

Haywire 341

Chapter 341-commendable courage

Gu shouxin was stunned for a moment. He looked at Gu Nian with a pair of confused eyes and asked, "Niannian, you have to teach your father about this. What's the second step?"

"I'll go! Father, you're too cute!" Gu Nian was attracted by Gu shouxin's cute look and looked at Cai Xiaolian. mother, aren't you moved? "

"Go to hell with you guys! Gu shouxin, let go. If you don't let me go, I'll hit you!" Cai Xiaolian's face was red as she tried to pull her hand away.

But how could her strength be compared to Gu shouxin's?

Not only was he caught, but he was also pounced on.

Gu Nian was so shocked that she jumped up and kept her distance from her parents. "Father, mother, it's a long night, take your time! I'm going to share a room with the grandmothers!"

Gu shouxin turned his head. niannian is so good. Father will definitely catch a child husband for you as soon as possible. He will be more handsome than ah Yuan and that little brother in black!

Gu Nian was stunned for a moment before she finally understood that her father was pretending.

Someone must have heard the noise in their room!

After thinking it through, Gu Nian replied happily, " "Good father! I want him to be tall, handsome, and can make me happy!"

At this moment, Cai Xiaolian didn't have the mood to think about Gu shouxin's words. She shouted, "gu nian, you wretched girl, come back here! get this drunkard out of my way!"

Just as Gu Nian closed the door, Gu Xin rushed over with a tray. "Sister, I heard mother shouting at someone. What's wrong?"

gu nian shook her head. " it's nothing. father and mother are asleep. let's go to grandmother's place to sleep! "

"Gu shouxin, you bastard! i'm going to die with you today! Hurry up and get up!"

"Gu shouxin, you bastard! My hands, my waist!"

"Gu shouxin! I'm not done with you!"

gu xin was scared when she heard the noise in the house. she placed the tray on the floor and ran to find her grandmother.

"Xinxin!" Gu nianjia wanted to call out to her. Unfortunately, the other two rooms were not too far apart and she could not stop her.

She actually did not understand the most fragile string in Gu Xin's heart.

She had no memory and had never experienced the quarrels between her parents that Gu Xin had experienced.

Gu Xin was extremely afraid. Even though they had already lived in harmony for more than three months, she was still afraid of going back to how things were before.

So, she could only ask her grandparents for help.

After a while, the three old men came over.

As soon as grandma Gu entered the house, she lifted Gu shouxin up and looked at Gu Xin's pitiful face, "It's fine. Your father is asleep. Don't be afraid! When your father wakes up, I'll beat him up!"

Gu Xin pursed her lips. grandma, don't hit father. It was that uncle and brother in black who forced father to drink. Father held on until the end! it's all their fault!"

the secret guards who were watching excitedly thought,"little girl, you're quite bold. you've convicted our emperor?"

Ask your granny Dali to beat up the Emperor?

"Alright, alright!" Grandpa Gu consoled. don't be angry, you and your sister should go rest and see if your mother is injured!"

gu xin picked up the bowl of soup that she had just placed by the door. " "Grandpa, I'll go with you! This is a hangover soup. I'll be back after I'm done feeding father! when dad wakes up, grandpa, you have to tell dad not to play with that bad uncle and the little brother in black. they're not good people!"

The secret guards were stunned!

What an awesome little girl, she actually dared to call the Emperor and Prince Xue bad people?

If the girls in the capital knew about this, this girl would definitely be beaten up when she entered the capital in the future!

However, his courage was commendable and worthy of admiration!

With the emperor's personality, he liked people who weren't afraid of being scolded by him!

Chapter 342 Second brother's life is really good

Fortunately, these secret guards were quick-witted and envied Gu Xin for daring to say such things. Otherwise, with their silent criticism, they would definitely fall from the roof if they said such bad things about the little koi.

After Gu Xin finished feeding Gu shouxin the soup, she used a clean handkerchief that she had brought from home to wipe Gu shouxin's face. Grandpa Gu was envious of her!

Look at how good second brother's life is!

What a lovely daughter she had!

After doing all this, Gu Xin returned to the room of the mother-daughter trio.

"Baby, you've really worked hard! Come quickly, mother has already prepared hot water. Baby, take a bath and we'll go to sleep!" Cai Xiaolian touched Gu Xin's head and said.

"Mother, father was made drunk by bad uncle and Brother Black clothes today. Mother, can you not blame him?" Gu Xin lifted her head, her eyes filled with pleading.

"No wonder, no wonder! Mother doesn't blame you. it's because i'm drunk and my body is heavy that your father accidentally got a toothache. I don't blame him!" Cai Xiaolian promised.

Gu Xin immediately smiled and took a bath.

Cai Xiaolian and Gu Nian looked at each other and thought to themselves, 'it seems that I don't have enough love for him!' This year, they had to strengthen it. They had to let this girl know that their family of four was of one heart after such a major incident. They were completely different from the past.

after gu xin finished her bath, she wrung her hair dry and lay on the bed to wait for cai xiaolian and gu nian.

In the end, as she waited, her eyelids could not take it anymore and slowly closed.

Before she fell completely asleep, she was still thinking, where did brother Yuanyuan go? Hopefully, brother Yuanyuan would not be hungry or cold since she had silver with her!

.....

The next morning, Gu shouxin got up feeling refreshed and went to get some water to take a bath. After checking out of the room, he brought the family out with the orchids.

As for the Emperor and Xue Qianyu, well, they had drunk too much yesterday and vomited a few times in the middle of the night. They were still catching up on sleep.

Following the route given by Grandpa Gu, they arrived at the greenhouse. The owner of the greenhouse was an old man who was about the same age as Grandpa Gu. His surname was Hua.

She was happy to see Grandpa Gu again, but when she saw the flowers in their hands, she thought, who is old ye? It seemed to be an old man.

The old man wasn't important, what was important were these flowers!

Looking at the flower, didn't it bloom like a lotus petal?

And it's so good, it's the best.

"I say, old man Hua, are you buying or not? If you don't let go of her flowers, we'll Sue you for snatching them!" Grandma Xiao couldn't stand it anymore. This old man Hua treated flowers as if they were women, and her scalp was numb!

"Eh? You're like old Xiao! We haven't seen each other for so many years, but you're still so hot-tempered! an old hag with a bad temper like you doesn't understand the beauty of flowers!" old man hua raised his head and glanced at grandma xiao. although her appearance had changed greatly, her voice and temper had not changed at all.

He was able to recognize her because he knew grandma Gu well. The only person who could stand shoulder to shoulder with grandma Gu was the person from Zhou town.

For example, uncle Gu could not even remember what grandma Xiao looked like, mainly because after Lu Zheng's mother died, grandma Xiao's hair turned white overnight and she never appeared in front of uncle Gu again.

"presbyopic, these flowers were dug up by my son from the back of the mountain. I only kept two pots at home and asked him to bring them to you. The soil in this pot is the soil from the place where the flower grew." Grandpa Gu said with a smile.

"Is this the boss or the second boss?" Old man Hua raised his head to look at Gu shouxin and asked.

The two brothers were only two years apart, and he was still a little uncertain just by looking at their age.

Chapter 343-this old man

second brother, second brother's wife, Nian Xinxin, come here! Grandpa Gu waved his hand.

"Second brother, second sister, this is your uncle Hua. When I was young, I got to know your uncle Hua because of flowers. Nian Xinxin, call me Grandpa Hua!" Grandpa Gu introduced.

"Hello, uncle Hua (Grandpa Hua)!" The family of four greeted them.

"Good, good! Everyone is well! Look at what your father has done, you should have told him earlier that you were coming! I wasn't prepared for this at all. How about this, I'll take these flowers, how about 250 taels per pot?" Old man Hua stood up and said.

"Uncle Hua, 250 doesn't sound good. Let's say a whole number with a meaning. How about 1168? One continent flag, all the way." Cai Xiaolian laughed.

"Yo! His daughter-in-law was quite a sweet talker! 1100 Lu twenty-eight taels. I'll give you a few pots of flowers as a gift for our first meeting. You can choose one yourself!" Old man Hua laughed.

little Lian, read Xinxin, choose, choose with all your might. I'll let you choose. What a waste of this old man Hua! Grandma Xiao said awkwardly.

In the end, the family of four did not choose any good flowers, just a few ordinary pots of flowers.

After receiving the silver, the family of four went to tour the prefecture city. The three old men stayed at the flower shop, and the few old workers had not seen each other for a long time, so they chatted.

"Aunt!" The family of four arrived at the Guo family's rice Shop. Coincidentally, third aunt Gu was at the counter filling rice for someone.

"Ya! Second brother, second sister-in-law, da ya, er ya, come and sit, wait for me!" Third aunt Gu asked in surprise.

Then, she quickly weighed the rice for them, calculated the bill on the abacus, received the money, and sent the guest away. She asked them to wait for a while before she went back to the inner room to call for them.

There was no shopkeeper in the rice Shop, only a waiter who helped out. Third aunt Gu went to call her mother-in-law out.

Then, he brought his second brother's family into the house.

Guo Wan came out to take a look and saw that there were only four people. She greeted them and went back.

As for Guo Yan, he was still in bed.

Third uncle had gone out with his classmates to attend a poetry session this morning.

"Second brother, second sister-in-law, are you the only ones here? Father, mother, and Huihui sisi aren't here yet?" Asked Gu Sangu after she brought out some tea and snacks.

"Father and mother are at the flower shop. We'll be going back to the village in a while. We'll come back in two days." Gu shouxin took a sip of tea and said.

"Oh, mom and dad went to see uncle Hua! Then I'll leave after lunch! I'll invite you to the newly opened food appetizer in the prefecture. It's not bad. I asked Rui 'er to bring his father back. Let's go and get our parents and uncle Hua to come with us!" Third aunt Gu said.

"Third aunt, let's talk about eating later! Take us to the cosmetic and jewelry shops, we've never been there before!" Gu Nian said.

"Deal! Then let's go for a walk! Wait for me, I'll change my clothes. Right, second brother, don't you want to continue your studies? I'll bring you to Rui 'er's father's poetry meet later and chat with the scholars. You'll have an exam next month!" Third aunt Gu stood up and said.

"Sure! Third sister, you can bring me there later!" Gu shouxin nodded.

He had met his third uncle three times, and after these three times, he had more or less gotten a grasp of his third uncle's abilities. If his third uncle performed as usual, he would definitely have no problem passing the second half of the year.

Moreover, his third uncle was an upright person, so he should have good friends. He could also see if the scholars of this dynasty gathered together like in his previous era.

Chapter 344 treatment that not even the prince and princess have

Nine thousand years old had dealt with many scholars in his previous life.

It wasn't because he hated scholars, but simply because these scholars scolded him for no reason. Wouldn't he have to deal with them?

He had to start as a scholar in this life, and he didn't mind this identity at all.

He could also change his role and become a scholar to scold those treacherous officials!

In the past, he had always felt that those scholars looked very satisfied when they scolded him.

He also wanted to be one.

Third aunt quickly changed her clothes and came out. She went to the rice Shop to inform her mother-in-law and left.

Third aunt Gu was going out with her maternal family's second brother's family. Her mother-in-law, Qin Shi, had to endure even if she wanted to scold people. She only thought of telling her son at night to be careful and not let the Gu family come to ask for help!

in her heart, the gu family had always been poor. even if gu lin had brought more dowry to her in-laws than her in-laws had, she still thought that the gu family was just pretending to be rich.

In her heart, the Gu family was one of the poor relatives.

All these years, she had been worried that the Gu family would come to her house to seek help. However, such a thing did not happen.

Even second brother Gu, who was the most unreliable, gambled, and had bad alcohol, had only gone to her house once to borrow money. He was scolded by Gu Lin for not being able to borrow any money, and in the end, he never went again.

She felt that the thing she had been worried about for years was finally going to happen.

.....

After sending Gu shouxin to her third uncle's place, third aunt took her second sister-in-law and nieces to the Rouge shop.

cai xiaolian came with the purpose of inspecting the market, gu nian came with the purpose of studying the ingredients of ancient rouge, and only gu xin came purely for shopping.

Gu Xin wasn't interested in Rouge and face powder as she wasn't at the age to put them on yet. Seeing her mother and the shopkeeper talking non-stop, her third aunt interrupting from time to time, and her sister asking the shop assistant how to use all kinds of Rouge, she was a little bored.

She sat on the chair and looked at the people coming and going outside the door with her chin in her hand.

The prefecture city was indeed much bigger than the county and town. There were so many people! Even the Rouge shop was more than twice as big as the one in the county.

"Eh? Brother Yuanyuan!" Gu Xin saw a figure flash past the door and quickly chased after him.

When he reached the door, he looked left and right, but did not see the figure from before. Suddenly, a carriage stopped.

"Eh? Little girl, I see you here! Where's your father? I'll accompany you to the Rouge shop?" the window opened, and a familiar person emerged.

Gu Xin furrowed her brows and looked at this bad uncle. She pursed her lips and did not say a word.

The Emperor raised his eyebrows. Oh, it seemed that this little girl really called him a bad uncle. Look, she didn't even want to talk to him now. It seemed that it was a wise decision to take the risk of being uncomfortable and come out for a walk.

Fun, very fun!

"Little girl, your name is Xinxin, right? Why are you staring at me? I didn't offend you!" the emperor came down from the carriage, bowed slightly, and asked.

Eunuch Fu and Xue Qianyu were both stunned. When had they ever seen the Emperor treat a little girl so kindly?

Even the princesses in the palace didn't have this kind of treatment!

It was even more impossible for the princes.

"I'm not glaring at you. My eyes are already this big. When others see it, they think my eyes are pretty and I'm smiling. Only you, uncle, think that I'm staring at you. Big sister had said that this is called seeing what you think in your heart. You're the one who thinks I'm staring at you." Gu Xin said.

Chapter 345 Sister, another punch

The Emperor was stunned for a moment, then he laughed out loud, "Hahahaha, you little girl, you're quite intelligent! Uncle has a good nunnery here, do you want to go and cultivate?"

Gu Xin glared at him, "no!"

With that, he turned around and went in.

The Emperor wasn't annoyed. This girl was so interesting. Yes, the sister who taught her this was also interesting. He went in to take a look.

"Master, this is a shop that sells Rouge for women!" Xue Qianxun was speechless.

"What? Don't I have a few women? Can't he just buy it for them? It's hard to find a good husband like me!" After the Emperor said this, he felt even better and walked into the shop with his hands behind his back.

This Rouge shop was quite big and had hired many waiters. Seeing that the emperor's group was dressed in rich clothes, a waiter came forward to greet them.

I know them. They are my sister-in-law and eldest niece. You guys can go back to your work! The Emperor raised his chin and gestured to the Gu family.

The waiter left.

Xue Qianyu and eunuch Fu didn't know what their Emperor was up to.

It was fine if Gu Qianbei was here yesterday, but she was his woman today. As the Emperor, was it appropriate for you to be like this?

"Eh? Sister-in-law, what a coincidence! Where did brother Gu go?" The Emperor walked over to Cai Xiaolian's side and chuckled.

Third aunt Gu was first shocked by the emperor's appearance, and then without waiting for Cai Xiaolian to reply, she directly stood in front of Cai Xiaolian and said, "I didn't know that my mother gave birth

to a brother for me! It's fine, why are you calling her sister-in-law? My big brother doesn't look like you!"

Cai Xiaolian and Gu Nian were both shocked. Third aunt, I'm afraid this man can't even be your brother!

Eunuch Fu also wanted to stop him, but the Emperor raised his hand to stop him. He looked at third aunt Gu with a smile, "You're my sister-in-law's aunt? Brother and sister Gu? Isn't that my sister? Hahaha, I got to know my brother when I was drinking with him yesterday! So, little sister, call big brother over to listen!"

With third aunt's temper, she threw a punch at the emperor's stomach. "You shameless lecher!"

"Pfft!" The Emperor spat out a thick liquid that reeked of alcohol.

Cai Xiaolian and Gu Nian didn't have time to stop her. They really didn't expect her to hit her uncle without saying a word.

Xue Qianyu pulled out his sword and pressed it against third aunt Gu's neck.

Wuwuwuwu

After transmigrating for three months, he was going to be beheaded by the Emperor!

In the teahouse opposite the Rouge shop, Lu Zheng covered his face, not daring to look.

What are you hiding for? go out and save them!

The women in Xinxin's family were not to be trifled with! He even dared to beat up the Emperor!

He got up and went downstairs, thinking about what to say to get the Emperor to let third aunt Gu off.

However, when he reached the door, he stopped in his tracks and rubbed his eyes in disbelief. He watched as the Emperor pulled second Xue away and grabbed third aunt Gu's hand, "Little sister, come, give me another punch! This wine is extremely uncomfortable in my stomach. If you punch me again, I think it will all come out."

Eunuch Fu was stunned, Xue qianren was stunned, and everyone in the shop was stunned.

Third aunt Gu was not dazed. She shook off the Emperor's Hand and said angrily, "Do you think I don't dare to? You lecher, eat my punch!"

He would retreat after the fight.

"Pfft!" The Emperor spat out another mouthful.

"Blargh!" The taste of alcohol in his mouth made him want to vomit, but it was much better than before.

Chapter 346-this trip was not in vain

"Fu, leave some silver for the boss and let him find someone to clean it up. Ask the boss to wrap up all the Rouge that my sister-in-law, sister and eldest niece have seen!" The Emperor comfortably pressed his chest and waved his hand.

"Yes, master!" Eunuch Fu went to pay for the ride.

brother ye, there's no need. We can buy it ourselves. Cai Xiaolian said, coming back to her senses.

that's right, uncle ye. We don't need that many. We were just taking a look. Gu Nian said.

"Uncle, are you still drunk? You look like you're in pain." Gu Xin couldn't bear to ask.

"You really know him?" Third aunt Gu asked in surprise.

"Don't you know him? Girl, you've helped me a lot! You're little brother Gu's sister, so you're my sister. If it wasn't for you, I wouldn't be in the mood to shop this afternoon. Tsk, tsk, tsk, girl, you have to know that except for you, the others who can still hit me at this time are all dead!" The Emperor chuckled.

The Gu siblings were fun to play with. One dared to drink him to death, and the other dared to kill him!

He was looking forward to seeing this brother and sister in the capital in the future. When they saw that he was the Emperor, how scared would they be? they would definitely be trembling in fear. Hahahaha!

He had just received news about the Gu family. This Gu shouxin, a prodigal son, was planning to take the imperial examination. This third sister of Gu's husband was talented and would also take the village examination in the second half of the year.

Yes, I'll get in, I'll strive to get in!

He had to admit that it felt great to have a good drink with this brother and get beaten up by his sister!

hehe! third aunt Gu did not know what to say.

Gu Xin looked at Xue Qianyu's shining sword that had yet to be retracted and thought about how her third aunt almost got stabbed. She decided to give this uncle a Jade bead so she took out a small bamboo tube from her bag. When she opened it, she placed the Jade bead into the bamboo tube and handed it to the Emperor, "Uncle, if you haven't sobered up yet, drink some water! I brought this water from the mountain. It's delicious and sweet!"

The Emperor took it with a smile. I believe that my little niece didn't glare at me just now. I do want to drink some water.

Eunuch Fu wanted to say, "you can't eat the food outside casually. You're going to kill me. What if I poison you?" "Master, this Wufu ..."

The Emperor turned around and glared at eunuch Fu. "Fu, go to the car and get a cup for me. This is a little girl's bamboo tube, it's not good for us men to drink it!"

Gu Xin took out a few small bamboo tubes from her bag, "uncle, you can drink it yourself. I have a few. My grandfather made them for me. They're all new. I've never had them before. You can have them!

"Thank you, my little niece!" The Emperor raised his head and drank it.

He didn't think too much about it. She was just a child, and he had people investigate her three generations of ancestors. How could she harm him?

He did not forget to criticize eunuch Fu in his heart. This old man had said that he could leave the palace and be free, but he had more rules than this Emperor. The eunuch was really anxious when the Emperor was not.

Do I have to pretend to be dignified outside?

How interesting would that be!

Look at my freshly baked younger sisters, big nieces, little nieces, such lively characters, they look more like humans than all the women in the palace!

This trip was not in vain!

Yi, the spring water that my little niece gave me is really delicious. It's even sweet in my mouth, and my stomach feels so good!

Chapter 347 You must have guessed wrong

Lu Zheng retreated to the second floor silently. He felt that there were many things that he could not figure out since his rebirth!

He could still accept the change in the Gu family of three. After all, he had begged for it, so he was mentally prepared.

However, what was with this Emperor?

He looked like an idiot from the neighboring village.

One punch wasn't enough, so he pulled her hand for a second punch.

did xue ermo bring a fake emperor out of the capital?

In his previous life, he was appointed by Emperor Wen as the general of the West. Although Emperor Wen passed away on the year he was 28, he had seen Emperor Wen for nine years.

For nine years, Emperor Wen had been a man of his word. He rarely smiled at others, and even if he did, it was a cold smile.

How could he be like this idiot from the neighboring village?

Was it because Emperor Wen passed away in the same year as Xinxin, and he was reborn, so Emperor Wen seemed to have changed into a different person in this life?

In his previous life, after he had asked for Grandmaster Wu's help, Grandmaster Wu had told him before he had asked him to prepare that if he succeeded, many people or things would be different from what he remembered, and he could not treat them with his inherent experience.

At that time, he didn't think so much. He only thought that as long as Xinxin could live, it didn't matter if she shrank a size or became old. Even if she didn't know him, it didn't matter.

It was only after he had truly succeeded that he realized that other than the changes in the three members of the Gu family, there were many other things that were different from what he had seen before.

For example, his maternal grandmother. He had always thought that his maternal grandmother had passed away. She had passed away because she could not take the blow of losing her beloved daughter.

For example, the current Emperor Wen. He had always thought that Emperor Wen was full of the aura of an Emperor. Not to mention something stupid like pulling someone to beat him up, just the fact that he had colluded with Xue Qianyu to get Gu shouxin drunk yesterday was not common sense.

He looked at the Rouge shop opposite and saw several women from the Gu family coming out with Emperor Wen. Eunuch Fu, who even the important officials had to show some respect to, was carrying a large bag of Rouge powder and putting it into the carriage. He really felt that it was a little unreal.

I really want to find master liuwu and ask him if he succeeded or not!

suddenly, xue qianyu, who had already walked past the rouge shop, turned around. lu zheng's head was leaning back.

Xue qianxun frowned.

"Qianyu, What are you looking at? Are there any girls there?" The Emperor asked, patting Xue Qianyu.

"Yingluo didn't," Xue Qianyu replied.

"Hey, Xue Er, we're going out, don't be embarrassed. Yesterday, my niece Nian said that she doesn't like you. You can be generous and look at the girl, don't be afraid!" The Emperor patted Xue Qianyu again.

xue qianyu silently rolled his eyes before looking at gu nian.

gu nian walked to the side and pretended not to hear him.

This stupid Emperor was probably a fake. He was probably some playful Prince who also had eunuchs by his side.

Yes, father must have guessed wrong, he must have guessed wrong.

"Sister-in-law, third sister, how much longer do we have to walk? i vomited everything out just now, i'm hungry!" The Emperor then asked Cai Xiaolian and third aunt Gu.

Cai Xiaolian facepalmed. brother ye, I don't come to the prefecture city often. I'm not familiar with them.

This Emperor kept calling her his sister-in-law. Really, she couldn't accept it. Her man wasn't a Prince and wasn't a brother to the Emperor.

Third aunt Gu accepted it well and said, " "We'll reach it after walking two streets. By the way, brother ye, did my second brother really get you drunk last night? No way, my second brother's alcohol tolerance is really bad."

chapter 348-dislike

Third aunt Gu's gaze towards the Emperor was filled with disdain.

Her second brother used to be a bad drinker, but that didn't mean he could hold his liquor well!

There was once when she went back to her mother's house to teach her second brother a lesson. She pulled a cart full of wine back home, but in the end, her second brother was so drunk that he passed out after drinking a few jars.

This ye guy couldn't even win against her second brother, how embarrassing!

Even her husband could make her second brother drunk.

He looked quite strong, but he couldn't even compare to the two weak scholars!

He even said that he was going to drink second brother's wine with the boy in black next to him. Both of them were really bad at drinking!

The Emperor could feel third aunt's strong dislike for him. He felt wronged and said, "Third sister, you can't blame me for this. Blame your second brother for being too good at acting, really. Pretending to be a pig to eat a Tiger, that's him."

Gu Xin asked curiously, 'uncle ye, what's my father pretending about? he has always been a good drinker. he has been drinking for as long as i can remember."

the emperor waved his hand, his face inscrutable. "Your father always pretends to be a bad person, then secretly studies, waiting for an opportunity to soar! In the past, he was a bad gambler and a bad drinker, right?"

Gu Xin nodded her head.

The Emperor had an "I knew it" expression."Did he suddenly change for the better before the new year? did he stop drinking and gambling? You're even starting to study and practice martial arts?"

Gu Xin nodded her head again with a face full of surprise, "How did you know?"

The Emperor said proudly,"I've seen too many people who pretend to be pigs to eat Tigers!" They pretended to be harmless to the outside, but they were actually full of energy! This kind of person is usually provoked by something and can't beat the other party in a short time, so he deliberately shows weakness to numb the other party, and then secretly stores power. When the time is right, he will soar into the sky and kill the other party in one blow!"

Cai Xiaolian& thought,"you make it sound like it's true. If you hadn't sent someone to the village to investigate Gu shouxin's matter yesterday, we would have believed you."

The mother and daughter felt that if they couldn't continue being the Emperor, they probably wouldn't have starved to death. They could even earn money by telling stories.

Third aunt Gu, who knew a little about her brother's past, and Gu Xin, who didn't know anything, believed the emperor's words and listened to him seriously.

xue qianyu and eunuch fu were amazed. on their way here from the capital, they had also rested in other prefectures for a day or two. they had also met people that the emperor was interested in, but it had only been for a short while. it was not like the gu family now, where the emperor had even started to tell stories and tease people.

Could the Gu family be the relatives of the royal family who had led a wandering life? he got along so well with the emperor.

The Emperor saw that the two of them were happy to hear this and continued, " yesterday, I talked to brother Gu. With his level, this year's capital and village examinations are not a problem. Next year's general examination and court examination are completely possible. He has made full preparations over the years and intends to pass the six aeons and send himself directly to the Emperor. His future is infinitely bright!

Only the Emperor would dare to say such words.

Third aunt Gu knew more about it because her father had taken the imperial examination. She asked in confusion, " "Brother ye, is my second brother really that powerful? You're probably just playing with us!"

The Emperor laughed: " third sister, you are already a scholar's wife. My scholar third brother-in-law has never told you about brother Gu's abilities? "

"How did you know that I am a scholar's wife?" third aunt Gu was stunned.

didn't someone greet you just now? " the Emperor asked. they called you scholar Guo's house, lady boss, and even scholar's wife!

Chapter 349 You have to find the right Big Boss to complain

Great, eunuch Fu had remembered Gu shouxin. If this family could really enter the capital by relying on Gu shouxin's imperial examination in the future, he would have to treat them well and see how the Emperor would like them.

Yesterday, eunuch Fu thought the Emperor was interested in the girl. Now it seemed that the Emperor was interested in the girl's mother and the girl's wife.

All his interest came from Gu shouxin!

Fortunately, there were many concubines in the harem who were liked by the Emperor, otherwise, he would have suspected that the Emperor wanted to secretly take Gu shouxin back to raise him.

Speaking of which, this Gu shouxin looked quite handsome. Although he was a bit old, his simple clothes couldn't hide his temperament!

Gu Xin thought for a while and asked,'uncle ye, maybe my father can't reach the sixth rank. At most, 3rd essence."

"Why do you say that?" the Emperor asked in surprise.

Xue qianren's mouth twitched. Had his Emperor learned the Qing Province accent from this little girl?

Gu Xin pursed her lips and turned to look at Cai Xiaolian and Gu Nian.

The mother and daughter looked at Gu Xin in confusion, not knowing what she was going to say.

Gu Xin thought that since her mother and sister didn't stop her from saying it, she could say it, " "I know the six aeons and the first one. There are small three aeons and big three aeons. My father can only have three aeons more, not three aeons less. There were County examinations, capital examinations, and Academy examinations for the 'three primary aeons'. Only those who got first place in these three examinations would be considered to have been hit by the 'three primary aeons'. My father might not even pass the county examination, sigh!"

The Emperor blinked, thinking he had heard wrong. "Why? With your father's standard, passing the county examination is a piece of cake! Unless your County Magistrate is blind, he wouldn't have chosen your father to be number one."

you've guessed it right, uncle ye, " Gu Xin said with a face full of " you've guessed it right ", " let me tell you a secret. My family has offended the county Magistrate of our Taoyuan County.

Cai Xiaolian thought, "as expected of the female lead, she even knows how to complain to the big boss!" I'll carry the big legs!

Hahahaha!

Third aunt Gu was stunned, "Xinxin, when did this happen?" When I went back to my parents' house on the second day of the new year, didn't I hear that you were going to discuss a cooperation with their family? How did he offend her? Is it because they don't want to cooperate that they're angry?"

After asking, third aunt Gu looked at Cai Xiaolian and Gu Nian.

Gu Nian lowered her head in grievance, and Cai Xiaolian's face was filled with grief and indignation. She didn't want to speak.

uncle ye, " Gu Xin said, " you said that my father is your brother and I'm your niece. I'll give you a kind reminder. Don't go to Taoyuan County. That Lord Cheng is very bad. My father said that he's a sanctimonious hypocrite!"

Eunuch Fu silently praised Gu Xin in his heart. This little girl is so amazing. If I didn't know about your family background, I would have suspected that you were pretending not to know the Emperor to complain! You're so lucky!

Xue Qianyu had the same thought as eunuch Fu. If he didn't know that the emperor's dragon scale guards would never make a mistake, he would have suspected that the Gu family had done this on purpose. How could there be such a coincidence?

The Emperor raised his eyebrows and asked with a smile, " "What happened? Tell the uncle and let him hear how hypocritical and sanctimonious the peach Garden County Magistrate is. In the future, if I meet him, I'll stay away or secretly mess with him to vent my anger for my little niece."

Gu Xin looked around and whispered, " Lord Cheng, Madam Cheng, and eldest young master Cheng bullied our family. They wanted my sister to be eldest young master Cheng's concubine, and they even said that my sister liked him.

Chapter 350 I have inside information

Gu Xin pouted and continued, 'my sister doesn't like young master Cheng! My sister is going to be the wife of the scholar. The Cheng family asked young master Cheng's fiancée to tell my sister about this. My sister got angry and went to question him. Their family said that they've already given us a lot of face. Don't think that just because you can make some small things, you can be Cheng Rui's official wife.'

"They said that we're from the countryside. How could their family let a farmer's daughter be their main wife and concubine? It's only because Cheng Rui likes my sister and she can earn money. That's giving our family face. They said that their daughter-in-law should be like Cheng Rui's fiancée."

my father beat Cheng Rui up so badly that he vomited blood. My mother scolded master Cheng and Madam Cheng and took us away!

"I was so angry that I called my cousins and brother Yuanyuan to go to the county and beat Cheng Rui up. The most important thing was that brother Yuanyuan also heard Cheng Rui tell his fiancée that he was going to drug my sister and make her marry him! I'm so angry!"

"If it wasn't a crime to kill, I would have killed him! I hope that my brother-in-law will be well-versed in both literature and martial arts, and then secretly help my sister take revenge! Even if he didn't succeed, he shouldn't have such thoughts."

"In the past, the flower basket that little sister sisi and I made was stolen by a little boy from the village. My uncle told me and little sister sisi that one can be a thief for a thousand days, but one can't be a thief for a thousand days. So he taught us how to make a flower basket and caught a snake in it. The little boys were scared and didn't dare to steal our things anymore."

so, even if I don't kill Cheng Rui, I have to scare him so that he won't dare to covet my sister again!

Gu Xin was very cute when she was angry. Gu Nian was touched. Not only did she have parents, but she also had a caring sister!

However, why was uncle always in Xinxin's words?

How many allegorical words or life experiences did uncle teach Xinxin?

He even helped the two girls catch snakes to scare the little boy. This, this was really like an uncle!

Before the Emperor could say anything, third aunt Gu was already unhappy, " "This is too much! This Cheng clan had gone too far! Next summer, I'll go to the forest to catch a bag of snakes and throw it to the county government, especially to their room! Bite them to death! I'm so angry!"

The Emperor: " third sister, a non-venomous snake can't bite a person to death. If there's poison, why don't you go and catch it? aren't you afraid of being bitten? "

Third aunt Gu: " you can't bite him to death. You'll be scared to death!

The Emperor chuckled and said, " little niece, don't worry. Master Cheng won't dare to show favoritism. There will be people coming down for this year's imperial examination, and there will be officials from the top in Taoyuan County to supervise. Your father will definitely be able to do it. Don't worry.

Third aunt Gu looked at the Emperor. brother ye, don't lie to my little niece. The county examination is set by the county Magistrate. The county Magistrate ranks the candidates.

The Emperor waved his hand. I have some relatives with the government. I have inside information. It's true. I'm not lying. By the way, what's the cleansing set you were talking about?"

Third aunt Gu's attention was diverted and she immediately helped second brother to promote his products. "Brother ye, to tell you the truth, our niece was the one who made this set. It was a set of freshening up, which included brushing teeth, washing face, washing hands, washing hair, and bathing. The toothbrush was much better than the willow branch. There was also the shampoo used for washing his head, which was better than the bath Beans used in the Rouge spread. Not to mention the soap and soap used for washing your face and hands. After you're done washing, you'll have a natural fragrance."
