

## HC Chapter 361

Ye Yunla walked out onto the balcony with her phone in hand, her eyes cold and penetrating.

She tensed her lips and said coldly, "Chen Tianqian, if you stole my children tonight, do you know what price your Chen family will pay?"

"Don't play coy here, those two children are the seeds of my Chen family, I am going to take them back to the capital to acknowledge my ancestors, not steal them!" Chen Tianqian said angrily, "If you are sensible, you'd better take the initiative to hand over the two children, otherwise, you won't be able to live in peace."

Ye Yunla spoke indifferently, "Have you done a paternity test?"

"Do you still need a paternity test?" Chen Tianqian sneered, "You climbed into my bed five years ago, that's the nail in the coffin."

"It's better for people not to be so confident." Ye Yunla played with her fingers, "Do you know who the wild man was in my villa tonight, it was the president of the Fu Group, Fu Beijue."

"You really have hooked up with Fu Beijue!" Chen Tianqian was so angry that he gritted his teeth, "Do you really think that Fu Beijue will like you, a slut who has given birth to a child, he is just playing with you! If you follow me, sooner or later I will make you the wife of the Chen family!"

Hearing Chen Tianqian's arrogant words, Ye Yunla's patience ran out.

She spoke coldly, "Ye Jingzhan and Ye Yinyin are not your Chen family's seed, they are the bloodline of the Fu family, if you dare to touch the Fu family's children, you are making an enemy of the Fu family, can your Chen family forbid Fu Beiji's counterattack?"

"What are you talking about?!"

"Hasn't Mr. Chen seen my son, don't you think he looks exactly like Fu Beijue?" Ye Yunla sneered, "Robbing your son with Duke Fu Beijue, Mr. Chen is really courageous!"

After she finished speaking, she hung up the phone directly.

As long as Chen Tianqian had a little bit of brains, he should know that the Fu family could not be messed with.

Jing'er and Fu Beiji's features were similar in half a dozen ways, and when you compared them carefully, you would feel as if they were carved out of the same mould.

The Chen family should not send any more pestering people for the time being.

A sleepless night.

After breakfast, Ye Yunla drove the two children to kindergarten.

Ye Jingzhan sat in the back seat and thought for a while before asking, "Mummy, did someone come to the house last night?"

When he was sleeping, he had vaguely heard a commotion outside.

Ye Yunla smiled and said, "Didn't Uncle Fu come over last night and left after sitting for a while."

Ye Jingzhan pursed his lips and didn't say anything else.

"Tick tock."

His smartwatch suddenly prompted a message to come.

He glanced at Ye Yunla and saw that his mommy was driving seriously before he tapped the message open.

It was from K.

"Ye family boss, you're from Haicheng in China, right?"

Ye Jingzhan sent a nodding emoji over.

"Xiu Luo you know, the top three big guys on the bounty list, someone found him in Haicheng, you pay more attention."

Xiu Luo.

Ye Jingzhan knew this character.

This man was just like his name, wherever he went, it was a place of shura.

His asking price on the bounty list had reached a terrifying eleven figures .....

Ye Jingzhan turned off his smartwatch, none of this had anything to do with him, he was just a four year old kindergartener, there was no way Xiu Luo would come looking for him.

## **HC Chapter 362**

After watching the two children enter the kindergarten, Ye Yunla then drove to the office.

Just as she entered the office, Tan Jing came over and said in a lowered voice, "Mr. Ye, there's a very strange person in the office ....."

Ye Yunla raised her eyebrows and said, "Why is it strange?"

"He claims to be the boss of an overseas media company and wants to talk to Mr. Ye personally about cooperation, I told him to wait in the lounge first." Tan Jing continued, "He's wearing a mask on his face and looks strange, so Mr. Ye should be mentally prepared before he goes in."

Ye Yunla nodded thoughtfully.

She went into her own office to get the papers before knocking on the lounge door.

A low, dull voice came from inside, "Come in."

The voice, which was cold, was clearly auditory but somehow transformed into tactile, sending a chill down one's back.

Ye Yunla tidied her hair, pushed the door open and walked in.

There were two people in the lounge, an assistant standing on the side and a man wearing a silver mask sitting on the sofa.

The silver mask blocked two thirds of the man's face, revealing only a pair of dark, deep eyes.

Ye Yunla secretly speculated that this man's face should be injured, which is why he wore the mask despite the strange gazes of others .....

She blandly withdrew her gaze and said with a smile, "Hello, I am the general manager of Lara Star Technology Company, my surname is Ye, may I ask what your name is?"

The man's cold gaze slowly moved over, that sight, slowly landed on Ye Yunla's body.

Ye Yunla instantly felt as if she was being watched by a poisonous snake.

She involuntarily pursed her lips and took a step back on her heels.

"My surname is Fu." The man spoke in a deep voice, "You can call me Mr. Fu."

"Fu?" Ye Yunla froze for a moment, "Mr. Fu?"

"Pay as in pay, not Fu as in Tai Fu." The man corrected, his voice seeming to grow a few degrees colder again.

Ye Yunla pulled back her lips and smiled, "Hello Mr. Fu, may I ask what aspect of business you wish to discuss with our company this time you are here?"

The man raised his hand and the assistant standing behind him stepped forward, "I heard that your company has done a very outstanding job in the area of smart product chips, our company needs to design a smart chip, I wonder if your company will accept such business?"

"Of course." Ye Yunla was still smiling, "Which area specifically?"

"The human body smart chip." The assistant continued, "A chip designed to be embedded in a person's body that can accurately read various biological information about the person, or to go one step further and be embedded in the human brain to read the person's memories, emotions, intelligence, creativity, inspiration ....."

Ye Yunla, who had always been calm, couldn't help but reveal a shocked look at this point.

This project sounded, how did it sound like doing human biological experiments?

This is a project that is banned in the industry .....

"I wonder what Miss Ye would like to do?" The assistant asked respectfully after she finished.

Ye Yunla pulled the corner of her lips, "This is a project that goes against ethics and morals, I will not participate, please leave."

"This project is rewarding, half a year, just half a year, it will make you the richest man in Haicheng." The man spoke again, his voice sounded like he had walked around in an ice cellar, cold to the tip of one's heart.

His eyes were calm and waveless as he stared at Ye Yunla and said slowly and quietly, "I can give you a few days to think about it, no need to reply to me in a hurry, I'll come back to you next time."

After he finished speaking, he got up and headed out, the assistant behind him hurriedly followed.

Only after he left did the temperature in the lounge gradually pick up, and only then did Ye Yunla feel that the gloomy aura that had enveloped her dissipate considerably.

### **HC Chapter 363**

Fu's Group.

"Mr. Fu, he has indeed arrived in Haicheng."

Assistant Zheng placed a stack of photos on his desk.

Fu Beijue's fingertips traced over the photos, and a gloom gradually surfaced on his face.

He said coldly, "Apart from going to Lara Star Technology Company, where else did he go?"

Assistant Zheng shook his head, "He stayed at the bar all afternoon and hasn't come out yet."

Fu Beijiu picked up the lighter and slowly burned up the stack of photos on the table, the ghostly blue flames slowly engulfing the silver mask.

After processing the photos, he raised his wrist and glanced at the time, 5pm.

"The evening meeting is pushed."

He picked up his suit and headed out the door.

"Mr. Fu, the evening is the last quarter's work report, this meeting is very important ....." When Assistant Zheng chased after him, Fu Beijiu had already entered the lift.

He walked to the car park, pulled open the car door and sat inside, then sent a WeChat to Ye Yunla: "I'll be at your company in twenty minutes."

Ye Yunla was in a meeting and froze for a moment when she received this text message.

This man, what was he doing at her company?

She sent a question mark over.

"I promised Little Yinyin that I would pick her up from school today and we would go to kindergarten together."

Only when she saw the words from Fu Beijiu did Ye Yunla send back a "yes".

She put down her phone and finished her meeting summary before returning to her office.

She wrapped up her work for the day and then tidied up her desk, just waiting for Fu Beiji to come over before she could leave work.

Just then, her phone vibrated and it was Xie Zhirui calling.

“Yara, why didn’t you even tell me when such a big thing happened last night?”

Ye Yunla was stunned, “How did you know?”

“The security office called me to tell me what happened last night, otherwise I would still be in the dark.” Xie Zhirui said with a sigh, “I really don’t feel comfortable with you living there alone as a single mother with two children, otherwise how about this, you move in with the Xie family, with me and grandma around, others won’t dare to tell you what to do.”

That villa was the Xie family’s house, after the security office found out about the attack last night, they should have called Xie Zhirui.

Ye Yunla really didn’t think that this incident would be so bad that her cousin would know about it.

She said helplessly, “Grandma shouldn’t know about this yet, right?”

“How dare I tell grandma?” Xie Zhirui paused and said, “I heard from the guards at the security office that those two men in black were sent by the Chen family, didn’t your child have nothing to do with Chen Tianqian, why would the Chen family send people to trouble you?”

Earlier, Ye Yunla held a press conference to clarify the matter of the two children, Xie Zhirui naturally believed her cousin’s words.

Ye Yunla said as she gathered her documents, “Jing’er and Little Yinyin really have nothing to do with the Chen family, I’ve made this matter clear with Chen Tianqian, he shouldn’t come back in the future. I will protect Jing’er and Xiaoyin, and if I need any help in the future, I will be the first one to call you.”

Xie Zhirui paused for several seconds before speaking tentatively, “LaLa, can I ask who Jing’er and Little Yinyin’s real father really is?”

When he asked this, Ye Yunla fell silent.

“I’m sorry LaLa, this is your personal matter, I shouldn’t have asked this too much, just pretend I didn’t ask anything .....

“Cousin, it’s not that I don’t want to talk about it, it’s that I haven’t thought about how to say it.”

Ye Yunla leaned against the balcony window, her gaze unfocused as she looked out the window at the skyscrapers.

There are some things that one is bored with for a long time, so one especially wants to find someone to talk to.

#### **HC Chapter 364**

Her cousin had been so kind to her that she didn’t want to keep it to herself any longer .....

“Actually, four years ago, I gave birth to quadruplets .....

Once she said this, Xie Zhirui’s entire body froze.

There was actually a lot of news about this cousin on the internet.

A lot of people said that four years ago, LaLa died with twin children, but then again, he did see Jing'er and little Yinyin alive and well, so he always thought that what the internet said was a rumor.

But now, Kara said she had given birth to quadruplets?

Four children, only Jing'er and Little Yinyin were left, where were the other two, where did they go?

"I always thought the other two sons were dead, only in the past few days have I found out that those two children are not dead, they are alive and well ....."

Ye Yunla's voice trailed off.

This was the first time she had ever, told a second person about these past.

The darkness and past that had been piled up in her heart seemed to have sunlight faintly shining in only after she said it all.

Xie Zhirui did not interrupt her and listened to her quietly.

"Cousin, do you know, it turns out that I met them a long time ago, they were very close to me and I couldn't help but want to see them. I didn't understand why before, but now I finally know that this is the pull and bond of blood ..... No matter how the seas and oceans change, the power of blood cannot be cut, my son and I, will meet across half the world ....."

The office was quiet, with only Ye Yunla's hushed voice.

And outside her office, the sound of leather shoes snapping to the ground came to an abrupt end, and Fu Beiji was about to knock on the door when he heard words that shocked him to the core.

Sun Yan had asked about the two children, but Ye Yunla had denied them all.

She had given birth to quadruplets, she said.

She said that her two dead sons were still alive.

The two sons are still alive ..... Alive .....

For some reason, Fu Beiji's mind came back to Fu Ziyang and Fu Ziling .....

Some kind of bizarre speculation came up in his mind .....

Before he could think deeply, he heard the voice in the office ring out again.

"Jing'er and Little Yinyin's real father ..... It's Fu Beijue ..... The paternity test was done by Jing'er himself ....."

"Cousin, I know you're shocked, so am I ..... I don't want to confess this to Fu Beijue just yet, can you help me keep this a secret ....."

Fu Beiji's fingertips on the doorknob stiffened violently.

His dark eyes widened incredulously, a storm surging in the depths of his pitch-black pupils.

He turned around and left the Lara Star Technology Company.

Ye Yunla hung up the phone and let out a long breath of relief, her heart really felt much better after those things were said.

She glanced at the time, twenty minutes had passed, why hadn't that man Fu Beijue come over yet?

She sent a message over, "How long before you arrive?"

Five minutes later, Fu Beijiu didn't even reply to her.

She frowned and sent another message, "It's late, I have to go pick up the kids from kindergarten, don't come over."

She carried her bag and walked out of the office.

Tan Jing, who was busy at the reception desk, was about to call on Ye Yunla to tell her that Fu Beiji had come and gone, but when she saw Ye Yunla in a hurry, she thought the two had arranged to meet downstairs, so she didn't say anything else.

At this moment, Fu Beijiu was driving fast towards Ye's house.

### **HC Chapter 365**

Ye Xueying is practising the piano at home.

Her fingers flew across the black and white keys, only to give up halfway through.

No matter how much she practiced, she was never able to play the kind of situation that Ye Yunla could create .....

The confidence she had built up before was unbearable in front of Ye Yunla.

She propped her head up in chagrin, wishing she could smash the piano.

She didn't write a note, but she knew the number by heart.

She picked up the phone and pressed the connect button.

"Cher, do you have time tonight, see you at the usual place."

In the phone, a man's voice came out.

Ye Xue Ying leaned back on the sofa and said delicately, "You're so annoying, can't you just ask to meet somewhere else besides the hotel?"

"It's only convenient to do things at the hotel, Xue'er, I know you like it too, so don't be reserved, I'll serve you comfortably tonight."

Hearing the man's flirtatious words, Ye Xue Ying's body was half softened.

What she couldn't get from Fu Beijiu, Zuo Linlan gave her tens of times more.

She knew that Zuo Linlan was only infatuated with her body, but so what, she enjoyed male and female love and enjoyed that moment of release .....

She was about to say yes when suddenly, her afterimage saw a familiar car parked in front of the Ye family villa.

“I have some business to take care of tonight, I’ll make an appointment tomorrow.”

Ye Xueying hung up the phone straight away.

She hurriedly got up and looked in the mirror, seeing that her make-up was still exquisite, before she walked towards the outside of the villa.

The door of the black car at the door was violently pushed open, and the first thing that caught her eyes was a pair of unbelievably long legs .....

The first thing that caught her eye was a pair of unbelievably long legs , and it was really Fu Beijue who had come.

Ye Xueying raised her hand and secretly pulled down the collar on her chest before she greeted him with a smile, “Beijue, how did you have time to come over here, did you eat, I asked the chef to make your favorite dish .....”

Before she could finish her sentence, she met a pair of gloomy to the core eyes.

Fu Beijiu walked coldly towards the villa, his voice cold to the bone: “Get out all of you.”

When had the servants in the living room ever seen such a gesture, they all ran in fear.

Ye Xue Ying was so scared that her face turned white.

She didn’t know what was going on here, nor did she know what Fu Beiji was doing here .....

She forced a smile on her face, “Beijue, what is it that you have to say properly, you will scare me like this .....”

Fu Beijue jerked his head and his sharp eyes fell on her: “You lied to me for four years!”

Ye Xueying’s heart skipped a beat.

She used all her strength to suppress the panic: “Beijue, what are you talking about, when did I lie to you, I never lied to you .....”

The first thing you need to do is to get a good idea of what you’re doing.

The actual fact is that you can be able to sit in the position of president of the Fu Group for so many years and manage the whole group so well, how can you do it without some means?

He has never been a good man or woman, and those who have offended him have never been able to get any advantage under his hands.

His five fingers coldly squeezed Ye Xueying’s throat and said word by word: “Tell me, how did you hide the matter of the child from the world?”

Ye Xueying’s strength of mind instantly collapsed at this moment.

She saw the coldness under Fu Beijiu's eyes, and there seemed to be a murderous aura hovering over her .....

Such a man would not allow himself to be deceived for four years, nor would he allow himself to be fooled .....

But she, by chance, had fooled him for four years .....

"Beijue, you misunderstood, things are not like this ....." Ye Xueying desperately struggled and shook her head, "You let go, I can't say anything, let go and I'll tell you, okay ....."

Fu Beijiu loosened his grip a little, but still did not completely let go, five fingers strangled her little life.

### **HC Chapter 366**

He had always felt that Fu Ziyang had inherited his intelligence, and he prided himself on his high IQ, but he was, by chance, deceived by a woman for four years.

Four years ago, this woman appeared in front of him with two children in her arms, with a paternity test report, so he believed it.

Because this woman was the biological mother of his son, he tolerated the presence of such a woman in his life .....

But all of this, after all, was a lie.

Thinking of this, Fu Beijiu's hand was a few more points harder.

"Ye Yunla she lied to you, things are not what she said, I really am Fu Ziyang's mother ....."

Ye Xueying slyly argued with a strong breath.

She felt like she was half dead, if she didn't break free from this man's grasp, she felt like she would definitely die here today.

It was clear that yesterday Ye Yunla had promised her that she would keep this secret, but why did Fu Beijue know about it today?

It must have been that bitch who said those things on purpose in order to stabilize her .....

She was killed by that bitch Ye Yunla!

"Beijue, we did a paternity test, I am the mother of the children ....." Ye Xueying gasped, "Can't you see what I've given to the children these past four years? How can you deny all of me just because of a few words from Ye Yunla?"

Fu Beijue's eyes had turned into sharp blades.

From the moment he heard Ye Yunla's words, he had already decided that Ye Yunla was the children's mother.

Even if there was no evidence to prove this, he was still convinced beyond belief.

Because, on Ye Yunla, there was the smell of that woman from five years ago .....

Because, Fu Ziling was so attached to Ye Yunla .....

Because, he had no resistance to Little Yinyin .....

Because, little Yinyin called him daddy .....

There were many, many more nail-biting facts that went through his mind.

Ye Yunla was the woman he had had a night with.

Ye Yunla was the one who was the mother of Fu Ziyang and Fu Ziling.

And little Yinyin and Ye Jingzhan, too, were his blood and bones .....

He and his woman, and his child, had missed out on four whole years.

And all of this was because of Ye Xueying!

In Fu Beijue's eyes, a thick killing intent surfaced.

His fingers, once again, tightened.

The air thinned a little, and Ye Xue Ying finally understood what suffocation felt like.

She opened her mouth wide, greedily breathing in air, but her neck was being choked, and the air in her chest cavity was squeezed out just as it went in.

"Help, help!"

Ye Xueying collapsed to the floor and raised her hand to smash down the desk lamp in her hand viciously.

But the maids outside did not dare to come in at all, and Old Mrs. Ye was not at home at this time .....

In the large Ye family villa, no one came to her rescue at all .....

The actual fact is that you can find a lot of people who are not able to get a good deal on a lot of things.

He spoke in a condescending manner, "Give you one last chance."

Ye Xueying covered her neck and gasped for air, she had truly walked back from the ghost gate, she really experienced what death was like.

This man wanted to kill her, he really wanted to kill her!

If she continued to lie, she would definitely not see the sun tomorrow!

"Beijue, I was wrong ....."

### **HC Chapter 367**

"Four years ago, Ye Yunla gave birth, and those two children did die ....."

Ye Xueying knelt on the ground, tears poured down, her voice choked and hoarse, her whole body shaking.

“That night, the Ye family was burned by a big fire, nothing was left, we all thought that Ye Yunla was dead ..... And the two children who were dead suddenly came to life ..... Ye Yunla is dead, the two children have lost their real mother, they must have a hard time in the future ..... I’m their real sister-in-law, and I’m also considered their half mother, what’s wrong with me taking them to the Fu family to find their real father?”

“At that time, I thought Ziyan and little Lingling were the only blood left behind by my sister, that’s why I faked the paternity test report and came to the door, I wanted to be the mother of the two children, I wanted to protect them instead of my sister ..... I was all for the sake of the two children, I gave four years of my youth for the two children, I was at fault, but without me, the two children would have been without a mother for four whole years, I made up for the lack of their lives, so that they were born in a complete family, where was I at fault?”

Ye Xueying covered her face and howled.

Fu Beijue’s eyes were full of ice as he looked at her with a cold face.

The fact that this woman could speak of her love of vanity in such a sublime manner really blew his mind.

He would have to think hard about how to make this woman pay the price.

Fu Beijue hooked his lips, and a bloodthirsty light emerged under his eyes.

Ye Xueying had been with him for four years, so how could she not be clear about his character .....

She has tricked him for four years, he will not let her go, nor will he let the Ye family go .....

The only thing she can do now is to stabilize him, and then pack her bunk and hurry up and leave this right and wrong place in Haicheng.

“Beijue, I have a lot of mistakes, but I really love the two children, and I really love you .....” Ye Xueying said after a pause, “But Ye Yunara, she can’t love you at all, she has a deep heart and is approaching you to steal Fu Ziling and Fu Ziyan ..... You must stay away from Ye Yunla, she is too vicious, she will take revenge on you for what happened five years ago .....”

Fu Beijue lifted his foot and stepped on Ye Xueying’s leg bone.

He didn’t care to bully women, but Ye Xueying was just too hateful, and having his men strike instead couldn’t even quench his heart’s hatred.

“Bei Jue, don’t disbelieve me, I have the recording as proof!”

Ye Xue Ying endured the severe pain and hurriedly picked her phone up.

When she had talked to Ye Yunla last night, she happened to have the recording on and had recorded everything.

“You don’t like Fu Beijiu?”

“If it wasn’t for the baby, I wouldn’t have had any dealings with him at all .....”

The conversation between the two people came out clearly from the phone.

Even though he had long known that Ye Yunla was willing to be his girlfriend for the sake of the child, when he heard such words clearly from her mouth, Fu Beijue was still a little annoyed.

He had already had his heart set on that woman.

But she, on the other hand, did not take him into consideration at all.

She negotiated terms with Ye Xueying, calmly and coolly, all from the child's point of view.

She didn't, it seemed, see him as a person at all.

And she had known for a long time that he was the children's father, but had not come to tell him at all.

What was he in her eyes?

In the moment when Fu Beijiu was dazed, Ye Xueying grabbed her mobile phone and ran towards the outside in a panic.

The servants guarding the door were all terrified and automatically made way.

Ye Xueying grabbed the car keys and crashed out in her car.

She didn't want to stay here anymore, she didn't want to be alone with this man Fu Beijiu anymore, she would be dead .....

Fu Beijue stood in the living room of the Ye family villa, twiddling his fingers gently.

As soon as he closed his eyes, the appearance of Little Yinyin and Ye Jingzhan, the two children who were his own son and daughter, came to his eyes .....

### **HC Chapter 368**

The soft, sticky daddy sounded in his ears in a trance .....

This little girl, is his daughter .....

Fu Beijue's chest floating and anger was gradually smoothed out.

He had really just gotten too out of control and actually almost killed Ye Xueying.

Want to give Ye Xueying a lesson, as if there are more than enough, why dirty your own hands.

He sneered and turned back to see the family portrait hanging in the Ye family's living room, Ye Zhenyan, Xu Yuying and Ye Xueying, a family portrait of the three of them.

Ye Yunla would always be an outsider in this family.

So did Ye Zhenyan and Xu Yuying know about that incident four years ago?

Fu Beijue wanted to rush to the kindergarten immediately to give his lost children a good hug.

But he restrained himself.

He was not at ease until the Ye family was sorted out.

He slowly walked out of the door, looked at the circle of servants at the entrance and said coldly, "Where are Ye Zhenyan and Xu Yuying?"

The slightly bolder servant said coyly, "Both Mr. and Mrs. are at the company and haven't come back ....."

Fu Beijue pulled open the car door and got in, he sat on the car and took out his phone, seeing the two messages sent by Ye Yunla.

He pursed his lips and replied with a message over, "I'll go straight back to Fu's house later."

He exited the chatting interface with Ye Yunla and sent a message to his assistant before driving to Ye's group.

At this time, twilight had fallen, the sunset had dyed the sky red, and the autumn evening sky was clear.

It was the peak time for the end of the work day, and the employees of the Ye Group were getting off work one after another.

Fu Beijue went straight in through the main entrance, attracting many people to glance at him frequently.

"My God, did I just see it right? It seems to be Fu Beijiu, the president of the Fu Group!"

"Oh my god, it's really handsome, ooooooh, how can there be such a handsome man!"

"Don't be a nymphomaniac, what do you think Fu Beijue is doing at this late hour at Ye's Group?"

"I think it's to talk to Mr. Ye about cooperation, cooperate with Fu's group, our Ye's profit in the next few years will not need to worry ....."

"....."

Fu Beijiu approached the lift and went straight up to the top floor.

He had been to Ye's Group several times, and was familiar with the way to the door of the president's office.

Before he could knock on the door, he heard the sound of a quarrel coming from inside.

"Ye Zhenshan, you son of a bitch, you actually had an affair with your secretary in the company behind my back, what is so good about this little demon that you don't even want to be polite and honest!"

Immediately afterwards, there were the sounds of smashing things and women crying.

Fu Beijue's brow furrowed.

He pulled the corners of his lips with some impatience and kicked the office door open with one foot.

"Who is it, barging in without knocking, don't you want to work anymore?" Xu Yuying cursed and turned back, when she saw Fu Beijue, who was covered in cold air, standing at the door, her whole body was dumbfounded, "Bei, Beijue, why are you here, why didn't you even say so in advance ....."

She said, she turned her head and angrily glared at the secretary standing by the side who was crying, "What are you crying for, why don't you go and pour a glass of water over here!"

### HC Chapter 369

As the saying goes, a family scandal must not be publicised, so even if Xu Yuying and Ye Zhenyan were having a serious row, they could not continue to fight after the appearance of Fu Beijiu.

Ye Zhenshan straightened his collar and coughed, "Beijue, are you here so late, is there something important?"

The corners of Beijue Fu's mouth curved up into a cold arc: "I want to ask you guys one thing."

"Bei Jue, just ask if you have anything." Xu Yuying said with a smile, "As long as it's something I know, I will definitely know everything and say everything."

"Never asked, which hospital were Fu Ziyan and Fu Zi Ling born in?" The smile on the corner of Fu Beijiu's mouth slowly amplified, "I went to ask Ye Xueying and she said she forgot."

"Ah, this ....."

The smile on Xu Yuying's face froze instantly.

Her eyes darted around as she looked around, "This was four years ago, who remembers it so clearly, right Beijue, why are you asking about this?"

Fu Beijue's gaze swept towards Ye Zhenshan and he said coldly, "Has Mr Ye forgotten too?"

Ye Zhenshan's heart tingled at such a look from him, he didn't know what Lord Fu Beiji was asking this for, but he must not leave any remarks.

He paused before saying, "When Xue'er had her seizure too quickly, she had already given birth to two children before she was sent to the hospital, that is, she gave birth at home, and the maids at home were responsible for delivering ..... the babies."

The corners of Fu Beijue's mouth hooked up into a smile: "But didn't Ye Xueying often say that the day she gave birth, she was bleeding profusely? How did giving birth at home solve the matter of haemorrhaging?"

With a single sentence, he blocked Ye Zhenshan's speechless.

In order to make Fu Ziyan obedient, Ye Xueying did often hang this phrase on her lips, who would have thought that after four years, Fu Beijue would ask about the past again?

"Our Ye family also has a family doctor, and the bleeding was stopped that night ....." Xu Yuying smiled dryly, "Beijue, did someone whisper something in your ear ..... Here, have a glass of water first to calm down."

She handed over the water that her secretary had just poured over.

Fu Beijue took the glass of water and then let go so violently that the glass just smashed to the ground, splashing pieces everywhere.

Xu Yuying and Ye Zhongshan had long felt that the visitor was not good, and they were only convinced of this when the glass fell to the ground .....

Ye Zhenshan frowned: "Beijue, what exactly do you want to ask, you might as well say it straight, don't make trouble in my office! Although our Ye family is not as good as the Fu family, but no matter what, I am also Fu Ziyang and Fu Ziling's own grandfather, and I am also your elder, it is better for you to act in a more scrupulous manner."

"You are indeed the two children's real grandfather, but -" Fu Beijue looked at Xu Yuying, "you may not be the children's real grandmother."

With this look, it was as if he was looking at a dead person.

Xu Yuying felt that all her nasty and dirty things had been seen through, and she couldn't help but take a step back.

Just then, the assistant knocked sharply on the door.

The atmosphere was supposed to be stagnant and Ye Zhongshan shouldn't let the assistant barge in at this time, but instead, he heard Fu Beijue laugh lightly and said, "Come in."

As soon as his voice fell, the assistant walked in with a face full of anxiety, "Mr. Ye, it's not good, there's a dealer manipulating the market, our Ye Group's share price has dropped by three percent, within just half an hour, the company has evaporated at least fifty million dollars, and the figure is still increasing."

"What do you mean?!" Ye Zhenshan's face changed drastically, "Go check, who is actually targeting our Ye Group?"

"There's no need to check."

Fu Beijue spoke with a cold smile.

He scanned his wristwatch, "It will take another thirty minutes for Ye Group's share price to drop."

Xu Yuying was shocked, "Beijue, are you crazy, why do you want to deal with our Ye Group, will it do you any good to let the banker manipulate the holding?"

"You really don't know the reason?" Fu Beijue pulled back his chair and sat down, "There are still thirty minutes until the share price drops, you can think about it and see where you have offended me. If you take the initiative to confess, I can give Ye's Group another chance to live. If the dead duck is stiff, then ....."

When he said this, he only revealed a ruthless smile.

Xu Yuying and Ye Zhenyan shivered in unison.

They had already vaguely guessed that it was because of something, but, yet, they were not sure.

### **HC Chapter 370**

If you take the initiative to confess about the child, what if Fu Beiji is not the reason .....

The atmosphere in the office was eerily quiet.

Time passed by minute by minute.

Ye Yunla went to the kindergarten and picked up the two children from the car. She was ready to go straight home, but after thinking about it, she decided to go to Fu's house.

No matter what Mrs. Fu's attitude towards her was, she had to fulfil her promise to Fu Ziling.

She was driving seriously in front of her when she suddenly heard Ye Jingzhan speak, "Sister, what's wrong with you, where are you not feeling well?"

Ye Yunla swept a glance in the rear view mirror and saw Little Yinyin, who had always sat dumbly, squirming from side to side, her face full of annoyance and unease.

"Little Yinyin, tell mummy, what's wrong?"

Ye Yunla slowed down the car and asked softly.

Little Yinyin wrapped her arms around the pillow, shook her head and said in a thin voice, "There's no discomfort."

It was just that there was always a feeling of unease.

She paused and said in a soft, sticky voice, "Mummy, where's Daddy?"

Last night before she went to bed, Daddy had promised to pick her up after school.

Ye Yunla smiled gently, "Your daddy has something to do and has gone home first, we'll see him when we get back later."

Little Yinyin's face then looked a little better.

Ye Yunla smiled a little gratefully.

Having been close to Fu Beijue for this period of time, Little Yinyin could hardly be seen as an autistic child anymore.

Although still not talking much, she is willing to call out to her mommy and brother, and is also willing to slowly accept new things, slowly starting to look like a normal four year old .....

It was almost seven o'clock when the car pulled up at the entrance to Fu's villa.

Butler Qiao respectfully waited at the door, "Miss Ye, you're ten minutes late today, I thought you wouldn't be here."

Ye Yunla held the two children and said, "I was delayed by something, is Mrs. Fu here?"

"Mrs. Fu has gone to a charity dinner, she won't be back until ten o'clock." Butler Qiao smiled and bowed his head, "Miss Yinyin, will you let Grandpa Qiao give you a hug?"

Little Yinyin opened her arms and allowed Butler Qiao to carry her in.

"Yinyin sister, mummy!"

Fu Zi Ling rushed out of the villa cheerfully and climbed onto Ye Yunla's body on his hands and knees.

He said with some resignation, "I've been worried since six o'clock, I've been uncomfortable in my heart, and I thought Mummy wasn't coming tonight."

Ye Yunla was about to comfort him when she suddenly paused.

On the way, wasn't Little Yinyin's heart also uncomfortable?

She looked down at Ye Jingzhan: "Jing'er, do you have any uncomfortable feelings?"

Ye Jingzhan pursed his lips, "My chest is a bit stuffy, I don't know if it's about to rain, it's a bit uncomfortable."

Housekeeper Qiao hugged Little Yinyin and laughed, "I just looked at the weather forecast, it's going to be sunny for the next few days, it's not going to rain until the day after tomorrow."

Ye Yunla's fingers froze a little.

If three children were uncomfortable at the same time, would .....

She raised her eyes, "Housekeeper Qiao, please call Little Yan Yan and ask where he is."
