### Chapter 724 The Troublemaking Skyler

Rolling his eyes at her, Skyler gnashed his teeth while slightly raising his chin and motioning toward the direction of the bathroom. "Do you know who Garrick Brennan is?"

"Of course, I know who he is." If she had not known who Garrick was, would she have repeatedly approached him?

"How about his relationship with Sofia Green?" Dumbfounded, she asked, "W-What's their relationship?" "Garrick is Sofia's biological brother." "Biological brother? If so, why would they..."

The news came so suddenly that it stunned Shirley. "Are you trying to ask why they have different last names even though they are siblings? Ha. That's not something you should be bothered with, but remember, Garrick Brennan is not someone you can provoke, so keep your distance."

Actually, Skyler had planned to find her last night, but an accident suddenly broke out at the factory in Torrag city, so he immediately rushed to Torrag after leaving the Philwind Hotel. Therefore, he did not even have time to visit her.

The only thing he could do was to call her, but that damned woman would not pick up his call. Shirley fell silent.
