Chapter 91 was delicious. Do you want to eat it?

Butler he looked at Gu Shouxin in surprise. "Brother Gu, this seed is not easy to come by. Our master does not know the growth cycle and planting time. If you do not take care of it well, it will be hard to explain!" "Since the Warlock chose our land, it means that this crop is compatible with this land! Let's plant half and leave half. Let's give it a try. What if it succeeds? Then wouldn't there be more seeds?" Gu Shouxin said. Since the Warlock chose it, then I'll use the Warlock's words to reply to you! Since it couldn't be planted, it meant that the Warlock's cultivation wasn't high and had little to do with our family. Not to mention that Cai Xiaolian and Gu Nian knew these three things, even if they didn't, Gu Shouxin had already said so. If things didn't work out, he would be able to smooth things over. "Uncle Gu, this idea will work too! However, I want to make a request!" Lu Zheng didn't think too much about it. He knew the situation of these seeds. When to plant them, when to grow. He did not bring all the seeds over. Among these three, potatoes that were planted now would definitely be harvested next year. Sweet potatoes and golden rice were not planted in this season. However, it was not considered a mistake by the Gu family to plant the same thing. His initial goal was just to get close to the Gu family. He did not really want them to plant all three crops in one go. "Go ahead." Gu Shouxin raised his eyebrows and looked at Lu Zheng. "It's not impossible to manage uncle Gu's family, but I have to come every day to see the situation. Otherwise, uncle Gu will bring the situation of the crops to the town every day to tell me," Lu Zheng said. He dared to bet that with Gu Shouxin's lazy and gluttonous personality, he would definitely find it troublesome to not go to the town and let him come. Although, based on his interactions with this family yesterday, Gu Shouxin didn't seem to be that kind of person. "Alright! As long as young master Zhou is free, he can come over every day to see it. If he's not free, he can even send someone to ask! I hope young master Zhou can bear with me. I have to study here and prepare for the imperial examinations next year. Therefore, it's quite a waste of time to go back and forth to town and also help with the crops." Gu Shouxin saw that Cai Xiaolian didn't object, Gu Shouxin saw that Cai Xiaolian did not object, so he agreed. "What? The Gu brothers are preparing for the imperial examinations?" Second Butler he asked in surprise. Lu Zheng was also quite surprised. Imperial Examinations? This Gu Shouxin did not have any official title, right? He was already 30 years old, and he only started preparing for the imperial examinations? "Sigh, Young Master Zhou, second Butler he, to tell you the truth, my man has done a lot of unreliable things in the past few years, but when he was not married, he was also the person that the teachers in the school praised to be the most likely to pass the imperial examinations as an elementary scholar. "It's not too late to pick up the books now," Cai Xiaolian said as she helped. "Bang!" At this moment, there was a sound of collision from outside. "Ah!" At the same time, Gu Xin's scream suddenly came from outside. Almost at the same time, Lu Zheng and Gu Shouxin came to the door together. "Xin 'er! What's Wrong? What's wrong with you?" Lu Zheng grabbed Gu Xin's shoulder nervously, the worry on his face completely released. Gu Shouxin was a step too slow, but he was already ahead of him. He narrowed his eyes and stared at Lu Zheng. This Zhou Guy, Xin 'er, huh? "What's wrong? What's Wrong?" Cai Xiaolian was a few steps behind, and Gu Nianzhi ran out of the kitchen. The mother and daughter both saw Lu Zheng's worried look and his actions. "Boar, wild boar!" Gu Xin's hands were still shaking as she pointed outside the door. "Wow! What a huge wild boar. I was just talking to Xin Xin about whether there are any wild boars in the back of the mountain and when

I'll call uncle to go for a walk. Xin Xin also said it was delicious, do you want to eat it?" Gu Nian felt that something was wrong as she spoke, she looked at Gu Xin.

Chapter 92. She was out of her mind

Gu Nian looked at Gu Xin in disbelief. The image of the people who had cursed at her surfaced in her mind. The chosen one. She really was the chosen one! It was bad luck for her to be cursed at. If she harbored even worse intentions towards her, it would be very bad luck. For example, when the three of them had been kidnapped, hadn't Zhang been badly bitten by a wild dog? No one else noticed Gu Nianzhi. Seeing that Gu Xin was fine, they all looked at the wild boar. "Second Butler, young master, this fellow must weigh around 200 pounds! It's a good thing we came earlier. It would be terrible if we ran into him a little later!" The servant ran up to check on Gu Nianzhi and said happily. Gu Nianzhi gave him a sideways glance. You should be glad that I didn't talk to Xin Xin about the wild boar earlier. Otherwise, you would still have met him. "How did this pig learn to commit suicide?" Butler he muttered as he stepped forward to take a look. Indeed, it couldn't be any more dead. The few people in front of the door didn't know what to say for a moment. Gu Shouxin reacted quickly. He turned to Gu Nianzhi and said, "Nianzhi, go to the old residence and see if your uncle and fourth uncle are at home right now. If they are, pull the pig over and settle it with them. We don't have a place to kill the pig here either." Gu Shouxin's family had never fed pigs before, so they did not have a big stove or big pot. In San Cha Kou Village, there was a big stove for killing pigs. A big pot was used to boil the pig's fur with hot water, and then cut off the meat after it was shaved. The old house had always fed the pigs. Two pigs were kept every year, and two were sold. Although Gu Shouxin was not a butcher, he could now kill the pigs himself. The villagers would hire him to kill the pigs during the new year, so he did not need to hire a butcher from another village. "Okay, Dad!" Gu Nianzhi took a few steps forward and recalled the scene where young master Zhou had grabbed Gu Xin by the shoulder. She turned around and took Gu Xin with her. Gu Nianzhi felt that young master Zhou was very strange. She could not let Gu Xin get too close to him. "Sister, why do you think that wild boar crashed into our wall? Our wall has caved in, and there's a hole in it." Gu Xin asked as she walked. "Didn't you say you wanted to eat? Maybe he heard you and came to us of his own accord!" Gu Nian said in a joking tone, but she was observing Gu Xin very seriously. "AH? That's impossible! I wanted to eat before! Why didn't I have any?" Gu Xin looked confused. Gu Nian felt that she was overthinking things. This silly girl probably did not know that she was the chosen one! "Hahaha, don't think too much about it. Anyway, it crashed into our wall, so it's ours! I'll Cook Something Delicious for You Tonight." Gu Nianzhi stopped testing Gu Xin. Her sister was just a simple and innocent girl. She had raised her to be fair and chubby, so that she wouldn't be harmed by the male lead. "Oh, right, sister, that young master Zhou called me Xin 'er just now. It's so strange, I don't even know him well. He pinched my shoulder so hard just now." Gu Xin walked a few more steps and thought about what had happened just now, so she said in confusion. "What? He called you Xin 'er? and pinched your shoulder hard?" Gu Nianzhi stopped walking and raised her voice. "Yeah. No one called me Xin 'er. Everyone called me Xin 'Er. He's really strange!" Gu Xin added. "Xin 'er, ignore him in the future! Stay away from him. This Zhou Guy is probably crazy. The two of us shouldn't talk to him in the future. Let father and mother talk to him." Gu Nianzhi thought about it and instructed.

Chapter 93: the setting of grandmother Gu and fourth uncle

Gu Nianzhi had never seen the character Zhou Yuan in the book, but the male protagonist's grandfather was indeed related to the clan. If the male protagonist had not been of a high status, his grandfather's property would have definitely been taken away by the clan. Therefore, Gu Nianzhi had never doubted Zhou Yuan's identity. Now, she felt that Zhou Yuan was a little strange. If a warlock said that farming was best here, then it would be best to talk about renting. Why would he do something so puzzling. Although she did not know the reason, Gu Nianzhi was certain that there was something wrong with this Zhou Yuan. The two sisters were children, so they should stay far away from each other. If there was a problem, they could leave it to their 9,000-year-old father and powerful woman. "Fourth uncle, where are you going?" Gu Nian shouted when she saw Gu Laosi walking out of the house. "It's Nian Nian and Xin Xin! Have you eaten?" Gu Laosi stopped and asked when the two sisters came over. "Yes, we have. Fourth uncle, have you eaten?" Gu Nian nodded and asked again. "Yes, we have. Your grandparents are at home, so hurry up and go!" Gu Laosi smiled, thinking that they had come to look for grandfather and grandmother Gu. He was ready to leave after he finished speaking. "Fourth uncle, wait a minute. A wild boar suddenly came to our house. Father asked..." "What? A wild boar? Where are your parents? Are they hurt? Wait a minute, I'm going to call for help." Gu Laosi was so frightened when he heard the word "Wild boar" that he interrupted Gu Nianzhi and was about to call for help. "No, fourth uncle, it's dead, dead. It crashed into our wall and died on its own. Father asked us to come over and ask you and uncle to bring the boar over so we can deal with it here!" Gu Nianzhi quickly stopped him. That damned nephew of hers had focused only on the male protagonist and the male protagonist's family. He had portrayed the female protagonist as a pitiful little girl, and had also introduced the female protagonist's family simply. As a result, she had no idea what her family was like when she walked through the wall. It turned out that her fourth uncle was a little impatient! "Dead, Dead? And it crashed into the wall and died on its own?" Gu Lao si clearly did not believe it. "It's true, fourth uncle. I was so scared when I opened the door and saw it. I wouldn't have recognized her if I hadn't killed a wild boar before." Gu Xin quickly explained when she saw old four Gu was in disbelief. "A wild boar crashed into your house?" At this moment, grandma Gu also walked out when she heard the commotion and asked in puzzlement. "Yes, Grandma, it's a big one! It's slightly smaller than the one you killed that year." Gu Xin nodded. Gu Nianzhi: "...". What was going on? The female protagonist's grandma could actually kill a wild boar? Damn that darn nephew, what kind of setting was this! Even if you set it, you should write about it! Gu Nianzhi was sure that her modern nephew definitely did not write the outline of the female protagonist's character when he wrote this book. Her nephew was a unqualified author! However, she also understood that although this was a world in a book, everyone had their own flesh and blood, their own thoughts, and their own personalities. They were no longer paper people. "Fourth brother, put on the ox-cart and follow me. I'll go and take a look!" Grandma Gu knew that Gu Xin would not lie, so she decided to go and take a look for herself. Ever since second brother and his family moved out of the old house, she had never been there. Now that second brother and his wife had become better, it was a good opportunity for her to take a look. Thus, grandma Gu followed Gu Xin and Gu Nian to leave first, while fourth brother went to put on the cart. Uncle Gu went to the town early this morning to work. He was not at home, and Grandma Gu did not go. Gu Lao si really could not bring the pig to the old house alone.

Lucky was the only one standing guard at the door, while the other four entered the house. "Brother Lucky, did my parents go to talk business with your young master again?" Gu Nianzhi asked when she saw that no one was there. "Yes, Miss Gu. The young master asked me to stand guard here." Lucky looked suspiciously at Grandma Gu. Didn't they say they were looking for their uncle and fourth uncle to help? Why did they bring the old lady here? Grandma Gu looked at Lucky and did not say anything. She went up to check. "You two sisters wait here for fourth uncle. I'll go in and take a look!" After making sure that the wild boar could not be any more dead, Grandma Gu went into the house at ease. "Little Brother Lucky, I always thought that Master Zhou only had one daughter. Why did he hand the matter over to a distant junior now?" Gu Nianzhi decided to trick him. She wanted to see if she could get anything useful out of Lucky. Anyway, that Zhou Yuan was extremely abnormal. "Hehe, Miss Gu, you think too highly of the younger ones. The decisions of our master are not something that the younger ones like us can understand." Lucky scratched his head and put on a simple and honest look. "Then I used to go to the town to play often. I always heard that Master Zhou was always alone. Why did I suddenly think of bringing his distant relative's grandnephew to be raised? Doesn't Master Zhou still have a granddaughter and grandchild?" Gu Nianzhi asked again. She remembered that the male lead, Lu Zheng, had an older sister. He must have gotten married by now. The older sister and brother-in-law of the male lead had also been a great help to the male lead in the later stages. "That's right!" Lucky nodded. He did not suspect anything. This was no longer a secret in the Zhou family town. Everyone knew that their master only had one daughter. Back then, because of the Chili incident, the noble in the capital had taken a fancy to her. She had married into the capital and had given birth to a son and a daughter, she had died of an illness. "Then didn't Zhou Yuan come to take what should have been the Lu sisters' Property?" Gu Nianzhi looked like she was gossiping. "Hey! Miss Gu, don't talk nonsense!" Lucky looked into the room in shock, then he said, "Miss Gu, although the Lu family's young master and Miss have never come to the Zhou family town, our master visits them every year. If others hear what you say, they will think that our master does not have a good relationship with his granddaughter!" "But Zhou Yuan is clearly able to make decisions in the Zhou family! Could it be that because the young master and miss of the Lu family are not surnamed Zhou, they can't get the Zhou family's things?" Gu Nianzhi asked again. "Miss Gu, don't make things difficult for me. This kind of thing is not something that a servant like me should know." Lucky smiled bitterly. He was really bitter! There were people in the Zhou residence who were spreading such words! As someone who knew the truth, he really wanted to stand out and scold people. However, the master and Young Master had already told him to let them speak. The more they said, the better. In any case, he could not let anyone know that Zhou Yuan was Lu Zheng. He did not know what the master and Young Master were thinking. Why couldn't the relationship between his grandfather and his grandson be made public? Could it be that the young master's father was going to come from the capital to arrest them after he had said it out loud? Gu Xin looked at her sister and then at Lucky. She did not understand why her sister was asking about this. Did the Zhou family have anything to do with their family? Gu Xin tugged at Gu Nianzhi's sleeve when she saw the troubled look on Lucky's face. "Sister, I want some water." "Okay, go ahead!" Gu Nianzhi nodded. "Sister, do you want some? I'll bring it out for you." Gu Xin asked again. "Okay! Bring out a bowl for little brother lucky, he's sweating!" Gu Nianzhi said.

Lucky subconsciously wiped the sweat from his forehead and looked at Gu Nianzhi in horror. Gu Nianzhi crossed her arms and smiled meaningfully. There was something wrong with Zhou Yuan. There was definitely something wrong with him. He definitely had a motive for getting close to their family. This servant had performed well! "Miss Gu, Why are you making fun of me?" Lucky said aggrievedly, but his heart was on high alert. This miss gu must be trying to trick him into telling her something! She seemed to be particularly interested in his young master. He must not miss out on anything! "Hehe, Lucky, why don't we make another joke?" Gu Nianzhi asked with a chuckle. "No, no, no, I don't joke with you." Lucky felt that this pretty little girl in front of him laughed like a ferocious beast. It was so scary. "Lucky, is Zhou Yuan Master Zhou's grandson, the young master of the Lu Family?" Gu Nian asked with a smile. "Nian Nian, go get a knife and a rope. I forgot to bring them." At this moment, Gu Laosi came over with the ox-cart. He called out even before he got close. Gu Nian rolled her eyes silently. This impatient fourth uncle, can't you wait until you get here? I was so close, so close that I could see the servant's expression. There was something different in his eyes just now, but he was attracted by your voice. Gu Nianzhi was so angry! "Okay, fourth uncle!" Gu Nianzhi replied, then looked at Lucky. "How was it, Little Brother Lucky? Was I right?" "Miss gu really has a rich imagination. I have to tell this joke to my young master later," Lucky said with a smile. "Is that so?" Gu Nianzhi looked at him with a half-smile, then turned around and went in to get her things. "Phew!" Lucky patted his chest and let out a long sigh of relief. But before he could finish, Gu Nianzhi, who had walked to the door, suddenly turned her head. Lucky's movements froze. Gu nianzhi only glanced at him and didn't say anything else. She went into the house. The people in the house had almost finished talking. Now that they heard Gu Laosi's voice outside, they all planned to go out and help. At the entrance of the central room, Lu Zheng said he was going to the bathroom. Cai Xiaolian pointed him in the direction and he went over. Gu Nian was just in the kitchen picking up something. She saw Lu Zheng walking past the kitchen without looking away. She looked at Gu Xin and her eyes rolled. She had made up her mind. She ran out with a knife and a rope and handed it to Cai Xiaolian. Then she whispered something into her ear and ran out of the door. Everyone was preparing to carry the wild boar. Apart from Gu Shouxin and Grandma Gu, no one else paid attention to her. Gu Nianzhi ran around the courtyard wall from the front door and into the soil above the backyard ditch. She jumped down easily and sneaked in through the kitchen's back door. Just then, Gu Xin was at the front door of the kitchen. Lu Zheng had just entered the toilet and passed by the front door. Gu Xin remembered what Gu Nianzhi had said just now. She stayed away from the strange people, so she stood at the door without moving. She lowered her head, wanting Lu Zheng to leave first. "Xin, Xin Xin, did you get scared just now?" Lu Zheng's voice was very gentle. He spoke softly, as if he was afraid of scaring the Little White Rabbit away. He wanted to call Xin er again, but when he thought about how he had lost control just now, he decided not to call her that. "No." Gu Xin hesitated for a while, but still answered. "That's good," Lu Zheng said, and then he looked at Gu Xin. Gu Xin felt very uncomfortable being looked at like that. She pursed her lips and said, "Young Master Zhou, you're blocking my way." "Xin Xin, how are you doing? Have you been wronged?" Lu Zheng asked the question he wanted to ask the most since his rebirth. As soon as he finished asking, Lu Zheng's head was hit by a small stone.

Chapter 96: My Heart Hurts!

Lu Zheng looked in the direction of the pebble, but did not see anyone. "Master Zhou, are you okay?" Gu Xin felt that this was a guest who had been hit by a pebble for no reason. She should still be concerned. Although his words were strange, he did not dare to do anything to her in her own home. "What could

be wrong?" Gu Nian walked over from the kitchen's back door. She patted her hands as if they were ashes again. She walked to Gu Xin's side and pointed at her own head. "Xin Xin, didn't I tell you to stay away from people who have problems here?" "Oh, I got it. I'll remember it!" Gu Xin looked at Lu Zheng and hesitated for a moment before nodding her head. There was indeed something wrong with young master Zhou. Her sister was older than her and had gone out more than once. She had also seen many strange people. It was definitely right to listen to her sister. Lu Zheng:"..." Although he had not seen Gu Nianzhi bully his Xin'er yet, Gu Nianzhi was just as annoying as in his previous life! "Make Way!" Gu Nianzhi liked her little sister too much. She was so obedient that she took her sister's hand and left the kitchen. Lu Zheng took a deep breath and followed her. That pebble must have been thrown by Gu Nianzhi. Hmph, Gu Nianzhi, you'd better always be so good to my Xin'er. Otherwise, you'll die an even worse death in this life! As he thought of this, Lu Zheng looked at Gu Nianzhi's back with hatred. Coincidentally, the kind Little Xin Xin was worried that this strange young master Zhou would get angry at the sisters for saying that there was something wrong with his brain, so she couldn't bear to turn her head to look. In the end, she saw that this person was hating her sister. Gu Xin couldn't take it anymore. My sister wasn't wrong, you actually glared at my sister. Hence, her big eyes didn't want to be outdone and glared back. Her gaze seemed to say, "Annoying person, crazy person, if you glare at my sister, I'll glare at you too!" "Hiss!" Before Lu Zheng could retract his gaze, he saw that his Xin'er had turned her head to look at him and even glared at him. He was stunned. The result of being stunned was that he tripped over a small stone bag on the uneven ground in the Gu family's courtyard, the pain made him suck in a breath of cold air. He wanted to cry. His Xin'er had always only smiled at him. Her Bright Eyes would only reveal joy and attachment when she saw him. He had never seen his Xin'er glare at others. He had once thought that such a pair of beautiful eyes would look good even if she was glaring at someone. Now that he had seen her glaring at him, she still looked good. It was just that his heart was aching! "I say, Young Master Zhou, be careful! The land in our village is not as flat as the land in a rich family. Such a big person, and you even wrestle on flat ground. You're really outstanding! hehehe..." such a big commotion..., Gu Nian naturally turned around when Gu Xin suddenly stopped moving. She could not help laughing when she saw this scene. Lu Zheng stood up calmly and patted the dirt off his body. "Thank you for your reminder, Miss Gu." Gu Nian was definitely laughing at him in the end! "Master Zhou, Are You Alright?" Gu Xin asked. "I'm fine, Xin Xin." Lu Zheng gave Gu Xin a smile. Gu Nian raised her eyebrows. My Sister Is Miss Gu, and my sister is Xin Xin! HMPH, this lunatic is most likely Lu Zheng. I'll have to explain it to my parents later. The three of them arrived at the door. The wild boar had already been pulled away by Gu Laosi. Butler he was talking to Gu Shouxin and Grandma Gu about the future farming. When the three of them came out, they had almost finished talking.

Chapter 97: Was confirmed?

"Eh? Young Master, why is there a hole in your shoe and blood?" Lucky had sharp eyes and could see the problem on Lu Zheng's body at a glance. "It's nothing. I was hit by a rock just now. I might have caught it," Lu Zheng said calmly. But in his heart, he was cursing. My Toe, it hurts so much! "Young master Zhou might not be used to walking on our country road. Remember to be more careful in the future!" Seeing his expression, grandma Gu said indifferently. "Thank you for your concern, Old Lady. We've already discussed our cooperation. I've also kept the seeds, so I won't be long-winded. Uncle Gu, Aunt Lian, farewell!" Lu Zheng cupped his hands and said. "Take care, Young Master Zhou. When the seeds are planted, we'll go to the residence and inform them." Gu Shouxin also cupped his hands. Then, the whole

family watched as Lu Zheng, master and servant three, got into the carriage. After Lu Zheng got into the carriage, he couldn't bear to look at his Xin 'er from the window. He was afraid that the Gu family would suspect Gu Nian again. Another thing was that his feet were in too much pain, and his heart was in too much pain. "Do you want to go over and take a look?" After the carriage left, Grandma Gu looked at the four members of the Gu family. "Father, mother, the cake hasn't been steamed yet. There's only a little bit left. The three of us will finish it first. Let Xin Xin and Grandma go over First!" Gu Nian said first. This was the only chance she had. Otherwise, she wouldn't be able to voice her suspicions when Xinxin was home later. "Sister, I can help too." Gu Xin had gotten used to the whole family working together in the past few days, so she quickly expressed her stance. "What are you helping? Let your parents and sister do their own things. Come, Let's go with Grandma first." Grandma Gu pulled Gu Xin along and left. In the past, Xinxin was always busy with this family. Now that the other three big ones had things to do, let them do it. "Grandma, remember not to throw the water in, especially the pig intestines. I want that one." Gu Nian reminded her again. "Got it." Grandma Gu did not turn her head back and continued walking forward. Seeing that the grandfather and grandson had gone far away, Gu Shouxin and Cai Xiaolian finally looked at Gu Nian. Their gazes were very direct. What the F * CK is wrong with you? Why do you need the three of us to steam the cake? "Dad, Mom, I've made a huge discovery! Let's go, let's go back to the house and talk!" Gu Nian pulled one on each arm. Gu Shouxin and Cai Xiaolian looked at each other. Your cheap daughter is getting more and more used to it. She's getting more and more lively! She's also your cheap daughter! After expressing their intentions with their eyes, the family of three went to the kitchen. They were still seated in rows on the small stools in front of the kitchen door. "Father, mother, let me tell you, that Zhou Yuan is very likely to be the scumbag male protagonist of this book, Lu Zheng!" Gu Nian did not beat around the bush and directly told them what she had guessed and what she had said to Lucky. The couple was surprised, but there were many things that could be explained if they brought Lu Zheng in. For example, the person he was looking at was not Gu Nian, but Gu Xin. "Are you sure?" Nine thousand years old's eyes narrowed again, looking very dangerous. "I'm not sure, but I'm 80% sure. So, I just want to take this opportunity to discuss with father and mother, so that we can get his identity out. If he is Lu Zheng, then we can be sure!" Gu Nian said with a smile. "Nian Nian, that's not right! Even if he's Lu Zheng, why would he..." Cai Xiaolian seemed to have remembered something as she said this, her eyes widened in disbelief. "If he's Lu Zheng and he's here now, it seems like he's deliberately getting close to our family. Could it be that he's been reborn?"

Chapter 98 was awesome!

"Rebirth? Is He the same as us?" Nine thousand years old heard another new phrase. He suddenly remembered that he had forgotten something — Lu Zheng should not have known Xin Xin at his age. "Rebirth means that he has lived to a certain age, and has returned to the past after encountering an accident or a fortuitous encounter," Cai Xiaolian explained. Then she looked at Gu Nian. "Nian Nian, I think so, right?" "That's about it!" If he really was Lu Zheng, then he must have been reborn with his memories. Otherwise, why would he suddenly approach our family? It could be that the three of us transmigrated and affected his rebirth, or it could be that his rebirth caused us to transmigrate. Anyway, we can't be sure about that!" Gu Nian said. "In the book you read, what exactly did he do to our Xin Xin? What happened to him in the end?" Nine thousand years old asked. When the three of them had told the truth, they had always thought that the three of them would be able to protect Gu Xin from going down the same path as before and avoid running into Lu Zheng. Therefore, Gu Nian only gave a simple

explanation of the plot. They had not expected that something would happen to Lu Zheng. Wouldn't they have to carefully understand the plot? "I don't know what happened in the end. I only saw the ninth prince, who stood on the throne after the death of the female lead, ascend to the throne. His status rose, but I don't know how he died in the end. As for Xin Xin, didn't she end up in the flower house in Jiangnan? Because she was young, the Madam found out that she had a good foundation after raising her for a while, so she fed her well until she was 16. She planned to sell the first night at a high price and was bought by Lu Zheng "At that time, Lu Zheng was already 21 or 22 years old. The emperor secretly sent him to Jiangnan to investigate the corruption case. From then on, Xin Xin did not receive anyone else at the brothel. She only received Lu Zheng. It took Lu Zheng more than a year to investigate the case and crack down on the factions that had divided Jiangnan. In the end, he succeeded. He bought Xin Xin's life and brought her to the capital "After he returned, he received an important position from the emperor. Slowly, he was able to speak to his family. However, he did not bring Xin Xin home. He did not give Xin Xin a title and kept her outside." "Crack!" Speaking of this, Gu Nianzhi was suddenly interrupted by the sound of something breaking. She looked at Gu Shouxin's hand and saw that the fire stick had been broken. It was great, it was great! "An external room! He actually made my daughter an external room!" Gu Shouxin had completely immersed himself in his role and treated his two daughters as his own. Even though these things had never happened, they had existed before. He was furious. "Nine thousand years old, don't interrupt Nian Nian. Let her continue." Cai Xiaolian patted Gu Shouxin and said. "Okay." Gu Shouxin nodded. Gu Nian continued, "He was raised for six years. Lu Zheng was thirty years old. His father died and he became the guardian Duke. However, his stepmother had a son. His stepmother wanted to deal with him, but she had no way to deal with him, so she went after Xin Xin." "Lu Zheng thought that he had protected Xin Xin very well, but he didn't know that Cai Xiaolian and Gu Nianzhi had already found Xin Xin. They found her and contacted her. His stepmother promised a huge sum of money to get Cai Xiaolian and Gu Nianzhi to trick Xin Xin out, and then Xin Xin was taken away." "His stepmother threatened him to hand over the position of Duke, or else she would kill Xin Xin. Naturally, Xin Xin in the book told him to stay out of it." "His stepmother's son secretly wanted to humiliate Xin Xin, but Xin Xin refused to comply. Xin Xin had been with Lu Zheng for almost eight years, and the child she was pregnant with also fell during that resistance. When his stepmother's son saw that Xin Xin was bleeding profusely, he was scared away." "After that, his stepmother asked Cai Xiaolian and Gu Nian to come out and think of a way to lure Xin Xin into a trap. Lu Zheng knew and went to save Xin Xin. Unfortunately, it was too late, so he could only play along."

Chapter 99 the wolf in the Tiger's mouth

"In the end, Xin Xin drank poison wine for Lu Zheng and blocked the sword. She also gave Lu Zheng the evidence of his stepmother's family's rebellion that she had obtained from Lu Zheng's stepmother. Xin Xin died just like that." "This involved the fight for the position of Prince at that time. Lu Zheng stood for the ninth prince who was born out of the Empress. His stepmother and the third Prince's biological mother were sisters. "Therefore, Xin Xin did not slack off after she fell into the hands of his stepmother. She helped him gather a lot of evidence "Later, the ninth Prince became the crown prince, and Lu Zheng became a member of the Crown Prince's gang. After the Crown Prince ascended the throne, Lu Zheng became the leader of tens of thousands of people. "During this period, he did not take a wife. When the Emperor and others sent women over, he accepted them. Xin Xin's tablet said that she was Lu Zheng's wife "That nephew of mine is a pervert. He wrote many concubines for Lu Zheng, and they were all

given to him by others. However, he also wrote that Lu Zheng would not sleep with women after Xin Xin's death. In any case, he wanted to flaunt how infatuated the male lead was, and to hold a festival for the woman who accompanied him through thick and thin "As for the concubines, they either look like Xin Xin, or they can reach Xin Xin's level in terms of talent! The book said that there was a reason, and it would be written slowly in the later stages. I think it was flaunting his deep affection "So, why does he have to wait for people to die before he gives them a title? Why does he have to let a weak woman talk about so many battles and put her in danger in the hands of the enemy? He even pretends to do all that after that. Disgusting!" Gu Nianzhi despised people like this very much. "Oh my, Little Xin Xin is so pitiful. The male lead is terrible, and the original owners, Cai Xiaolian and Gu Nian, are terrible as well. I will definitely treat her even better in the future!" Cai Xiaolian wiped away her tears. She had already treated Gu Xin as her own daughter. Thinking about how Gu Xin ended up like this in the book, she felt her heart ache. "Crack!" One end of the fire stick that had already been broken into two was broken into two again by Gu Shouxin. "Father, mother, what should we do? If he is Lu Zheng, should we cancel the cooperation?" Gu Nian asked. "Of course! This kid is very thoughtful. Don't let him get close to our Xin Xin again!" Cai Xiaolian said without hesitation. "No." Gu Shouxin shook his head. "Nine thousand years old, we can't do this! We know he's a wolf, but we still let him come into our house to bite our Little Lamb!" Cai Xiaolian couldn't take it anymore. "He's a wolf, and now he's just a lone wolf! If we're Tigers, then he'll be a wolf in the tiger's mouth when he comes! Instead of letting him develop in secret, it's better to put him in front of us and keep an eye on him. A Wolf could not take away a little lamb that was protected by a tiger. Xin Xin was still young at the moment, and we could still raise her from a little lamb into a little tiger cub. "How can a tiger cub be taken away by a wolf?" Gu Shouxin smiled. No matter how Cai Xiaolian and Gu Nian looked at it, the smile was very creepy. "Mom, I think dad is right. He has memories, but we, Xin Xin, don't know anything. We're so good to Xin Xin now, and Xin Xin doesn't lack love. She Won't be deceived by him." Gu Nian thought about it and agreed with Gu Shouxin. Since he had already appeared, what was the point of going to the trouble of chasing him away? Unless the family of four moved. That was impossible. It wasn't easy to move in ancient times. "Also, we'll lure him here tonight and test him out. If he does, we'll put a sack over his head and beat him up. Dad, can you beat him up?" Gu Nianzhi turned her fist. "How are you going to lure him here?" Gu Shouxin asked instead of answering. "We'll get someone to tell him. He might not believe anything else, but we'll get someone to tell him that tonight, dad, you'll take advantage of the dark and windy night to sell us, mother and daughter. He'll definitely come! He must have thought so when we were at the gambling den," Gu Nianzhi said.

Chapter 100 was not worth it

"Yes, let's beat him up first to vent our anger. Let's vent our anger on our poor Xin Xin, who doesn't know anything." Cai Xiaolian agreed. "Father, what do you think? Also, can you beat him up or not?" Gu Nianzhi asked again when she saw nine thousand years' gloomy face. Nine thousand years looked at Gu Nianzhi and said calmly, "I'm thinking about killing him now. How am I going to escape unscathed?" Cai Xiaolian & Gu Nianzhi: "...". Were all the ancient people so individualistic? Killing him right away, as expected of nine thousand years old! The mother and daughter had never encountered such a direct method in modern times. "This, nine thousand years old! This is a bit risky! He's not some nameless person. Let's not talk about anything else, just take the Zhou family in town for example. Right now, he can crush us with a finger. It's better not to take risks," Cai Xiaolian advised. "That's right, Dad." "We

can't put our family in a desperate situation just because of him. We've finally lived a new life, and Xin Xin is still young. She didn't enjoy a good life in her previous life and this one. It's really not worth it to push our family of four into a dangerous place by herself." Gu Nianzhi also advised. "Okay." Gu Shouxin nodded and said, "Let's do what Nian Nian thinks. I'll go to town in the afternoon. You guys get ready later..." .. When the family of three went to the old house, Grandma Gu had already taken care of the wild boar. That's right, it was Grandma Gu who took care of it, not Gu Laosi. Gu Laosi was only there to lend a hand. Seeing that Gu Shouxin and Cai Xiaolian were not surprised, Gu Nianzhi could only suppress her surprise. What a fierce old lady. Grandma Gu had already arranged for the pork to be sold in half to shopkeeper Cheng, and everyone in the restaurant would buy it. For the remaining half, there was only one pork leg left in the old residence, plus ten pounds of meat. As for the rest, she asked her second wife to bring them all back. Zhang Shi, who was in the room during her confinement, was furious when she heard her mother-in-law's arrangement. Why? Why did she only need so little? I'm in the middle of my confinement. Can't I eat more meat? While she was muttering to herself, Gu Hui happened to enter the room to take something. Hearing her complaint, she said speechlessly, "Because that wild boar recognized the door and crashed into second uncle's house." "Hey, you damned girl, you..." "I say, mother, save it! You're having a confinement, did the milk not let you eat your fill or did it not let you wear warm clothes? Last time, if it wasn't for you running to second uncle's house to make trouble, would this little brother have been born before the month is up?" Seeing that her mother's cannon fire was about to come at her, Gu Hui hurriedly interrupted her and turned around to leave the house after she finished speaking. "Stupid girl, what's wrong with being underage? My Ren 'er is still very well-grown and has a loud voice! You, don't go, you..." Mrs Zhang wanted to scold her, but she left. The Gu family's premature grandson had already come up with a name. This time, it wasn't Grandpa Gu who came up with the name, but Uncle Gu. Uncle Gu immediately came up with the word "Ren 'er". At the time, he had said that he hoped that this kid wouldn't be as anxious as he was when he was born, he had come out in less than a month, so he had to endure everything. "Niannian, why do you want to go into the water like this?" Grandpa Gu asked in the kitchen, frowning as he looked at Gu Nianzhi who had just entered. "Grandpa, I was planning to use this to make delicious food!" Gu Nianzhi said. "AH? Sister, this heart, liver, and lungs are so fishy. The intestines and small intestines are so smelly! Can they be eaten?" Gu Xin stood beside Grandpa Gu, her little face scrunched up as well. As expected of Grandpa and grandson, when they made this expression, their facial features seemed to be similar.
