicious, and he really wanted to eat it!

Chapter 209: Habitual

"This is a piece of watermelon. I didn't put a canopy on it, so it's all on the ground now. The green beans and copea were the same. Yes, a tomato. That's right, I didn't recognize the wrong person. Wow, there are actually strawberries and cabbage! Waa! A huge watermelon! Lu Zheng is really something!" Gu Nian was overjoyed as she shone the oil lamp on the man. For the first time, she felt that the man was somewhat useful.

These were all her favorite dishes. Of course, there was basically nothing she didn't like to eat.

She didn't have any memory. After asking Cai Xiaolian and Gu shouxin, she confirmed that there were very few vegetables and fruits here, and was even a little depressed!

In the end, someone had delivered himself to his door.

“Xinxin, come and eat a tomato. This is the sweet and sour one that you can stir-fry eggs with. It’s delicious.” Gu Nian placed the oil lamp on the ground and picked one for Gu Xin.

Gu Xin took it, rubbed it against her clothes and took a bite, “Wow, it’s really delicious! But sister, what did you just say about Lu Zheng?”

The transmigration trio’s actions paused.

Gu Nian reacted quickly and replied calmly, “That’s right, our Houyang ditch is a really good road! Hehe.”

“Oh!” Gu Xin nodded her head and didn’t think too much about it. She looked at the place where the oil lamp was placed and pointed at the round watermelon with green skin and black stripes, “sister, is that the sweet watermelon you were talking about?”

“Yes, yes.” Gu Nian nodded.

“Then what’s this red one that looks good?” Gu Xin walked over and pointed at the strawberries.

“This one grows in the grass, it’s called a strawberry.” Gu Nian said.

“Alright, let’s go get something and take these down!” He said. It was cold outside, and the wind was strong in Houyang Valley. Gu shouxin was worried that everyone would freeze from the cold wind.

So, the family of four went to pick up the vegetables.

He picked a large pot of strawberries, a large bag of copea and green beans, and a large basket of loofah and tomatoes.

The cabbage and watermelon were left in the field, but he still picked a watermelon and went back to the house to eat.

It’s better not to eat too much watermelon in the middle of winter. This guy is a cold food, and if you eat too much, you’ll get a stomachache.

“Niannian, since you know about this food, you must know how to grow it, right? I know there are seeds for these beans, but what are the seeds of this cabbage?” Cai Xiaolian had never farmed before, so she didn’t know.

this vegetable is supposed to bloom, just like rapeseed. Collect the seeds when it blooms. Gu Nian said.

“I know, I know. Isn’t it the same as cabbage? Grandma even taught me how to collect cabbage seeds!” Gu Xin said excitedly. Then, she looked at Cai Xiaolian in confusion, “mom, we collected the cabbage in our field together!”

“Ah? “Oh, I was just looking at this wrapped up ball and thought it wouldn’t bloom. So it’s like this, haha, hehehehehe.” Cai Xiaolian slapped herself in her heart. She had kept it from her little daughter, but she was actually confused about this matter.

Gu Xin didn’t think much of it and focused on eating her melon.

“Father, mother, Xinxin, what should we do with these vegetables and fruits? Do you want to plant it immediately?” Gu Nian changed the topic.

She was already used to bringing Gu Xin along when discussing matters.

Gu Xin shook her head and looked at her parents.

most crops are usually planted in the spring and harvested in the autumn. Our land is different from other fields. We should plant sweet potatoes and corn tomorrow in spring. We should keep the ones at home and get more seeds. Gu shouxin suggested.

Chapter 210 buy the manor first

“Then let’s buy some land in the winter since there are no crops in the field! When you have money, you have to buy a house and land.” Cai Xiaolian said.

“I agree! Buy land, buy more. Who knows how many more seeds that Lu, that Zhou Yuan has?” Gu Nian looked at Gu Xin as she spoke.

Gu Xin thought that Gu Nian was asking for her opinion so she nodded. “It’s good to buy land. Uncle said that land is the foundation of US farmers.”

Gu shouxin thought for a while and nodded, “ “Alright, then we’ll buy the land. We spent more than a hundred taels on the new house and the furniture. We still have more than three hundred taels left at home. Let’s keep the change and use three hundred taels to buy the land!”

“Father, can the Yamen now put the land under my daughter’s name?” Cai Xiaolian asked.

“If it’s under my daughter’s name, then it’s better to buy a Manor.” Gu shouxin thought for a while and said.

“Manor?” The mother-daughter trio looked at Gu shouxin in surprise.

“Yes, Zhuang Zi. It’s easy to manage the village, unlike the scattered fields.” Gu shouxin nodded.

“But father, the manor is very expensive. Father needs to study and older sister is about to get married to prepare the dowry. Our family does not have that much money.” After the three transmigrators ‘imperceptible teaching, Gu Xin now had a certain concept of money.

“You little girl, my marriage isn’t something you should worry about!” Gu Nian could not help but pinch Gu Xin’s face. ‘Hmm, it’s getting chubbier.’

“I have enough money for my studies. Well, we’ll be moving on the eighth day of the new year. There are still a few days left, so we should make a batch of suits.” Gu shouxin said.

“Yes, your father is right. There must be a lot of people giving New Year’s gifts before the new year. The reputation of this suit has already spread. Although we don’t have a shop yet, we don’t have to worry about selling things. We’ll earn a sum of money before the new year and strive to earn the money of a small Manor. When the time comes, the shop will definitely need a workshop, so we’ll directly set the workshop in the manor. let’s give this first Manor to niannian. When we make money next year, we’ll

buy another one for Xinxin. The rest of the money will be used to buy more land in our village.” Cai Xiaolian thought about it and felt that Gu shouxin’s proposal was very good.

Her way of thinking was a little modern. Buying a house and buying land, in ancient times, could be combined into a Manor with both a house and land.

When the time came, he would buy a group of people from the broker and place them in the manor. He would not need to stay and manage them.

As expected, the ancient people were more knowledgeable about the market.

“I’m the last one. Sister will buy it for father and mother. If there’s any more, give it to me!” Gu Xin said.

“You! We’ll talk about it after you buy it for your sister!” Cai Xiaolian touched Gu Xin’s head and smiled.

“That’s right, we can design a more exquisite box and let master yang and your fourth uncle make it. We can set a higher price. “The gift box isn’t just for bathing and nursing. When we’re free, we can also make other things. I see that Huihui and sisi are very skilled. Sister-in-law is also out of confinement. Let’s go directly to mother and ask Huihui and sisi to come over and help. We’ll pay them and let sister-in-law do the work at home. The more people there are, the more things we can make.” Cai Xiaolian said.

“Mother, what do you mean by” other “? Food or ...?” Gu Nian asked.

“The sausages can be stored for a while! The several flavors of melon seeds and peanuts you stir-fried before, as well as the crispy peanuts you made for Xinxin, can all be used for the old goods.” Cai Xiaolian said.

“Oh right, these can all be sold for money!” Gu Nian patted her head in realization. Recently, she had been so focused on shampoo and various scented ointments that she had forgotten that selling snacks could also make money.
