Chapter 411 Uncle Gu is being hunted down (1)

After the morning exercise, uncle Gu ran over.

"Big brother, have you eaten yet?" Gu shouxin was a little surprised. His big brother would not go out without eating in the morning, and he rarely looked so depressed and annoyed.

"Aiya, it's good that you're here, second brother! I'm afraid that it's not good for me to come if sister-in-law is alone!" Uncle Gu's eyes lit up when he saw Gu shouxin, and he jogged over.

then you didn't know that second uncle was back, but you're still here, aren't you? " Gu Hui, who was about to go home, rolled her eyes at her father.

"Huihui! You really don't care about your father at all!" Uncle Gu felt wronged. I just wanted to come to niannian's laboratory to hide!

"Father! I'm not scolding you, but what are you afraid of? Shenzhen is not afraid of a crooked shadow! You didn't do anything. If mother wants to make a fuss, then make a fuss yourself! No one's paying attention to her anyway!" Gu Hui said in disdain.

"I was thinking this! But your mother started crying early in the morning, and your grandmother asked us to get out together! Didn't I come out now?" Gu shouxin was really aggrieved. This time, he didn't do anything, but his mother still didn't help him, her son, and even asked him to get out.

He even suspected that his mother wanted to drive all of them away after the marriage so that they wouldn't be an eyesore to her!

"What's the matter, uncle? What's wrong with sister-in-law?" Cai Xiaolian asked as she heard the conversation between the father and daughter after changing her clothes.

"My wife said that I had an affair with widow Liu from the neighboring village! He wanted to hang himself last night, and he even wanted to hang himself together with ninren and en 'Zi! Was there something wrong with her? Even if I had an affair with widow Liu, wouldn't her death help me and her?" Uncle Gu asked in confusion.

Gu shouxin asked,"ran ran, then do you really have an affair with widow Liu?"

Cai Xiaolian also looked at uncle Gu in disbelief. She had never heard that her uncle had the habit of fooling around outside!

"Of course not! I'm not that kind of person. If she didn't tell me, I wouldn't even know which one is widow Liu. There are several widows in the neighboring village, and I can't even tell them apart. Besides, why would I have an affair with a widow?" Uncle Gu was anxious and quickly explained.

"Father, you don't have to say anymore. I'll say it!" Gu Hui pulled uncle Gu back and explained, " this was my mother's doing. A few days ago, she went to laugh at the widows in the neighboring village, saying that those widows were obviously unlucky. Not only did their men die, but their children were also not good.

She was smug to others, saying that her father was good to her Yingluo, that her son was filial, and that even if she had to endure it, she would still cry louder than others. In the future, she would have two sons by her side, and they would even be brothers, unlike those widows who did not have any sons. Even if they did, they would have one son and one father, and the brothers would fight against each other.

She even said that she had a good life, that her in-laws were good to her, that her sister-in-law was her elder sister-in-law, and that she could be the head of the Gu family!

He knew that she was being smug. However, when she said that her man had died and she had no son, wasn't that rubbing salt on the widow's wound?

look, a few of them joined forces and lied to my mother. They said that my father had slept with widow Liu. They were all witnesses. They even said when my father went there. It just so happened that my father was working alone in the fields at that time. No one could prove it to him!

My mother firmly believed in this and made a scene the entire night. Grandma hit my father with a shoulder pole. She was afraid that she would be hit by grandma too, so she stopped. In the end, when sisi and I came over this morning, she started again."

Chapter 412 Uncle Gu is being hunted (2)

"Ah? When did this happen? How come we didn't know?" cai xiaolian asked in surprise.

She went to the old house yesterday, but she didn't go in the afternoon. But she went the day before yesterday, the day before yesterday, and the day before yesterday. Why didn't she hear about it?

"Sister-in-law! Don't you know that your sister-in-law is like a lunatic now? He even wanted to kill me with his saber! He said he wanted to die with me. In any case, our parents have the second and fourth." Gu shouxin sighed.

"Sister-in-law, don't you care about the children?" Cai Xiaolian felt that Zhang Shi was probably very upset.

"She's already decided to give me and sisi to second uncle and second aunt to raise! Let Grandpa and Grandma take care of Enzi and ninren!" Gu Hui interjected.

"Don't be afraid, Huihui. I won't die with your mother!" Uncle Gu patted Gu Hui's shoulder.

"I'm not afraid," gu hui replied.

"Gu shouren, don't think that I won't dare to come over just because you're hiding in second brother's house!" At this time, Zhang Shi rushed in from the door with a vegetable knife.

"huihui, sisi, run!" Uncle Gu reminded his daughter, then ran to the pond and flipped into the long corridor.

"If you have the guts, don't run!" Zhang Shi chased after him, panting.

"If you have the guts, don't chase after me!" Uncle Gu said.

"Sister-in-law, sister-in-law, what are you doing? Let's talk this out, don't use the knife!" Cai Xiaolian also didn't approach, mainly because she was afraid that Zhang Shi's gaze wasn't accurate. It wouldn't be good if she accidentally hurt her, but she still had to persuade her.

"Second sister-in-law! I can't live like this! That bastard Gu Shouren is sleeping with the widow from the neighboring village!" Zhang Shi said, feeling wronged.

"How is that possible? I say, wife, if you don't have a brain, then you shouldn't use your brain to think about things. See, you've been tricked, and now you're trying to kill your husband!" Uncle Gu sat on the railing in the corridor and said in disdain.

"I'm stupid! You call me stupid every time! The other widows can testify for widow Liu and watch you get trapped for two hours! You weren't home that day, and you still wanted to lie to me!" Zhang Shi said.

"Two hours? You think too highly of me! Do I have two hours? You should know best how long I can live!" Uncle Gu said angrily.

Gu Shouxin and Cai Xiaolian thought, "big brother, you can say anything. Aren't you afraid of teaching the child badly?" And it was four girls!

Gu Hui thought to herself, "

Gu Xin and Gu Si blinked, 'what does two hours mean? Uncle (father) can't even sleep for two hours every day?

The Gu family was well-off, and all the children had their own rooms. They had been living alone since they were three years old, so there would never be any haughty moments between parents in their memories.

"You can't do it for two hours at a time, but you can do it for a few times in two hours."

"Sister-in-law!" Cai Xiaolian quickly stopped him. What was this? Why did he have to say everything?

Uncle Gu regained his senses and was stunned for a moment. He changed the topic and said, "Wife, I'll tell you! I won't trap a woman who hasn't married me. I have a bottom line. Also, even if I wanted to go out and look for a woman, I would have done so a few years ago. Look at you, your hair is messy, your face is like a plate, your neck is so thick, your arms are as big as my legs, and your belly is like a yellow bucket. If I were to despise you, I would have despised you even before you gave birth to Huihui. If I wanted to look for other women, Huihui would have a brother and sister! What right do you have to slander me! Based on what! Just because you are stronger than me? I'm not going to comply!"

Chapter 413 Uncle Gu resists

The more Uncle Gu spoke, the angrier he became. He walked out of the corridor and walked to Zhang Shi.

Zhang Shi's face and ears turned red from Uncle Gu's words.

“Wife, don’t think that you can be unreasonable just because you’re a woman! I can do it too! In our Gu family, men and women are the same! You’re slandering me, you’re bullying me! What did I say? You’re going to cut me with your saber! Did I counterattack with my saber?”

“You trust the woman from the neighboring village, but you don’t trust me! Do you really want me to go out and have a woman? That’s fine! I’ll go out and look for it! I’m telling you, I won’t look for those from the neighboring village. I’ll look for those who are fierce at scolding and fighting, have high combat skills, better-looking than you, and gentle. If you scold me, she will scold you. If you cut me, she will cut you! I’ll let the two of you go against each other! Do you want it?” Uncle Gu slowly snatched Zhang Shi’s vegetable knife and quickly retreated.

He patted his little heart, ‘finally, I took the knife down. I was really afraid that she would throw it at me.’

“Gu shouren, you, you dare!” Zhang Shi was stunned by uncle Gu’s words. She wanted to slash at uncle Gu, but found that she had no knife in her hand. She could only put one hand on her waist and curse with the other.

“I dare! As long as you continue to slander me and threaten me with a knife, I’ll go immediately!” Uncle Gu straightened his neck and said.

“You! You! You!” Zhang Shi pointed at uncle Gu, unable to speak.

“I, I, I, what’s wrong with me! Wife, you should be content! I’m such a good man in the world, but I fell into your trap at such a young age. You don’t treat me well and often doubt me. Is it interesting to you? Do you really think I’m an honest man who won’t do bad things? I’m just an upright person, my parents taught me well! I’m telling you, I’ve been married to you for more than ten years, and it’s not my parents “turn to discipline me. If I really become a scumbag one day, it’ll be your fault!”

my parents gave you a handsome, gentle, and positive man. It’s only been ten years, and you’ve turned him into a scumbag. Be careful, my parents won’t let you off! Uncle Gu said with conviction.

“You! “Wuwuwuwu waah waah!” Zhang Shi couldn’t win uncle Gu’s argument, so she squatted down and started crying.

In the end, because she was too fat, she couldn’t squat down and sat on the ground. She even burped.”Burp,” he said.

Gu Hui covered her face. She didn’t understand why her mother was doing this. She knew that she couldn’t win against her father every time and that she would always end up in a sorry state. If she had the time to learn from her second aunt and aunt Xiao Huan, why couldn’t she think of ways to earn more money?

“Hahahaha, Yingluo’s wife, look, I say you’re fat, I say you’re strong, but you always say I’m bullying you. I’m just telling the truth!” Uncle Gu threw the knife aside and strode forward to help Zhang Shi up.

Zhang Shi’s face was covered in tears and snot. She looked at uncle Gu and said, “You really didn’t sleep with widow Liu?”

Uncle Gu pulled Zhang Shi’s hand up with a look of disdain and used Zhang Shi’s sleeve to wipe Zhang Shi’s face.”I’ve already forgotten what widow Liu looks like. Although you don’t look that good in my

heart, I can still remember what you look like! I can't even remember that widow Liu, which means that she's so ugly that I don't even want to look at her. How can I sleep with her?"

Zhang Shi pursed her lips. These words made sense, but she felt uncomfortable listening to them.

Uncle Gu continued, "you know me. Other than you, I don't like ugly things." The things I like are all good-looking. The heavens have already sent an ugly thing to my side. There's no reason for me to look for an ugly thing! Don't be angry!"

After she finished speaking, she used Zhang Shi's other sleeve to wipe Zhang Shi's face.

Zhang Shi, "I'm not ugly!" I've put on weight after giving birth. She had to feed her child more. I have a slim figure when I was young!"

Uncle Gu: " yes, yes, yes. We have a family of six. You and your youngest son are the ugliest!

Zhang Shi, "hehe."

The second branch of the family thought, "I feel like I've been fed a bunch of smelly dog food by the first branch of the family!"

Chapter 414 Should we call our mother?

The eldest branch couple had raised their knives early in the morning, shouting about killing. In the end, the matter was resolved by uncle Gu's twisted logic.

The couple brought their daughters along for a free meal.

After the meal, Gu Hui and Gu si went back to change their clothes. After their morning exercise, their clothes were soaked with sweat.

Zhang Shi took the initiative to stay and wash the dishes, which shocked everyone.

"Niannian, Xinxin, you two can go ahead! I'm also tired from practicing martial arts in the morning. Go rest and play, and wait for Huihui and sisi to come!" For the first time, Zhang Shi smiled at the two children of the second branch. She was very gentle, but it was accompanied by her sorry face that was somewhat frightening.

"My wife! Those who were unaccountably solicitous were either evil or thieves! It's enough for you to torture me, but don't torture second brother's family!" Uncle Gu responded quickly.

"Her father, I just wanted to help. Father and mother drove us out, and second brother and sister-in-law gave us food to eat. We can't do nothing! Her father, go back with second brother and we won't scold you!" Zhang Shi explained.

Uncle Gu looked at Zhang Shi suspiciously, feeling that this person was thinking of some bad idea.

big brother, I'm going to talk to my parents about the exam these few days. Let's go! Gu shouxin said.

"Alright then!" Uncle Gu stood up and walked to the kitchen door. He turned around and said, " wife, don't say bad things about me!

Zhang Shi rolled her eyes and impatiently urged him, "I know, let's go! Don't disturb me!"

Uncle Gu then left with Gu shouxin.

Zhang Shi's intentions were too obvious. Cai Xiaolian didn't want to talk nonsense with her, so she asked directly, "Sister-in-law, just tell me what you want!"

Madam Zhang stepped forward and snatched the bowl from Cai Xiaolian's hand. She smiled and said, "Sister-in-law, I'll do it! Let me do it! Sister-in-law, niannian's cooking skills are getting better and better. Even the plain porridge she makes is better than mine!"

Cai Xiaolian laughed. niannian used to be very skilled in embroidery. She was born with this.

Zhang Shi, "isn't that so? I've watched niannian grow up, and I've always felt that she's a promising one."

Cai Xiaolian raised her eyebrows. It seemed that the Zhang family wanted her to help them a little too much!

Cai Xiaolian said, "sister-in-law, we're all daughters-in-law of the Gu family. If you have anything to say, just say it!" We're not people who like to beat around the bush. Don't we usually just say it out directly or scold it?"

Zhang Shi smiled awkwardly. How could she say it out loud? in the past, she would just scold him directly.

However, what his sister-in-law said made sense. It seemed that neither of them was the kind to hide their bad temper. If they were unhappy, they would directly scold him.

Zhang Shi suddenly found Cai Xiaolian pleasing to the eye and felt that she and she were the same kind of people.

Hence, he felt even more confident, sister-in-law! You saw it just now, your brother and I had a big fight. It's not our fault, it's the widows from the neighboring village who are here to cause trouble."

Cai Xiaolian looked at Zhang Shi and blinked. "So?"

"So, I plan to deal with them!" Zhang Shi's small eyes narrowed into a line.

Cai Xiaolian looked at Zhang Shi up and down. sister-in-law, it's not that I'm saying you're bad. With your body size, unless they stand still and let you flatten them, you won't be able to touch them.

Zhang Shi smiled, "I know!" That's why I'm asking for your help! I'll call Huihui and sisi, you call niannian and Xinxin, and we'll attack together!"

"Ran ran, do you want to call our mother?" Cai Xiaolian asked.

Zhang Shi was startled, and then nodded vigorously. "Good, good! But you have to tell mother, mother is more pleased with you."

Cai Xiaolian:

Chapter 415-sowing discord

This morning, Zhang Shi didn't return to the old house. She stayed in the second branch and pestered Cai Xiaolian to take her daughter with her to take revenge.

Wherever Cai Xiaolian went, she would follow. She was also very noisy. In any case, she was determined to stick to Cai Xiaolian. Sister-in-law, we are Yingluo. You have to help me. In the future, if someone bullies you, I will help you.

"Mother, just agree to eldest aunt! We sisters haven't moved around in a long time!" Gu Nian could not stand it anymore. She was getting annoyed. Her first aunt's voice was so loud that she could hear it clearly even in the laboratory.

"Didn't you guys just exchange a few moves with Li Muyan a few days ago?" Cai Xiaolian said.

"Mother, let's help eldest aunt! Those aunties next door are slandering our uncle! First uncle was such a good man, why should he be slandered! Uncle is a man and doesn't bully women, but we're all women!" Gu Xin said. Her purpose wasn't to help first aunt, but to help first uncle vent his anger.

Gu Hui and Gu Si did not try to persuade him.

"Alright, you guys can go back to your work!" Cai Xiaolian waved her hand.

"Sister-in-law, niannian and Xinxin have both agreed! Let me tell you, widow Liu and the others are still talking bad about you. From what they said, they are still thinking about your second son!" Zhang Shi incited.

"Sister-in-law! In the past, his father drank and gambled, so who would miss him? Do you feel that you have too much silver in your hands?" Cai Xiaolian was speechless.

"Sister-in-law, don't be so bad! I'm telling the truth. That group of women was secretly discussing men! Have you forgotten that Sun Yumei lost her baby because she chased him to the neighboring village and found out that her man and widow Liu had a huge argument, but it didn't end well? Those women, their men are dead, and they don't have any sons. They're all bad!" Zhang Shi thought that Cai Xiaolian didn't believe her, so she anxiously said, "there's a man with the surname Wan who said that second brother looked like her dead man. He said that second brother has become a little different since last year. He also said that you're not worthy of second brother, and that you can't even give birth to a son.

Cai Xiaolian stopped smiling and looked at Zhang Shi.

Zhang Shi continued, "if they can lie to me today, they can lie to you tomorrow. It's not easy for you and second brother to stop quarreling. I don't believe that you can tolerate others telling you that second brother is sleeping with another woman, and that there are several witnesses. Their mouths are so venomous, even more venomous than mine. They even cursed you to death! If you die and your second son can still marry, I can only curse you to not give birth to a child."

Zhang Shi covered her mouth and patted herself. How could she say it out loud?

He was clearly going to persuade her, so he wouldn't be unwilling because of these words, right?

Cai Xiaolian asked, "sister-in-law, are you sure they're really cursing me?" Do you want me to follow Gu Shouxin after I die?"

Zhang Shi nodded her head wildly, "of course!" Why Would I Lie to You? One of the widows used to be from our village, but she married into another village. That Cuihua from the Dou family, her man died in her early years, and she worked hard to raise her daughter. Now that her daughter went to the county

to be a concubine, her life was better. Now, she had other thoughts. Have you forgotten that she used to be like you when she was a daughter? she also chased after second brother.”

Cai Xiaolian searched through her memories, and there seemed to be such a person.

Seeing that she didn't speak, Zhang Shi continued, "Sister-in-law, Dou cuihua's daughter entered Lord Gao's door last year, which is our Taoyuan County's County Magistrate, Lord Gao. She had bragged before that her daughter would one day be promoted to the official position and she would be the county government's mother-in-law. Perhaps the second son would even beg her for the imperial examination. At that time, she could do that. You know what I mean! I can't stand her smug look, so I bragged about how well I'm living and scolded her!"

Chapter 416 Caught cheating?

my little Lian, my wise longing, I'm coming! At this moment, a familiar voice came from the door.

The girls in the laboratory paused.

Great, Madam li, who had brought along her seven-colored servant and insisted on unifying the four sisters, had arrived.

"Who is it? It can't be that he's calling for our girls, right?" Zhang Shi asked in surprise.

"Yes, sister-in-law. It was Madam li from the prefecture, the lady boss who had bought the suits made by the sisters. Sister-in-law, I have a guest here, do you want to go back first?" Cai Xiaolian said as she stood up.

"I'm fine! I'll go with you! I also want to see what the Furen of the prefecture looks like! Are they all the same as his third aunt's mother-in-law?" Zhang Shi didn't want to leave.

"Sister-in-law, bear with it and it's time to drink milk. If you cry from hunger and anger mother, you and eldest brother will be driven out again." Cai Xiaolian said.

"Aiya! Oh, right! I've been with you for so long that I've almost forgotten about my precious son! I'll come find you later then!" Zhang Shi smacked her head, stood up, and went out.

When she met Mrs. Li, she even nodded at her in a friendly way as a greeting.

"Sister Luo, are you alone today?" Cai Xiaolian asked with a smile.

"Little Lian, you're bad! You want my son to be bullied by your maids again!" Madam li glanced at Cai Xiaolian.

"Then, will he still look for my niannian to take responsibility?" Cai Xiaolian joked.

That's great, the four sisters also walked over.

"When he went back, he locked himself in the yard and ignored everyone, even his grandmother. I asked Chun, Xia, Qiu, and Dong, but he was pretending to be angry. In fact, he was studying the thing you discussed with him last time. Let's not talk about her! Come, this batch of jars is out. I brought them over for you to see. See if they're good. If they're good, I'll have people mass-produce them and send

them over at the end of the month.” Mrs. Li waved her hand, and red and purple behind her came over with a few bottles and handed them to Cai Xiaolian and the four sisters.

As soon as Cai Xiaolian and Gu Nian pressed on the shampoo, the shampoo inside flowed out. The mother and daughter looked at each other. Li Muyan was pretty good at using shampoo. Most importantly, he had found the right ingredients.

“Oh right, Huixin misses you. This time, I brought a piece of cloth for you. Isn’t the weather gradually getting hotter? The four of you are all pretty, so I’ll cut you out to make a new set of clothes. It just so happens that I have four nieces at home, and it’s just enough for each of them to wear!” Mrs. Li waved her hand again, and da Zi went to the carriage outside to bring in a beautiful piece of cloth.

“Second sister-in-law, second sister-in-law, something has happened!” At this time, fourth uncle Gu hurried in and ran to Cai Xiaolian with a panicked face.

“He’s his fourth uncle. What’s wrong?” Cai Xiaolian stood up and asked.

“Someone from the Yamen has come and taken second brother away! Second brother was at aunt Xiao’s house and was just about to come back when he met the Yamen people. Ah Yuan was also arrested! I don’t know what happened either. I just asked, and the people at the Yamen said that second brother cheated in the exam, and ah Yuan was an accomplice!” Fourth uncle Gu said anxiously.

“Did you tell father and mother?” Cai Xiaolian asked.

father and big brother went to the fields, while mother and aunt Xiao are at home. I just told them to come over. Mother asked me to tell you not to worry. She and grandma Xiao will go to the county to take a look at the situation first. You guys wait for news at home.” Fourth uncle Gu said.

“Ha? Cheating? Zhou Yuan’s help? Lord Cheng, do you think you’ve been wearing the black gauze for too long?” Gu Nian chuckled.

Everyone looked at Gu Nian.

fourth uncle, you should go and tell Grandpa and uncle. I’ll go find grandma and go to the city with them. I’m the cause of this. Gu Nian said.

“Sister, I want to go!” Gu Xin held onto Gu Nian’s hand.

“Count me in!” Gu Hui stood out.

“And me.” Gu si grabbed Gu Nian’s other hand.

Chapter 417 Aren’t you afraid of scaring the scholars?

Madam Li regarded Cai Xiaolian as her younger sister, so Gu shouxin was her brother-in-law. How could she just stand by and watch?

She took Cai Xiaolian and her four sisters, and red and purple drove the carriage, leaving her own coachman at the crossroads Village.

The Li family’s coachman and fourth uncle Gu looked at each other.

"Brother, didn't you say that you were going to the fields to tell your old man and big brother?" The coachman reminded.

"Oh, right! This big brother, why don't you come with me? This second sister-in-law probably didn't expect Madam Li to not bring you along, so she locked the door!" Fourth uncle Gu looked at the tightly shut door and said helplessly.

"It's fine. My wife is always like this. I'll go to the village entrance and wait for the ox-cart, then I'll take it to the county. Tell your old man not to worry too much. My Madam's older brother is the brother-in-law of the Qing Prefecture's magistrate." The coachman said with a smile. He was afraid that the Gu family would be worried, so he added on. Every time Madam Li came to the Gu family, he would drive the carriage over. He could see Madam Li's attitude towards the Gu family. She really treated Lady Cai like a sister.

"Alright, I'll follow my father. Big brother, do you remember the way to the village entrance? Do you want me to send you there?" Fourth uncle Gu heaved a sigh of relief and said politely.

"I remember! He had come a few times. You should quickly tell the old master!" The coachman waved his hand.

"Then I'll take my leave first!" Fourth uncle Gu nodded and went directly to the field from the second branch.

The carriage driver slowly made his way to the village entrance.

.....

In the county government's carriage, Lu Zheng and Gu shouxin sat opposite each other. There were two bailiffs on each side of them, and two bailiffs outside drove the carriage.

"Second uncle, do you want to pee?" Seeing Gu shouxin's calm face, Lu Zheng was very curious, so he asked.

Just now, the bailiff had seen him and Gu shouxin at the door of his house. He had told them the charges and wanted to arrest them. He had wanted to resist, but Gu shouxin had pulled him.

The two of them followed him obediently, but Gu shouxin didn't let him know in advance. He was really curious in his heart!

He knew that it was impossible for Gu shouxin to cheat and that it must have been the Cheng family who had framed him. But why didn't you say so in advance with such a calm look on your face? You won't even let me resist.

"Stinky brat, don't play any tricks!" The bailiff beside him drew the large blade at his waist and pointed it at him as he spoke fiercely.

"Brother, you're holding a big saber and you've scared my nephew! Please take it back!" Gu shouxin glanced at the man.

"Hmph!" That person coldly snorted and didn't keep his promise.

"Ah Yuan!" Gu shouxin smiled.

"Second uncle, speak! Are you going to pee?" Lu Zheng asked, his spirits lifted.

Gu shouxin's mouth twitched, "you're the heir of the Duke's public house. Why do you pee so frequently?" You've been mistreated by your stepmother, and your body is weak?

"Shut up!" The man next to Gu shouxin pulled out a knife and glared at him fiercely.

"That's enough! You can just point the knife at me, but you still want to point it at my second uncle? Aren't you afraid of scaring the scholars?" Lu Zheng moved his body and looked at the Yamen runner who was pointing a knife at Gu shouxin.

Lu Zheng moved as soon as he finished speaking.

He kicked away the knife that was holding Gu shouxin, then grabbed the hand of the bailiff next to him, grabbed the big knife, and pulled Gu shouxin out of the carriage, " "Second uncle, if you have any plans, please let me know!"

The two of them stood outside the carriage and did not run. Lu Zheng held a knife. The few bailiffs were stunned by his move and did not dare to act rashly.

Chapter 418 Second uncle is really a good man

"Young people are really impatient!" Gu shouxin looked at Lu Zheng and smiled.

"Second uncle, what did you do?" Let people point out that I colluded with you to cheat? I'm not interested in the imperial examination and I don't even know where the examination venue is. If you want to trick me, you should at least tell me what's going on. "

Gu shouxin: " you already said that I cheated you. Why should I tell you what happened? "

Lu Zheng:

"You two, stop your nonsense! The fact that Zhou Yuan helped Gu shouxin to cheat is already a fact with witnesses and physical evidence!" The bailiff couldn't take it anymore and said.

He had never seen such savage people before. The Yamen had already said that they were going to arrest them, so it was fine if the two of them escaped. It wasn't like he had never seen fugitives before, but after they got out of the car after snatching the knife, not only did they not run away, they even started chatting.

This was completely disrespecting the brothers.

"Oh? A nail on the board? Then can you tell me the process? Let's see if the process of the crime you're talking about is the same as mine. Let's see if that dog official surnamed Cheng has found out! Don't get the wrong person!" Lu Zheng chuckled.

"How audacious! How dare you say that Lord Cheng is you? you, you dare to insult Lord Cheng!" The bailiffs didn't dare to say that they were dog officials.

"Fight? Let me see your strength?" Gu shouxin didn't treat himself as the party involved at all, but just like a crowd watching a show.

"Second uncle, you're looking down on me! You want to test my strength with these few people? No matter what, we have experience Fighting Tigers together. How can you insult me with someone who has such mediocre skills?" Lu Zheng could not take it anymore. Wasn't this an insult?

"You, who are you calling a three-legged cat? Do you still want to stay in Taoyuan County?" The bailiff who had his broadsword snatched away said angrily.

"He said you six." Gu shouxin said.

"Gu shouxin, you're a student. You'll be recorded for beating a Yamen runner in public. If you resist and become a fugitive, you will never be able to pass the imperial examination." Another bailiff said.

"I'm not running, I'll just watch from the side. You won't be able to get on the carriage if you're injured by him. I'll drive you back to the Yamen!" Gu shouxin laughed.

After he finished speaking, he pushed Lu Zheng towards the few people.

Lu Zheng,"your Grandpa!" Just say so before pushing it!

Beating up a few bailiffs was as easy as flipping his hand.

Gu shouxin looked at Lu Zheng's moves. This kid's swordsmanship training at night was not in vain.

The bailiffs of the great Zhou were not good enough. With their standards, the Yamen would be destroyed if a few more popinjays like Lu Zheng joined them!

Well, what's the first thing I have to do when I'm an official? Increase the strength of the Yamen runners so that my men are the most powerful within my jurisdiction!

Yes, it's decided.

Lu Zheng kicked them into the car one by one and walked over. "Second uncle, can you tell me now? What did you do?"

Gu shouxin shook his head and said,"it's no big deal." It's best if you don't know. You can just answer whatever he asks you later."

Lu Zheng,"Qianqian, can you tell me in advance before you screw me over next time?" So that I can be mentally prepared. You're going to the prefecture for the next exam!"

Gu shouxin replied,"you're not afraid of the prefecture, but didn't you already greet brother ye, who you're afraid of? What am I afraid of? I'm afraid that he'll please brother ye and deliberately give me the head position. That would be boring! Therefore, he would only do it this once. After dealing with the Cheng family, I won't have to worry about your second aunt and the other two when I go out in the future."

"Second uncle is such a good man now!" Lu Zheng gave him a thumbs up.

Gu shouxin thought,"don't think I don't know that you've scolded me in your heart before!"

Chapter 419 The Son of Heaven's item

taoyuan county had a history of hundreds of years from the previous dynasty to the present. this was the first time that the yamen wanted to catch a criminal and drove here by themselves, along with the yamen runners who were going to catch the criminal.

at the entrance of the court, the other people of the yamen were stunned.

"They hit you?" The constable stepped forward and asked.

Lu Zheng gave them a look and they did not dare to say anything. They all shook their heads.

They were beaten up badly by Lu Zheng just now. Although they were in court now, Lu Zheng might not do anything, but who knew what would happen in court?

master wanted to punish gu shouxin, and this young master zhou was just an extra.

Who didn't know that young master Zhou was old master Zhou's grandnephew? when the time came, he would definitely be redeemed by old master Zhou.

So, I'd better not say it!

They had all thought that Lu Zheng was only old Zhou's grandnephew and did not know how strong Lu Zheng was, so they were not afraid.

but now, she was afraid.

.....

Gu shouxin and Lu Zheng didn't wait for long before master Cheng arrived in his official uniform. Grandma Xiao, grandma Gu, and Madam li also came with Cai Xiaolian and the others.

in the hall, other than the commoners, there were also many candidates.

"Mighty!"

the entire scene fell silent.

When Cai Xiaolian and Gu Nian saw Gu shouxin's calm expression, they were no longer so anxious. Now that they heard this voice, they felt that anyone could come and watch a real case!

It wasn't strange to think about it. There weren't many entertainment programs in ancient times, so it was naturally good to be able to watch the fun!

"Who are you?" Lord Cheng was shocked.

"Woof! Master Cheng, my second uncle went to visit you last month and even cooperated with your Madam in business last year! And you still ask who is in the hall?" Lu Zheng crossed his arms, tilted his head, and smiled. His eyes were filled with disdain.

"impudent! I'm just and upright, I don't have any private property, so how can I cooperate? you, zhou yuan, why didn't you kneel before me?" Master Cheng glared at Lu Zheng.

"oh, i have a sign in my hand. my great uncle gave it to me and said that only officials of the second rank and above can kneel. i'm afraid that i can't stand it and will lose my black gauze!" lu zheng took out the birthday gift from the emperor, walked to the table, and waved it in front of master cheng.

Lord Cheng was so scared that he almost got up and knelt down. This was an item of the Emperor! No one in the great Zhou Dynasty would dare to take the risk of using the emperor's item to swindle people!

at this moment, lord cheng was extremely regretful. he knew that zhou yuan was old master zhou's grandnephew, so why did he still take the risk to involve him?

Fortunately, he did not intend to involve him too deeply. He was giving old Zhou and the Duke Zhengguo's mansion face.

However, old master Zhou had given this Imperial Gift to this grandnephew. It seemed that the rumors outside were true. Old master Zhou really intended to hand over the entire family business to the clansmen. This grandnephew was about to be adopted, and he would be a grandson in the future!

"Lord Cheng has seen it, so I'll lend it to my second uncle for a while. So, Lord Cheng, don't say that you're being presumptuous again. Why didn't you kneel when you saw me?" lu zheng chuckled as he passed the jade pendant to gu shouxin.

Gu shouxin raised his eyebrows. Did this kid trust his family so much now? wasn't she afraid that he'd take it away?

Did he know that he and niannian were the ones who beat him up that night?

Gu Xin also had a piece of Jade in her hand. It was a birthday gift from the Emperor. She did not expect it to be so useful. She decided to give this Jade to her father when she returned. At least her father would not have to kneel down to the officials in Qingzhou Prefecture.

Chapter 420-getting into character

Lu Zheng's words had already caused the commoners at the entrance to start discussing.

What kind of business did this Madam Cheng do with Gu shouxin?

Didn't they say that he cheated in the county examination? why did he suddenly talk about business?

Could it be that they had spread it to the wrong person?

"aiyo, this, i know!" Mrs. Li heard the aunty next to her gossiping, so she asked big red to join in.

thus, in a short while, the surrounding commoners found out that the increasingly prosperous drunken river restaurant was opened by the county magistrate's wife through big red.

In the past, drunken River restaurant's business was not good. After they cooperated with the Gu family, the Gu family developed a new dish, and drunken River restaurant's business was booming.

Also, the interior design of drunken River Restaurant was different from other restaurants. It was given by the wife of the candidate who was caught in the hall.

Da Hong and Zi even said that the skincare set was made by the Gu family. In the end, because they didn't want to work with Madam Cheng, Madam Cheng hated the Gu family. When the Gu family went to visit on the fourth day of the new year, they directly threw the thing out.

The commoners were all stunned. Was he forcing them to cooperate? What kind of logic was this?

The common people chattered non-stop, and Gu shouxin's mouth curled up. Well, this Madam Li was smarter than Madam Cheng.

"Silence! Silence!" Lord Cheng slammed the gavel a few more times, his lungs about to explode from anger!

The Gu family was really bold to make up such a thing!

"My Lord! This commoner has something to say!" at this moment, Mrs. Li stood up and walked into the hall.

Lu Zheng stepped aside silently. With Madam Li around, he could just keep his mouth shut.

"Who are you? What does it have to do with the cheating incident?" Lord Cheng frowned.

"oh, it's me! My family's sister-in-law and the magistrate are biological siblings. i can barely be considered a relative of the magistrate. Lord Yao has said that as long as this commoner doesn't commit any crimes, this commoner can not kneel in court. He will support this commoner!" Mrs. Li raised her chin and looked like she was bullying someone.

"Preposterous! The law states,"

"Lord Cheng, no matter how ridiculous my relative who is the magistrate is, he can't be more ridiculous than you! Don't think that I didn't hear it. People outside are saying that your family wanted to snatch the Gu family's bathing suit recipe, but you failed. The Gu family refused to obey. You're framing them! The imperial examination is a big deal, much bigger than the matter of money. You're cutting off this student Gu's path for the rest of his life! Isn't that right, student Gu?" Madam Li interrupted Cheng Daren's words and looked at Gu shouxin.

"Thank you for speaking up for me, big sister!" Gu shouxin cupped his hands with an aggrieved face.

"Aiyo! Wasn't this the logic! We all know how difficult it is to be a scholar, how can Lord Cheng be like this?" red said with a face full of pity.

"Isn't that so! what witnesses and evidence? I didn't hear any concrete evidence or witnesses just now. Maybe the Cheng family forged it to destroy the Gu family!" Da Zi said in grief and indignation.

cai xiaolian looked in surprise at the two famous people she had seen many times. they were so immersed in their roles. they acted very well as the aunt and young lady who stood up to help when they saw injustice!

"Nonsense! Ridiculous!" Lord Cheng was so angry that he hit the gavel a few more times. silence, silence!

"lord cheng is angry from embarrassment!"

“quickly shut up! Lord Cheng wants the constables to capture us commoners!”

“Dog officials are heartless, treating the people like dogs!”

“.....”

In the crowd, a few rough men’s voices grew louder and louder. When Lord Cheng sent someone to take a look, he found that they were all women. The men were either young or old, and they couldn’t make such strong voices at all.
