

HC Chapter 821

Ye Yunla didn't understand why her memory had fractured.

She had forgotten everything about those twenty minutes or so in between.

She looked down at the man who was treating the wound on her index finger and was filled with guilt: "I'm sorry Beijue, I didn't mean to forget."

Fu Beijue carefully helped her clean the blood scab and carefully applied a band-aid, before he let out a sigh of relief.

He reached out and stroked the woman's slightly messy hair, his voice softly saying, "Lara, you don't need to say sorry to me, let's go to the hospital later, shall we?"

It was unusual that a person wouldn't somehow lose their memory of a certain time period.

If it had only been this one abnormality, then so be it, but one night not too long ago, his LaLa had suddenly gone out onto the balcony and almost jumped off.

The bottom line was that that memory was also forgotten by Rara.

Ye Yunla nodded gently: "In the past, when I had just given birth to four children, my memory would suddenly fracture, the proverbial one pregnancy is stupid, but at that time, my memory was not so bad as this It's hard to believe that I was hypnotized by Catherine too?"

Fu Beijiu couldn't help but lose his smile: "Hypnotic amnesia is not your case, you don't think nonsense, just go to the hospital and see."

Ye Yunla hooked her arms around his neck, her cold eyes looking at his handsome features, "If I also lost my memory, if I became a completely different person, would you still love me?"

Fu Beijiu hugged her tighter: "Don't say silly things, that won't happen."

"I'm just asking you if, if I really became another woman with an odd personality, not just a bad personality but also ugly, would you still love me?" Ye Yunla asked unrelentingly.

Fu Beijue told her the answer with his actions.

He kissed her hard, deep, lingering kisses that landed on the scars on her face

The kiss was overwhelming, the temperature in the bedroom gradually rising, one kiss no longer able to satisfy the thirst of each other's bodies.

It was only when twilight fell and the bedroom grew darker that the two finally ended it soundly.

By the time they emerged from the bedroom, the maids had prepared dinner.

The four children sat around the dining table, their eight eyes fixed on the two.

Fu Ziyan coughed softly, "I just said that Mummy was just being petulant, now you should believe me, right?"

“Mummy was pouting for an hour this time.” Little Yinyin’s long feathery eyelashes flashed, “I’ll learn from Mummy from now on.”

Fu Ziling propped up his chubby little chin, “Sister, that’s not pampering, that’s bullying.”

As soon as his sister pouted, he immediately surrendered, not having any fighting power at all.

“What are you guys talking about?” Ye Yunla walked over to the table and said in a calm manner, “The food is good today, you guys go and call grandma to come downstairs for dinner.”

Ye Jingzhan said good-naturedly, “Grandpa Qiao has just brought Grandma’s dinner upstairs.”

It was true that Mrs Fu rarely came downstairs to dine with them, so Ye Yunla didn’t say much.

After eating, Fu Beijiu went to get the car keys.

Fu Zi Ling immediately hugged Ye Yunla’s thigh, “Mummy, it’s so late, where are you and Daddy going, I want to go too.”

“A date.” Fu Beijue coldly spat out two words, “You dare to try to follow?”

Fu Zi Ling immediately let go of Ye Yunla.

He hadn’t forgotten that when he had kissed Mummy in the past, he had been swept away by Daddy’s cold eyes for many days.

HC Chapter 822

Daddy was so horrible at being exclusive with Mummy.

“Fine fine, you guys go on a date.” Fu Ziling endured the pain and waved his hand, “Mommy remember to bring me back delicious food.”

Little Yinyin blinked, “Daddy, you have to protect mommy, we’ll wait for you guys to come back.”

The four children stood at the entrance of the villa and watched the two go.

The car drove straight to the hospital.

Some of the clinics were closed at night, but Fu Beijue had called ahead and made an appointment with the best doctor here.

Ye Yunla took the list and did all the tests, then brought the test reports into the outpatient room.

The doctor carefully flipped through the four or five examination sheets: “There’s nothing much wrong with the data on the report. Suddenly forgetting what just happened is medically known as temporary memory disorder, which will slowly disappear over time, but will also get worse with age. Generally speaking, patients usually manifest the disease more and more obviously only after they reach the age of forty

Ye Yunla barely understood, meaning that this condition was normal and would slowly get better.

Fu Beijiu pursed his lips and asked one more question, "The personality she showed in that temporary loss of memory is so contrasting from her usual personality, like two completely different people, this should not be explained by temporary memory disorder."

"If that's the case, a visit to the psychiatric department might be in order." The doctor suggested seriously.

Coming out of the clinic, Ye Yunla's expression was very complicated: "Beijue, I'm not suffering from schizophrenia, am I?"

That's why her personality suddenly changed so much, and she can't remember anything she did

"Don't think nonsense." The actual fact is that you'll be able to get a lot more than just a few of these. Didn't the doctor say that you will be fine after a while, don't put too much pressure on yourself during this time, you will definitely get better"

Ye Yunla leaned against his chest and nodded gently, "With you with me, I'm not afraid of anything."

Fu Beijue gently rubbed her soft black hair.

She had been to the H-land and there were all kinds of dirty things in that kind of place, and he was worried that she might have been backstabbed by someone.

He would have to get one of the doctors there to come and check it out and see what was going on.

But this had to be done in secret, so as not to add another layer of stress to LaLa.

A night of silence crossed the room, and the next day when the curtains were drawn, Ye Yunla's eyes were pricked, it had actually snowed last night.

The snow covered the entire courtyard, the trees were frozen with snowflakes and frost, and it was beautiful as far as the eye could see.

Ye Yunla pushed the window on the balcony open a crack, grabbed a handful of snow in her hand and went inside, then climbed onto the bed and stuffed it into the back of the man's neck.

"Little bad egg!"

Fu Beijiu straddled her over and pressed her underneath him.

"Messing with me so early in the morning, did you deliberately want me to punish you?"

"Oops, don't kiss, it tickles!" Ye Yunla dodged around to avoid his kisses, "I was wrong, really wrong, otherwise you would have stuffed the snow into my neck too"

"You know full well that I can't let go." Fu Beijiu imprinted a kiss on her face, "It's too cold for snow today, or else don't go to the party?"

"How can I not go to a long-established marriage recognition banquet." Ye Yunla nestled in his arms and said lazily, "It's still early, I'll squint a little longer."

She closed her eyes and slept lightly, but the man's hands roamed restlessly around her waist.

Ye Yunla smacked him, "Don't you"

Today the Zhuang family acknowledgement banquet, there is still a hard battle to be fought, she has to recuperate well.

HC Chapter 823

After all, Ye Yunla had not escaped Fu Beijiu's clutches and had been pressed into bed for a good lovemaking session before she got up.

She looked at the few crimson hickeys on her neck and could hardly cry.

"Fu Beijiu, you bastard!"

She cursed angrily through clenched teeth as she put on her make-up.

Fu Beijue slowly and methodically put on his suit with an insatiable look, "I'll send you over later."

Ye Yunla hummed and ignored him again.

It was a good thing that Zhuang Shen's custom-made dress was relatively conservative, the hickey on her neck was covered just right, and she wasn't afraid of being talked about.

The four children had already been sent off to kindergarten by housekeeper Qiao, and it was now the beginning of the waxing moon.

Speaking of which, this was the first New Year that Ye Yunla and the children had spent in China, and she was vaguely looking forward to it.

Fu Beijue dropped Ye Yunla off at the hotel door.

"Give me a call in advance when it's almost over, I'll come and pick you up."

The man's low, dull voice rang out from inside the car.

In fact, he wanted to accompany her to this marriage recognition banquet, but he knew she had her own plans and could only let her go in to face everything alone.

"Don't worry about me, it's all under control."

Ye Yunla planted a farewell kiss on his face before she pushed open the car door and got down.

As soon as she got out of the car, the cold wind rolled in with the biting chill of winter and she couldn't help but shiver.

It was so cold, it was lucky the snow had stopped, otherwise this man would have tried everything to stop her from coming to the party.

Knowing that Fu Beijue's gaze was fixed on her back, Ye Yunla braced herself to straighten her back with a breath and walked calmly and composedly towards the banquet hall.

Before she reached the entrance, Ye Yunla ran into the Xie family.

She had already instructed her great uncle and cousin not to let her grandmother come over, after all, she was already old and it was so cold outside that it would be a sin for the old man to come out, but to her surprise, she still came, supported by Xie Heng and Xie Zhirui left and right.

“Grandma, why don’t you take a good rest at home?”

Ye Yunla greeted her with quick steps, and Xie Heng gave up the seat on her left.

Old Lady Xie took Ye Yunla’s hand and said with a smile, “Today is your big day, so of course Grandma had to make a trip to back you up.”

Ye Yunla laughed helplessly, “Then let’s hurry inside, it’s warm inside.”

No sooner had the words left her mouth than she heard a sneer.

As soon as she turned her head, she was met with Xie Siqi’s face full of mockery.

Xie Siqi hadn’t wanted to come, but the Zhou family had insisted that she make the trip, saying something about the Zhuang family being a big family in Hai Cheng and that it would be best to climb into a relationship.

It just so happened that the Xie family was also coming to the banquet, so she followed them over.

But as soon as she saw how exquisitely dressed and beautiful Ye Yunla looked, she felt uncomfortable again.

She had two more scars on her face, and she didn’t look as good as she used to, but why did she still become the one to watch in everyone’s eyes?

Ye Yunla slightly curled her lips, her eyes bright: “What is big cousin smiling about?”

She had put on heavy make-up today, covering up the two scars so that only faint dark marks could be seen.

HC Chapter 824

The woman’s features were bright and beautiful, and the makeup she wore made her look even more elegant and bright, a face that looked like it had been plucked from a painting.

Xie Siqi became even more jealous and said with a leathery smile, “Now I know that being unmarried and pregnant first can be hereditary, no wonder the ancients would say that like mother, like daughter, Lara, you and your mother are really one in the same lineage.”

“Pah!”

Before she finished her sentence, a crisp slap rang out on the side of her face.

Xie Siqi’s eyes widened in disbelief, “Ye Yunla, you’re crazy, how dare you hit me?”

She was about to lunge forward with her teeth and claws open.

Xie Heng said angrily, “How could I have a daughter like you? Xie Zhirui, send her back to the Zhou family!”

Xie Zhirui hurriedly stepped forward and held Xie Siqi's arm, whispering, "Sister, there are so many people today, don't make a scene, I'll send you back."

Ye Yunla rubbed her somewhat numb fingertips and said indifferently, "Cousin, let her go, let her make a scene with me, let's see whether it's me or her that's embarrassed."

Xie Siqi was so angry that her internal organs were about to explode.

This was not the first time she had been slapped by Ye Yunla, last time it was fine, after all, it was in the Ye family, and she hadn't been disgraced.

But now, in front of a large audience, with countless pairs of eyes staring, she, the titled Madam Zhou, was actually slapped by her own cousin.

"Everyone knows that you hate me, but, as a junior, you shouldn't talk about my mother." Ye Yunla said coldly, "There are two bottom lines for me, the first is the child, and the second is my mother, do you remember that clearly?"

The condescending tone, implying a threat, made Xie Siqi's anger increase.

Before she could insult back, she was pulled away by Xie Zhi Rui: "Sister, you should stop, the bigger it gets the less good it will do you, the Zhou family, the Xie family, the Zhuang family and the Fu family will all hold a grudge against you"

The first thing you need to do is to get into a car, and the car will go away.

The old lady Xie shook her head and sighed: "This child Siqi is becoming more and more unbelievable, ever since she married into the Zhou family, she is no longer the same as our Xie family."

Xie Heng said, "I told her to get a divorce earlier, but she just refused, if she keeps tossing and turning like this, there's no telling what she'll become in the future"

About Xie Siqi's affairs, Ye Yunla did not want to care too much.

She helped Old Lady Xie into the venue, and just as she reached the door, Zhuang Shen hurriedly greeted her.

He had just been inside to receive the guests when he heard the maid say that something had happened at the door, and he was suddenly a little chagrined that he should have waited at the door to personally greet Yara as she entered.

"Yara, is everything all right?" Zhuang Shen greeted Ye Yunla first, then only then did he look at the Xie family, "Old Lady Xie, Mr. Xie, hurry inside please."

Old Lady Xie examined Zhuang Shen.

She really couldn't understand how her daughter, who had grown up like a good rabbit, had gotten involved with Zhuang Shen before her marriage.

But that was more than twenty years ago, and there was no need to question Zhuang Shen over this matter.

Zhuang Shen led Old Lady Xie and Ye Yunla towards the banquet hall.

Ye Yunla thought that the other Zhuang family members would not be there, but she unexpectedly saw Elder Zhuang and Zhuang Yuan, as well as Yue Yinghan who was exchanging pleasantries with the guests.

Because Master Zhuang was in charge, this was a big wedding banquet, with almost half of the dignitaries and celebrities from the whole of Hai Cheng coming.

As soon as Ye Yunla entered through the doorway, almost everyone's eyes fell on her.

The former number one beauty of Hai Cheng's face really had two more scars, as the news said

Although the scars had been lightened a little with makeup, they still made this bright and attractive face a little less beautiful

The people in the banquet hall couldn't help but start talking and whispering.

HC Chapter 825

"It's amazing that this face is really ruined, it doesn't look as good as before."

"Even if plastic surgery can fix it, it's not the natural face it used to be, what a pity."

"It's also unexpected that Ye Yunla is actually the Zhuang family's illegitimate daughter, this is really shocking."

"The key is that the day before the wedding banquet there was no word of it. I only found out that the Zhuang family was hosting a wedding banquet when I arrived at the banquet hall."

"Ye Yunla's current status is truly remarkable, the only young lady of the Zhuang family, the cousin of the Xie family, the young lady of the Fu family"

"Young lady of the Fu family? Not really, not a single person from the Fu family came tonight, obviously they have fallen out with Ye Yunla."

"Hey when you say that it's true, it's been so long since I came in, I really haven't seen a single person from the Fu family."

"It can't really be a divorce"

All sorts of voices came from the surroundings, and Ye Yunla's eyebrows didn't even raise.

When she decided to have this marriage recognition banquet, she had already anticipated such a situation and she did not care.

Zhuang Shen lowered his voice and asked, "LaLa, how come no one from the Fu family came over"

Ye Yunla curled her lips and smiled, "Father, don't worry, Beijue and I have a stable relationship as a couple, I was the one who told him not to come in the first place."

Zhuang Shen let out a quiet sigh.

I guess it was because of this well-intentioned lie that Rara had made up in order to ease his mind

In the future, he must be doubly good to Rara and find another good one for her

Just at that moment-

Three or four reporters carrying long guns suddenly rushed over to the corner of the banquet hall.

“Miss Ye, the rumor is that you and Mr. Fu have divorced from each other, what is the real situation?”

“On such an important occasion as the Zhuang family’s wedding reception today, Mr. Fu didn’t show up, does it mean that your relationship has been in trouble?”

“Miss Ye is still wearing her wedding ring on her finger, does it indicate that Miss Ye is still holding on to the marriage?”

“.....”

The reporters had one question after another.

Ye Yunla glanced at the sea-blue diamond ring on her finger and curled her lips into a smile.

The ring had previously been placed properly in her cupboard, and she had only put it back on after Fu Beijue had returned.

The man’s original wedding ring had long since been lost, and she had had it custom made for him again with an identical pair of rings.

The way she looked down at the ring fell into the eyes of the people around her, and it became one of reluctance, lingering, regret and despair

It must have been a relationship problem, that’s why she looked like that

“Who let you in, security, blow these reporters out!”

Zhuang Shen spoke in an angry voice, and seven or eight security guards instantly surged in and carried three or four reporters out.

He had strengthened the security measures for this banquet just because he was afraid that the reporters would barge in and ask some strange questions, but he didn’t expect that something had gone wrong.

He looked at Ye Yunla with great guilt, “I’m sorry, it’s all my negligence”

HC Chapter 826

“Uncle, what does it matter to you if reporters barge in, and what’s your fault?” Yue Yinghan said with a smile on her face, “It’s mainly because the divorce between cousin and cousin’s husband is too confusing, that’s why everyone is curious. Cousin, why don’t you take this opportunity today to clear up the confusion for everyone?”

She said “cousin”, but deep in that voice, there was a coldness hidden in it.

Ye Yunla hooked her lips, revealing a bright and flamboyant smile, “If cousin can tell everyone about her chasing after men, I wouldn’t mind sharing what happened between me and my husband.”

These words made Yue Ying Han's face completely stink.

Between her and Feng Chengyu, she had always been the one chasing after men, but she hadn't gotten anything out of it. If this matter was shaken out, she wouldn't need this face.

She was afraid that Ye Yunla would tell her personal story, so Yue Yinghan meekly shut up.

Zhuang Shen led Ye Yunla into the spotlight.

He took the microphone and spoke in full spirit, "Hello everyone, thank you all for coming to our Zhuang family banquet in the midst of your busy schedules. I invited you all here today because I want to ask you to witness something that is very important to me."

He took a deep breath and took Ye Yunla's hand beside him and said, "Beside me, this is my long lost daughter, from today onwards, my daughter will officially return to me and become part of the Zhuang family."

"Congratulations to the Zhuang family for having another daughter!"

"Congratulations to Mr. Zhuang for finding his long-lost daughter!"

"Congratulations to Master Zhuang on having an additional real granddaughter!"

The crowd was full of joyful words of congratulations, whether sincere or not, at least the scene looked happy and harmonious.

Since Master Zhuang was present at the acknowledgement banquet, it meant that he had already convinced himself to accept this stray granddaughter in his heart, and he took out an antique sandalwood box from his pocket, "This is something that all the children and grandchildren of the Zhuang family have, so you should keep it well."

Ye Yunla was not polite and took it directly, smiling, "Thank you, grandpa."

The sound of a grandfather made Elder Zhuang's face look somewhat better.

The Zhuang family only had one offspring, Zhuang Mingfeng, and none of his siblings, and now that there was an additional granddaughter, it meant that the Zhuang family was a little more prosperous.

"LaLa, this is a gift from your aunt to meet you." Zhuang Yuan had a warm smile on her face, "We are both aunt and nephew, so we are now family, if you need any help, just tell aunt."

The initial plagiarism incident was a big deal and many people in Haicheng knew about it, but when Zhuang Yuan said so, the matter passed lightly.

Ye Yunla didn't care either, accepting the gifts and smiling, "Thank you, aunt."

She held the two gifts in her hands and played with them for a few seconds before continuing to smile, "So I'm considered a member of the Zhuang family now?"

"Of course." Zhuang Shen hurriedly answered, "If you like the surname Zhuang, we'll go and change it tomorrow, if not, it's fine to continue with the surname Ye, none of our families care about that."

Hearing these words, the corner of Yue Ying Han's mouth tugged.

Just because her surname was Yue, her grandfather had always distrusted her, and said that after she officially became the heir to the Zhuang Group, she had to change her surname to Zhuang.

Grandpa was at heart treating her like an outsider, it was just that Zhuang Mingfeng was really unable to support the wall, which reluctantly allowed her to be the heir

Ye Yunla put away her smile and seriously inquired, "Then may I ask, is there any other additional condition for the Zhuang family heir election, apart from being a Zhuang family member?"

Her light-hearted words hit Yue Ying Han and Zhuang Yuan's hearts like a heavy hammer.

Even Zhuang Shen froze, stammering and asking, "Lara, what do you, what do you mean by that?"

Ye Yunla hooked her lips and smiled lightly, "I just want to ask, am I qualified enough to run for the Zhuang family heir?"

"You're dreaming!" Yue Ying Han exploded instantly, "You are a low status illegitimate daughter, how dare you want the Zhuang family to run for heir, who gave you the guts"

HC Chapter 827

Yue Yinghan's words made Zhuang Shen's face as cold as bone.

"If you are not a member of the Zhuang family, you can run for the heirship, so why can't you?" His eyes glowed coldly, "Also, LaLa is the rightful first lady of the Zhuang family, if I hear the word illegitimate daughter again, you will stop calling me uncle."

Yue Yinghan's eyes widened in disbelief.

Uncle had always loved her the most and would leave her whatever goodies he had, but now he was actually saying such cruel words to her.

Ye Yunla was originally an illegitimate daughter, so why should she not be able to say it

She was about to open her mouth when she was pulled by Zhuang Yuan.

Zhuang Yuan's face was also very unpleasant, she knew that Ye Yunla's sudden desire to return to the Zhuang family was not a good thing, but never thought that this little bitch was actually playing such a wishful thinking.

She had known about Zhuang Shen's relationship with Xie Jinshu, and she knew that Zhuang Shen had treated Xie Jinshu as if she were his own child, but for some reason, Xie Jinshu had married someone else.

After learning of Xie Jinshu's marriage, Zhuang Shen was depressed for at least two years, and soon after Xie Jinshu died unexpectedly, Zhuang Shen was depressed for another seven or eight years

It was only then that she slowly gained her father's trust and began to slowly access the core projects of the Zhuang Group

She knew how much Zhuang Shen loved Xie Jinshu and could imagine how much he would love this and Xie Jinshu's daughter

So, as long as it is something that Ye Yunla wants, Zhuang Shen will definitely hold it and send it to Ye Yunla.

Zhuang Yuan opened her mouth with a sunken breath, and said in a flat tone, "Yara, you have just returned to the Zhuang family now, many things have not been settled, the matter of the heir, let's go back and talk slowly."

With these words, she made many people come back to their senses.

A while ago, Zhuang Mingfeng's withdrawal from the heir contest had even made the local news in Haicheng, eventually leaving Yue Yinghan, the cousin, as the only contender for the heir.

Now, the first thing the Zhuang family's illegitimate daughter did when she returned was to ask about the heir.

The crowd present ate melons on the spot.

"This is too ugly for Ye Yunla to eat, only her first day back in the Zhuang family and she wants to be the heir, how big a face does she have?"

"For the sake of the Zhuang family's fortune, she's really doing everything, it looks like she's been raised crooked, Mr. Zhuang should regret throwing such a party, the Zhuang family has been disgraced."

"So it seems that Ye Yunla and Fu Beijue are really divorced, otherwise she wouldn't be thinking about the Zhuang family's stuff."

"Even if she wants the Zhuang family's property, she should also take her time, this rush for the heir position, afraid that others won't know about her little thought?"

"....."

The guests in the room were softly chattering, and these voices inevitably found their way into Zhuang Shen's ears.

He spoke coldly, "LaLa is the bloodline of the Zhuang family, then she is qualified to run for the position of the Zhuang family's heir, this is something that LaLa deserves in the first place, it is not your turn for outsiders to have a say."

"Uncle, haven't you seen Ye Yunla's face clearly?" Yue Yinghan finally failed to hold back and said angrily, "She is willing to admit back to the Zhuang family just for the sake of the heir position! Her wolf's ambition is clear as day, only uncle still believes that she really wants to acknowledge you as her real father!"

"And what about you, what are you running for the heir position for?" Zhuang Shen asked coldly in return.

As an elder, he really didn't want to go toe-to-toe with a junior in public, but Han'er was really too disappointing to him, his love and affection for so many years seemed to have been fed to the dogs

The company's main business is to provide a wide range of products and services to the public. If there was no me, then the Zhuang Group would have no successor."

HC Chapter 828

“Heh.”

Ye Yunla couldn't hold back her laughter.

I really didn't expect that Yue Yinghan's cheek was so thick that she was able to make such a grand statement when she was clearly using tactics to force Zhuang Mingfeng to withdraw from the election.

“What are you laughing at!”

Yue Yinghan glared at her in annoyance, looking like she was about to eat someone.

“I'm laughing at you for having a dirty mind and judging others by yourself.” Ye Yunla hooked her lips and said slowly, “The Zhuang Group should be inherited by someone from the Zhuang family, not someone surnamed Yue to get a share of the pie. In my opinion, there is no one more suitable for the position of heir than Zhuang Mingfeng. It doesn't matter if he quits, I, as a sister, am obliged to help him hold on to this position.”

These words, word for word and powerful, caused Zhuang Mingfeng's heart to shake fiercely.

He had never expected that Ye Yunla would say these words.

He thought of that afternoon when he had met Ye Yunla by chance at Zhuang's house, and she had only asked him about this aspect of his words.

It was also because he had admitted that he had withdrawn as heir that she had suddenly told her father that she wanted to hold a marriage recognition banquet.

In this instant, Zhuang Mingfeng suddenly understood why she wanted to run for the heirship

Perhaps it was to help him hold on to the position, and more than that, it was actually because she didn't want to owe him

I don't know if it's too out of sight or if it's genuinely protective of his half-brother.

Zhuang Mingfeng's face was a bit complicated.

“Really know how to put gold on your own face!” Yue Ying Han said angrily, “You and Ming Feng have the same father and mother, and you haven't met each other for so many years, there's a hell of a sister-brother relationship? You're just talking big for your own selfish desires, just to inherit everything from the Zhuang family”

“Cousin!” Zhuang Mingfeng coldly interrupted her, “Of course you wouldn't know if there is any affection between me and my sister. I can protect my sister, and my sister will naturally stand up for me, we are the real siblings, and you are just an outsider.”

“You, you!”

Yue Yinghan jumped to her feet in anger.

Zhuang Yuan pulled her back in time, fearing that she would say something else irreparable under her breath.

“Mom, what are you pulling me for?” Yue Ying Han took a deep breath and asked angrily, “The cousin I’ve loved for so many years is now uniting with an outsider to ostracize me, I won’t give up so easily

“Do you have to ask him to shake out the reason for withdrawing from the heir race?” Zhuang Yuan gritted her teeth and lowered her voice.

“So what if you shake it out, it’s Ye Yunla who will be disgraced, she’ll be drowned by people’s spittle for cheating within marriage!” Yue Ying Han said fiercely.

Zhuang Yuan said with hatred, “Shaking it out is only enough for you to look at the joke for a few days, do you know what you will lose? You are using tricks to count on your own cousin, which is a capital offence with the old man, and your position as heir is out of the question!”

Yue Yinghan snapped to attention in reaction.

In grandpa’s mind, Zhuang Mingfeng would always be the most important.

If grandfather knew that she had used tricks to force Zhuang Mingfeng to compromise, then she would definitely be disliked by grandfather.

“All stop arguing.” Elder Zhuang spoke up at the right time, his gaze cold and majestic, “LaLa is the bloodline of the Zhuang family, then she is qualified to compete for the position of heir to the Zhuang Group, there is nothing to argue about.”

HC Chapter 829

Zhuang Yuan’s face abruptly sank.

Just now, when this little bitch Ye Yunla had mentioned Zhuang Mingfeng’s name, she had guessed that the old man would definitely agree.

As expected, in the old man’s mind, Zhuang Mingfeng was the most suitable candidate

“What Dad said.” Zhuang Yuan echoed softly, “Han’er is young and doesn’t understand things, dad shouldn’t take it to heart, how about waiting for our Zhuang Group to meet privately in two days to determine various details about the heir?”

Master Zhuang nodded, “Let’s discuss this matter later.”

Ye Yunla hooked her lips and smiled faintly.

The reason she had openly raised this matter at the banquet was because she was afraid that the Zhuang family would backtrack.

Now that so many pairs of eyes were watching, even if Master Zhuang regretted it afterwards, or if Zhuang Yuan cheated, it would be impossible for anything to change.

The position of heir was hers for the taking.

The drama ended in a hurry and the banquet continued, but the eyes of the people in the banquet hall looked at Ye Yunla with a little more disdain and inquiry.

Old Lady Xie took Ye Yunla's hand and whispered, "Lara, even if it's for that brother of yours, you shouldn't be so rash and make yourself a target."

"Grandmother, I never cared about what others looked at me." Ye Yunla smiled and said softly, "Because ever since I understood, I have been talked about by all kinds of people, if I cared about these remarks, I would have been drowned in spittle long ago."

Old Lady Xie sighed, "Is it worth it to help a half-brother?"

Ye Yunla had asked herself the same question, was it worth it?

Perhaps the warmth she had felt all these years was too little, which was why she had been moved by a single gesture from Zhuang Mingfeng.

She was running for the heirship not only for Zhuang Mingfeng, but also for Zhuang Shen.

Zhuang Shen had lost his voice in the Zhuang family for nearly ten years because of her mother's accidental death, and had been trampled under Zhuang Yuan's feet.

It was true that her father was not capable of much, yet he was doing his best to protect her.

"Old Madam, please don't worry, I will protect LaLa." Zhuang Shen walked over and promised earnestly, "Lara is the only woman Jinshu and I have, and I will protect her with my life."

Old Lady Xie looked at Zhuang Shen and was suddenly in a bit of a trance.

When she saw Zhuang Shen, she thought of her own daughter and her emotions sank all of a sudden.

Xie Heng said in a low voice, "The banquet is almost underway, let me send you back first."

Old Lady Xie was old and not in good health, she was already a little tired from coming out for so long, her old man nodded and allowed Xie Heng to help her leave first.

Zhuang Shen's gaze was complicated as he said, "Lara, you should have told me about this matter in advance."

That way he could have arranged the heirship perfectly, and could have kept Yara from becoming a target.

Ye Yunla curled her lips and smiled, "Father, Zhuang's group is held by Zhuang Yuan, even if you work it out privately, when the time comes for the shareholders' meeting, those senior shareholders can still veto me. Only with so many eyes watching can I enter the Zhuang Group to run for heir in name only. Don't worry father, I'm not interested in the heir position, I just think that Ming Feng shouldn't be stepped on by Yue Ying Han just like that."

"LaLa, if you are fit to be the heir, then this position should be yours." Zhuang Shen said seriously, "Ming Feng has his own opportunities and life, you don't need to consider him."

Ye Yunla smiled lightly, "Let's talk about it later, it's not necessarily possible to be the heir yet."

She had the Ye Group under her name, the Lara Star Technology Company, and several children's companies that she occasionally needed to take care of, and she was so busy every day that she simply didn't have the energy to manage the Zhuang Group anymore.

She came to run for the heirship purely because she had a personal vendetta against Zhuang Yuan Yue Ying Han.

The feeling of public revenge is quite good.

HC Chapter 830

Ye Yunla pursed her lips and took a sip of champagne, a fine wine with a mellow and refreshing taste.

A marriage recognition banquet ended silently.

Zhuang Shen wanted to send Ye Yunla back, she smiled and refused, "Beijue is just waiting for me outside, father should go and talk to grandfather, he's been watching you."

Zhuang Shen turned around and saw that Master Zhuang was indeed looking his way, he said helplessly, "Then take care on your way and send me a message when you arrive home."

Ye Yunla nodded happily and carried her skirt towards the banquet hall.

By this time the guests had almost dispersed, and she had just reached the door when a figure blocked her way.

She raised her eyebrows gently, "What is cousin doing here?"

Yue Yinghan gritted her teeth and said, "Ye Yunla, you have to cross me, don't you?"

Ye Yunla smiled lightly, "I don't understand what you're saying."

"Even if you stole Feng Chengyu, why do you still want to steal the position of heir from me?" Yue Ying Han said hatefully, "If you don't withdraw from the heir race, then I'll expose your scandalous deeds."

Ye Yunla was almost laughing, "Don't you think it's too childish to use the same tactics you used against Zhuang Mingfeng to deal with me? Just because Zhuang Mingfeng is young and can be subdued by you doesn't mean that I will also compromise unconditionally."

Yue Yinghan held up the printed photo and said word for word, "You cheated on your wife and went in and out with a wild man, if this photo is exposed, the Fu family will definitely kick you out, and you won't have any chance!"

The photo was secretly taken at first glance, it was the back of her and Fu Beijiu.

I don't know whether Yue Yinghan's eyes were bad or blind, but she actually recognized Fu Beijue's back as a wild man.

She laughed lightly, "Then feel free to do as you please."

After saying that, she lifted the hem of her skirt and walked towards the outside of the banquet hall.

Yue Yinghan was furious and stomped her foot.

Naturally, she didn't dare to expose this photo freely, because it was the only handle to hold Zhuang Mingfeng down, and once the photo leaked out, Zhuang Mingfeng would definitely go to his grandfather to complain!

She turned around and went back to the banquet hall.

The guests had all left, and only the Zhuang family was still there.

Master Zhuang's face was serious, his gaze fixed on Zhuang Shen: "This was your idea?"

"Lara is excellent and very suitable to be the Zhuang family's heir." Zhuang Shen did not deny it and said in a light voice, "She started her own business running a company, annexed and integrated the Ye Group, and now the Lara Star Technology Company is gradually emerging in Haicheng, her business ability does not need to be questioned at all."

"But her status is indeed a bit awkward" Zhuang Yuan said indifferently, "An illegitimate daughter as the heir, outsiders will surely say whether the Zhuang family has no one"

Zhuang Shen's eyes faintly swept over, "Let a cousin miss be the heir, outsiders won't judge?"

Zhuang Yuan choked raw.

Yue Yinghan knew that spilling her guts would not work and began to play the pity game, "Uncle, are you not loving me, your niece, because you have your own daughter?"

"LaLa is your own cousin, you respect her and I will naturally love you." Zhuang Shen threw down these words nonchalantly.

Yue Ying Han was furious and fiercely clenched his fist.

Ye Yunla was really too cheap, not only did she steal away the person she loved most, but she had also stirred up her family into a mess!

She and Ye Yunla were at loggerheads!

She would rather lose than let this little bitch have her way!
