

HC Chapter 831

When Ye Yunla walked to the entrance of the banquet hall, she saw a black car parked discreetly at the exit.

The corners of her mouth curled up into a smile as she walked over, and before she could reach the car, Fu Beijue got down from the driver's seat and helped her pull open the door of the passenger seat.

The man bent down and carefully helped her fasten her seat belt, his voice low, "Why are you still drinking?"

"Just a couple of sips." Ye Yunla said casually, "When did you get here?"

Fu Beijue returned to the driver's seat, gripping the steering wheel and said, "Just arrived."

As the car slowly drove down the road, the man's low voice rang out from inside the car, "I'm supposed to be with you today at the family recognition banquet."

Ye Yunla froze, and then immediately understood.

I guess what happened at the banquet tonight had made the news again, she was mocked by Xie Siqi, mobbed by the reporters and talked about by the people in the banquet hall These things should also be discussed by people on the internet.

And Fu Beijue must have specifically picked news about her to browse.

She held the man's hand and curled her lips in a smile: "If you really showed up with me, people on the internet would be talking about it... The Fu couple are both disfigured and the reason behind it is shocking! The netizens will be talking all over the place, and they might even make up a lousy and dogged love story."

Fu Beijiu lost his smile a little.

He had gone for facial repair surgery yesterday, and with his face currently wrapped in gauze, he really couldn't appear in the spotlight.

But he was even more reluctant to let LaLa face the gossip alone.

"We're so close, we're not divorced, what do we care what those people say?" Ye Yunla twisted her head and asked him with a smile, "How was your visit to the company today, did you solve all those hidden problems left behind by Fu Nanchuan?"

Fu Beijue's face turned serious, "He runs more than one underground biotech company, there are also branches of his in the H land, but his fingerprints are needed to unlock the locks to give orders, I'll deal with those after his fingerprints are sent back."

These companies were the cradle of evil and all the chips developed had to be destroyed in order to reduce the evil.

Ye Yunla was also aware of the existence of the bio companies, Fu Chuan had personally approached her a few months ago to do a collaboration in this area, but she had turned it down.

The return on this industry was over a thousand percent, and she was not moved by it, more people were rushing to do it, it had long since become a scale, and it was not an easy thing to destroy.

And it would be easy to offend people, even to the point of devastating reprisals.

But her man was not afraid, a man with a sense of justice who maintained the goodness in his heart even when he had lost his memory.

Even when he was influenced by sinful people in the land of sin, he always followed his heart.

Ye Yunla's eyes shone brightly and Fu Beijue was very uncomfortable by the look, the knot in his throat rolled heavily.

If he hadn't been driving, he would have finished her off right there.

He pretended as if nothing had happened, "I'll arrange for a few people to send Catherine to the H boundary, then we can get Fu Nanchuan's fingerprints back without any problems, and everything will be settled soon."

Ye Yunla deeply felt the hidden emotion in the depths of this man's voice.

HC Chapter 832

After the two returned from abroad, all alone time was basically spent in bed She felt like she was about to be drained.

She hurriedly withdrew her gaze and decided to honestly stop messing with this man.

The car soon drove into the courtyard of the Fu family villa, and just as she got out of the car, she was fished into the arms of Fu Beiju and kissed fiercely for up to a minute.

It was only when she heard the sounds of other people talking in the house that Ye Yunla struggled out of Fu Beiji's arms: "Guests are coming, you should pay attention to the impact"

Fu Beiji swept a glance into the villa, "Second aunt is here, not really an outsider."

Ye Yunla hurriedly shot up, this second aunt Fu was not a simple person.

The last time she came to visit Mrs. Fu, she had said a load of bad things about her in front of her

She naturally didn't care about Mrs. Fu's attitude towards her, but as a family, it was better to live in harmony.

Ye Yunla straightened her clothes and walked in. Before she reached the door, she heard Aunt Fu's voice coming from

"The news tonight, did you see it? It's all about Ye Yunla. She's got a temper, so many people were watching, and she slapped Miss Xie's face, that's her own cousin!" Second Aunt Fu said in pieces, "She is at least the young lady of the Fu family, yet she has to compete for some Zhuang family heir, isn't this a joke to people, those who don't know will think you have treated her badly"

"Why is second aunt here?" Ye Yunla walked in the door and said with a leathery smile, "Why do I seem to have heard second aunt mention my name, what was she talking about?"

Second Aunt Fu's face froze.

She had only said something bad about Ye Yunla twice in total, the first time being heard by the children, and the second time being heard by Ye Yunla and Fu Beijiu together, her luck was just a little too bad.

Mrs. Fu opened her mouth to round up the situation, "Your second aunt was talking about the Zhuang family banquet today, and there was some mention of it on the news."

Second Aunt Fu couldn't help but say, "Yara, the news said you decided to run for the Zhuang family's heir, is that really true?"

Ye Yunla nodded, "What's wrong with that?"

Her smiling appearance, seemingly devoid of any offensive power, caused Aunt Fu to drop her guard instantly and said in a serious tone, "Lara, you are the young lady of the Fu family, the Fu family will give you whatever you want, why do you have to go into this muddy water? And I think that there is no need for you to acknowledge the Zhuang family, this acknowledgement will cause everyone in Hai Cheng to know that you are an illegitimate daughter Young lady Fu is an illegitimate daughter, this word spreads out to the Fu family influence not hear"

"How is it bad for the Fu family?" Ye Yunla's smile gradually turned cold, "Since second aunt cares so much about the reputation of the Fu family, she shouldn't have recruited all of her mother's unworthy nieces and nephews into the company to apply for important positions. Second Uncle's company has been losing money year after year, causing a hundred times and a thousand times greater impact on Fu's than I have, why haven't you seen Second Aunt introspect?"

"You, you!"

Second Aunt Fu's eyes widened incredulously, she hadn't expected, at all, that Ye Yunla would actually suddenly change her face.

What's more, she didn't expect that a junior would actually speak to her, her elder, in such a tone.

"If Second Aunt has nothing to do on weekdays, she should teach the untalented children of her mother's family more, it's best not to point fingers at other people's families' affairs, Second Aunt, am I right?" Ye Yunla faintly hooked her lips into a smile, a cold intent floating in the depths of her eyes.

After she finished, she hooked Fu Beijue's arm and smiled delicately, "Beijue, let's go upstairs and rest."

The two of them walked side by side towards the stairs, and from beginning to end, Fu Beijiu didn't say a word.

Aunt Fu was simply furious: "Sister-in-law, look, this is the good daughter-in-law that Beijue married into the family, is there such a way to speak to the elders? Is Beijue being bewitched by this woman, seeing his own second aunt being pointed at and scolded, and he doesn't even care about his own daughter-in-law?"

HC Chapter 833

Second Aunt Fu's chest rose and fell violently in anger.

Mrs. Fu put down the tealight in her hand, "I, as a mother-in-law, never interfere in LaLa's affairs, let alone you."

"You are a mother-in-law and she is a daughter-in-law, how dare she take Joe in front of the elders?" Second Aunt Fu lowered her voice and said indignantly, "Before when Beijue was not married, I showed you my niece from my mother's family, what an obedient little girl, if she married over, she would be a good hand in taking care of her husband and serving her mother-in-law, which would be like Ye Yunla, who doesn't even put her own mother-in-law in her eyes"

Mrs. Fu's face was indifferent, and what she was thinking in her head was not the same thing as Aunt Fu.

Now that she and Bei Jue had fallen out like this, her own mother and son could go for a week without saying a word, but Yara, the middleman, had never thought of persuading peace, If it had been the niece of Aunt Fu's mother's family, things would not have gotten so bad

She knew that there was nothing wrong with LaLa, but she still expected LaLa to do more.

Aunt Fu complained downstairs, her broken voice inevitably reaching the master bedroom, and Ye Yunla only knew that Aunt Fu was complaining but couldn't hear exactly what she was saying.

She nestled in the man's arms and whispered, "Beijue, did I go too far in speaking to Aunt Er like that just now?"

"You were right." Fu Beijue wrapped his arm around her slender waist, "I know my second aunt's character, if you speak more seriously this time, she won't dare to say anything else in the future."

Ye Yunla hooked her arms around the man's neck and said, "What if I get into a fight with your mother one day?"

Between the second aunt and his wife, this man could choose her without hesitation.

So what if it was between her and her mother, would he still be on her side?

"As I said, you're always right." Fu Beijue leaned down and planted a kiss on her lips, "No matter what happens, I will stand by your side."

Ye Yunla's heart was filled with sweetness.

She gave the man a sweet deep kiss back and said with a sigh, "Beijue, your mother is in a very bad state right now, I told you last time, talk to your mother more when you have time, maybe you can untie her heart."

The first time I told you to talk to your mother when you have time, you might be able to untie her heart. But, I can't let the tiger return to the mountain, so my mother will have to live with this knot in her heart for decades to come."

Ye Yunla was silent and did not say anything.

She hadn't experienced everything that Fu Beijue had gone through, so she wasn't qualified to ask him to forgive Madam Fu.

In fact, she couldn't forgive Mrs. Fu either.

Perhaps time could erase everything, and let's leave these grudges and entanglements in life to time.

"Alright, don't think about it."

Ye Yunla tilted her head and kissed the man's chin.

Fu Beijue rolled over and pinned her underneath him, asking softly, "Is that okay?"

Ye Yunla hummed, "If I say no, will you still let me go?"

Fu Beijiu laughed out loud and lowered his head to kiss her red lips.

The two were tangled in bed, and at the crucial moment, Ye Yunla braced her hand against the man's chest, "Wear, condom"

Giving birth in the Ye family warehouse that year had left a huge psychological shadow on her, she never wanted to experience the pain of childbirth again

Fu Beijue kissed her on the corner of her sweaty forehead and dutifully put on the protection.

He knew that a woman's pregnancy was a trip to the doorstep of a ghost, and they already had four children, sons and daughters, and didn't need any more.

As the man moved, he thought to himself that perhaps, he should take the time to get a ligation so that he wouldn't have to worry about the risk of pregnancy

After all, even if you wear a condom, there is still a one percent chance of getting pregnant

Ye Yunla wrapped her arms around the man's neck, her eyes slightly closed, enjoying the intimacy and soundness of the moment

Just then, a voice that didn't belong to her suddenly appeared in her head –

"Leave him!"

"Leave him!"

HC Chapter 834

This mechanical voice, over and over again, rang out.

Yvonne's eyes snapped open.

"What's wrong?"

Fu Beijue hurriedly stopped moving and kissed her on the forehead.

"Nothing, nothing" Ye Yunla had just spat out two words when that voice in her head rang out again, and her head felt like it was split in two, almost fainting from the pain.

She suddenly remembered the night she suddenly had to jump off a building, it was the same kind of pain, the pain on the right side of her face spread to the back of her head, then suddenly she couldn't remember anything

I can't let this happen!

Never!

With her strong mental strength, Ye Yunla calmly spoke, "Beijue, I want to go faster, harder"

With his petite wife urging underneath him, any man would have used his whole body to exert his strength.

The tremendous force rushing against her kept Ye Yunla's mind awake

She could hear the voice exactly, it wasn't an illusion, it was a real voice in her head

That voice had a great power, dominating her entire mind, ordering her to leave Fu Beijiu

Why was there such a voice?

Ye Yunla's hands gripped the bed sheet with a deadly grip, fighting the voice in her head with all her might.

An affair had finally ended.

The voice in Ye Yunla's head had also finally subsided.

Her tense spirit instantly loosened and her whole body fell helplessly into the man's arms.

"You're a bit off today" Fu Beijiu wrapped his heart around her, "Is it because I'm pushing too hard?"

"No, I like it when you push hard" Ye Yunla said the love words she had never said before, "I like it when you push so hard."

It was because he was hard enough that she was able to struggle to stay sane.

However, as soon as the words left her mouth, she felt another change of some sort in the man's body

She said somewhat helplessly, "One more time and I might have to die in bed."

Fu Beijue kissed her on the cheek, "No more, I'll carry you to the bath."

Ye Yunla nodded her head and let the man carry her to the bathroom.

The water from the shower clattered down on her body, and her mind became clearer and clearer.

She had experienced transient memory loss twice, both times when she had been intimate with Fu Beijiu

The first time and the second time she did not remember what happened, but, the third time when she did not have complete amnesia just now, she clearly remembered that voice in her head ordering her to leave Fu Beijiu

Such abnormalities began to happen from the time she returned to China.

She hadn't met anything strange in H-land either, so how could this happen

"Lara, you have something on your mind."

Fu Beijiu carried her back to the bed in the bedroom and whispered in her ear.

“Yes something on my mind, you come several times every night, I’m afraid I’ll be drained before I get old”

Ye Yunla said with a cheeky grin, bringing the matter briefly to a close.

Before the matter is clearly investigated, it is better not to speak out to scare this man

HC Chapter 835

The warm winter sun shone in from the balcony before Ye Yunla and Fu Beijue lazily got up.

It was already eight o’clock in the morning, and the two people who rarely slept had been tired all night and had coincidentally slept a little longer.

Ye Yunla was about to get up when Fu Beijue’s long arm wrapped around her waist, “LaLa, you should sleep more, you were too tired last night.”

“Aren’t you more tired?” Ye Yunla said without a red face, “I have to go to the company today to work, don’t pester me.”

After saying that, she jumped out of bed quickly.

If she stayed in bed for a while longer, this man would have eaten her up again.

Watching her dart into the bathroom, Fu Beijiu couldn’t help but let out a laugh.

He lifted the blanket and got up, looking out the window at the fading leaves and the warm winter sun, the man’s eyes and eyebrows were all filled with a gentle smile.

When things are done for the time being, he will take Yara to the south for the winter

The first thing you need to do is to get a good idea of what you want to do.

After eating breakfast, Fu Beijue drove Ye Yunla to the downstairs of the Lara Star Technology Company.

“I’ll pick you up after work tonight, remember to wait for me.”

Ye Yunla kissed him on the lips, “Okay, I’ll be good and wait for you to come over.”

She carried her small leather bag and stepped on her high heels as she walked into the office building.

She hadn’t been to the office much since she returned from abroad, and the backlog of work that had been building up for nearly a month required her to take her time.

The backlog of work that had been going on for nearly a month needed to be dealt with slowly. Luckily, Tan Jing was also a capable and driven assistant, so some of the bigger things Tan Jing had dealt with smoothly, and the work that was left behind were all the more important and large projects that involved more money.

Ye Yunla looked through the backlog of project documents, most of which were old problems left behind by the Ye Group, and it was no wonder that Tan Jing did not handle them individually.

As she dealt with her work and sipped her coffee, time passed silently.

“Mr. Ye, there’s a gentleman surnamed Zhou coming outside, saying he’s your cousin’s husband.” Tan Jing knocked on the office door and walked in to report.

Ye Yunla froze a little, and it took her a long time to react to who this cousin’s husband was.

When she was seventeen or eighteen, she had been there on Xie Siqi’s wedding day, and she had met this cousin’s husband only once on that day.

Last night she had slapped Xie Siqi in public, and this cousin’s husband was here to seek revenge?

But didn’t Zhou Xianwu and Xie Siqi have a bad relationship, and it was said that he had once brought his lover back to the Zhou family openly, how could such a man come specifically to stand up for his wife?

Ye Yunla frowned and said in a light voice, “Tell him to wait in the parlour.”

She would like to see what exactly Zhou Xianwu was going to do.

Tan Jing led the man to the parlour and waited for ten minutes before Ye Yunla walked slowly to the door of the parlour.

As soon as she appeared, Zhou Xianwu, who was sitting on the sofa, immediately stood up and greeted her with a smile, “Cousin, it’s good to see you.”

Ye Yunla raised her eyebrows slightly, “Mr Zhou should be clear about the relationship between me and Xie Siqi, I wouldn’t dare to answer your cousin’s call.”

“What are you saying, cousin, blood kinship is something that can’t be broken.” Zhou Xianwu said with a smile, “I came here today, especially in place of your cousin to make amends, she said a lot of offensive words to cousin last night, I have taught her a lesson at home, she will never offend cousin again.”

Saying that, Zhou Xianwu picked up the gift box at his hand, “These are all the reparation gifts I have personally chosen, please don’t mind if cousin doesn’t mind.”

HC Chapter 836

Ye Yunla snorted in her heart.

Her own wife had been beaten up, and as a result, the husband had come to her door to apologise.

Although Xie Siqi was at fault, this time, Xie Siqi was clearly being used as a stepping stone by her own husband, which was really a bit pathetic.

She just couldn’t understand why Xie Siqi kept holding out for a divorce.

“I’ll be the host for lunch today and treat cousin to a nice meal, so cousin don’t be generally bothered with your cousin.”

Zhou Xianwu smilingly continued.

He had a smile on his face, but all sorts of thoughts were turning in his mind.

He had gone to the Xie family yesterday and had long since inquired with Old Lady Xie that this cousin had not divorced Fu Beijiu at all.

And from what Old Lady Xie said, the relationship between the two seemed to be quite good.

And even if they were divorced, the cousin aunt was still the biological mother of several of the Fu family's young masters and must not be offended under normal circumstances.

Then again, Ye Yunla was still the only young lady in the Zhuang family.

Their Zhou Group and the Zhuang's happened to have a joint project, if they played nice with Ye Yunla, the project should last for a long time, and why not put down a bit to get a permanent project?

Ye Yunla smiled lightly and asked, "Then can I ask, how did you teach my cousin a lesson?"

"Doesn't that mouth of hers like to cause trouble, so I slapped her a few times to see if she dares to say anything in front of her cousin in the future." Zhou Xianwu felt that he had done a good job and said very proudly.

Ye Yunla's face suddenly went cold.

Of course she hated Xie Siqi, but she hated this kind of man who cheated on her and also committed domestic violence even more.

She said coldly, "It's not your turn to worry about the matters between Xie Siqi and me, please go back."

Zhou Xianwu didn't feel her attitude had gone cold at all, he still said smilingly, "I've booked a table at the restaurant downstairs from your company, you'll come down for lunch later and we'll have a nice meal."

Ye Yunla's face was indifferent: "No need, I'm very busy, I don't have time to eat with you."

She said and walked out of the parlour.

Zhou Xianwu rubbed his chin, finally realising that he had been rejected.

Their Zhou family was one of the most prestigious families in Hai Cheng, and he didn't care how many people wanted to invite him to dinner, but he was rejected by a bitch?

Zhou Xianwu coldly left from the Lara Star Technology Company and had just walked downstairs when an enchanting woman greeted him, "Brother Wu, how did it go?"

"That bitch is shameless!" Zhou Xianwu wrapped his arm around the woman's slender waist, "Forget it, I don't need that little business from the Zhuang family."

"Brother Wu, if that big project of the Zhuang family is made, you will have more say in the Zhou family than your big brother and second brother, only a fool would give up!" The woman's eyes rolled, "What the hell just happened, Brother Wu, tell me more about it so I can give you some ideas too."

Zhou Xian Wu slapped her hard on the buttocks and went over what had just happened in the meeting with Ye Yunla.

“That is to say, when Ye Yunla learned that you slapped Xie Siqi a few times, her attitude suddenly changed.” It dawned on the woman, “What Ye Yunla hates most is Xie Siqi, her cousin, so you must have hit her lightly. It was only a few slaps, Ye Yunla could have gotten on with it herself, why would she need you?”

Zhou Xianwu rubbed his chin, “Then what do you mean?”

“Brother Wu, let’s do this, this”

The two men muttered up.

HC Chapter 837

After finishing her morning work, Ye Yunla went downstairs for dinner with Tan Jing and a few colleagues.

She had just walked to the entrance of the restaurant when she saw Zhou Xianwu and a voluptuously dressed young woman sitting at the window seat of the restaurant.

The woman was sitting against Zhou Xianwu, her breasts pressed against Zhou Xianwu’s arm, and the man’s hands were roaming around her waist and hips. If this was not a public place, Ye Yunla doubted that these two could have fucked on the spot.

She said indifferently, “Let’s change places.”

Before she had time to turn around, Zhou Xianwu saw her and hurriedly greeted her, “Cousin, come and sit down, I’ve been waiting for you for a long time.”

Looking at his smiling face, Ye Yunla only felt uncomfortable, she said coldly, “I’m not free.”

“Cousin, don’t you have to eat anyway, so let’s eat together.” Zhou Xian Wu smilingly retained, “I have some serious business I want to talk to you about.”

“Miss Ye, Brother Wu just wants to treat you to a meal as an apology.” The woman also came over and said in a lowered voice, “Xie Siqi is indeed not like that, discussing her own aunt who died long ago in public, Miss Ye that slap was really a beautiful slap”

Ye Yunla felt a little sick to her stomach.

She really didn’t want to deal with these people, but these people had to come over and get in the way, so don’t blame her for speaking unkindly.

“Xie Siqi is not like a man, you are like a man?” Ye Yunla said coldly, “A girl in her early twenties, what’s wrong with being a lover and a mistress, didn’t your parents ever teach you how to behave?”

“I, I this” The woman instantly froze, feeling the strange eyes sweeping over from all sides, she felt so embarrassed that she couldn’t say a word.

Zhou Xianwu’s face also looked a little uncomfortable: “Cousin, what is this talk?”

“Mr. Zhou, don’t use Xie Siqi as a stepping stone to get close to me, I hate Xie Siqi and I can clean up after myself, no need for you to do so. You are her husband, if you protect her and love her, perhaps, I

can still make friends with you, but now" Ye Yunla sneered, "The person I despise most is a man who beats his wife at home and hooks up with his mistress outside!"

She said this with a powerful voice. The crowd in the restaurant all applauded.

"Well said!"

"Some young girls these days are just shameless, always hooking up with married women!"

"This kind of woman would have been dipped in a pig cage and paraded through the streets decades ago!"

"....."

Ye Yunla pulled at the corner of her mouth.

This era was like this, no matter what happened, as long as it was related to a woman, it was the woman's fault.

Zhou Xianwu, a man, was rarely scolded.

She glanced coldly at Zhou Xianwu and led Tan Jing and the others out of this restaurant.

Zhou Xianwu was surrounded by people and his lungs were about to explode with anger, he backhandedly slapped the woman's face, "I shouldn't have listened to your idea of waiting here for Ye Yunla, you've lost my face! Get out of here!"

The woman covered her face in disbelief, "Zhou Xianwu, you actually hit me, didn't you say you would treat me well for the rest of your life? I'm so blind, how could I be with a man like you!"

Zhou Xianwu's face was full of impatience, "Get away from me, the sight of you is annoying!"

He had too many women around him, changing a few a month, this woman had been with him for a little longer, only half a year, and unexpectedly she had started to dictate his career.

If this woman hadn't had to follow him here today, would he have been scolded in public by Ye Yunla pointing her nose at him?

HC Chapter 838

Zhou Xianwu threw up his hands and walked away.

"Wait for me!"

The woman covered her face and stomped her foot and roared.

The Zhou family.

After Xie Siqi married into the Zhou family, she was the third youngest grandmother of the Zhou family, usually just drinking tea and partying, nothing serious.

This time she was on the phone with Great Aunt Xie.

"I won't go back to the Xie family in the future anyway, I was so angry last night!" Xie Siqi gritted her teeth with hatred, "I was slapped by that little bitch Ye Yunla, my grandmother looked on and didn't help me, and my father stood by and didn't say anything to protect me as a daughter. The Xie family doesn't even treat me like a human being, there's no way I'm going back."

"The last time Zhou Xianwu brought a woman home, wasn't it your father himself who went to him and restrained himself? Siqi, your father still cares about you, but you have to fight for yourself, don't let us worry all the time." The first thing you need to do is to get rid of the problem.

"No, I won't divorce!"

Xie Siqi said angrily through clenched teeth.

When she spoke, her face hurt, the slap that Ye Yunla hit her with last night was actually nothing, Zhou Xianwu beat her up as soon as she returned this morning, both sides of one face were swollen In the past seven or eight years of marriage, she hadn't received many beatings She knows that the right choice now is to get a divorce, but she is not willing to do so.

When she first married here, Zhou Xianwu, the youngest young master of the Zhou family, was nothing, relying on her dowry and the power of her mother's family to step into the core leadership of the Zhou Group, and most likely to become the next heir of the Zhou family Now that this man has become prosperous, he wants to kick her away so that another woman can take the top spot, heh, dreaming!

Great Aunt Xie then sighed: "You're still young, you can still find another better one, why hang on to a tree"

"Men are all heartless dogs, I wouldn't have any intention of finding someone else, anyway I have to make Zhou Xianwu pay or I won't be willing to divorce!"

Xie Siqi said through gritted teeth.

Just then, the maid came in to report that a guest had arrived.

She pursed her lips and said, "Mom, there's a guest, I won't talk to you first."

She hung up the phone and took out a small mirror to touch up her make-up and cover up some of the bruises on her face before going to the living room.

When she saw the woman sitting on the living room sofa, Zhou Siqi instantly exploded.

Wasn't this the little bitch that Zhou Xianwu had brought back with her several months ago?

She stomped over and slapped the woman's face fiercely.

"It's useless for you to hit me, hitting me your man won't put his heart on you?" The woman was also broken and said in a cold voice, "Xie Siqi, no amount of powder on your face can cover the slap marks on your face, you were slapped by your mother's cousin and then domestic violence by your own husband, you are really pathetic."

Xie Siqi was not a good-tempered person, and when she heard this, she slapped her face again.

The woman took the opportunity to dodge and sneered, "Third Lady Zhou, give me ten million dollars and I will leave Zhou Xianwu immediately."

"Dream your daydreams!"

Xie Siqi was almost laughing in anger.

Zhou Xianwu had so many sluts out there, if they all came to her for 10 million dollars, then her family would be empty!

She had long been dead to Zhou Xianwu, she didn't care how many women this scum had outside, she was now plotting how to make Zhou Xianwu lose in the Zhou family's competition for property and power

HC Chapter 839

The third party who came to the door was scolded away by Xie Siqi.

It was only when Zhou Xianwu's driver returned in the evening that she found out what had happened and her whole body froze.

"You mean to tell me that Ye Yunla scolded them, the dog and woman, in public and Zhou Xianwu's face was not shining, that's why he kicked that little bitch out?"

The driver heard Xie Siqi's mouthful of dogs and men and little bitches, and had long since gotten used to it, nodding, "Master San wanted to talk to Miss Ye about that Zhuang Group case, but Miss Ye balked, and the reason for her refusal was that Master San was having an affair with an outside woman."

Hearing these words, Xie Siqi's face was filled with complications.

It could be said that this second ago, the person she hated the most was Ye Yunla, because of that slap, she hated to return it with ten slaps.

But at this moment, she also felt that Ye Yunla had taken it out for her in disguise.

She had scolded Zhou Xianwu many times, and every time she was beaten up by Zhou Xianwu in turn.

And by scolding Zhou Xianwu, Ye Yunla had not only caused him to lose face, but also separated him from his love interest

It's a great pleasure!

I wish I could ask Ye Yunla in person how she scolded him, how she made that slag angry

The actual fact is that you'll be able to find out what happened to your former "enemy".

The actual fact is that the actual person who is in a position to get the job done is the person who is in a position to get the job done.

It was Zhuang Shen who called, asking her to go to dinner with Fu Beiji and the children.

Ye Yunla smiled and refused, "The family has already prepared dinner, I'll bring the children to the house in a few days."

When she hung up the phone, she heard Fu Beijue's voice ringing in her ears, "Why don't you answer down?"

"The Zhuang family doesn't welcome me except for my father and brother, and it would be troublesome to go." Ye Yunla turned her head to look at the man beside her, "Why do I feel as if you quite want to go?"

Fu Beijue coughed, "I haven't officially met with my father-in-law yet."

Previously he had an accident, and after returning home he was busy with various things, and yesterday's family recognition banquet Lara wouldn't let him attend, so this wasn't delayed until now.

"Haha, what's your hurry, an ugly son-in-law will have to meet his father-in-law sooner or later." Ye Yunla teased him.

Fu Beijue's face darkened a little: "You're calling me ugly?"

"It's true that it's a bit now."

Ye Yunla told the truth.

The man had gone to the hospital two days ago to have his face repaired and the recovery process was really not that good looking.

Fu Beijue parked the car in the courtyard and hugged her and kissed her deeply once.

When the woman was panting, he asked in a low, hoarse voice, "Do you still think I'm ugly now?"

"No, you're the most handsome, my husband is the most handsome man in the world!" Ye Yunla hastily doggedly patted his horse's ass.

Only then was Fu Beijue satisfied and got out of the car with his arm around her waist.

When they first got out of the car, they saw Mrs. Fu playing with the four children in the living room, and when the two of them went inside, Mrs. Fu went upstairs in silence.

Fu Ziyang had long since seen the signs and asked quietly, "Mummy, what's wrong with Grandma?"

"Grandma is in a bit of a bad mood, you guys talk to grandma more when you come back from school." Ye Yunla stroked the children's heads and turned to go to the kitchen to make dinner.

Ye Jingzhan nodded: "Is it something to do with Fu Nanchuan?"

Those things, Ye Jingzhan and Fu Ziyang both knew, and Ye Yunla didn't hide it anymore.

She sighed and said, "When time has passed, your grandmother will see the light, so don't worry too much."

She started to cook the rice in a pan and boiled the oil.

The dishes had been washed and cut by the chef long ago, and there were all the side dishes and everything, so all she had to do was to stir-fry them.

After eating, the children read and studied, while Ye Yunla and Fu Beijue went to the study to deal with their work.

Ye Yunla was looking into the affairs of the Zhuang Group. Since she was running for the heir, she had to know herself and her enemy so that she could win a hundred battles.

Fu Beijue handed over a document directly: "Zhuang's Group's financial statements for the past few years and the major projects for the past six months, all the information is in there, take your time to read it."

The corners of Ye Yunla's lips curled, "You're too kind too, husband, how did you know I needed this?"

Fu Beijue's thin lips floated into a light smile, "Then how are you going to repay me?"

As soon as she heard this, Ye Yunla hummed, "Can't you think of something else in your head, you're not too tired of coming several times a day."

"Not tired." Fu Beijue then pestered over, "These materials will be read tomorrow, rest early today."

He was so hot that Ye Yunla hastily dodged to the side: "The shareholders' meeting will be held the day after tomorrow, it will be too late to read it tomorrow. I'll ignore you if you do that again!"

As soon as she raised her voice, Fu Beijue became honest and handled the documents at the side in a disciplined manner.

Ye Yunla leaned against his back, crossed her legs and slowly flipped through the information of Zhuang's group

The day went by so calmly and without a hitch, and soon came the day of the Zhuang's Group's shareholders meeting.

The company's successor is in the running, this time not only the major shareholders, but also the top leaders of the group, filled a whole conference room.

When Zhuang Shen personally brought Ye Yunla in, dozens of gazes swept over from the meeting room.

Ye Yunla was not someone who had never seen a big scene before, she walked in calmly, bowed to the people present and then spoke calmly, "Hello everyone, I am Ye Yunla, I am also a member of the Zhuang family, I hope you will give me more guidance."

The people in the meeting room gave face to Zhuang Shen and a sparse applause rang out.

Master Zhuang sat on the main seat and said indifferently, "All sit down first."

Many of the people present among them had participated in the marriage recognition banquet the other night, so naturally they knew what this meeting was about today, and all of them quieted down to listen to Elder Zhuang.

"The rules of our Zhuang family, as long as one is of the Zhuang family bloodline, then one is eligible to run for the heirship, and only those who are capable can become the helmsman of the Zhuang Group." Elder Zhuang said indifferently, "Lara is also our Zhuang family's daughter, then she is qualified to run for the succession of the Zhuang Group, there is no doubt about that, do you all have anything to say?"

The old man had already said that there was no doubt, so if anyone else dared to disagree, they would be openly challenging the old man's authority, so for a moment, no one said anything.

Yue Ying Han looked down and skimmed his mouth, a cold smile surfacing at the corners of his mouth.

"Since everyone has no opinion, then the two of them, Lara and Han'er, will officially start the campaign for the position of Zhuang's Group's heir." Elder Zhuang said in a light voice, "The campaign process will be the same as before, whoever has the highest rating performance of the two within a month will inherit the Zhuang Group."

This rating performance table is very complicated, there are profitability benefits, project completion, staff rating, senior scoring The total score is a very complex factor.

The two most critical aspects in between are project profitability and human relations.
