Chapter 331 Why doesn't the older sister always protect the younger brother?

"Why did her uncle, miss Zhou's second child, take her life? Difficult labor or two lives?" Cai Xiaolian asked again.

It was impossible for two lives to be lost. Otherwise, where did Lu Zheng, who they saw every day in the village, come from?

"I also heard mother and father mention it after Zhou Furen's death. Don't ask! Father and mother hate it when people eavesdrop!" Uncle Gu said in a mysterious tone.

Cai Xiaolian and Gu Nian nodded.

Gu Xin, who loved to eavesdrop, nodded her head guiltily.

I heard that when sister Jia was pregnant with her second child, she found out that general Lu was communicating with his childhood friend. His childhood friend even came to her house to make her angry. Sister Jia was hot-tempered and turned against her on the spot. She splashed a pot of hot water on his face.

"That childhood sweetheart's family is on par with the Lu family. The old lady of the Lu family didn't want to fall out with that family because of this, so she punished sister Xiaojia to kneel in the ancestral hall. After general Lu returned, he didn't even bother to visit sister Xiao Jia, who was carrying his child. That night, sister Xiaojia went into premature labor. She died when the child was four months old. According to mother, she and Mrs. Zhou went to investigate. It was the childhood sweetheart who deliberately came to sister Xiao Jia's house to anger her to death."

"My mother and Mrs. Zhou went to the capital and beat general Lu half to death. They wanted to take away sister Xiaojia's son and daughter. However, the Lu family was the high Duke's public house. The two of them could only beat the person up. It was impossible to take her away openly, not even if they wanted to steal her child. After returning, Zhou Furen also died of depression. That year, my mother was also very unhappy. She had to rest for a few months. Father took her to the county and played for three days before her mood became better."

"Al! Poor sister Xiao Jia, poor sister Xiao Jia's children!"

"However, I heard that sister Xiao Jia's daughter is quite capable. She protected her younger brother very well under the hands of her stepmother. However, after sister Xiao Jia's daughter got married, no one knew what kind of life her youngest son had with his stepmother. These years, after Zhou Furen's death, father and mother did not have any contact with old master Zhou."

Uncle Gu sighed.

if you can protect your little brother, why don't you always protect him? " Cai Xiaolian asked.

Gu Nian knew that Lu Zheng's sister, Lu Xue, was the first grandchild of the Lu family. She was very intelligent and was well-liked by her grandfather.

Unfortunately, Lu Xue's grandfather passed away when she was 14 years old, and the siblings lost their protection.

Lu Zheng's father married his childhood sweetheart the year his mother died and had a son the next year.

In Lu Zheng's Father's heart, there was no Lu Zheng at all. He didn't care about him at all. In addition, he was born prematurely and was weak. If Lu Xue was not his first child, the treatment of the siblings would be worse.

Later on, Lu Zheng's stepmother, Madam Lin, arranged a marriage for Lu Xue to be a hedonistic son of a rich family. He was the kind of hedonistic son who had tainted all the maids in the backyard and even played with people to death.

Lu Xue cried and refused to marry, threatening to kill herself. Her behavior reminded father Lu of the siblings 'mother. He was furious and immediately ordered, " even if you die, you should die in your husband's house!

Then, he ordered his men to kidnap Lu Xue and make her wait at home for her marriage.

Lu Xue was disheartened and wanted to die with her brother to find their mother.

At this moment, it was Lu Zheng who persuaded his sister.

Lu Zheng said, " sister, don't you want to avenge your mother? "

Chapter 332 The little koi fish's blessing

Lu Zheng persuaded Lu Xue to get married now. He had already found the candidate, Chen Yujiang, the new top scorer.

He had even thought of a way to make this marriage work.

He said that he had grown up and that he would be safe under his stepmother's hands. He hoped that his sister could leave the Lu family and did not want her to sacrifice her happiness for him.

Just like that, Lu Xue successfully got rid of her stepmother's rotten marriage and married the poor top scholar, Chen Yujiang. It was even the Emperor who personally arranged the marriage.

Gu Nian did not like Lu Zheng, the male protagonist in the book. However, she liked his sister, Lu Xue.

She was the only person in the book who was kind to Gu Xin other than Grandpa Gu, grandma Gu and Lu Zheng. She truly treated Gu Xin as her sister-in-law.

When Lu Yang was living outside and the capital was filled with gossip, Lu Xue, who was already the wife of a second-rank official, would often visit Gu Xin and give her advice on how to treat people and talk to her.

After Gu Xin's death, she really cried.

As Lu Zheng's concubines entered the house one after another, Lu Xue ran back to her mother's house to scold her brother.

Gu Nian remembered Lu Xue scolding Lu Zheng in the book, " "You said that after you've completely wiped out the Lin family, you'll marry her in an eight-carrier palanquin and let her be the rightful Madam Lu. You said you wanted to give her the best, but what about now? Xin 'er hasn't been gone for long, and you're bringing them home one by one! So what if they looked like Xin 'er? So what if they knew Xin 'er's cooking? Lu Zheng, are you going to follow father's footsteps? Mother died less than a year ago, and you're bringing a woman back to replace her?"

Lu Zheng simply replied, "you can think whatever you want!" I'm sorry to disappoint you! Just pretend you don't have a little brother like me!"

Since then, Lu Xue had broken off all ties with Lu Zheng.

Now that Gu Nian recalled the plot in the book, she felt that it was a little strange.

What was her nephew's foreshadowing?

Before Lu Zheng accepted the concubines from the Emperor, what was the mysterious person he met doing?

In fact, at the beginning, Lu Zheng did not accept those women. It was only after he met the mysterious man that he accepted them one by one.

Gu Nian could not understand this.

On the other side, uncle Gu couldn't explain why his sister didn't protect her brother, so he didn't hear any of this.

"Al! I won't say anymore, I won't say anymore! I've never thought about anything in my life. I just want to see Jia's daughter and son. No matter how hard they're living under my stepmother, I just want to tell them to live well. Xiao Jia was an optimistic person, and her son and daughter should be like that. Sister Xiaojia once said that life is only a few decades long. We have to live well in our limited lives and live what we want so that we won't live in vain. I hope that the two little fellows will do the same!" Uncle Gu waved his hand and continued to flip the floor.

Cai Xiaolian didn't ask further.

Gu Nian was still thinking about some details from the book.

Gu Xin sighed, 'aunt Zhou is so pitiful! I also hope that aunt Zhou's family's young lady and young master will be able to have their wishes fulfilled, and be able to live a good life!"

Lu Zheng, who was standing outside the door, wiped his tears and turned to leave. He did not enter the room.

Gu Nian looked at Gu Xin helplessly. With the little koi fish's blessing, even if Lu Zheng did not reincarnate in this life, he would still be able to live a better life than in his previous life!

And Lu Xue, she must have won every battle against her stepmother in the capital!

Chapter 333 Obsessive-compulsive disorder

Uncle Gu helped the second branch of the Gu family rummage through the floor before going back. Before he went back, he did not forget to remind the two sisters, "Remember what uncle said just now! It's okay to find a partner who's good-looking and capable, but it's impossible to find a partner who's good-looking, capable, and has a better family background than you!"

"Yes!" The sisters nodded.

"Be good!" Uncle Gu patted their heads. Two is still better. From left to right, from right to left, there's no problem. If you want my four daughters to stand up and not by height, I don't even know where to start with my hands! Let's go!"

Gu Nian thought, 'uncle, do you have OCD?

Not long after uncle Gu left, Gu Shouxin returned from outside.

We've made a clear path with your grandfather and got scolded again. Your grandfather will come over in a while to help us plant the seeds in a pot. Gu Shouxin said, feeling wronged.

With that golden finger at home, he really felt a little guilty doing things!

Especially after he started to treat the two elders as his own parents.

He finally understood her little Xinxin's feelings when she threw jade beads into the well to feed the hen.

"Hehe, dad, uncle just said that you didn't wait for him, as if you were deliberately shaking him off!" Gu Xin laughed.

"I've discovered your uncle's good points again. He's very self-aware!" Gu Shouxin was speechless.

Grandpa Gu came over when she found the flower pot.

There were twenty-two Lotus orchids in the sack. Grandpa Gu was like a treasure. The Gu family wondered if they had been too rough when they were digging the orchids yesterday.

"Two hundred taels, four hundred taels, six hundred taels, Wufu, four thousand four hundred taels! Wow, there are 4400 taels in our yard! Grandpa, that's a lot of money!" Gu Xin counted the pots one by one, her big eyes sparkling.

The time travel Trio thought, "their acting lessons are pretty good. Look at this girl, she's learning so fast!"

"I can't sell them all. Xinxin, you should also raise two pots. Raising flowers can cultivate your body and mind!" Grandpa Gu said with a smile.

"Okay, Grandpa! Then I'll raise more in the future!" Gu Xin nodded her head obediently.

"By the way, when do you plan to go to the prefecture? Do you want me to go with you?" Grandpa Gu asked the couple.

"Alright! How about we go tomorrow? I was watching the stars last night, so the weather should be good for the next few days." Gu Shouxin said.

"You've even learned how to observe the stars? Did he pick up your hobby of reading miscellaneous books when you were in school? But that's good, you'll know more if you read more books." Grandpa Gu thought that Gu shouxin had read some random books.

What he didn't know was that before nine thousand years old became nine thousand years old, he had visited the Imperial astronomer a lot during his time as a eunuch and had learned a lot of knowledge about the constellations.

"Alright, father. Then I'll go to town and rent a carriage! It's a waste of time to travel so far on an ox-cart, and it's also uncomfortable for you to sit there all the time." Gu shouxin said.

there's no need for that. Let your mother tell your aunt Xiao that they have a carriage. However, your aunt Xiao likes to join in the fun, so she might come with us. Grandpa Gu said.

He now felt that the second branch's family had many uses for money. He had valuable things, but he did not dare to easily take them out to sell to his son, so he could only save it.

"That's fine! We were planning to buy a donkey cart this month, so we'll go to the prefecture tomorrow. It won't be crowded when we come back." Gu shouxin nodded and said.

Chapter 334 No one would dare to bully me

On the tenth day of the first month of the lunar year, Gu shouxin's family, the old couple, Lu zhengxiao, and grandma Xiao took a carriage to the capital of Qing Province.

The three men were driving the carriage outside, and the women were sitting in the carriage.

Lu Zheng's carriage was quite big. There were seven pots of flowers inside and it could fit five people.

Grandma Gu brought a soft cushion for Grandpa Gu and a thin blanket that she had added some cotton for him to cover.

The seats were also arranged by grandma Gu. They sat in the middle, with Gu shouxin and Lu Zheng sitting on the two sides.

If it weren't for grandma Xiao, grandma Gu would have wanted to drive the carriage with brother Chuan by herself and let the other people sit in the carriage and not disturb the couple.

It had been many years since the last time the couple went to the prefecture.

The juniors didn't dare to say anything to this pot of dog food, but grandma Xiao dared.

Grandma Xiao said, "I say, old Gu, can't you take it easy in front of the child?" If you don't think about me, you should think about your child!"

Grandma Gu said, "I'm teaching you by example. If you don't understand, then go away! "Also, don't say that you're an old widow. If you're an old widow, does that mean that the people of Zhou clan town see ghosts every day?"

Other than Gu Xin, everyone else understood.

Gu Xin blinked her eyes and asked, 'grandma, why do the people of Zhou clan town see ghosts every day? Her uncle said that only ugly people would see ghosts, and good-looking people would not see ghosts. The Zhou family isn't ugly. I went there once before the new year and saw a good-looking young man. "

The good-looking brother, Lu Zheng, curved his lips proudly. The person Xinxin saw must be me.

"Your grandma was just joking. Xinxin baby, let grandma Xiao tell you, your uncle has inherited your grandma's legacy, and he's always talking nonsense." Grandma Xiao chuckled as she held Gu Xin in her arms and said.

"Grandma Xiao, my uncle's words are very reasonable. For example, he told us yesterday that we shouldn't marry someone who's handsome, capable, and has a better family background than our own. His story is very convincing." Gu Xin was uncle Gu's loyal supporter. Under normal circumstances, she would defend uncle Gu when others criticized him.

"Why?" Grandma Xiao didn't react for a moment and asked.

"Uncle married the wrong person because he has sister Xiao Jia." Before the transmigration trio and Lu Zheng could stop her, Gu Xin had already answered.

Gu Xin did not know that the old lady in front of her was Xiao Jia's mother and she did not mention which family's daughter she was from.

Grandma Xiao's body stiffened.

Her little Jia Qianqian

"That's eldest uncle's good friend when he was young, a young lady. Because she married such a person, she lived a very miserable life. Her family wanted to stand up for her, but Big uncle's sister Xiao Jia had a child. Her family wasn't as powerful as her husband's family, so they could only watch her die of anger." Gu Xin continued.

"Your uncle is right. Listen to your uncle, when you find a partner in the future, even if he meets all your requirements, you must write in the marriage contract that you will be the only one in this life, the only pair in your life." Grandma Xiao came back to her senses and touched Gu Xin's head.

"Don't worry, grandma Xiao! My parents and sister are very powerful. No one dares to bully me. I'm also working hard to become powerful." Gu Xin clenched her fist.

Lu Zheng, who was driving the carriage, kept feeling that Xinxin's parents and sister were staring at me, looking at me with ill intentions, thinking that only by taking a taxi could they shake me off. Could it be that I missed my mother and sister last night and didn't sleep well, so I had an illusion?

Chapter 335 escape

The carriage stopped at the Zhou family town. Gu shouxin and Lu Yang carried two pots of flowers in. Thinking that since they were already here, Grandpa Gu followed them in to greet old master Zhou.

Although old master Zhou did not dare to step into the village at the crossroads these years, old master Gu would still go to town once or twice a year. The two old men would still have a meal together.

After a while, the three of them came out, followed by a fair and chubby old master.

“Yuanyuan, what are you dawdling for? hurry up and get on the carriage! I’ll teach you a lesson when I get back!” Grandma Xiao saw the old man coming out from the window and shouted immediately.

Lord Zhou stopped in his tracks and did not dare to continue forward.

Lu Zheng could only helplessly blink at old Zhou.

The carriage continued on its journey.

Lord Zhou looked pitifully at the carriage that was gradually moving further away, and his heart was filled with bitterness!

Everyone was already over fifty years old, how many more years could they live?

When would his wife meet him?

In the carriage, grandma Gu wanted to say something, but with her daughter-in-law and granddaughter by her side, she couldn’t say anything. She could only pat grandma Xiao’s hand.

“Grandma Xiao, what’s wrong with you? Do you want candy? Big sister made it for me yesterday. It’s very delicious.” Gu Xin took out Nougat and Nougat from her purse.

“Thank you, Xinxin.” Grandma Xiao only took one Nougat to eat.

Then, he leaned back and closed his eyes.

Other than Gu Xin, everyone knew that she was in a bad mood.

She had just heard Gu Xin mention her daughter who had passed away, and now she saw her husband.

So no one said anything.

Gu Xin was good at reading people’s expressions, so she did not say anything else and leaned against the window to look at the scenery outside.

This was the first time she had walked so far.

The carriage only entered the city gates from the early morning to the early evening.

After resting for a while, grandma Xiao wasn’t so depressed anymore, and she began to chat and laugh with grandma Gu and Cai Xiaolian.

In the prefecture, one had to pay a Travel Pass to enter the city, and each person had to pay one Wen.

However, as soon as they entered the city, Lu Zheng pulled on the reins.

Grandpa Gu and Gu shouxin looked at him in confusion. He squinted his eyes and looked at the group of people.

Without waiting for the father and son to ask, Lu Zheng got off the carriage, went around to Gu shouxin’s side, and whispered, “Second uncle, we should go around the purple-clothed people in front.

If there's a chance, you can make him appreciate you, the man in purple. But remember, don't offend him. You can't afford to. I'm going to run."

Then, he ran away without explaining anything.

"What's wrong?" Grandpa Gu didn't hear Lu Zheng's words. He frowned and asked when he saw that Lu Zheng had run away.

"He said that it's a little urgent and that he's too embarrassed to tell us. He's been to the prefecture before, so he'll come and find us in a while." Gu shouxin explained.

"This child, it seems that your mother and the others are following him. It's not convenient to be in the wilderness. Since he's familiar with this area, let's go!" Grandpa Gu said with a helpless smile.

He did not say that he was waiting for Lu Zheng. He knew Lu Zheng's identity. Perhaps this child had something to settle in the prefecture, and it would be inconvenient to walk with them.

The carriage continued to move forward, and Gu shouxin quietly sized up the group of people that Lu Zheng had mentioned.

A High Duke's public house's heir had warned them not to offend a person who was trying to be recognized. That person must not be an ordinary person.

The carriage moved forward slowly, and more and more people appeared on the streets of the prefecture.

As he got closer, Gu shouxin carefully observed and then looked at the two men beside the man in purple. Well, he knew that they were indeed not ordinary people.

Chapter 336-Gu Nian's official match

He had been a eunuch since he was young, so he was very familiar with the habits of eunuchs.

The man to the left of the man in purple was a eunuch with a fair face and a masculine look.

The one on the left was a young Man in Black who was about the same age as Lu Zheng.

Both of them were slightly behind the man in purple.

In addition, there were quite a few martial artists in the market who were good at martial arts. One look and you could tell that they were not ordinary people. They were definitely the Imperial Guards!

The purple-robed man's identity was obvious. He was the Emperor.

However, it was only the tenth day of the first month of the lunar year. What was the Emperor doing all the way here?

Not going to court?

Was the Emperor of the great Zhou so willful?

At the end of the twelfth lunar month and the beginning of the first lunar month, he still had to come out for a private visit?

Lu Zheng, this kid, was definitely afraid of being recognized by the black-clothed youth!

Gu shouxin parked the carriage at an Inn and settled down first. He definitely couldn't go back tonight.

"Aiyo! My back is getting sore from sitting!" Gu Nian got out of the car and stretched.

This was the first time she had traveled for such a long time since she transmigrated. It was beyond tiring!

"It's alright! It's much better than riding an ox cart." Gu Xin said as she stood in front of Gu Nian.

"Aren't you two sisters hungry? Can't you just let the car sit?" Grandma Xiao asked with a smile.

"Grandma Xiao, it's fine if you didn't mention it. Now that you've mentioned it, I'm hungry, hehe." Gu Nian chuckled.

"Qianyu, Fu, let's stay here! This one's pretty good." At this moment, the Emperor and his entourage also stopped in front of the inn.

"Yes, Master. This one will go and arrange it!" Eunuch Fu bowed and answered, then entered the inn.

Gu Nian stopped in her tracks. Qian Yu, what a familiar name. She felt as if she had heard it before.

Gu shouxin raised his eyebrows. Hey, staying in the same Inn. It seems that the Emperor is really traveling in plain clothes. Lu Zheng, that brat, will not be able to stay in tonight.

The Emperor had brought six people with him. Other than the black-clothed youth and the eunuch by his side, there were four others who followed behind him with bundles.

However, no one knew how many people there were in the dark.

"Eh? You've really raised these flowers well!" The Emperor saw the Lotus orchid in Gu shouxin's hands and asked in surprise.

"This brother has good eyes! The flowers are good, but we didn't raise them. I dug them up in the mountains. My father said they were worth a lot of money, so he wanted to take them to the prefecture to try his luck and see if they could be sold!" Gu shouxin said with a smile.

Cai Xiaolian and Gu Nian looked at each other. Something was wrong with 9000 years old. They had never seen him smile at a stranger on the street for the first time!

And his smile was quite sincere!

Something was wrong!

"Second brother, what are you dawdling for? Hurry up, or this guest room will be gone!" Grandma Gu, who had gone in first, called out.

"I'm sorry, brother. My mother is calling for me." Gu shouxin held the flowers and smiled apologetically. He then turned around and let the mother and daughter follow him.

"Old master, do you like those flowers? Let's buy it!" The black-clothed youth said without any hesitation.

Gu Nian turned around to look at him.

"Xue Er, do you know what the species of the orchid is?" The Emperor asked.

"This lowly one is a rough man, so I naturally don't know." The black-clothed youth said.

"That's Yingluo."

Gu Nian did not hear the rest of his words.

Xue Xiao 'er and Qian Yu.

Xue Qianyu!

Xue Qianyu!

In the book, Gu Nian's official match was a man who spoiled his concubine and killed his wife, allowing his concubine to do whatever she wanted in the back of the house.

Why did he come to Qing Province?

Gu Nian walked to the counter in a daze and shouted in her heart, "Original owner, get out here and I'll beat you to death! Just how many men have you seduced?"

Chapter 338 The difference

If his thoughts were to be known by the transmigration trio, they would definitely give him a thumbs up and push Lu Zheng out to let the big boss take him away.

The big boss was indeed a Big Boss. This way of thinking and this way of thinking was different from ordinary people!

"Ah Yuan is not my son, he is a fellow from the same village. He's about the same age as this little brother in black!" Gu shouxin sized up Xue Qianyu and said, "but as for his looks, there's no guarantee. It was just like how there was no first place in literature. There was no comparison. The child in our village is quite good-looking, but he has a bad life and is a little silly. At first glance, it was clear that this little brother was of an extraordinary background and had a different temperament. Everyone has their own preferences. My elder daughter thinks that this little brother is good-looking, and my younger daughter thinks that the silly boy in our village is good-looking. But in the eyes of our Lord, both of them have their own merits."

"You're right! May I ask, brother, how old is your daughter? Are you going to let me?" The Emperor nodded and then asked.

"Master!" Xue Qianyu was anxious. Could it be that he had to accompany him on this trip and bring back a wife?

Everyone in the Gu family was speechless.

They had never heard of such a gossipy Emperor!

"I'm sorry, uncle, allow me to interrupt! I don't know if you've heard of her, but this woman's age can't be told to others. As for whether he was allowed to? So what if I did? So What if I don't? You can even

decide on the marriage of your black-clothed man? Even if he could, I wouldn't be interested in him!" Gu Nian said.

"Oh? Didn't you say he's good-looking?" The Emperor was interested.

"Yeah, it's good looking! Do I have to like it just because it's good looking? Who knew if he was just a good-looking person with tofu dregs inside? My mother said that a good-looking man is unreliable. There are too many girls out there. I'm just a girl from the countryside. I don't want to be rich, I just want to find someone I love. So, it was fine as long as he looked passable. Why did he have to look so good? Are you giving yourself trouble?" Gu Nian asked.

I don't know if it's a hindrance or not, but good looks can be pleasing to the eye, even to the point of being a feast for the eyes! The Emperor thought Gu Nian was very interesting and laughed.

Xue qianxun's face darkened as he glared at Gu Nian as if he was going to eat her up.

"Oh, I guess your personal pursuits are different!" Gu Nian said indifferently.

brother, I'm really sorry. Because we only have two daughters at home, we've been spoiled. Please forgive us! Gu shouxin cupped his hands again.

"Tsk, it's fine! I happen to have a few daughters at home who are about the same age as your daughter, but not as lively as her! Brother, you've raised your daughter well!" The Emperor said enviously.

What he said was not false at all. All four of his daughters were afraid of him. They did not dare to speak loudly in front of him. As long as he was around, his daughters were like people who had lived for twenty or thirty years. They were very calm, but when he was not around, they would be arrogant and domineering.

The two daughters of this family were not afraid to talk to outsiders at all with their father around, as if their father was the source of their confidence.

On the other hand, his daughter seemed to be ashamed of him and tried not to get close to him.

The difference!

This was the difference!

"My surname is ye, and I get along quite well with brother. Why don't you give it to a friend?" The Emperor imitated Gu shouxin's posture and cupped his hands, his face full of sincerity.

Mm, he should stay and communicate with this brother more. He wanted to know how he could raise his daughter well and let her feel that he was the source of her confidence.

Chapter 339 Father, you are drunk

"I'm gu shouxin, it's an honor to meet brother ye!" She was in a hurry to make friends, so he couldn't reject her!

After that, Gu shouxin introduced his family members to the Emperor one by one.

The Emperor also introduced the two people beside him.

Xue Qianyu was the nephew of the Empress's maternal family. According to the rules, he should be called uncle.

He had introduced Xue Xiao 'er as his brother-in-law's son, but he had been running around doing business, and this kid had followed the rules and called him master.

As for eunuch Fu, he was his long-term follower, Fu.

After the introduction, the Emperor also brought Xue Qianyu to Gu shouxin's table to drink with him.

The others went upstairs after eating, leaving only Gu shouxin and Gu shouxin to accompany the Emperor for a drink.

Gu Xin was worried that Gu shouxin would get drunk, so she sat beside him with a Jade bead in her hand, ready to give Gu shouxin one.

It was really effective.

In the evening, the sky was already dark. The Emperor and Xue Qianyu were drunk, but Gu shouxin was still sitting sober.

"Brother Gu! A mighty figure who wouldn't get drunk even after a thousand cups! I'll remember you!" These were the words the Emperor said before he laid down.

"Uncle Gu, this junior is impressed!" These were the words Xue qianxun said before he laid down.

Seeing the two of them being helped back to their room by the guards, Gu shouxin brought Gu Xin upstairs with a smile.

"Father, brother Yuan Yuan hasn't returned yet!" Gu Xin asked worriedly.

"Don't worry about him. He's an adult, he won't go missing." Gu shouxin patted Gu Xin's head and said.

"I wonder if brother Yuanyuan has any money on her? What if they can't find us? It's still a little cold at night in this season. What should I do if I'm hungry or cold?" Gu Xin mumbled softly.

Gu shouxin shook his head helplessly and said, "Then I'll take you and mother out for a walk and see if you've met your big brother Yuanyuan."

"Don't!" Gu Xin shook her head and supported Gu shouxin, "father, you've drunk so much. What if you get drunk later?"

Which Gu shouxin was happy about?

It seemed that the little girl had not been deceived!

Her father's position in her heart was still higher than brother Yuanyuan's.

He thought about it and asked directly, "Xinxin, let me ask you. If father and brother Yuanyuan disappear one day, will you go to find father or brother Yuanyuan first?"

Gu Xin was stunned and frowned at Gu shouxin, "Father, you're really drunk! Let's go, I'll go to the kitchen uncle to borrow a pot to make you some hangover soup."

Gu shouxin stopped walking on the stairs. "No! You must answer this question!"

Gu Xin, "Yingluo."

Gu shouxin asked again, "then who do you think is better, your father or your brother Yuanyuan?"

Gu Xin, 'of course, father is the best! Although brother Yuanyuan is also very good, he will help us fight and give me good food, but he can't be compared to father! He's the best person other than his family."

Gu shouxin smiled with satisfaction and was willing to continue walking.

father, you're really drunk. You should talk less. Otherwise, people will think you're an idiot. Gu Xin helped him walk. Look at the question you asked just now. You disappeared with brother Yuanyuan. Was this even possible? You're not children, and you won't be caught by the patrollers. It's not like you can't remember the way home. And you're asking me who I should look for first? I might get lost when I come out to look for you, and then you'll be the one looking for me!"

Gu Xin sighed, 'after all, I've already said that I'll be the prettiest and cutest girl in the village. This is something that flower Clapper will remember."

Chapter 340 What's the second step?

The secret guards, who were acting as passersby to protect the Emperor, were laughing madly in their hearts.

It turned out that this man was still drunk after a thousand cups. Look at what he was asking!

Also, this little girl of his was quite clever and intelligent, but her self-confidence ...

They decided that they would definitely tell the Emperor about this interesting conversation tomorrow.

.....

"What? The Emperor?" In the mother and daughter's house, Gu Xin borrowed some tools from the kitchen to make some soup to sober up, leaving only the three of them.

"Yes, I guessed. Lu Zheng was probably not hiding from the Emperor, but the black-clothed youth beside the Emperor. He reminded me not to offend him, and that it would be best if I could get the emperor's appreciation!" Gu shouxin nodded.

"That? Didn't the Emperor bring a guard or something when he came out? Aren't you afraid of being heard by others?" Cai Xiaolian said nervously, her voice becoming softer.

Now that she had faced the fact that she had traveled to ancient times, she felt that it was better not to deal with the Emperor for the time being in this society where imperial power was Supreme.

Although the Emperor seemed unreliable and stupid, didn't people say that accompanying a sovereign was like accompanying a Tiger?

they're drunk, and the room is far from us. I've looked around just now, and no one is eavesdropping, so don't worry! Gu shouxin pulled Cai Xiaolian's hand and patted it.

Gu Nian looked at their hands and then at her father.

How much did he drink? with the help of Yu Zhu Zi, he could even grab her mother's hand in front of her?

Cai Xiaolian didn't notice Gu shouxin grabbing her hand at this time and hurriedly said, "her father, when you and Xinxin were downstairs just now, niannian told me that the man named Xue Qianyu is niannian's husband from the book. He's Lu Zheng's good brother. Lu Zheng fought with Xue Qianyu because of Xinxin's identity as a prostitute and they fell out.

Gu shouxin looked at Gu Nian and asked, "is there such a thing?" No wonder you're staring at her! I thought you had taken a fancy to him. When we were drinking, I even tried to trick him into telling me that you were going to catch him and make him your child groom!"

Gu Nian said, "there's no need to! Father, I don't want this kind of girl. He likes Gu Nian, who used to be good at coaxing men. Do you think I can?"

Gu shouxin nodded in agreement, " "Yes, I won't. Then let's eliminate him and wait for father to slowly find someone for you in the future!"

"Yueyue, you must be drunk!" Gu Nian said. Dad, how much did you drink? If it wasn't for that Xue guy, I would have wanted to see you drink it. "

Gu shouxin revealed a smile, "not much. They wanted to make me drunk!" In the end, I forced him to drink instead! The Emperor will probably remember me for the rest of his life! Hahahaha!"

The mother and daughter looked at each other. Fine, they were drunk.

Only then did Cai Xiaolian realize that her hand was being held tightly by this person. She silently wanted to pull her hand out, but he didn't let her.

"Gu shouxin, let go!" Cai Xiaolian glared at him.

"No!" Gu shouxin shook his head.

The smile at the corner of his mouth had not disappeared!

Cai Xiaolian pinched his face and said, "are you going to let go or not?" I'll pinch your face until it's swollen!"

Gu shouxin originally wanted to put it down, but his ears moved and he continued to shake his head. "I won't! I won't! I won't let go! Niannian said that important things have to be said three times! Holding hands is the first step, and it's very important. I'll say it four times, I'm not letting go!"

"Pfft!" Finally, Gu Nian could not help but laugh.

Her father was so cute when he was drunk!

father, holding hands is the first step. What's the second step then? " Gu Nian asked with a smile as she clutched her stomach.
