

HC Chapter 491

Ye Yunla helped Feng Chengyu to go to the hotel next door to the bar.

Fu Chuan, who was sitting in a sports car in front of the bar, sneered and curled his lips.

This was the woman that Duke Fu Bei had fallen for, actually going behind his back to get a room with another man.

If Fu Beiji knew that he was wearing a green hat on his head, his expression would be very funny.

Fu Chuan took out his mobile phone and took a dozen shots at the backs of Ye Yunla and Feng Chengyu

However, five minutes later, Fu Chuan coldly deleted these dozen photos.

Because, he saw Ye Yunla walking out of the hotel alone

After leaving Feng Chengyu at the hotel, Ye Yunla pulled open the car door and got in, she had to think hard about whether to go home or to the office next.

She thought about it and decided to go to Fu's house first, the few children should have already gone back.

She fastened her seat belt, started the engine and the car drove smoothly along the road, when suddenly she felt a black car following her not far behind.

If she was fast, the car would speed up, if she slowed down, the car would follow suit.

Ye Yunla's eyes narrowed as she jerked the steering wheel and the car swung back with a tail swing, directly blocking the front of that car.

She pushed open the car door and got out, her eyes shooting straight at the man sitting in the driver's seat.

Fu Chuan!

Didn't Fu Beijue say Fu Chuan had already left Haicheng, why was he here again?

She wrapped her arms around her chest and walked over step by step.

Fu Chuan lowered the car window, a pair of cold eyes fell on Ye Yunla's face, and he let out a light laugh: "Miss Ye really deserves to learn kung fu, I was so far away from you, but I was actually discovered."

Ye Yunla said coldly, "I didn't go looking for trouble with you, how dare you follow me?"

Fu Chuan's gaze slowly slid down and landed on her collarbone, "The letters I designed with my own hands are really beautiful and suit you well."

Irritation surfaced in Ye Yunla's eyes as she used her phone to cut at an angle and smashed it against the landing car window, which instantly cracked.

Fu Chuan's face was indifferent, "Why doesn't Miss Ye ask why I should tattoo you with the N word?"

“I’m more interested in knowing why you want to give me a tattoo!”

A cold intent filled Ye Yunla’s brow.

“Want to know why, get in the car and I’ll take you somewhere to tell you slowly.”

Fu Chuan opened the car door, the corners of his mouth curled up into an evil and deluded smile.

Ye Yunla lifted her foot and kicked the car door shut: “Anyone with a little bit of intelligence wouldn’t fall down in the same place twice.”

Fu Chuan leaned back in his seat and said word for word, “Could it be that Miss Ye doesn’t want to see her own daughter?”

Ye Yunla’s heart sank violently.

She bent down, reached her hand into the car window and grabbed Fu Chuan’s collar, “What did you say, say it again!”

“I said, your daughter is in my hands!” Fu Chuan shrugged, “You can choose not to come with me, or you can choose to come with me, the choice is yours.”

Ye Yunla picked him up by the collar and threw him hard.

She tapped on her phone and dialed Fu Beijiu’s number, the phone was quickly answered, “Yara, what’s up?”

Ye Yunla listened to the voice on the other side, it seemed to be the sound of the wind, there seemed to be the sound of a map navigating on the side, the destination was a desolate place on the outskirts

She sank a breath and said, “Where are you going now?”

“Lara, I have some business to take care of at work

“Where is Yinyin, where is Yinyin, is she with you?”

HC Chapter 492

“Fu Beijiu, I want to hear the truth, don’t lie to me, I’m an adult, I can handle anything.”

“I’m sorry LaLa, it’s my fault for not protecting our daughter, but don’t worry, I’ve locked on to her location, I’ll be able to find someone soon.”

Ye Yunla pursed her lips, “Good, you have to tell me the first time there is any news.”

She hung up the phone and looked at Fu Chuan who was sitting in the car, “You sent someone to capture my daughter?”

“Don’t speak so harshly, I just invited the little girl to have a seat at my place.” A wry smile appeared on Fu Chuan’s face, “If she obeys, then nothing will happen.”

Ye Yunla squeezed her fingers tightly.

The implication of Fu Chuan’s words was that if she didn’t listen, then something might happen.

Little Yinyin had been born without a father, found out she had autism when she was two years old, and had lived in her own world for so many years since then.

If Little Yinyin was frightened by the threat, would she shrink back into that tiny shell?

The thought of this possibility made Ye Yunla's heart ache.

She took a deep breath and said, "Don't you just want me to agree to collaborate on that human biology project, fine, I promise you, I can go sign the contract right now."

"Unfortunately, my company was ruined by Fu Beijiu!"

Fu Chuan spoke in one word, grim to the extreme.

He spoke coldly, "This time something happened to your daughter, not because you didn't agree to cooperate, but because, Fu Beijue dealt with me, so I could only take the child he cared about the most! If you have any grievances, go to Fu Beijue, it has nothing to do with me!"

Ye Yunla clenched the back of her teeth, pretending to be calm as she asked, "Then what exactly do I have to do before you're willing to give me back my daughter?"

"Get in the car, I'll take you to your daughter."

Fu Chuan said coldly.

Ye Yunla was pinching her palm to death, she knew she couldn't mess up, absolutely not!

Fu Beijue was looking for the location of Little Yinyin, then, she just needed to stabilise Fu Chuan.

Anger this man and at his command, something could happen to Little Yum Yum.

She took a deep breath and pulled open the door of the back seat.

"That's more like it."

Fu Chuan turned the steering wheel, started the engine, and the car drove towards the unpopulated suburbs.

.....

Fu Beijue sped all the way and finally arrived at his destination.

This is the entrance to a suburban zoo, as soon as he got out of the car, he saw little Yinyin and a group of children blowing bubbles together, while his mother was sitting on the grass at the side watching little Yinyin.

This scene was warm and harmonious, where was the danger?

"Beijue, what brings you here?"

When Madam Fu saw him, she hurriedly greeted him, her face full of surprise.

Beijue Fu pursed his lips and said slowly, "Didn't you take Little Yinyin to buy jewellery, why did you come to the zoo in the countryside?"

“Someone said that the zoo had the children’s favourite pink alpacas today, so I brought Little Yinyin over to have a look” Mrs. Fu smiled, “Just now Little Yinyin was smiling happily when she saw the pink alpacas.”

Fu Beijiu narrowed his eyes, “Who picked you up to come over here?”

Mrs. Fu’s expression suddenly stuck a little, her eyes glancing around with a heartfelt look.

“Heh, it’s Fu Nanchuan!”

Fu Beijiu sneered, his gaze blazing.

Mrs. Fu hurriedly explained, “After your brother knew you had a daughter, he was also very happy, it was only because he asked around that he knew there were pink alpacas at the zoo here, he was the one who arranged for the driver to come and pick up little Yinyin and I. Look, this didn’t happen either You can see that your brother also really likes Little Yum Yum, don’t always look at him with the same eyes as before, okay, he has changed for the better”

HC Chapter 493

Fu Beijiu’s face was a gloomy one.

He looked at the innocent and bright smile on Little Yinyin’s face, before the gloom in his eyes slowly dissipated.

Suddenly, his body froze.

How did Ye Yunla know about Little Yinyin’s disappearance?

Who had told her?

Also, the tone of her voice when she called him just now was clearly not right!

When he answered the phone, he was so focused on Little Yinyin’s safety that he forgot to ask Ye Yunla what was going on at her end

He took out his mobile phone to call Ye Yunla, but no one picked up the phone after three consecutive calls, and when he called again, the phone was already switched off.

“Beijue, what’s wrong, why does your face look so ugly?” Mrs. Fu asked worriedly.

Fu Beijue said word for word, “I was caught in Fu Nanchuan’s tiger’s tiger, something has happened to Ye Yunla.”

“What?” Mrs. Fu’s face turned white and her lips trembled, “No, that’s impossible, Nanchuan he has changed for the better, he won’t do such a heartless thing again He should be playing a joke with you

“I also hope it’s just a joke.” Fu Beijiu clenched his fist and said coldly, “Take Little Yinyin home immediately, and also, don’t tell the children about their mommy’s disappearance!”

He finished and turned to get into the car, he took out his laptop, his fingers swiping rapidly across the keyboard.

But this time, it was never able to pinpoint the precise target.

Fu Nanchuan knew that he knew about hacking technology, so he deliberately used shielding to isolate all signals

Fu Beijue leaned back against the driver's seat and fiercely pinched his brow.

If something happened to Ye Yunla, he would never forgive himself for the rest of his life!

He took a deep breath as countless names of places flashed through his mind

The number of times Fu Nanchuan appeared in Hai Cheng was very few, there were not many places he could go, where would he take Ye Yunla to, where exactly would he go

Fu Beijiu arranged all the place names into serial numbers in his mind, then deleted them one by one, finally settling on three locations.

One was the first time Fu Nanchuan came to Haicheng, he came over behind the back of the Fu family and hid in a warehouse by the sea for half a month

One was the first anniversary of his father's death, Fu Nanchuan secretly came over to pay his respects and hid in the manor outside the cemetery for dozens of days before finding the opportunity

One was Fu Nanchuan's secret base in Hai Cheng, the branch of his underground company, hidden in some old neighborhood

These three places

Fu Beijiu dialed a phone and asked his assistant to go to the branch of the underground company to check it out.

And the other two places

He sank his eyes for a moment and drove to the seaside warehouse.

He bet that Fu Nanchuan still had a last clean slate in his heart, betting that Fu Nanchuan would not make a move on Ye Yunla near her father's grave

The car drove sharply down the road.

.....

Fu's home.

On the way back, Ye Jingzhan's eyelids kept jumping, his face a little unpleasant, his gaze stoic as he looked out the car window.

Fu Zi Ling heartlessly grabbed his arm, "Are you upset because you see that my IQ is as high as yours?"

Fu Zi Yan pulled the corner of his mouth, "Fu Zi Ling, can you be any more stupid?"

"Where am I stupid?" Fu Ziling lifted his chin and hummed lightly, "Today those uncles and aunties said that the three of us are as high in IQ, from now on you are not allowed to call me stupid, humph!"

"It's obvious that this result today is false." Fu Ziyang said coldly, "It was Grandpa Qiao who deliberately took us to have our IQ tested in order to detract us."

Qiao Butler who was driving: "....."

He had done such a stealthy job, how could the Young Master have guessed so easily?

Was it really because he was too stupid?

HC Chapter 494

"Turning us away? Why should we be detached?"

Fu Ziling scratched his little head, a look of confusion on his face.

Fu Zi Yan just looked at him silently, with a line written on his face: you didn't believe me when I said you were stupid, but do you believe me now?

Fu Ziling: "....."

The car soon stopped at the entrance of the Fu family villa.

Ye Jingzhan was the first to push open the door and get down, he looked around the living room of the villa, his brow grew tighter and tighter: "Where is little Yinyin, why hasn't she come back yet?"

Butler Qiao said with a smile, "Madam has taken Miss Yinyin to the zoo, it will probably take a while before she returns"

As soon as the words left his mouth, a car pulled up in front of the villa.

Mrs. Fu came out of the car with Little Yinyin in her arms.

Fu Ziling hurriedly greeted him, "Sister Yinyin, I miss you so much, from now on I will go wherever you go and never go to the IQ test again"

Going for an IQ test is simply a humiliation to him!

He hugged his soft sister and finally felt a little better.

Ye Jingzhan's eyes narrowed tighter and tighter, nothing happened to his sister, so was it something that happened to mommy?

Why was his heart getting sicker and sicker

He looked to housekeeper Qiao and said good-naturedly, "Grandpa Qiao, what exactly did daddy and mommy do to go?"

Butler Qiao said mysteriously, "This is not something you children should know, wait until the evening when your daddy brings mommy back, then you will know what they did"

"Grandma, did daddy go on a date with mommy?"

Fu Ziling grabbed Mrs. Fu's arm and asked thievishly.

Mrs. Fu's face paled for a moment as she steadied her mind and tried to remain calm, "I guess so You're all hungry, right? Housekeeper Qiao, hurry up and have the kitchen prepare a meal."

Butler Qiao hurriedly went to the kitchen and ordered.

Ye Jingzhan looked at Mrs. Fu and always felt that something was wrong.

If daddy and mummy were going on a date, how could grandma look so nervous?

Even Fu Ziyang sensed a hint of something wrong, he pursed his lips and said, "Otherwise, let's give Mummy a call?"

"Yes, yes!" Fu Ziling raised his hand in agreement, "I want to know what Daddy and Mummy are doing on their date, why don't they take us with them?"

Mrs. Fu's breathing was suddenly a little disturbed, "Don't ever call!"

"Why?"

Ye Jingzhan and Fu Ziyang asked at the same time.

Mrs. Fu clenched her fingers, "Today is a very important day for your daddy mummy, you'd better not disturb it, okay, you guys go wash your hands and get ready to eat."

She led Fu Ziling with her left hand and Little Yinyin with her right hand to the bathroom.

Ye Jingzhan took out his mobile phone and dialed Ye Yunla's number.

"Sorry, the number you have dialed is switched off."

Fu Ziyang tensed his lower lip, "I'll call daddy."

The phone dialed out, the same mechanical woman's voice: "Sorry, the number you have dialed is on hold"

"Is there a computer?" Ye Jingzhan asked in a cold voice, "I want to look up Mommy's location."

Fu Ziyang took Ye Jingzhan upstairs and into the study.

Ye Jingzhan turned on the computer, his fingers swiped over the keyboard quickly, then, his brow furrowed: "Mummy's location has been blocked."

Fu Ziyang pursed his lips, "Check daddy's location."

Ye Jingzhan's fingers continued to skim over the keyboard, and three minutes later, a red dot appeared on the computer screen, and that red dot moved rapidly towards the suburban seaside.

HC Chapter 495

Fu Beijue's car finally arrived at the suburban coast.

It was already four or five o'clock in the afternoon, and because of the cloudy sky, the air was thick with dark clouds, making the seashore look dusky and visibility very low.

He pushed open the door of the car and got down, his leather shoes stomping on the dry, rocky shore as he approached the warehouse step by step.

It was an abandoned chemical factory warehouse from more than ten years ago, built of tin, and had fallen into disrepair under the ravages and erosion of the sea breeze.

Fu Beijiu walked over step by step and stood in front of the dilapidated gate.

He first observed the surroundings; no one existed outside, but inside, separated by a door, there were at least seven or eight strong men.

It was good that there was someone.

Having someone meant that Ye Yunla was being held here.

Fu Beijue lifted his leg and kicked the broken door open.

It was already dark outside, but it turned out to be even darker inside the warehouse. In the darkness, seven or eight strong men in black clothes leapt out and surrounded Fu Beijiu.

He picked up a long stick with his hand and swung it fiercely, causing three of the eight strong men to fall to the ground in an instant.

He stepped on the head of one of the fallen men and leapt up, bringing the long stick down with such ferocity that two of them fainted.

Five of the eight men who had just been so powerful could not move, and the remaining three took a step backwards in fear, retreating step by step into the warehouse.

Fu Beijue kicked the strong man in black off the ground and pressed on with every step.

In the deepest part of the warehouse, a light suddenly lit up.

A strong man was squatting on the ground, holding a rope in his hand, while the rope extended to the beam of the room, from which a sack was hanging, and a man was inside the sack.

“Mr. Fu, it’s better not to rush into a fight yet.” The burly man gave a sardonic laugh, “I know that there are so many of us that we can’t possibly be a match for you, so I won’t struggle. However, if you dare to touch one more finger of my brother, then I will burn this rope!”

Fu Beijiu’s fist tightened a little as he said coldly, “How can I be sure that the person in the sack is the one I’m looking for?”

“Mr. Fu can certainly not believe it.” The strong man shook the lighter in his hand, “When the rope breaks and the person falls down, Mr. Fu should be able to know if the person in the sack is Miss Ye, right?”

Fu Beijiu’s eyes were gloomy to the extreme.

He didn’t dare to bet!

He didn’t dare at all!

If he fell from such a height, he would be crippled even if he didn't die

Moreover, the person in the sack did not make any sound, and it was not known whether he was knocked unconscious or drugged

"Brothers, give me a go!"

The strong man shouted, and the strong men who had just been trampled on the ground and beaten up furiously got up with difficulty and gathered around towards Fu Beijiu.

One of the most severely injured burly men rushed over and kicked Fu Beijue in the leg

Fu Beijiu fiercely clenched his fist and did not fight back.

"That's more like it" The strong man with the lighter laughed lightly, "Let my brothers get this out of their system, and I'll give you back the man in the sack!"

Seven or eight strong men gathered around and frantically punched and kicked.

Fu Beijue, who was standing like a pillar in the middle of the warehouse, was kicked in the knee, and his legs went limp and he fell to the ground.

One of the strong men picked up a brick at hand and slapped it against the back of Fu Beijue's head

The warehouse office.

Ye Yunla sat on a chair, a pair of eyes without any ripples as she watched the surveillance screen, while her hand hidden in her sleeve tightened its grip a little.

HC Chapter 496

She pursed her lips and said in a calm voice, "Since your enemy is Fu Beijiu, you can now return my daughter to me when you have revenge and repay your grievances, right?"

"What a ruthless woman!" Fu Chuan laughed coldly, "He was injured like this to save you, don't you have an ounce of emotion?"

"Why should I be touched?" Ye Yunla said coldly, "If it weren't for him, how would my daughter and I have been threatened by you? Fu Chuan, your aim is to take revenge on Fu Beijiu, and now you have him in your hands, you can kill him if you want! Now, I just want to see my daughter!"

"Don't be in a hurry, let's finish the show first."

Fu Chuan raised his hand and pressed down on Ye Yunla's shoulder, his head leaning close to hers.

The breath he exhaled was cool and sprayed on Ye Yunla's face

Her cold gaze looked at the surveillance screen, she saw seven or eight people punching and kicking Fu Beijue, she saw bright red blood seeping out of Fu Beijue's head, she saw Fu Beijue's dark eyes, just gazing distantly at the sack hanging high in the distance

Her fists tightened a little, her nails dived deep into her palms, only then could she keep the calmness on her face

The warehouse.

A layer of blood spread across the damp floor.

Fu Beijiu felt his strength fade a little, he couldn't continue like this, he told himself this.

If he really collapsed, Fu Nanchuan would never find it in his conscience to let Ye Yunla go

He gathered his strength and got up violently.

The two strong men who were riding on him were caught off guard and were just tipped over to the ground.

As soon as he stood up, seven or eight strong men were stunned, and even though he was covered in injuries, those few strong men instinctively took a step back.

"Fu Nanchuan, I know you're spying on me from somewhere!"

Fu Beijiu spoke coldly, his voice low and cold with an edge.

"As long as you let Ye Yunla go, I'll stand here and let you do as you please."

He pursed his lips, "Even if you want me dead, I won't say a word! But only if you let Ye Yunla go!"

His voice, carried into the office.

Fu Chuan smiled against his lips, "Ye Yunla, moved? This man is willing to die for you yet."

Ye Yunla's eyes suddenly narrowed.

Her hand that was tightly pinched in her palm suddenly loosened, and then she jerked up.

Before Fu Chuan could react to what she was going to do, a slim, strong hand grabbed him by the neck

The fruit knife he had been playing with on his desk also fell into the woman's hands.

Ye Yunla held the fruit knife against Fu Chuan's veins and let out a light laugh, "Mr. Fu, is this game fun?"

Fu Chuan's eyes were gloomy to the extreme.

He was a conceited and arrogant person, so after he had brought Ye Yunla here, he had not restricted her movements.

Because as long as this woman decided that she had her daughter in his hands, then she would never be able to fight back

He narrowed his eyes, "It seems that Miss Ye does not want to see her daughter."

"Fu Chuan, don't lie to me, my daughter is not in your hands at all." Ye Yunla sneered, "I came here with you because I didn't want to take even the slightest risk, because my daughter is my life! But just now, I have guessed one possibility, that is, my daughter is not in your hands at all!"

“If Little Yinyin had really been taken by you, Fu Beijue wouldn’t have said those words.” She said coldly, “He would have said that as long as you let Little Yinyin and I go, his life would be at your disposal! But, from beginning to end, he didn’t even mention our daughter! In other words, my daughter is safe now!”

Her beautiful eyes turned slightly, “Mr. Fu, now that your little life is in my hands, do you have anything to say?”

HC Chapter 497

The office was dimly lit, and the yellow colour of the light fell on Ye Yunla’s dark eyes, a radiance.

Fu Chuan looked at her clear, cold, brimming eyes and suddenly hooked his lips into a smile.

“Ye Yunla, you’re so smart, how did you get set up by your own sister five years ago?”

Ye Yunla’s scarlet lips were penetratingly harsh.

Being schemed five years ago was because she trusted those two so-called relatives too much, not because she was too stupid.

The moment she was lost in thought, Fu Chuan jerked his hand up and grabbed her wrist.

Ye Yunla’s body was slim and nimble, her steps retreating, and she easily withdrew from Fu Chuan’s control.

The fruit knife in her hand stabbed towards Fu Chuan’s neck without mercy.

Fu Chuan’s eyes narrowed tightly as he was forced to step back.

He said coldly, “I didn’t expect that your kung fu was so powerful.”

He couldn’t even resist.

Ye Yunla hooked her lips and smiled lightly, “If you really touched my daughter, then the fruit knife in my hand would have stabbed into your heart without hesitation. But today, I don’t want to get my hands dirty!”

With that, she leapt forward and slashed her elbow viciously at the back of Fu Chuan’s neck.

Fu Chuan had been guarding against the fruit knife in her hand, and was totally unprepared for her sudden move. He was just cut at the back of his neck, and fell to the ground with a black eye.

“Bang!”

He fell to the ground, bringing up a cloud of dust.

The commotion here reached the ears of the burly man in the warehouse through the intercom.

The burly man with the lighter’s expression instantly changed, he never thought that the boss would be knocked out by a woman.

He could not care less.

Swish!

The lighter lit up with a small cluster of ghostly blue flames.

The two-centimetre thick twine was tinged with sparks and instantly lit up with a light.

Fu Beijue stood a dozen metres away, his hawk-like eyes fiercely tightened.

He lifted his foot to kick the two strong men in black in front of him out of the way and dashed over towards them.

But!

Whose speed could be faster than the speed of fire?

When he was still five or six metres away from that side, the sisal rope was just burnt, and the sacks hanging from the beams of the room fell downwards with a loud bang.

“Don’t-!”

Fu Beijue shouted these words at the top of his voice, and rushed over even more desperately.

He opened his arms and tried to catch the sack that fell from the sky –

He did not want the person in the sack to suffer any harm

He would rather it was himself who was tied up in the sack at this moment

He would rather he be dropped to his death than for Ye Yunla to be hurt in the slightest

But!

He was still one step too late!

He just watched as the sack hit the ground with a thud and the concrete floor made a dull sound.

Then he saw the sack slowly turn wet, scarlet blood continued to seep out from the sack, and much blood spread out on the damp ground

“Lara

Fu Beijiu’s voice was trembling.

He walked over step by step, his knees went weak and he fell to his knees on the concrete floor.

He reached out to untie the sack, but it was all covered in blood, and as soon as his hand reached over, he shrank back in fear.

He didn’t dare move.

He was afraid that because he had moved the sack, he would make her injuries worse

He had never been afraid of anything in his twenty years of life, but at this moment, he was really afraid.

HC Chapter 498

So much blood, could she have

“It won’t!”

Bright red blood was coiled under Fu Beijiu’s eyes.

As an afterthought, he remembered to call an ambulance.

He felt around his body but couldn’t feel his phone at all, he had just dropped it somewhere during the fight

As he was looking around for his phone, there were footsteps slowly approaching.

As if he had caught a lifeline, he said in a choked voice, “Can I borrow your phone for a moment?”

He lifted his eyes to look, the angle was backlit and all he could see was a lean figure walking towards him.

“What do you need a phone for?”

A clear, cold voice broke through the backlight.

Fu Beijiu’s brain buzzed a little, for a moment, he didn’t react, he pressed his voice and said, “Calling an ambulance”

“Call an ambulance for what?”

Ye Yunla walked over step by step.

She saw Fu Beijue kneeling on the ground, and in front of him was a sack that kept oozing blood outwards.

And this man, his eyes were bright red, full of pain, and his voice was choked up as if he was about to cry

So, he was thinking that the person in the sack was her, he was thinking that she was about to be dropped to death, and that’s why, he was like this?

In this instant, a myriad of emotions intertwined in Ye Yunla’s heart.

She walked over, squatted down and ripped the sack away with one hand.

Before Fu Beijue could stop it, he saw that inside the sack was actually a plastic dummy, with countless blood bags tied to the dummy’s body, which had been broken by the fall, and that was why so much blood had been shed

“Fu Beijue, your son is so smart, how come you are intellectually underpaid?” Ye Yunla deliberately said in a light-hearted tone, “A normal person, could he possibly bleed so much, why don’t you think about it?”

Fu Beijue looked at the person in front of him in a daze.

He suddenly leaned forward and took the woman in front of him into his arms.

“Luckily you’re okay, luckily you’re okay”

His chin rested against her shoulder as he murmured in a low voice.

At that moment just now, his mind was blank, all he could think about was how to save someone, but he didn't react at all to the fact that the person he was talking to was the person he wanted to save.

He wasn't intellectually challenged, he was truly afraid. He was afraid that he would taste the pain of loss before he ever had it

"Lara, I'm sorry"

Fu Beijue whispered as he wrapped his arms tightly around her.

Ye Yunla felt his arms getting tighter and tighter, as if he wanted to rub her into his body.

Her heart fluttered to the surface and she slowly closed her eyes.

She could see all of this man's feelings for her in her eyes.

If he didn't really care about her, how could he have come here alone to save her.

If he didn't really care about her, how could he have said that to Chuan.

If he didn't really care about her, how could a man who is eight feet tall suddenly be stupid enough to cry into a sack

He really likes her, doesn't he

He didn't like her because of the children, but because she was her

This feeling made Ye Yunla's whole being soft.

Five years ago she was forced to grow up, these years forged herself into a bronze wall, no one could hurt her, naturally it would be difficult for anyone to enter her heart.

But at this moment, she was truly moved.

She suddenly wanted to give herself to him, to the real father of her four children

Ye Yunla was about to speak when the person holding her tightly suddenly went limp and actually passed out directly

She touched it and realized that Fu Beijue's hands and legs were all covered in blood, caused by the seven or eight bodyguards who had just beaten him to save her

She sighed and helped Fu Beijue to stand up and walk outside.

Just at that moment, a light suddenly lit up outside the warehouse.

HC Chapter 499

Ye Yunla's eyes narrowed fiercely as she lifted her foot and kicked up the steel pipe on the ground, holding it in her hand to act as a weapon.

She thought it was Fu Chuan's men coming over, and was relieved when she saw the two children who appeared at the entrance of the warehouse.

Immediately afterwards, a serious look came over her cool face, "What are you two doing here?"

"Mummy, it's great that you're alright!"

Ye Jingzhan rushed over in a single bound and wrapped his arms around Ye Yunla's waist.

His slightly mature face was full of worry and celebration

Ye Yunla's heart softened: "Jing'er, mommy is fine, it will be fine, don't worry"

Ye Jingzhan hugged her, sullenly not saying a word.

Fu Ziyang stepped over, pursed his pink lips and said softly, "Jing'er sensed that something had happened to Mommy and Daddy, so he checked your location, fortunately nothing happened"

Ye Yunla said with a stern face, "No more of this, you two kids, how can you run out of the house at night? I know you are smart, but even the smartest people can do nothing if they encounter vicious bad guys"

Ye Jingzhan recovered his mood and lifted his little face and said, "Mommy, we didn't come out alone, we also brought a few bodyguards with us."

Ye Yunla looked over and really saw four tall and powerful bodyguards standing by the car.

"Daddy Is everything alright?"

Fu Ziyang asked in a small voice as he looked towards the unconscious Fu Beiji.

Ye Yunla was glad for a moment that these two boys had not forgotten their own father after all.

She pretended to be relaxed and said, "Your daddy has suffered a little superficial injury, nothing serious, Xiao Yan Yan, you tell the bodyguards to come over and help carry your daddy to the car."

Four bodyguards came in from the warehouse door and carefully carried Fu Beiji outside.

When she reached the door, Ye Yunla paused in her steps as she glanced backwards.

That office, which was less than a hundred metres to the southwest of the warehouse, where Fu Chuan had been knocked unconscious by her, should still be in that office.

She hesitated for less than a second and spoke coldly, "You two go to that room in the southwest corner, there's a man unconscious, you tie him up and take him away with you."

The two bodyguards took orders and immediately went over to find the man.

Three minutes later, the two bodyguards came back, "Miss Ye, the room over there is empty"

Ye Yunla tightened her brows.

It seemed that Fu Chuan had run away.

She didn't know what kind of deep hatred there was between this man and Fu Beijue, but her only worry now was that she was afraid Fu Chuan would come back to lay his hands on the children

She pursed her lips and said, "Go to the hospital first."

The bodyguard drove the car to the private hospital invested by the Fu Group, Ye Yunla led the two children out of the car and said softly, "Little Yan Yan, Jing'er, you guys follow the bodyguard back to the Fu family first, I'll stay with your daddy at the hospital tonight."

"No!"

Ye Jingzhan refused without even thinking about it.

He wanted to stay with mommy, he wanted to protect her, he couldn't let her be in any more danger

She stroked her son's soft hair and said softly, "The four bodyguards you brought with you, leave two to protect me, I will be fine. Besides, Jing'er, you have to go back to help Mummy take care of your sister. If you stay in the hospital, if little Yinyin can't find Mummy or her brother, won't she cry in fear? Jing'er, be a good boy and follow big brother back to stay with little Yinyin, okay?"

Ye Jingzhan pursed his lips, and only after a long time did he nod, "Then I'll come and look for mummy in the morning."

Ye Yunla looked at Fu Ziyang again and said in a soft voice, "Little Yinyin, you are the big brother, can you take care of your younger brother and sister tonight instead of Mummy?"

Fu Ziyang nodded vigorously, "I will mummy, also, I won't tell my sister about daddy's injury, mummy don't worry."

"So good."

Ye Yunla stroked each of her two sons on the head before ordering the bodyguard to take the two children back to the Fu family.

HC Chapter 500

After the car disappeared from view, she then asked the two remaining bodyguards to take Fu Beijiu to the emergency room

"Mr. Fu's injuries are all superficial, the only serious injury is on the back of his head" The doctor said with the examination report, "The back of Mr. Fu's head should have been attacked by a heavy object and there is a small area of bruising on the brain, theoretically, this bruising will not affect the body too much, it can be absorbed by the body in about half a month"

Hearing the doctor's words, Ye Yunla let out a sigh of relief, "Then does he need to be hospitalized for half a month?"

"That's not necessary, first stay for three days for observation."

Fu Beijiu was pushed to the ward, looking at him lying on the hospital bed with a pale face, Ye Yunla's emotions were very complicated.

Not long ago, in order to save Little Yan Yan, this man had been shot by Ye Xue Ying and had also been lying in hospital for several days

The old wound had not yet healed, and now there was a new one

She leaned back in the chair by the hospital bed, propping up her eyebrows and closing her eyes to recuperate.

.....

Fu Ziyang and Ye Jingzhan sat in the car back to the Fu family.

The atmosphere in the car was dull, and you could only hear the wind whistling outside the window.

The first thing I did was to find out that he was an investor in an underground biological company, but all other information was covered up.

Fu Ziyang shook his head, "I haven't heard daddy mention the name Fu Chuan."

He took out his phone and typed in Fu Chuan, and no valid information appeared, and only after he added the words Ye Litos did this picture of Fu Chuan appear.

Ye Jingzhan's eyes narrowed sharply, "He is Fu Chuan?"

Fu Ziyang also froze for a moment, "Did we meet this person that day when we were at the hospital?"

Ye Jingzhan nodded his head.

He still remembered that this person's mask had a letter on it, Shura.

The top three bounty lists on the Black Internet had Shura's name on it, and the asking price had reached a terrifying eleven figures

And Shura's hands are tainted with human lives.

If Fu Chuan is Shura, then

Ye Jingzhan's face became serious: "Daddy and mommy are afraid that they are going to be in big trouble."

"What does that mean?" Fu Ziyang's brow furrowed up, "Is Fu Chuan very difficult to deal with?"

He had been dealing with company matters and didn't care much about anything else, let alone some of the rumours on the dark web

Ye Jingzhan's fingers tapped on his knee and pursed his lips tightly, "I'll tell you specifically after I find out something."

K had been hanging out on the black net, and regarding Shura's affairs, K must know more clearly than him.

.....

"Water"

A hoarse voice suddenly rang out in the empty and silent ward.

Ye Yunla half-asleep and half-awake opened her eyes to see Fu Beijue's long eyelashes trembling violently.

She got up and poured a cup of warm water over and handed it to the man's lips, whispering, "Open your mouth, I'll feed you some water"

Fu Beijiu's lips were dry, and as soon as he touched the cup of water, he opened his mouth and drank it up in a big gulp.

Because he was lying down, quite a lot of water flowed down the corners of his lips and onto the pillow.

After Ye Yunla put down the water cup, she bent down again to help clean the water droplets on the pillow

Her long, fragrant hair fell down and brushed against Fu Beijue's face.

His eyes slowly opened
