Chapter 241 being looked down upon

She hoped to return to the upper-class circle in the capital. She had been working hard to earn money all these years, hoping to use money to build connections and help master Cheng rise step by step.

She couldn't count on her mother's family. She was a concubine's daughter who married in place of her elder sister. Her mother didn't allow her to go back and couldn't wait for her to be outside for her whole life.

Her father would not help her until Lord Cheng achieved great things.

But now, she had a promising son.

If her son could get into the first, or even the second, in two years 'time, her father would definitely step forward to help.

At that time, she would definitely be able to return.

.....

"I've asked the broker these few days. There are a total of three manors for sale around our village. The area was about the same, between 120 to 150 mu. The price ranges from one thousand five hundred to two thousand taels." On the way back, Gu shouxin told Cai Xiaolian about the country estate.

Previously, they had discussed that they would first buy a Manor for Gu Nian. After they had earned enough money, they would buy another one for Gu Xin. Then, they would buy a house and a shop.

"Do you have the blueprint?" Cai Xiaolian asked.

"Yes, I've seen it, but I didn't look very carefully. Why don't we take niannian and Xinxin to see it together during the new year? Let niannian choose which one she likes." Gu shouxin said.

"Well, that's good. This girl was really capable! We've only been here for three months, and we've already earned almost three thousand taels of silver." Cai Xiaolian sighed.

"You're also very powerful! In my previous life and this life, I have never seen such a good business person like wifey." Gu shouxin said sincerely.

"You flatter me! I've never seen someone as good at studying as you in my previous life." Cai Xiaolian cupped her hands and said with a smile.

Previously, when she saw Gu shouxin flipping through the book very quickly, she even laughed and asked if he could remember the contents.

Then, Gu shouxin memorized half of the book for her. If it wasn't for her headache, Gu shouxin would have memorized another book for her.

Not only could he memorize it, but he could also explain the meaning to Cai Xiaolian.

Even when his two daughters were doing the horse stance or stepping on the plum blossom dome, he had to teach them a few words from time to time and explain the meaning behind it.

Every morning, the family of four would study and exercise. Cai Xiaolian quite liked it.

Anyway, she was now very confident about Gu shouxin's imperial examination. She heard that after he passed the examination and became an official, he would have to do all kinds of things. Well, she had to work hard to earn money!

It was almost dark when they reached the village.

It was New Year's Eve tomorrow, and every household was lively. Those who had been working outside had returned and they met many acquaintances on the way.

After the ox-cart sent them back to the old house, the couple headed home. From afar, they saw a big man loitering at the gate of their house.

"Haha, niannian's peach blossom." Cai Xiaolian said with a smile after seeing the person.

"Zhang Yungui?" Gu shouxin frowned.

"That's right, this kid hasn't been home for more than a month. It's said that he's working hard in the blacksmith shop to buy gold jewelry for niannian! Every time I meet Lady Li Zheng, she would roll her eyes at me." Cai Xiaolian was speechless.

"Niannian is more unlucky than the two of us. She doesn't know what the original owner did! Let's go and take a look!" Gu shouxin said helplessly.

"Second uncle Gu, second aunt Gu." Zhang Yungui, the big black guy, saw the two of them and called out to them nervously.

He was holding a beautiful box in his hand.

"Yes, I am. Yungui, is it because niannian doesn't want to meet you?" Gu shouxin asked.

Chapter 242 Too honest

"No, I didn't," Zhang Yungui quickly shook his head, then said embarrassedly, "I'm waiting for Xinxin to come out. I want Xinxin to help me read this to Nian."

He didn't even dare to knock on the door.

Last time, Gu Nian had pushed him without any mercy. He was afraid that he would make Gu Nian angry again.

Moreover, when he came back today, he heard his little sister say bad things about niannian. He guessed that his little sister must have made niannian angry, and he even scolded his little sister.

He was afraid that Gu Nian was still angry, so he waited at the door for Gu Xin to come out. He wanted to ask Gu Xin for help.

"What if Xinxin doesn't come out today? You've been waiting here all this time?" Cai Xiaolian asked in surprise.

This young man was too honest!

I knew that second uncle and second aunt were coming back. Look, you're really back. Zhang Yungui grinned and scratched his head. He handed the box in his hand to Cai Xiaolian. second aunt, this is my New Year gift to niannian. Please help me pass it to niannian! Thank you, second aunt."

Cai Xiaolian shook her head and said, "Yungui, I know that you've been working hard in the smithy. You don't have to buy such an expensive thing for niannian." Niannian told me that she won't marry you."

Gu shouxin also added, " Yungui, we have not planned to marry niannian off yet, so don't send anything over in the future. It's not easy for you to earn some money. Save it for yourself to buy more things, or save it for your future wife.

Zhang Yungui was a little depressed, "second uncle, second aunt, I really want to marry niannian." I've wanted to marry her since I was young. No matter how hard it is for me, I'm willing to buy things for niannian. In my heart, niannian is more precious than anyone or anything. She used to smile at me when I bought things for niannian, but now she doesn't even want to see me!"

Zhang Yungui was half a head taller than Gu shouxin. He worked in the iron shop and had muscles all over his body, but such a big man was actually so aggrieved that he was about to cry.

Cai Xiaolian and Gu shouxin looked at each other and silently scolded the original owner, Gu Nian, in their hearts. If you don't like someone, don't hang them around. What are you doing?

"Ahem." Gu shouxin coughed twice and said, " brat, take your things and leave quickly. I won't let niannian marry you. It's useless even if you're Li Zheng's son, don't force me to drive you away with a carrying pole!"

Cai Xiaolian turned to look at Gu shouxin in surprise. Gu shouxin blinked at her and quickly returned to normal.

"Second uncle Gu, why not? I can earn money. In the future, I'll open my own iron shop, and when I earn money, I'll get you wine to drink and give you money to use. Can you let niannian marry me?" Zhang Yungui was very sad.

"Not good!" Gu shouxin replied, then led Cai Xiaolian into the house.

Zhang Yungui followed him but was shut out of the door. He pitifully sat down against the door.

Gu Xin, who was climbing on the wall, couldn't bear to see Zhang Yungui like this, but her sister wouldn't let her out.

Aiya, Xinxin, why are you climbing so high? " When Cai Xiaolian entered the house, she saw Gu Xin crawling on the wall with her hands supporting her. She was scared to death and quickly went over to catch her.

Gu Xin jumped down nimbly and smiled smugly, " "Mother, I'm fine. I'm very powerful, right?"

"Stinky girl! You're amazing, you scared your mother so much that my heart almost jumped out." Cai Xiaolian said unhappily.

She was also very surprised in her heart. This Kung Fu really existed, and it had been practiced since young. Even if she wanted to learn it, it was too late.

Chapter 243 irreplaceable

"It's fine to fall. Her sister said that she was often thrown by her father in the past. In the past, when father secretly taught big sister martial arts, he was afraid that mother would be worried. So mother, don't worry about me and don't be scared, or else father won't teach me." Gu Xin pulled Cai Xiaolian's arm and shook it. She looked up and said, "mother, I will protect myself. I can only protect you if I Learn Kung Fu! Really, I'm not afraid of pain when I fall. Mother, don't worry about me!"

Gu Xin really thought that Gu Nian's Kung Fu was secretly taught by Gu shouxin.

She was so happy that Gu shouxin could teach her, so happy that she forgot to ask her father where he was secretly teaching her sister.

"Xinxin, you're wrong. The task of protecting mother is father's. How can you learn from father and then steal father's job?" Gu shouxin said, feeling wronged.

"No, I didn't. Dad, you also want to have more people to protect mom, right? in the future, when I have a little brother, a little brother can also protect mom!" Gu Xin quickly shook her head.

hahahaha, that's right, Xinxin is right. When you have a brother in the future, let father and brother protect you three! Gu shouxin's words made Gu shouxin happy. Well, it was a good idea to give his two daughters a younger brother!

Cai Xiaolian rolled her eyes at Gu shouxin, then turned her head and ignored him. She asked Gu Xin, "Where's your sister? Does she know that Yungui is outside?"

Gu Xin nodded, 'I know. But my sister didn't let me go out. She said she wouldn't care about brother Yungui. Father, mother, what is this for?"

"Your sister did the right thing. If you don't like others, then don't let them think about you. Be a little more ruthless and make them give up on this thought. I won't let myself be troubled, but I won't let others delay me either." Cai Xiaolian held Gu Xin's hand as they walked towards the central room.

"But in the past, sister always accepted brother Yungui's gifts." Gu Xin added.

"In the past, your sister was still young and insensible. Now that your sister is more sensible, you have to remember, Xinxin, that if you meet a man who likes you in the future and you don't like him, you have to draw the line clearly." Cai Xiaolian said.

"What if I like it too?" Gu Xin asked again.

"Oh? Our Xinxin already has a little boy she likes at such a young age?" Cai Xiaolian asked with a smile.

Gu shouxin also looked at Gu Xin.

"No, I didn't! I'm just asking what I should do in such a situation. Besides, mother, how can I know if I like it or not?" Gu Xin shook her head and asked in confusion.

The couple was relieved. It hadn't matured yet, and it hadn't been enlightened. Very good.

"You'll understand when you meet someone you like. It's hard to say. Everyone likes different things." Gu shouxin continued the conversation. His words were directed at Gu Xin, but his eyes were on Cai

Xiaolian. just like your father and your mother. Your father likes your mother, not because of her appearance, but because of her temperament. Your father likes your mother's temperament. If I wake up one day and your mother isn't by my side, I'll be very disappointed. But when I find out that your mother is not by my side because she went to the kitchen to boil water, I'll be very satisfied. Your father will be happy with your mother, and he will imagine his future life with your mother. When father discovered that he liked her, it was very sudden. He felt that if your mother was not in his life, then his life would have lost its meaning."

Cai Xiaolian was so stunned that she did not even notice Gu Nian, who had already come in and stood to the side.

Gu shouxin smiled and continued, "so, Xinxin, when this person appears in your life, you don't need anyone to tell you what joy is. You can understand it yourself. He is one of a kind, irreplaceable."

Chapter 244 Did you have a heart attack

Gu Xin nodded her head, not fully understanding what he meant.

Gu Nian clenched her fists and held her chin. "Waa! I'm so envious of mother! Mother, when will I be able to find someone who loves me as much as Father loves mother?"

After that, he winked at Gu shouxin.

Nine thousand years old daddy, you can do it! Your eldest daughter is doing great today!

"There's one outside! You and him, he's definitely more sincere to you than your father to me." Cai Xiaolian came back to her senses, her face slightly red as she spoke.

After that, she went to the kitchen.

Damn it, I was fifty years old in my previous life, and I'm thirty years old in this life. I'm already eighty years old in total, how can my heart still be beating like a deer?

Did he have a heart attack?

"Father, sister, is mother shy? I saw her blushing. Brother Yungui used to blush when he saw my sister." Gu Xin blinked her big eyes, looking at her sister and then at her father.

"Xinxin is so smart! He could even see this. Father will go and take a look!" Gu shouxin went to the kitchen with a smile.

Gu Xin, don't ever mention anything about brother Yungui in the past, understand? " Gu Nian said sternly as she held onto Gu Xin.

"Why?" Gu Xin asked in confusion.

"No means no! Do you remember that?" Gu Nian said domineeringly.

"Oh." Gu Xin nodded her head obediently.

what an obedient child. I'll make you a big pig trotter later! Gu Nian patted Gu Xin's head in satisfaction.

"Good! Big sister is so good! I like big sister the most!" Gu Xin hugged Gu Nian's arm and laughed.

Gu Nian pursed her lips.

This girl had a lot of people she liked the most, such as her grandfather, grandmother, father, mother, Sister, Sister Huihui, first uncle, fourth uncle, third aunt, sisi, and little ninren. All of them were her favorite people.

She had heard it several times in the past few months.

Gu Nian had said that she would not bother about Zhang Yungui and she really did not bother about him. She did not open the door.

The sky slowly darkened. Zhang Yungui got up and left the door of the Gu family. In the house, the family of four was eating in the kitchen.

Gu Xin was gnawing on the pig trotter happily and did not notice that something was wrong with her mother tonight.

Big sister's big pig trotters are too delicious!

My sister is the prettiest sister in the world, the most capable sister, and the most amazing sister!

I love my sister!

The delicious meal made Gu Nian's position in Gu Xin's heart soar.

"Father, mother, why aren't you speaking?" Gu Nian teased as she looked at the two of them with a smirk.

"Don't talk when eating, don't talk when sleeping." Cai Xiaolian glared at Gu Nian and buried her head in her food.

"Niannian, this pig trotter is very good." Gu shouxin laughed. After he finished speaking, he picked one for Cai Xiaolian. her mother, you eat it. Niannian said that this is good for a woman's skin.

"I'm not eating. I'll get fat if I eat this!" Cai Xiaolian picked it up and returned it to Gu shouxin.

Gu Xin, who was happily gnawing on the food, suddenly stopped in her tracks. She blinked her eyes and looked at her mother. Would she get fat? Oh no, if I eat it often, will I end up like first aunt?

No, no, uncle said that adults only grow horizontally when they eat too much, but our children grow vertically when they eat.

Hence, Gu Xin happily munched on her pig trotter again.

After a full meal, she obediently put the dishes on the kitchen counter. She didn't wash the dishes anymore. Most of the time, her father did it.

Xinxin, can you do me a small favor? " Seeing Cai Xiaolian and Gu Nian leave the kitchen, Gu shouxin bent down and whispered to Gu Xin.

"Good!" Gu Xin nodded.

"Xinxin will go and make mother happy later and let mother laugh out loud. Father will teach you hidden weapons next year." Gu shouxin said.

"Alright!" Gu Xin's eyes lit up and she quickly nodded.

Chapter 245 I'll be worse in the future

When Gu shouxin finished washing the dishes and went to the main room, the mother and daughter in the room laughed happily.

He knew that his daughter had the ability to make people feel good.

After confessing on a whim, his mother should not be embarrassed anymore. She should be normal now!

"What are you talking about? You're so happy?" Gu shouxin walked in, sat by the fire, and asked with a smile.

Gu Nianhua had asked fourth uncle Gu to make the fire that they were using.

At the bottom was still a Brazier, and on top of the brazier was a small square table. It was covered with a layer that wrapped around his feet, and his whole body was warm.

He could do anything with his hands on the table.

"I'm talking bad about you!" Cai Xiaolian laughed.

"Oh? Could talking bad things make his wife so happy? Then in the future, if I'm a little worse, won't wifey be even happier?" Seeing Cai Xiaolian smile at him, Gu shouxin also felt relieved and joked.

"None of them are serious!" Cai Xiaolian rolled her eyes at him and said, "come on, let's count this year's income and then draw up a plan for next year!"

"Alright, wifey, you say it!" Gu shouxin called her wife more smoothly.

"Niannian, Xinxin, I've paid Mrs. Cheng for the money from the drunken River Restaurant and the skincare set. I've just added the daily income since the New Year's Sale, and it's a total of 30725824 Wen. Take a look, the accounts for all the projects are here." Cai Xiaolian pushed the account book to the three of them.

Every day's small accounts were kept by Gu Xin, and Cai Xiaolian had just finished calculating everything.

The three father and daughter didn't say anything after looking at it, and they all looked at Cai Xiaolian.

"First of all, let's talk about buying the manor. Your father has asked around, and the price of the manor is between one thousand five hundred to one thousand eight hundred taels. We'll keep two thousand taels and settle this matter in the first month of the lunar year."

"Also, our family needs a car. We're going to start farming in spring, so Grandpa and Grandma can't let us borrow a car every day. So, do you think we should buy an ox-cart, a horse-cart, or a donkey-cart?"

"Then there's niannian's wash and Facial Set. If we open a shop, how do we cooperate with the Cheng family? or do we make it ourselves and not cooperate?"

"Finally, during the first year of junior high, none of us wrote a plan for next year. I kept it for this time next year to see if we've reached a goal."

Gu shouxin came first. as for this carriage, we'll just buy a donkey cart for the time being. It's convenient for our family of four to travel. We can also transport goods. As for cooperation, I think we should do it ourselves and not cooperate."

Gu Nian nodded. I don't know what kind of car I want. However, I agree with you about the cooperation. I don't want to cooperate. We have the skills and money. If they were to cooperate, what would Madam Cheng do? Send people? Actually, we can hire our own people to open the shop. Mother can go and see it the next day. It's always inconvenient to work with others."

Cai Xiaolian sighed,"of course it's best to make your own decisions." However, Mrs. Cheng wants to cooperate with us. If we do it alone, she will overthink it. After all, she is the wife of the county Magistrate. In Taoyuan County, she still has a certain right to speak."

Gu shouxin smiled and said,"it's alright. I'll go and discuss this matter." I'm sure they won't be ridiculed."

"What do you want to talk about?" Cai Xiaolian asked curiously.

Chapter 246 The minority obeys the majority

Mrs. Cheng had asked several times about the cooperation with this shop, and she was aware that it could make money.

No one would feel comfortable if they suddenly said that they were not cooperating.

"Father, mother, sister, I have a question to ask." Gu Xin interjected.

The three of them turned to look at her.

"I've calculated it. We can really make more money by doing it ourselves than cooperating with Auntie sun. If we don't open a shop and continue to sell like we did before the new year, will we sell less than Auntie sun?" Gu Xin asked.

"That definitely won't happen. For example, Xinxin, if I ask you to use the willow branch with green salt to gargle your mouth, would you be willing? Would you be willing to wash your hair with Soap Beans like before?" Cai Xiaolian asked.

Gu Xin shook her head, "if I knew about the existence of these sets and I had the money to sell them, I would have been willing to use them.

Cai Xiaolian smiled,"that's right!" The others must have thought the same. For those who were not short of money, these were considered daily necessities. I definitely won't sell less. "

"Then why don't we close the shop and sell it to the Rouge shop?" Gu Xin suggested. Or someone who knows our family and comes to our house to buy directly. This way, we only need a workshop. We don't need a shop, and we don't need people to manage it. For example, we sold the skincare set for five taels of silver before. Next year, we'll make the bottles bigger and store more of them. We'll sell them for ten taels of silver."

"Mother, you said before that we can't have too many of the same thing. If we have too many, it will be worthless. So, we don't even need to make the workshop too big. We just need to guarantee that we can produce 1000 sets every month."

"Grandpa was very worried about us before. He said that a tall tree attracts the wind and that father has to study. If something happens to us and we provoke those bad guys to deal with us, father won't be able to study in peace. Even if we're working with master Cheng's family, he's only a County Magistrate. There are still people in the prefecture above him. Who knows if their relatives will be jealous of our business?"

"So, we'll do it at home. There are so many people in the village, even if the bad guys come, they can't do anything to us. If we don't open a big shop, we'll get a certain amount of income every month. It won't make people jealous, and we won't be in danger."

The time travel Trio was stunned by what Gu Xin said.

Gu Xin didn't hear any response. Seeing that her parents' and sister's expressions were a little off, she blinked and her voice became weaker, "Did I say something wrong?"

"No, baby. You're absolutely right!" Cai Xiaolian said in surprise.

When she first arrived, she already felt that her daughter was a little silly. She never thought that she could analyze some things from her grandfather's words, although it was not very comprehensive.

"Really? Hehe, mother, I overheard Grandpa and Grandma worrying about our family that day." Gu Xin scratched her head in embarrassment.

The transmigration trio: "Yingluo"

This girl seemed to like eavesdropping.

"Then what do you think, little Lian?" Gu shouxin asked Cai Xiaolian.

you three have the same idea, so I'll just follow the majority. Cai Xiaolian smiled helplessly, then looked at Gu shouxin and said seriously, "her father, you have to work hard! Now, Xinxin knows that the more money our family makes and the more things we take out, the more people will covet it. Only when you're strong will others not dare to have any designs on you."

Chapter 247 Second Xue is coming

"Alright," he said. Gu shouxin nodded solemnly.

"Father, mother, how about this? we won't build another workshop. We'll use my laboratory. If it's 1000 sets a month, the four of us can do it. As for the sales, it's up to you. Actually, this is good too. I have more time to research new things." Gu Nian said.

"Okay, then I'll design another set of boxes. I think that soap is quite easy. When you are making it, make more at a time. Let's sell it to a Rouge shop, or we can sell it to the itinerant peddler. I've met a few traveling merchants these days, and when we sell it to them, we can make a lot of money at one time." Cai Xiaolian immediately changed her mind.

"This mother, you can do as you see fit. We're only responsible for doing it. By the way, I'm planning to give sister Huihui and sisi twenty taels of silver each for their work. What do you think?" Gu Nian asked.

"Alright. However, niannian, although Huihui and sisi are your cousins, you should settle your accounts clearly. If you continue to work next year, you'll have to set your monthly salary first. I think the two sisters are quite capable, you can decide how much you want to give them." Cai Xiaolian nodded and said.

"If it wasn't for first aunt, I would have wanted them to join my research lab. Sigh, that first aunt, forget it." Gu Nian shook her head in disgust.

"Sister, we can Ask Auntie to ask sister Huihui and sister sisi to do something, and then we can do it ourselves! Do it quietly and don't let anyone know." Gu Xin rolled her eyes and said slyly.

"You! I thought you were a silly girl, but you're not stupid at all!" Gu Nian tapped Gu Xin's nose.

"Of course I'm not stupid! I'm not white either! As for whether it's sweet or not, I've never had it myself, so I don't know! Hehe!" Gu Xin was becoming more and more lively.

The family sat down and talked for a while before washing up and going to bed.

.....

On the 30th of December, Lu Zheng received a messenger pigeon early in the morning.

He read the first part of the note expressionlessly, but when he read the last few words, he couldn't help but frown.

Xue Er had followed a rich master to the Qing Prefecture.

To be able to have Xue Er follow a rich master, how rich must he be!

Moreover, it was Chinese New Year's Eve. Xue er's family definitely wouldn't go out with him, so who was the person going out?

He hoped that they would be in Qingzhou and not come to Taoyuan County.

He was quite afraid that Xue Er would meet Gu Nian.

If the two of them were to meet, he was sure that Xue Er would fall for Gu Nian. The Gu Nian now was not the Gu Nian from his previous life. As long as Xue Er dared to snatch her away, Gu Nian would dare to resist.

With Xue er's personality, the more he couldn't get it, the more he liked it. When the time came, wouldn't he be causing trouble for the Gu family?

As for whether Gu Nian would like Xue Er, Lu Zheng was not sure. After all, Gu Nian was no longer the Gu Nian he knew.

"Yuanyuan, what are you thinking about? How could there be so many things to worry about at such a young age? Another letter? What's wrong? did your bastard father write this for you?" At this moment, grandma Xiao walked in and asked.

"No." Lu Zheng shook his head.

"This stupid thing! Yuanyuan, grandma will make a trip to the capital after the new year and poison your old man to death. Do you hate grandma?" Grandma Xiao said through gritted teeth.

That bastard left his son at the old mansion and didn't even ask about it during the new year. That bastard will be killed by that bastard Lin Shi sooner or later!

Chapter 248-appearing earlier

"Alright!" Lu Zheng smiled helplessly.

He knew that his grandmother was just saying it. His grandmother's medical skills were superb and she had never harmed anyone until now.

If he had known in his past life that his grandmother was still alive, then

"Hey, you little brat, are you trying to provoke me? You can avenge your mother yourself! "That wretched girl, she didn't listen to my advice and insisted on marrying your father, that bastard.ai, ai, ai, ai." Grandma Xiao thought of her only daughter and felt very upset.

"Grandmother, don't be sad. I've written a letter to my sister and she just gave birth to le'er. She said that when le'er is a little older, she will ask brother-in-law to bring the three of them to visit you." Lu Zheng patted grandma Xiao and consoled her.

"Yuanyuan, I'm not worried about your sister at all. She has your brother-in-law. I'm just worried about you. Tell grandma, do you really plan to stay here? If you don't go back, Won't You Be letting that vicious woman Lin have it easy?" Grandma Xiao looked at Lu Zheng worriedly.

"Now is not the time to go back. My father has been deceived by the old Madam and Madame Lin. If I go back, I will only be in a passive position. I've already made arrangements at Yuzhou Prefecture. No one will know that I've come to Zhou town. For the past two years, I've been farming here in peace. When the crops are out, I'll follow my grandfather to the capital and see the Emperor directly. I also need two years to prepare my own manpower. My sister and brother-in-law will help me too. I have my own ways. So, grandmother, don't worry about me. " Lu Yang said.

"Can that old thing's seed really grow something good?" Grandma Xiao asked with a frown.

"I can. Did grandmother forget about the chili from before? There are still many seeds in maternal grandfather's warehouse. I plan to plant them all in the next two years." Lu Zheng said with absolute certainty.

Other than potatoes, corn, and sweet potatoes, his grandfather also had many fruit and vegetable seeds.

He couldn't recognize them, but he remembered that after his grandfather passed away in his previous life, someone in the Zhou family planted those seeds, and they did grow vegetables and fruits that the great Zhou Dynasty didn't have.

Some of them had been planted when he was planning for his rebirth. The clan members had originally planned to give them all to him, but his heart was full of Xin 'er at that time and he didn't have the time to care about them. He hadn't gone to see them, so he couldn't recognize them.

Since he had been reborn, he would make these things appear in the world as soon as possible!

"Alright! It's spring, and grandma will go to the fields with you. By the way, you can go to town and keep that old thing company tonight. I'll go to your grandmother Gu's house." Seeing that he was so confident, grandma Xiao didn't say anything more.

"Maternal grandmother, you really don't want to go with me to reunite with maternal grandfather?" Lu Zheng sighed.

unless your mother comes back to life, don't let that old thing appear in front of me for the rest of my life. I'm afraid I can't help but break my vow and go against my master's order to poison him to death! Grandma Xiao said resolutely.

"Grandmother, I'll go with you to grandmother Gu's place!" Lu Zheng said hurriedly.

"Alright, let's go. Bring your things and we'll go for the New Year's meal. You can go and accompany that old thing tonight, and have lunch at the Gu residence!" Grandma Xiao nodded and said.

The two of them packed up the New Year's gifts that they had prepared and went to the Gu residence.

There wasn't anything expensive, just a box of tea leaves, a few jars of good wine, and a stick of hundred-year-old ginseng.

These were all prepared by Lu Zheng for Grandpa and Grandma Gu.

Given the relationship between grandma Xiao and grandma Gu, if she gave something to grandma Gu, grandma Gu would definitely beat her up.

Chapter 249 I have to smile everyday

"Grandma Xiao, brother Yuan!" Gu Xin came to the old mansion from home and happened to meet the grandfather-grandson pair at the door. She called out to them happily.

"This girl, she smiles whenever she sees people and makes people feel good for no reason!" Grandma Xiao really liked Gu Xin.

"My sister said that if you smile every day, your life will be good and your luck will be good!" Gu Xin said.

"Yes, your sister is right. In the future, Xinxin must smile every day and get better and better." Seeing Gu Xin's smile, the corners of Lu Zheng's mouth couldn't help but curve upwards.

"Brother Yuan, what are you holding?" Gu Xin asked.

"This is a New Year's gift for my grandparents. Oh no, I forgot to prepare a gift for Xinxin." Lu Zheng smacked his head, his face full of regret.

"Hehe, it's fine. I didn't even give brother Yuan a gift, so brother Yuan doesn't need to give me a gift." Gu Xin was amused by Lu Zheng's reaction and laughed.

"I remember that Xinxin's birthday is in the first month of the lunar year, and so am I. We're on the same day! How about I give Xinxin a birthday gift on her birthday?" Lu Zheng asked with a smile.

"Really? Brother ah Yuan's birthday is on the same day as mine?" Gu Xin was shocked.

No one in their village had the same birthday as her.

"It's true. Xinxin is the 16th day of the first lunar month, right? I'm the same. The moon on the 16th was the roundest. I was born on that day, so my mother gave me the name Yuan. If you don't believe me, you can ask my grandma." Lu Yang said.

Gu Xin looked at grandma Xiao.

"Your brother Yuan is right. However, her mother gave her the name Yuanyuan not only because the moon was full on the day he was born, but also because he was rounder than other milk babies when he was born. That's why he's called Yuanyuan." Grandma Xiao said with a smile.

She remembered that when Lu Zheng was born, she had gone to the capital to visit her daughter. This kid was indeed a little fatty, and he was rounder than any baby she had ever seen.

"Really? Is it rounder than Ren Ren?" Gu Xin was amused.

Eldest uncle's little cousin was the roundest baby she had ever seen. She didn't dare to imagine that there could be a baby even rounder than her little cousin.

Although Gu Ren was born prematurely, he was protected by Gu Xin's Jade Pearl. In addition, Mrs. Zhang ate well and lived well during her pregnancy. Grandma Gu did not rub her face, so wasn't Gu Ren very good-looking?

"It's true. So, you can call him big brother Yuan Yuan in the future." Grandma Xiao said with a smile.

"Good!" Gu Xin was a little embarrassed when she saw Lu Zheng. She chuckled and said, "brother Yuanyuan, I'll definitely give you something Yuanyuan on your birthday!

"Alright!" Lu Zheng smiled helplessly.

In his past life, other than his parents, grandparents, and sister, only Gu Xin knew his nickname.

He remembered that in his previous life, Gu Xin had the same expression when she heard this. She even said, "Lu lang, why don't I call you Yuan Lang in the future?"

At that time, there was an examination and the top scholar's surname was Yuan. He pretended to be angry and said, "So Xin 'er likes the scholar! Then am I going to throw away my armor and take the top scorer's examination? Or, should we call our brothers in the Army to beat up the top scholar?"

"Are you guys the door Gods of the three stations?" Just then, grandma Gu appeared and interrupted Lu Zheng's thoughts.

"Hey, old Gu, what are you saying? Have you ever seen such good-looking door Gods like us? With our looks, we're heavenly gods, not door Gods. A door God could only be someone who looked scary. For example, when you're not smiling, you can be a door God!" Grandma Xiao joked.

Chapter 250 On the same day

"You with the surname Xiao, you still want to spend the new year alone this year? Or should I go and accompany that old bastard?" Grandma Gu threatened.

"No, no, no. I must spend the new year with a beauty like old Gu! 'Alright, I've decided. I'm going to kick ye Chuan out tonight and take old Gu for myself!' Let's go!" Grandma Xiao stepped forward and put her arm around grandma Gu's shoulder, striding into the house.

"Brother Yuanyuan, my grandma and your grandma are great!" Gu Xin looked at the back view of the two old ladies with envy.

"Yup! One doesn't need too many confidants in one's life, one is enough." Lu Zheng also sighed.

He had never thought that his grandmother and Xinxin's grandmother would be so close.

"Brother Yuanyuan, do you have a close friend? I don't have any. The girls in the village don't play with me, I only have sisters." Gu Xin asked curiously.

"Don't be afraid. Xinxin is still young and has a long way to go. She will appear in the future. Let's go in!" Lu Zheng laughed.

In his past life, Gu Xin did not have a close friend. Lu Zheng believed that in this life, Gu Xin would definitely have one. She would have a relationship with a lady that was like that of a grandmother and grandmother.

"Brother Yuanyuan, are you going to be 16?" Gu Xin asked as she walked.

"Yes, I'm older than you by five years." Lu Zheng laughed.

"I saw an uncle before. He went to the wrong place, and he looked very much like you." Gu Xin said.

Lu Zheng stopped in his tracks. That uncle seemed to be him.

At that time, he had just woken up and didn't know that he had succeeded. He thought that it was just one of the many dreams he had. He was so anxious that he wanted to take Gu Xin away and not let her pay for her gambling debts.

At that time, he didn't have the time to shave his beard and didn't clean himself up properly, so he looked a little old.

"However, that uncle is also very good-looking. Even if he has a beard, I saw that his eyes were just like brother Yuan Yuan's. They were very bright, as if they were filled with stars." Gu Xin said.

"Oh, really? Can I take it as Xinxin complimenting me for looking good?" Lu Zheng was stunned. Flowers bloomed in his heart.

Zhou Yuan, you're so thick-skinned. My Xinxin is only saying that uncle is good-looking. When did she say anything about you?" Gu nianlong had noticed the two of them chatting happily in the kitchen. When she saw that they were not done, she wanted to interrupt them. However, she heard these words as soon as she stepped out of the kitchen.

"It's alright, it's just average." Lu Zheng said with a smile.

"Sister, I'm telling the truth. Brother Yuanyuan was very similar to that uncle. Their eyes were the most similar and they were very good-looking. Sister, don't you think brother Yuan Yuan is good-looking?" Gu Xin tilted her head and said seriously.

Gu Nian,"Yingluo."

Undeniably, he was quite good-looking.

"Quickly come in and help me!" Gu Nian was too lazy to answer as she waved her hand and called Gu Xin away.

"Brother Yuanyuan, I'm going to help you in the kitchen. You can go to the central room. Grandpa and Grandma are in the central room." Gu Xin waved at Lu Zheng.

Ever since Lu Zheng came back from his fight with Gu shouxin, Gu Xin's impression of him was not the same as before.

She used to agree with her sister's words that Mr Zhou was a good-looking lunatic.

Right now, young master Zhou was the good-looking brother Yuan Yuan. He had even given their family a lot of seeds. The things that grew out were delicious. Furthermore, next year, they would be able to grow these things openly. More people would be able to eat these delicious foods.

Lu Zheng went to the central room.

No matter where Gu Nian came from or how Gu Nian's prejudice against him was formed, he would do his best to gain their recognition.
