Chapter 251 Actually, it's quite difficult for me to find a wife

At noon on Chinese New Year's Eve, the Gu family ate dumplings.

the four gu sisters, gu en, who usually played outside when she did not go to school, and fourth uncle gu were making dumplings together.

Uncle Gu carried ninren to the kitchen. bear with it, bear with it. Look at your fourth uncle and your brothers and sisters. They can bear with the smell of such fragrant stuffing. So, you have to learn, okay?
”

“Aiyo, I'm letting you learn! Why are you drooling?” As soon as uncle Gu finished speaking, little ninren's mouth drooled.

“Let's go, you little brat, you can't help looking at food, just like your mother! Let's go to the central room and watch your second uncle and brother Yuan write couplets! Let's go and judge. Whoever writes better, whoever writes worse, let's drip our saliva on them!” Uncle Gu then carried the child to the central room.

The people in the kitchen were speechless.

He could talk so much while carrying a baby who didn't even know how to babble.

“Big sister Xiao, ah Yuan's handwriting is really good!” Grandpa Gu, who was making paste, could not help but praise Lu Zheng to grandma Xiao.

“Second brother's handwriting is also good! It looks more tasteful than ah Yuan's writing!” Said grandma Xiao.

“Second brother is also much older than Yuan! People say that the words are like the person, and the more experience you have, the more words you'll write.” Grandpa Gu sighed.

He hadn't seen his second brother write in the past few years, but he was sure that his second brother had definitely practiced it in secret. Otherwise, he wouldn't have been able to reach such a realm.

As for Lu Zheng, Grandpa Gu knew his true identity. The more he knew, the more he understood that this child was not easy to deal with.

“You two, stop boasting! They were being bragged to the heavens! This word was one of the best in the countryside, but it was nothing more than this in the outside world where there were many students! So, second brother, Yuan, you two can't slack off! practicing calligraphy can make people calm down and think. second brother, you need to calm down. ah yuan, you need to calm down too, understand?” Grandma Gu said to the two of them seriously.

“Mother, what are they thinking about? Do you want to think about how easy it would be to catch a big cat alive in other mountains?” At this time, Gu shouxin came in with Gu Ren in his arms and asked with a smile.

Grandma Gu, “Yingluo.”

"Come, come, come, bear with it. Quickly look at Grandpa, Grandpa is making paste. Do you know what paste is? Paste will always be paste, hehehehehehehehe "

"Come, let's take a look at this side and see if your second uncle's handwriting is better or your brother Yuan's. Remember, whoever's handwriting is uglier, you can drool!"

"Aiyaya, your second uncle has been quiet for more than ten years. Drinking and gambling is just a cover, right? This time, your second uncle will definitely be able to inscribe his name on the Golden roll! Endure it, you have to learn from your second uncle. In the past, when he knew that he wouldn't be able to get in, he would hide it and learn it secretly. Now that he knows that he can get in, he can't bear it anymore! How smart!"

Gu shouxin,"Yingluo."

Ordinary people can't keep up with big brother's brain circuits!

"Bear with it, look at your brother Yuan! Your brother ah Yuan is a handsome young man! These words were also handsome! Aiyaya, I don't even know whose father is uglier! Tsk, tsk, my taste is really good. There's no one uglier than me. I can't even drool, hehehe."

"Bear with it, you must look like Father, not mother. Only I have the chance to grow up to be a handsome young man like your brother ah Yuan. if it's your mother, then she can only be like your two older cousins. it's difficult to find a wife." Gu shouxin carried the child and looked around.

[handsome young man Lu Zheng: actually, it's quite difficult for me to find a wife.]

Chapter 252 Just like your grandma

Grandma Gu found uncle Gu too noisy and drove him out.

Uncle Gu carried Gu Ren out and said aggrievedly, " "Bear with it, I know, you're like your grandma. You're famous for your bad temper and impetuosity! Al!"

.....

Soon, the dumplings were ready.

Just in time, Gu Ren's father had also woken him up from his sleepiness as he carried him around.

Everyone was squeezed into the big round table.

Grandpa Gu asked uncle Gu to pour wine for everyone.

"Alright, dumplings and wine, the more you drink, the more you'll have! I wish our family, aunt Xiao, and little Yuan, better and better in the coming year, and always have a smile!" Uncle Gu poured the wine and even wanted to say a few words of blessing.

"Father, I'm going to be seventeen." Gu Hui looked at the wine jar and suddenly said.

She wanted to try the wine.

"What? You want to get married?" Uncle Gu asked in surprise.

He had always thought that his eldest daughter was going to find a son-in-law who would marry into the family. He was not capable and only knew how to farm. He could only afford the dowry. He was still lacking in finding a son-in-law. He didn't have a foreign bull! However, he encouraged his eldest daughter to earn her own money. In the future, he would persuade his mother to find a son-in-law for her.

However, he had only helped second brother's family for two months, and he already had the money to find a son-in-law?

"Sister Huihui, do you want to try the wine?" Lu Zheng could tell what Gu Hui was thinking.

Well, a cousin is also an elder sister. It's time to get some good impression!

"What? You want to drink? You're not a man, why would you drink? The wine doesn't cost money? Also, girls can't drink." When Zhang Shi heard this, she was unwilling.

"First aunt, girls can drink wine. My parents said so." Gu Xin spoke up for her cousin.

"Hey, second brother, second sister-in-law, how did you teach your child? She's so young and you're already teaching her how to drink? What kind of parents are you?" Zhang Shi seized the opportunity to criticize.

"Eldest aunt, father and mother said that grown girls can drink wine." Before Gu shouxin and Cai Xiaolian could refute, Gu Xin said seriously.

Everyone in the room,"hehe."

"Xinxin, do you know what flower wine is?" Gu en looked at Gu Xin in surprise. He had only just found out about it. Xinxin was only a month older than him, how did she know?

Other than the time travel Trio, everyone else was looking at Gu Xin nervously.

"It's wine made from flowers! A few days ago, father even took the time to brew plum blossom wine! Father said that my sister will be able to drink it next year, and I still have to wait for another four years." Gu Xin said disapprovingly.

"Tsk!" Gu en lost interest.

He knew it, his cousin who was a month older than him was the most obedient in the family, how could she know about flower wine?

It was more likely that his elder sister and sister niannian knew about drinking and drinking.

Lu Zheng heaved a sigh of relief. He didn't know what he was nervous about either. Perhaps it was a habit. In his previous life, whenever Gu Xin was mentioned about brothels, she would feel dejected and inferior. That was why he would never allow anyone around Gu Xin to mention anything about brothels.

"You're from the boss's family, so don't keep Huihui in check. It was okay for a woman to drink a little wine so that when she was out in the future, she would not be spoiled by a little wine. Boss, fill up Huihui's Cup!" Grandma Gu said.

"Thank you, grandma!" Gu Hui stood up and went to get a wine glass.

"Huihui! Your father, I, can drink a thousand cups without collapsing. Your second uncle, your third aunt, and your fourth uncle are all the same. Don't collapse just because you've had a little. If that's the case, I won't acknowledge you as my daughter!" Gu shouxin had always felt that his mother was right, so he poured wine for Gu Hui.

Chapter 253 The most disgraceful ones are already here

Of course, Gu Hui did not get drunk from just one glass. Besides, it was only noon and grandma Gu and Grandpa Gu did not allow everyone to drink too much.

After lunch, it was time to put up the couplets and the character "Fortune".

Gu shouxin was left behind to write a Voodoo bag for his ancestors. It had to be burned before dinner and in front of the grave on the morning of the first day of New Year.

Uncle Gu admitted that his handwriting was bad and didn't want to join in the fun. In the end, he was caught by grandma Gu. "When your father and I die in the future, can't you write about your younger brother who's going to beg for a separation? Aren't you embarrassed?"

"And you, fourth brother! Don't think that just because you're the youngest, you don't have to pay your respects to the two brothers on it. Come over and learn!" Grandma Gu stopped fourth uncle Gu when she saw that he was about to slip away.

"Mother, you've asked me to learn from big brother every year, but in the end, it was still our Father who wrote it!" Fourth uncle Gu said, feeling wronged.

"Yup! Isn't that your second brother who was a bastard in the past? Now that the most disgraceful person is here to learn how to write, you two still want to be lazy?" It was as if grandma Gu had criticized the three brothers.

Grandpa Gu looked at the four of them with a smile and began to write down the format.

They had a lot to write about, including the ancestors of the Gu family and the ye family.

Therefore, Lu Zheng was assigned a task. He was to bring Gu Xin, Gu en, and Gu si to put up the couplets, while Gu Hui and Gu Nian were to help prepare dinner.

Lu Zheng was quite happy.

He asked Gu Xin to hold the bowl of paste, and Gu si and Gu en to hold the couplets and the word 'Fu'. He then started to paste it on each door.

"Brother Yuan, can you teach me how to hunt next year?" Gu en liked Lu Zheng the most because he could beat up big cats.

His second uncle could have done it too, but he had always been very busy!

"Brother Yuanyuan, I want to learn too, I want to learn too!" Gu Xin added.

Lu Zheng, who had wanted to find a reason to reject the offer: alright, after the spring farming is over, we'll go to the mountains and make a trap. We can't catch the big guys, but we can still catch the little rabbits and chickens.

Lu Zheng had a lot of hunting experience in the mountains.

"Brother Yuan, can you take me with you?" Gu si asked.

"Both are fine. We'll call sister Huihui and niannian together." Lu Zheng laughed.

"Good! Brother Yuan, we'll hold the stool for you, and the paste is for you!" Gu Xin passed the paste to Lu Zheng.

Gu en and Gu si quickly took out the "Fortune" character and the Spring Festival couplets. They swiped them a few times and asked Gu si, who was not holding a stool, to stand a little further away to see if the post was correct.

After sticking it on the old mansion, he went to the second branch to stick it on.

After the second branch was done, they went to Lu Zheng's house.

by the way, I don't see any lanterns at your house. I have a few more here. Let's hang them up! Lu Zheng thought of the leftover food at home that Ji Xiang had sent over yesterday and suggested.

"Good, good! Grandpa was going to tie it, but my mother said that uncle's family would tie it up and sell it, so I can go and get it. In the end, she only found out that her uncle's house had sold out this morning. The market closed in the morning, and there's no place to buy it." Gu en said.

I'll add some oil to the lamp first. Later, when it's getting dark, Enzi, you can ask eldest uncle or second uncle to come out and light the lamp. Lu Yang said.

"Brother ah Yuan, aren't you going to spend the new year with us tonight? Grandpa yang and aunt xiaohuan should come tonight too. It'll be more lively with more people!" Gu Xin said.

"I'm going to the Zhou clan town to accompany my granduncle tonight and will only be back tomorrow. I'll bring you delicious food tomorrow!" Lu Zheng said with a smile.

"Thank you, brother Yuan!" The three siblings thanked him happily.

Chapter 254 Bitter heart

After hanging up the lanterns for the Gu family's old mansion and the second branch, Zhou Yuan bid farewell to everyone and rode to town alone.

.....

Ever since fourth uncle Gu became Yang family's disciple, the father and daughter of the Yang family had almost every New Year's Eve dinner at the Gu family.

The father and daughter usually went to the mountain to pay their respects to the dead on the 30th day and went to the temple to burn incense on the first day of the new year, so they didn't go to the Gu family for lunch.

Not long after Lu Zheng left, the father and daughter of the Yang family returned. Yang xiaohuan tied the apron and went to help out in the kitchen.

Master yang, on the other hand, was chatting with the men of the Gu family in the central room. They talked about what had happened this year and the harvest.

With Gu Nian around, yang xiaohuan and Gu Hui were efficient and the New Year's Eve dinner was ready very quickly.

In the modern world, Gu Nian had taken care of the family's New Year's Eve dinner every year since she came of age.

Not only did she know how to cook, but she also remembered all kinds of auspicious names clearly.

When luck is on your side, the main ingredients for a silver carp are fish head and tofu.

It was a great harvest. Fresh chestnuts and chicken legs.

The room was filled with gold and Jade, shrimp and eggs.

Year after year, there would be carp, pork, and white radish.

It was red braised ribs.

.....

"Second brother, second brother's wife, your daughter is too capable! Look at the dishes on the table. The names are nice and the dishes are pretty. I think they will be more delicious to eat!" Master yang asked in surprise as he listened to Gu Nian introduce the dishes one by one.

"Old Yang, this child is very obedient to his father and is used to thinking about these things. Do you remember when second was young? You even have to come up with a name for a bird's nest or an egg." Old master Gu chuckled.

"That's true. When second was young, he was the most intelligent child in our village. He was also very beautiful, and everyone liked him!" Master yang nodded his head in agreement.

"Uncle yang, when you say 'fresh,' you mean this girl is very fresh! Just look at second brother's manly image, how is he so beautiful!" Uncle Gu said.

"Hahahaha Yingluo has grown up and is a man. When he was young, his second brother was really good-looking. Otherwise, why would second eldest's wife chase after him for so many years and never leave him?" Master yang laughed out loud.

Gu shouxin thought, "alas, it's a pity that it's not as fresh now. I have to chase it."

Cai Xiaolian: "uncle, you have a strong desire to live. You know that 9000 years old doesn't like people calling him feminine, so you immediately changed to calling him a man. Hehehehe.

"Come, come, come, let's eat!" Grandma Gu asked everyone to start eating.

At such a happy time, with such a delicious table of food, even Zhang Shi, who was used to ruining the atmosphere, was focused on eating and talking happily.

The children ate quickly and left the table to play with firecrackers after they were full.

Gu en was playing like crazy and even brought Gu Xin and Gu si to the village to play with other friends.

Gu Hui and Gu Nian were worried about Gu en's carefreeness, so they followed behind her.

"Sister Huihui, I think aunt xiaohuan will become our fourth uncle very soon! Don't you think so?" Gu Nian said.

"Aunt Xiao Huan is quite good. I quite like her." Gu Hui said.

"Hehe, fourth uncle is married, so it's your turn in our family. At that time, Grandpa and Grandma will help first aunt urge you to get married." Gu Nian gloated.

"Don't be so smug. I'm married, so it's your turn now. If I were to get married next year, your scholar would probably still be studying hard at the school!" Gu Hui retorted.

"Who said I must find a scholar who studied hard? I can also find a shuanghuandhu! Besides, my parents don't rush me." Gu Nian said smugly.

Gu Hui's heart was bitter!

It would be great if her mother cared about her daughter half as much as her second aunt did.

Chapter 255 Not everyone has their own arrangements

"Sister Huihui, since we're so close, can you reveal what kind of person you like? Don't tell me you didn't find anything. You can tell me what you want." Gu Nian said nosily.

She had been busy ever since she transmigrated here. Now that she finally had a chance to relax, shouldn't she gossip a little?

"I don't think so. He wanted someone who was good-looking, strong, good at Kung Fu, and his parents were dead. He also wanted someone who could make people happy and earn money. Sigh, I want both. It's best to have one of each!" Gu Hui raised her head and looked at the dark sky. She sighed deeply.

Gu Nian said, 'sister Xuanji and Huihui, more people will fight, really. Have you heard of the harem of those rich people? Look at how messy the backyard is with so many women! Some couldn't even keep their children. I'm telling you, men can be terrifying when they're ruthless."

Gu Hui tilted her head and glanced at her. She smiled. "If you don't listen, just chase them out."

"I'm impressed, sister!" Gu Nian cupped his hands.

"To be honest, I don't know what kind of woman I'm looking for. In any case, my mother found someone to matchmake me, and my grandma also found someone to matchmake me. I'm not very satisfied with it, I feel like something is missing!" Gu Hui carried the lantern, lowered her head, and said with a little disappointment.

Gu Nian was stunned. This expression and tone should not belong to her sister Huihui!

"Grandma said that seventeen isn't that old. Grandma only met Grandpa and married him when she was 19 years old. But how many people in this world can be like Grandpa and Grandma?" Gu Hui continued.

"Sister Huihui, you can always wait! You have to believe that the person God has arranged for you is on his way here. He might have been delayed on the way, which is why he is late. But you have to believe me." Gu Nian tried to persuade him.

"Not everyone has been arranged by the heavens. Just like my father, do you think he loves my mother? Do you think he loves you? You're just being responsible. He might not have a girl he likes so far." Gu Hui laughed.

Gu Nian, "Yingluo."

She had heard from Cai Xiaolian how Zhang Shi had married uncle Gu. It was indeed not because of love, and it was even less because of their parents' arranged marriage.

Uncle Gu was taking shelter from the rain in the cave, and his aunt happened to be there too. Then, she was bitten by a snake, and her clothes were torn by the thorny tree. Then, the Zhang family came to play tricks, saying that their daughter's reputation had been ruined and that she would not be able to live if she did not marry.

Uncle Gu married her.

Uncle Gu was a very casual person. At that time, Grandpa and Grandma Gu asked him for his opinion. He said that since this was the case, the girl was not going to survive, so he should marry her. Anyway, the girl from the Zhang family was hardworking, and it would not be a loss to marry her. It could also reduce the burden of doing household chores for her parents.

In a situation where there was no love, uncle Gu had lived happily with first aunt for eighteen years and could still maintain a very optimistic attitude. It was really impossible for ordinary people to do that.

"Sister Huihui, I believe you'll be able to wait for it. That person will definitely appear." Gu Nian still wanted to persuade Gu Hui to believe in love. After all, Gu Hui believed in love herself even though she had never been in a relationship because of her studies and food.

"What about you? You'll be of marriageable age next year, so we can talk about marriage." Gu Hui asked in return.

"Me? I'm also waiting! My father said that when that person appears, you don't need anyone to teach you. You'll understand that it's him. You'll be this person for the rest of your life. You're one of a kind and irreplaceable." Gu Nian brought out the explanation that Gu Shouxin had given to Gu Xin yesterday.

Chapter 256 it's the same

"My benefactor! My son!"

"Zhang Xiaohu! Zhang Xiaohu!"

"Brother en Zi, hit him, hit him! Grab his hair! Kick him!"

"Brother Xiaohu, hit him! Hit him!"

"Brother, be careful."

"Sisi, let's go, let's go!"

“.....”

At this time, a loud noise not far away interrupted the sisters' discussion about this important life event.

The two of them hurried over and saw that Gu en and Zhang Xiaohu were fighting.

After that, Gu Xin and Gu si also joined the battle. On the other side, there were also a few boys.

There were more than Twenty ten-year-old children in the village. Other than Gu Xin and Gu si, none of the young girls came out.

This was equivalent to Gu en, Gu Xin, and Gu si fighting with the other party's nine children.

Zhang Dahu and some of the neutral little boys were watching from the side.

When he saw Gu Hui and Gu Nian, Zhang Dahu raised his fist and said, " "You two, don't help! My fists are not to be trifled with!"

"F * ck your mother!" Gu Hui released the lantern and started fighting.

Zhang Dahu, you son of a b * tch. I've been eating too much of a vegetarian meal recently. I want to change my taste! Gu Nian rubbed her wrist and followed Gu Hui.

Zhang Dahu kept retreating. He was still on guard.

In the end, she was caught by the Gu sisters and both of them received a punch at the same time.

"Don't think that I won't do anything to you just because you're girls!" Zhang Dahu was furious.

"I didn't think so!" Gu Hui said.

"Then do it!" Gu Nian said.

The two sisters had worked together for so long that they had a certain level of tacit understanding. After saying this, they moved at the same time, even their actions were the same.

He took two steps back, ran up, jumped up, and sent a flying kick at Zhang Dahu.

Zhang Dahu wanted to Dodge, but Gu Xin, who was fighting with the little boy, rolled over and blocked his path.

"Ah!" Zhang Dahu was kicked. Gu Xin quickly rolled over and continued to join the little boy's fight.

"Gu Hui, Gu Nian, you're crazy!" Zhang Dahu couldn't believe it at all. These two people dared to make a move in front of the adults. Weren't they afraid of his revenge?

"Cut the crap, one-on-one or group fight? In a one-on-one fight, you beat us sisters. In a group fight, we sisters beat you!" Gu Nian asked.

"Me? isn't it the same?" Zhang Dahu was so angry that he could not care less about Gu Hui as he charged towards Gu Nian.

sister Huihui, look after the three little ones. Don't let them get beaten up too badly. Leave this to me! After Gu Nian instructed Zhang Dahu, she rushed forward and grabbed him by the waist. Then, she lifted him up and threw him on the ground.

'Well, I'll continue to practice the horse stance. Hitting the wooden stake is still useful. This time, I'll steady myself and my arm strength will gradually increase!'

As Zhang Dahu was thrown to the ground, he reached out to grab Gu Nian's feet.

As Gu Nian fell to the ground, Zhang Dahu rolled over and caught both of her hands.

Gu Nian's head flew up and knocked Zhang Dahu's head.

He kicked hard with his feet.

owuu ~"Zhang Dahu let out a miserable cry.

"Other than your iron head, there's really nothing about you that I like, really!" Gu Nian rubbed her head. 'This guy is really headstrong. It hurts.'

"Brother, Oh, Brother, save me!" At this time, Zhang Xiaohu screamed again.

"Your brother is being beaten up by my sister!" Gu Xin's fist landed on Zhang Xiaohu's body, followed by a series of punches, "who told you to bully me? I'll teach you how to bully me! Let's see if you still dare to bully me! Don't think that you can bully me just because you have more people, Hmph Hmph Hmph!"

Chapter 257 we'll definitely win

The five siblings did not dare to return to the old residence when they returned.

Other than Gu Hui, who was a little tidier, the other four were covered in mud and their hair was messy.

As a result, they discussed going to the second room to tidy up and play for a while before returning to the old house to sleep.

"What happened just now? Why are you fighting with those two again?" When they returned, the few of them patted the mud off their bodies and combed their hair.

"Zhang Xiaohu wanted to snatch our firecrackers and bully Xinxin. Of course, I can't stand it. I'll follow him. Those bastards will help Zhang Xiaohu! And then we got into a fight. Zhang Dahu didn't stop them. He even said that they were embarrassed to be beaten by the little girl. Then, they fought even more fiercely." Gu en's hand was bruised, but fortunately, her face was fine.

Gu Xin and Gu Si only had some bruises on their arms, legs, and knees, but their faces were intact.

"Tsk, tsk, tsk, I'm really speechless about these two brothers! It's alright, we have five siblings, we have more heads than them." Gu Nian said.

"Sister niannian, don't you remember that they have a lot of cousins? There were ten of them in the group from Gaojia village! Gaojia village isn't far from our village. I'm afraid these two brothers are looking for help! They don't dare to come at home, but I have to go to school in town. I'll be blocked. What should I do?" Gu en said dejectedly.

then, do you regret helping Xinxin vent her anger? ” Gu Nian asked.

“Xinxin is my sister, what do I have to regret? In the past, she didn’t say it herself. I’m the only son in the Gu family’s generation. If I don’t stand up for her, who will?” Gu en said angrily.

“I’ll pay!” Gu Hui and Gu Nian said.

Gu en, “Yingluo.”

“Since you’re so loyal, I won’t leave you alone. Gaojia village, right? what’s the age of the oldest one there?” Gu Nian asked.

“The biggest one is like Zhang Dahu, and the smallest one is like me. Aunt’s family has four brothers and a bunch of sons, and they’re very United!” Gu en said.

“Although there are only five of us, we can still get help from outside! Let’s go to Gaojia village on the second day of the new year and call them out for a fight. We don’t want to waste time on small fights!” Gu Nian cracked her knuckles and looked at Gu en. en ‘Zi, let me tell you something. You have to beat this kind of person into submission. Otherwise, he’ll keep pestering you like a fly. It’s annoying.

“Yes, niannian is right. I’ll go find Zhang Dahu tomorrow, and we’ll go to Gaojia village the day after. We’ll just tell our family that we’re going out to play. It’s not long to walk to Gaojia village anyway.” Gu Hui said.

“What about the two of them?” Gu en was a little excited. This was what a gang fight was. But when he thought of Gu Xin and Gu si, he hesitated.

“En ‘Zi, are you suspecting me? I wasn’t hit by Zhang Xiao Hu just now. You were even hit by him a few times.” Gu Xin said, unconvinced.

that’s right, brother. Sister Xinxin and I have already fought with them. Are you still afraid of us? ” Gu Si was also a little unconvinced.

“Yingluo, okay. Don’t cry when the time comes! The people from Gaojia village are really fierce and like to bully young girls.” Gu en was a little embarrassed as he said.

“Let’s call Yuan!” Gu Hui suggested.

“Eh, okay! Call brother Yuan and we’ll definitely win!” Gu en’s eyes brightened as he said.

“Why are you calling him? It’s not like we can’t do it!” Gu Nian was a little unwilling. They had the little koi fish with them, so why would they be afraid of losing?

Chapter 258 The little girl has good taste

“Niannian, I think you’re biased against him!” Gu Hui was stunned as she looked at Gu Nian.

Gu Nian shook her head. no, I just feel that we’re not familiar with each other. Why would I call him over for such a matter? ”

Gu en replied, ‘sister Nian Nian, we’re very close. Brother Yuan even said that he would teach us how to set traps in the mountains and hunt in the spring!”

Gu si: " yes, yes. You also have to teach me and sister Xinxin.

Gu Xin,'that's right, sister, brother Yuanyuan's birthday is the same as mine! I even promised to give him a birthday present."

Gu Nian thought,'it seems like they have the same birthday!' Forget it, so be it. Watching an uncle whose mental age was unknown fight with a child, en, very good.

"Alright! Since we're so familiar with each other, let's call him along!" Gu Nian gave in.

The siblings cleaned themselves up. Other than being a little dirty, it was hard to tell that they had gone out to fight.

After discussing the group fight with the Gaojia village on the second day of the new year, they returned to the old mansion together.

.....

At the old mansion, uncle yang was already drunk and began to talk to Gu shouxin about the recent business. He said that he wanted to open his own shop because the things that Cai Xiaolian and Gu Nian had come up with were too practical.

When Cai Xiaolian heard this, she thought, eh, this is possible!

The toiletries had already been confirmed, and she did not need to keep an eye on the drunken River Restaurant every day. Why not cooperate with master yang and open a shop?

Although Master Yang's status wasn't as high as Madam Cheng's, he was from the village and was very familiar with the Gu family. There was no need to worry about other problems.

And so, Cai Xiaolian began to talk to yang xiaohuan. From this conversation, she discovered that yang xiaohuan had a good business mind. The reason why master yang was able to open a restaurant today was because of yang xiaohuan's constant nagging.

The more they talked, the more excited they became. They wanted to find a shop and have a good time.

When she saw the children enter, Cai Xiaolian quickly waved and called out to Gu Nian. "Niannian, come here. I have something to tell you."

"What's wrong, mother!" As soon as Gu Nian went over, the few younger ones followed her and surrounded the brazier.

"I'm talking to your aunt xiaohuan about opening a shop, a furniture shop." Cai Xiaolian said.

"This is good! Grandpa Yang's cooking skills are so good, it's a pity that he doesn't open a shop." Gu Nian nodded.

"You have good eyes, little girl!" Yang xiaohuan gave Gu Nian a big thumbs up. She had been saying that to her father for a long time, but he had always been unwilling to do so. He had even saved some money for her dowry! Or was it the things that the Gu family had asked his father to hit that had shaken his father?

“Hehe, anyone with eyes can tell.” aunt xiaohuan, mother, what do you plan to do? ” Gu Nian asked with a smile.

Cai Xiaolian and yang xiaohuan told Gu Nian what they had discussed earlier. Gu Hui, Gu Xin, and Gu si listened with great interest. However, Gu en could not bear to listen any longer. He ran to the kitchen where his grandparents were.

At midnight, uncle Gu went to the gate to light some firecrackers. After a while, the children went to bed. In the end, only Gu en went to sleep, while the other girls continued to listen to Cai Xiaolian and yang xiaohuan’s plan for the furniture store.

Grandpa Gu was used to going to bed early, so he went to bed at midnight. Grandma Gu and grandma Xiao were chatting in the kitchen.

The three brothers of the Gu family continued to drink with master yang, who was already drunk.

An hour later, grandma Gu and grandma Xiao came back with the dumplings they had made at noon for supper.

After eating the dumplings, master yang finally couldn’t take it anymore and passed out. Fourth uncle Gu helped him to his own room to sleep.

Chapter 259 He won’t come if it’s money

The three brothers continued to drink and chat.

Gu shouxin had been here for three months, and he had a good impression of these two brothers.

“Big brother, are you still planning to farm next year? And then go to the town’s Pier to find something to do? Didn’t you think of doing anything else?” Gu shouxin asked.

“Yup! I can’t do anything else!” Uncle Gu said.

“I saw that you did a good job selling New Year’s goods before the new year! Niannian and Xinxin said that after the first three days, you’ve almost sold out in the morning.” Gu shouxin said.

“That’s because the food in your house is good!” Uncle Gu didn’t think that it was his credit at all. second brother, you can open your own restaurant for your food! Besides new year goods, he could also sell other things! We can’t just count on making money during the new year.”

“But our family is too busy! Look at your son’s mother!” Gu shouxin raised his head to the girls beside the brazier.

“That’s true, niannian is pretty, we can’t let her show her face in public, it wouldn’t be good if she was snatched away. Xinxin is still young, second sister-in-law can’t handle it by herself.” Uncle Gu shook his head.

Gu shouxin,”Yingluo.”

Boss, I mean, your sister-in-law doesn’t sell food, she wants to do big business! How did you think of going up niannian?

"Second brother, do you mean to let big brother continue to sell things?" Fourth uncle Gu was slightly more normal than Big Uncle Gu and understood Gu shouxin's meaning.

Gu shouxin nodded. Finally, there was a normal one.

"I'm going to sell things? No, second, the family can't live without me. Our family has more than 20 mu of land! Without me, can you finish farming?" Uncle Gu shook his head.

He was very clear about his status in the family.

"Is your mother's hand broken or is her leg crippled? Before I gave birth to you bastards, I took care of more than 30 acres of land in the family by myself! Where can't I leave you?" Grandma Gu suddenly appeared and looked at uncle Gu in disdain.

"Mother! How can you say that! You were young at that time, so I could also do some work!" Uncle Gu said, feeling wronged.

He would not allow anyone to shake his position as the number one farmer in the family.

"Oh, you mean your father and I are old now and we have to rely on you?" Grandma Gu gave uncle Gu a sidelong glance.

"No, I didn't," Uncle Gu shook his head without hesitation. father, mother, you're getting on in years. It's time for you to enjoy your son's life. I'm tall and strong, how can I make father and mother suffer! Hehe."

Grandma Gu rolled her eyes at him. your father and I don't need you to take care of us. What about your little ones? "Have you prepared Huihui's dowry for her? The money for my son's studies? Is sisi's dowry saved? Won't Ninja be able to study when he grows up?"

Uncle Gu's expression was a little frightened, and then he said in annoyance, "I wanted to say that I wanted a child. Look at uncle yang, he's so relaxed! Then how much dowry would sister xiaohuan have? That's because the child's mother insisted on giving birth, what can I do!"

Gu shouxin and fourth uncle Gu were both speechless. Giving birth to a child was a matter for one person? Big brother, you said that you're a tall and strong man. Are you going to be forced by sister-in-law?

Grandma Gu was so angry that she slapped uncle Gu. "You bastard! You only care about giving birth and not raising her! Just return one to Huihui! If you take out the dowry I prepared for your third sister now, I'll say you're a man!"

Uncle Gu: "Auntie, it's not that I don't want to earn money. It's that he doesn't want to earn it!"

Chapter 260 Not easy

Grandma Gu facepalmed.

What sin did she commit in her past life to give birth to this evil creature?

Waiting for the money to come to him?

"Hahaha, I say, boss, don't blame aunty for saying that. You're too straight, so straight that you're a little silly! Didn't second brother give you directions just now? Do you want second brother to just throw the silver into your pocket?" Grandma Xiao was also amused by uncle Gu and couldn't help but laugh.

"Ah? Was it? Second brother, what are you pointing me in?" Uncle Gu was stunned, and then looked at Gu shouxin. second brother, it's not that I want to criticize you, but we've been brothers for more than thirty years. You should know my temper. You have to make it clear. I'm a straightforward person, and I don't have so many twists and turns. You scholars, your intestines are bent. Of course, if you want to throw the silver into my purse, I still want it. I will bring it to mother and save it for me. "

Gu shouxin somewhat understood his mother's depression. "Hehe, big brother, you wish!"

second brother, make it clear. You can't treat your big brother like an ordinary person. There's something wrong with his brain. He doesn't understand! Grandma Gu said after exhaling.

"Yes, yes, mother is right!" Uncle Gu nodded in agreement.

"Big brother, what I want to say is, do you have any plans to set up a stall or something during the free time of the farm?" Gu shouxin twitched his mouth and then said.

"A stall? That's good! Actually, it was quite fun to set up a stall. Those people always liked to chat with me. Let me tell you, I even met some hooligans from the Zhou clan town. Heh, I'm not bragging, but if I didn't learn to be a hooligan, the Zhou clan town would have been mine! those punks still want to collect protection fees from me. uncle Gu talked about how he used reason and emotion, but failed to convince them with reason. He used his fists to scare those punks away from him.

"Then are you going to do it or not?" Grandma Gu asked.

"Move! However, would niannian be able to handle it? If I'm not busy, I can sell a lot of things by setting up a stall for a day!" Uncle Gu was worried that he would tire his nieces out.

big brother, if niannian doesn't want to do it, I'll ask niannian to teach you. You can do it yourself and sell it. You'll give niannian 20% of the money, okay? " Gu shouxin said.

"Only 20%? I don't know how to do accounting! Mother, won't niannian suffer a loss like this?" Uncle Gu turned to look at grandma Gu.

"We're a family, so what's there to lose? Let's try it first! Big brother, Enzi and Ninja will need a lot of money to study in the future. Also, Huihui and sisi, if you don't prepare enough dowry, how can you do it? Since Huihui did not have a suitable partner at the moment, it would be better for her to work hard for a year or two and save enough money for her to get married in a grand manner. As a father, you can't really let your daughter earn money to save her dowry!" Gu shouxin waved his hand and said.

"Second brother, you're right! Sigh, I'm so depressed! Why did I fight with you to be reincarnated in the past? I even won over you and became your big brother? If I didn't win, I wouldn't be the Big Brother!" Uncle Gu sighed.

"I say, boss, even if you don't want to be the boss, you still have to raise your children!" Grandma Xiao said with a smile.

“Oh, right! I missed out on third sister. I should have swapped places with third sister, then there wouldn’t be so many things to worry about! Al! It’s not easy for us men!” Uncle Gu shook his head and took a sip of wine.

Grandma Xiao was completely speechless at this child.

Grandma Gu had given up on educating him.
