

Haywire 351

Chapter 351 Does your hand hurt?

Xue Qianyu immediately knew what it was, so he asked, " "Old master, my father sent someone to give this to my aunt before the new year. Didn't my aunt give it to you?"

The Emperor shook his head and looked at eunuch Fu.

master, Madam asked me to give this to you, " eunuch Fu said hurriedly. master was preparing to go out at that time, so he didn't care so much!

Realization dawned on the Emperor. That seemed to be the case. He looked at Xue Qianyu."Is it good?"

Xue Qianyu glanced at Gu Nian and nodded. "It's good."

Gu Nian rolled her eyes at him.'Why are you looking at me?'

Xue Qianyu did not expect Gu Nian to be the one who had made the box. This lady was probably not of marriageable age yet. Her hands were really nimble!

Gu Xin tugged at the emperor's sleeve, " "Uncle ye, we brought some in the car, we'll give it to you later! But you have to promise that master Cheng won't make things difficult for my father."

"Hey, you little girl!" The Emperor knocked her head. a man's words carry enormous weight! It's a deal then, you have to give it to me later!"

"Aiyo! Uncle ye, why are you the same as my uncle! You'll be silly if you keep knocking on people's heads." Gu Xin said as she rubbed her head.

hahahahaha! the Emperor laughed out loud at her little appearance.

After chatting for a long time, they finally arrived at the food pavilion that third aunt had mentioned.

Gu shouxin and his third uncle were already waiting there, but the old men and women had not arrived yet.

When Gu shouxin saw the Emperor, he was stunned. This was really fate. They had already checked out and still met.

"Brother Gu! You've made me look for you! If I didn't see my little niece on the street, I wouldn't even know where to look for you!" The Emperor walked up and gave Gu shouxin a kiss.

"Brother ye, I'm really sorry. When I checked out this morning, I saw that you and little brother Xue were still asleep, so I didn't leave. Come, come, come, this little brother will treat brother ye to a meal today as an apology! I'll punish myself with three cups of wine later, is that okay?" Gu shouxin laughed.

"No! I've just been beaten out by our third sister, so I don't want to taste wine again!" The Emperor said without hesitation.

"What do you mean it came out?" Third uncle blinked. Linlin finally hit someone outside?

"You must be my third brother-in-law! En, not bad, not bad, a fine-looking man with a refined demeanor, you can compensate my family's third sister!" The Emperor sized up his third uncle and commented.

"Father, third uncle, just now uncle ye had wine in his stomach and couldn't vomit it out, so third aunt gave uncle ye a punch and spat out a lot of wine. Uncle ye pulled third aunt to give him another punch, and he felt much better. I even gave uncle ye a cup of water we brought from the village!" Gu Xin explained.

Gu shouxin glanced at his third sister and gave her a thumbs up in his heart. You can just punch me once. If I tell you to punch me again, you really dare to do it! Aren't you afraid that when your husband becomes an official in the future, he will be unable to get up when he sees the Emperor?

"Second brother, why are you looking at me like that? I also thought that he was a lecher and wanted to protect second sister-in-law and two nieces, so he took action." Third aunt Gu explained to herself.

"Then I'll have to thank you!" Gu shouxin smiled helplessly.

"Wife, you punched twice! Did your hand hurt? Why don't you use some tools?" Third uncle asked with concern.

Everyone in the room:

Especially eunuch Fu and Xue Qianyu, they were gloating at third uncle's misfortune. 'I hope you don't learn your talents well and don't fall into the hands of the Emperor!'

Chapter 352 You look familiar

The Emperor showed mercy to beautiful women, but not to beautiful men.

After the group sat down and chatted for a while, a few old men and women came.

Seeing that the Emperor and Xue Qianyu were there as well, Grandpa Gu was clearly taken aback for a moment. Then, he walked in with a smile and sat down.

old master, old lady, I hit it off well with your second son. I'd like to go back with you later. Can I stay for a few days?" The Emperor asked with a smile.

"Well, to tell you the truth, little brother ye, second brother's family went out to live alone a few years ago. You'll have to ask for second brother and daughter-in-law's opinion!" Grandpa Gu said with a smile.

"See, brother Gu, I told you that the old master and the old lady wouldn't have any objections! So, don't say things like my house is shabby!" The Emperor patted Gu shouxin's shoulder proudly.

"Alright, as long as brother ye doesn't mind." Gu shouxin smiled helplessly.

But in his heart, he was thinking, Lu Zheng, Lu Yuanyuan, it's not that I'm not doing my best, but let's see how long you're going to hide outside.

grandma Xiao, brother Yuanyuan hasn't appeared yet. We're all leaving. Did something happen to him?
" The moment Gu Xin heard that they were going home, she thought of Lu Zheng and asked.

"What could he have encountered? He'll probably appear soon, don't worry about him!" Said grandma Xiao.

"Brother Yuanyuan!" Just as grandma Xiao finished her sentence, Gu Xin's eyes lit up when she saw Lu Zheng entering the room.

The Emperor and Xue Qianyu both looked towards the door. They wanted to see how good looking brother Yuan Yuan was, who was comparable to Xue Qianyu's most handsome man in the capital.

He looked very familiar!

"I'm sorry, I was delayed by something yesterday. I just saw the carriage." Lu Zheng walked to Gu shouxin's side and sat down.

Gu shouxin raised his eyebrows and looked at Lu Zheng. Little brat, not hiding anymore?

Lu Zheng replied with a helpless look. second uncle, you've already decided to bring her home. You'll have to see her sooner or later!

Gu shouxin replied, "if he wants to go, I won't dare to stop him."

Lu Zheng:

"Little brother, have we met before?" The Emperor frowned and looked at Lu Zheng.

"I've never seen you before!" Lu Zheng shook his head innocently.

It was true that he had never seen the Emperor before at his age. He was only worried that Xue Qianyu would recognize him.

All these years, he had grown taller, but his appearance had not changed. He had been very close to Xue Qianyu when they were young. Even now, they would still write to each other from time to time. It was just that he had not written to Xue Qianyu since his rebirth.

"Uncle, you said you're from the capital. How do you know my brother Yuan Yuan? Brother Yuan Yuan's hometown is Yuzhou." Gu Xin said.

Xue Qianyu's eyes lit up. He recognized him. This was definitely Lu er, that son of a b * tch. How was he in Qing Province?

Finally couldn't help but run?

Right, second Lu's grandfather was from Qing Province.

Lu Zheng glanced at Xue qianxun. Seeing that Xue Qianyu didn't say anything, he was relieved.

"Yuzhou! Hey, isn't that Yuzhou? I know this person, Lu Zhenyuan, his ancestral home is Yuzhou Prefecture. Kid, are you his relative?" The Emperor asked.

That's why he felt that he looked familiar. In the end, it was because he looked like that old fellow Lu Zhenyuan, but he did not look familiar at all!

"Uncle, my surname is Zhou, and I followed my mother's surname. My first name is Yuan, Yuan as in Yuanxiao. I was born on the fifteenth day of the first month." Lu Zheng neither denied nor admitted to it.

In any case, he did not lie. In the future, the Emperor would not be able to punish him for lying to the Emperor.

"So you took your mother's last name! What's your father's surname?" Gu Nian asked with ill intentions.

Chapter 353 You've changed

"Niannian, I don't want to talk about this! I haven't seen my father for many years! Ever since my mother passed away and my sister got married, I've been living alone. I also stayed with grandma last year." Lu Zheng sighed.

"Right, don't mention that scum! He doesn't deserve to have such a good son like our Yuanyuan!" Grandma Xiao also said.

"Old lady, his father is your son, right?" The Emperor asked nosily, "is there an old lady who is willing to let her grandson take her mother's surname?"

"Aiyo, little brother ye, you don't know this, but I won't acknowledge someone like that. My grandson's father is a scumbag. Not only did you kill my grandson's mother, you almost made my granddaughter marry a scumbag. His mother had been dead for less than half a year, and that scumbag had already married a stepmother for him. When he went to her house to ask for a girl, she was a treasure to him. After that, he got tired of it and even my grandson and granddaughter couldn't stand it anymore! How can I let my grandson take his last name? No way!" Grandma Xiao said in a Huff.

The emperor's gossip eyes flickered. He felt like he had heard this story before! She just couldn't remember it for a moment.

"Let's eat! Xiao Ye, didn't you just sober up? Eat more and suppress it. If you want to go back with us later, it will take a few hours. If you don't suppress it, you will vomit it out again!" Grandma Gu picked up her chopsticks and called for everyone to eat.

.....

After the meal, Gu shouxin went to buy a donkey cart, then took Cai Xiaolian to the dock for a walk, directly selling out the 100 sets of washing and protection sets.

He sold it to a traveling merchant, and the traveling merchant even asked Gu shouxin to leave his address. He said that if the sales were good, he would come and buy it directly next time.

Gu shouxin left the address. Anyway, he was not afraid that others would have any bad intentions. Their family lived at the foot of the mountain, and the nearest neighbor was the old house. If these people wanted to kill and Rob, they had to consider whether they would be killed first.

Once the items were sold out, they would meet up at the city gate.

Lu Zheng was driving his own carriage, in which grandma Xiao, grandma Gu, and the two sisters were seated.

Xue Qianyu chased the guards to the donkey cart and drove it himself. Inside sat the Emperor, grandfather Gu, and Gu shouxin.

Eunuch Fu and the four guards were on the donkey cart.

Xue Qianyu's car was lined up with Lu Zheng's. He turned to Lu Zheng and said, "I haven't seen you for a few years and you've changed!"

Lu Zheng smiled but did not say anything.

To be honest, the two of them had a good relationship when they were young. After they grew up, they were on the same side again. However, because of Gu Nian and Gu Xin, they had completely parted ways.

He had been reborn, but Xue Er had not.

He didn't know how to get along with Xue Er. Before his rebirth, he had ignored Xue Er for ten years.

Seeing that Lu Zheng was ignoring him, Xue qianxun took out a piece of silver from his pocket and threw it at Lu Zheng's head.

"Young master Xue seems to be from a rich family. You're rewarding US country bumpkins with this little?" Aren't you being a little too stingy? you're not worthy of young master Xue's status!"

Xue qianxun laughed in anger, "Oh, your stepmother doesn't even send you money now?" Look at how silly you are when you see this little bit of silver? It's as if you've never seen silver before! However, I didn't neglect my kung fu!"

"I haven't seen it before. Young master Xue, why don't you throw two more?"

Chapter 354 There is nothing I haven't eaten

it was already dark when the carriage returned to the village at the crossroad.

After sending her back to the Gu family, Lu Zheng greeted her and brought his grandmother home.

"Eh? as expected, he bought a donkey cart! It's just that the person driving the carriage is wrong!" Uncle Gu was taking a walk after dinner. When he heard the commotion, he went to the kitchen and brought out an oil lamp.

"Is there any cold food at home?" Grandma Gu asked.

"there's nothing else. we thought you were going to play for the whole day, so my wife and i finished the rest. we can't waste it! See, my stomach is still quite bloated right now, I'm taking a walk!" Gu shouxin said.

"Grandpa, grandma, I'll go back and make it! It won't take long to do a simple one." Gu Nian said.

"Well, that's fine. I'll give you a hand!" Grandpa Gu said.

" grandpa, you should rest. we've been on the road for so long. just let huihui help me! " Gu Nian waved at Gu Hui with a smile.

Gu Hui crossed her arms and walked out slowly.

The Emperor sized her up. Yes, he could tell that the women of the Gu family were stronger than the men. They didn't seem to be easy to deal with!

The four sisters went back first.

Gu Xin and Gu Si started the fire while Gu Nian and Gu Hui cut the vegetables and cooked the rice. They worked well together.

Gu Nian told Gu Hui and Gu Si about the Emperor and Xue Qianyu, but she did not reveal their true identities. She only said that they met in the city. The two of them had a drink with Gu Shouxin but did not win, so they kept clinging to each other.

Gu Hui was a little surprised, 'then how bad is his alcohol tolerance? Even second uncle can't win.'

"Why did you say the same thing as third aunt?" Gu Nian chuckled.

Gu Hui replied, 'I'm just telling the truth! Second uncle's alcohol tolerance was bad to begin with! I was drunk by third aunt!'

Gu Xin: "Sister Huihui, Uncle Ye said that my father was hiding his true strength. He's actually very strong."

Gu Hui did not know if she should.

There was a pot of steamed rice, a pot of stir-fried vegetables, and a pot-boiled sausage.

The rice was steamed, and the sausages were cooked. There were only two dishes left that had not been stir-fried.

Gu Nian asked Gu Xin and Gu Si to go and call for help while she watched over the fire.

By the time Gu Nian was done cooking, everyone had already arrived.

There were sliced sausages, stir-fried pork with pepper, potato shreds with pickled pepper, cucumber and egg soup, and stir-fried cabbage.

Gu Nian did not dare to use the newly planted vegetables for everyone to eat. After all, they had only gotten the seeds a few days ago.

However, in February, he could take out many of them.

Uncle Gu came over to help tie the donkey up before leaving. He was afraid that he would not be able to hold back his urge to eat Gu Nian's cooking again. His stomach could not hold it anymore!

Gu Nian took out a storage table and set up a table for the four guards.

Then, everyone sat down and ate together.

"Eh, this tastes pretty good! It must be made with chili and rice! The meal! Not bad, not bad at all!" The Emperor said as he ate the stir-fried pork with chili.

uncle ye, there's ... There's something in there that's cut into shreds like shredded meat. If you can tell what it is, I'll give you a basket! Gu Xin pointed at the shredded potato with pickled pepper.

"Oh? There's nothing in this world that I haven't eaten!" the emperor picked up a piece and removed the bright red pickled pepper and shredded meat. he only ate shredded potatoes.

He swallowed it in one gulp, not knowing what it was.

He took another bite. Yes, he still didn't know.

gu xin laughed evilly, "sigh, i wanted to give uncle ye a basket. it seems like i won't have the chance!"
Hehe ~"

The Emperor picked up another piece with his chopsticks, "little niece, What is this?" Did you guys dig it up in the mountains?"

Chapter 355 That unlucky old man

"Brother ye, these are called potatoes. We didn't dig them up in the mountains. They were seeds provided by Yuanyuan's granduncle, and our family grew them after much pondering. He had planted it before the new year and had only harvested it a few days ago. I only dug up a spine, the rest is still in the ground!" Gu shouxin explained.

"Yuanyuan's granduncle?" The Emperor blinked.

"It's old master Zhou of the Zhou clan town. In the past, he even went to the capital's Emperor to present chili to him. This chili was also grown by him." Grandpa Gu said with a smile.

"That unlucky old man!" The Emperor blurted it out. Seeing that everyone was looking at him, he chuckled and said, " I've seen him once before. It was when he was young. He's really unlucky. At that time, I heard that the late Emperor was going to give him an Earl as a reward! In the end, he didn't want it and proposed a marriage to his daughter. Then, a few years later, his daughter was gone. He heard that the old man's wife had also died. I'm all alone now!"

The Emperor almost said that he was my Imperial father.

When old Zhou presented the chili to him, his father was the one on the throne. As the Crown Prince, he had naturally seen old Zhou before.

He still wanted to marry the Zhou family's young lady, but not a concubine. At that time, he was still young and did not have a Crown Princess. However, the Zhou family's young lady was a few years older than him, so he gave up on that thought.

Ever since he was young, he had never wanted to marry a noble daughter. He just wanted to find someone with a simple identity. In the upper ranks of the ye family, one of the ancestors married the daughter of a powerful official and then became a relative of the official who had been in politics for decades.

Unfortunately, he didn't achieve his wish to marry the daughter of the Xue family, who was Xue Qianyu's aunt.

Gu Xin blinked her eyes, 'uncle ye, you know old master Zhou? Then have you seen the girls from the Zhou family? Is she pretty?"

Previously, when uncle Gu told the mother and daughter the story of Zhou Yujia, she felt that it was not worth it for her uncle's sister Xiao Jia. She was very curious about this sister Xiao Jia.

The Emperor nodded, "I have!" She even had a fight with my sister! She was very fierce, but she was really beautiful. Although she had passed away, she had a daughter who looked like her and was very beautiful. She also has a son, but I've never seen him before!"

"By the way, why didn't old Zhou plant it himself?" the Emperor asked. "Why didn't he plant it for you?"

Gu shouxin said, "they said it was calculated by a Warlock. The land in our direction is suitable for planting." Old master Zhou obtained some of these seeds, but they didn't grow out. There were only two bags left, and he gave us one bag."

The Emperor nodded, "I see!" This thing is quite delicious."

He just said that and continued eating.

He had never eaten sausages and chili before, so they went well with the rice.

The Gu family didn't rush to tell him about the yield per mu.

After the meal, eunuch Fu and the four guards were brought to the old mansion. Only the Emperor and Xue Qianyu were left in the second branch.

The Emperor finally had the opportunity to use the facial and facial equipment.

The Emperor was brushing his teeth at the sink by the kitchen door. "Aiyo, big niece, this is good! It's actually orange-flavored, how did you put the orange in?"

Like a child, she even used a light to shine on the foam flowing out of her mouth.

uncle ye, this is my way of earning money. You're also a businessman. Can I not tell you? " Gu nianzhen did not think that this was the way an Emperor should act.

The Emperor was stunned for a moment, then he smiled and said, "fine, fine, fine, if you don't want to say it, then don't say it!" When I leave, you can give me a thousand or eight hundred sets!"

Chapter 356 Finally like an Emperor

gu nian said, 'you have to give me at least 10000 taels of silver for a thousand sets of kasaya! why should i give you ten thousand taels? It looks like you're much richer than me!"

After saying that, Gu Nian turned around and left, not giving the Chuunibyou Emperor a chance to speak.

Gu Xin came back with a cup.

The Emperor looked at the cup in Gu Xin's hand. It was pink on the outside and pure white on the inside. It looked pretty and there was even a handle to hold it. He then looked at the huge bowl he was holding

and was a little depressed, ” “eh, little niece, why is the bowl you use to hold water different from mine?”

uncle ye, ” Gu Xin said, ” our family has our own cups. This is for brushing our teeth. There’s also a cup for drinking water. We don’t usually have guests at home, so we don’t have people burn that many cups.”

“Did you burn this yourself?” the Emperor asked curiously.

Gu Xin shook her head, ” no, it’s not. My father specifically found the best porcelain shop to order it. Look, I have fish here because I like fish. My sister’s is pure white, and she drew black lines herself. My father’s is a bamboo, and my mother’s is a rose!”

The Emperor was so envious!

He had so many people in his harem and so many children, but he had yet to share a set of equipment with any mother and child.

Seeing that the Emperor did not say anything, Gu Xin started to brush her teeth.

Gu shouxin came over to ask the Emperor to wash his hair and take a bath.

Great, now that he had used shampoo and soap, he had fallen in love.

when he left, he had to buy at least 1200 to 1800 sets!

One Empress, two Imperial concubines, four concubines, eight consorts, and twelve Xuanji.

An Imperial grandmother, an Imperial mother, and a group of disgraceful children who were not close to him.

Is 1200 to 1800 sets enough?

.....

the next morning, the emperor woke up as soon as his biological clock hit. to his surprise, the gu family had also woken up and were already practicing in the courtyard.

He sniffed at his hair. Mm, it smelled good. It was different from the hair oil used in the palace.

Her body also smelled good.

the blanket and pillow had the smell of grass and sunlight, which was very comfortable.

No wonder he didn’t even dream last night. He knew that there were very few days in the twelve months of the year where he didn’t dream. It was really the right decision to come to the Gu family!

He put on his clothes and combed his hair into a bun. Although he had been served for more than ten years, he had even gone to war with the Army before he became the Emperor. He still knew how to comb his hair by himself.

For breakfast, Gu Nian had prepared boiled potatoes and dipped them in chili.

The Emperor was once again convinced by the potato.

The Emperor asked, "brother Gu, is the place to grow potatoes far away?" Take me to see it!"

Gu shouxin nodded and said, "okay!" We're planning to go and see if we can dig it up later. Old Zhou said that if we can dig it up, we'll dig it out and plant it in February."

"What do you mean by digging it out and planting it again?" the Emperor was stunned.

"You'll know soon," Gu shouxin smiled mysteriously.

After the meal, the group went to the fields behind.

Gu shouxin squatted down and directly pulled him up. "The potatoes are buried underground."

the emperor also squatted down and said, "there are so many in one string!" Then there must be an acre of land here! didn't you say that i'll give you a bag of seeds? There must be thousands of them! There were so many of them on one plant, it was probably a Jin! One mu of land must be a few thousand Jin!"

The emperor's eyes became sharp. It was also at this moment that the majesty of his body came out. After passing through the group of three, he finally felt like an Emperor.

Chapter 357 This is a seed

uncle ye, " Gu Xin explained, " we've planted a little more than one mu of seeds. We used a total of 284 catties of seeds. He had planted a total of 1975 nests. We've dug up 40 nests before, a total of 45 catties. If they were to divide it evenly, each nest would be a little more than one Jin, which meant that they would be able to harvest about two thousand Jin. This is because it wasn't big when we dug it out. Big sister said it could still grow a little bigger."

The emperor's eyes lit up. He was shocked by Gu Xin's calculation and the yield of the potatoes.

Gu shouxin patted the emperor's shoulder and asked despite knowing the answer, " "brother ye, what's wrong?"

"Brother Gu, is it really as my niece said?" the Emperor asked seriously.

Gu shouxin nodded. yes. When we were digging before, we dug in different places. We didn't dig next to each other. There's basically no empty nest. The smallest only has five, and the largest has twelve. It's a long line!"

The Emperor then turned to look at Gu Nian and asked, 'can it really continue to grow? It's even bigger than the one we had this morning?"

"of course," gu nian nodded. The seeds that Zhou Yuan brought over are all bigger, about the size of my fist."

the emperor nodded. after a moment of silence, he asked, " "Brother Gu, can I dig up a nest?"

Gu Xin held her small hoe and said, 'uncle ye, let me do it! People who had never dug this before would hurt the potatoes. if it was injured, it would not be easy to preserve it. old zhou has been saving it for a long time."

the emperor was surprised again, 'saved for a long time? this can be stored?"

Gu Xin, 'of course! Brother Yuanyuan said that they got these seeds last year and gave us a bag. Their bag hasn't rotted yet!"

After she finished speaking, Gu Xin dug out a bunch of things, " "Ya, there are nine of them in this nest! Father, mother, sister, I still want to dig a few more nests. Let's make the salt and pepper potatoes that sister said for lunch!"

the emperor quickly stopped her,"my little niece, these are seeds!" Don't be greedy! we'll plant it in the spring and eat it this year after we harvest it, okay?"

Gu shouxin patted the emperor's shoulder and said,"it's fine, brother ye." You and I hit it off, so let's make it for lunch! Last night and this morning, you only had shredded potatoes and boiled water. This afternoon, I'll ask niannian to make you fried chili Potato slices, and then make a small potato with salt and pepper that we've never eaten before."

The Emperor pursed his lips and thought,"I want to eat it, but it's a seed."

Cai Xiaolian smiled and said, " big brother ye, digging up a few nests won't be a problem. Ah Yuan said that they plan to plant two crops and then send them to the capital next year to present to the Emperor. He also gave us a lot of seeds, and we'll start planting them next month. In a few days, we'll have to open up new land!"

The Emperor: " sister-in-law, no, that won't do. What if Zhou Yuan is going to die this year? "

Gu shouxin put an arm around the emperor's shoulder. "Brother ye, let's go. I'll take you to see the other two potato-like seeds that Zhou Yuan gave you. We'll just dig a few nests here, the three of them can handle it. "

The Emperor reluctantly followed Gu shouxin and left, absent-mindedly looking back several times.

When he saw the sack of corn seeds and Sweet Potato Seeds, the emperor's eyes lit up.

"you mean, these two things have been in your house for a few months?" The Emperor asked in surprise.

"Yup! Since we weren't sure if it would survive, we randomly chose one. We didn't expect to succeed. I used these two for experiments again. Big brother ye, I'm only telling you that the production of these two is definitely not low." Gu shouxin said mysteriously.

Chapter 358 I keep feeling like you're mocking me

gu shouxin said, " brother ye, as you can see, my house is newly built. i only moved here last laba. " Before that, my eldest daughter did an experiment with these two seeds and they grew. However, the conditions for it to grow are too harsh, so we haven't told Zhou Yuan yet and only plan to plant it in the spring."

"Please continue," the Emperor said.

Gu shouxin said,"do you see this yellow grain?" At that time, we only planted ten in the basin and put them in the pigpen. My family doesn't have pigs, so we put them in the pigpen. He raised the

temperature of the pigpen so that firewood could be used all day long. There are two of them, do you know what they look like?"

"what's it like?" the emperor asked curiously.

gu shouxin walked to the corner of the warehouse and took out three dried corn cobs.

"This, this is really grown from two seeds?" the Emperor asked.

gu shouxin nodded with certainty, "yes." One of them only had one, another had two, and the other eight had not sprouted at all. Therefore, winter was not suitable for planting these things. But big brother ye, look, if you take one grain at a time from the top, how many nests can you plant?"

The Emperor was envious. This was a treasure!

Xue Qianyu was calmer than the Emperor. He asked, " "Second uncle Gu, how can you be so sure that this thing is edible?"

Gu shouxin smiled and said, " we've already used a small handful. We ground them with a mill and mixed them with wild vegetables. Then, we fed them to the chicken. we also used a small handful to crush it and ate it with the rice. our family of four was fine too. to be honest, it was very filling, not worse than rice."

The Emperor calmed down after being interrupted by Xue Qianyu. He looked at the sweet potatoes on the ground and asked, " "That can be eaten too?"

Gu shouxin nodded. to be honest, brother ye, my niannian used to love embroidery. Last year, I don't know what happened, but she didn't want to embroider anymore. She said it was a waste of her eyes, so she started to study food. Before the new year, we secretly dug up a few nests of potatoes to eat, and she secretly took Xinxin to burn these red potatoes to eat. It's completely fine, and it can even fill the stomach."

The Emperor asked, "then has she figured out how to grow this thing?" Is it the same as potatoes?"

gu shouxin shook his head. " that's not it. after niannian's experiment, it needs to grow seedlings. i'm not sure, but according to her calculations, the yield per mu will not be lower than that of potatoes. "

The Emperor sucked in a breath of cold air and then narrowed his eyes to size Gu shouxin up. "Brother Gu, why are you telling me such an important thing?"

Gu shouxin smiled and said, "brother ye, can't you see that I'm showing off?" I'm showing off my two daughters! Besides, didn't brother ye say that we hit it off at first sight? I'm telling you this because you have an extraordinary identity. When Zhou Yuan and his granduncle go to the capital to offer crops in the future, you can find a way to plant them for yourself!"

The Emperor looked at Gu shouxin with suspicion.

Gu shouxin put his arm around the emperor's shoulder and said, " "Brother ye, I'm doing this for your own good! i'll also apologize to brother ye, didn't you drink so much that you had to be punched twice by my third sister before you vomited all the wine?"

The Emperor:

I feel like you're mocking me.

You're laughing at my daughter for ignoring me, laughing at me for not being able to outdrink you, laughing at me for being punched twice by your third sister.

"Ahem." Xue Qianyu coughed twice. old master, second uncle Gu, the weather is pretty good outside. Why don't we go around the village? "

Chapter 359 unable to hold it in

The Emperor asked Gu shouxin to help the mother and daughter carry the potatoes, under the beautiful name: How could a man let a woman do the work?

Gu shouxin knew that he would definitely want to look for Lu Zheng, so he followed his words and let him go out for a walk, saying that he would look for them later.

From the time Gu shouxin became a eunuch until his death, he had experienced three generations of emperors, old, middle-aged, and young. He still knew how to get along with emperors.

The Emperor and Xue Qianyu saw eunuch Fu and four guards outside the door.

"Fu, you come with us. The four of you go and see if the Gu family needs any help. All of you, go and help!" The Emperor ordered.

The four guards looked at each other. What help could they provide?

Your Majesty, can we say that the old lady of the Gu family carried two large buckets of pig feed without panting?

your majesty, can we say that the eldest son of the gu family didn't sweat when he was carrying a bundle of firewood and a tree-man on his shoulder?

Your Majesty, can we say that the eldest miss of the Gu family went back from the second branch and directly climbed over the wall to enter the house?

is there anything i can help you with?

Was she helping old master Gu water his flowers?

.....

"Xue Er, do you know Zhou Yuan? On the way here yesterday, I saw that you were quite close to him." The Emperor asked as they walked on the small path in the village.

"Old master, he didn't even talk to me! He still looks the same, but he won't admit it no matter what I say!" Xue Qianyu said gloomily.

"He is the heir of the Duke Zhengguo's mansion, Lu Erlang, right? What's his name again, zhengzheng Lu Zheng, the Zheng from the iron bones zhengzheng, right?" the emperor stopped in his tracks and cast a glance at xue qianyu.

"Yes." Xue qianren heaved a sigh of relief. The Emperor wasn't stupid. He had changed his personality while he was traveling incognito. He had been scared to death.

"Heh, this kid is interesting! his father had not been on the battlefield since he married his mother. their family was not worthy of the title of the country guarding duke! Lu Zhenyuan that old brat, that coward, if he doesn't dare to bring his blade onto the battlefield, then I'll let his son go! Anyway, he has many sons, and he probably can't wait to kill this stinky brat who has occupied the position of the heir of the high Duke's public house!" The Emperor sneered.

"Your Majesty, you want Lu er to go to the battlefield? He'll only be sixteen in two days!" Xue Qianyu asked in surprise.

"Qianyu, Lu Erlang is different from you, Xue Erlang. Your aunt is the Empress, and your cousins are the princes and princesses. However, Lu Erlang had nothing, but he was able to persuade his sister to get married at the age of ten. He even personally chose a good brother-in-law for his sister. Just look at Chen Yujiang's actions over the past few years. This shows that Lu Erlang has a good eye for people! His stepmother, Madame Lin, thought that he had been abandoned in the ancestral house. From last year until now, a few months had passed, but he had not been able to let the people of the Duke Zhengguo's mansion find out that he was no longer in the ancestral house. This was also his ability. He thought of every possible way to get into my eyes. He was patient and wasn't in a rush for quick success. Instead, he thought of contributing his crops two years later to be safe! with such a brave and resourceful person, even if it's a 16-year-old teenager, i will be at ease. Besides, I didn't say that I'm sending him there right now. He still has to stay here and look after these seeds for me!" The Emperor analyzed the situation for Xue Qianyu.

Xue qianxun pursed his lips and clenched his fists, obviously unconvinced.

Everyone had grown up together, and he wasn't bad either!

how was it different?

was it because he had both parents and a harmonious family that he was worse than second lu?

The Emperor saw Xue Qianyu's expression from the corner of his eye and pursed his lips. Xue Qianyu still needed to train. He couldn't keep his cool!

Chapter 360 Why did you kick me?

"Yo! Little brother ye, black-clothed kid, old fortune, your third aunt is here? Didn't second brother bring you guys along? If you continue, you'll be out of the village. Be careful not to get lost!" Grandma Xiao said with a smile when she saw the three of them. She was ready to go to the mountain to pick herbs with grandma Gu.

"aunt xiao, are you planning to dig for wild vegetables?" the emperor asked when he saw her carrying a basket and carrying a backpack. there were also tools in the basket.

Now that he knew Lu Zheng's identity, he naturally wanted to know who grandma Xiao was.

Although this old lady looked very different from how she used to look, one would still be able to recognize her if they looked closely.

Back then, he had watched as old lady Xiao and old lady Gu beat Lu Zhenyuan up in the capital city, beating him half to death. He had also secretly stopped people from sending a message to Duke Zhengguo's mansion.

he admired this kind of old lady, who dared to do anything for her children, just like his mother and royal grandmother, who did it purely for their children and not for power or status.

"Why are you digging wild vegetables? I don't feed pigs or chickens at home. I'm going to pick herbs. I forgot to tell you that I'm a doctor. If you have a headache or a fever, I'll get you some herbs. It'll definitely cure you!" Grandma Xiao said with a smile.

The Emperor: "Hello, Zhenzhen. Then we won't delay aunt Xiao any longer. Let's walk around again.

As expected of the old lady he admired. In the first month of the lunar year, she told people that she had a headache and a fever, hehehe.

"Alright then! Remember this! The village entrance is just ahead, don't get lost! I'll ask old gu to find someone to accompany you!" grandma xiao waved her hand and left.

.....

The weather was good and the sun was bright. Lu Zheng took out grandma Xiao's herbs to dry. Just as he was fiddling with them, the door was pushed open.

"Yo! It's uncle ye and young master Xue!" lu zheng greeted her with a smile, his hands not stopping.

"Yo! It's the heir of the country guarding Duke, Lu Erlang! I didn't expect to meet you here!" The Emperor said with a fake smile.

Lu Zheng's hand paused for a moment before he continued to fiddle with the herbs. "Uncle ye, don't make fun of this junior! I've taken my mother's surname, and my mother gave me a name when she gave birth to me. What country guarding duke's son! I'm just a young man from the countryside!"

The Emperor slowly walked in, "is that so?" A young man from the countryside? If you don't admit it now, then this one will also treat you as a country boy in the future!"

Lu Zheng, who had already prepared the herbs, was shocked. He stood up and knelt down. "This commoner greets the Emperor. Long live the Emperor, long live the Emperor!"

The Emperor walked closer and patted his shoulder. "The country boy thinks I am the Emperor?"

"I don't!" Lu Zheng shook his head. However, the Emperor calls himself "Zhen." This commoner believes that in this world, other than the Emperor, there is probably no one else who would dare to use this title!"

The Emperor kicked him, "you little brat, you ran away the day before yesterday when you saw Qian Yu and pretended that you just met him." do you think that just because you said that you took your mother's surname, zhen would not punish you for lying to the sovereign?"

Lu Zheng knelt, his head lowered and not saying a word.

The Emperor gave him another kick. get up and speak properly. Don't make it look like I'm bullying a young man!

"Qianqian thanks the Emperor!"

You're bullying me, and I'm not your subject. Why did you kick me?

"did you tell the gu family my identity?" the emperor asked.

"No," Lu Zheng shook his head without hesitation. That day, I told second uncle that I met an annoying person and wanted to hide."
