Chapter 231 How much cousin is on her mind?

Guo Yan looked at Gu Nian suspiciously. He felt that something was not right with his sister-in-law's niece today.

In the past, when they came to eat, this wretched girl would always rush to curry favor with him and his sister. Why didn't she do that today?

Although she was smiling, he felt that there was something wrong with her.

"Why are you talking nonsense with her? Don't tell me she wants you to be her matchmaker to get to know her cousin?" Guo Wan walked over and looked at Gu Nian in disdain.

Gu Nian, "Yingluo."

Original owner, get out here. How many people's cousin are you thinking about?

Guo Wan lifted her dress and tiptoed over to Gu Nian. When she looked into the living room and saw that her sister-in-law was not out, she turned around and said to Gu Nian, "Gu Nian, just give up! Why don't you look at your ugly face? my cousin doesn't even like me, so why would he like a country girl like you?"

Gu Xin was holding a basket of pig hair as she walked past Guo Wan in a Huff. She then stomped on Guo Wan's head.

"Argh! You stinky girl, stop right there!" Guo Wan felt the pain and reached out to pull Gu Xin's collar.

"Aunt Guo Wan, what are you doing? Are you trying to bully me again? I'll call me third aunt!" Gu Xin glared at Guo Wan and said.

f \* ck you! Guo Wan was still afraid of her sister-in-law. Moreover, they were in someone else's territory.

However, she felt a little strange. In the past, when she bullied Gu Xin, Gu Nian even helped her. Gu Xin did not dare to complain about her. But now, the situation was reversed?

"Let's go!" Gu Nian went to hold Gu Xin's hand and bumped into Guo Wan.

This kind of thing about whose cousin the host liked, well, she better not say too much. If she said too much, she would lose face!

"Little brother, little sister, aren't you guys cold? Quickly come in and start a fire!" Just as Guo Wan was about to lose her temper, her third uncle appeared at the door of the central room.

The two children were still afraid of their eldest brother. They only glared at the four sisters and went into the main room.

"Gu Nian, good luck! No matter if you're a literary scholar or a martial arts scholar, you'll have to abduct one of them home. Don't let these annoying fools think that you're after their cousin!" Gu Hui patted Gu Nian's back as she spoke in a serious tone.

"No, I'm not. I'm definitely not thinking about it!" Gu Nian denied it three times.

Alright, let's go. We're almost done with the pig hair. Gu Hui did not believe her.

As far as she knew, there were only three cousins among the girls. One was Zhang Yunyun's cousin, the other was Guo Wan's cousin, and the last was sun Yumei's sixth brother. That's right, sun Yumei's sixth brother. Gu Nian had liked him very much last year, but she only set her eyes on Zhang Yunyun's and Guo Wan's cousins this year when sun Liulang got married.

Gu Nian looked up at the sky and sighed again. What else did the original owner like?

In her nephew's book, Gu Nian was already 20 years old when she first appeared. However, her nephew had written such a supporting role from a male perspective and did not mention anything about her one-sided love history!

"Good luck, sister! These people are not good enough for big sister, only the scholar can!" Gu Xin encouraged Gu Nian.

"Alright, sister, you can do it!" Gu Nian was amused by Gu Xin's serious expression and stopped thinking about how many cousins she had.

.....

Every year, third aunt's in-laws would rest for a night when they came over for the pig slaughtering rice. One night, after dinner, the family was busy in the kitchen when third aunt's mother-in-law, Qin Shi, suddenly mentioned Gu Nian to Cai Xiaolian.

"Second brother's wife, your family's big ya will be fifteen after the new year, right?" Qin Shi asked with a smile.

"That's right, Juan Zi." Cai Xiaolian smiled.

Chapter 232 My mother-in-law and I are very close

"Let me tell you, Rui 'er's mother doesn't care about her niece at all! When his mother came back, she definitely didn't mention the good marriage I mentioned to you, right?" Qin Shi said mysteriously.

"Aunt, what good marriage? My family's big ya is already seventeen. If we go by the order, you should also say something to my family's big ya, right?" Zhang Shi came over.

hey, I say, eldest daughter-in-law, did you forget what happened when I proposed to your big girl last time? " Qin Shi looked at Zhang Shi in disdain.

"Didn't I just beat someone up? My sister-in-law even beat up your son-in-law, but didn't you still marry him?" Zhang Shi curled her lips.

Qin Shi's old face turned red, and she hated third aunt even more in her heart. She was really unlucky to marry a tigress. Her good-for-nothing son was still protecting her. Look, the tigress's family's sister-in-law was laughing at her.

Cai Xiaolian looked at Qin Shi and wanted to laugh. She said: "Juan Zi, my niannian also beats people up, really. Besides, you said that my sister-in-law doesn't care about her niece. Shouldn't you be happy? I

know that my sister-in-law, Rui 'er's uncle and aunt, are quite caring towards her. With an elder sister-in-law as a mother, won't you save a lot of trouble, Auntie?"

Qin Shi: "Aiyo, look at what you're saying. Is she taking care of me?" She's Yingluo."

"Mother, what's that?" At this moment, Gu Lin carried a pot of meat into the main room. She looked as if she would not be able to hold the pot of meat up if he did not speak properly.

"I'm taking care of her! Haha, take care!" Qin Shi laughed embarrassedly.

"I say, Gu Lin, you're wrong! How can you talk to your mother-in-law like this? I'm from your family, I can't even tell if you're going down." Zhang Shi couldn't bear to see her daughter-in-law threaten her mother-in-law, because she couldn't threaten her mother-in-law.

"If you can't stand it, don't look! What's wrong with me talking to my mother-in-law? I'm on very good terms with my mother-in-law. Isn't that right, mother?" Third aunt Gu looked at Qin Shi with a smile.

"Yes, yes, eh, in-law? I'm going to see where my in-law is and see if I can help." Qin Shi stood up and did not want to stay with third aunt.

He was thinking in his heart that he had to think of a way to make this daughter-in-law suffer when he returned.

Zhang Shi rolled her eyes and chased after Qin Shi.

That wretched girl, Gu Hui, was very fierce. It was better for her to get married soon. Third sister's in-laws were from the prefecture. The person she liked should also be from the prefecture. Yes, she must grasp this opportunity.

"Second sister-in-law, did she tell you that she wanted to matchmake niannian?" Third aunt Gu put down the basin and sat beside Cai Xiaolian to marinate the meat.

"Yup! And you said you didn't care about your niece!" Cai Xiaolian laughed.

"This old witch is here to sow discord again. Second sister-in-law, don't believe her. What kind of people did she introduce? His wife had just died in the alley next door. She was 20 years old, childless, and had a rich family fortune. She said that she would give a betrothal gift of 100 taels and a matchmaker's Red packet of 20 taels. Bah! For twenty red packets, you're even willing to throw away your face!" Gu Sangu said angrily, and then looked at Cai Xiaolian nervously. Her second brother and second sister-in-law had always loved money and didn't care about the two children. How could she say it? What if she was tempted?

"Niannian's marriage isn't urgent. Don't worry, I haven't reached the point of selling my daughter." Cai Xiaolian said.

"Mother, aunt, what are you guys talking about? I heard that Auntie was looking for grandma Qin to propose marriage to Huihui. Aunt, is that right?" Gu Xin asked as she ran in.

Chapter 233 I don't want to live anymore

Third aunt Gu was speechless. This sister-in-law was too ridiculous! Rushing to this kind of marriage?

it's fine. Don't worry. If sister-in-law could decide on Huihui's marriage, she would have gotten married long ago. Cai Xiaolian could still see it clearly.

Hearing this, Gu Xin sat beside Cai Xiaolian and helped to marinate the meat.

Out of the four pigs in the Gu family, two were sold and two were kept at home.

Even if there were two, there would still be a lot of meat, and it would take a long time.

"Where's your sister?" Cai Xiaolian asked.

"My sister and the others are at home making the things for tomorrow's sale. I don't like that Guo Wan and Guo Yan, so I came here." Gu Xin pouted.

"hey, you little girl, you have the same likes and dislikes as your aunt! Are they just sitting on the side and not helping, waiting to eat?" Third aunt Gu laughed.

no one probably liked her sister-in-law and brother-in-law. they were lazy, as if everyone owed them something.

"Yup! I don't know why father and the rest didn't chase them away." Gu Xin was confused.

"Who's there?" Cai Xiaolian asked.

"Sister, Sister Huihui, sisi, father, fourth uncle, and brother Yuan." gu xin replied.

ever since lu zheng and gu shouxin beat up the big cat together, gu xin had been calling him brother ah yuan.

Lu Zheng was overjoyed.

His nickname was Yuanyuan, and only his maternal grandfather, maternal grandmother, and older sister called him that.

There was nothing wrong with Gu Xin calling him brother ah Yuan.

As for the way Gu Xin addressed them, the transmigration trio did not correct her. They had already thought it through. Gu Xin was still young and at this age, she would not be able to develop any romantic feelings.

Moreover, Lu Zheng could not stay here forever. He would leave one day. As for whether they would meet again after he left, that was a matter for the future.

It was useless for them to think too much, so they might as well live their current lives well.

"Then you don't have to worry. they'll definitely come back crying later." Cai Xiaolian laughed.

With Lu Zheng's personality, Gu Xin was scared to death by a big cat. He could go into the mountains alone at night to kill a Tiger. The Guo siblings had always badmouthed Gu Xin and despised him. Even if Gu shouxin and Gu Nian did not do anything, Lu Zheng would have done it.

sure enough, guo wan came back crying after a while, and guo yan followed her back with a big bag on his head.

"Aiyo, Xiao Wan, Xiao Yan, what's wrong with you? My good daughter, my youngest son, why are you all like this?" Qin Shi was chatting with Zhang Shi. When she heard the commotion, she hurried over. When she saw her children like this, her heart ached.

"Mother, I don't want to live anymore! I don't want to live anymore!" Guo Wan hugged Qin Shi and started crying.

"mother, i want to go back! I don't want to come to this place anymore. It's so uneven that I fell and my head was broken from kowtowing. I'm so embarrassed!" Guo Yan also pulled Qin Shi's sleeve and cried.

"little brother, you're crying like this after just one knock, what a disgrace! You're a man, aren't you embarrassed!" Third uncle, who was setting the fire, reprimanded.

Guo Yan pursed his lips. His mother liked his eldest brother the most, so he didn't dare to refute her.

"Little sister, what's going on with you? You're already a grown man, what's with all the crying?" Her third uncle frowned and looked at Guo Wan.

Grandma Gu, who was boiling oil in front of the stove, raised her eyebrows. Oh my, the third son-in-law is still acting like an elder brother in front of his younger brothers and sisters!

She seemed to remember that the last time her son-in-law came over, her brother Chuan said that he would jump on brother Chuan's back and shiver when he saw a wild boar.

What a huge contrast!

Chapter 234 thick-skinned

"Mother! Zhou Yuan said I'm ugly! You called me ugly in front of so many people! I don't want to live anymore! I don't want to live anymore!" Guo Wan's self-esteem was hurt. She couldn't care about her big brother anymore and continued to cry while holding her mother.

"Oh my, this has to do with my Yuanyuan! I say, young lady, did you say something to my Yuanyuan?" Grandma Xiao, who was helping Grandma Gu to boil the oil, had wanted to watch a good show. However, when she heard that it was related to her grandson, she asked apologetically.

"Xiao Wan, this is Zhou Yuan's grandmother. You tell his grandmother to stand up for you. Don't cry!" Grandma Gu said.

When Guo Wan heard that it was her grandmother, she was so embarrassed that she didn't want to raise her head.

"Little brother, tell me, what's going on?" Third uncle looked at Guo Yan and said.

Guo Yan told the story. Under the threat of his big brother's eyes, he dared not add oil to the fire and could only describe the facts objectively.

Everyone was a little speechless after hearing her description. This Guo Wan was too bold. Even Gu Hui, who was determined to raise eight to ten pretty boys, was not as bold as her.

After dinner, Gu shouxin went back with a few girls to make the New Year's goods to be sold tomorrow. Lu Zheng also went to help, and then Guo Wan dragged Guo Yan along.

Guo Wan had been following behind Lu Zheng. She introduced herself in a coquettish voice and mumbled to herself.

Lu Zheng ignored her at first. Seeing that he was ignoring her, she pretended to fall and pounced on Lu Zheng. In the end, Lu Zheng was completely unaffected and took a step back. Fine, Guo Wan fell directly to the ground.

She was also very bold. She thought that Lu Zheng was just a good-looking country boy. She was the daughter of the prefecture's rice store. If she took the initiative to approach him, the country boy would accept her.

Hence, she got up from the ground and stretched out her hand to stop Lu Zheng from doing anything. She even asked him, "brother Zhou Yuan, did you say kiss?"

Lu Zheng looked at her expressionlessly. "I'm sorry, I'm not even sixteen yet. Auntie, you look much older than me!"

Guo Wan saw that Lu Zheng was quite tall, even taller than Guo Yan, and thought that Lu Zheng was older than the siblings.

He was not even sixteen and was two years younger than her. This was within the range of her acceptance!

Therefore, the thick-skinned her continued to pester, "Little brother Zhou Yuan, as the saying goes, when a girl is a year older, she'll have a Golden Rooster, and when a girl is a year older, she'll have a Golden Slam. I'm two years older than you! I'm seventeen this year and I'm not married yet. There are many young masters who like me, but I just don't like them. I don't think they're suitable for each other. I've finally found the right person after meeting you today. Brother Zhou Yuan, it's you! My family runs a grain store in the prefecture, my big brother is a scholar, and my second sister married into a cloth shop and is the lady boss. Little brother Zhou Yuan, can I ask for your hand in marriage?"

In the kitchen, Gu shouxin and the others were speechless. Third aunt's (third sister's) sister-in-law's skin was as thick as the city wall!

Lu Zheng looked at Guo Wan as if she was an idiot. He frowned. "I'm sorry, I'm still young and don't have any plans to get married!"

He was only so tactful because he was a relative of the Gu family.

Unexpectedly, Guo Wan thought that he was shy. She felt that the girls these days were not as bold as her, so the good-looking young man had never encountered such a situation.

Well, the more shy and good-looking the young man was, the more she liked him.

Hence, she made her move. She reached out to pull Lu Zheng, but he did not give her a chance to touch him.

Chapter 235 It's hard to say

Guo Wan laughed foolishly. The young master was so good-looking even when he was angry. "Aiya, little brother Zhou Yuan, don't be like this! I know you're shy. Why don't we talk outside?"

Lu Zheng heaved a sigh of relief and nodded. "Alright!"

Guo Wan was immediately amused. She pretentiously tidied up her clothes and hair. She even asked Gu Nian to show her with a shy face. Did she look good?

"Yes, it's very nice." Gu Nian smiled and nodded. All the best, aunt Guo Wan!"

Guo Wan was pleased by Gu Nian's words, "alright, you little girl, just wait to drink my wine!" Aiya, hehehe, I'm not going to talk to you anymore!"

Guo Wan happily chased after Lu Zheng.

urgh! Gu Nian was disgusted by her.

Guo Yan glared at Gu Nian. However, Gu shouxin's gaze swept past him. He dared not act rashly again. He also left the kitchen and hid in the innermost part of the kitchen to listen to his sister's conversation with the young man.

little brother Zhou Yuan. Guo Wan lifted her skirt and ran to Lu Zheng, who was at the door, overjoyed.

"Stop!" Lu Zheng rolled his eyes.

"Little brother Zhou Yuan, is it because there are so many people in the room that you can't say that you like me? There's no one else now, so tell me!" Guo Wan raised her eyebrows and tried her best to make a look that she had practiced in front of the mirror many times, which she thought was more seductive.

"Right, there are too many people, it's hard to say." Lu Zheng chuckled and said, " don't look at others like that in the future. It's easy for people to mistake your eyes for cramping up.

Guo Wan was stunned.

&Nbsp; " also, your eyes can only be the size of a bean, " Lu Zheng continued. why do you have to make them as big as a pile of cow dung? aren't you making things difficult for your eyes? "

Guo Wan blinked, her face full of disbelief.

Lu Zheng crossed his arms and sized Guo Wan up. He sneered, " "It's reasonable for seventeen to not marry. With your body and weight, which man would dare to marry you? His appearance was disgusting, and his body shape could put a person's life in danger. If I marry you, I'll have to consider whether I can eat or not, and whether I'll be crushed to death tonight!"

"You!" Guo Wan pointed at Lu Zheng and was somewhat speechless.

She was not fat, okay? Her mother had said that she was plump.

Lu Zheng continued, " Oh, and your mouth. Is it because you're too dark? you're afraid that people won't be able to find you at night, so you deliberately painted your mouth red? " I'm telling you, if you see this bloody mouth at night, people will only think that it's a female ghost!"

"And this face of yours, your family runs a Rice Shop, not a Rouge shop. With so much Rouge on your face, no matter how thick it is, it can't cover up the flaws on your face. It's better to grind some rice and apply it with big white rice to see if it can make it whiter."

“And your clothes! You’re short and fat, and you’re dressed in plain white. Don’t you know that you look like a super large steamed bun? Do you know that with your figure, if you wear some green clothes, you’ll definitely be a winter melon lying on the ground!”

“Don’t cry! Tears were flowing out of his eyes. Who knew what was flowing out of those eyes that were like sheep dung or cow dung? Don’t dirty the entrance. Second uncle’s family doesn’t feed sheep or cattle.”

“To sum up what I’ve said, it can be summed up in one word: ugly. I don’t like you because you’re ugly, so don’t disgust me in front of me! I’m still young and growing. What if I’m so disgusted that I can’t eat and grow tall? What should I do if I lose weight? I’m my grandma’s good grandson, can you afford to compensate me?”

Chapter 236 How are you going to find a wife in the future?

“Waa!” , Guo Wan ran away crying.

“Sister!” Guo Yan Ran out of the vegetable field and passed by the door. He reached out to hit Lu Zheng, but Lu Zheng grabbed his wrist directly. He didn’t use much strength, but Guo Yan was in so much pain that he begged for mercy.

After all, they were third aunt’s in-laws ‘people. If they were beaten too badly, it would not be good for third aunt. Lu Zheng let go.

“You motherless bastard, I’ll remember this!” Guo Yan Ran far away before he turned around and cursed. After that, he continued to run.

Lu Zheng squinted his eyes and gently kicked a small stone on the ground. The stone flew to Guo Yan’s feet and made him fall.

“Ah!” Guo Yan’s head had a big bump. He got up and continued to run while cursing.

tsk, tsk, tsk. Zhou Yuan, you don’t usually talk. I didn’t expect you to have such a vicious mouth. Gu Nian appeared at the entrance of the kitchen and asked in surprise.

It was true. She had never expected Lu Zheng to say such things about a lady. It was written in the book that the male lead only had eyes for three women. One was his mother, one was his sister, and one was the female lead.

He almost never spoke to other women.

“You flatter me! I’m just telling the truth!” Lu Zheng said calmly.

.....

“Mother! I don’t want to live anymore! He said that I’m ugly and that my eyes are sheep dung beans and cow dung! He said I was like a big bun, like a winter melon! Mother! I don’t want to live anymore!” Guo Wan continued to cry.

“In-laws, in-laws, you have to sort this out.”

"Aiyo, sister Qin, this is my ah Yuan's fault! I'll ask him to come over and apologize to Xiao Wan! Xinxin, go and call your brother ah Yuan over!" Grandma Xiao didn't wait for Qin Shi to finish her words.

"Oh." Gu Xin slowly returned home. She was extremely happy. She had long disliked her third uncle's sister.

"This child is too much, how can he say that in front of the girl? Miss Guo, don't cry anymore, he'll be here soon, I'll help you vent your anger! Good girl!" Grandma Xiao patted Guo Wan's shoulder and comforted her.

"Yup! The children in our village are just a bit mischievous, Xiao Wan, don't lower yourself to their level!" Grandma Gu chimed in.

Qin Shi, Zhang Shi, and Cai Xiaolian all tried to persuade him.

But Guo Wan cried even more fiercely, feeling extremely wronged.

Third aunt Gu couldn't stand it anymore and said, "Little sister, I just heard that a big cat appeared in Sky Mountain a few days ago. It won't be good if you cry so loudly and attract the big cat. As you know, my mother's house is at the foot of the mountain."

Guo Wan's crying stopped.

Lu Zheng had come with the four Gu sisters. The sisters did not like Guo Wan and wanted to see how she wanted Lu Zheng to apologize.

"Stinky brat, come here quickly and apologize to miss Guo! How can you say such things about a girl?" When grandma Xiao saw the man come in, she pulled him in front of Guo Wan.

Lu Zheng pursed his lips and did not say anything.

"Hey, you're pouting today!" Grandma Xiao gave him a Pat.

"Grandma, I'm not lying. I'm just telling the truth!" Lu Zheng muttered softly.

"Aiyo! Are you trying to anger me to death! Look at how sad the girl is, see if I won't hit you!" Grandma Xiao raised her hand to hit him again.

Lu Zheng hid at the door and said as he ran, "Grandma, it's not good to lie, really!"

Grandma Xiao caught up with him and said, "lying is bad!" But I didn't ask you to say anything! Just keep your words to yourself! How are you going to find a wife in the future? I'll teach you a good lesson today! Old Xiao, I'm going home to teach this brat a lesson. I'll come back to help tomorrow!"

Everyone in the Gu family was speechless.

Guo Wan cried even more sadly.

Chapter 237 We'll manage

The main culprit had left, but the Qin mother and daughter could not vent their anger on the Gu family. It was late at night, and they could not chase after them to the Xiao family.

If it wasn't for her third uncle stopping her, Guo Wan would have insisted on going home. The mother and daughter went to sleep with dark expressions.

Guo Yan also said that he had a headache and was going to sleep.

Third uncle felt quite embarrassed and ran to the second branch to help make the food to be sold tomorrow.

"This ah Yuan looks like a polite young man, but he's not holding back at all when he speaks!" Grandpa Gu sighed.

look at old Xiao. Ah Yuan is her grandson. How can he not learn from old Xiao?" Grandma Gu said.

"Father, mother, I have something to tell you!" Seeing that everyone was busy again, Zhang Shi ran to grandma Gu's side and smiled flatteringly.

"You want to go to sleep? Just go? I'm stopping you from taking care of the baby?" Grandma Gu gave Zhang Shi a sidelong glance.

The eldest daughter-in-law was used to being lazy, and she was used to it.

"No, how could I? Father and mother are busy, how can I, as the wife, go to sleep! Wasn't this being unfilial asking to be struck by lightning? Hehe." Zhang Shi said righteously.

"Yo! What kind of immortal pill did sister-in-law eat to open her aperture? You still know that you'll be struck by lightning if you're unfilial! I remember you had a stomachache last year and went to bed early. The year before last, you had a headache and went to bed early. The year before last, you said you had a cold and went to bed early. third aunt Gu was going to recite it year by year but was interrupted by Madam Zhang.

"His aunt! I'm talking to my parents about something important! Don't interrupt. It's a very important matter. If it's delayed, you won't be able to bear the responsibility." Zhang Shi said proudly.

Gu Hui, who was helping to put a large can of oil into the cabinet, suddenly had a bad feeling.

"Mother, just now aunt Qin said that there is a good marriage! I wanted to tell second sister-in-law that she was Gu Nian, but second sister-in-law rejected me. I thought that Gu Hui was also proposing marriage, so I asked and found out that she's a good person." Zhang Shi was afraid that third aunt would change the topic again and quickly said.

Gu Hui paused. She knew that her premonition was very accurate.

"Who are you? What's the good idea?" Grandma Gu turned to look at Zhang Shi.

His eldest granddaughter had indeed reached the age to talk about marriage. Although she had great ambitions, she still needed to be persuaded when she met the right person.

"He's from the street next to Auntie Qin's. He's a businessman. He was already twenty years old, and his character and appearance were all good! We're all relatives, so aunt Qin can't harm our family, right?" Zhang Shi said.

"What family? Did you know?" Grandma Gu looked at third aunt Gu.

"Mother, you've seen this person before. He's Huang Cheng, the oil seller who sells oil next to the Guo family's rice Shop. After they got married, they lost their children and their wives. It's said that a betrothal gift of a hundred taels is required." Gu Sangu laughed coldly.

Her sister-in-law was really promising. Was her niece that bad? Rushing to be someone's second bedroom?

One of the things that third aunt Gu hated the most about Zhang Shi was that she valued men over women, as if she was not a woman herself.

"Boss's wife! Although our family is a farmer's family, we haven't reached the point where we have to give our daughter to someone else as a dowry! If you don't have Huihui and sisi in your eyes, then don't bother about their marriage! Your mother and I are still alive, we care!" Grandpa Gu was a little angry, and his tone of speaking to Zhang Shi was a little harsh.

He would never scold his daughter-in-law, not even his son.

However, he was very serious when it came to the child's life.

"Father, you've misunderstood me. I really didn't do it because of the betrothal gift!" Zhang Shi panicked and quickly explained.

Chapter 238 I just like him

"Father, mother, I'm really thinking for Huihui." Zhang Shi felt a little wronged. although that Zhang Cheng was married, he didn't have any children! He was only twenty years old, and he was the only son in the family. He also managed the oil mill. Aunt Qin had said that Zhang Cheng had a few older sisters who were married well and could even help him! Father, mother, you've always been so close to second brother's family. Do you also want to tell this good marriage to Gu Nian?"

Cai Xiaolian and Gu Nian both rolled their eyes. Zhang Shi's brain was really slow.

"Enough!" Grandma Gu put the knife down on the knife board.

Zhang Shi was so scared that she trembled.

"Go and see your youngest son. I agree with your father. We'll be the ones to decide on Huihui and sisi's marriage. You should take care of your son!" Grandma Gu said in a deep voice.

"Mother, my son is also your grandson! I've already given birth to two grandsons for the Gu family. How can you treat me like this?" Zhang Shi said, unconvinced.

"Grandson, what's wrong? Just because he had a grandson, he was superior to his granddaughter? To me, grandchildren are all the same! What's up? Not convinced? If you're not convinced, then bring your son back to your Zhang family! The Gu family can not tolerate a daughter-in-law who uses her daughter to exchange for a betrothal gift! Get lost!" Grandma Gu's gaze at Zhang Shi had already reached her limit.

"You're so annoying. You've been pregnant, giving birth, and going into confinement. It's been a year and your temper has risen, right? You think you're so great just because you have two sons? I'm telling

you, in the Gu family, sons and daughters are the same. You'd better wake up. If you continue like this, you're going to pack up and leave!" Grandma Gu continued.

"Aiyo, mother, you're so unreasonable." Zhang Shi sat down on the ground and began to make a scene.

Grandma GU only raised the knife calmly to stop her from talking. She got up from the ground and ran away dejectedly.

"Al!" Grandpa Gu sighed.

.....

Uncle Gu was busy in the second room until very late. He washed up and went to sleep.

Zhang Shi tossed and turned, unable to fall asleep. Seeing that the person was lying down, she quickly told uncle Gu about the marriage.

The only response she got was uncle Gu's snoring.

Mrs. Zhang was so angry that she kicked uncle Gu. In the end, uncle Gu turned over and raised his long leg, which landed on Mrs. Zhang's foot. Mrs. Zhang could not move.

The sound of his snores filled her ears and annoyed Zhang Shi. She knew that this man was unreliable and would definitely stand on her parents "side.

Aiyo, why did she have such a hard life!

She had already given birth to two grandsons for the Gu family, so why was she not treated like a hero at all?

She felt wronged!

While she was feeling aggrieved, Guo Wan and Qin Shi were still awake in the guest room.

Every time they came to the Gu family, the mother and daughter would sleep in the same room, and Guo Yan would sleep with fourth uncle Gu.

"Mother, I like Zhou Yuan and I want to marry him. Help me think of a way! Why don't you ask sister-in-law to do it?" Guo Wan held Qin Shi's hand and said coquettishly.

"He already said that about you, so why did you marry him? Yes, mother admits that this young man is quite good-looking, but we can't marry him just because he's good-looking! Mother can not bear to see my good girl suffer." Qin Shi said.

"But I just like him! No matter what, she was going to marry him! In the future, even if mother wants me to go and take a look, I won't go! I want him! He said I'm ugly, but I want to marry him and conquer him! Mother, please help me!" Guo Wan continued to act coquettishly.

Chapter 239 What do you think of niannian?

Qin Shi had no choice but to calm Guo WAN down first and let her wait until after the new year.

Shouldn't a married daughter return to her Maiden Home on the second day of the new year? Qin Shi was planning to have third aunt Gu bring Guo Wan along on the second day of the new year.

After Guo Wan heard this, she stopped making a fuss and went to sleep in peace.

However, she couldn't say anything. Her mind was filled with the image of the young man. He smiled at her sister-in-law's second brother, worked quietly on the side, and taught her sister-in-law's nephew how to shoot birds with a slingshot.

As for the words he had used to scold her, after serious consideration, Guo Wan thought that the young man was reminding her that she was too well-rounded, the color of her clothes was too plain, and that her big eyes were not suitable for her beautiful face. The Rouge was too red, so it was better to put on some powder, and she should not put on lipstick.

Well, Guo Wan decided that she would eat less when she went back and become slimmer. Then, she would ask her mother to make new clothes for her, and they must be beautiful in color.

There were still a few days before the second day of the new year. She had to dress up and make her husband's eyes light up. It would be best if they could settle their marriage next year.

Guo Wan thought of this wonderful result and fell asleep.

.....

Early the next morning, the Gu family miraculously discovered that Guo Wan seemed to be in high spirits again.

She even greeted everyone in the Gu family very politely.

After breakfast, the Guo family left with the fresh pork that grandma Gu had given them.

As for the marriage that Zhang Shi wanted to talk about, Qin Shi didn't want to talk to Zhang Shi at all. It was mainly because Qin Shi felt that she couldn't afford to offend Gu Hui.

As soon as the night before the New Year's Eve passed, the New Year's atmosphere became even stronger.

Cai Xiaolian and Gu Nian decided to make their Business 29% successful with the help of the whole family. Even Gu en, who had always loved to play, stayed at home and did what he could.

Of course, there were people in the village who knew about their New Year's Sale. Some came directly to buy, while others came to learn their craft. Cai Xiaolian said that she was helping the drunken River Tavern make it. She was working for the drunken River Tavern, and she could not tell anyone.

Just like that, the villagers' thoughts were dispelled.

In the entire Gu family, only Madam Zhang did not know that the second branch was cooperating with the drunken River Restaurant. She really thought that the second branch had sold the recipe to the drunken River Restaurant, and the owner of the drunken River Restaurant had given Cai Xiaolian a job. So, at present, no one in the village knew about this.

On the 29th day of the twelfth lunar month, Gu shouxin accompanied Cai Xiaolian to sell all the things and waited in the restaurant to settle this year's profits.

In the afternoon, Madam Cheng came over with Cheng Rui.

"Sister Lian, second brother Gu, I've made you wait for a long time. I'm really busy at home." After they arrived, Mrs. Cheng apologized first.

After exchanging pleasantries, Cheng Rui took out the account book. This was the account book that the bookkeeper recorded every day according to Cai Xiaolian's accounting model, as well as the laundry and skincare sets that Mrs. Cheng helped Gu Nian sell.

Madam Cheng had sold a total of three hundred sets of the facial and wash set for five taels of silver each, so it was a total of one thousand and five hundred taels of silver.

The restaurant had made a net profit of 2742 taels in two months after deducting all the costs. The Gu family would get 8226 taels of silver if they took 30% of the profits.

The two items added up to a total of two thousand three hundred and twenty-two taels.

She had originally agreed to help Madam Cheng sell the suit and take a Commission, but Madam Cheng refused to accept it.

Cai Xiaolian looked at the accounts. There were no problems.

After the accounts were settled and the silver was paid, the couple left.

The mother and son walked her to the door. After watching the couple drive away, Cheng Rui said, "Mother, what do you think of niannian?"

Chapter 240 She's not worthy of you

"Niannian is a good girl, but Rui 'er, she's not worthy of you!" In the past two months, Mrs. Cheng had also seen through Cheng Rui's thoughts and said bluntly.

Rui 'er, you're the eldest son of the family and the one with the most hope of becoming successful in the Cheng family. Your father has placed all his hopes on you. You will never allow yourself to marry a merchant's daughter. Mrs. Cheng explained.

"Second uncle Gu is also participating in the imperial examination." Cheng Rui frowned.

"Rui 'er, you're a scholar yourself, so you know it's not easy to get a good rank. Your father has done his research. After he got married, he no longer touched any books and was addicted to gambling and even drinking." Mrs. Cheng shook her head with a smile and said, "when it comes to wine, drinking a little is good for the mood, but drinking too much is bad for the body. A person who has been drinking for more than ten years, do you expect him to be able to get a good position?"

Cheng Rui frowned and did not say anything.

"Alright, since you only admire him now, you should stop thinking about him. Marriage, parents' words, matchmaker's agreement. You clearly know that your father doesn't allow it, so why do you have to fall

in love with her? Come on, let's go back!" Mrs. Cheng sighed, patted Cheng Rui, and got into the carriage first.

Cheng Rui followed behind him silently.

After getting into the carriage, Cheng Rui said, "mother, niannian's facial and wash clothes will definitely be popular in the entire great Zhou in the future. Niannian is not an ordinary woman. The last time I went to her house, I observed her small workshop. I've never seen those things before. Even though I've seen them and heard her explanation, I can't make them myself."

"You're a scholar, of course you don't know the craftsmanship of a craftsman," Madam Cheng said with a smile. Let's not think about her prescription. The Gu family is still very good people. We work together to earn money, and everyone is good to each other! If you show your true feelings to your father, he might not allow us to have any contact with their family. So, you should know what to do!"

Cheng Rui was silent for a while, but he still did not give up. "What if I take her in after I get married?"

Mrs. Cheng raised her eyebrows and looked at Cheng Rui in surprise.

"Mother, although I haven't had much contact with her in the past two months, I still like niannian very much. With her looks and her ability to earn money, she's qualified to be my concubine. I won't let her suffer in the future." Cheng Rui explained.

"As for taking in concubines, as long as their family is willing, your father will definitely be willing as well. However, Rui'er, in my opinion, their family will never let their daughter be a concubine. You should give up on this idea!" Madam Cheng advised.

Cheng Rui shook his head and smiled, "I will." Mother, give niannian two years and she would be able to earn the money of most of the rich families in the great Zhou. Two years later, if I get the first rank, grandfather will definitely arrange a good marriage for me. He would first marry a wife, then take in a concubine. The wife will help me in my career, and the concubines will provide me with money. Mother, in the future you will not have to work hard to do business."

Madam Cheng smiled with relief. Rui'er is really the best gift from the heavens. To have such a filial son like Rui'er, it's worth it even if I have to deal with a merchant woman every day. Mother believes that one day my son will be able to bring me into the circle of noble ladies in the capital."

Madam Cheng was the concubine's daughter of the capital's Minister of Revenue. When she had married Lord Cheng, she had also married in place of her elder sister.

The Cheng family and the sun family had an engagement, and when Lord Cheng became a Jinshi, he came to ask for a marriage.

All these years, Madam Cheng had been following master Cheng abroad. Although she could not be the head of the family without her mother-in-law, her life was different from what she had dreamed of before she was married.
