

Haywire 391

Chapter 391 it's decided then

"What's there to give! You're not allowed to give it! Second brother, don't you treat me as your brother, and don't you treat Huihui and sisi as your nephews?" Uncle Gu was not happy.

in his opinion, no one would really give money. the children were just helping out. they were a family, so how could they give money?

As far as he knew, a brother's family could buy good food for their daughter, buy beautiful clothes, and add some makeup for her when she got married. But if they had to pay for something, wouldn't they be treating her as an outsider?

"His uncle, please listen to me!" Cai Xiaolian pulled Gu shouxin, telling him not to make a sound and to do it himself. uncle, this washing set was made by the four sisters. Although this thing was developed by niannian, niannian doesn't have so much energy to make so many things to sell! Huihui and sisi aren't as simple as planting pigweed or tidying up the vegetable garden for our family like they used to be. therefore, this silver must be given."

"No matter who it is, there must be something in return! I've discussed it with his father. These things were all made by the four sisters, so the money will be split between the four sisters. His father and I will not take it. "

"Previously, the four of them had already reached an agreement on how to divide the silver and how to divide the work when doing this. Huihui isn't young anymore, and sisi will be ten years old this winter. They're both sensible girls, so we should let them decide on their own money."

uncle, this is the children's own business. They have their own way of earning money. As adults, we can't let them work without getting anything in return, right? "

"Yes, yes, sister-in-law is very right!" Zhang Shi nodded again and again. It sounded like the second brother's family didn't just plan to give them wages!

"Second brother, sister-in-law, since you've said so, why don't you just give the money to our parents? when Huihui and sisi need it, they can go to our grandparents and get it! When you get married, take all of them with you!" Uncle Gu pursed his lips and thought for a while before saying, " father, mother, please help the granddaughters keep the silver!

"His father! There was no need to trouble father and mother! The two of you can help put it away." Zhang Shi became anxious. After saying that, she turned to Grandpa Gu and grandma Gu and said, " father, mother, you've been worried for your entire life. It's time to enjoy your old age. Just let me come with his father.

"No!" Without waiting for the old couple to speak, uncle Gu rejected them. wife, don't think that I don't know that you've been hiding your money in stinky shoes and socks. Our precious daughter is already very fragrant now. You want them to dislike the smell of silver and then throw it away so that you can hide it and use it yourself, right? "

"His father! You, why are you so cowardly?"

"Ahem, alright, I'll say a few words!" Grandma Gu was almost done eating. She coughed twice and looked at the eldest couple.

"mother, you should just continue eating! You really don't need to worry about it!" Zhang Shi looked at grandma Gu pitifully.

"we made a deal last time. from now on, you take care of your son, and i'll take care of my granddaughter. This silver, ah, don't even think about it. Do you think I don't know what you're up to? I'm telling you now! You want to use Huihui and sisi's hard-earned money? dream on! Raise your Enzi and Ninja well and let them be filial to you! In any case, in your opinion, a married daughter is like water that has been poured out, so you don't have to care about their Affairs." Grandma Gu smacked the table and made the final decision.

Zhang Shi didn't dare to say anything else. She was afraid that if she said anything, the old taitai wouldn't even let her manage her grandson.

However, on second thought, if she asked the two wretched girls for money in the future, would they dare to refuse?

Huihui should dare, but sisi definitely wouldn't.

Well, it's decided then!

Chapter 392 thought she was smart

after getting along for a few months, gu hui really treated the cousins of the eldest branch as her own sisters.

Therefore, in the end, they decided not to give silver directly, but to give a share.

Their family wanted 70%, while Gu Hui and Gu si wanted 30%.

however, gu shouxin and cai xiaolian suggested that gu nian and gu xin take 30% each, while gu hui and gu si took 20% each.

Cai Xiaolian felt that the relationship between sisters was precious. This way, the sisters could be tied together and be more United in the future.

There was no need to write an agreement between sisters. If they were always on good terms, they would continue like this. If they had disloyalty or were not on good terms with each other, they would not keep in touch. The whole family felt that the second situation was impossible.

What Gu shouxin meant was that it would be good for the two girls of the first branch to stay in their house. Moreover, when they grew up and got married, the sisters could help each other.

The Sisterhood that was cultivated since childhood was even more reliable than that between brothers.

Their second branch didn't have many children to begin with. Even if he and Xiao Lian had children in the future, the age difference between them and niannian and Xinxin would be too big and wouldn't be able to be the two daughters 'backing.

Gu shouxin not only wanted to educate his two nieces, but he also didn't plan to let go of his nephew who was still studying.

'Gu en, that brat, can be cheeky to his heart's content now. When I'm free, I'll let him know how precious this period of cheeky time is.'

Gu Hui did not agree to it at first. She felt that it was enough for her second uncle's family to pay her and her sister. Later, when she heard that the sisters were going to get a share of the money and second uncle's family was determined, she did not reject it anymore.

She had agreed, and Gu si naturally had no objections.

That night, Gu Hui took Gu si to kowtow to Gu shouxin and Cai Xiaolian. She said that no matter what happened in this life, second uncle and second aunt would always be their uncle and aunt, like their real parents. Niannian and Xinxin were their real sisters, and as the elder sister, she would take good care of them.

Gu shouxin and Cai Xiaolian didn't ask her to kowtow. They only told them that whatever they wanted to learn, as long as it was within their means, they would let her learn.

.....

the next day, cai xiaolian sent the bank notes to grandma gu.

grandma gu put away the bank notes and called out to cai xiaolian, " second brother's wife, there are only a few days left until the county examination. Do you think second brother has the confidence to do it? "

Cai Xiaolian smiled and said,"mother, don't you worry!" Don't you know your own son? His brain might've been damaged more than ten years ago, but he's been learning in secret for more than ten years. I'm afraid he'll be able to sing all the way this time!"

Grandma Gu looked at Cai Xiaolian in surprise.

he had thought that his second wife had become smarter, and he still believed in his second son as before.

He said he had been secretly learning it for more than ten years, so he really did it?

Did second daughter-in-law forget that second brother secretly went to see that xie jiao Niang again a few years ago?

Cai Xiaolian saw that there was something wrong with grandma Gu's eyes. She couldn't guess what she was thinking, so she didn't know what to say for a while.

Grandma Gu said,"I see that you've been talking to Mrs. Li quite well recently. Tell me, what's the difference between Mrs. Li and Mrs. Cheng?" Don't forget, you and Madam Cheng got along well at the beginning."

Cai Xiaolian knew that her mother-in-law was testing her, so she said seriously, " "Madam Li's interaction with me is sincere, this can't be faked. Mrs. Cheng was also sincere at first, but when the

laundry set was released, she had the idea of monopolizing the formula. This was also the reason why her father, niannian, and I didn't intend to cooperate with her in the beginning. Mrs. Li had a straightforward personality and didn't bother about trifles. In her eyes, there was no distinction between high and low, so she hit it off very well with her daughter-in-law. Mrs. Cheng couldn't let go of her status. In her eyes, we're just farmers, and her cooperation with us is charity. Mrs. Li treats me with sincerity. She'll tell me whether I'm good or bad. madam cheng disguised herself well and only said what she admired, not what she didn't like."

Chapter 393 another annoying thing

Grandma Gu nodded and replied to Gu shouxin, " " your father said that there shouldn't be any problems with second brother's examination. the county examination results are definitely second brother's true results. "

"Father, you also know what brother ye said before?" Cai Xiaolian was stunned.

Cai Xiaolian remembered that Gu Xin was on the street when she complained. The old couple wasn't around at that time!

Grandma Gu didn't answer, but said, " "Let second brother relax and take the exam. The county examination lasted for five days, and he didn't need to help with the work at home. Tell him that your father has been waiting for his imperial examinations for more than ten years. Don't let your father down! You also have to tell him that if he doesn't pass this time and disappoints your father, I'll break his legs!"

Cai Xiaolian replied,"Yingluo, okay."

Parents are true love. Children are all accidents!

If it weren't for the fact that the four Gu siblings looked very similar to their parents, Cai Xiaolian would have suspected that they were picked up from the streets.

Seeing Cai Xiaolian's serious attitude, grandma Gu said, " "i want to settle the matter between fourth brother and xiaohuan this year. your father has also agreed. As Yingying, what do you think of xiaohuan?"

Cai Xiaolian's heart warmed. The old lady was treating her as her own family. She even told her about her brother-in-law's marriage."Mother, I quite like xiaohuan. she and fourth sister went to the lantern show by themselves last time and didn't go with us! I don't understand why they've dragged things out until now."

Grandma Gu said,'it doesn't matter how long it takes, as long as it's successful in the end. good things take more time! your father and i thought that you and xiaohuan were going to start up that furniture store, so we set the date to be at the end of this year. Don't worry about the Family Matters. As for the seeds in the field, niannian is at home, and there's boss and Yuan. You just have to work with peace of mind. As women, we shouldn't just be helping our husbands and raising our children. We should have our own things to do. When I was young, I couldn't do anything else. Hunting was also my business, but I saw that you were quite capable. You're already 32 this year. While you're still young, do more things you want to do. I'll take care of the children at home and in the fields for you."

Cai Xiaolian's eyes were a little sore. She couldn't help but sit on grandma Gu's bench, reach out her hands, and hug grandma Gu. "mother, from now on, you're my biological mother!"

Grandma Gu's eyes froze. 'Oh my, what's wrong with this stupid girl? not only are her words so mushy, but she's also touching me now. Does she really think that I, the mother-in-law, won't teach her daughter-in-law a lesson?'

Cai Xiaolian hugged grandma Gu and felt that she was very reliable. She rubbed her nose on grandma Gu's shoulder. "Mother, in the future, you will treat me as your daughter and his father as your son-in-law, okay? I also want to be like third sister, with mother's support, bullying the child's father!"

Grandma Gu pried Cai Xiaolian's hand away finger by finger and said coldly, "If you have your third sister's martial arts, then go ahead and fight! If you break it, I won't look for trouble with you, and I'll even look up to you!"

Cai Xiaolian, "hehe."

Grandma Gu looked at her shoulder with a blank expression. "How old are you, and you're still running your nose! Get out, get out, I get a headache just looking at you!"

Cai Xiaolian wiped her tears and chuckled. "Alright, mother. I'm going out now. I'll work hard and fight to beat your annoying second son until he's convinced!"

She had also seen the snot on grandma Gu's shoulder. Grandma Gu liked to be clean, so she quickly ran away.

Grandma Gu looked at Cai Xiaolian's cheerful back, held her forehead, and sighed. Sigh, there's one more annoying thing!

Chapter 394 Tidying up the manor

On the second of February, the Dragon raised its head.

Gu shouxin and Cai Xiaolian planned to take their two daughters to the manor.

Their family went directly from the back mountain. It wasn't that they didn't bring others, but they wanted to go over and plant some flowers first before bringing others over.

The house and land deeds had already been obtained in the first month of the lunar year. However, since they were working with the Li family, the children did not have time to come and see it.

Gu Xin carried the small back that her grandfather had made for her that was suitable for her height and said as she walked, "Sister, you're so amazing! in less than a month, he already knew how much water a jade bead could be mixed with to make the crops grow! I've been holding on to it for three months and I still haven't found out! You only know how to throw pearls into the well."

"when you're my age, you'll be as good as me," gu nian chuckled.

Gu Xin replied, 'you make it sound like you're much older than me. Sister, you're only three years older than me. You're not even four years old. I've already passed my 11th birthday, and you're only 15 in six months!'

Cai Xiaolian looked at her two daughters and said with a smile, "Stop fighting. I'm already in my early thirties, but I'm not as smart as you! I'm so sad!"

"Mother is the stupidest among the four of us!" Gu shouxin said.

cai xiaolian glared at gu shouxin and said, "you've grown wings, haven't you?" I have our mother's permission to deal with you! Girls, who are you helping when your parents are fighting?"

Gu Nian and Gu Xin replied in unison, " "Help mother!"

Gu shouxin laughed and said, "that's only if you can catch up with me!" Come on, niannian, Xinxin, you've been standing on the plum blossom dome for almost two months, try and see if you can fly!"

Gu shouxin ran away after he finished speaking.

Cai Xiaolian: " girls, hurry up! We've caught up to your father. Let's let him carry us three on his back!

"Xinxin, you go. I'll stay with mother," Gu Nian said.

yes! Gu Xin nodded her head. sister, you protect mother. I'll go after father!

After she finished speaking, Gu Xin increased her speed.

Cai Xiaolian, "niannian, you can really practice Qinggong on this plum blossom dome?"

" i don't think it's the qinggong that you're thinking of, mother, " gu nian said. " but it does help with the strength of the legs. sister huihui doesn't even use the main entrance when she gets home. she just climbs over the wall. "

"I also want to try!"

Gu Nian looked at her mother from head to toe. "qianqian, let's work hard to earn money! We can all protect you. Besides, if you can't escape, don't you still have the four great killing weapons that grandma Xiao gave you?"

Cai Xiaolian said, "you brat, you're despising me!" I'll pinch your little round face!"

.....

The family quarreled noisily and arrived at Gu Nian's Manor in less than two hours.

Then, they began to divide the work. They paid attention to the proportion of the Jade Pearl water, while the other three removed weeds and counted the seeds.

It took a whole day to settle it.

Gu shouxin went to the stream not far away from the manor to catch fish and encountered pheasants and rabbits. Their family had dinner here.

After dinner, the family went back the way they came.

there's sand in that Manor. Just in time. After father is done with the county examination, we'll go to the prefecture city and buy some people. We'll be able to grow watermelons then. it was better to have a chat in the middle of the night, so gu nian began to talk about farming.

"Let's plant the seeds that we tried in Houyang Valley in the land beside the old mansion for Grandpa and Grandma! Let grandma Xiao and brother Yuanyuan take some to plant too!" Gu Xin suggested.

"You really don't forget about your brother Yuanyuan!" Gu Nian poked Gu Xin's head angrily.

"Because this seed was given to us by brother Yuan Yuan! Watermelons are also round, so they're especially suitable for brother Yuan Yuan to plant." Gu Xin said as she rubbed her head.

Chapter 395 Clear thinking

Xinxin, let me ask you. If you only have one watermelon seed, would you plant it for me or for your brother Yuan Yuan?" gu nian was jealous. she felt that her sister had been treating lu zheng much better recently.

gu shouxin recalled his jealous look when his daughter had called him stupid.

"Sister, why are you so silly? there might only be one watermelon seed! There are many seeds in a watermelon. I have one, so why can't I have more? even if there's only one, why would i give it to you? i'll plant it myself! I used a Jade bead to make the watermelon grow up in an instant. If I cut it open, wouldn't there be many seeds?" Gu Xin said.

Gu Nian,"Yingluo."

Gu shouxin thought,"I knew it. I'll definitely scold you for being stupid!"

Cai Xiaolian: " Xinxin, if you only have one bowl of rice, then mom and your brother Yuanyuan will be so hungry that they won't have any energy. This bowl of rice can only be eaten by one person. Who are you giving it to? "

Gu Xin was puzzled,'why is there only one bowl of rice? I have jade beads. Even if it's just a bowl of rice, my jade beads will be full after eating one!"

"what if you don't have any jade beads?" cai xiaolian asked.

"It doesn't matter if you don't have jade beads! I can climb trees and pick fruits from them. If I encounter silly pheasants like what brother Yuanyuan said, I can catch them! Besides, how could father let mother not have any food!" Gu Xin didn't think that this was a problem, but after she answered, she felt that something was wrong. father, mother, sister, why do you always compare yourselves with brother Yuanyuan? "

"we just saw that you're close to that brat zhou yuan, right?"

"Is it near?" Gu Xin was stunned for a moment before she replied, " brother Yuanyuan is very good! when we first met, he helped us beat people up at the gambling den. Later, he gave our family seeds. Sometimes, he also helped me and sisi scare those boys who bullied us. He always helped when I asked him for help. For example, last time, he took us to fight with more than a dozen of Zhang Xiaohu's older cousins. Later, he took me, sister Huihui, and sister sisi to deal with Cheng Rui. He took care of me, sisi, and our son like Huihui did. We all treated him like a big brother!"

"Father, mother, sister, can you not compare Brother Yuanyuan to me in the future? No one can replace you in my heart. You are the most important people in my life, irreplaceable!" Gu Xin said in a serious tone.

The transmigration trio:

he had been taught a lesson by the little girl.

The effects of the Jade beads were indeed powerful. Seeing how rigorous their little Xinxin's thinking was, she didn't fall for their tricks. Now, she also had her own ideas.

They probably wouldn't have to worry for a few more years.

"Father, mother, sister, I know that at the beginning, brother Yuanyuan was acting weird. Maybe we weren't familiar with each other at that time! Now that they were familiar with each other, he was quite normal and a very good big brother! Besides, brother Yuanyuan was grandma Xiao's grandson, and grandma Xiao and grandma had been good friends for decades. How could grandma Xiao be a bad person? The brother Yuan Yuan that grandma Xiao taught wouldn't be a strange person." gu xin added.

"You little girl, you're really good at disciplining people now!" cai xiaolian poked gu xin's face.

"Xinxin, I'll buy you more books after the exam in two days. You should read more! in the future, when you stand out, no one will be able to say that they can beat you!" Gu shouxin also said.

"Xinxin, if you have any thoughts in the future, you must tell me! I'm just like you, you're the most important and irreplaceable person in my life!" Gu Nian said.

Chapter 396 I can't be friends with you anymore!

On the fifth of February, Gu shouxin and his family went to the county.

The county examination was on the sixth day of the new year. On the fifth day of the new year, there were still some processes in the Yamen.

Originally, Gu shouxin didn't want to bring his wife and daughter. The county was not big, and he would accidentally meet the Cheng family. He wasn't afraid, but he didn't want his wife and daughter to be disgusted. However, the mother and daughter insisted on accompanying him.

as soon as he drove his donkey into the city, he met someone he didn't want to see.

"Sister niannian!" Cheng huaijin galloped over on his horse. He would always see Gu Nian first.

he only greeted the others after he got off his horse. " "Second uncle Gu, Auntie Lian, little sister Xinxin. I guessed that you would be coming today, so I've been waiting here for a long time."

Gu shouxin glanced at Cheng huaijin indifferently and did not say anything.

Cai Xiaolian looked at the child with a complicated expression.

To be honest, she liked the Cheng family's pair of twins, a boy and a girl. However, she felt a little pity for them because they were young and innocent.

Why did his father and brother have such impure thoughts?

Initially, she had thought that the Cheng family was just high and mighty. She did not expect that Cheng Rui would actually ask his fiancée to drug Gu Nian and then do what was already done.

so, she felt that it was a pity for this pair of innocent children.

“Second young master Cheng, although your family is the county magistrate’s, this County isn’t owned by your family, right? why are you blocking our way and not letting us enter the city?” Gu Nian looked at Cheng huaijin and smiled.

He also felt a burst of pity in his heart. Such a cute little boy, how could he be from the Cheng family?

Cheng huaijin didn’t know what to do. He looked at the Gu family pitifully.”Sister niannian, second uncle, aunt Lian, I didn’t know my parents and brother would treat sister niannian like that. i’ll apologize to you on their behalf, please don’t ignore me, okay?”

Gu Xin got off the donkey cart and stood face to face with Cheng huaijin, ” “Second young master Cheng, you’re already thirteen, an adult. Can you not do things like a child? Your parents and brothers don’t like our family, so why are you rushing here? You’re apologizing on their behalf? on what basis? There’s no point in apologizing, we won’t accept it.

You’re stopping my parents from acting like they’ve been wronged. Aren’t you making things difficult for them because you’re young? If your parents and brothers knew that I chased you away, they would say that my parents bullied you. If I don’t chase you away, are you going to let them think of the disgusting people in your family who bullied my sister?

You call my Sister Sister niannian, are you worthy? Do you think she’ll forgive your parents and brother just because you call her sister? Are you taking advantage of the fact that you didn’t do anything in there to make my sister unable to bear to scold you?

i’m telling you, that’s impossible. My sister is such a good and kind girl. Why should she be bullied by you? I’m telling you, I look down on your entire family!

Since you’re a child of the Cheng family, don’t ever appear in front of us Gu family again. The Gu family doesn’t welcome travelers. What Cheng Rui had done was not worthy of forgiveness! so, second young master cheng, please don’t come and talk to us.

My parents and sister are older than you, so I’m bullying you! I’m younger than you. If you disturb us again, I won’t be polite to you!”

After Gu Xin finished speaking, she returned to the donkey cart.

cheng huaijin was dumbfounded by this. why was the always gentle, soft, and adorable little sister xinxin so fierce?

At this moment, Cheng Huaiyu walked over with a servant girl. Her big eyes were filled with tears as she stood beside the donkey cart and looked at Gu Xin.

Gu Xin frowned slightly. She looked at her sister, then at Cheng Huaiyu. Finally, she got out of the car and pulled Cheng Huaiyu to the side.

Cheng Huaiyu looked at Gu Xin and pursed her lips to smile, but Gu Xin's words stopped her from smiling.

"Xiao Yu, I'm sorry, I can't be your friend anymore! Because your parents and brothers bullied our family. We can't be friends. In the future, don't think about me. I'll give you another candy." gu xin said as she took out a nougat from her purse. when she fed it to cheng huaiyu, she added a jade bead.

She silently said in her heart, I'm sorry, Xiao Yu! I hope that everything will be fine for you in the future!

Chapter 397 The second young master only has eyes for her

Cheng Huaiyu ran over to pull Gu Xin back. She pouted her lips and her tears kept falling as she shook her head vigorously.

Gu Xin's heart was in pain as she pried Cheng Huaiyu's hand away.

"Third young lady, don't chase anymore. Their family is full of mud, so why is third young lady playing with mud? Little Biao young lady will be here in two days, third young lady do not care about these bumpkins!" Two maidservants came forward to grab Cheng Huaiyu.

Gu Xin, who originally felt bad for him, left without even turning back after hearing this.

"Argh! Third young lady, stop fighting! Stop fighting!"

Hearing the voice behind her, Gu Xin couldn't help but turn around.

Xiao Yu, who was gentle and quiet in her heart, was now beating people up because others said bad things about her.

The quiet Cheng Huaiyu couldn't let it happen. Her beautiful little face was filled with anger, and the anger in her eyes was something that even her twin brother Cheng huaijin had never seen before.

Gu Xin couldn't help but cry. She took out the bamboo tube that she usually carried with her, opened the lid, and put five jade beads in. She then closed the lid again and ran over to stop Cheng Huaiyu, who was going crazy.

Gu Xin, " Xiao Yu, don't be angry. Drink some water. This is for you. You're not allowed to let anyone else drink it. Remember to drink it yourself! My father has an exam tomorrow and we have to go do something. You should go back with brother Xiaoyan!"

Then, he opened the lid and fed it to Cheng Huaiyu.

He secretly prayed in his heart,"Xiao Yu, Oh Xiao Yu, I hope that after eating so many jade beads and drinking the water mixed with five jade beads, you will slowly be able to speak."

Cheng Huaiyu allowed Gu Xin to feed her and drank the water obediently, looking at Gu Xin with a pair of big eyes.

Xinxin! Gu Nian called out to Gu Xin. Xinxin, let's go!

Gu Xin saw that the water in the bamboo tube had been finished, so she closed the lid and handed it to Cheng Huaiyu, " "Little Yu, this is for you. Don't get angry with those people, it's bad for your health! I hope you'll be healthy in the future. Goodbye!"

Gu Xin waved her hand as Gu Nian led her away.

Cheng Huaiyu still wanted to chase after her, but Cheng huaijin walked over and grabbed his sister. "Little sister, stop chasing. Sister niannian and sister Xinxin won't bother with us. one day, sister niannian and sister xinxin will know how sincere we are."

Cheng Huaiyu looked at her brother in confusion.

yes, " Cheng huaijin said. one day, we'll be best friends with sister niannian and sister Xinxin, just like we were before.

Cheng Huaiyu blinked and suddenly felt a little uncomfortable in her throat. She made a gesture, signaling her brother to take her back.

Cheng huaijin glanced at the donkey cart that was leaving. He let his younger sister ride on the horse while he led the horse back.

as for the two maidservants who had whispered about the gu family's identity to cheng huaiyu, cheng huaijin only shot them a look, scaring them so much that they didn't dare to get close and could only keep a distance.

"second young master is getting more and more terrifying! How long has it been? the second young master's aura is even more frightening than the eldest young master's!" Seeing that the two young masters were far away, servant girl a muttered to servant girl B.

"It's all because of that Gu Nian! I'm telling you, don't tell anyone else. Didn't the Gu family get into an argument with master, Madam, and eldest young master? that night, when the eldest young master was beaten to the point of peeing his pants. The next day, I accompanied third miss to visit eldest young master. In the end, the people around eldest young master were not around. Only second young master was in the room. I heard second young master scolding eldest young master, scolding him for thinking too highly of himself, scolding him for not being worthy of young lady, and then saying a lot of good things out of consideration! The way I see it, the second young master is the one who's smitten by Gu Nian, while the eldest young master is only after the Gu family's washing set." Servant girl B gossiped.

"Ah? Impossible! That Gu Nian is two years older than our second young master!" maidservant a asked in surprise.

"He's only two years older, what's there to make a fuss about? didn't you notice that no matter where second young master is, as long as gu nian is around, the first person he sees will definitely be gu nian? his eyes never leave gu nian." Servant girl B said.

.....

Chapter 398 There are so many things to worry about at such a young age

in the donkey cart, the family of four didn't speak. after a long silence, the donkey cart arrived at the alley where grandma xiao used to live.

gu xin didn't mention the incident with the cheng family and started talking about grandma xiao, " "dad, mom, why didn't grandma xiao come to our village earlier all these years? That way, grandma can keep her company, and she won't have to live here with granny Wang!"

Cai Xiaolian smiled and said,"your grandma has always come to the county!" besides, at that time, your brother yuanyuan hadn't come to taoyuan county yet. she was still thinking about your brother yuanyuan!"

Gu shouxin stopped the car and also said, " grandma Xiao's medical skills are brilliant. She's studying medicinal herbs here, just like your sister studying flowers and plants. If it wasn't for her grandson's appearance, she probably wouldn't have left this place."

Gu Xin nodded her head and then said hesitantly, " "Oh, I see! Then father and mother will stay here for the next few days. I'd better go back with sister!"

Gu Nian looked at Gu Xin in surprise and poked her. "So many things to worry about at such a young age!"

she didn't say what she was worried about, but she knew that her sister was thinking for her and didn't want her to meet the cheng family.

Actually, she didn't mind that much. She was a cold person and didn't care much about people other than her relatives and friends. To her, it didn't matter.

However, that pitiful Cheng huaijin indeed looked very pitiful. Also, Cheng Huaiyu's tearful eyes and speechless appearance really made people's hearts ache!

why was she born into such a family?

"The three of you can go back! I'll be fine here alone. I'll be back after the exam. Let's go in and say hello to granny Wang, then we'll go around and buy some things before you guys go back, alright?" Gu shouxin suggested.

"Alright! let's do this! Hurry up. This Taoyuan County has a good name, but at the beginning of this year, we were unlucky enough to come here. I probably don't want to come here for the whole year. father, both the capital and academy examinations are held in the prefecture capital, right?" Cai Xiaolian was no longer in the mood to shop. If she wanted to buy something, she could buy it in Zhou town. At most, he would just drive the carriage to the prefecture!

"yes, this year's capital examination is in april and the academy examination is in august. After the Academy examination, the village examination will be the entrance examination to the prefecture and the Academy examination. It will be held in March next year." Gu shouxin nodded and said.

"Father, if you pass the village examination, will you be going to the capital for the general examination?" Gu Xin asked.

"Right, I'll take you guys with me!" Gu shouxin said and knocked on the door.

Grandma Wang, who was next to grandma Xiao, opened the door after a while. She had already been informed that Gu shouxin would be coming over to stay in the next five days, and the room had been tidied up.

After entering the house, they put down the things they needed for the next few days and the family of four went out.

After eating outside, Gu shouxin sent the mother and daughter to the city gate without shopping.

"Father, you'll definitely pass! I believe you!" When they parted, Gu Xin even clenched her fist to cheer Gu shouxin on.

"Father, you can do it!" Gu Nian added.

"Dad, I won't say anything else, but I have high hopes for you!" Cai Xiaolian smiled.

"Good! Be careful when you go back. If there's any trouble, remember to discuss it with father and mother." Gu shouxin instructed.

On the way back, the three of them sat in the front and drove the carriage. They chatted all the way, discussing how their father would score. In the end, they came to the same answer. Gu shouxin would definitely score first. They should not think too much and wait for the news at home.

Chapter 399-such a coincidence

Because they didn't wander around the city much, it wasn't dark when they arrived at the village.

Walking to the village entrance, an old man dressed in plain clothes was sitting by the stone monument at the village entrance to take a break. He looked like he was sick and was in some discomfort.

The mother and daughter had never seen this old man before. He was not from the village at the crossroad. Just as they were hesitating whether to ask him about the situation, the old man spoke.

"May I ask if you have water in your car? can i have some water to drink?" The old man's lips were dry, and his voice was hoarse and weak.

"old man, you won't have to go far to find someone." Cai Xiaolian stopped Gu Xin, who was about to reply.

"Oh, really? I'm not familiar with this place, so I don't know. He thought that he would have to walk a long way to enter the village. this lady, can you bring me along?" The grandpa said with a smile.

"Old grandpa, let's go back and get a young man to bring you some water! We don't have any water in the car." Gu Nian said.

"Thank you very much, everyone!" The grandpa nodded.

As the donkey cart headed towards the village, Gu Xin turned around and asked in confusion, "Mother, sister, we still have water in the bamboo tube in our car, why don't we let him drink it?"

cai xiaolian said,'xinxin, although we're not in a remote area, it's still a little strange for an old man to suddenly appear here.' Grandma Xiao's house was at the entrance of the village. She would ask ah Yuan to bring her some water later. This old man seems to be thirsty. If he's sick, it won't help even if we give him water to drink."

Gu Xin felt that this wasn't right, so she said, " "Mother, what if we meet on the way and not at the village entrance?"

Cai Xiaolian said, "if we meet on the way, then we can't talk to him." Although we call him Grandpa, he looks even younger than Grandpa, doesn't he? He's an adult man, and he's asking us for help. He's just thirsty, not injured or suffering from anything else. what if he's a bad guy?"

Gu Xin pursed her lips and thought for a while, " "Mother, if it wasn't for the fact that this is the entrance to our village and brother Yuanyuan's house is not far away, I think we should still give him a bucket of water. With father here, we can give him a ride. Us three, mother and daughter, really shouldn't give him a ride."

Cai Xiaolian patted Gu Xin's head. Her daughter was still too kind!

The old man's eyes were not so pure. If he was really a sick old man, she would have given him water even if she didn't give him a ride.

The mother and daughter trio asked Lu Zheng to bring a large ladle of water over to see if the people were still there and ask if they were from the vicinity of the village.

Lu Yang went over with the water. The mother and daughter trio chatted with grandma Xiao in the yard, waiting for him to come back and see what was going on.

Not long after, Lu Zheng came back with an empty ladle.

"How is it?" Grandma Xiao asked.

" he's just a passer-by. he said that he came to zhou town to visit his relatives. he went out for a walk today and his old illness acted up again. he rested at the entrance of our village for a long time but didn't see anyone. " lu yang said.

"then you just left him there alone?" Grandma Xiao asked.

"It just so happened that his entourage arrived, so they brought him back to town." Lu Yang said.

"Such a coincidence?" gu nian laughed.

"Yeah, it's such a coincidence." Lu Zheng's expression did not change. by the way, niannian, I have a question about sweet potatoes. I've planted a few in Houyang Valley. Can you come over and take a look? "

gu nian was stunned. lu zheng was actually asking her a question, and it was about the sweet potato? Didn't his father explain it clearly to him before?

Chapter 400 is it for you to acknowledge your ancestors and clan?

Gu Nian followed Lu Zheng to his house, Houyang Valley.

"What is it?" Gu Nian looked at Lu Zheng.

I know that old man, " Lu Yang said. if my memory is correct, his surname is Qin.

"Qin?" Gu Nian was stunned. what do you mean?"

"Didn't your uncle's family go to the wedding? The old man just now was master Qin, who was looking for his family. He was seriously ill last year and did not come personally. I don't know why he came out personally this year. He looks healthy and without any problems."

Gu Nian's eyes were wide open as she blinked and looked at Lu Zheng in disbelief. "You're serious?"

"Really," Lu Zheng nodded. When I was carrying the water over, his attendant happened to be walking over from the direction of Zhou clan town. It wasn't far."

"Are you saying that his personal attendant is hiding at the side?" Gu Nian immediately reacted.

"I didn't say that. I was just talking about what happened when I went over," Lu Zheng replied.

Gu Nian remained silent for a while before looking at Lu Zheng. "Why are you telling me? This is about my mother, why did you call me to the side to talk about it?"

my grandma was chatting with aunt Lian just now, " Lu Zheng said with a smile. she'll definitely ask about it if I suddenly called aunt Lian away. You've said it yourself, this is aunt Lian's matter. What if aunt Lian doesn't want anyone to know? Moreover, if you tell aunt Lian about it, it might ruin her mood. I told you, you should pay more attention when second uncle is not around these few days. I think that master Qin should be staying at my great uncle's house, so he should come to the village."

Gu Nian rubbed his forehead and smiled at Lu Zheng. "Zhou Yuan, do you know about my past? I feel like you're a prophet!"

"i don't know anything about you, but it's something related to you," lu zheng said with a smile. however, you're no longer you, so these related things won't happen. So, do you want to know?"

gu nian raised her eyebrows. she had discussed this with her parents before. since lu zheng was a reincarnated person, he would definitely realize that the three of them were different from the three people he remembered. gu shouxin was still okay as lu zheng had never met him in his previous life. however, lu zheng had met cai xiaolian many times and would definitely notice the problem.

However, they did not intend to suppress themselves and pretend to be the original owner, even if it was to Lu Zheng, who had been reborn.

Since he knew that the three of them didn't transmigrate to the original owner, she didn't intend to keep it in her heart and not ask.

"Zhou Yuan, in your opinion, is master Qin really looking for my mother to acknowledge his ancestors and clan?" Gu Nian asked seriously.

The plot she saw in the book was already the meeting between the host and Xue Er. Before that, it was not described in detail.

The host and Xue Er met at the age of 19, but Gu Nian was only 14 when Gu Xin was sold in the book. In other words, Gu Nian did not describe in detail what she did in the five years between the two.

The original owner of the body had discovered that Gu Xin had entered a brothel. On the first night of selling her at the brothel, she had been bought by Duke Zhengguo's son, who had gone to Jiangnan to

investigate a case. After that, there was even a story about their relationship that had spread in Jiangnan.

After that, the original owner, Gu Nian, reminisced with Gu Xin and her sister in Jiangnan. She then got to know Xue Qianyu through Lu Zheng and seduced him. When Lu Zheng brought Gu Xin back to the capital, Xue Qianyu also brought the original owner, Gu Nian, to the capital and took her in as a concubine.

After that, they realized that Gu Xin could not enter the house. The mother and daughter still visited Gu Xin frequently.
