

Haywire 291

Chapter 291 I'm only good to you

there are more traveling merchants at the Zhou clan town's dock than the county's dock. I'll bring the goods to the dock to sell. Cai Xiaolian said.

"Mother, aren't you going to open a furniture store with aunt Xiao Huan?" Gu Xin asked.

"Just let your aunt Xiao Huan do this. Moreover, mother has to be behind the scenes. This way, we can guard against the Cheng family." Cai Xiaolian explained.

Gu Xin furrowed her brows and wanted to become stronger even more.

"Didn't Zhou Yuan say that he had a batch of seeds at home? We can ask him to pick a portion of each seed for us. With this Jade bead, we can definitely raise them. At that time, niannian would be able to distinguish what each crop was and how it grew. There are many fruits and vegetables seeds. When they all grow up, we'll open a unique restaurant." Cai Xiaolian said with a smile.

"Wow!" Gu Nian could not help but give him a thumbs up.

No matter what kind of seeds they were, they would need a certain period of time to grow in large quantities. For now, she would let drunken River Tavern be proud of the few dishes she had given them!

As for the collaboration with Lu Zheng, there would be no harm without comparison. The man who appeared beside her really set Lu Zheng off.

Moreover, because of grandma Xiao, the second branch of the Gu family was quite close to Lu Zheng. To be honest, if Gu Nian had not read the original book and knew the plot, he would not have thought that there was anything wrong with Lu Zheng.

Of course, cooperation was cooperation. If Lu Zheng was reborn and wanted to get back together with Gu Xin, she would not help him.

The three of them had already reached a consensus on the idea of transmigrating. It all depended on fate.

Perhaps, by the time Gu Xin grew up, Lu Zheng would already be married and Gu Xin would already have someone in her heart.

None of this could be said for sure.

"It's not a bad idea to work with Zhou Yuan!" Gu shouxin nodded after a moment of silence.

He clearly knew what potatoes, sweet potatoes, and corn meant to a dynasty with low grain production.

When Lu Zheng first gave them these three things to plant, what kind of mentality did he have?

Gu shouxin planned to find time to have a good chat.

After a while, the potatoes in the field would be fully grown, and it would be a good opportunity.

“Yes, Hello, brother Yuanyuan! He was much better than Big Brother Cheng, no, Cheng Rui. Brother Yuanyuan used to help us in the gambling den. Although he seemed to be sick at first, he never hurt us or bullied us. He even gave us seeds. He didn’t know that our family had jade beads. Grandpa said that old master Zhou was the person with the most land in our Taoyuan County, but brother Yuanyuan gave us the seeds. So, he’s a good person!” Seeing that everyone agreed, Gu Xin also agreed.

The time travel Trio looked at Gu Xin, forget it, I won’t tell you the truth! His kindness is only for you alone.

After the Cheng family’s matter, the family of four had a few more exchanges, and the family of four had no intention of visiting the manor. They returned the way they came.

.....

The Cheng family.

Cheng huaijin found out that the Gu family had fallen out with them because his older brother had announced that he would take Gu Nian in as his concubine. He had even asked his future sister-in-law to say some strange things to Gu Nian.

Cheng huaijin was so angry that he bit Cheng Rui and ran away.

Cheng Huaiyu, on the other hand, kept crying and making a fuss. No one could stop her until she was tired from crying and fell asleep.

Cheng Rui felt extremely embarrassed and did not look too good. He blamed the Gu family for not knowing what was good for them. He also blamed Yao yunhua for not being able to do her job well. He did not know what she had said to Gu Nian to make her so angry.

Chapter 292 make her want no one but you

In the study, Lord Cheng looked at Cheng Rui sternly. “Didn’t you say that Gu Nian is interested in you?”

Cheng Rui lowered his head and clenched his fists.

He felt that today was the most embarrassing day he had ever experienced.

Seeing him like this, Lord Cheng got angry. “Useless thing, you can’t even handle a farmer’s daughter!” He cursed.

“You’re right, father. However, perhaps the Gu family was greedy. We didn’t realize that they were so greedy because cousin sister had told us the truth. It was this child’s fault for not considering things properly. He thought that this matter was almost certain, but because he didn’t see through his family’s true colors, it became a joke and caused the Cheng family to lose face. Father, please punish me!” Cheng Rui knelt down.

Hearing this, Lord Cheng’s expression became a little better.

This was not all his son’s fault. After all, he did not see that the Gu family was so greedy.

A mere farmer’s daughter, a mere gambler and the daughter of a farmer, did she think that she could be his daughter-in-law just because she had brought out some food?

What a delusion!

“Remember! If you want to get someone, you either don’t do it before you’re confident, or you do it, and you have to have means to make her obedient! For example, the matter of the Gu family’s daughter. If you were asked to take in concubines now, what would you do?” Lord Cheng asked in a gentler tone.

if we do it again, she will definitely fall in love with my son and can’t leave him. If you want to take a concubine again, you shouldn’t have rashly suggested it when she only has some good feelings for you! Cheng Rui paused for a moment, and his eyes darkened. maybe, if I want her, she must be me! It’s your son’s fault for not being considerate.”

Master Cheng calmed down and sighed.”Rui ‘er, you’re still young, and you still have a long way to go. You can’t rush for success in anything! Our Cheng family originally had an engagement with your maternal grandfather’s family. She should have been the DI daughter of the eldest branch, but she married the Shu daughter of the eldest branch. Do you know why?

Because I don’t have a powerful father clan. Although your mother is a concubine’s daughter, I have to consider the face of your maternal family in many matters. Even if your maternal grandfather doesn’t think much of your mother and father.

I’m not good at management. I’ve been an official for more than ten years, but I’m still only an official of one side. I’ve placed all my hopes on you and arranged for you to have a cousin from your uncle’s family. I also hope that your in-laws can help you, but at the same time, I also hope that you can have more help. And among these families, you can’t choose those who are better than your uncle’s family now. You have to choose those with potential.

I’ve talked to Gu shouxin a few times and tested his knowledge. He can at least reach the level of the village examination, and he can’t do without a high scholar. He had been in the market for the past ten years. If his family had money to donate to him, he would definitely be able to run the business better than his father. Not to mention rising to the top, as long as he has money in his hands, his life will definitely be better than father’s!

So, Rui ‘er, I still hope that you can coax Gu Nian well and not use any particular method.”

Cheng Rui was stunned and looked at Lord Cheng in disbelief. He didn’t know that his father had such a high evaluation of Gu shouxin!

Furthermore, he was now being asked to coax Gu Nian?

“If you can’t coax him, you can use the method you mentioned to make him want you!” Lord Cheng’s eyes darkened.

Cheng Rui took a deep breath and clenched his fists even tighter. “Yes!”

“I’ll talk to your mother about the incident at drunken River Restaurant. You must seize his family’s ability to make money! Rui ‘er, those who achieve great things don’t bother about trifles! He should be ruthless! Don’t wait until I’m this old to regret it!” Lord Cheng added.

Chapter 293-stop at the right point

The moment they returned to the village, the four members of the Gu family saw Lu Zheng packing up the carriage.

"Brother Yuanyuan!" Gu Xin greeted her happily.

"Second uncle, aunty Lian, niannian, Xinxin, you're back! How's Zhuang Zi doing?" Lu Zheng put down his work and turned around to greet her.

"Brother Yuanyuan, we didn't go!" Gu Xin jumped off the carriage and ran to Lu Zheng's side.

"Be careful!" Lu Zheng's heart was in his throat when he saw her jump. He could not help but remind her.

"Brother Yuanyuan, I'm telling you, I'm going to be angered to death by the Cheng family! They are bullying our family! They're crying!"

"Xinxin!"

The time travel Trio did not expect Gu Xin to have such a good relationship with Lu Zheng. They almost could not react in time and quickly stopped her.

Gu Xin looked at her family in confusion.

Didn't you just say that brother Yuanyuan was good? Since we're so familiar with each other, you can tell brother Yuanyuan!

Previously, when they were bullied by the Zhang brothers and their cousins, brother Yuanyuan even followed them to take revenge.

In Gu Xin's heart, Lu Zheng was already a member of the Gu family, just like Guo Rui.

"Second uncle, aunt Lian, what's wrong? Do you need any help? I'm happy to help." Lu Zheng walked over and said sincerely.

The time travel Trio looked at Lu Zheng.

To be honest, they found Lu Zheng more pleasing to the eye now. The main reason was that Cheng Rui was too despicable. There would be no harm without comparison.

Putting aside the plot in the book, based on their interactions in the past two months, Lu Zheng was not a good person, but he was not detestable.

At the very least, this person had been happily interacting with them and had not made their family feel uncomfortable in any way.

Thinking about the status that Cheng Rui had mentioned, this heir of the high Duke's public house, even if he was an abandoned son, had a higher status than Cheng Rui.

However, when he thought about what Gu Nian had said, he still felt a little uncomfortable.

"It's nothing, I just don't see eye to eye with Lord Cheng's family in business. We might not be working together in the future." Gu shouxin said.

"Oh, I see!" Lu Zheng smiled. Of course, he knew that there was more to it. However, he did not pursue the matter and said, "actually, it might be a good thing not to work with them! I heard from a distant relative of an official in the capital that master Cheng's Yue family has offended a lot of people these years, and someone is trying to deal with him in secret! Of course, I've only heard of it from the rumors."

Lu Yang pointed out that Minister sun's glory would not last long. When he first saw Cheng Rui, he remembered that in his previous life, Cheng Rui only started to rise after more than ten years after he became a Princess and a County horse.

He believed that with his understanding of Gu shouxin in the past two months, he would definitely understand.

"Yuan, you're really well-informed!" Gu shouxin was stunned and then cupped his hands. thank you! We haven't had lunch yet, so we'll go back first."

"Alright," he said. Lu Zheng smiled.

"Xinxin, let's go!" Gu shouxin shouted.

Gu Xin took a few steps and turned back. She moved her lips and said silently, " Brother Yuanyuan, I'll come and find you later!

Lu Zheng smiled and nodded.

The time travel Trio thought,"seeing that Xinxin and Lu Zheng are getting closer and closer, should we stop her?"

After returning home, they made some simple food and Gu Xin said that she was going to talk to her grandparents.

The time travel Trio was not afraid of her lying. This girl loved to whisper to her grandparents about things. It just so happened that they had something to say too.

Chapter 294 United against outsiders

Niannian, do you remember the surnames of the officials of the six ministries from the contents of the books you read? " Gu shouxin asked after Gu Xin left.

"There's no one with the surname sun anyway. The part that I watched was when Lu Zheng was 18 years old and was remembered by the Emperor when his grandfather presented him with potatoes and other seeds. The country guarding Duke took him back, and the part of the capital started when he was 18. Then he stood in the crown prince's team and had quite a lot of dealings with the six ministries. "My nephew is very lazy. The six ministers Zhao Qiansun, li zhouwu, the assistant Minister Zheng Wang, Feng Chenxi, and Wei Junjun all thought about him.

"Lu Zheng is 16 this year, and he'll be 18 the year after. In other words, the sun family will be destroyed before the year after." Gu shouxin smiled.

Father, how do you know that Madam Cheng's maiden family is an official in the six ministries? " Gu Nian asked curiously.

your father accompanied me to the county after the renovation of the drunken River Restaurant and after it opened for business. When I was working, he would either go to the study to read or chat with the scholars. I guess he found out about it then. Cai Xiaolian laughed.

“Yes, I am. I’ve indeed inquired about it before. Madam Cheng’s maiden family is the Minister of Personnel. The sun family was noble, and their ancestors had entered the court as officials through the imperial examination since the founding Emperor. The whole family is scholars.” Gu shouxin explained, “you said that Lu Zheng was reincarnated. Because of his reincarnation, our transmigration, and many things have changed. However, we are not in the capital, so these major events will not change.”

“This kid is really not reckless! He saw that we’ve been working with the Cheng family and didn’t remind us. After we fall out, you’ll give us some peace of mind.” Cai Xiaolian raised her eyebrows and smiled.

“I can’t deny that he’s a smart person. I just don’t know how he changed. I remember that he was certain that we would do something bad to Xinxin. It was as if he was suddenly sure that we wouldn’t do anything bad to Xinxin and became closer to us.” Gu shouxin couldn’t understand the key point.

“Maybe he didn’t come back to his senses at the beginning of his rebirth! He’s completely sobered up after being beaten by us!” Gu Nian said.

He could only think this way. Otherwise, he really couldn’t understand.

Especially after Gu Xin confessed to them about Yu Zhu Zi today, perhaps as the male protagonist, he had other functions besides being reborn?

“Forget it, let’s not talk about him! His father, can we do something to speed up the destruction of the Cheng family? He didn’t want them to be implicated by the sun family and court their own deaths! I have a bad feeling about this. I’m worried that they’ll do something to niannian.” Cai Xiaolian said.

“Alright, leave it to me! You guys just focus on your work.” Gu shouxin nodded.

.....

“The Cheng family really said that?” In the old mansion, Grandpa Gu was furious after hearing Gu Xin’s words. He was always kind and kind, but now his expression changed. He was angry.

“Yes, I am. Grandpa, they are bad. I want to ask brother Yuanyuan, sister Huihui, and sister sisi to go and beat up that Cheng Rui!” Gu Xin said with a frown.

“Alright, let’s beat him up! He wanted to let him know that even in his father’s territory, there were still people who dared to touch him! You brat, you don’t know the immensity of heaven and earth!” Grandpa Gu changed his attitude and agreed. With Lu Zheng around, he was not worried about the safety of the children.

“Then Grandpa, you can’t tell my parents and sister! Sister will be angry if she hears what Cheng Rui said.” Gu Xin added.

“Alright, I won’t tell them. Xinxin had grown up and would stand up for her sister. Xinxin, you have to remember that between brothers and sisters, you can do whatever you want to the inside, but you must unite against the outside. Let’s work together so that no one will dare to bully you!” Grandpa Gu touched Gu Xin’s head and said.

Chapter 295 He is a child with a plan

Grandpa Gu didn't want to tell his granddaughters that a gentleman uses his mouth and not his fists.

He only had one daughter and didn't teach her this. How could he count on his granddaughter?

This Cheng clan was indeed infuriating. He was so angry that he wanted to take action. If it wasn't for his own lack of strength, he would have personally gone into battle.

His niannian was such an obedient child, why did he let her suffer such contempt?

He really wanted to take out the jewelry he had buried and pawn it. He wanted to hire eight to ten assassins to exterminate his family and kill everyone who had heard those words today.

It would take at least eight to ten top-notch assassins to annihilate the entire family of zhixian.

He calmed down and thought about it. Forget it, he couldn't take out those things for the time being. He'd leave them for the children after they were a hundred years old!

With second brother here, he believed that he would definitely be able to avenge niannian.

Gu Xin looked at her grandfather in confusion. She felt that her grandfather's expression was a little different. She had never felt so scared before.

However, he had turned back into his old grandfather in an instant.

"Go, ask your sister Huihui and the others to look for your brother Yuanyuan!" Grandpa Gu patted Gu Xin's head.

"Mm! Grandpa, remember not to tell father, mother, and sister!" Gu Xin nodded her head obediently and instructed.

She only ran away after seeing Grandpa Gu nod.

Gu Hui and Gu Si had just returned from washing their clothes by the river, so Gu Xin told them.

The Three Sisters went back to hang the clothes and went to find Lu Zheng.

He did not know where Gu En had run off to, so he could not be included in today's operation.

.....

Lu Zheng was also a little surprised when he heard the whole story from Gu Xin.

Cheng Rui actually had such thoughts?

If Xue Er hadn't married a wife long ago, he might have married Gu Nian. Cheng Rui was only the son of a County Magistrate, yet he dared to say that he wanted to take Gu Nian as his concubine?

It was laughable!

When he first saw Cheng Rui, he thought that Cheng Rui liked Gu Nian. At most, he would abandon his wife and marry the princess. He did not expect that he would want to take a concubine before he even got married.

Xinxin, did you bring my Grandma's Gift? " Lu Zheng asked.

"I'm wearing it! I'm planning to feed it all to him later!" Gu Xin pursed her lips.

"Then let's go! It's just the four of us, so you guys have to listen to my orders!" Lu Zheng nodded.

Then, he told grandma Xiao and grandma Gu that he was going to take the Three Sisters to the carriage, and he drove the carriage himself.

"Old Gu, what kind of wife do you think Yuanyuan will marry in the future? Do you like my Yuanyuan?" Grandma Xiao asked as she looked at grandma Gu.

Grandma Gu happened to be having fun here today, and she was very angry when she heard what they said.

"Old Xiao, don't think I don't know what you're up to. I'll tell you this, Yuanyuan is a good child, but I don't want my granddaughter to go to his family's complicated environment. So, don't say such things in the future. Otherwise, our decades of friendship will be over!" Grandma Gu said without hesitation.

"Aiya, I was just asking! Sigh, my poor Yuanyuan! In the past, when Xue 'er wasn't married, she could still take care of him. When Xue' er got married, he was only ten years old. I don't know how much he has suffered all these years. Al!" Grandma Xiao sighed with regret.

"Old Xiao, don't sigh. This child is a man of great plans. He knew what he was doing. He didn't seem like the kind of person who wouldn't fight back when he was bullied. Just you wait, wait for him to avenge Jia!" Grandma Gu said.

Chapter 296 the style is a little similar

Lu Zheng drove the horse carriage, which was much faster than the ox-cart, and they arrived at Taoyuan County in less than an hour.

He drove the car and brought Gu Hui and the others to an alley. It was grandma Xiao's previous house.

He knocked on the door. There were still people guarding the room.

sister Huihui, wait for me here with Xinxin and sisi. I'll bring them over in a while! Lu Yang said.

"Brother Yuanyuan, be careful!" Gu Xin warned.

"alright!" Lu Zheng nodded in satisfaction.

Then, he changed into a manservant's clothes and went out to drive to the county office.

the carriage stopped in the alley next to the yamen. he jumped into the backyard of the yamen alone.

She went to Cheng Rui's room, but he was not in the yard.

Lu Zheng looked around and saw Cheng Rui and a girl in a rockery.

Lu Zheng approached quietly and leaned against a hidden corner, looking for an opportunity to strike.

"Cousin, this isn't good!" Yao yunhua said with a frown.

"Just do as I say. put this in the water she drinks. Cousin, do you want me to coax her? I don't like her, I only value her ability to make money. If he loses his innocence, wouldn't he still be at your mercy after entering the door?" Cheng Rui advised.

"Gu Nian doesn't seem like an easy person to manipulate!" Yao yunhua was still a little unwilling.

As a fellow lady, she knew what this meant. In the end, she still couldn't bear to do it.

"after losing her virginity, she'll be easy to manipulate. Wasn't uncle's concubine Yue also a chaste woman? after losing her virginity, isn't she still with yifu and under yimu's discipline?" Cheng Rui smiled contemptuously.

Yao yunhua finally agreed.

If she didn't marry Cheng Rui, her parents might take her away as a second wife. now that she was in the same boat as cheng rui, she also wanted to learn from gu nian's craftsmanship.

Just as the two of them agreed to leave, Lu Zheng knocked them out with a stone, then carried Cheng Rui and ran away.

Yao yunhua's maidservant realized it later and shouted, " someone! at that time, Lu Zheng had already climbed over the courtyard wall and ran into the carriage, carrying the person on his shoulder. He quickly drove the carriage back to grandma Xiao's courtyard.

"Rope and sack!" After Lu Zheng carried the man into the house, he asked the Gu sisters to bring some things over.

Gu Xin and Gu si quickly tied up the unconscious Cheng Rui and Gu Hui put a sack over him.

Lu Zheng carried the sack and threw the person into the woodshed.

"Hit her as hard as you can, but don't make a sound. Don't let her know who you are! I have something to discuss with Huihui." Lu Zheng instructed the two younger ones and asked Gu Hui to go out.

The two of them walked to a place where the two children could not hear them. Lu Zheng told Gu Hui about Cheng Rui's plan.

"Bastard!" Gu Hui cursed.

After scolding her, Gu Hui turned around and went to the woodshed. The two sisters were kicking Cheng Rui like sandbags.

"Move!" He shouted. Gu Hui stepped forward.

The two sisters took a step back.

Gu Hui aimed at the position and jumped on it.

"Awoo ~"

Cheng Rui, who had already woken up, felt like he was going to die from this kick.

Then, Gu Hui stomped on it a few more times, muttering, " " you harmed my gu sisters. i'll destroy this harmful thing for you! "

Lu Zheng felt a chill down there!

big cousin sister was such a fierce woman!

For some reason, he felt that this big cousin of his was a little similar to a certain someone he knew.

Gu Xin and Gu si were both stunned. That, that was the place they knew. It was the place where Ninja peed. They had seen it before.

Chapter 297 Acting up at the same time

It was getting dark. Lu Zheng changed back into his own clothes and drove the carriage to the county government office.

At this moment, the county Yamen was in a mess because Cheng Rui was nowhere to be found. Yao yunhua's maidservant said that she saw a servant carrying Cheng Rui and running away.

After Lord Cheng and Madam Cheng asked, the manservant at home could clearly explain when and where he had gone today.

No one had the time to carry Cheng Rui away.

More importantly, the servants in the family did not have the ability to carry Cheng Rui and not leave through the door.

Mrs. Cheng was so scared that she almost fainted. What trouble did her son cause outside? did he meet some kind of enemy?

Lord Cheng was even angrier. This was Taoyuan County, and he was the county Magistrate here. How could he go to the county office and kidnap his son without anyone knowing?

"Sir, Madam, bad news! The eldest young master was thrown at the entrance of the county office!" The sky turned dark, and a Yamen runner's report came from outside.

A few bailiffs followed behind and brought him in.

At this moment, Cheng Rui was only left with a pair of underpants.

His face was pale, his body was blue and purple, and there were bloodstains on his pants. He looked very terrifying.

"rui 'er!" Madam Cheng fell to the ground in fear.

"Hurry up and get the doctor!" Lord Cheng roared.

Cheng Rui moved. His hands kept scratching his body, as if something was crawling on it. It was very itchy.

"pfft!" A pungent smell came.

"Pfft! Pfft! Pfft!" Soon, everyone saw that Cheng Rui's pants had another color besides the blood.

"It hurts!" suddenly, cheng rui sat up and clutched his chest.

"Argh! where was this place? My eyes! my eyes can't see! my heart, my heart hurts so much!???,?!"

"Pfft! Pfft! Pfft!"

All the powder had taken effect on Cheng Rui's body, making him wish he was dead.

He didn't feel anything after being stepped on by Gu Hui.

The people present had never seen such a phenomenon before, and they were all stunned for a moment.

As the plopping sounds continued, more and more things flowed out of the ground, and the house became stinky.

Rui 'er, sob, sob. this time, Madam Cheng directly fainted.

Lord Cheng asked someone to help Madam Cheng back to her room, and then asked a few servant boys to carry Cheng Rui to his room.

It was easy to deal with Madam Cheng when she fainted, but Cheng Rui was awake. He kept making "pfft, pfft, pfft" sounds, leaving a strong trace and smell in the hall and his room. Even though it was already dark, there were many lanterns in the county government office, and the traces on the ground could be seen.

"quickly get someone to clean it up! Where is the doctor? Is the doctor here yet?" Lord Cheng wanted to faint, but he couldn't. If he fainted, who would take charge of the overall situation?

On the wall of the county government office, two small heads were resting there. They looked at each other and smiled.

"Brother Yuanyuan, I'm done!"

"Sister, it's done!"

Gu Xin and Gu si lowered their heads and whispered.

Gu Xin wanted to see Cheng Rui's fate and Lu Zheng was naturally willing to satisfy her. However, she couldn't bring him to the county office. Hence, they found a wall. They couldn't see the situation inside the house but they could see the outside.

in order to make it easier for him to escape, lu zheng even asked the old woman at grandma xiao's place to find some cloth to make a simple cloak and two pieces of cloth towels to wrap around his head and face, only revealing his eyes.

gu hui actually wanted to see it too, but seeing lu zheng squat down to let gu xin sit on her shoulder, she also quietly squatted down to let gu si sit on her shoulder.

The two little girls were relieved to see Cheng Rui being carried away.

Chapter 298 I'll give you two gifts

look at this. The roof of the car is a little slanted. Hold on to my clothes. Don't fall. Lu Zheng squatted down and instructed.

The walls of the county government office were a little high, so they couldn't see inside even from the top of the carriage.

Gu Xin easily got down from Lu Zheng's neck and stood on her feet. Her movements were very familiar, as if she had done this many times.

As for Gu si, she was a little unfamiliar with it. It was only with Gu Xin's help that she was able to stand up steadily.

"Sister Huihui, there shouldn't be a problem jumping down while carrying sisi, right?" Lu Zheng asked.

"No problem. You be careful too." Gu Hui nodded. The height of the carriage was nothing. In the past, she had jumped down from a tree with Gu si on her back, and it was even higher than the height of the carriage.

The two of them jumped down easily and quickly got into the car.

Lu Zheng left on his horse.

After they left, a bailiff ran over, " "There was obviously someone on the wall just now. Did I see wrong?"

"You've been drinking too much recently! I already said I don't have any! And you said there were heads on the wall. Seriously, it's so late at night, aren't you afraid of scaring people?"

.....

That night, all the doctors in the county had been invited to the county government office. Unfortunately, none of them could explain Cheng Rui's symptoms.

Finally, the old mother of a bailiff, who was said to be a shaman, brought tools to the county office to perform a ritual.

Lu Zheng drove the car out of the city and slowed down.

"Brother Yuanyuan, drink some water." Gu Xin handed a bamboo tube out from the carriage.

"Thank you, Xinxin." Lu Zheng took it and pulled the rope with one hand. He picked up the bamboo tube with the other and drank water.

Oh, it was indeed the water from Xinxin. It was so sweet.

This bamboo tube was taken from grandma Xiao's courtyard in the city. Gu Xin had only thrown one Jade bead into her well today and one into Grandpa Gu's medicine, so now she was putting one bead into each of their bamboo tubes.

Wasn't this sweet?

Gu Hui lifted the curtain of the carriage and said, "Yuan, the county office won't be able to find grandma Xiao's room, right?" I think I just saw a bailiff head towards the wall we were standing on. "

"No, sister Huihui. Before we dropped Cheng Rui off, we went around the city a few times and changed to a different carriage, so we can't find him. Moreover, the Cheng family was worried about Cheng Rui's condition. By the time Cheng Rui's symptoms returned to normal, it would be the next day. I've already arranged for people to handle the rest of the matters." Lu Yang said.

"That's good, as long as it doesn't involve you and grandma Xiao! Thank you so much for today, Yuan. If it weren't for you, we wouldn't have known that Cheng Rui had such dark thoughts." Gu Hui thanked him sincerely.

"Brother Yuanyuan, I'll give you two gifts on your birthday. One to wish you a Happy Birthday and the other to thank you for today, okay?" Gu Xin said.

"Alright!" Lu Zheng would not decline!

"Brother Yuan, you're amazing! To be able to carry such a huge person out from such a high wall." Gu Si said.

"You guys can do it too. You and Xinxin are still young, so it's not too late for you to learn martial arts. Sisi, you can also practice martial arts with Xinxin and the others every morning." Lu Yang said.

Lu Zheng felt that Gu Si was not bad. In his previous life, Gu Xin had said that her grandparents and cousins in the first household were all good to her.

He hoped that the people who would treat Gu Xin well in this life would be by her side. So, he also hoped that Gu Hui and Gu Si would have a happy ending, at least better than their previous lives.

Chapter 299 The end of the Gu family

In his previous life, he had investigated the Gu family and knew that Gu Xin missed her grandparents. He wanted to bring Gu Xin back or bring his grandparents to Gu Xin's side.

In the end, the people he sent to Taoyuan County said that the Gu family moved away four years after Gu Shouxin sold Gu Xin.

In the four years after Gu Shouxin was sold out, Grandpa and Grandma Gu completely disowned their family and even drove Gu Shouxin out of the village.

Cai Xiaolian and Gu Nian were not chased away. However, Grandpa and great-aunt Gu did not acknowledge them anymore. After Cai Xiaolian acknowledged Gu Nian as her family, she left with Gu Nian. After that, she was chased away and relied on Gu Nian to get to Beijing.

It seemed that Gu Hui was not even married when they left.

As for where she went, Lu Zheng had been trying to find out when Gu Xin was still alive in his previous life, but to no avail.

.....

Back in the village, Lu Zheng sent her home.

Looking at Gu Xin's dirty body, Cai Xiaolian prepared hot water for her and asked her to take a bath on her own. Then, she went to the central room.

In the central room, Lu Zheng was sitting there and talking about what happened today.

"This Cheng clan, I really couldn't tell in the past!" Cai Xiaolian laughed in anger.

"Did sister Huihui really destroy it for him?" Gu Nian asked in surprise.

"I stepped on him hard, then jumped on him a few times," Lu Zheng said, nodding.

Since Gu Nian asked, Gu shouxin and Cai Xiaolian didn't say anything, so he answered truthfully. He didn't feel that there was anything wrong with saying this in front of a girl.

"Tsk, tsk, tsk, a few kicks from sister Huihui and grandma Xiao's four killing weapons! It would be enough for Cheng Rui to suffer tonight. Hehe, I'm afraid Lord Cheng and Mrs. Cheng will also be frightened tonight! Zhou Yuan, thank you so much!" Gu Nian gloated before expressing her gratitude sincerely.

"It's no trouble at all." Lu Zheng nodded.

"No matter what, I have to thank you!" Gu Nian chuckled.

Lu Zheng stopped talking.

a 'Yuan, we went to the field to take a look before. The potatoes should be ready to be dug up, and the harvest should be quite good. I wonder what your granduncle plans to do with these potatoes when the time comes? " Gu shouxin, on the other hand, talked to Lu Zheng about farming.

"If the harvest is not small, keep some for yourself and use the rest to make seeds. I will need second uncle and aunt Lian to teach me how to farm." Lu Yang paused and continued, " when we're sure that there's no problem with eating this crop and that the yield per mu is really as you know, we'll plant it in a large area. Then, you'll take it to Shangjing. The credit for finding the seeds is my granduncle's credit, and the credit for planting the seeds is yours, second uncle. Of course, if you don't mind, you can also count me in."

The transmigration trio looked at Lu Zheng in surprise.

They had thought that Lu Zheng wanted to use this to get close to their family and take care of Gu Xin. Who would have thought that he would be willing to give them such a huge credit?

For a moment, the transmigration trio didn't know what to say.

"Second uncle, aunt Lian, niannian, if the seeds I gave you before grow and there are other crops in them, granduncle should also report it." Lu Zheng continued.

you said that old master Zhou has a lot of other seeds, but I don't know how many there are. I've discussed it with your aunt Lian. Now that we're not in the food business, we have a lot of free time. We want to open up the wasteland behind the forest behind this house and try to plant them. It won't delay the crops in the field, and there might even be an unexpected harvest." Gu shouxin said.

Chapter 300 Reached

This was something that the three transmigrators had just discussed. They could not directly use the Gu family's land to plant these crops. Potatoes, sweet potatoes, and corn were already recognized seeds, so there would be no loss in planting them.

However, they might not recognize the other seeds in old master Zhou's place, and they would only be able to do so after they had grown.

It would not be good if they were all flowers and trees.

It was better to open up a separate piece of land and let Lu Zheng take out the seeds. They would try it at home first and use the Jade Pearl water to accelerate the growth. After recognizing it, they would then plant the crops in the opened land. By then, the crops would grow naturally and would not be accelerated.

"Second uncle, do you mean to cooperate with all the seeds?" Lu Zheng asked.

"Yes, I am. Old master Zhou probably didn't manage to get these seeds to grow. I saw that the potatoes in the field behind are growing quite well, so I wanted to give it a try." Gu shouxin said.

"That's fine. I'll go to my granduncle's place in two days to get some of each kind of seed. In the past, my granduncle used to plant all the seeds in the manor. In the end, only a few flowers survived for decorative purposes. Some grew into trees, so it's hard to tell which ones are crops. Therefore, if we manage to grow the crops, we will be able to make a great contribution. My great uncle will not take all the credit for himself!" Lu Zheng said.

"We can talk about the credit later. Let's plant the thing first. When are you going back? I'll go with you then! At the same time, see if the potatoes in the field can be dug up, and also dig a basket for old master Zhou!" Gu shouxin said.

"That's naturally the best. Then let's wait for another two days. Second uncle, aren't you still going to visit the manor? After you've seen the manor, we'll go together!" Lu Zheng nodded and said.

His maternal grandfather had long wanted to come to the village at the three Forks. However, his maternal grandmother was here, so he did not dare to come.

After chatting for a while, Lu Zheng took his leave.

Not long after he left, Gu Xin put on her clothes and wrapped her wet hair with a cloth before she came to the fire.

"You! You didn't tell your parents and sister anything, it's so dangerous to go alone!" Cai Xiaolian said helplessly as she went to get a few dry handkerchiefs and dried Gu Xin's hair.

they're too despicable. I'm afraid that their words will make big sister angry. Gu Xin said guiltily.

When she went out, she thought that her parents and sister would not know.

"Mother, let me help Xinxin wipe it! Today, Xinxin has helped me vent my anger. I want to serve our little baby." Gu Nian replaced Cai Xiaolian.

"Sister, that bad guy was beaten up by sisi and me. After brother Yuanyuan stripped him naked, I took a look and saw that he had bruises all over his body. Brother Yuanyuan said that even if he applied medicine, it would take a few days for them to disappear. Sister, if anyone bullies you in the future, I'll get sister Huihui and sister sisi to help you beat them up!" Gu Xin said.

The time travel Trio did not expect Lu Zheng to strip another man naked in front of Gu Xin.

“Oh right, dad, brother Yuanyuan said that sisi is also very good at martial arts at this age! Dad, let sister sisi come to our house every morning to practice martial arts with us!” Gu Xin added.

“Alright, let Huihui and en ‘Zi come. All the children in the Gu family can practice it. There’s a place for them. Little Lian, take some time to cut some cloth and make a set of martial arts clothes for the nephews and nieces of the first branch.” Gu shouxin naturally agreed, just based on the fact that the two girls, Gu Hui and Gu si, had followed Xinxin to help without hesitation.
