

ALPHA LEO AND THE HEART OF FIRE

Chapter 141

Beautiful Bond Ch 14. Where the Heart is

WINONA

“F*ck!” I gasp, only for Marcel to clamp his hand over my mouth, he has me up against the wall of the tiny bathroom of the airplane we’re on, as he f*cks me hard and fast.

Pleasure consumes me and

I don’t remember how we ended up here. One minute his hand is slipping under my skirt and the next he decides we should have one last round to end our trip.

I’m not going to complain, to have Marcel f*cking me is heaven itself. Even if I know I’m going to have to hang my head in shame when we leave this bathroom, because the thud against the wall every time he pounds into me or the knocking at the door several times tells me we are going to be in trouble.

‘I’m so close!’ I whimper through the bond, as he rams in and out of me.

‘Do not come until I say Bellissima.’ He growls huskily.

I bite my lip as I nod, holding on to him as he sucks on my neck hard. I feel his thrusts becoming harder – knowing he’s near.

Oh, goddess!

I’m trying not to come, as pleasure wracks my entire body, and I can hear my heart pounding violently.

'Come for me.' His command is like pure bliss and I let go, letting my o*gasm rush through me as he delivers a few more rough thrusts and I feel him release his load into me.

"F*ck." He groans, resting his head against my shoulder as we both catch our breath.

"Goddess... Marcel... people will know what we did in here." I whisper, blushing.

"Don't really care, it was worth it." He replies, sounding equally s*xy and c*cky. "We'll slip out when it's clear."

I shake my head, but I can't resist locking my arms around his neck once again and kissing him.

"You really are a wild one." I giggle.

And I wouldn't change a thing...

Two magical weeks of pure heavenly bliss, that is what this trip has been. We're now on our way home and Azura invited us to eat there in the evening. I wouldn't say no, I'm excited to see the kids after those two long weeks, and of course Azura and Leo.

I can't help but smile as the car pulls up in the drive and Marcel walks around to open the door for me.

"You're rather eager." He says, pulling me close and kissing me softly on the lips.

"I am, I have missed them." I reply as I walk around to the trunk of the car about to open it when he reaches over from behind me, his manhood pressing against my a*s and pops open the trunk for me.

"Me too." He says huskily, as I bite my lip.

Marcel is... a dream come true and in all honesty, being loved by him is out of this world.

He's passionate, intense, and so incredibly s*xxy as well as being the perfect gentleman.

Not to mention the way he makes love to me... my very own dangerously rough dominating Alpha.

I blush as he kisses my neck.

"I can't wait until tonight." He whispers huskily.

"Wasn't the plane h*ok up enough?"

"Oh, not at all Bellissima, it only left me wanting to tear your dress off."

"Well... I was planning to stay here." I tease.

"Oh?"

I reach up and kiss his lips softly.

This is something I want to discuss with both Azura and Leo, something I have already talked to Marcel about. He had refused to stay here because of me initially and although I know he's on board with living with Leo and Azura, I'm not sure if the offer still remains...

Will it be too much for Leo, constantly seeing us together?

—

I touch my mark softly as Marcel takes out all the bags of gifts I had purchased – a mark which is not too different from Azura's. Where hers is a crescent moon, mine is a full moon and there are no flames, just a beautiful lotus flower before it. Beautiful and perfect.

We walk to the door, but it opens before we reach it and Corrado runs out, making my heart s*ip a beat at the excitement in his eyes.

“Winnie! Grandad!” He says as he runs over and hugs me tightly. I crouch down and hug him back.

Oh, I have missed him the most. I squeeze him gently, trying not to cry as I’m overridden with overwhelming emotions. The messages and video calls every other day just weren’t enough, and it isn’t the same.

“I missed you Winnie, and you look so beautiful.”

“I missed you too, Corrado,” I say, kissing his cheek before I move back and smile gently at him.

“Don’t cry Winnie.” He says, brushing my tears that I really am trying to stop away. “Are you happy, Winnie?”

“Oh my baby, I am happy. So happy.” I say, hugging him again.

The sound of footsteps makes me look up and Leo and Azura are standing there. Marcel greets Azura with a hug before embracing his son. I don’t miss Leo’s gaze dipping to

Marcel’s neck, or the shadow of sadness that graces his face, which is followed by a faint smile that crosses his lips.

A bittersweet smile...

As if sensing me watching, his sharp eyes turn to me before he gives me a ghost of a smile.

‘Don’t over analyse it, I’m happy for the both of you. Welcome to the family, officially.’ He says through the mind link, and I smile at him.

‘Thank you.’

I promise, from this day forward, I won’t analyse it, he’s allowed to feel what he wants, without having to hide it from me.

I stand up, and Corrado runs over to Marcel whilst Azura squeezes me in a tight hug.

“Oh, you smell of Daddy Marcel now.” She says, making me blush.

I hope it isn't the sex! We did clean up...

“Daddy?” Marcel c*cks a brow, but I don't miss the amusement in his eyes.

“It's nothing.” I pout. As Azura leads me inside, I'm relieved she doesn't push it and instead begins asking me how the journey was.

“It was actually pretty good.” I say, trying not to blush.

“Excellent. Soo did you guys get around Dubai much or spent it in the bedroom?” Azura asks, making my cheeks darken.

“We went out! A lot.” I say, it is the partial truth...

Oh Azura, I have missed you.

I'm grateful for the pushes she kept giving me, because without her maybe we wouldn't be here, together, right now.

Dinner is ready and after showering our adorable princess Phoenix with plenty of kisses and hugs, we now sit around the table, eating the delicious meal prepared by Rosaline whilst Phoenix is fast asleep in her basket.

“So, I know you two are in the exciting honeymoon period, but to be honest, when you're with your mate, it's a honeymoon every night.”

“Honeymoon?” Corrado asks.

“Yes.” Azura winks at us. “See, after you find your mate, you go on a honeymoon

“Oh...” Corrado says before frowning, seemingly confused.

“You’ll understand when you find your mate.” Azura winks at him before kissing his forehead.

“Ok, Mommy.” He seems satisfied with that as he picks up a few chips and dips them into ketchup.

Azura puts down her glass and looks at us. “Anyway... we just want to say that whenever you want to move in with us... You are welcome to“

“Oh yes! Mommy has been busy making you an entire floor! All of Winnie’s things are there now too!” Corrado says, stretching his arms wide. Both his parents look at him pointedly.

“That was supposed to be a secret, remember my little Cherub?” Azura whispers, tapping his nose. He gasps covering his mouth.

“Oops.”

She shakes her head and gives him a smile.

“There’s no pressure. If you don’t want to live here, you don’t need to... But, even if it’s just for the occasional visit, the place is there for you both.” Leo says curtly.

Marcel smiles as he glances at me.

‘What do you think?’ He asks through the link.

I look at the family that sits opposite us. There’s no doubt that they want us here. I feel emotional. ‘They were my family first. If I can keep you all together... I would love it. The children... I still want to be there for them.’ I say, looking at him.

He nods, a small smile on his face as if he knew what my answer would be. He takes my hand and kisses it softly.

“We would love to live with you all and-” He’s cut off by Corrado, jumping up from his seat.

“YES! Everyone will live together! Daddy! Daddy, I have a big family now! The perfect family!” He says, hugging Leo. Leo hugs him back, smirking slightly.

“Yeah, Kiddo... we do.” He says, looking over at Azura, both moving closer and sharing a kiss over Corrado’s head.

“And just in case you start looking elsewhere for help, I’m still taking care of the children.” I say firmly.

“Winona, you are newly mated, you don’t need-” Azura begins.

“Please don’t take this away from me.” I whisper.

I need them to be a part of my life. I love them.

She sighs before giving me a small smirk. “Ok, but anytime that you feel it’s too much, let me know. I mean, what if you two have kids-”

The sound of a glass toppling over makes us all turn towards Leo, who looks slightly startled as he quickly picks it up.

“Wait... you two won’t have kids... right?” He runs a hand through his hair as Azura places her hand on his shoulder, concerned. His tone is almost emotionless, but it still betrays him.

“Why not?” Corrado asks innocently.

“There’s nothing wrong with that, Leo’s just shocked... I don’t think he ever considered siblings...” Azura says, but I can no longer focus. My heart is thumping as I stare at the table in front of

We didn’t use protection... not even once...

“Kids... I don't...Winona is young – if she wants...” Marcel trails off, running his fingers through his hair as he looks at me and I think he has just realised the same thing. We did not use contraception...

We all exchange looks until Phoenix's cry startles us all and Azura lets out a small, amused chuckle.

“Well, I'm all for some playmates for Phoenix. And Winona loves kids. She definitely should have an entire football team of them!”

“Oh? You seem to want more yourself.”

Leo counters a hint of a smile on his face.

She shrugs. “Maybe someday, but you know... I don't mind practising until then

“She winks at him until Phoenix lets out another cry and Azura jumps up.

“I'll go.” I say, glancing at Marcel before I get up and hurry from the room.

Kids of my own... It's something I never thought about....

I lift the little doll from her basket, cradling her in my arms, wondering if I'll ever have my own...

The thought actually makes me happy...

A child that will always be mine...

And you know what? We did. We had two beautiful twin baby girls. Marcel named our first Leona, and I named our second Jackie, after the woman that Leo considered his sister.

As for Leo? Despite his initial shock, he soon came to love his little sisters as much as he loved his own children.

What we all have... what Marcel and I have, is such a beautiful bond that nothing can compare.

THE END.
