Chapter 71 a girl should be gentle

"What are you doing?" Gu Nianzhi snatched Gu Xin from Lu Zheng's hands. Lu Zheng had not expected the two women outside to come in. One of them was caught off guard, and Gu Xin was naturally biased towards Gu Nianzhi. Therefore, Gu Xin was taken away. He wanted to arrest them again, but Gu Xin blocked him with a pole. Don't ask why there was a pole on the ox-cart. When they were selling cakes in town, they would not drive the ox-cart to the entrance of the dim sum shop. At first, they used a basket to carry the cart, but as the number of people increased, they had to use a basket to carry the cart. Then, Gu Shouxin would carry the cart. "Look at you, you look like a dog. You're actually a kidnapper! Hey, take this, Old Gu!" Gu Nianzhi played with the pole like a Shaolin stick. Lu Zheng frowned. Why had Xin 'ER's sister become so barbaric? She had always been dark-hearted and did not have any martial arts skills! "It's a misunderstanding, a misunderstanding! I saw that uncle being besieged and wanted to take the little girl away from the battlefield!" Lu Zheng grabbed the pole and said. Gu Nianzhi looked at him suspiciously. "If it's a misunderstanding, then young hero, come with me to help my father. He's the uncle you were talking about!" She didn't believe it! Didn't Xin Xin still struggle and resist? "Okay!" Lu Zheng nodded. The situation had changed. It was obvious that his Xin Xin didn't want to go with him. She had changed her plan and wanted to get close to him first! Therefore, Lu Zheng followed Gu Nian into the battlefield. Cai Xiaolian had originally wanted to rush in with a knife, but she was worried about leaving Gu Xin by her side. She was also afraid that the mother and daughter would become Gu Shouxin's father and daughter's hindrance if they stayed behind. She brought Gu Xin to the door and held Gu Xin tightly with one hand, she raised the kitchen knife with the other hand. She had to keep her eyes on her surroundings at all times, especially if there were any helpers coming in from outside the door. With the addition of Gu Nianzhi and Lu Zheng, Gu Shouxin quickly turned the tide of the battle. He caught the leader of this group, brother Bao. This brother Bao's surname was Zhang, and he was Zhang Pipi's biological cousin. Furthermore, they had a very good relationship. Brother Bao was specifically in charge of the gambling house's debt collection. He was naturally very angry when Zhang Pipi and the others had been tricked into such a state when they were collecting debts at San Cha Kou village last time. He wanted to teach Gu Shouxin a good lesson after he returned the money. It would be even better if he did not return it. He also wanted to sell Gu Shouxin's family of four. Therefore, when Gu Shouxin took out the banknote and wanted to take back his loan slip, brother Bao did not take out the loan slip and even insulted him. He even attacked him directly. Before Lu Zheng came in, Gu Shouxin was still restrained because of Gu Xin. He was beaten several times and the corner of his mouth was bleeding. "Give me the loan slip." Gu Shouxin stepped on brother Bao's back and pulled his hands back. Brother Bao was lying on his stomach. "Bah! I went to your house to collect money. Your wife and daughter hurt their heads, so you extorted two taels of silver. Now that all of us are injured, the money on the loan slip is no longer enough!" Brother Bao spat out a mouthful of blood and said fiercely. He was not afraid at all. The gambling den was his territory, and he would do whatever he wanted now. When the other brothers came back, he would definitely cripple this bastard! "Still not returning it? If you don't return my shoulder pole, I'm afraid you'll enter the Palace!" Gu Nian stood beside Gu Shouxin with the shoulder pole and pointed one end at brother Bao's butt. She looked as fierce as she could be. Gu Shouxin, Cai Xiaolian, and Lu Zheng: "... What a fierce woman. Gu Xin didn't understand. What did

spanking her butt have to do with entering the palace. "Niannian, I need to be gentle. Let Daddy do this." Gu Shouxin took the shoulder pole with his empty hand.

Chapter 72: a five-man team

He was someone who had really been to the palace. He had a shadow. "Dad, I'm Sorry!" Gu Nianzhi had thought of this as well. She passed the pole to Gu Shouxin and stuck her tongue out. She had forgotten about the shadow of 9,000 years old. She would definitely take it easy in the future and not say that in front of 9,000 years old. "Uncle, he has the loan slip on him. You lift him up and I'll search him!" Lu Zheng suppressed the doubts in his heart and went forward to say. At this moment, some of the thugs who had been sent flying were planning to sneak away through the side door. Cai Xiaolian saw that the situation was not looking good and shouted, "Hey! Where are you going? !" With that, she even flew the knife she was holding to cut the cake in that direction. Of course, she was only bluffing. She did not aim at the person at all and was very far away. "Clang!" The knife was inserted firmly into the gambling table and even swayed twice. Cai Xiaolian had not expected the knife to be so useful. Gu Nian & Gu Xin: mother is so awesome! This knife swing was quite good! Lu Zheng & Gu Xin's henchman who was about to run away: "... " What a fierce woman. Gu Shouxin lifted her up, and Lu Zheng searched for the debit note on his body. It was indeed the original owner, Gu Shouxin, who had pressed his handprint on the card. Gu Shouxin searched his memory and found that the original owner indeed only had this debit note. The rest had all been repaid, and it was the old house that had helped pay it back. The gambling house's people did not dare to go to the old house to cause trouble. "Here's 300 taels of silver. Medicine money, don't think about it. You guys scared my daughter today. I'll take the debit note." Gu Shouxin placed the banknote on Big Brother Bao's body, he patted his face and revealed a gentle and harmless smile. "Oh, right, I also have to thank you for bringing your brothers to accompany me in a round of training." A family of four exited the gambling house's main door. Lu Zheng followed behind. "Little brother, thank you for your help today! It's almost noon now, why don't I be the host and reward you?" Gu Shouxin tidied up the ox-cart, cupped his hands to Lu Zheng, and smiled. "Okay!" Lu Zheng had originally said it politely, but he agreed without hesitation and even glanced at Gu Xin. Coincidentally, Gu Xin and Gu Nian were holding hands. Gu Shouxin and Cai Xiaolian once again felt that Lu Zheng and the original owner, Gu Nian, knew each other. Moreover, the young man's eyes were so passionate. He was probably the original owner's suitor! Gu Shouxin: not bad. He looks steady. Cai Xiaolian: a handsome young man. He's not a weak scholar yet. HMM, very good. Very cute. The two of them looked at Gu Nian at the same time. Gu Nian: "... " I bet, I swear, that this handsome young man is not interested in me. He is not looking at me, he is definitely not looking at me. The three of them did not think of Gu Xin. After all, Gu Xin was only ten years old. Although she had eaten better in the past few days, she was a little whiter than before, and looked a little fatter. There was a restaurant on the street next to the gambling den. The few of them did not ride an ox cart or a horse. Gu Shouxin held the ox in one hand and Gu Xin in the other. Gu Xin held Gu Nian's hand while Gu Nian held Cai Xiaolian's. Half of the street was occupied by this family of four. In addition, Lu Zheng was walking on the other side of the ox with another horse. Well, more than half of the street was occupied. Moreover, no one could see clearly from the back. This was a five-person ox and horse group! After walking for a short while, they arrived at the restaurant. The waiter took the initiative to help lead the horses and morning glory. Gu Shouxin very naturally carried the basket on the ox cart. As for the cake in the basket, he decided to sell it after dinner.

Chapter 73 stared at his sister

"Young Hero, you order, I'll treat." Once inside, Gu Shouxin let Lu Zheng order. Lu Zheng obediently ordered a few of his Xin Er's favorite dishes from his memory. "May I know your name, Young Hero? I'm Gu Shouxin, a member of the Zhou family town. This is my wife and daughter. I've been fated to meet you a few times in the Zhou family town. I didn't expect to meet you so fated today in the county town!" Gu Shouxin smiled at Lu Zheng, he then introduced himself. "Little brother, you can call me Auntie Lian. It's all thanks to you, little brother. Otherwise, we would have had to put in a lot of effort!" Cai Xiaolian said readily. "Thank you for your help, Young Hero! Gu Nian." Gu Nian did not want to waste her breath on strangers, especially someone her parents suspected she knew. "Thank you, Big Brother. I'm Gu Xin." Her parents and sisters had already introduced themselves. Gu Xin felt she should thank them as well. Gu Xin and Gu Nian were sitting on a bench opposite Lu Zheng. Cai Xiaolian and Gu Shouxin only felt that Lu Zheng was looking in this direction. subconsciously, they felt that he was looking at Gu Nian, and their hearts were even more certain. Lu Zheng turned his head and looked at Gu Shouxin. "Uncle Gu, Auntie Lian, my surname is Zhou, and my name is Yuan. I'm from the Yu Prefecture. Recently, I've come to the Zhou family town to accompany my great-uncle. But, what happened just now?" Lu Zheng did not reveal his real name. Only the head butler, second Butler, and Lucky knew of his identity in his grandfather's family. The other servants did not know that he was master Zhou's grandson and only thought that he was a relative of the Zhou family. It was not convenient to reveal his identity. The current him should be recuperating in the ancestral home of the Yu Prefecture of the Lu family. Zhou was his mother's surname and his nickname was Yuan Yuan. He said that his name was Zhou Yuan and that he was from the Yu Prefecture. This was not a lie. "So it was young master Zhou! What happened just now was exactly what you saw." Gu Shouxin nodded without any doubt. "Oh, I heard that someone in that gambling den used his wife and daughter to pay off the gambling debts. I wanted to see what kind of heartless person that was! I didn't expect it to be spread by others!" Lu Zheng laughed. The Gu family's transmigration trio raised their eyebrows in unison and looked at Lu Zheng. "Yes, father, mother, sister, Young Master Zhou was deceived. When she dragged me away just now, she said that you brought me here to use me to pay off your gambling debts. He said that he would take me away and not let me be bullied," Gu Xin said seriously. The three members of the Gu family looked at Gu Xin again. "I, this," Lu Zheng blinked and looked at her in a daze. "Uncle, Aunt Lian, this is all a misunderstanding. I also listened to the words of others and thought that I could save a little girl who was betrayed." Could it be that Xin 'ER's parents and sister were really not like what she had said before? But the news that he had found recently was indeed what Xin 'er had said? How could there be such a change in just a few days? Could it be that they had a new life just like him? If they had a new life, xin 'ER's mother and sister should know him! No, there must be something that he had not thought of. Lu Zheng looked calm on the surface, but in his heart, he was thinking of all sorts of strange ideas! "It's not uncommon for a gambling den to sell their wives and daughters. Young Master Zhou's pure heart really makes me admire you!" Gu Shouxin cupped his hands to Lu Zheng again. "I don't dare, I don't Dare!" Lu Zheng said humbly. "Drink tea, drink tea!" At this moment, the waiter came to pour tea. Gu Shouxin picked up the Teacup and invited Lu Zheng to drink tea. Lu Zheng had just picked up the Teacup and took a sip. Before the cup left his mouth, Gu Xin whispered in Gu Nian's ear, "Does Master Zhou know sister? Why are you always staring at Sister?"

Chapter 74 goes together

"PFFT!" Lu Zheng could not help but spit out a mouthful of tea. He could not help but spit out the tea, but he still deviated in a hurry. Otherwise, he would not be able to be together with Xin ER in this lifetime. Gu Xin was at a loss. She thought that she was only whispering to her sister, but in the end, it seemed that everyone at the table had heard her. Gu Xin wanted to explain herself after being asked, but Lu Zheng had made such a big move that she did not intend to explain. She stared straight at Lu Zheng. Gu Shouxin and Cai Xiaolian also looked at Lu Zheng. Even the little girl could tell. Young Man, you'd better admit it! From the looks of our eldest daughter, she was indeed a graceful lady. A gentleman would like to court her. Lu Zheng was a little embarrassed by the sight of the family of four. He raised his hand to the corner of his mouth and forced himself to be calm. "Uncle Gu, Aunt Lian, I just think that the two girls are sisters, but their looks are very different, so I took a few more glances." "Is that so?" Gu Shouxin and Cai Xiaolian obviously did not believe him. Young Man, you're still a little shy! "What's so strange about that. One of us is like a father, and the other is like a mother! Besides, our core hasn't fully grown yet! I say, Master Zhou, if you stare at the lady like that, others will misunderstand. In order not to bring trouble to the lady, you'd better stop staring at the lady in the future. If you hadn't helped us today, I would have thought you were a lecher," Gu Nian said rudely. Gu Xin nodded in agreement. She had thought that this master had taken a fancy to her sister and had been staring at them all this time. Naturally, she did not think that he was looking at her, because she was still young. Master Zhou was obviously the same age as her sister. She had seen the situation when her fourth uncle had gone on a blind date. Fourth Uncle had taken a fancy to that girl, and that was the look in his eyes. It was just that her fourth uncle had not succeeded with that girl that time, and she did not know the exact reason. "Sorry, I was rash! I Won't do it again in the future." Lu Zheng was depressed! How could they think that he was looking at Gu Nianzhi, this bad woman! In his previous life, he clearly remembered what Gu Nianzhi had done to his Xin Er. Gu Shouxin and Cai Xiaolian only looked at Lu Zheng and didn't say anything. "OH." Gu Nianzhi stopped looking at him and turned to look at Cai Xiaolian. "Mom, let's take the dregs of Hai Jiao and go to the shopkeeper!" "That's fine too. The third of US will go and take a look. Her father, you have a good chat with Master Zhou." Cai Xiaolian nodded and then looked at Gu Shouxin. She emphasized the word "Good chat" so that everyone could understand. Lu Zheng was depressed. He had made up his mind to secretly look at his Xin 'er in the future. Otherwise, if the two sisters were always standing together, others would definitely think that he was interested in Gu Nian. There must be no more misunderstandings. Cai Xiaolian took out a basin filled with dregs of sea pepper from her backpack and brought Gu Nian and Gu Xin to the shopkeeper. "Let your aunt cook some home-cooked snacks," Gu Shouxin explained and then asked, "May I know what year Young Master Zhou is?" "Uncle Gu, I'll be sixteen after the New Year." Lu Zheng did not hide anything. "Sixteen, you're about the same age as my eldest daughter." Gu Shouxin nodded and smiled. A son of sixteen and a girl of fourteen were a good match. "Uncle Gu, just now you said your name was Gu Shouxin. Are you from Sancha village outside the Zhou family town?" Lu Zheng decided that he could not go any further and quickly changed the topic.

Chapter 75 was not right

"You even know about this?" Gu Shouxin raised his eyebrows. A young man's Kung Fu was sufficient! "Uncle Gu, I happened to go to San Cha Kou village this morning. I went there to look for you. If you

hadn't told me just now, I wouldn't have known that I had already found someone!" Lu Zheng was helpless. He did not continue in the direction that Gu Shouxin was thinking and told him about what happened this morning. "Oh?" Gu Shouxin was confused. "It's like this, uncle Gu. My Great-uncle had his eyes on a piece of land behind Uncle Gu's house. It was about an acre. My Great-uncle had originally sent a butler to talk to uncle Gu. I happened to be free, so I followed him. In the end, Uncle Gu, you guys weren't at home. After that, I came to the county to play. Then, I ran into uncle Gu by chance," Lu Zheng explained. Although it was too much of a coincidence, he had no choice. He had to do this if he wanted to stay by Xin ER's side. "Land? As far as I know, there is only one family with the surname Zhou in the Zhou family town. If we name a town with that name, then is this family the one lacking land?" Gu shouxin observed Lu Zheng, trying to get a clue from his expression. "Uncle Gu, my great-uncle is indeed not bad. But he's a person who has to ask a warlock before doing anything. That Warlock said that if great-uncle wants to plant a large number of crops in his hands, he has to plant them in the land next to your house. He said that it's the right time, place, and people," Lu Zheng explained. What he said was also right. Master Zhou believed that warlocks were not a secret. It was just that Lu Zheng had bribed this warlock to say these words. "You still need to ask warlocks where to plant crops?" Gu shouxin could not help but be surprised. After all, he had never heard of such a thing in the dynasty he lived in. Lu Zheng nodded and did not say anything else. "Young Master Zhou, I'm sorry. I Can't make the decision on this matter. Although my mother has already given me a share, the land in the family has not been separated. Master Zhou still has to discuss this matter with my parents," gu shouxin said after thinking for a moment. "It's also the housekeeper's fault for not making things clear beforehand. She thought that you guys had split up and divided everything," Lu Zheng said. The two of them chatted for a while more before the waiter began to serve the dishes. Then, Cai Xiaolian and the other two mother-daughter trio also returned. They also brought a plate of stir-fried sea pepper along with them. "Everyone is served. Let's Eat! Young Master Zhou, try some of the fresh food our Nian Nian made. You're from the Yu Prefecture, so you should be able to eat spicy food." After Cai Xiaolian sat down, she began to prepare the meal for everyone. Lu Zheng sniffed. The taste was very good, and anyone who smelled it would salivate. However, looking at the red plate, even if it was decorated with green scallions and white minced garlic, Lu Zheng was a little afraid. He could not eat spicy food. His Xin Er had the same taste as him, and it was also relatively bland. However, Next, Lu Zheng saw his Xin er scoop a spoonful of whatever leftover sea pepper into the bowl. Then, she started to eat the fragrant white rice. The other three members of the Gu family were the same. Lu Zheng:"..." Xin 'er didn't eat spicy food. "Young Master Zhou, eat it! It's really delicious." Cai Xiaolian saw that Lu Zheng didn't even touch the dregs of sea pepper, so she strongly recommended it. "Yo, what's this dish of yours? It smells so good! What's its name? I don't think any of the dishes that the waiter pushed for me are like this?" At this time, a middle-aged man in a gorgeous paunch at the next table couldn't help but ask. "Oh, we brought this from home. We borrowed the kitchen to stir-fry it. I like the taste. It's very delicious!" Gu shouxin swallowed the food in his mouth and explained.

Chapter 76 was really fragrant

"Oh, it's homemade!" The Fat Man smacked his lips. He couldn't help but swallow his saliva when he saw that Gu Xin was already eating the second bowl. It was really F * cking fragrant! The people around Gu Shouxin and the others were in the same situation as him. They couldn't help it. They were too close to each other, so the fragrance drifted over. The shopkeeper saw the situation here and hesitated. He went

up to Gu Shouxin and said, "Sir, may I ask if the food you brought can be sold?" Originally, when they came, the family had agreed to directly ask the shopkeeper to sell the food and then use the kitchen to cook a plate for the shopkeeper to taste. But just now, Cai Xiaolian changed her mind at the last minute and only asked the shopkeeper to borrow the kitchen and some seasonings. They gave her money. After ordering a table of dishes, the shopkeeper was naturally willing. Although Gu Shouxin didn't know that Cai Xiaolian had changed her plan at the last minute, she had brought the dishes out so quickly just now. He also knew that it wasn't going according to the original plan, so.., at this moment, he was very calm. "It's okay if it's okay, but, shopkeeper, can we talk about it later?" "Yes, yes, yes. I'm sorry, sir. I've disturbed your meal. To express my apology, I'll send some snacks to this table. Please enjoy your meal!" When the shopkeeper heard that they could talk about it, he was relieved, then, he sincerely asked the waiter to serve a bowl of Tremella Goji soup and a cake. The tremella soup was a bowl for each person. The Tremella was thick, and there were old brown sugar and Red Wolfberry. It looked very delicious. The pastry was a very ordinary osmanthus cake. Lu Zheng was curious about the magic power of the dregs and sea pepper, so he couldn't help but scoop a spoonful of it to eat. "It really goes well with rice," Cai Xiaolian said when she saw that Lu Zheng had finally eaten the dish. Lu Zheng took a bite doubtfully. The spiciness was a little spicy, but it was acceptable to him, especially when it was served with white rice. Yes, it was delicious and fragrant! No Wonder Xin 'er, who had always had a light appetite, liked it so much. After the table of people had finished eating, the manager invited them to the reception room in the backyard. Seeing that the Gu family did not stop him from following them, Lu Zheng also shamelessly followed them. "May I know your name, Sir?" After sitting down, the shopkeeper asked the waiter to serve tea. "My surname is Gu, and I am the second son of the family," Gu Shouxin replied as he sat upright. Gu Nian and Gu Xin sat beside Cai Xiaolian, their bodies straight. Apart from the fact that Gu Xin looked a little nervous, the mother and daughter looked very natural. "My surname is Cheng. May I address you as second master Gu, Sir?" The shopkeeper could not quite tell who Gu Shouxin was. Although he was driving an ox-cart and carrying a basket that farmers usually used, he did not look like a farmer. There was also his wife and daughter beside him. The younger daughter might be a little reserved and rarely left the house, but the elder daughter did not look like a village girl. There was also his wife, who did not look like an ordinary village woman. The shopkeeper was very responsible. He had personally seen the dishes used in the restaurant, so he had come into contact with many vegetable farmers. This family didn't look like vegetable farmers at all, so he pondered for a moment and called them second master. It didn't matter. "Shopkeeper Cheng." Gu Shouxin cupped his hands. "Second Master GU, just now you said that we can negotiate. I wonder how many food sellers are there?" Shopkeeper Cheng cupped his hands and asked. "To be honest, shopkeeper Cheng, this food is made by my wife and my daughter. As for the price, why don't you negotiate with them?" Gu Shouxin smiled and said.

Chapter 77 I am a village woman

Lu Zheng saw something wrong again. This gambler actually spoke in a scholarly manner? His investigations in the past few days had indeed revealed that Gu Shouxin had read books. However, how many years had it been? Ever since Gu Shouxin had taken a wife, he had never touched a book. Why was it so sudden? "Manager Cheng, we are not people who beat around the bush. Let Me Be Frank! This food was originally made for one's own consumption, but it hadn't been made for a few days. The child was hungry, so he brought it along and thought of borrowing the restaurant's kitchen. "As for selling it,

we can do it. It's just that we, the farmers, haven't done much business before and don't know the price. "I wonder how much manager Cheng thinks our trash sea pepper should be worth?" Gu Shouxin changed the topic, Cai Xiaolian naturally followed up. "I would like to ask the Gu family's wife, can you cook anything else besides stir-fried meat?" Manager Cheng asked. "Manager Cheng, as I said earlier, we just made it. So, apart from stir-fried meat, we tried it with cabbage. As for whether it can be stir-fried or not, we'll have to wait and see," Cai Xiaolian answered calmly. She really wanted to say that the potato chips with sea pepper were her favorite. However, she didn't know where the potato was, nor did she know if Master Zhou had gotten it. Eh, Master Zhou? Zhou Yuan's great-uncle was also in Zhou town. If his great-uncle's surname was Zhou, then was Zhou Yuan from that family? Cai Xiaolian glanced at Lu Zheng, then looked at manager Cheng. Lu Zheng was baffled by this glance. "Lady Gu is right. I just went to the kitchen to take a look. In this dregs of sea pepper, apart from chilies, there are also rice noodles and some seasonings. The cost is not low. How about this, I offer 50 yuan a catty, how about it?" Manager Cheng pondered for a while, he said. Cai Xiaolian smiled and picked it up. She took a sip and didn't say anything. The scene immediately turned cold. Lu Zheng was a little surprised. In his previous life, Cai Xiaolian was a greedy and timid woman. She should be very happy with 50 yuan per catty! Why did she look like she was not satisfied. "Second master Gu, wife of the Gu family, give me a price! If you are not satisfied with the price, we can have a good talk!" After a long time, shopkeeper Cheng could not sit still and took the lead to speak. This couple was definitely not from a village, Definitely. "I'm sorry, Shopkeeper Cheng. I was just calculating my cost. I'm just a village woman. My brain is a little slow. I've made shopkeeper Cheng wait for a long time." Cai Xiaolian put down the Teacup and smiled embarrassedly. Shopkeeper Cheng: "... Are you trying to coax a little brat? "It's like this. Since shopkeeper Cheng has seen the ingredients used, I won't hide it. I believe shopkeeper Cheng knows the price of the Chili and rice better than I do! "Besides the cost of the materials, there is also the cost of labor. Making this requires a lot of effort on the part of our family of four. This should also be included! "Also, since it's a business, there must be a profit, right! "In addition, our food is fresh out of the oven. It Won't be eaten by others for a while, so we sold it to shopkeeper Cheng. Shopkeeper Cheng's restaurant is the only one in Taoyuan County "I'm a village woman. Actually, I don't know much about it. But I feel that manager Cheng's price is too low. It's not worth it!" At the end of her sentence, Cai Xiaolian smiled embarrassedly.

Chapter 78 what if he liked it too

Shopkeeper Cheng pondered for a moment. "Then what is the price in the heart of the Gu family's wife?" Cai Xiaolian stretched out her hand and made a one. "One hundred?" Shopkeeper Cheng was stunned, then nodded and said, "This price is also suitable. Although we don't have much profit here, the advantage is that it's fresh and can make money." Cai Xiaolian smiled and shook her head. Her index finger swayed left and right. "Shopkeeper Cheng, I mean ten times. The price you just said is ten times." Manager Cheng and Lu Zheng were both surprised. The other three members of the Gu family were not surprised. They were very calm. "Lady Gu, Are You... Are you kidding me? Ten Times? Five Hundred Wen? Five Hundred Wen can buy a lot of chilies and rice." Manager Cheng did not expect Cai Xiaolian to make such a big deal. How could she say it! "Manager Cheng, I have just calculated our account. Now I will help you calculate your account." Cai Xiaolian smiled calmly, "A plate of return pot meat is sold for 300 wen in your shop. "Return pot meat with dregs of sea pepper can be sold for 400 wen or more, while a plate of return pot meat with dregs of sea pepper can only be sold for two taels at most. "500

wen per catty. That's 50 wen per tael. "And if you fry dregs of sea pepper alone, a plate can only be sold for three taels at most. The cost is 150 wen. You can sell it for 200 to 300 wen. In other words, you can earn half the money." "Of course, the dregs of sea pepper is sold to you alone. The people of Yuzhou Prefecture, the capital of Qingzhou, are all fond of spicy food. Just now, you saw the customer who asked about the dregs of sea pepper in the hall. When the time comes, the number of customers who will come to eat for this plate will definitely be much more than usual! The benefits that will be brought are not small." "Her father, did I make a mistake?" After Cai Xiaolian finished speaking, she turned to look at Gu Shouxin. "Her mother, you didn't make a mistake. That's how you calculated it." Gu Shouxin nodded. "Two hundred Wen!" Manager Cheng still felt that five hundred Wen was more than what he had expected. After all, they were doing business, so it was common to lower the price. "Five Hundred Wen!" Cai Xiaolian was very determined. "Two hundred and fifty!" "Five hundred!" "Three hundred!" "Five hundred!" Manager Cheng was anxious, and his forehead was sweating. "Four hundred!" Manager Cheng added one hundred. After saying that, he wiped his forehead, not giving Cai Xiaolian a chance to speak, "Second master Gu, Gu's wife, don't make things difficult for me. Four hundred is my final limit. I Can't go any higher! Any higher and I really can't!" "Manager Cheng, what are you doing? It's like we're forcing you." Cai Xiaolian looked hesitant and then said, "How about four hundred taels! Sigh, it's not easy for everyone!" "Yes, yes, yes, yes. Lady Gu is right!" Manager Cheng heaved a sigh of relief. He wanted to curse in his heart. which village did this village woman come from? How could she speak so well? In the end, the two sides reached an agreement to deliver the goods once every three days. Each time, they would deliver 100 catties. Shopkeeper Cheng was worried that they would not be able to deliver the goods. He even stated in the agreement that if one side did not deliver the goods on time, they would have to compensate ten times the purchase price. The Gu family was not worried about this. After they planted the chilies in the later stages, they made a few more cans. After three days, they would be able to produce 100 catties. 100 catties was their limit. They couldn't rely on this to make money! "Father, mother, sister, we can give the cake to Uncle Cheng! Uncle Cheng bought our dregs of sea pepper. What if he likes the cake too? Our cake tastes as good as the cake just now." Manager Cheng sent them to the door, Gu Xin stopped and said crisply.

Chapter 79 must be innovated

The other three members of the Gu family looked at manager Cheng and felt that Xin Xin's suggestion was quite good. It was already afternoon, and it would be troublesome for them to find a place to set up a stall! Manager Cheng:"..." Was this how the village taught their children nowadays? They were really amazing! They said that it was a gift, but what if it was delicious? Wouldn't they let him buy it again? Forget it, forget it. Let's try it. I've never heard of this cake before. It's as fresh as dried sea pepper, so it's not a loss to try it. "Second master Gu, Lady Gu, this is your fault. You still have good things to hide. Are you trying to sell it to someone else? Then I won't accept it." Shopkeeper Cheng didn't wait for the two masters of the Gu family to speak and answered. "What shopkeeper Cheng said is right. Since shopkeeper Cheng doesn't mind, let's take a look together! Even if shopkeeper Cheng doesn't buy it, we are now partners. We can send shopkeeper Cheng off." Cai Xiaolian said as she led her people to the ox-cart. Shopkeeper Cheng only took a glance and was very satisfied with the food in the Gu family. The bamboo basket was covered with a white cloth and the top was also covered with a white cloth. After opening it, there were no visible stains inside. When the White Porcelain Bowl was opened, there was a cake inside. Cai Xiaolian cut a piece according to the size of the cake and gave it to shopkeeper Cheng.

Shopkeeper Cheng took a bite after taking it. "Well, not bad, not bad. If I'm not wrong, there are eggs, flour, and sugar inside, right?" Shopkeeper Cheng finished a few bites and then asked. "This can't be said explicitly. Shopkeeper Cheng, you have such a good mouth. If you say that you made it yourself, wouldn't that cancel out our business?" Cai Xiaolian said jokingly. "Her mother, shopkeeper Cheng isn't such a person. You Can't talk nonsense. Besides, the taste is far from what we thought of ourselves," gu shouxin said. "Brother Gu, don't tease me. Just because I can eat it doesn't mean I can make it! How much is the cake? I've bought it. You can go home early and make me some sea pepper!" Shopkeeper Cheng quickly begged for mercy. He couldn't argue with the couple, so it was better to end it early. One Yuan was 400 yuan, so they brought 20 yuan in total. Shopkeeper Cheng spent eight taels of silver to buy all of it. "If it sells well, you can sell it in the future." Shopkeeper Cheng paid the silver and had the waiter come to pick up the goods. He then looked at Gu Nianzhi and said, "Miss Gu, you can think of more food. Whether it's dim sum or leftover sea pepper, it's quite novel. But after the novel, it becomes dull. Only new products keep appearing, and the silver keeps coming." "Thank you, Uncle Cheng. I have a question to ask you, Uncle Cheng." Gu Nianzhi felt good about manager Cheng. "What do you think, Miss Gu?" Manager Cheng liked the two girls quite a bit, and the smile on his face became even more sincere. "Does Uncle Cheng know where to buy milk? If there is, I can make some new dim sum." Gu Nianzhi said. "Milk! Okay, how about this? Leave your address, and I'll find it and send it to you. If the new pastries come out, I only hope you can sell them to me, how about that?" Shopkeeper Cheng Thought for a moment and asked. He was very confident in this family of four. Gu Nianzhi looked at Gu Shouxin and Cai Xiaolian. "Of course!" Seeing that Cai Xiaolian did not object, gu shouxin nodded and said, "Thank you for today, manager Cheng."

On the way back, Lu Zheng was still with the Gu family. He rode on a horse, followed the speed of the ox-cart, and could even chat with Gu Shouxin. Previously, he had been mistaken for looking after Gu Xin, so he simply stopped looking at the Gu sisters and only chatted with Gu Shouxin, who was driving the cart. When they were talking about using their land to grow things, Cai Xiaolian could not help but interrupt. "Brother Yuan, can you describe the appearance of that thing to us? You people in the city have never seen it before. Maybe we in the countryside have seen it before?" They had already confirmed that Lu Zheng's great-uncle was the town's Master Zhou, the male protagonist's grandfather. This master Zhou was the one who had contributed potatoes, corn, and sweet potatoes. Perhaps this time it was him? Gu Nianzhi did not speak. She was recalling the plot in the book. Unfortunately, the book did not describe it too much. When Master Zhou appeared, he had already planted a crop of these things. Because of the large yield per mu, the emperor was shocked. Then, the male protagonist was able to return to the capital because of his grandfather, otherwise, he would have had to "Recuperate" in his ancestral home! Although the book did not say much about it, master Zhou's farming had absolutely nothing to do with the female protagonist's family! Either Zhou Yuan was not talking about those few crops this time, or the plot of the book was slowly changing because of the transmigration of the three of them. As soon as Lu Zheng described it, Cai Xiaolian and Gu Nianzhi were certain that this was the potato. Now that the potato had appeared, were the corn and sweet potatoes still far away? The mother and daughter were both thinking whether they should secretly dig up a few seeds and plant them in their own fields while the Zhou family came to farm. Wouldn't they have to add a few more dishes then? "This is only one of them. Second Uncle Gu, Auntie Lian, do you know each

other?" Lu Zheng asked after describing it. "This, I can't remember it just by listening to it. You should be able to know when you see it! Brother Yuan, do you think this is only one of them? Are there many crops that master Zhou doesn't know?" Cai Xiaolian asked curiously. "Did Aunt Lian promise to rent or sell the land that the Warlock said to our Zhou Family?" Lu Zheng didn't answer, but asked instead. "It's impossible to sell it. We have to go back and discuss it with our parents. How about this, Brother Yuan, you bring something tomorrow. We'll try our best to convince the old people at home today. We'll talk about it tomorrow, how about it?" They were about to arrive at San Cha Kou village, Gu Shouxin said. He sensed that Cai Xiaolian was very interested in this, so he did not reject her. After they agreed, Lu Zheng reluctantly separated from the Gu family. Once he left, before the group of three could speak, Gu Xin said, "Father, mother, I really feel that young master Zhou is looking at my sister. Just now, he looked at my sister with a reluctant gaze, like, um, like when Grandma was going out and Grandpa was sending Grandma Off." Gu Shouxin nodded. "I noticed that too! Although he was a little restrained and didn't look at Nian Nian openly, he still glanced at her from time to time." Cai Xiaolian also said, "This kid is pretty good. He speaks very politely and has an outstanding appearance. He matches our nian nian very well." Gu Nian: "!" "Father, mother, Xin Xin, stop talking nonsense. I don't like his style, really. Don't talk about it anymore in the future, or else I won't Cook Anymore!" Gu Nian did not feel that young master Zhou was very fond of her at all, the person involved in this matter actually had feelings.
