

Haywire 311

Chapter 311 Gu shouxin's past 3

After that, Gu shouxin was immersed in his own sadness. He didn't believe anything that grandma Gu and Grandpa Gu said and thought that his parents were trying to harm him.

He stopped studying and drank all day.

Cai Xiaolian had liked Gu shouxin since she was a child. She took advantage of the situation and accompanied the frustrated Gu shouxin. Once, under Cai Xiaolian's premeditated drunkenness, the two slept for a night, and the villagers found out.

Grandma Gu was very angry. The eldest son married his wife in this way, so did the second son have to do the same?

She asked Gu shouxin, and Gu shouxin said, "mother, if you don't like good-looking women, then I'll marry a good-looking one. I'll sleep with her and marry her.

He had also spread the news that he was going to marry Cai Xiaolian to all the villagers.

Grandma Gu didn't think that Cai Xiaolian was good, but she didn't think that she was bad either. She was diligent and efficient, but she was petty. In that situation, she still held the wedding banquet for someone.

Two years ago, young master Huang had met with an accident. The Huang family, who didn't like Xie jiaonian and her daughter, chased him out of the house. Xie jiaonian then brought her daughter back to Zhou clan town.

Once again, he met Gu shouxin. Gu shouxin was muddleheaded again and got along very well with the mother and daughter.

In the end, grandma Gu found out and went straight to Xie jiaonian, warning her that she could do what she did back then again.

In the end, Xie jiaoniang married another man with her daughter a few days later. She didn't dare to say bad things about grandma Gu in front of Gu shouxin. She was really afraid of grandma Gu, but she still had to say those words to keep Gu shouxin hanging.

Then, he pretended to threaten Gu shouxin to beat him up. However, he had already said so. How could Gu shouxin believe him?

After that, Xie jiaonian and her daughter left Zhou clan town.

Old master Zhou knew that this Xie jiaoniang had brought her daughter to marry someone off as a second wife. That person was already over sixty years old, and Xie jiaoniang had obviously gone for the other party's money.

Unfortunately, at the end of last year, Xie jiaonian's second husband passed away, and she was chased out of the Xie family by her husband's children.

“So, keep your promise! Don’t think about that woman anymore. I think your wife and daughter are both good people. You have to take care of the family!” Old Zhou said everything he knew.

Gu shouxin blushed with shame. The memory he inherited was not like this!

He didn’t think that old Zhou was lying to him. He had inherited the original owner’s subjective memory, so others would see it more objectively.

uncle Zhou, I’m really ashamed. I was insensible in the past and hurt my parents, wife, and daughter’s hearts. Ever since I owed a few hundred taels to the gambling den, I’ve thought it through. I won’t be as disgraceful as I was before! Gu shouxin said.

Old master Zhou nodded. With brother ye and sister Xiao’s family background, they could still take out a few hundred taels. He didn’t ask how Gu shouxin returned it.

“Well, it’s good that you’ve thought it through. I heard from Yuanyuan that you plan to retake the imperial examination. I have a lot of books in my study room that I don’t need. You can bring some back later. Some of them are the only copies and can’t be bought in the market. Just return it to me after you’ve copied it! To make up for the ten years you’ve missed!” Lord Zhou said sincerely.

“Thank you very much, old Zhou!” Gu shouxin didn’t refuse. The current books in the study were no longer enough for him, and he also wanted to read the only copy.

let’s go. Let’s go take a look at the seeds first. You can pick some books after you’re done. Lord Zhou called the two of them to the warehouse.

Gu shouxin only took a small handful of each kind of seed, wrapped them in paper, and marked them.

Chapter 312 A little farming expert

Gu shouxin left the Zhou family after dinner. Lu Zheng did not go back with him. He planned to stay and accompany the fat old man.

Gu Xin couldn’t wait to plant these seeds the moment she got home.

“Father, mother, and sister, let’s plant it tonight. We’ll see what we’ll grow tomorrow morning! I’ve already tidied up the vegetable field next door, fenced it up, and even numbered it.” Gu Xin said excitedly.

“You, you’re really impatient! Let’s first let your mother and sister see if they recognize you.” Gu shouxin smiled helplessly.

“Mother, sister, look!” Gu Xin urged.

“Alright, alright, don’t rush me! You’re a little farming expert!” Gu Nian picked up the seed bag and started reading from the serial number.

tsk, tsk. This one is moldy. This one is smacked. This one looks like it’s grown with worms. This one is dry. Gu nianyi looked down at them one by one. In any case, there were not many that were in good condition. They had all been left there for a long time.

Old master Zhou's fruit and vegetable treasure chest wouldn't be effective if he didn't meet the right person!

There were a total of 132 seeds. Since Gu Nian was not sure which one was still useful, he had to use them one by one.

The main reason was that the effect of the Jade bead was too great. It was no longer within the scope of his knowledge. From a biological point of view, most of these seeds could not germinate at all. However, with the Jade bead, who could say for sure?

Gu Xin had organized a total of twenty-two small pieces of vegetable fields. In other words, she would be able to find out all the varieties in a few days' time.

With seeds No. 1 to No. 22, the family went to the old house to farm.

Each of them carried two oil lamps, so they could see clearly.

"The row outside is No. 1 to No. 11, and this is No. 12 to No. 22! Look, my mark is here on the fence." Gu Xin pointed it out to everyone.

There were two rows in total, with the entire plot of land separated in the middle. Then, it was divided into eleven equal sections, one by one, looking very neat.

Gu Nian seriously suspected that Gu Xin had obsessive-compulsive disorder. As the bars were so evenly distributed, Gu Xin had completely given up on the corners. After all, every piece was square and even the length and height of the bars were the same.

Gu shouxin took No. 1 to No. 10, Cai Xiaolian took No. 12 to No. 17, Gu Nian took No. 18 to No. 20, and Gu Xin took the last two.

He had enough farm tools at home. Last year, he even made a small hoe for Gu Xin. But with Gu Xin's growth rate, she probably wouldn't need it next year.

"Sister, let's plant the strawberries at the end of the first month! The strawberry sauce you made is too delicious. I want to quickly give it to Grandpa and Grandma, and uncle, sister Huihui, and sister sisi." After they were done, Gu Xin wiped her sweat and discussed with Gu Nian.

"Sure! Let's take it out and plant it. We'll give it to Grandpa and Grandma at the beginning of March. It's fine to say that we planted it in winter." Gu Nian said.

"Yes, yes. I originally planted it in winter." Gu Xin nodded her head.

we've finally finished eating the watermelons. When are we planting them? " Cai Xiaolian asked.

"We'll plant them after we've taken care of the manor, and we can sell them in may. When the time comes, I'll collect more seeds for old Zhou and let him plant them in the manor next year. Mother, when you are selling the sets, find a traveler further away and we can sell them from the other route of the manor. The Zhou family will not have any suspicions." Gu Nian said.

Chapter 313 Collecting all over the world

“Father, mother, Xinxin, what do you think of vegetable seeds? Should he plant them in large quantities this year, or should he plant them for his own consumption? After we harvest the seeds, we’ll plant them in large quantities next year, and then open a restaurant at the end of next year?” Gu Nian asked.

“We’ll discuss it after this batch of seeds grow out. I don’t know how many fruits and vegetables there are in there. Zhou Yuan said that his grandfather had planted many flowers. I’m worried that they’re all flower seeds.” Gu shouxin laughed.

The three of them felt that it was fine.

They went back to their new house, washed up, and went to bed.

.....

The next morning, Gu Xin was already distracted during her morning exercise. The three siblings from the first household were also around, so it was not appropriate for her to go over and check on them.

After their morning exercise, the sky was already bright. When the three siblings returned home, Gu Xin did not even bother to wash up and went straight to the old house.

When she walked to the door of the Old and New house, Gu Xin was stunned the moment she opened it.

The main thing was that the old house and vegetable field were a little strange!

It was a colorful vegetable field with high and low walls.

“You’re silly!” Gu Nian poked Gu Xin’s head and laughed.

“Yes, sister, there are so many flowers! I don’t know if it’s fragrant, but I’m going to ask. If it’s fragrant, we’ll have a few more wash sets with different fragrances. I can even make the kind of perfume that you said would smell good with just a little bit of it. ” After Gu Xin finished speaking, she ran to the vegetable field.

The flowers weren’t next to each other, but were separated. Gu Xin was like a bee, running from the second plot to the 12th, then to the 14th, 15th, 19th, and 22nd, a total of six flowers.

Gu Nian stepped forward to identify them one by one. However, she did not identify all of them. Instead, she started from number one.

Just as they had guessed, there were vegetables, fruits, and flowers.

The effects of the Jade Pearl were also very powerful. The seed that Gu Nian thought would not grow had no life force at all grew under the influence of the Jade Pearl.

The flowers were in full bloom, the fruits were ripe, and the vegetables were edible.

Luckily, the land that Gu Xinyi had prepared wasn’t big. Otherwise, it would have been a waste.

There were six types of flowers, eight types of fruits, and eight types of vegetables.

Gu Nian remembered that a few of the vegetables originated from around the Mediterranean Sea. A few of the fruits were tropical. There were also some that originated from South America.

Gu Nian was curious about old master Zhou. Was he collecting seeds all over the world?

Just how many foreigners had old Zhou met in his life?

However, this world was empty, and she could not explain the origin of these seeds with her existing regional knowledge.

"Sister, is that big cherry? It's so big. I thought it looked like a cherry last night, but I didn't dare to recognize it." Gu Xin stood under the cherry tree and pointed at the bright red fruit.

"Then let's call him big cherry!" Gu Nian said.

I know that. It's a little sour and bitter. After peeling it, you eat it like you eat an orange. It's found in the mountains. It's not delicious. Gu Xin stood under the pomelo tree.

this one looks bigger than the one in the mountains. It's nice. Why don't we try it? " Gu Nian immediately recognized the grapefruit.

"Waa! Won't this big one fall down?" Gu Xin looked at mango again.

"This is Tao 'er, right? but why is it yellow? Yellow peach, yellow peach, hehehehehehehehehehe "

"I know about this. There are wild grapes in the mountains. Grandpa said that the small country in the West has this kind of plant. It's bigger than wild grapes and sweeter."

Chapter 314 She's the Emperor

Other than what Gu Xin had mentioned, there were also honeydew, pineapple, and papaya.

The vegetables included asparagus, Autumn Sunflower, broccoli, onion, lettuce, carrots, and celery.

Only the heavens knew how happy Cai Xiaolian was when she saw these fruits and vegetables.

They were all her favorite food!

In the past, when he was busy, eating a fruit or a fruit plate was a meal.

As for the flowers, some of them already existed in the great Zhou Dynasty, but they had grown even better after being stimulated by the Jade beads.

There were clusters of stars in the sky, the carnations were in full bloom, and the pansy was also quite pretty. There were Persian chrysanthemums, evening primrose, and hydrangea.

The family of four squatted on the ground in the vegetable field of the old house, eating honeydew and looking at the vegetable field with curved eyes.

Mm, very good, very good.

If someone saw the four of them, they would never doubt that they were not a family. Their expressions and actions looked exactly the same.

There was a phrase called husband and wife look alike. As a couple spent more time together, they really became more and more similar.

The daughter of the two had inherited the good looks of her parents. They might not look alike separately, but when they stood together, no one would doubt that they were sisters.

Moreover, the two sisters looked like Gu shouxin, but also like Cai Xiaolian.

There was a saying that a family shared the same face, and it was precisely used to describe the four people in the second branch.

"We've eaten enough fruits this morning to fill our stomachs," Cai Xiaolian laughed.

"Let's pick some fresh vegetables for lunch and make a delicious meal!" Gu Nian said.

"Sister, with you around, every meal of ours is delicious!" Gu Xin said.

"Yes, Xinxin is right!" Gu shouxin laughed.

This morning, the family of four really had their fill of fruits.

They really wanted to send some over to the old residence, but there were too many types and they didn't know how to explain.

"Father, mother, let's wait until we have enough money and buy a Manor to plant flowers! The bigger one can turn the manor into a sea of flowers!" Gu Xin suggested.

"Good! Then next time, I'll buy a bigger Manor for Xinxin to plant flowers." Gu shouxin laughed.

"Yes, I really want to plant the rest of the seeds and see what else is there! I really want to hurry up. before Gu Xin could finish her sentence, she was interrupted by an urgent knock on the door.

"Dong Dong Dong!"

"Second Gu, open the door!" It was Zhang Li Zheng's voice.

The family of four closed the door, wiped their mouths, and went to open the door.

As soon as the door opened, a middle-aged woman rushed in and slapped Gu Nian across the face.

Gu Nian reacted quickly and took a step back. Even so, her hair was touched.

"Who are you? What are you doing!" Cai Xiaolian directly pulled the woman's hair from behind and pulled her to the ground.

"Sister Cai, don't worry. This is my sister-in-law from my mother's family." The Li Zheng's wife, Madam Xu, quickly pulled Cai Xiaolian away.

"What's wrong with your sister-in-law? How could your sister-in-law rush in and hit someone? She's the king of the heavens?" Cai Xiaolian pushed Madam Xu away and said angrily.

"Li Zheng, what's the situation? It's still early in the morning, and you brought people to my house to beat up my daughter. This doesn't make any sense, does it?" Gu shouxin was also angry. If Cai Xiaolian hadn't pulled the woman away, he would have kicked her away directly.

"Hmph, so you two are the ones who raised this kind of seductress? I'm going to make this Little Vixen pay with her life today!" Mrs. Xu stood up with her hands on her waist and said to Gu shouxin fiercely.

"I don't know what Gu Nian said to my poor nephew, but he's been bedridden ever since he got home! How pitiful ~ what a sin ~" Madam Xu said as she wiped her tears.

Chapter 315 Is this the attitude she should have when asking for help?

As soon as she said this, her sister-in-law, who had recovered some of her rationality, had her eyes reddened again. She pulled out her hairpin and was about to stab Gu Shouxin. My family's culture is gone. I'm going to make your family pay with their lives!

Gu Shouxin caught hold of Madam Xu's sister-in-law. "I don't hit women."

After he finished speaking, he flung his arm towards the door and Madam Xu was thrown out.

"Just shut up! I'm here today to solve the problem." Zhang Lizheng glared at Madam Xu. Seeing that she was still standing there in a daze, he shouted, "hurry up and help sister-in-law up."

Second Gu, please understand. Sister-in-law lost her mind because of Changfeng. Everyone, please don't do anything. Zhang Lizheng said sincerely.

"Who is Chang Feng? What does it have to do with my family? Why should I understand? If my daughter's movements were any slower, she would have been slapped by her." Gu Shouxin said coldly.

"Sigh, second Gu, you should also take care of your daughter more often. Your Gu Nian and my uncle's eldest son, Xu Changfeng, are in love. Before the new year, Changfeng came to my house to visit Gu Nian. I don't know what Gu Nian said to him, but he has been sick ever since he returned. He has a fever and calls Gu Nian's name in a daze. Therefore, Changfeng's mother had come to look for Gu Nian. Second Gu, please understand! Gu Nian and Madam Cai didn't suffer any losses just now." Zhang Lizheng explained.

Gu Nian:

She didn't say anything. Why was she so fragile that she was even feeling hot?

How deep was his love for the host?

"Li Zheng, what do you mean by two people in love? Do you not want my daughter's reputation anymore? Besides, if you're sick, you should look for a doctor. My daughter is not a doctor, what's the use of looking for her?" Cai Xiaolian had heard Gu Nian mention it before, but she did not think that it had anything to do with Gu Nian.

How could there be such a fragile person? What her niannian said wasn't enough to make people kill themselves.

I've found a doctor. The doctor said that Changfeng is troubled by love. We need to find the person who tied the bell to solve the problem. So, I came to ask Gu Nian to help me see Changfeng and say something good to him. Zhang Li Zheng explained patiently.

"Is this the attitude she has when she's asking for help? Heh ~" Cai Xiaolian sneered.

"Li Zheng, with all due respect, my family can't help you with this. A girl's reputation is important. What do you want her to say? Even if I say something nice and he wakes up, he'll fall sick again if I tell him the

truth. If I don't tell him the truth, am I going to let my daughter stay by his side all the time? Isn't this ruining my daughter? Such a weak person is not worthy!" Gu shouxin's attitude was firm.

Cheng Rui was already disgusting enough, and now there was another child from the Yue family.

"Uncle Li Zheng, I didn't say too much to Xu Changfeng that day. I used to know him and admire him, but I heard from your daughter Zhang Yunyun that the Xu family doesn't like me, a peasant girl, so I gave up. That's what I said to Xu Changfeng, but that's all I said. I don't think that will make him sick. I think uncle Li Zheng should ask the Xu family to get a better doctor to take a look. After all, this is a human life!" Gu Nian stood up and said.

She couldn't just run away from the things that the host had done. It was better to make things clear now.

"Miss Gu Nian, I'm begging you! Let's go see my son! He has been in a coma for two days, and his fever has not subsided. He has been calling your name, please go and see her! I'll kneel down in front of you!" Xu Changfeng's mother's attitude softened as she ran over and pulled Gu Nian away.

Chapter 316 Really tired

Gu Nian shook off her hand but did not reply.

If her attitude had been like that just now, she might have really helped him.

However, she had been so aggressive just now. Although she hadn't been hit, the wind from the slap was definitely a slap. Her face would probably be swollen for a few days.

This was a beating to death.

Her attitude had softened now only because her parents were not easy to bully.

"Second Gu, for my sake, just let Gu Nian go! As long as Changfeng is cured, we won't trouble you. My Zhang family will owe you a favor!" Zhang Li Zheng tried to persuade him again.

ha ~"Gu shouxin laughed. He had been reduced to the point where he needed a village chief to give him a favor?

"What if it doesn't? What if he died of illness?" Gu shouxin's mouth was also quite poisonous.

"You're cursing me, Changfeng?" Mrs. Xu, who had just softened her attitude, immediately became fierce again. Without thinking, she said directly, "if you curse me to death, I'll let Gu Nian accompany me to the grave!

"Sister-in-law!" Zhang Lizheng couldn't stop her in time.

"Li Zheng, you've seen it for yourself. So, don't try to persuade me anymore, please!" Gu shouxin didn't want to waste any more time.

Zhang Lizheng was quite reasonable. To be honest, if someone came to his Yunyun's door and forced her like this, he would not agree.

It was sister-in-law's fault for being so impulsive at the start. Later, when she was clear-headed, she was confused by what she said.

It seemed that he could only ask his big brother to come over personally.

Zhang Lizheng sighed, "second Gu, from your point of view, I can understand." However, saving a life is better than building a seven-story Pagoda. Just think of it as doing a good deed!"

Gu shouxin shook his head, didn't speak, and made a gesture of invitation.

"I say, Gu Nian, when you usually visit my Yunyun, don't you care about Changfeng?" Madam Xu asked. The feelings they had for each other in the past were gone all of a sudden? Changfeng is really seriously ill. Please help him for the sake of your relationship in the past! Auntie, I'll be grateful to you for the rest of my life!"

"Zhezi, this is not something I can do." Gu Nian shook her head. Please find another doctor for young master Xu! Even if it's heart medicine, you have to let his fever go down first! I've made it clear that day that I won't have anything to do with Xu Changfeng in this life. We all have our own lives. I don't owe Xu Changfeng anything. I won't do anything for him. Please don't come again."

"You're so cruel! I knew it, I didn't see wrong! You just don't deserve my son! My son has wasted his time and effort to design jewelry and make a gold hairpin for you! You cruel b * tch, I curse you. One day, you will also be treated so cruelly. You will suffer everything that my son has suffered today! I'll give you ten years of my life to curse you!" Xu wenuan's sister-in-law pointed at Gu Nian with a trembling finger.

"You evil woman, I'll kill you!" How could Cai Xiaolian let someone curse her daughter? she ran to the side and picked up a hoe, ready to hit Madam Xu's sister-in-law.

"Don't curse my sister, you guys go!" Gu Xin also picked up her small hoe and helped to chase them away.

Zhang Lizheng quickly pulled Madam Xu and her sister-in-law away.

Gu Nian heaved a sigh of relief as her mood was once again ruined by the host's sad thoughts.

Thinking about the personality of the original owner of the book, she really didn't know how many more cousins she would meet. It was really tiring!

Chapter 317 Grandfather is very loyal

If it wasn't for the trouble of moving in ancient times and her father's imperial examination, she really wanted to persuade everyone to leave. She really didn't want another cousin that the original owner liked to appear from time to time.

She didn't know that the husband of the original owner was about to appear. Otherwise, she would have urged everyone to leave.

Outside, Xu Changfeng's mother's cries were getting further and further away. The family of four looked at each other and did not know what to say for a moment.

Gu shouxin and Cai Xiaolian knew that this was a problem left behind by the original Gu Nian, but Gu Xin didn't.

Gu Xin held onto Gu Nian and asked hesitantly, "Sister, are you really not going to care about that young master Xu?"

Although she had been determined to chase her away with her mother, that was only because she didn't want to see her sister being bullied and scolded.

She remembered clearly that her sister had tried to please Zhang Yunyun, the daughter of uncle Li Zheng, in order to meet young master Xu last year.

"I'm not a doctor, how can I care?" Gu Nian smiled helplessly and patted Gu Xin's shoulder. Xinxin, young master Xu's family doesn't like me. I don't have to be in a hurry to please them. In this world, there was no one who could not live without another. Everyone had their own life, and everyone had their own meaning in life. Love isn't everything to a person. Apart from this, there are still many things we can do in our lives. So, I hope you remember that the most important thing in life is yourself. There's no one who's worth you risking your life for."

Gu Xin nodded her head, "yes. I think family is still very important. I think that my parents and sister are worth it.

Cai Xiaolian patted Gu Xin's head, "Mother's baby, you're right. But mother will also tell you that those who are truly worth it will not let you take that step."

Gu shouxin said, "your mother and sister are right. Alright, let's continue to tidy up the vegetable field!"

This planting didn't affect the family of four for long. They spent the whole morning taking care of the vegetable field, mainly transplanting the flowers into the pots and bringing them to the pond next to the new house. They also put some in Houyang ditch.

After that, he could collect flower seeds when the flowers wilted.

After he was done with the flowers, he picked onions and carrots, two vegetables that could be stored for a long time. He had eight plots of land in total. He then went to plant the numbered seeds and recorded the time. It was already afternoon.

The family of four was famished, so they picked some fresh vegetables, cooked a few sausages, and steamed a pot of rice for lunch.

In the afternoon, the two sisters from the eldest branch came over to do some work.

Seeing the flowers by the pond, Gu Hui and Gu si also asked curiously. They had not seen them before.

Gu Nian explained that she had brought them back from the manor because she thought they looked pretty. There were a few other flowers in the manor that they had never seen before, so they had only brought these few.

Most girls liked flowers that bloomed beautifully, and the Gu sisters were no exception. Gu si also asked for a pot of flowers to keep at home.

Of course, Gu Nian and Gu Xin would not reject a pot of flowers. They even said that they would help them move it back when they returned.

Gu Xin remembered that her grandfather also liked flowers. However, her grandfather was very single-minded and had always liked orchids. There were several types of orchids in the family. She heard from her grandfather that there were many types of orchids in the world. Gu Xin secretly hoped that there would be more orchids in this batch of seeds. If she sent them to her grandfather, he would definitely be very happy.

Chapter 318 Second uncle, you have to work hard

The four sisters had been the ones making the soap and the toiletries all this time, so they were very familiar with the process.

Since they were free in the first month of the year, there was not much work to do at home and in the fields. Cai Xiaolian had also joined them, and Gu shouxin also wanted to help out. Without waiting for the second branch's mother and daughter to say anything, Gu Hui directly drove them away. "Second uncle, you should go and read your books! Don't you see how much Gu Nian has been bullied? Gu Nian is getting prettier and prettier as she grows up. If you don't get a good ranking, how are you going to protect her?"

Gu shouxin:

Huihui was definitely the daughter of her cheap big brother. Just her ability to make people unable to refute her was the same as her cheap big brother.

Gu si said, "second uncle, you have to work hard!" I secretly listened to my father's advice to my mother, asking her not to find a partner for my sister. My father thinks very highly of you. He said that when you're in high school, he'll lick his old face and ask you to find a good man in the military for my sister. Only a man in the military can control my sister. So, second uncle, my sister is depending on you!"

Seeing Gu Hui's shocked expression, Gu shouxin felt comforted. Hey, little brat, the older the ginger, the spicier it gets. Your father can probably choke you to death!

Gu shouxin smiled. okay, then Huihui and sisi will work hard. Second uncle, go and study hard. Strive for high school and find a hot-blooded man for my eldest niece!

Gu Hui glared at her younger sister. Hmph, not all the men in the Army could control her. If she was a son, she would have joined the Army long ago!

In the past, when Gu Hui was 12 or 13 years old, the Yamen had sent a male from each family to the Army. Gu Hui really wanted to go, but she was not her son and no one in her family went. Her grandmother had given her money, so her family did not need to serve in the Army.

"Sisi! Then how did your mother answer your father? Is your mother going to give up on your sister's marriage proposal?" Cai Xiaolian was very curious about this, so she asked when Gu shouxin left the laboratory.

"No, my mother doesn't listen to my father. My father didn't get angry. He just laughed and said, "my mother, my wife, have you forgotten? they can't interfere with the marriage of the sisters. It's Grandpa and Grandma who will do it." My mother held it in and cried for a while." Gu si said.

As expected of uncle Gu's daughter, her tone and expression were so similar.

The people in the room acted as if they had seen uncle Gu say this with their own eyes.

Cai Xiaolian, "hehe."

The child's uncle's brain circuit was something that ordinary people really couldn't keep up with! Her reaction was very fast.

Sometimes, she felt that he was stupid, but he was not stupid. Anyway, in his thirties, he had never suffered a loss except for marrying a wife.

He wasn't stupid, but he said whatever came to his mind. When he was ruthless, he would even joke about his parents. He was often scolded by grandma Gu, "boss, get out!

Cai Xiaolian had even complained to Gu Nian that her uncle's name was not Xiaoming. However, his skin was as good as Xiaoming's.

"Maybe in the future, sister Huihui will really find a great general. She might even be able to follow the great general into battle! It's such a waste to waste sister Huihui's energy on making small toys!" Gu Nian joked.

"Yes, Huihui, there's no rush in finding a partner. We need to find a suitable one. Not only do we need someone you like, but we also need someone who likes you very much. Don't listen to the nonsense of outsiders. Even if he's twenty years old, he's still young." Cai Xiaolian said.

Chapter 319: fat and thin

"Second aunt, I understand." Gu Hui nodded.

In fact, she didn't understand why women had to marry. Wasn't it good to live alone?

The year before last, an old lady in her eighties had passed away from old age in their village. She was the oldest old lady in the village.

Gu Hui concluded that the secret to the old lady's longevity was that the old lady's man died early.

After the old lady gave birth to her second son, her husband died.

At that time, the old lady was not even twenty years old.

Therefore, men were very annoying.

It would be good if she met someone like her grandfather. If she met someone like her father ... Oh, sorry, she always felt that one day her mother would be angered to death by her father.

Even her second uncle, who had turned over a new leaf, was the same. If he had not turned over a new leaf, she could guarantee that her second aunt would not have lived long.

Therefore, Gu Hui really wanted to live alone. With a large amount of money, she could find a man to relieve her boredom. When she wanted to be alone, she could just kick the man away.

“Mother, sister Huihui, you guys go ahead with your work. I need to study some lipstick.” Gu Nian stopped what she was doing and walked over when she saw that the self-made experimental equipment was almost heated up.

“Niannian, how many colors are you planning to make?” Cai Xiaolian knew that Gu Nian was thinking about lipstick.

However, her academic genius daughter was obsessed with her studies in her previous life and was not afraid of makeup. She could not even tell the color number of lipstick and had even asked her about colors before.

“For the time being, it’ll be red and pink. However, I’ve never done this before, so I’m going to try.” Gu Nian said.

Alright, you focus on it. We’ll just be busy with the laundry set. Cai Xiaolian didn’t disturb her daughter, who was studying, and even lowered her voice.

The other three sisters of the Gu family also stopped chatting and focused on their own things.

.....

In the evening, Gu Hui and Gu Si went home. Gu Shouxin had already prepared dinner.

She repeated what Gu Nian had done in the afternoon.

Okra scrambled eggs, boiled asparagus, shredded pork with garlic sauce, steamed eggs with broccoli, and a few sausages.

“If I continue eating like this, I’ll become a fat woman one day!” Cai Xiaolian sighed after her meal.

“No mother, we have to do morning exercises. If you don’t eat your fill at night, you won’t have the energy to do your morning exercises.” Gu Xin said.

“Her mother, you’re actually very thin. You need to put on some weight to look good. It’s better for a woman to be more plump.” Gu Shouxin said.

“Hahaha, father, when you say the word” plump,”I think of third uncle’s younger sister. Zhou Yuan said that she was as fat as a winter melon, and she said that her mother said that women should be plump to look good.” Gu Nian could not help but laugh.

“That’s why studying is very important! If one didn’t study, they wouldn’t even understand the meaning of words. Was that considered plump? Why didn’t your third uncle tell his family such an important word? Her mother, don’t listen to Niannian’s nonsense. You’re very thin now, and you’re busy with your business. You should eat more.” Gu Shouxin advised again.

“Her father, are you saying that I’m too thin?” Cai Xiaolian asked, pursing her lips.

"No, I didn't," Gu shouxin shook his head without hesitation. her mother, you look good no matter how fat or thin you are. I'm afraid that if you don't eat, you'll feel dizzy after a few steps. Our great Zhou Dynasty is not a dynasty where beauty is determined by being thin. Our Emperor's taste is still there."

Gu shouxin thought of the dynasty he was in. Being thin was considered beautiful, but wasn't it tiring to walk a few steps?

Chapter 320 Live together until we're seventy or eighty

He was afraid that Cai Xiaolian would be like that. A beauty who could be blown over by the wind. She was beautiful, but she didn't have a long life!

He still planned to live with little Lian until he was seventy or eighty years old!

Cai Xiaolian rolled her eyes at him and got up to clear the table and wash the dishes.

"You've been busy the whole afternoon, let me do it!" Gu shouxin stopped Cai Xiaolian.

"Alright, then I'll take my daughters next door to have a look. In fact, I really want to see the growth process of the plants drenched in Jade Pearl water. Does it bloom in the blink of an eye, and bear fruit in the blink of an eye?" Cai Xiaolian didn't try to snatch it.

In a family, there was no need to distinguish between who was doing what and who was doing what. In the entire Gu family, there was no reason for a man not to enter the kitchen.

Cai Xiaolian and Gu Nian were quite satisfied with this.

"Alright, you guys go ahead. I'll be back in a while." Gu shouxin nodded.

The three of them each carried two oil lamps and headed to the old house.

The eight vegetable fields had grown again. Five of them were flowers, one was fruit, and the other two were vegetables.

The flowers were orchids, the fruits were dragon fruits, and the vegetables were Zuche and carrots.

"Tsk, ts, old Zhou is really amazing. You even got the seeds of this thing! If it wasn't for the fact that old master Zhou didn't dare to come to our village, I would really like to invite him to have a chat with us about who he had met all these years!" Gu Nian sighed as she stood beside the plot of land where the Dragon fruit was.

"Sister, you know this? Also, why doesn't old master Zhou dare to come to our village?" Gu Xin asked curiously.

"Yes, I know him! I've heard from others in town that this is very delicious. Let's pick one and try it!" Gu Nian put down the oil lamp and took one of them. She then peeled it and took a bite.

This is white-hearted, it's quite sweet.

Gu Xin followed Gu Nian's example and picked one to eat. Yes, it was really sweet.

by the way, sister, you haven't told me why old master Zhou doesn't dare to come to our village. After Gu Xin finished eating one, she did not forget that she still had one more question to ask.

“Because there are people in our village that he’s afraid of, so he didn’t dare to come. He has offended them, so he has to hide.” Gu Nian laughed.

This girl’s memory is quite good!

“We have to hide? Did he offend our grandma?” Gu Xin was stunned and asked again.

Looking at the entire village, only those who had offended her grandmother and were not from the same village did not dare to step into the village at the crossroad. Even if they were from the same village, they did not dare to hang around her grandmother.

“Uh, Yingluo probably is! Xinxin, don’t ask Grandpa and Grandma. Let’s just pretend we don’t know anything about this.” Gu Nian said after some thought.

Offending grandma Xiao was the same as offending grandma Gu. She was not lying.

However, she still reminded Gu Xin not to verify it. They still had to act as if they didn’t know that Zhou Yuan was Lu Zheng and that grandma Xiao was Madam Zhou.

It wasn’t that he was afraid of anything, but he didn’t know how to explain that his family knew about this.

“Oh, okay.” Gu Xin nodded her head obediently.

“Niannian, take a look. Are these orchids? I know butterfly orchid, sword orchid, and Mo Lan. This is Hui LAN, right? this looks like Lotus orchid, right?” Cai Xiaolian did not eat the Dragon fruit. Instead, she went to look at the flowers.

“Yes, yes, yes. This Lotus-petal orchid was very expensive. One of them would cost at least a million Yuan! I wonder if the people here can afford it!” Gu Nian asked in surprise.

In her previous life, her brother was in politics and had a hobby of growing flowers, so she more or less knew something about it.
