

Haywire 261

Chapter 261 you didn't give it to me

All three sons of the Gu family knew how to cook. After all, they had Grandpa Gu as their role model.

gu shouxin's suggestion to uncle gu was to sell skewers.

gu nian had already prepared the hotpot base.

Next, when the potatoes hit the market in large quantities, he would ask uncle Gu to sell the wolf Fang potatoes again. This would definitely make money. After all, they were the only family with a portion of potatoes. They could provide a large amount of potatoes here. However, this would have to wait for a while.

When they heard this, they felt that they could make a lot of money. Grandma Gu included the Zhang family in the list. after the spring plowing, Ninja will be half a year old. All the children in our family are weaned off milk at half a year old. I'll take care of Ninja for you when the time comes. You two can go and set up a stall to earn dowry and school fees for the child.

"mother! you really are my mother! I often think about what I should do without you! Mother, I'll toast you!" uncle gu stood up and respectfully poured a glass of wine for grandma gu.

In the end, grandma Gu still took the glass and drank it. "don't drink anymore. clean up the table. brothers, go to the kitchen and wash the dishes. come over and rest by the fire for a while. It's not early anymore, when it's dawn, we should rest for an hour or two, and then go to the grave after we get up!"

The few brothers obediently cleared the dishes and went to wash them.

Grandma Gu and grandma Xiao sat by the brazier and warmed themselves up by the fire.

When it was dawn, everyone went home to sleep. Yang xiaohuan stayed at the Gu residence with Gu Hui for the whole night.

.....

On the 13th year of Emperor Wen of the great Zhou Dynasty, the first day of the first lunar month.

The Gu family of four did not get up for their morning exercise today.

After 9 am, Cai Xiaolian got up and woke up the father and daughter.

The family of four had put on new clothes, especially the two sisters, who were wearing red coats. Cai Xiaolian had said that they had to wear red for the new year, and they were very lively.

When they arrived at the old mansion, Grandpa Gu saw that everyone was present and began to make tangyuans into the pot.

In the village at the crossroads, tangyuans were to be eaten on the first day of the new year, which meant that the whole year would be full of tangyuans.

Grandpa Gu had also wrapped copper coins in the tangyuans. There were two in total. It was said that whoever ate them would be particularly lucky this year.

Gu Nian's mouth twitched when she heard this. 'We have a little koi fish in our house. Who can be luckier than her?'

Some people were luckier and had a transmigrated woman as their sister or mother. Look at her little koi. Her parents and sister had all transmigrated. Who could resist this luck?

As expected, Gu Xin ate both tangyuans that were wrapped in copper.

"Tsk tsk! Xinxin, you have to go out more this year!" Uncle Gu said.

"Why, uncle?" Gu Xin did not understand.

"You're so lucky! Go out more and pick up more money! didn't you go to the river to pick up money before the new year? sisi already told me, so you picked it up and shared it with your sister." Uncle Gu said.

"What? You little girl, are you hiding money?" zhang shi was stunned and looked at gu si.

"I've used it," Gu si said.

hey, I say, you're so gutless. Zhang Shi was just about to curse when she was interrupted by uncle Gu.

"I say, wife, don't scold me! If you scolded her until she cried, she would cry for an entire year. isn't it enough that we have a little brat in our family crying?" Uncle Gu said.

"But she can't hide the money! Dad, I can't have any money in my hands, I'll use it carelessly." Zhang Shi said.

"which one said so? so what if he used it indiscriminately? That was picked up by Xinxin for sisi, what does it have to do with you if she uses it? You're not the one who gave sisi the money! What are you angry about?" Uncle Gu said righteously.

Chapter 262-do you want to join for a group fight?

Zhang Shi was about to retort when grandma Gu spoke up. "Children can't hide money in their hands? You're from the big family. In front of your father and me, you're a child, right? Are you planning to hand over all the money you've hidden? Alright! It's a New Year, a new atmosphere. Hand it over to your father and I as a New Year's Red packet!"

Zhang Shi immediately shook her head, "hehe, mother, I'm just joking." No, no, I don't have any money!"

"There are." Uncle Gu nodded seriously. don't you have a few pieces of silver in that pair of stinky shoes that you left under the bed for half a year? Also, there's a stinky sock in your dowry cabinet. Oh, and there's also

Zhang Shi was so angry that she covered uncle Gu's mouth.

That damned Gu shouren!

The Gu family laughed.

The father and daughter of the Yang family, as well as grandma Xiao, were quite envious of this family.

Especially the father and daughter of the Yang family. Unlike grandma Xiao, who had only been here once, they spent New Year's at the Gu family every year. In the past few years, the New Year's scene at the Gu family had not been as warm as this year.

In the past few years, there had been quarrels between the Zhang family and the Cai family almost every year. Gu Hui and Gu Nian did not see eye to eye with each other. Grandma Gu scolded Gu shouxin, while Grandpa Gu and fourth uncle Gu tried to persuade grandma Gu. Uncle Gu would sometimes stand on grandma Gu's side, and sometimes he would ask Gu shouxin to stand on his side.

It was also as lively as this, but this kind of liveliness was like chickens flying and dogs jumping. It was as if relatives were enemies.

After eating tangyuans, other than Zhang Shi and Ren Ren, the rest of the family went to the mountain to visit the grave.

.....

After returning from visiting the grave, each of the Gu family members carried a piece of firewood and placed it on the pile of firewood in the back of the kitchen, indicating that they would make a fortune this year.

Then, it was time for the children to congratulate and receive the red packets.

Grandpa Gu and grandma Gu treated everyone equally. They gave each of their grandchildren a red packet that contained twelve wens for twelve months in a year. It was called the moon red.

Before the new year, uncle Gu sold some goods and earned some money. He also gave the children a six-Wen red packet. Gu shouxin and fourth uncle Gu also gave six-Wen red packets. Together, it was smooth.

Zhang Shi's heart ached miserably. In the past, their first and second branch did not give red packets. Only the child's fourth uncle did not have spare money to give them to the children.

Once she felt heartache, Zhang Shi would take out the broken silver in her stinky shoes and socks to stop her heartache.

After receiving the red packet, the children went to the village to play. They went from house to house to ask for candy. This was also the custom of the village at the crossroad.

No matter how stingy a family was, they had to at least prepare peanuts and melon seeds for the children in the village to put in their lunch boxes.

As Gu Hui and Gu Nian were getting older, they did not want to join in the fun. The two of them went to grandma Xiao's place to look for Lu Zheng, who had just returned to the village.

"What's the matter, sister Huihui? niannian?" Lu Zheng did not see Gu Xin and was a little disappointed.

"Yuan, do you want to go for a group fight tomorrow?" Gu Hui was more direct. Like uncle Gu, she did not beat around the bush.

"?" Lu Zheng looked at the two of them in confusion.

"The two brothers Zhang Dahu and Zhang Xiaohu, plus their cousins, there are thirteen people. There are five siblings in the Gu family, plus third aunt's son Guo Rui, a total of six. If you go, there will be seven. We'll fight seven against thirteen." Gu Hui said.

"in our village?" Lu Zheng asked. He agreed immediately when he heard Zhang Dahu and Zhang Xiaohu.

no, on the way from our village to Gaojia village, I just made an appointment with Zhang Dahu. After noon tomorrow, we'll fight on the hill in cottage Valley. The losers will not cause trouble in the future, and the winners can bully them however they want! Gu Hui said.

Chapter 263 I'll protect you

"Zhang Dahu and Zhang Xiaohu are your cousins. If you break them, will you be scolded?" Lu Zheng asked.

Gu Nian raised her eyebrows. Was this fellow really planning to participate?

He didn't know how old he was, so how could he hit a teenager?

Lu Zheng did not know what Gu Nian was thinking. If he knew, he would definitely say, "don't be embarrassed. I'm only a teenager. Let's see who's better.

"What are you afraid of? If he dares to complain, I'll hit him again. Just say if you're going or not!" Gu Hui said.

"Go! Do you want me to wait for you at home tomorrow or go over to find you?" Lu Zheng asked.

"You can just wait at home! We're here to get you. It's about time third aunt brought Guo Rui back." Gu Hui said.

"Alright," he said. Lu Zheng nodded.

In his previous life, he was still in the ancestral house at this age. He had fought with his brothers from the same clan many times. All of them thought that he had been exiled, that no one cared about him, and that he was easy to bully.

He was very experienced in fighting with children of this age.

After they agreed, the two sisters did not stay any longer and went back together.

Lu Zheng packed his things and headed back to the Gu residence.

Yesterday, he had given her a New Year's gift, and today, he was going to send something on behalf of his grandfather.

In the past, his grandfather didn't give them to her because he didn't dare to. However, grandma Gu and his grandmother shared the same enemy.

Now that he was giving it to her, he was also thinking of keeping in touch again.

"Brother Yuanyuan, you're back!" From afar, Gu Xin could already see Lu Zheng carrying things and running over happily.

Lu Zheng looked over when he heard the voice. He saw a little girl in a red coat, with two buns on her head, running towards him with a big smile.

The little girl's face was already chubby, and she looked very different from when he saw her three months ago.

The little girl was slowly growing into an adult.

Lu Zheng did not know why, but his heart ached, and tears almost flowed out.

"Brother Yuanyuan, congratulations! Great fortune!" Gu Xin ran in front of Lu Zheng with a bright smile on her face.

"Congratulations on getting rich and all the best! I hope that this year's Xinxin will still be the happy Xinxin!" Lu Zheng laughed.

"Brother Yuanyuan, are you going to my grandma's house?" Gu Xin asked.

"Yes, I'm helping my granduncle to send something over, and at the same time, I'm paying my New Year's greetings to Grandpa and Grandma Gu! I'm also a child, I need a red packet." Lu Zheng nodded and said with a smile.

"I'll go with you! En 'Zi and sisi have been called home by their grandmother. I'll go back with you alone!" Gu Xin said.

"Alright," he said. Lu Zheng couldn't wait.

"Brother Yuanyuan, did Huihui and my sister look for you?" Gu Xin asked again.

yes, he's looking for me. He told me to fight with you guys tomorrow! Lu Zheng laughed.

"Hehe, we're doing this to avoid future trouble! If Zhang Dahu and Zhang Xiaohu are scared, they won't come and disturb us anymore!" Gu Xin explained.

"Yes, I am. No matter who it was, as long as they bullied you, you had to bully them back. If you can't win, go home and tell your Big Sisters. You can tell me too. We'll all help you!" Lu Yang said.

"Brother Yuanyuan, you're the best! You don't know how much I want to have an older brother! en 'Zi is a month younger than me, yet she can't even be my brother. Sigh," Gu Xin said regretfully.

"I'll be your brother and protect you." Lu Zheng said seriously.

"Of course! If you don't protect me, grandma Xiao will hit you. You still have to protect my big sister Huihui, my big sister, and little sister sisi." Gu Xin tilted her head. Under the bright sunlight, her eyes shone brightly, lighting up Lu Zheng's heart.

Chapter 264 Not important

Lu Zheng had been joking when he said that he was a kid and wanted to get a red packet. He didn't expect Grandpa and Grandma Gu to really prepare a red packet for him.

"You're old Xiao's grandson, so you're my grandson! Take it!" There was no room for rejection.

Lu Zheng accepted the red packet, his hands trembling.

He looked at grandma Gu and thought of his own grandmother.

He was someone with a grandmother, but he had not enjoyed her love for a single day.

In the beginning, his grandmother had despised his mother for being a merchant's daughter and had only agreed to his parents' marriage as a last resort.

His mother had married into the Lu family, and his grandmother had made things difficult for his mother in every way possible. Even though he had never seen it with his own eyes, even though he had grown up and his mother had passed away many years ago, he could still hear all kinds of words in the manor about his grandmother not liking his mother.

His grandmother looked down on his mother, and even more so on the two children his mother gave birth to.

If his sister had not been smart and sensible, planning for him early on, who knew what kind of marriage his grandmother and stepmother had arranged for her?

When his sister got married, he was only 11 years old. Not long after, he was criticized by an eminent monk found by his stepmother. He was the nemesis of his grandmother, causing both his and his grandmother's health to be poor. Therefore, his muddled father sent him to the ancestral house for the sake of his mother and son's safety.

He had stayed there for four years, and his grandmother's health had improved. This further confirmed the monk's words that he had been completely abandoned by the Lu family.

Did he hate his grandmother?

In fact, he hated her. If his grandmother had not rubbed his mother and helped Madame Lin, how could his mother have passed away? How could the Lin clan enter the sect?

However, he hated his father even more.

One day, he would make his father kneel in front of his mother's grave and admit his mistake.

He did not do it in his previous life because his father had died long ago. In this life, he would definitely do it.

.....

At night, Gu Nian cooked the base of the hotpot and invited the Yang family, grandma Xiao, and Lu Zheng to eat together.

Lu Zheng was no longer surprised by Gu Nian's endless stream of delicacies. This was not the Gu Nian from his previous life. He was certain that second uncle Gu and aunt Lian were not his Xin 'er's parents.

He didn't bother to guess where they came from. He only needed to know that the three of them were treating Gu Xin sincerely, just as he had requested.

Where did it come from?

How did he replace the original three people?

To him, it was not important.

"What? Father, what did you say? Second brother wants us to sell this?" When Zhang Shi heard uncle Gu's words, she stood up in surprise and interrupted Lu Zheng's thoughts.

"Wife, why are you so excited? Selling things is not as easy as you think. When the time comes, you must follow my footsteps and listen to me. Only then can we make money, understand?" Uncle Gu pulled her to sit down.

"Of course! I've always listened to you!" Zhang Shi was overjoyed, and looked at Gu shouxin and Cai Xiaolian in disbelief. "Second brother, sister-in-law, are you really giving it to us?"

"Aunt, I did this, so I have the final say. You have to promise me one thing before I give it to you. Otherwise, I'll only give it to my uncle!" Gu Nian said.

"Aiyo, niannian, look at you, your aunt has always liked you the most! You're handsome and sweet-tongued, I'll agree to anything you say!" Zhang Shi was observant enough to see through Gu Nian's actions. She smiled widely at Gu Nian.

Chapter 265 gone crazy

Gu Nian felt goosebumps all over.

Auntie, " Gu Xin said, " you've always said that you hate us sisters the most.

Out of habit, Zhang Shi wanted to curse, but her mind was still quite fast. She knew what the current situation was. She laughed and said, "Xinxin remembered wrong. You sisters are my favorite!"

Gu Xin pursed her lips. She didn't believe it!

first aunt, you have to promise me that you won't scold Xinxin, sisi, and sister Huihui in the future. You won't force sister Huihui to marry anyone, and you definitely won't find a husband for her. Also, you can't tell anyone about the base ingredients, okay?" Gu Nian said.

"Fine, fine, fine! I won't scold you, I won't force Huihui, I won't say anything! I'm not stupid, why would I tell others!" Zhang Shi nodded repeatedly.

"Big brother, niannian has said her piece here. I'll also give you a reminder. Once this thing was sold, it would definitely make money. When your relatives from your mother's side ask you for the formula, as long as you give it to them, I don't need to get the boss's consent. I'll write you a divorce letter directly, and you can go back to your mother's side. There's no turning back on this matter, do you understand?" Grandma Gu said seriously.

"I know, I know," Zhang Shi nodded her head repeatedly. As for whether she had heard it or not, no one knew.

"Wife, you have to be more careful! We earn money for our children. If you give the way to earn money to others, our children will not have a good life. By then, my son won't even be able to afford to study." Uncle Gu also said.

"I know, I know. I know. Aiya, second brother, sister-in-law, I really have to thank you! Come, this glass of wine, sister-in-law toasts you!" Zhang Shi rubbed her hands and poured wine for Gu shouxin and Cai Xiaolian.

The couple accepted it and drank it.

In fact, they didn't have much hope for Zhang Shi. In their memory, this person was always attached to her own family, but grandma Gu had suggested that Zhang Shi should join them, so they didn't want to get involved.

Let's use this incident to test the Zhang family. If it works, then the Gu family will develop together in the future. If it doesn't work, only their small family will develop together. When the time comes, they will help their brothers.

The meal was very harmonious.

When Cai Xiaolian told yang xiaohuan about the furniture store, Zhang Shi's eyes were no longer red. She could work with her child's father!

.....

It was the second day of the new year, the day when a married woman returned to her Maiden Home.

Grandpa Gu was happily preparing in the kitchen, waiting for his daughter to come back.

However, this year was different. Not only did his daughter, son-in-law, and grandson come back, but his daughter also came back with her sister-in-law.

The Gu family looked at Guo Wan in surprise.

Your sister-in-law is going back to her mother's house. Why are you following her?

uncle Gu, aunt Gu, brother Gu, sister-in-law, second brother, second sister-in-law, fourth brother, Happy New Year! Guo Wan politely greeted everyone.

The Gu family was shocked!

Has this Guo family's daughter gone crazy?

Third brother had been married for so many years, and this daughter had always looked down on him when she came over every year to kill pigs. Why was she like this today?

"I say, sister Guo Wan, what's wrong with you? Did you dream of your father during the new year? Did I send you to my house to be more polite?" Uncle Gu had always said whatever came to his mind, so he could not help but ask.

Guo Wan,"Zhenzhen, big brother Gu, I was insensible in the past." It's the new year and I'm a year older. I'm an adult now and I should be more sensible."

Then, without waiting for uncle Gu to reply, she looked around and said, " "Eh, where are Huihui and the others? As their elder, I've prepared red packets for them!"

Chapter 266 a showdown

"Xiao Wan, you're a child yourself, you don't have to be polite." Grandma Gu didn't know what the girl was thinking, or if she had really lost her mind.

Grandma Gu felt a headache coming on when she saw Guo Wan's outfit.

Guo Wan was a little fat. She used to wear white clothes to create a fairy-like feeling.

However, after being scolded by Lu Zheng for being a large steamed bun, Guo Wan had changed her dress and was now wearing more gaudy clothes.

She was wearing a bright red jacket, a golden collar around her neck, a bright purple skirt, and yellow shoes.

On her head was a big red flower of the same style as the Qin family.

Her face wasn't as heavily powdered as it used to be, but it looked too real without any makeup at all, revealing all the flaws of her face.

There were small freckles under her eyes, and some pimples had grown at the corner of her mouth, either from heat or from cowardice.

The way she was dressed, coupled with her pretentious attitude, really made grandma Gu speechless. It was the new year!

Auntie, my mother said that our families are in-laws. Sister-in-law's nephews and nieces are all my nephews and nieces. I will treat them the same way I treat Rui 'er. Guo Wan's face was full of disapproval, and then she looked at Guo Rui. Rui 'er, go and call your cousins over. I'm looking for them.

"Oh." Guo Rui quickly went to call for help.

Only God knew how much he didn't want to be with his younger aunt. Although his younger aunt didn't put on makeup on her face like before, when she applied it on herself, she smelled of Rouge all over her body. When mixed together, it also had a strange smell. He had been holding it in for a long time.

Guo Rui was six years old this year. He looked like a small adult, not very talkative and quiet.

It was the first time that the Gu family had seen this kid run so fast!

"Third sister, what's wrong with Rui 'er?" Uncle Gu asked curiously.

"Maybe I've been sitting in the car for too long and want to move my muscles and bones!" Third aunt Gu said helplessly.

He understood his own son.

Her son had asked her about the strange smell on her aunt and what it was.

She remembered that she didn't explain to her son, nor did she tell him the answer.

In any case, her son was certain that there was a strange smell on her.

Body odor!

Today, she had put on makeup to cover up the smell, but it made it even weirder.

After a while, Gu Hui and the rest arrived.

Guo Wan acted like a gentle elder and gave everyone a red packet. The red packet was quite big and contained two wens.

It was time for dinner after the red packets were sent.

The little ones ate quickly, so they asked Guo Rui to eat faster as well, so that they could take him out to play later.

The adults really thought that they were going to play.

"Cousin brother, cousin sister, where are we going? Are we leaving the village?" Guo Rui asked when they arrived at Lu Yang's house at the village entrance.

"Yes, I'll take you to fight. Are you afraid?" Gu en asked.

"What?" Guo Rui was stunned.

"Fight! Last year, when you came back from the pig slaughter, Zhang Xiaohu snatched your dessert and pushed you to the ground. Do you remember?" Gu en asked.

Guo Rui nodded.

"I'm going to beat him up! He bullied Xinxin and was beaten up by us. Go and complain to his uncle's cousin. Our Gu family's children will beat their Gao family's children to see who's better. Guo Rui, remember to hide behind us and beat them up when the time comes." Gu en said.

"Ruirui is too small, let's not bring him along!" Gu Xin said as she looked at her silly little cousin.

Chapter 267 What are you standing there for?

"Don't worry, he's smart! We have to be of one mind, we have to do bad things together! When others see that the children of the Gu family are so United, they won't rush to bully us in the future." Gu Hui said.

Third aunt's son is young and cunning!

He would not let himself suffer a loss.

"Ruirui, you follow me later. I'll take care of you!" Gu Xin patted Guo Rui's head.

She had grown a lot taller in the past few months, taller than Guo Rui, and she was in a good mood!

She was five years older than Guo Rui. In the end, she saw her nephew grow from a baby to her height with her own eyes, and she felt very stifled.

Now, she had finally grown taller and looked like an older sister.

"Eh, brother ah Yuan is coming with us?" Guo Rui asked when he saw Lu Zheng.

"Yeah, is there a problem?" Gu en asked.

Guo Rui shook his head.

That's right, it's better that brother ah Yuan isn't at home. Otherwise, his aunt will definitely come to find him.

Sigh, he didn't know what his aunt was thinking. Brother ah Yuan obviously didn't like her, but he still chased after her. How embarrassing!

Lu Zheng glanced at Guo Rui and felt that there was some sympathy in the little one's eyes. He was puzzled. What did he have that could make the little one sympathize with him?

The group walked for about 15 minutes and arrived at the small hill of Cao Tang Gou, where they had agreed to meet.

Just then, Zhang Dahu, Zhang Xiaohu, and their cousins, a total of 12 young men, had also arrived.

Zhang Dahu raised his chin and looked at Lu Zheng. "Zhou, this is a matter between us brothers and the Gu family. Why are you trying to interfere? Don't think you're so great just because you beat big cat!"

"Yup, he's really amazing," Lu Zheng laughed. Why, are you afraid of me?"

Gu Nian tilted his head and looked at Lu Zheng. Wow, he's adapting pretty quickly. The heir of the high Duke's public house was in trouble, yet he could change his attitude so quickly and treat himself as a country boy?

"You were the one who beat up big cat before the new year?" Beside Zhang Dahu, a young man who was as strong as him stood up and sized up Lu Zheng. He was Zhang Dahu's older cousin, Gao Dazhuang.

Lu Zheng crossed his arms and took a step forward with his long legs. He tilted his head slightly and looked at the twelve people in front of him. He smiled in disdain.

His frivolous appearance was enough to make him look like a popinjay in the city. If he was a little uglier, he would not be a popinjay, but a loafer.

"It's nothing! Looking at how skinny you are, did you pick up a big cat that was beaten up by others and bring it back for yourself?" Gao Dazhuang laughed.

"It's nothing, you can try! Come over here and I'll send you to that tree with my fist. Do you believe me?" Lu Yang said.

"Heh, I don't believe it." Gao Dazhuang walked over.

"Big brother, rise! Let's give this arrogant brat some face, I hate pretty and girly brat the most!" Another young man beside Zhang Dahu shouted. He was the second son of the GAO family, second strong.

"Little brat, send me up the tree! Your Grandpa is waiting!" Gao Dazhuang walked up to Lu Zheng and said arrogantly.

"My good grandson, don't worry. Grandpa will send you there now!" Lu Zheng slowly put down his hands and rotated his wrists. He smiled as he finished speaking and threw a punch.

Gao Dazhuang, who was already on guard, was still sent flying by the punch.

Lu Zheng did not give him a chance to resist. He strode forward and gave Gao Dazhuang another punch. After a few punches, Gao Dazhuang was sent flying under the tree.

Both sides were stunned.

Lu Zheng turned around. sister Huihui, niannian, what are you waiting for? go!

Chapter 268-so familiar

After saying that, he started to look for his next target, Gao erzhuang and Zhang Dahu.

Only these three people looked slightly stronger. After he finished them off, the Gu family's children could handle the rest.

As he had expected, after he easily sent Zhang Xiaohu to a fixed tree and turned back, Zhang Xiaohu was already being pressed down by Guo Rui to throw small stones. He put the small stones into Zhang Xiaohu's clothes one by one, and then pushed Zhang Xiaohu to roll on the ground, making Zhang Xiaohu cry out in pain.

Of course, Zhang Xiaohu was tied up and beaten by Guo Rui after being subdued.

As for the other brothers from the GAO family, Gu Hui was up against two, Gu Nian was up against three, and Gu en, Gu si, and Gu Xin were up against one. It was a perfect match!

Lu Zheng unhurriedly untied the rope from his body and tied up da Hu, Da Zhuang, and ER Zhuang.

A series of screams rang out on the small hill of the grass Valley. Unfortunately, it was the new year and the festival, so there was not a single person passing by.

"Aiya! I've settled this!" After Gu Xin tied up her target, she went to help Gu si!

In a short while, the two sisters finished off Gu SI's target.

Gu en's side was still locked in a fight, so the two sisters went to help Gu en.

Lu Zheng had suggested tying up one after the other.

There will be more fun later.

Very quickly, the Gu siblings had beaten the other party to the ground, tied them up and dragged them under a big tree.

"Xinxin, rope!" Lu Zheng stretched out his hand and Gu Xin handed him the rope.

Lu Zheng took the rope and quickly climbed up the tree.

sister Huihui, niannian, drag the people over and tie their feet with ropes! Lu Zheng tied the rope in his hand to the tree trunk and let the rope down.

Gu Hui and Gu Nian tied the man's legs together.

"Xinxin, sisi, you guys go over there!" Lu Zheng commanded from the tree.

Twelve people, twelve ropes. After they were tied, there were people hanging upside down on the trunk of the tree that was at least a hundred years old.

The sounds of pleading and angry curses were endless.

Lu Zheng jumped down from the tree with ease and dusted off the debris on his hands. "Done. Alright, you guys take revenge. I'll bring some things over and we'll roast them! I've even brought the condiments. Niannian, do you know how to roast it?"

"Yingluo, go ahead and call him!" Gu Nian said.

The male lead is so familiar!

"Brother Yuan, do you need our help?" Gu Xin asked.

"No need," Although he really wanted to, Lu Zheng still rejected her.

"Brother Yuan, be careful! We'll be waiting for you here!" Gu Xin added.

"Alright!" Lu Zheng ran off happily.

The siblings of the Gu family looked at the twelve people hanging upside down.

"Cousin, please let us go! We're wrong, we won't bully Gu Xin and Gu Si anymore!" Zhang Xiaohu was the first one who couldn't hold it in. He had been rubbed by Guo Rui's small stone in his clothes, so there must have been marks on his body. He was hanging upside down and did not fall out, so he was very disgusted in his clothes.

"Oh, how many times have you said that before? And the result? Who would believe you!" Gu Hui rolled her eyes at him.

"Hmph! Gu Hui, you're all shameless. Call someone who can fight a Tiger here. He'll fight all of us alone! You're clearly cheating!" Gao Dazhuang said.

"Didn't you say he couldn't? Besides, this is a matter between us siblings and the Zhang brothers. If you can interfere, why can't a 'Yuan'? Is it because he's not as ugly as you guys?" Gu Hui said without any trace of politeness.

"You! Alright, I knew it, Gu Hui. You're looking for a pretty boy behind my back!" Burly Gao's entire face turned red, either from anger or from the reverse flow of qi and blood.

Chapter 269 I'll fulfill your wish

Gu Nian looked at burly Gao before turning to look at Gu Hui. 'Huh, there's gossip!'

Gu Hui felt her gaze on her and knew what she was thinking. She said in a bad mood, "The marriage that my mother and aunt discussed last year has nothing to do with me!"

Gu Nian took a closer look at burly Gao and concluded, "Yes, he does not fit the ideal type you described!"

"Sisi, let's go and weave the rattan!" Gu Xin said when she saw the vines in the bushes.

"Why are you weaving rattan?" Gu Hui and Gu Nian looked over.

"Beat them up! If you don't listen, I'll beat you until you listen! Brother Yuanyuan said that we'll go back before dark, so we still have a lot of time! When we're tired, brother Yuanyuan will come back with prey, and we'll have the strength to whip again!" Gu Xin said.

"Hello, ran ran," Gu Hui& said.

So the two sisters took Guo Rui to find vines to make whips.

Gu en walked in front of Zhang Dahu and pushed him. "Big cousin, when I was young, you put me on a tree and didn't carry me down. Were you very happy?"

"En 'Zi, there's no such thing. You've remembered wrongly. It's not me, it's Xiaohu!" Zhang Dahu was a little dizzy from the shaking.

"Oh, then I'll go and shake him up!" Gu en pushed Zhang Xiaohu again.

"Wuwuwuwu, Gu en, you idiot. When you were young, I was also young. How could I have the strength to carry you up the tree? Aiyo, mother, I'm dizzy!" Zhang Xiaohu cried.

"He deserves it! Who asked you two brothers to bully us!" Gu en gave her a big push.

"Argh! Ah!" Zhang Xiaohu's scream startled the birds in the forest.

"Gu Nian, right? I didn't know that there was such a beautiful girl in the village. Brother is telling you, you'd better put me down obediently. Otherwise, the next time you're alone, I'll take you back to be my wife! You won't be able to bear the consequences!" Gao Dazhuang was the calmest among them. He looked at Gu Nian and said in a sinister tone.

He was the first to be hit by Lu Zheng, and it was also one of the lighter ones. He was still in good spirits!

"Ha! Tsk, tsk, tsk. Sister Huihui, this is another person who has insulted me. Sister Huihui, I'll teach you a new way to practice your fist. Hit the sandbag! Just watch!" Amused, Gu niannian turned her wrist and ran over to Gao Dazhuang to give him a good beating.

In her eyes, Gao Dazhuang wasn't a human. He was just a sandbag that she used to hit when she was boxing.

One punch after another.

However, Gao Dazhuang was still strong-willed and dared to hug Gu Nian when he landed after being hit.

Gu Nian was so angry that she immediately raised her leg and kicked at the indescribable place.

awoo! Gao Dazhuang screamed.

"F * ck you, not only did you insult me verbally, you even touched me, right? Xinxin, are you done with the whip?" Gu Nian said angrily.

"Coming, coming!" Gu Xin jogged over. A whip that was almost as tall as Gu Nian had been woven.

Gu Nian took the whip and tugged at it. Hmm, it was quite strong. She then cracked the whip on the ground, causing a cloud of dust to fly.

She lashed Gao Dazhuang with her whip.

“Spicy enough! I like it! Keep fighting!” Gao Dazhuang looked at Gu Nian with reddened eyes.

“Heh, I’ll grant you your wish!” Gu Nian was triggered by Gao Dazhuang’s gaze and began to whip him.

hahahaha, Gu Nian, your waist is not bad. It’s slim, and I’ve got it! The more Gao Dazhuang hit him, the crazier he became. He began to speak vulgarities.

Chapter 270 Sister, let me do it

Gu Nian immediately whipped Gao Dazhuang’s face.

The eleven people beside him were so scared that they trembled and didn’t dare to speak.

They did not expect that an ordinary fight would become like this.

Gao Dazhuang’s gaze on Gu Nian became even more passionate.

Gu Nian felt as if she was beating up a lunatic and a masochist. It was too scary.

“Sister, let me do it!” At this moment, Gu Xin and the other two walked over. Gu Xin pulled Gu Nian back.

“Xinxin, there’s something wrong with this person.” Gu Nian said.

“I have medicine that can cure you,” Gu Xin lifted her head and revealed a sly smile.

Then, he took out a small bamboo tube from his lunchbox.

Gu Nian suddenly realized that they had the sharp weapon that grandma Xiao had given them. Even a Tiger would be afraid of them.

Gu Xin poured one out and grabbed the swaying Gao Dazhuang, “you didn’t cry from the beating. Here, take this pill!

Gu Xin was quite strong. She squatted down, lifted her head and pried open Gao Dazhuang’s mouth. She fed him a pill and patted him, causing him to swallow it.

This was the only pill among the four refined weapons given by grandma Xiao. It was called holding the heart in the West. The others were all medicinal powder.

This “Xi Zi holding the heart” would make the person who ate it feel heartache for no reason. Time did not wait, it depended on the individual’s physical fitness.

This ‘Xi Zi clutching the heart’ was completely harmless to the human body. It couldn’t eat people to death, nor could it hurt people to death. It could only make people suffer so much that they wished they were dead.

“You brat, what did you feed me?” Even though he was hanging upside down, Gao Dazhuang couldn’t spit out the pill even if he wanted to.

“Medicine! You’re sick, you’re still so happy after being beaten. My medicine is specially made to treat this illness of yours.” Gu Xin tilted her head and said, “sister, you can hit him. It’ll hurt if you hit him now!

hahaha, I’m not hitting him anymore. He’ll be in pain even if I don’t! Gu Nian laughed.

She was tired of beating him up.

In her opinion, if Gao Dazhuang were to become a spy, they wouldn’t be able to get any information out of him even if they tortured him.

“Wretched girl, what kind of poison did you feed me?” After swallowing the pill, it took effect very quickly. At this moment, Gao Dazhuang was already feeling the pain in his heart.

It was as if a large stone was pounding on his heart.

“You ... You are trying to poison people to death!” Zhang Dahu said in fear.

“What? You want to try it too? In for a penny, in for a pound, I’ll poison you all to death!” Gu Nian looked at Zhang Dahu.

Zhang Dahu shut up and stopped talking.

Gu Hui took the other whip. Since she did not know how to use it yet, she asked Gu Nian to teach her.

The two of them decided to use this strong sophomore as their target.

Strong Gao, the second son of Zhang Dahu’s uncle, had been coveting Gu Hui for a long time. He had begged his aunt, Zhang Dahu’s mother, to come to the Gu family to propose marriage twice, but to no avail.

Once, Gu Hui looked down on him, and now that grandma Gu had seen him, she looked down on him even more.

Grandma Gu’s evaluation of burly Gao was that he was sneaky-eyed, fierce-looking, and had a bad reputation. The boss’s heart must have been covered in lard to want to marry his daughter to such a person.

“Sis, I’ll put some ants on Zhang Xiaohu! He used to catch bugs and bite me.” Gu en said as he saw many ants on the ground.

Gu Nian looked at the ground and saw that it was just an ordinary ant. Therefore, she did not say anything to stop them.

Gu Hui would not say anything.

They had the same target-Zhang Dahu, his brother, and Gao erzhuang. As for Gao Dazhuang, he was suffering from a heart attack that would take him a while to recover. The other Gao Brothers were smart enough to keep quiet, so they managed to escape.
