171 You're not allowed to eat tipsy chocolates in the future

Shi qinglan lay limply on the bed, but she was already awake.

Her fine black hair was slightly wet from her sweat and was scattered on the pillow, giving off an indescribable charm.

She closed her eyes tiredly and raised her hand to rub her temples. Bo Yucheng, do it while I'm asleep. Medicine?"

Hearing this, the man couldn't help but laugh.

He put on his white shirt and slowly buttoned it up with his long and white fingers. He raised his chin slightly and buttoned it up to the top.

At this moment, he was as gentle as Jade and had a graceful demeanor ...

He really looked like a beast in human clothing. Beasts.

"Next. Medicine?" Bo Yucheng caught a glimpse of the slight annoyance in the girl's exquisite and beautiful eyes, and his crimson lips curled up slightly.

He suddenly leaned down and placed his arms on both sides of her.

"Lan Lan," The man's thin lips pressed against the girl's ear, his voice low and hoarse. you were the one who seduced me after you were drunk, and now you're going back on your words after you're sober? "

Hearing this, Shi qinglan's eyes flickered a little.

"I ... I ..."

She bit her red lips lightly, a trace of guilt quickly flashing in her eyes, but she still raised her face arrogantly and unconvinced. you're talking nonsense. I've never touched alcohol before, how could I get drunk!

The corners of Bo Zhicheng's lips curled up even more wantonly.

He got up slowly, bent down to pick up the girl's clothes that had been thrown to the ground, and took out a few liquor chocolates from his pocket. this question ... Maybe you should ask them."

Shi qinglan's eyes lit up at the sight of the chocolate.

She reached out and was about to fish it out, but Bo Li Cheng suddenly clenched his large palm and held the chocolate with his hands behind his back.

"You're drunk after eating a few tipsy chocolates. You haven't learned your lesson, huh?" Bo Yucheng suddenly leaned closer to the girl, his deep voice containing a kind of magnetism and charm.

Shi qinglan subconsciously leaned back a little.

"What wine?" She blinked her beautiful eyes and kept looking behind the man. She obviously didn't know the real reason why she was drunk and was still thinking about her chocolate.

Bo chucheng threw the chocolate into the drawer and locked it.

He pinched the tip of the girl's nose helplessly. these are all liquor-filled chocolates. Just based on your small alcohol tolerance, you're not allowed to eat this flavor in the future, do you hear me? "

Shi qinglan was speechless.

She finally realized why she was drunk. She had been saying that the chocolate tasted special. It turned out to be the result of alcohol!

"Oh, I know." She pouted her red lips.

Although he agreed, his eyes never moved away from the drawer that locked the chocolate.

"Are you hungry?" Bo Li Cheng looked at the girl with a faint smile.

It was already late at night. He didn't want to wake the drunk girl up like that, so much so that she didn't even have dinner.

Shi qinglan nodded gently. yes ...

Bo Yucheng gently ruffled the girl's hair, his voice full of love. I'll get you something to eat. Wait for me.

As soon as he finished speaking, he carried the cold dishes downstairs.

When she heard the soft sound of the door closing, Shi qinglan immediately got up from the bed and tiptoed to the side of the door, peeking outside through a narrow gap ...

Seeing that the man had indeed left, the girl's Red lips curved slightly, revealing a sly smile.

She turned back to the bed and bent down to study the drawer that hid the chocolate. Her Jade-like fingers played with the small lock.

"This little trick can't stop me ..."

Shi qinglan's Red lips curled up slightly. From the corner of her eye, she saw a small black clip on the bedside table, and she was about to open the lock.

"Crack-"

The bedroom door was suddenly pushed open!

172 The consequences of getting drunk

Shi qinglan immediately hid under the covers.

She lay straight on the bed and looked up at the ceiling, pretending that nothing had happened. She even looked at the man in surprise. you're back!

As soon as she finished speaking, she immediately turned over and sat up.

Bo Yucheng raised his eyebrows slightly without a trace, his peripheral vision glancing at the passive lock. He also pretended that he did not notice her little trick and walked steadily to the bedside.

"You prepared dinner so quickly?" Shi qinglan blinked her eyes.

She curved her red lips and looked at the man with a beautiful smile.

Bo Li Cheng bent over and handed her the yunyue flower shadow pastry. I was afraid you would be too hungry, so eat this first to fill your stomach.

Shi qinglan thought that he probably did not notice anything just now.

She heaved a sigh of relief in her heart. She looked up at the man with a smile and took the moon and flower shadow calmly.

However, he did not expect Bo Li Cheng to suddenly lean in.

"Lan Lan ..." His voice was low and hoarse.

Shi qinglan looked at him innocently. what's the matter? "

The man's Red lips curled up slightly. He glanced at the drawer and said, " don't secretly eat the liquor chocolate when I'm not around. Otherwise, the consequences of getting drunk ...

He deliberately dragged out the last syllable.

Shi qinglan subconsciously raised her hand to touch her small waist. She rubbed it gently and felt that it was still a little sore. Instantly, she quivered and said, " I won't steal it, I won't steal it.

She shook her head like a rattle.

Thinking of what had just happened, she felt a little weak for some reason. She wrapped herself in the quilt and shrank into a corner.

Bo Zhicheng's lips curved into a satisfied smile. be good, dinner will be ready in ten minutes.

He turned around and left the bedroom to go downstairs to prepare dinner.

Shi qinglan raised her hand and touched her chest. She peeked at the lock that she had not managed to pry open in time. it's just chocolate ...

How could a few pieces of chocolate make you drunk?

Moreover, she didn't intend to eat it secretly. She just wanted to admire it. At most, she would just peel it and smell it ... Right, smell it.

Ten minutes later, Bo Yucheng indeed brought dinner upstairs.

After eating and drinking to her heart's content, Shi qinglan licked her lips satisfyingly. the food in the Jade Pavilion is indeed not bad, but it's a pity that there's no take-out.

Bo chicheng's Red lips curved up slightly.

His dark eyes were full of love and indulgence. He raised his hand and gently wiped the rice grains from the corner of the girl's lips with his fingertips. if you like it, I can hire a chef to come to our house when you want to eat.

Hearing this, Shi qinglan's Red lips curled up slightly.

She looked at the man with a sweet smile. there's no need for that. My cooking skills are really not worse than theirs.

As her voice fell, her beautiful eyes blinked and threw a coquettish look.

Bo Zicheng instantly felt his blood gushing out again. His Adam's apple bobbed slightly. Lan Lan, did I not satisfy you just now? "

He actually dared to tease her now.

"No, no, no," Shi qinglan immediately wrapped herself up with the blanket. The vigilant look in her eyes when she looked at the man was like a little white Rabbit that had seen a Big Bad Wolf.

"I won't tease you anymore." Bo Yicheng chuckled. it's already very late. Take a hot bath and go to bed, okay? "

Shi qinglan was still looking at the man warily.

She squinted her beautiful eyes. go and fill the tub. I'll wash myself.

It was rare that Bo chicheng did not request to take a bath with the couple and really went to run the water for the girl.

I'm so tired. Fortunately, tomorrow is the weekend ...

Shi qinglan came out of the bathroom wrapped in a bathrobe after her bath. She rubbed her drowsy eyes and snuggled into the quilt. She rubbed against the man's chest and found a comfortable position to lie down.

Bo Yicheng's Red lips curled up slightly as he chuckled. He lowered his head and planted a light kiss on her forehead. it's been hard on you.

Upon hearing this, Shi qinglan immediately looked up and glared at him.

It was hard on her, and this man should just die of coquettishness ...

173 LAN 'er, what did Bo chicheng do to you?

The next morning.

The bright sun shone through the window and into the bedroom. Shi qinglan was sleeping peacefully. Her eyes were closed, and her long, curled eyelashes cast a faint shadow under her eyes. She looked like a porcelain doll.

Bo Li Cheng lay on his side and looked at the girl's exquisite sleeping face ...

His red lips curled up a little, and his fingertips touched her long eyelashes, playing with her while she was asleep.

"Swish-"

However, at this moment, his phone suddenly vibrated.

Bo ye Cheng's long and narrow eyes suddenly narrowed. His cold eyes glanced at the phone beside the girl's pillow, and a chill gradually appeared in his dark eyes.

He was about to get up and turn off the phone that was disturbing the girl's sleep, but he noticed that the little girl in his arms gently rubbed against his chest and stretched lazily. MMM ...

The chill in thin city's eyes instantly dissipated.

Tenderness gradually appeared in the depths of his dark eyes. He said in a low and hoarse voice, "you're awake? "

Shi qinglan rubbed her sleepy eyes and nodded gently.

It was almost noon. She turned over lazily and felt for the vibrating phone. Without opening her eyes, she picked up the phone and placed the phone on the side of her face. Hello ...

LAN 'er, did Bo Li Cheng do anything to you last night? "

Shi qingxi's cold voice came through the phone, his tone heavy and with a hint of interrogation.

However, he was not interrogating his sister, but rather suspicious of the man in human clothing, Bo Li Cheng. The beast would do anything ...

"Ah," he said. Shi qinglan instantly woke up.

The phone on her face fell and hit the bed. She opened her eyes immediately and picked up the phone again in. hurry. no. no, no... No, what can he do to me?"

Upon hearing this, Bo Li Cheng could not help but chuckle.

His well-defined fingers casually played with the girl's Black hair that fell on the pillow, and his lips were curled into a wanton smile.

Shi qinglan turned over and glared at him with her beautiful eyes.

Her red lips parted slightly as she mouthed, " stop fooling around.

But Bo Li Cheng was obviously not an obedient person, he even lowered his head and kissed the black hair wrapped around his cold white fingers.

"You really don't?" Shi qingxuan's voice was cold and hard.

His tone was full of doubt and uncertainty, but he still said worriedly, "LAN 'er, if Bo chicheng dares to bully you, I can help you beat him up at any time.

Shi qinglan's beautiful eyes glanced at the man.

"That's not true. Ah-Cheng wouldn't bully me."

Her slightly cold and warning eyes landed on the fingers wrapped around her hair. if he dares to bully me, I'll blow his head off.

Upon hearing this, Bo Zhicheng's fingers paused slightly.

He lazily opened his eyes and immediately sensed the girl's warning. He chuckled and let go of her hair.

Only then did the coldness in Shi qinglan's eyes subside a little. brother, don't worry. He won't do anything to me.

However, as he spoke, a certain bird ... However, the Beastie was thick-skinned and stuck to her. His hot chest pressed tightly against the girl, his long arm wrapped around her soft and slender waist, and his big palm clasped the side of her waist.

"Yes." yes, "Shi qingxiao replied coldly.

However, after a moment, he said, "if he really did something to you, you must protect yourself.

Shi qinglan was speechless.

Her porcelain-white face instantly turned red.

She instantly understood Shi qingqiao's meaning. She lowered her eyes and buried her head in the man's arms. She seemed extremely shy as she mumbled softly, "I ... I know."

174 You're not allowed to commit murder when you're drunk in the future

Shi qinglan hung up the phone in a hurry.

She glared at the man angrily and pinched his handsome cheeks. you're not allowed to kill me when I'm drunk in the future.

Bo Li Cheng's large palm gently wrapped around the girl's small hand.

After letting go of her hand, he naturally slipped his fingers between her fingers and slowly clenched her soft and boneless hand, with their fingers intertwined. if you're not drunk, I won't have a chance.

Shi qinglan's beautiful eyes were filled with anger.

She avoided his gaze and raised her fair foot to kick the man's abdomen. After pushing him away, she immediately turned over and sat up, rubbing her fluffy hair. get up and wash up!

As soon as she finished speaking, she ran into the bathroom.

Bo Li Cheng supported his head with one arm. He lay on his side and looked at the girl's back as she fled. He could not help but chuckle.

"Swish-"

His phone suddenly vibrated.

The deep affection in the man's dark eyes receded a little. He took his phone and answered the call, his tone calm and slow. speak.

master Bo, Shen ruxue fainted in prison because of leukemia. She's on bail at the Sheng City Hospital for medical treatment.

Upon hearing this, Bo Li Cheng's long and narrow eyes suddenly narrowed.

He lifted the blanket and rolled out of bed. His large palm clutched the phone tightly. tell Wen le to keep a close eye on Ying City Hospital. If there's any movement from Shen ruxue, report it immediately.

you'll be following Lan Lan in secret during this period of time. If anything happens to her, you don't need to come back alive to see me.

"Yes." Wen mo responded respectfully.

Bo Yucheng hung up the phone, his fingers gently caressing the phone, his dark, ink-black eyes gradually turning deep.

"Crack-"

The bathroom door was suddenly pushed open. Probably to make it easier for her to wash up, Shi qinglan casually tied her hair up, revealing her bright and full forehead and her face without any makeup.

"Who were you on the phone with just now?" The girl lifted her hand to remove the hairband, and her seaweed-like black hair fell down instantly.

Bo Yicheng's deep eyes dimmed, his tone so slow that one couldn't tell that he was troubled. it's fine, I'll handle it.

Shi qinglan glanced at him suspiciously but did not ask further.

However, the man strode steadily to her back, his long arms suddenly wrapping around her waist. Bo Li Cheng placed his chin on her neck and gently rubbed it. Lan Lan ...

"What?" Shi qinglan looked at him with her head tilted slightly.

Bo Yicheng's voice was slightly deep. be careful these days. If you encounter any danger, you must contact me immediately.

Shi qinglan's Red lips curved up slightly.

She turned around and looked up at the man. She wrapped her arms around his neck and asked, " Shen ruxue is on bail for medical treatment? "

Upon hearing this, Bo Li Cheng's body clearly stiffened.

He didn't want to let the girl know too much. After all, she was going to take the college entrance examination soon, and he was worried that it would affect her mood.

The man raised his eyebrows. how did you know? "

"I guessed it." Shi qinglan's Red lips curled up slightly, and her charming eyes were filled with determination. how could she not use her leukemia to escape from prison? "

Bo Li Cheng raised his eyebrows slightly in surprise.

He pinched the tip of the girl's nose. I underestimated you.

"Don't worry. No matter how capable Shen ruxue is, she can't escape from the hospital. I'll protect myself."

Shi qinglan's beautiful eyes blinked, glowing with confidence.

After all, she was one of the best in the world. In terms of one-on-one combat, she was afraid that only the mysterious boss of continent S, who never showed his face, was her opponent.

175 The daughter of a wealthy family in the imperial capital

Ji City High School.

As the results of the third mock exam were about to be released, the students clasped their hands together and bowed to Shi Qinglan's desk, their hearts full of anxiety.

"I'm willing to use a year's worth of being single to exchange for three models, just to improve a little!"

sister Qing. please bless me. I want to improve, even if it's just by one rank. I want goddess Qingyue's album, sob. sob ...

Jiang Zhi looked at the group of superstitious people with a strange expression.

He could not help but sneer. has sister Qing become a koi fish now? should I prepare a fish tank for her? "

"I think you should prepare a pigsty for yourself first." LAN Chu packed up the books on the desk, her white cheeks slightly puffed up as she retorted without any mercy.

Jiang Zhi raised his voice. LAN Chu, you ...

students, I've just received a piece of super explosive news! At this moment, someone suddenly broke in.

Everyone instantly looked at him for gossip.

The student bent over, his hands on his knees, and panted, " di ... There's a transfer student from the capital. I heard that she's the daughter of a wealthy family and has also scored full marks in all subjects!"

Upon hearing this, the class was in an uproar. The tension of waiting for the results immediately dissipated and the attention was diverted to gossip.

what's the daughter of a wealthy family who scored full marks in all subjects in the imperial capital doing here in a small city like ours? "

"It's said that the Dean of the Medical Research Institute, Jiang Boning, intends to become a professor at Imperial University, and he'll be recruiting a student this year, but he'll clearly only accept the freshmen of Ying city ... That young lady wants to enter the Medical Research Institute, so she's here to freeload a spot."

"Ah? What did Dean Jiang like about ye city?"

I've heard a little about this. I heard that Dean Jiang came to Ying city to relax a while ago and met a lady divine doctor. He immediately made this decision after he returned.

I didn't expect there to be a Crouching Tiger and Hidden Dragon in our bamboo city ...

The students began to gossip, and the more they talked, the more excited they became. They were just short of turning these inaccurate corner information into a novel.

"Shh! She's here, she's here ..."

Just as everyone was chatting enthusiastically, a student suddenly ran back to the class from the corridor and reported first-hand news.

The sound of high heels was getting closer and closer ...

The girl was wearing a high-end light blue dress, a diamond brand bag on her shoulder, and high heels as she walked into the classroom.

Oh my God, I heard this bag is super expensive ...

the dress she's wearing is also a season's new item from an international brand. In a small city like this, you can't even see it in the most high-end shopping mall!

"As expected, the daughters of the rich and powerful from the capital are different."

When Song Xi heard these envious voices, he arrogantly raised his face with exquisite makeup. His white and straight neck was as straight as a Swan, and his entire person revealed a kind of arrogance.

She suddenly raised her hand. pa pa pa-

Following the applause, a group of bodyguards wearing sunglasses entered the classroom with a few huge boxes. miss song.

"Put it down," Song Xi ordered, his head held high.

The bodyguard immediately put the boxes on the ground, then turned around and left the classroom to wait in the corridor outside.

"What's in this box ..."

who knows? could it be that this rich girl moved her entire house here? are these all the things she needs in school? "

are all the daughters of the rich and powerful in the capital like this? I've never seen sister Qing being so high-profile.. suddenly feel that sister Qing is even cuter ...

176 Let sister Qing slap her in the face later

Song Xi raised her chin arrogantly and looked at her classmates in a daze. I'm Song Xi, a transfer from the capital.

She glanced at the boxes indifferently and kicked them with her high heels. Her tone was full of pity. These are gifts for you. Please take care of them in the future.

As soon as she finished speaking, Song Xi crossed her arms in front of her chest and looked arrogantly at the students who in her eyes had never seen the world.

Everyone looked at each other and fell into a strange silence ...

"Ahem!" The class monitor sensed the heavy atmosphere and stood up to clear his throat to break the silence. Student Song Xi has just arrived, everyone ... Quickly, give them a round of applause!"

As he spoke, he took the lead to clap.

The class monitor had a very high reputation in the class, and the students did not want to embarrass him, so they gave him scattered applause.

What's in this box. "

I really hate the way she talks. She didn't even ask for a gift from her. Who is she trying to show off her arrogance to? "

So what if she's the daughter of a rich family in the capital? I don't believe that this Song person's identity is as honorable as our sister Qing ...

That's right. Let sister Qing come and slap her face later!

Everyone was whispering and looking at Song Xi with unfriendly expressions. They were not interested in the gift in the box.

Song Xi noticed that these students didn't appreciate her kindness.

He had thought that in a small city like this, he could simply buy people's hearts with some gifts, but he did not expect them to be so ungrateful.

Song Xi secretly rolled his eyes, walked to the class monitor's desk, and knocked on it twice. Then I'll have to trouble you to distribute the gifts.

"Oh ... A-alright." The class monitor nodded in a daze.

He immediately organized the class Committee to distribute the gifts, and gradually, there were other discussions ...

this ... This is the kind of high-end stationery imported from R nation, right? ”

I’ve heard of it before. At least for us, it’s quite expensive. Any random signing pen costs three figures.

he’s really rich and generous. He’s not ordinary ...

Song Xi’s lips curved up triumphantly. She knew that these ordinary students from a small city had not seen the world.

my dad brought these back from a business trip abroad. You can’t buy them in a small city like this, right? you can have them.

An arrogant smile flashed in her eyes. As she spoke, she looked around the classroom and walked straight to a good seat by the window. She put her bag on the desk.

“Who are you?”

Jiang Zhi didn’t bother to respond to her the entire time, but when he noticed that the seat beside him was occupied, he glanced at her in disdain.

“I’m a transfer student from the capital. The form teacher said that I can choose my seat at will, so I’ll sit here.”

Song Xi directly sat down and took out a few red bills from his bag. if there were other students in the past, this money should be enough. I’ll buy her seat.

Jiang Zhi furrowed his brows tightly upon hearing this.

He suddenly slammed the table and stood up. He grabbed the notes and threw them at song Xi’s face. the daughter of a rich family in the imperial capital, right? I’m the young master of the Jiang family in Ying city!

we’re not selling this seat. Get lost. Jiang Zhi rolled up his sleeves in a handsome manner. This bad-tempered man really wanted to punch someone.

Song Xi’s brows furrowed slightly. She instantly felt as if her dignity had been insulted. She glanced at the money scattered on the ground and said, ” ning city is indeed a rural place. You’re uneducated.

I’m a top student who transferred from the imperial capital with full marks in all subjects. The form teacher also said that I have the right to choose my seat. I want to sit here now. I’m kind enough to give you money, but you’re taking advantage of me? ”

“I’ll get my bodyguards to beat you up!”

Song Xi was so angry that her chest heaved up and down. She raised her voice and was about to call for the bodyguards when she suddenly heard a sweet voice ...

“What’s with the noise?” Shi qinglan walked into the classroom.

177 Yingluo, Who Do You Think You Are!

Jiang Zhi almost couldn’t help but punch the woman in the face.

However, when he heard Shi qinglan’s voice, it was as if his hair had been smoothened. He immediately rolled down his sleeves and straightened his back to look at her. sister Qing, this woman wants to take your seat.

Shi qinglan looked up nonchalantly and glanced at him.

She walked in front of song Xi, took off her bag, and threw it directly on her seat, which happened to press on song Xi’s bag.

“Get out of the way.” Her slightly cold voice was unquestionable.

Song Xi furrowed her brows tightly and looked at Shi qinglan with dissatisfaction. why should I step aside? the class teacher said that I can choose my seat at will. This is my seat.

Shi qinglan almost laughed out of anger when she heard that.

She looked at song Xi with a faint smile. you took my place and now you’re asking me why? ”

“So what if I take it!” Song Xi raised her proud head. I’m warning you, you’d better take your bag away. My bag is expensive. If you crush it, you won’t be able to afford it!

She pointed at the ordinary canvas bag on top of her branded satchel and ordered arrogantly.

Shi qinglan’s eyes turned cold. is that so? ”

She glanced at the bag from the corner of her eye indifferently and indifferently. She pulled it out from under her bag and threw it out the window without hesitation.

“I’d like to see what bag I can’t afford in this world.” Shi qinglan’s voice was clear and cold.

Song Xi turned pale with fright. you ...

She reached out and pointed at the tip of Shi qinglan's nose rudely, her eyes wide open. She turned and ran to the window to look down, only to find that her bag had already fallen into some bushes.

"Who is she?" Shi qinglan glanced at her indifferently.

LAN Chu cupped her cheek with one hand. She raised her small face and introduced with a smile, "you're the daughter of a rich family who transferred from the capital. You're the kind who once scored full marks in all subjects."

She deliberately emphasized the words 'rich' and 'once'.

Shi qinglan nodded her head in realization. She was about to return to her seat when song Xi came back from the window in a Huff. He raised his hand, wanting to slap her to teach her a lesson.

"Pa-"

Shi qinglan immediately raised her hand and grabbed her wrist.

Song Xi didn't expect to be stopped. She tried to struggle but to no avail. let go of me!

Shi qinglan did not let go. Her Jade-like slender fingers even exerted a little more force, and her whole body inadvertently exuded a cold aura.

"Where are the people who tried to provoke me before ... One is serving his sentence in prison, one is waiting for death in the hospital, and one is a young master from a rich family. After being beaten up, he has never appeared again."

As she spoke, she slowly approached song Xi.

Her red lips curled up slightly, and the coldness at the corner of her lips made people feel a chill down their backs. so ... New student, you'd better not provoke me. "

Upon hearing this, song Xi's eyes dodged.

However, in her eyes, Shi qinglan was at most the big sister of a small and broken school, and she was not someone to mess with.

"You ... Who Do You Think You Are!"

Song Xi took a deep breath. I'm the daughter of the imperial capital's song family. It's your honor to be willing to come to this small city!

you should know that I'm the top scorer in the province no matter where I go. This year, because I transferred schools, this place fell into the hands of your Pi City High School. Not only are you not grateful to me, but you're also treating me like this? "

Hearing this, LAN Chu sighed and shook his head.

She pretended to be regretful and said, " the top scorer in the province? I'm afraid he can't even get the first place in the class here.

178 A perfect score on all subjects!

Song Xi's expression suddenly changed.

She broke free from Shi qinglan's grasp and frowned. She looked at LAN Chu with extreme dissatisfaction. what do you mean? "

She had come to Ying city to get the top prize.

Because Jiang boning only had one admission quota, if someone's score was higher than hers, she couldn't guarantee that she would be able to pass.

"The results of the third mock exam have been released on the field!"

At this moment, a voice suddenly rang out.

The students 'nervous hearts were instantly raised again. No one had the time to pay attention to song Xi, and they all looked at the ranking at the speed of a 100-meter sprint.

"I'd like to see who can compete with me for the top scorer in a place like ye city, where the education level is less than half of the imperial capital."

Song Xi glanced at LAN Chu contemptuously, obviously not taking her words seriously. He also arrogantly turned around and went to the field.

Shi qinglan's brows raised slightly. is this the quality of the wealthy families in the capital? "

He suddenly felt a little disgusted with his identity ...

LAN Chu stood up happily and ran to her side with his short legs. He held her arm like a dainty wife. how can the song family be compared to the Shi financial magnate? they're different.

Jiang Zhi glanced at the two of them suspiciously.

if you want to talk about song Xi, then let's talk about song Xi. What does it have to do with the Shi financial magnate? " He had a feeling that there was a secret signal.

LAN Chu couldn't be bothered to answer his question. She made a funny face and said, " who told you to be too lazy to attend Shen ruxue's birthday party? not only did you miss the show, but you also missed sister Qing's big secret.

Jiang Zhi wanted to punch her.

The two of them continued to chase each other in the empty classroom. Shi qinglan chuckled helplessly as she sat in her seat and took out a huge stack of qingyue's albums from her bag ...

The list had been fully posted.

The students were squeezed into the crowd, standing on their tiptoes to find their ranking. The third mock exam had always been the simplest mock exam, used to help everyone build their confidence before the college entrance examination.

But there were still some who were happy and some who were sad ...

"I've improved! There's hope for my goddess qingyue album! The groundhogs shrieked!!!"

my score is actually 30 points higher than the last time!

did I eat sh. t when I took the English test? I was just one point away from passing. My reputation was destroyed in one day ...

"I can't believe I got 140 in mathematics!"

Song Xi looked at those people in a daze and rolled his eyes sarcastically. He snorted contemptuously. is it that hard to get 140 in math? You just need to do two less multiple choice questions."

After all, she had always been the top scorer and had never experienced any emotional fluctuations when checking the results. She couldn't understand why these people were so happy that they couldn't even get first place.

"Move aside, move aside, our young miss also wants to see the results." The song family's bodyguards rudely pushed away the students crowding in front of the list and forcefully opened up a path for song Xi.

Song Xi arrogantly crossed his arms in front of his chest and walked to the list in his high heels. let me ask you, what's the name of the girl who just provoked me? "

“Shi qinglan,” The class monitor replied.

Song Xi nodded nonchalantly. She started from the bottom of the list. She wanted to see how this kind of person ranked from the bottom and dared to challenge her, the top scholar of the imperial capital.

But after scanning for a long time, he didn't see her name ...

The class monitor kindly pointed in the direction of the top scorer. sister Qing's results are here.

Upon hearing this, song Xi immediately cast a glance in that direction.

Shi qinglan's results were hung at the most eye-catching position, with three large golden words, followed by four extremely beautiful and perfect perfect scores. She had actually scored full marks for all subjects!

“She ...” Song Xi's expression instantly turned ugly.

179 The most peerless cutie in the universe

Song Xi's face, which was already powdered, looked even whiter.

For a moment, she only felt her face burning in pain. She was both embarrassed and angry. she can actually get full marks for all subjects like this? ”

that's true. The third mock exam has always been the easiest. Is it that great to score full marks in all subjects? it might not even be the college entrance examination!

Song Xi tried to save her own face. She glanced at the red list with contempt. The top scorer's results seemed worthless in her eyes, but she was extremely jealous in the depths of her heart.

Although she had indeed scored full marks in all subjects before.

However, it was only once. After that, the highest score was only 732, and he was never able to achieve the glory he had at that time.

She turned around and squeezed through the crowd, still looking arrogant and disdainful.

The other students looked at her in confusion ...

“Is she awake? How dare you challenge principal Yan's ancestor like this and still dream of getting into capital University?”

other things aside, Shi qinglan's grades are indeed impressive. She scored full marks for all three mock exams no matter how difficult they were. I don't believe that the new transfer student can take the top spot.

"Why should the top scorer of Ying city be given to a transfer student from the capital?"

"That's right, sister Qing, let's go!"

Song Xi had just arrived, but her classmates had already given her a unanimous bad review. This was completely different from what she had imagined, and she felt quite disappointed.

Logically speaking, she was the daughter of a wealthy family in the capital and a super university student, so everyone should be envious and admire her.

But ...

"I announce that I'm Shi qinglan's only fan!"

"I'm going to use Groundhog shrieking again! Sister Qing ... Sister Qing is simply the most peerless little cutie in the entire universe!"

it's actually goddess qingyue's album!

"Sister Qing is indeed my faith! I don't know what to say other than "awesome," but my language system is already messed up!"

The students returned to class after checking their results.

She immediately saw the new album on Shi qinglan's desk, which was thrown there arrogantly and messily ...

It was like a bunch of Street goods!

"Line up and collect your grade." Shi qinglan's Jade-like fingers tapped on the table, and her red lips curled up slightly.

The students immediately formed a long line.

Song Xi was completely ignored. She didn't even care about the high-end stationery she had given him before.

Everyone in the class, except for Jiang Zhi, LAN Chu, and song Xi, received an album due to their improvement in their grades.

They hugged qingyue's album lovingly, as if they were in. dream. . can't believe I actually got the real one, sob ...

He Wenjie was also shocked when he got the results for the entire class.

He cleared his throat. the exam this time ... Our class has made great progress. Other than Shi qinglan, who is still in first place, Jiang Zhi is the only one who has regressed."

Jiang Zhi slowly typed a:

He turned his head to look at Shi qinglan suspiciously. The girl raised her chin slightly and kindly reminded him of the reason.

goddess qingyue, please bless me with an extraordinary performance in the college entrance examination!

who said that chasing after stars affects one's studies?!

I love studying. I love studying too much ...

Jiang Zhi began to doubt his life even more when he heard his classmates 'gratefulness. f * ck! he cursed.

So he had already gotten the album and had no interest in the International diva Qing Yue ...

So, when all the students in the class were working hard for the album and making progress, his grades were squeezed out and he was the only one who was lagging behind?

"No, then why did you improve as well?" Jiang Zhi turned his head stiffly to look at LAN Chu.

The girl smiled brightly. sister Qing tutored me personally.

f * ck. Jiang Zhi couldn't help but exclaim.

180 Shi qinglan, wait and see

Time passed by in a flash.

The bright sun in the Midsummer of June wrapped the teaching building with a faint golden rim. The blue sky was clear and bright.

students, you must stay calm and carefully review the questions.

before you enter the examination hall, you must check if you have brought all your documents. You must also test your stationery in advance. Especially for the morning examination, you must set an alarm to avoid being late.

He Wenjie stood on the podium and reminded them of the things to take note of before the college entrance examination. The more he spoke, the redder his eyes became.

He paused and said in a slightly hoarse voice, " the teacher is outside the examination field, waiting for the good news from all of you.

The students lowered their heads. Some of them could not help but clench the test papers in their hands, some of them looked up at the blackboard in a daze, and some of them looked sideways at the campus scenery outside the window to avoid looking at it.

"I wish you success!" He Wenjie gave his last blessing, then turned around and left the classroom with red eyes.

After the atmosphere in the classroom was silent for a long time, people began to pack up their textbooks one after another. Everything here would be cleared out, and they would face graduation and separation after the college entrance examination ...

"Hey, Imperial University is waiting for you."

Jiang Zhi turned to look at LAN Chu awkwardly and knocked her head with a pen. don't let sister Qing down. I'll be embarrassed if you don't get in.

LAN Chu looked up, her round almond-shaped eyes widening in anger.

She puffed up her cheeks in dissatisfaction and said in a childish and fierce tone, " I know!

Jiang Zhi's lips curled up into a mischievous smile.

Shi qinglan's Red lips curved into a slight smile. She also looked down to pack her things on the desk. However, just as she was about to throw her textbook into her bag, her book was snatched away by someone else ...

"Shi qinglan," Song Xi looked at her with his head held high.

The girl closed her eyes lazily and looked up at him with a hint of displeasure in her eyes.

Shi qinglan reached out to snatch the textbook back. Then, she heard song Xi say, "even though you're amazing for scoring full marks in the third mock exam, that set of papers was easy after all. We'll see how it goes in the college entrance examination!

“Swish-”

Jiang Zhi sneered disdainfully and mumbled, “you’re making it sound like sister Qing wants to compete with you.

Song Xi could not be bothered to respond to him. He lifted his chin slightly and looked at Shi qinglan. Shi qinglan, I hope you do well in your college entrance examination. This way, we can be considered as having a fair competition.

“But I’ll definitely be the provincial top scorer. I’ll prove that I’m better than you with my own strength, and then apply for the Department of Medicine at Imperial University. I’ll get Dean Jiang boning’s only admission quota!”

Shi qinglan’s Red lips curled up slightly. then let’s wait and see.

She really hoped that song Xi could take that spot away from her, so that the little old man wouldn’t continue to pester her. When she went to college, he would keep an eye on her, and she would have to listen to him talk about inheriting the Research Institute.

Song Xi arrogantly turned around and left the classroom.

Jiang Zhi looked at Shi qinglan with great interest. sister Qing, I saw that you were so skilled in CPR previously. Don’t tell me that you’ve been planning to be an angel in white for a long time and have your eyes on that spot? ”

CPR ... Shi qinglan said meaningfully.

In fact, there was no need for her to further improve her medical skills, so she only replied ambiguously, “maybe.

..

Ning City Hospital.

Shen ruxue was lying on the hospital bed receiving treatment. Tomorrow was the college entrance examination that she had been looking forward to and working hard for. However, she did not expect that she would not even be qualified to step into it.

She clutched the sheets tightly in anger, staring at the ceiling with eyes full of jealousy.

“Swish-”

Just then, her phone suddenly vibrated.

Shen ruxue received an anonymous message. 'Little girl, jealousy can easily make people ugly. Instead of lying in bed and hating her for everything she has done to you, why don't you ...' I'll help you kill her. "
