

Heart Stealer Young Master Bo #Chapter 141 - Read Heart Stealer Young Master Bo Chapter 141

141 Capture the two of them

Shi Qingyun's aura was cold.

His face was cold and hard, and his ice-like black eyes were cold. He had the aura of an Emperor and was domineering.

"Police on duty." The chief Officer behind him showed his id.

He glanced at the villa solemnly. we received a report that there's a theft worth more than ten million Yuan here.

Hearing this, the students were all shocked.

They did not understand what was going on. Even Shi qinglan frowned slightly and put away the phone that contained the evidence.

"Master Xiao?" LAN Chu blinked his eyes in confusion.

She was enjoying her teddy bear candy, but her hand accidentally shook and the candy fell to the ground, covered in dust.

Shi qingxuan glanced at Shen fengzhen and Shen ruxue coldly. arrest them both.

The sheriff raised his chin slightly and signaled for his subordinate to do it.

Shen fengzhen and Shen ruxue looked at each other hesitantly, but before they could figure out the situation, they were suddenly caught by the police officers and cuffed.

"Why did you catch me? Hurry up and let go!"

Shen fengzhen's expression changed, and a layer of powder appeared on her face. She looked at them in shock.

Shen ruxue turned pale. mom ...

She moved her slender wrists a little, and the handcuffs were locked. She looked up at Shi qingyao in shock.

"You ..." Shen ruxue instantly understood.

Shen fengzhen obviously recognized Shi qingxiao as well. It was the man who had claimed to be Shi qinglan's biological brother at Ying City High School that day!

"This ... What's going on?"

"Didn't the police just say there was a case of theft?"

"No way! Did Shen ruxue and her mother steal something? It was worth ten million ... How dare they steal it!"

Shen ruxue's eyes flashed with panic.

She tilted her head slightly and glanced at Shi qinglan, who was still sitting at the dining table. The girl was leaning lazily and charmingly on the chair. She was still eating her cake when she noticed Shen ruxue's gaze ...

Her red lips curved up slightly. I'm afraid it's more than that.

LAN Chu felt as if a big show was about to start, and he was instantly invigorated. I'll watch the show when the gods fight.

She threw away the soft bear, her eyes sparkling.

"Little b * tch, don't you slander me!"

Shen fengzhen was instantly annoyed. I know this man is rich, but you can't just use his wealth to accuse me!

Even though they were ignorant and did not know about the Shi financial magnate.

However, judging from Shi Qingyun's temperament, she could guess that he must be of high status and wanted to take a bribe. Wuwuwuwuwu. Police ... It was still easy to investigate.

"Madam Shen, you'd better watch your mouth."

Shi Qingcheng's imposing aura suddenly exploded. He narrowed his eyes and looked at Shen fengzhen warningly.

Shen fengzhen's face twisted in anger. what theft? what did I steal? "What right do you have to arrest me!"

Shen ruxue's eyes flickered, and she felt guilty.

When she saw Shi qinglan's charming and wild smile, she suddenly remembered her repeated reminders and even warnings ...

That necklace!

Shi qinglan's necklace!

"On what basis?" Shi qinglan's Red lips curled up slightly, but the smile on her face was a little cold. She slowly wiped the cream off her fingertips and then stood up lazily.

Her Jade-like fingers were playing with her phone as she approached Shen fengzhen. why don't you ... Do you want me to remind you?"

She really did not expect Shi qingxuan to come.

She had wanted to expose Shen ruxue in front of the whole class, but now that the police were here, she could kill two birds with one stone.

"You little wench, I've never stolen anything from you! If you have the ability, show me the evidence, or I'll Sue you for slander!"

Shen fengzhen cursed. If looks could kill and spittle could drown, Shi qinglan would have died many times over.

142 She's the daughter of the Shi Corporation

Shi qinglan's eyes drooped slightly as her red lips smiled.

She tilted her head slightly. since the police are here today, I'm sure they already have concrete evidence in their hands, right? "

The sergeant looked at Shi Qing and nodded. of course.

Since they had come in handcuffs, they would never arrest anyone without any concrete evidence.

"What nonsense are you saying! Don't think I don't know that you took this man's money to scare us!"

Shen fengzhen's face was ugly as she glared at the police officers.

Shi qingxuan's cold eyes narrowed slightly. His jet-black eyes were filled with displeasure. Just as he was about to ask the police to produce evidence for his arrest, he saw his younger sister walk to his side.

"Sure, since Ms. Shen is so insistent ..."

The smile on Shi qinglan's Red lips grew wider and wider. next, you must open your eyes wide and watch.

As soon as she finished speaking, she blinked her eyes provocatively.

Shen ruxue panicked instantly. She realized that Shi qinglan might really have something in her hands. She immediately said, " Lan Lan, we shouldn't let others laugh at our own family matters ...

"So campus Belle Shen also thinks that this kind of thing is a joke."

Shi qinglan laughed sarcastically. why didn't you think about embarrassing yourself when you stole my necklace and resold it for tens of millions before moving from the slums to the villa? "

Upon hearing this, the students were in an uproar.

They looked at Shen ruxue in shock, as if they had just heard a huge secret from Shi qinglan.

"Shi qinglan, you're slandering me! Our Shen family has raised you for ten years, are you really so heartless and ungrateful?"

Shen fengzhen yelled sourly.

However, Shi qinglan ignored her. Instead, she took out her phone and hacked into the home theater system. She pressed a button with her finger ...

"Heavens! Quick, look at those pictures!"

Some students noticed the picture on the screen and immediately pointed at it, shouting to remind others.

These photos were the evidence of the Shen family's crimes over the years ...

She used to live in a poor and dilapidated slum with dirty and messy furnishings. When she was young, Shen ruxue was like a village girl, with a red face stained with dust and ordinary clothes.

"Isn't Shen ruxue's family very rich? Then, this ..."

"Their house is actually in the slums! She's so dirty, I didn't expect her to be like this in the past ..."

Shen ruxue's face turned pale when she saw the photo.

Shi qinglan looked at her with a sweet smile. my dear sister, you haven't forgotten such a childhood, have you? "

Shen ruxue bit her lip and did not say anything.

Shi qinglan's fingers glided gently as she continued to display the evidence of her crimes!

The receipt from Shen fengzhen's sale of the necklace and the receipt from the villa's purchase were all displayed on the screen. In addition to these, there were also the fake donations she had made over the years ...

"So that's how the Shen family moved from the slums to the villa!"

what necklace is it? it's actually worth so much money ...

I thought the Shen family had always been doing charity. I didn't expect that they were just scamming the rich to donate money. In fact, they took everything for themselves? "

Her classmates all looked at Shen ruxue with disdain. The envy and admiration they once had were all gone.

The secret that had been hidden for ten years was completely exposed just like that ...

Shen ruxue's entire body was shaking. She didn't even dare to look up at the evidence. She felt humiliated and her face hurt.

"Just ... Even if you have these, what does it mean! How can you prove that the necklace is yours?"

"You were only three years old when you were sent to the orphanage! How could he have such an expensive necklace!"

Shen fengzhen wanted to clear herself of suspicion, so she hurriedly changed the topic.

However, at this moment, a deep and majestic voice suddenly rang out. because she is the daughter of the Shi financial magnate in the capital. That necklace is my birthday gift to my granddaughter!

143 The capital's Shi financial magnate is Wufu?

Shi Fu walked into the villa with his walking stick.

His expression was solemn. Although there were signs of aging between his brows, his eyes were still full of spirit. Even though he was old, His Majesty was not any less than before.

"Grandpa?" Shi Qingyun's cold eyes narrowed.

He turned his head slightly, but did not expect to see from the corner of his eye that the man who was supporting Shi Fu was actually Bo Li Cheng!

Shi qingxuan's brows furrowed slightly. young master Bo? ”

Shi qinglan looked up at the man, her red lips curved, and her charming eyes were smiling.

Bo Yicheng's Red lips curled up slightly. I just happened to meet you on the way.

Ever since Liu wanshuang had tried to hit Shi qinglan with her car, he had ordered Wen le to protect Shi qinglan in secret. Naturally, he had found out about everything that had happened at the Shen family's Villa ...

He had originally wanted to protect his wife, but he did not expect to meet Shi Fu.

“Hmph!” Shi Fu glanced at Shi qingqiao.

He poked the floor with his walking stick, somewhat annoyed. if I didn't accidentally learn from Ji Lin that my precious granddaughter was being bullied, how long were you planning to keep this from me?!

Shi Qingqi was speechless.

He pursed his thin lips. Grandpa, you just had a heart surgery. Just leave this small matter to me.

Upon hearing this, Shi Fu was so angry that he blew his beard and glared.

He raised his walking stick and almost poked Shi Qingyun's face. I only know that my precious granddaughter was bullied! It's this kid from the Bo family who gave me a ride!”

Shi Qingqi was speechless.

He was temporarily unable to refute, but when he looked up, he saw Bo Li Cheng's lips curved into a smile, a hint of provocation in his devilish smile.

“Granddaughter ... Shi Fu ...” Shen ruxue's eyes flickered.

She suddenly remembered the DNA test report. Back then, Shi qinglan had done the DNA test with Shi Fu!

The students could tell that Shi qinglan's identity was not ordinary.

They looked at each other and then at the old man's solemn and stern temperament. the Shi family financial magnate of the imperial capital is ...?

The common people of bamboo city really didn't understand what this concept was.

Someone took out his phone and started to search. The f * ck!"

it's said on the internet that there are only two families in Huaxia that can be considered top tycoons, and one of them is the Shi financial magnate from Beijing!

"I remember this Shi financial magnate! At least half of the shopping malls and cinemas that I usually go to belong to his family! Many other movies were also invested in by this company!"

"So ... Wouldn't he be a sugar daddy?"

The students looked at Shi qinglan with eyes that could no longer be described as envious. They were so shocked that their souls almost left their bodies!

The class monitor was dumbfounded. So, Shi qinglan is the daughter of a top-class wealthy family who has gone missing for many years?"

The students 'eyes were dull as they nodded dumbly.

Shen ruxue's face instantly turned pale. Fear and uneasiness surged in her heart, and she shook her weak body in a daze.

"Shi ... The Shi financial magnate?" Her heart trembled.

Indeed, she had never heard of the Shi family before. She had only thought that there was no such wealthy family in ye city, but she had never thought of going to the capital.

After all, Shi qinglan had been working in the Lin city welfare home since she was three years old. With such a miserable childhood experience, how could anyone think of ...

She was actually the daughter of a top-class wealthy family who had gone missing for many years!

"I have not introduced myself to miss Shen."

Shi qingxuan glanced at him indifferently and curled his lips. I'm Shi qinglan's biological brother, Shi qingxuan, the financial magnate of the Shi family in the capital!

Shen ruxue's legs almost gave out and she fell to the ground.

Her eyes flickered as shock and fear flashed through her eyes. Cold sweat instantly covered her back and soaked her clothes.

"Shi ... Shi Qing ..." She said in embarrassment.

Even if ordinary people were not qualified to come into contact with the top rich families, the god-like name Shi Qingyun had long been on the front page of the news and was even well-known in the business world ...

Anyone who surfed the internet would have heard of this name!

144 Grandpa, don't be fooled by him

The students were once again so shocked that their souls left their bodies.

Shi qingxiao narrowed his eyes and glared at Shen fengzhen coldly. I told you I'd only give you three days.

Shen fengzhen was already trembling with fear.

Both her legs were shaking. When she found out how distinguished Shi qinglan's identity was, she knew that she was probably done for!

Shi qingxiao had always been a sharp person. There was no warmth in her black eyes. since you're not willing to cancel the adoption, I'll have to ask the police to help you!

Shen fengzhen's heart trembled.

She looked up in fear. you guys ... Didn't you just want me to cancel the adoption relationship with Shi qinglan?"

Shen fengzhen gritted her teeth in hatred.

However, she was still as stubborn as ever. as long as you don't let the police take me away, I promise I'll never bother Shi qinglan again!

Upon hearing this, Bo Yucheng suddenly laughed softly.

His red lips curled up slightly, and the smile on his face was sarcastic and a little dark.

"Ha ..." His eyes were deep and dark. Madam Shen, I'm afraid this matter can't be as you wish.

Bo Li Cheng's voice was long and firm.

He suddenly raised his voice slightly. Wen le.

"Master Bo," Wen le immediately strode into the villa and handed over the document in his hand. after investigation, Madam Shen did not go through any formal procedures when she adopted miss Shi.

“Pa-”

Shen fengzhen’s legs went soft and she fell to the ground.

She had wanted to use her identity as an adoptive mother to gain some benefits, but now even her last bargaining chip had been dug out ...

Shi Qingyi’s dark eyes narrowed. He looked coldly at Bo Zhicheng, reached out, and snatched the information from his hands to examine it.

“Of course, Ms. Shen has not gone through the proper procedures.”

Shi qinglan’s Red lips curved slightly, and her voice was delicate. how could someone from the slums have the right to adopt someone? ”

Therefore, she had always been illegitimate in the Shen family.

Not only was she not qualified to adopt her, but she had also abused her. Stealing her necklace was not Shen fengzhen’s only crime!

“Preposterous! This is ridiculous!”

Shi Fu was instantly enraged. how can you country bumpkins bully the daughter of the Shi financial magnate like this? ”

Shen ruxue’s face was already pale beyond belief.

She didn’t even have the courage to beg for mercy at this moment. Shi qingshang said coldly, ” how should a theft case worth more than ten million be dealt with according to the law? ”

“He can be sentenced to life imprisonment.” Bo Li Cheng chuckled.

Shi qingxuan glanced at him coldly. After the sergeant received his signal, he immediately ordered, ” take the criminal away.

Shen ruxue and Shen fengzhen were immediately taken away.

The two women were completely helpless in the face of the police. Shen fengzhen was making a scene. Shi qinglan, you ungrateful, heartless, and despicable b * tch!

“Our Shen family raised you for ten years for nothing, and this is how you repay me! You just sent your adoptive mother to prison like this!”

“Do you have a conscience? I curse you-”

Bo Zhicheng's deep eyes suddenly turned cold. He turned his gaze slightly in Shen fengzhen's direction, and his heart began to stir with the desire to cut off this woman's tongue.

The students who had come to the birthday party were all deported, and the villa was also sealed because of the theft.

"Little Bo, I've really troubled you today."

Shi Fu chuckled as he looked at Bo Li Cheng. He was very satisfied that this junior had helped his family today.

Obviously, he didn't know that the pig had dug up his own cabbage ...

Bo Yicheng smiled warmly. it's what I should do.

Shi qingxuan glanced at his hypocritical look and sneered, " Grandpa, don't be fooled by him.

"How could that be ..." Shi Fu was still chuckling. what could little Bo lie to me about? I treasure my granddaughter the most now. How could he lie to me? "

145 Shi Fu, little Bo is really a good kid

Shi qinglan lowered her eyes and touched her nose.

She sneaked a glance at Bo Li Cheng as if she was having an affair, feeling a little guilty ...

"Grandpa." The girl's voice was soft.

Shi Fu was instantly overjoyed. good, good, good granddaughter.

The Shi Financial Group had two boys in this generation. Since it was found out that the third child in young Madam Jiang yunzhe's womb was a girl, Shi qinglan had gained the entire family's favor even before she was born.

The one who pampered this young lady the most was Shi Fu ...

She was really afraid of falling when she held it in her palm or melting it in her mouth. Even the birthday gift she gave casually was worth a lot of money.

Shi qinglan had called him grandfather ...

Shi Fu wished he could give her the whole world.

“My Shi Fu’s good granddaughter is really cute. She’s much more beautiful than your two stinky brothers.”

He looked at Shi Qinglan with a smile and said, “ I was wondering why my genes were a little different when I passed them on to them. It turns out that my baby Xiao LAN ‘er has inherited it.

Shi Qingqi was speechless.

He raised his hand to massage the space between his brows and pursed his thin lips. grandfather, can you not embarrass me in front of outsiders? ”

Lifting his eyelids slightly, he indeed saw Bo Zhicheng’s lips slightly curved up, carrying a hint of ridicule that was not a smile.

“What face do you have?” Shi Fu’s smile instantly disappeared.

His attitude was completely different from before. you still have the face? you’re not a good brother. Xiao LAN ‘er is being bullied and you have to rely on Xiao Bo to settle it. What’s the use of having you? ”

Shi Qingqi was speechless.

Wasn’t he the one who handed the evidence to the police station? wasn’t he the one who brought the police? did he rely on Bo Li Cheng?

“Grandpa, please don’t be fooled by him.”

Shi Qingshang’s brows furrowed slightly. Just as he was about to say something, he realized that his grandfather had been taken away by that bastard!

Bo Zicheng graciously supported Shi Fu. old Mr. Shi, if you don’t mind, you can get into my car and I’ll send you home.

“Good, good, little Bo is really a good child.” Shi Fu smiled kindly and patted his shoulder in relief.

Shi Qingqi was speechless.

He felt that the situation was not good.

Bo chicheng was dressed in a suit and had a noble temperament. He was delicate and patient with the old man. His Scarlet lips had a warm smile, and his gentlemanly appearance easily attracted the old man’s favorable impression.

Xiao LAN 'er, although your parents are too wild, they're travelling in the deep mountains and forests of Africa without signal, and can't be contacted for the time being.

Shi Fu looked at Shi qinglan with a kind smile. but Grandpa can make the decision about acknowledging your family. Do you want to come home with Grandpa and live with me in the future? ”

Shi qinglan subconsciously looked up at Bo Li Cheng.

The man's eyes darkened and the smile on his lips gradually disappeared. He was obviously very unhappy.

“It's fine, Grandpa,”

Shi qinglan smiled sweetly and held Shi Fu's arm. I already have a place to stay, and I don't want to move since the college entrance examination is coming up. I can go back to visit you anytime.

Upon hearing this, the displeasure in Bo Li Cheng's dark eyes gradually faded.

His red lips curled up slightly as he looked at the girl. His deep eyes were filled with love, and the two of them were expressing their love through the old man's eyes.

“Then we'll listen to Xiao LAN 'er.” Shi Fu pouted.

However, he still couldn't bear to part with his good granddaughter. He missed her so much when he was hospitalized and didn't have the chance to see her.

“Mr. Shi, why don't you let miss Shi come with us? we can chat for a while on the road.”

The corners of Bo Yicheng's eyes lifted slightly, his smile meaningful. after sending you off, I'll send miss Shi back on the way.

146 Little Bo, do you have a partner now?

Shi Fu's eyes lit up.

He felt that this idea was not bad, but he still looked a little troubled. would this be too much trouble for little Bo ...

“It's what a junior should do. Besides, it's on the way, so it's not troublesome.”

Bo Zhicheng smiled gently and even opened the car door for Shi Fu in a gentlemanly manner. old master Shi, please.

Shi Fu instantly gave him more points in his heart.

He sat in the car happily. Shi qinglan was about to follow him when Bo Yucheng suddenly grabbed her wrist.

The girl looked sideways and met the man's deep eyes ...

"Grandpa, I'll sit in the front passenger seat. Master Bo doesn't know where my house is. I can help him watch the road from the front."

Shi Fu did not notice the implications of the reason.

As long as he could be in the same car as his good granddaughter, he was already very satisfied. He didn't have many requests for other things.

"Miss Shi, please." Bo Yucheng helped Shi Fu close the car door, then went around to the driver's seat to open it for her like a gentleman.

Shi qinglan's Red lips curved slightly. thank you, master Bo.

The girl's soft voice made the man's heart itch.

His red lips curled up slightly, and the corners of his eyes were slightly raised with a flirtatious light. Shi qinglan was so bewitched that she forgot to put on her seat belt.

It was only when Bo Yicheng suddenly leaned in and placed an arm on the girl's front passenger seat that he said, " miss Shi.

"Bo ... Master Bo?" Shi qinglan's Red lips parted slightly.

She dodged her gaze guiltily, but she pursed her lips nervously when she remembered that Shi Fu was still behind her.

Bo Yucheng chuckled hoarsely. you didn't put on your seatbelt.

"Ah ..." Shi qinglan lowered her eyes and looked at herself.

Just as she was about to reach out for the seat belt, Bo Yucheng's hot palm wrapped around her hand, his fingers gently rubbing the back of her hand. why don't I help you fasten it? "

Shi Fu could only see Xiao Bo moving over.

Then, he heard him say that he would help her put on her seatbelt, and any other physical actions were out of his sight ...

“Little Bo is such a gentleman. Good child.” Shi Fu nodded his head and praised him, giving him another good impression.

Bo Zhicheng’s smile became even more wanton. He pulled the seat belt over to help Shi qinglan put it on, then suddenly lowered his head and pecked her lips.

“You ...” Shi qinglan almost cried out.

However, Bo Yucheng placed his finger on her lips and pressed his thin lips to her ear. be careful not to let grandfather find out.

Shi qinglan bit her red lips and lowered her eyes guiltily.

Bo Yicheng quickly sat back in the driver’s seat as if nothing had happened. He started the car and stepped on the accelerator.

Shi Qingqi was speechless.

He looked at Maybach, who was speeding away.

His thin lips were pursed into a line. He squinted his long and narrow eyes at the car. He really wanted to expose his true colors in front of his grandfather.

However, considering that doing so would definitely make his sister angry ...

It’s never too late for a gentleman to take revenge.

“I’ve really troubled little Bo today.” Shi Fu said.

Bo Li Cheng’s tone was slow, gentlemanly, and polite. old Mr. Shi, you don’t have to be so polite. It was nothing.

However, these words were really just a crown ...

His tone sounded calm and steady, but in reality, he tilted his eyes lazily and looked at the girl beside him with a faint smile.

Shi qinglan forced herself to look out of the window ...

She really regretted sitting in the passenger’s seat. She always had the guts to steal for no reason. The feeling of love was intense and exciting.

Bo Yicheng’s lips curved into a smile. miss Shi, are you carsick? ”

“Ah, no,” Shi qinglan snapped back to her senses and glared at Bo Zicheng with a little anger.

However, the man's lips curved up without any intention of restraining himself.

Shi Fu's evaluation of him was full marks when he saw how attentive he was. little Bo, do you have a partner now? ”

147 I'm the one who can't bear to marry my precious granddaughter!

Shi qinglan's beautiful eyes flickered.

She pursed her red lips and peeked at the man beside her, her heart beating nervously.

Bo Zhicheng's lips curled up. He looked meaningfully at the girl beside him, his voice endearing. yes.

Shi qinglan pinched the corner of her clothes nervously.

She turned her gaze away to look out the window again, afraid that Bo Li Cheng would suddenly reveal their relationship ...

“Oh, there's already one ...”

Shi Fu looked a little disappointed and said regretfully, ” I was going to introduce my friend's granddaughter to you.

Bo Li Cheng's eyes darkened.

He had thought that Shi Fu was going to introduce Lan Lan to him.

Gripping the steering wheel tightly, he pursed his thin lips and said, ” I'm sorry to have troubled you, Mr. Shi. My girlfriend and I are very loving, and I've been thinking about getting a marriage certificate with her recently.

Shi qinglan looked up at him when she heard him.

Her clear and beautiful eyes flashed with a touch of surprise, and a few traces of annoyance were added to her confusion. How fat would it be to get married?

The man's lips curled up imperceptibly, and his dark eyes were full of smiles when he looked at the girl.

Shi Fu nodded his head lightly. you're almost at the age to start a family. How old are you this year? ”

“Not yet 24 years old.” Bo Li Cheng said in a low voice.

Shi Fu was rather emotional. it's good to get married. You can have a few more children while you're still young, unlike the two Rascals in my family. They're not young anymore but they've never been in a relationship.

Bo Yicheng chuckled in a low and hoarse voice.

There was a smile in his voice. it's a pity that she hasn't agreed to my proposal yet. I'm afraid that things like having a baby can't be rushed for now.

Shi qinglan understood the hidden meaning in the man's words.

She looked at him a little angrily, but she didn't dare to say anything. She clenched her fist and secretly waved it.

"Little Bo is so good, which girl wouldn't like him?"

Like an old child, Shi Fu suddenly stuck his head in front of him. just make the girl drink some wine and prepare a romantic proposal. Then, we'll definitely get married!

Shi qinglan was speechless.

"Grandpa!" She couldn't help but complain.

"Xiao LAN 'er, why are you still so angry with me?"

Shi Fu blinked his eyes in confusion. I'm not planning to marry you. I've just found my precious granddaughter, I'm not willing to marry her!

Shi qinglan was speechless.

You're not willing to marry your granddaughter, but what's the result?

You've even arranged the proposal clearly.

Shi qinglan was afraid that Shi Fu would see through her, so she guiltily avoided his gaze. you'd better not come up with such stupid ideas.

"How is grandpa's idea bad?" Shi Fu was even a little proud. that's how I got your grandma.

Not only that, when his son, Shi honghu, proposed to his daughter-in-law, Jiang Yunxi, he was the one who had planned the ceremony.

Otherwise, with his son's ice-cold face, how could he have easily won such a great wife like little Yingying ...

“Old master Shi’s idea is indeed good.”

Bo Yicheng chuckled, his deep voice extremely magnetic. It’s just that my girlfriend will pass out with just a drop of wine. I hope that she will agree to my proposal when she’s sober.

Shi Qinglan continued to look at the scenery outside the window.

She decided to leave the group chat for the time being and just watch how this big-tailed Wolf, Bo Li Cheng, was going to trick her grandfather.

“I really didn’t misjudge you.”

Shi Fu laughed heartily. Little Bo is indeed not bad. He’s a gentleman and knows how to be polite. He even knows how to respect girls.

If it wasn’t for the fact that he couldn’t bear to marry his granddaughter off for the time being, he really wanted to abduct Bo Li Cheng to be his grandson-in-law.

148 Be careful not to let grandfather see

Shi Fu was temporarily staying in the outskirts of Ying city.

His heart had always been in a bad condition, and a place like the capital was not suitable for him to recuperate. Thus, Shi Qingyun had specially ordered people to build a villa with mountains and rivers and named it Jinxin villa.

“Little Bo, bring your girlfriend over to my place when you’re free.”

Shi Qinglan helped Shi Fu out of the car. He looked at Bo Zhicheng with a smile. Grandpa can give you some advice.

“Alright,” he said. Bo Li Cheng nodded slightly in response.

After sending Shi Fu to Jinxin villa, the grandfather-grandson pair reluctantly said their goodbyes for a moment before Shi Fu watched Shi Qinglan leave.

It was a pity that his precious granddaughter had already grown up.

I can’t keep it by my side anymore.

“Maybe she’ll get married one day.” Shi Fu was rather emotional as he turned around and went back into the house with his walking stick.

If Shi qinglan had not gone missing back then, he would have been able to enjoy three lifetimes of happiness, with his grandchildren under his command. He would not have regretted missing out on her growth and missed out on her purest time.

..

Shi qinglan was prepared to settle the score with Bo Zhicheng.

She directly got into the driver's seat and sat on him impudently. She pulled his tie into her arms and said, "stinky man, tell me clearly, what's going on with the marriage certificate?"

Shi qinglan sat domineeringly on the man's back, and even the most spacious space seemed a little cramped at this moment.

"Lan Lan," Bo Yicheng chuckled in a low and hoarse voice.

A large palm cupped her face and his hot fingers gently caressed it. you should know that I want to get married to you every second and every minute, and I've been waiting for you to agree.

Shi qinglan glared at him, a little coquettishly.

She mumbled in a low voice, "I'm only eighteen years old ...

"I know, so I won't force you." Bo Li Cheng's other arm was around the girl's waist, pulling her into his embrace.

Shi qinglan's body was caught off guard and leaned forward.

She immediately reached out and wrapped her arms around his neck, but her soft lips still inadvertently brushed past the man's eyebrows.

“ ”

Bo Yucheng could not help it. The large palm that was holding her face suddenly slid to the back of her head, and he raised his head to directly cover the girl's lips.

The Maybach was still parked outside jinxin villa.

Shi qinglan's heart was racing. She pushed the man away in a panic. be careful, Grandpa might see you.

She lowered her head, and her red lips became even more tender and alluring. let go of me quickly.

Bo Yucheng's fingers gently slid across her cheek.

His red lips curled up slightly. Lan Lan, you're clearly sitting on me now. I'm the passive one.

Shi qinglan's face instantly turned red.

She lowered her eyes and glanced at him. She remembered that she had just put on a show of a domineering Queen bullying her male pet. She had gotten into the driver's seat, grabbed the man's tie, and pulled him into her arms ...

"I ... I'm leaving!" Shi qinglan fled in panic.

She immediately climbed down from Bo Li Cheng's body and pushed open the car door in a hurry to get out. She walked so fast that she almost hit the door.

Fortunately, Bo Qingcheng was quick to react and put his hand on the door frame. He frowned slightly. be careful, I won't eat you up.

"I've eaten a lot." Shi qinglan complained.

Flustered, she went around to the driver's seat in the back and lay down in frustration, covering her face with a pillow.

"Silly girl." Bo Yucheng chuckled helplessly. shouldn't you get used to this kind of thing?"

Shi qinglan pursed her lips in dissatisfaction. Her muffled voice came through the pillow. I don't want to. Why should I get used to it? "

Bo Li Cheng's deep laughter was pleasant to the ears.

His voice was long and full of endless profoundness. because I have a business deal worth hundreds of millions and I want to talk to you every night.

149 For you, I'm willing to be enemies with the whole world

Shi qinglan was embarrassed and frustrated.

Her face was buried deeper in the soft pillow, and she shouted angrily, " drive your car properly!

Bo Yicheng chuckled in a low voice, deep and magnetic.

Shi qinglan did not want to respond to him at all. She poked the pillow with her slender fingers, as if she could take revenge on him by doing so.

..

The early summer night was slightly cold.

A gentle breeze blew into the bedroom through the window, accompanied by the light and elegant smell of Chinese scholar trees. It was cool and comfortable.

Bo Yucheng held the girl in his arms and gently pressed his forehead against hers, occasionally rubbing the tip of her nose. Lan Lan, tell me about your childhood.

“Don’t you already know what happened when I was young?” Shi qinglan’s face was pressed against the man’s warm chest.

She rubbed her face against him coquettishly. there’s nothing to say.

Bo ye Cheng’s eyes flickered with an unknown light. He pursed his thin lips slightly and held the girl even tighter in his arms.

“If you don’t want to say it, then don’t say it.” He said.

In fact, he had been a part of Shi qinglan’s childhood.

Bo Li Cheng had lost his parents since he was young, and the family was in a turbulent situation. His grandfather was worried that the young heir would be affected, so he brought him to Ying city to raise him personally.

By chance, he had met Shi qinglan, who was also an orphan like him, at the Zuo city welfare Institute.

From the time she was bullied in the welfare home to the time she was abused after she was adopted by the Shen family, Bo Yucheng had secretly sent her food, blocked Shen fengzhen’s brutal beatings for her, and then when she grew up ...

When he was completely capable of protecting her, he took her back to the clear water Pavilion and kept her by his side.

Even though he had never missed her childhood and youth.

However, the girl did not like to complain. What else had she experienced? how had she come into contact with the Medical Research Institute? why were her results so amazing and her piano skills so superb ...

These were all things that the city of thin mist did not know.

“Actually, there are some things that I don’t want to talk about because I’ve let it go.”

Shi qinglan lifted her pretty face slightly. The hazy moonlight cast a faint Halo on her porcelain-like face.

In the dark, Bo Li Cheng could vaguely sense the girl's smile. It was clear and bright. If it wasn't for the welfare Institute and Shen fengzhen, I would probably be a salted fish now ...

Because he had been bullied and suffered a lot.

That was why she wanted to become stronger, so outstanding that there was nothing she could do about it. After all, this was the only way to make her opponent speechless.

My Lan Lan will always be the best girl. Bo Yucheng lowered his head, his lips lightly touching the girl's eyebrows.

Shen fengzhen and Shen ruxue had already been sent to prison. The ning city welfare Institute had been bought, and the villa had been auctioned off.

The revenge that he had to take for the past fifteen years had ended ...

The only thing left was the necklace that had not been found.

"Go to sleep." Bo Yucheng hugged the girl and coaxed her in a low voice.

It was all over. If she could really let it go, he would probably be happy for her from the bottom of his heart.

As for the rest, he would handle it.

Shi qinglan fell into a deep sleep very quickly. The man's usual cold fragrance lingered in her nose, and coupled with his hot body temperature, the girl slept very peacefully with a sense of security ...

"Lan Lan ..."

Bo Yucheng's fingers gently traced her facial features, his voice deep and long. I will help you get rid of those who have bullied you in the past. I will never let them off so easily.

"Promise me, in the future, just leave all these things that will dirty your hands to me."

"You just need to be my princess."

"For you, I'm even willing to be enemies with the whole world."

150 She is the future young Madam of the Bo financial magnate

The night was quiet and the sky was dark.

Bo Li Cheng gently kissed the girl's lips and stopped there. He then got up quietly and drove away.

The bamboo city prison was dark and damp, probably because it had imprisoned too many people full of hostility, which made it even more eerie at night, as if there were ghosts growling in their ears ...

"Da-da-

Bo Li Cheng was wearing a black trench coat as he strode steadily towards a certain cell. The boss of continent s wanted to see the prisoner. Not only did the warden not dare to stop him, but he even personally opened the way for him.

"Squeak-

The door that was covered in a layer of blood-like rust was opened.

Shen fengzhen suddenly woke up from her sleep. She had only been locked up for half a day, but she was already mentally unstable. At this moment, her hair was disheveled, and her face was covered in powder. She looked as terrifying as a female ghost.

"You ..." Her voice was extremely hoarse.

Bo Zhicheng's eyes were slightly cold. He lowered his eyes and looked indifferently at Shen fengzhen, his red lips slowly curving up.

His smile was flirtatious, and his red lips, against his white skin, had a bit of a vampire-like beauty ...

But at that moment, Shen fengzhen was terrified. W-what are you doing? I'm already in prison. What are you going to do? "

Shen ruxue heard her mother growling.

She also woke up in an instant, but when she opened her eyes, a piercing silver light flashed in front of her eyes.

Bo Li Cheng's slender and fair fingers were playing with the dagger, his fingers glowing with a cold white light in the dark night.

"Ha ..." He curled his lips into a faint smile.

The man lowered his eyes, his fingers casually caressing the silver blade as he slowly approached Shen fengzhen.

The tip of the knife was pressed against her chin. Bo Yucheng exerted some force and used the dagger to lift up that ghostly face. when you touched Lan Lan, why didn't you ask me first ...

"What are the consequences of touching her?" His voice suddenly turned cold.

Shen fengzhen's body trembled violently, and her already terrifying face became even paler.

Her back was covered in cold sweat. you ... Do you know that it's against the law if you kill me?"

"Mom ..." Shen ruxue crawled to Shen fengzhen's side.

She held onto Shen fengzhen's arm and looked up at Bo Li Cheng with her tear-stained eyes that were filled with fear. She shook her head.

But the man narrowed his long and narrow eyes.

His black eyes were deep and gloomy, and the air around him was a little cold. The tip of the knife stabbed in slightly with some force.

"Kill you? Of course, I won't kill you."

There was a faint cold light in his eyes. I just can't bear to hear Lan Lan being scolded, so I want to cut off your tongue.

Thinking of all the things Shen fengzhen had done in the past, especially when she had called Lan Lan a b * tch, he wanted to let this woman taste blood and pay for what she had done ...

Unfortunately, Lan Lan didn't like blood, so he had to bear with it.

"No..."

Shen fengzhen's legs turned to jelly, and she almost peed herself.

She had thought that being in prison was the worst thing that could happen, but if she were to go to prison as a mute, she could almost imagine how she would be bullied by other prisoners in the future!

Even if she was released from prison one day, her life would probably be completely destroyed ...

"No... Don't!" Shen fengzhen shook her head in fear.

Shen Ruxue was also crying pitifully. Master, please don't hurt my mother. We really know that we were wrong ...

Bo Li Cheng's grip on the dagger did not loosen.

His cold lips curled up slightly, his smile mocking. His voice was even colder. You should know who you've touched.

She's not only the young lady of the Shi family, but also the future young Madam of the Bo family. She has the protection of the two top tycoons in the capital.

"Now that you want to plead for mercy, do you think ... Is there any use?"
