181 You just need to answer me, do you want her to die?

Shen ruxue's expression changed.

There was a flash of panic in her eyes. She immediately sat up and looked around in fear, but she did not find anyone suspicious. However, the other party obviously knew her situation and thoughts ...

"Are you scared?" His phone vibrated again.

When Shen ruxue saw the message, her back broke out in a cold sweat. She suddenly felt a fear of being monitored.

Her fingers trembled slightly. Who are you? What do you want to do?"

"I'm someone who can help you." The screen of her phone was scrolling with messages. as long as you want it, I will help you unconditionally. I will make sure that Shi qinglan will not be able to walk into the college entrance examination hall alive ...

Shen ruxue's eyes flashed with a complicated look.

why did you help me? "she asked, gripping her phone tightly.

"Ring ..."

The phone suddenly rang. This time, it was a phone call.

Shen ruxue's hand trembled as she held the phone. After hesitating for a long time, she chose to answer the call.

"Hello," he said. She asked tentatively.

..

In a villa in A country.

On the wine-red European-style sofa, the man lazily crossed his slender legs. His cold white fingers held an exquisite crystal glass and casually swirled the blood-red wine.

His phone was thrown on the coffee table.

"Hello," he said. Shen ruxue's voice came from inside.

The man's Red lips curved up slightly. He raised his head slightly and took a sip of red wine. His sexy Adam's apple moved slightly. ha ...

He let out a sexy and low chuckle.

Shen ruxue's heart started to beat faster. She had never heard such a pleasant laugh before. Who are you? "

"..." The man deliberately dragged out the last word, which was both flirtatious and seductive. I've said it before. I'm someone who's willing to help you.

His voice sounded a little deep, inexplicably mixed with a little gloominess, like a demon from hell.

Shen ruxue was a little wary of him. no one would help you for no reason. Why should I believe you? "

The man narrowed his seductive peach blossom eyes slightly.

He lazily turned over and sat up. The red wine in the wine glass was set off by his Jade-like fingers, and there was an inexplicable sense of bloodlust ...

just because Shi qinglan almost killed me before ... Is this reason enough?" The man's Red lips parted slightly.

As he spoke, a chill suddenly appeared in his devilish peach blossom eyes, and a murderous intent filled the bottom of his eyes. Even his voice turned cold.

Shen ruxue's eyes flickered.

She did not expect Shi qinglan to have made enemies outside, to the point that they wanted to kill her.

"Who exactly are you?"

Shen ruxue was still on her guard. She bit her lip and asked, " what do you want from me? and how do you plan to help me? "

Hearing this, the man's magnetic laughter sounded again.

His cold white fingers gently touched his brow bone, and he said in a lazy tone, " little sister, you'd better not ask too much ... Helping you is as easy as lifting my hand."

Shen ruxue held her phone tightly and fell silent.

The man slowly opened his mouth and said, " you only need to answer me now ... Do you want her to die?"

He heard a cold voice filled with hatred.

Shen ruxue's heart began to waver.

She looked at the snow-white ceiling of the ward and thought of how she had been in prison all day long and was now lying in the hospital suffering from illness and pain. She wanted Shi qinglan to die!

And now, there happened to be someone who would help her unconditionally ...

"I want her to die!" Shen ruxue's eyes suddenly became determined. She paused for a moment before saying, " but not now.

"Oh?" The man raised his voice with interest.

182 I want Shi qinglan's bone marrow

Shen ruxue's eyes were filled with hatred.

She gripped her phone tightly, her palms covered in cold sweat. She gritted her teeth and said, " I want Shi qinglan's bone marrow.

The man lifted his eyelids seductively and lazily. There was no surprise in his peach-shaped eyes, as if he had long understood her needs. the way to die after your bone marrow is extracted ... It's really interesting."

His hands were stained with the blood of countless people.

She had never thought that she could use such a cruel method to watch the other party painfully take her last breath, and at the same time, there would be another person living for her ...

"What do you need my help with?" Shen ruxue asked.

The man smiled wantonly. she has someone protecting her. I need you to find a way to lure her out alone. Your classmates in Pi City High School can be of some use, right? "

Shen ruxue pondered for a moment. She probably already had an idea in mind. okay, I know what to do.

The man's deep and charming laughter had a hint of darkness. little girl, wait for my good news.

He lazily raised his hand and pressed the button on his Bluetooth headset, then hung up the call with Shen ruxue.

“Ha ...” The man’s lips curled up slightly.

He slowly took out a necklace from the inside of his suit, his fingers gently caressing the name carved on the pink tafey stone. Shi qinglan, we’re about to meet.

..

The college entrance examination, which determined their fate, arrived as scheduled.

Bo Yucheng personally drove Shi qinglan to the entrance of the examination hall. The girl was about to unbuckle her seat belt and get out of the car when the man suddenly leaned over and pressed down on her, his arm supporting her side.

He pecked her lips lightly. good luck in the exam.

“Alright,” he said. Shi qinglan’s Red lips curved up slightly.

The distance between them was a little close, and they could even feel each other’s warm breaths. The girl’s charming eyes were filled with confidence, and when she blinked, her eyelashes gently brushed against the man’s cheek.

“I’ll come and pick you up after this.” Bo Zhicheng raised his hand and gently pushed aside a few strands of the girl’s hair.

Shi qinglan also pecked his lips. yeah.

As soon as she finished speaking, she unbuckled her seat belt and got out of the car. Standing outside the Maybach, she bent down and waved at the window.

Bo Yicheng’s Red lips curled up slightly as he watched the girl’s back as she walked into the examination hall. His dark eyes were filled with endless tenderness, and he was only willing to drive away when she was completely out of his sight ...

There was already a long line outside the teaching building, waiting to enter.

Shi qinglan saw LAN Chu and was about to walk over when she suddenly heard a familiar male voice. Shi qinglan.

She stopped in her tracks and turned back to smile. young master Xu.

Xu Cheng strode toward Shi qinglan and put an empty fist to his lips uncomfortably. that ... I know you hate ruxue, but she was once your sister after all ...”

“Young master Xu, if you have something to say, just say it.” Shi qinglan’s voice was slightly cold, and there was a faint chill in her autumn-like eyes.

Xu Cheng noticed the girl’s displeasure.

He pursed his lips tightly and said, “Ruxue won’t be able to take the college entrance examination anymore, but she said she still wanted to give you her blessings ...

“If it’s convenient for you, give her a call.”

Xu Cheng handed her his phone. Shi qinglan glanced at it and saw that there were indeed a few call records on the screen.

The girl’s brows raised slightly, and her red lips curled up. Sure.

She wanted to see what Shen Ruxue was up to. So, she took the phone and was about to call back ...

Xu Cheng said, “This is a signal-blocked area. You may need to go there to make a call.

Upon hearing this, Shi qinglan looked in the direction that Xu Cheng was pointing at, and the smile on her lips became more and more meaningful.

Was he trying to lure her away by himself?

183 You must succeed today, master wants him alive

Shi qinglan’s bright eyes were cold.

She looked at Xu Cheng with great interest, but the young man’s eyebrows were clear except for a little awkwardness ...

He probably didn’t even know that he was being used.

“What if I don’t want to return this call?” Shi qinglan’s slender white fingers were playing with her phone nonchalantly.

Xu Cheng could not help but feel a little annoyed. He raised his voice and said, “Shi qinglan, Ruxue just wanted to give you her blessings. She didn’t want to kill you. What’s wrong with calling her back?”

Shi qinglan could not help but find it funny.

The girl looked at him with a faint smile. “If she really wants my life, are you prepared to go to jail for her?”

“Do you have a persecutory delusion?” Xu Cheng looked at her with a complicated expression. what can a phone call do to you? ”

Shi qinglan was certain that he did not know anything.

However, she didn't want to fall into his trap. She threw the phone back to Xu Cheng. go back by yourself if you want.

“Shi qinglan, you ...” Xu Cheng looked at her in exasperation.

The girl pushed aside the young man who was blocking her way and walked straight in LAN Chu's direction. Immediately, LAN Chu's excited voice rang out.

..

At the same time, at the top of the wall of Pi City High School.

The Men in Black, who were hiding in the dark and preparing for an ambush, could not help but sneer when they saw this scene. it's just as master expected.

Shi qinglan was indeed smart and did not fall into a trap.

The leader narrowed his eyes and stared at the girl. we can't use the lead that Shen ruxue arranged. I'll go and lure her out.

The college entrance examination was undoubtedly the best time to make a move ...

Shi qinglan was usually protected by people, but today's examination venue was heavily guarded. Even if there were helpers, they would be outnumbered. If they missed this opportunity, it would be difficult to find a better one.

you guys set up an ambush here. We must succeed today. Master said we want him alive. The leader ordered in a low and cold voice.

As soon as he finished speaking, he immediately jumped over the wall and into the garden.

At this moment, LAN Chu was holding Shi qinglan's arm coquettishly, pouting her little pink lips. Xiao Qingqing, you're indeed my koi fish. We're actually in the same examination field!

“What a coincidence,” Shi qinglan's Red lips curved slightly.

She couldn't help but pinch LAN Chu's white and tender cheeks. don't be too nervous. You'll definitely be fine if you perform normally.

LAN Chu's face was pink, and she nodded like a chicken pecking at rice.

Seeing her like this, Shi Qinglan could not help but chuckle helplessly. The teaching building was already open, and the candidates could enter the examination hall one after another ...

Her eyes were slightly lowered. When she took out her identification and was about to enter the building, she suddenly noticed a black shadow flashing by her side!

"Who is it?" Shi Qinglan's eyes turned cold.

Sensing that something was wrong with the person beside her, LAN Chu blinked his eyes in confusion. Xiao Qingqing, what's wrong with you? "

Shi Qinglan's beautiful eyes narrowed slightly. She did not intend to pay attention to the figure. It's alright. Let's go into the examination hall first.

LAN Chu nodded slightly, deep in thought.

But not long after, the black shadow flashed past his eyes again. A silver blade flashed, and a dagger was thrust at LAN Chu's back.

Shi Qinglan immediately grabbed LAN Chu's shoulder and dodged.

ah, ah, ah, Xiao Qingqing ... What's wrong with you?" LAN Chu was caught off guard and followed her in a circle. She couldn't help but let out a low cry, but she didn't see anyone trying to assassinate her.

The figure was too fast, so fast that the students around them thought it was a nervous illusion and didn't realize that there was really someone.

"I'm fine." The coldness in Shi Qinglan's eyes grew.

She realized that this was the other party's trick. He had failed to lure her alone, so she turned her attention to LAN Chu ...

What a coincidence. She wasn't stupid, but she was protective enough.

184 Where did you get the necklace?

Shi Qinglan pursed her red lips and said, " little Chu, I have some things to deal with. Don't follow me. Go to the examination hall yourself.

As soon as she finished speaking, she turned around and left.

LAN Chu looked at the girl's back in a daze. He did not react for a long time. The exam is about to start, don't be late, I'll be waiting for you!"

Shi qinglan's Red lips curved up slightly.

Her back view was slender, but it inadvertently revealed a sharp edge. The girl waved her hand to calm her down. Her black hair fell behind her shoulders like a waterfall, making her look really charming and charming.

"That's strange ..." LAN Chu's fair cheeks puffed up slightly.

Her clear eyes were full of worry. She frowned slightly and looked back. She could only show her identification and go to the examination hall first.

..

The smile on Shi qinglan's lips quickly disappeared.

She stood alone in the empty garden. Her beautiful eyes narrowed slightly, and her red lips parted slightly. come out.

A few black shadows suddenly jumped down from the top of the wall.

A silver knife flashed in front of her eyes, and a dagger was thrust at Shi qinglan. The girl turned around to avoid the attack, her seaweed-like hair drawing a sharp arc in the air with her movement.

"Let's attack together." Shi qinglan's voice was a little cold.

She knew that there was an ambush here. She didn't want to deal with them, but since they dared to touch LAN Chu ... He couldn't blame her for being overprotective, so he decided to end it quickly before the exam.

Otherwise, he didn't know what they would do to LAN Chu.

The leader could not help but sneer. miss Shi qinglan really lives up to her reputation! Since that was the case ... Then let's all attack together!"

As soon as his voice fell, all the Men in Black suddenly rushed over.

Shi qinglan spun and kicked one of them in the stomach. She then turned around and blocked the attack with her arm. She grabbed the man's wrist and twisted it, pushing him to the ground.

A dagger stabbed the girl from behind when she was unprepared ...

“Miss Shi, be careful!” Wen mo suddenly appeared from the dark.

He suddenly reached out and grabbed the Man in Black’s arm. He lifted his leg and kicked him to the ground. you can leave first. Leave this to me.

Shi qinglan glanced at him from the corner of her eyes, her beautiful eyes cold.

She had long guessed that Bo Li city would send people to protect her in secret, so she nodded slightly. alright, be careful.

The bell to remind the candidates to enter the venue rang for the second time. Shi qinglan pursed her red lips and turned around, wanting to leave for the exam ...

But the leader of the Men in Black suddenly jumped in front of her.

Shi qinglan squinted her eyes in displeasure. She slowly opened her red lips and said, ” it seems like you don’t intend to let me go.

The leader’s face was cold and he didn’t say anything. His expression was a little fierce as he held the dagger and stabbed it directly at her.

The girl dodged it with a twist of her body. After she dodged, she was about to make a move to catch it when she suddenly noticed a bright pink light flash in front of her!

It was the long-lost tafey stone necklace ...

Shi qinglan was dazed for a moment, and her grabbing motion paused slightly. The leader took advantage of the few seconds when she was distracted to suddenly change the direction of his attack.

“Be careful!” Wen mo suddenly shouted.

Shi qinglan immediately came back to her senses and wanted to Dodge, but her movements were obviously a step slower, and the sharp dagger brushed past her left shoulder!

Wen Mo’s heart sank. miss Shi!

Shi qinglan immediately raised her hand to cover the wound on her left shoulder. Blood kept flowing out from the gaps between her fingers, even dripping onto the blood-red flowers on the lawn ...

She looked up, and her bright and clear eyes were now dyed with a tinge of Scarlet. where did you get this necklace? ”

185 Miss Shi, your injuries are healed

Wen mo immediately knocked down the leader of the Men in Black.

The leader of the Men in Black did not expect that not only was Shi qinglan much stronger than them, but even her only secret guard was also so strong. He raised his hand and touched his ribs, which were in pain from the kick ...

He gritted his teeth and said, "no comment!"

Shi qinglan lowered her eyes and looked at the thing in the leader's hand with a cold expression. She was certain that it was the tafey stone necklace with her name engraved on it that had disappeared without a trace!

"Who sent you here?" The girl's face was already slightly pale, and the bleeding from her shoulder had not stopped.

The dagger had stabbed deeply, and the blood had almost dyed her uniform sleeve red. She looked a little frightened.

"Still the same ... No comment!"

As soon as his voice fell, the leader of the Men in Black suddenly bit the poison hidden in his mouth and died on the spot, spitting out a pool of black blood.

Wen mo immediately squatted down to test his breath. he's dead.

He realized that Shi qinglan was very concerned about the necklace, so he pried open the leader's clenched hands and handed the necklace to the girl. miss Shi, your injury ...

"I'm fine." Shi qinglan's voice was still a little cold.

She took the necklace and squinted her eyes to take a closer look, but she soon found a flaw in it. they forged this necklace.

It was not a tafey stone, but an ordinary pink crystal ...

However, the exact same shape, as well as the name and birthday engraved on it, reminded her that the other party must have a real necklace in his hands to be able to make such a high-quality replica!

"Wen mo failed to protect miss Shi." Wen Mo's face was expressionless. He lowered his head and said seriously.

Shi qinglan pursed her lips, and her red lips had lost all color. I got hurt because I was distracted. I don't blame you.

Wen mo didn't reply. His cold face was tense.

No matter what, his duty was to protect Shi qinglan. Since it was Bo Li Cheng's order, it would be his dereliction of duty if she was injured.

"Wen mo will go back and receive his punishment from master Bo."

miss Shi, " he said emotionlessly, " you'd better treat your wound as soon as possible to avoid delaying the exam.

Shi qinglan glanced at her shoulder from the corner of her eye. Fortunately, the injury to her left shoulder did not affect her answer. I won't let ah-Cheng punish you. Please help me find some iodine and gauze.

"Yes." Wen mo immediately nodded and went to do it.

He quickly returned with the medicine from the pharmacy near Ji City High School and handed it to Shi qinglan. Wen mo went to receive his punishment.

Shi qinglan's injury was on her arm, so he did not dare to apply the medicine for her without permission. Hence, he turned around and left after putting down the things.

"Tsk, so cold and old-fashioned ... It's more interesting to see Wen le being simple-minded." The girl pursed her lips.

She took those things, covered the wound on her shoulder, and showed her id to enter the examination hall. At this moment, there was almost no one in front of the teaching building, only the security guards and teachers cast her strange looks ...

He had been in the industry for so many years, but he had never seen an injured candidate wearing a bloody school uniform to take the college entrance examination.

..

LAN Chu was waiting anxiously in the examination hall.

As the clock approached the hour, the bell for the start of the examination was about to ring, but Shi qinglan's seat was still empty.

She couldn't sit still anymore. She mumbled, " did something happen to Xiao Qingqing all of a sudden ...

However, she had no way of leaving the examination hall now.

Song Xi happened to be in the same exam hall as them. When he saw the empty seat, he couldn't help but frown. could it be that he's afraid that he'll be too embarrassed to pass the exam, so he ran away ...

Although she really wanted to be the provincial top scorer.

However, he also hoped that he could have a fair fight with Shi qinglan, instead of suddenly losing his opponent like this ...

186 Miss Shi was seriously injured after being assassinated

“Ring ...”

The bell for the start of the exam suddenly rang.

LAN Chu’s heart clenched. She bit her lip and looked at Shi qinglan’s empty seat with deep eyes.

The worry in her heart grew stronger and stronger. She closed her eyes and took a deep breath, forcing herself to calm down. While she was worried, she braced herself and began to answer the Chinese test ...

Those who are late by 15 minutes will be disqualified.

Just as the minute hand was about to point at the ‘3’ position ...

“Teacher, I don’t think I’m late.” A very soft voice suddenly rang out from outside the corridor.

Hearing this, LAN Chu immediately raised her head and her eyes lit up. She slowly heaved a sigh of relief and felt much more comfortable when answering the questions ...

The invigilator raised his hand and looked at his watch. No.

After checking Shi qinglan’s identification, she let her into the examination hall. Frowning slightly, she glanced at the wound on her arm ...

The girl only had time to clean her wound and cover it with gauze, but she did not change out of her school uniform. The red blood flowing from her shoulder seeped through her school uniform and dyed half of her sleeve red.

Shi qinglan sat in her seat, picked up a pen, and began to answer. After all, the injury to her left shoulder would not affect her writing, and the girl’s handwriting was smooth as if nothing had happened ...

Until the bell rang.

The invigilator sealed the exam papers and left. LAN Chu immediately jumped to Shi qinglan’s side. Xiao Qingqing, you ...

She furrowed her brows and saw that the gauze on her shoulder was almost soaked in blood.

“I’m fine.” Shi qinglan’s Red lips curled up slightly and she was very calm.

After she packed her stationery, she left the examination room. LAN Chu followed behind with his short legs, “ what happened? do you need to go to the infirmary to take care of your injury ...

Shi qinglan stopped in her tracks helplessly.

She ruffled the girl’s hair. don’t worry, little Chu. I only hurt my left shoulder. It won’t affect the exam.

Besides, she was a doctor herself. Other than the fact that the wound was a little deep and it was difficult to stop the bleeding completely, she was really fine.

“It’s not a matter of whether the shadow will affect the exam or not, you’re still bleeding! No, you have to come with me to the infirmary ...”

LAN Chu didn’t give up. No matter what, he insisted on dragging her to the infirmary and watched as her wound was bandaged again.

“It hurts, right?” She pouted her pink lips and blew twice.

To be honest, blowing on a wound could only be used to coax children. It hurt even more after just applying iodine and blowing on it ...

Shi qinglan’s lips curved. you’ll get used to it.

She just said it casually, but she did not expect LAN Chu to almost cry after hearing it. His clear eyes were filled with tears. Xiao Qingqing, what kind of horrible life did you live in the past ...

How could she get used to getting injured?

Shi qinglan coaxed LAN Chu, and it was more tiring than fighting. Fortunately, LAN Chu’s fur was quickly smoothed out, and the math test in the afternoon went smoothly.

..

Bo financial magnate, Ying City branch.

Bo Yucheng had just finished his meeting. He lowered his eyes to glance at the time on his watch. Thinking that the girl should have started her exam by now, his red lips could not help but curve up a little ...

His eyes were filled with endless hope and tenderness.

“Du, du, du-”

However, at this moment, there was a sudden knock on the door.

“Come in.” Bo Yicheng leaned lazily against the back of his seat, his long legs casually crossed as he opened his thin lips.

After getting permission, Wen mo walked into the office and looked like he was admitting his guilt. master Bo, Wen mo is here to receive his punishment.

Hearing this, Bo Li Cheng’s eyelids lifted slightly.

He continued, ” it was Wen Mo’s fault for not protecting miss Shi well. Miss Shi was assassinated and was seriously injured. Please punish me, master Bo.

“What did you just say?” Bo Li Cheng suddenly stood up.

187 B-master Bo, calm down, yingluo

Wen mo reported the matter truthfully.

A murderous intent suddenly rose from the bottom of Bo Li Cheng’s eyes, and even the aura around him instantly turned cold. where is she hurt? ”

“The dagger pierced his left shoulder.” Wen mo lowered his head and pursed his lips. the wound is very deep. When I left, the bleeding still hadn’t stopped ...

Upon hearing this, Bo Li Cheng’s burning fingertips turned cold.

He suddenly grabbed Wen Mo’s collar and lifted him up. The veins on his arms were bulging. I ordered you to protect her in secret. Is this how you protect her? ”

“Wen mo accepts his punishment.” He had nothing to say.

Bo Li Cheng’s long and narrow eyes narrowed slightly, the light at the bottom of his eyes gradually turning Scarlet. those death Warriors, who sent them? ”

The man’s voice was frighteningly cold, like an Icehouse that could make people fall into hell at any time. The overbearing and cold aura around him also permeated the air.

Wen mo replied, ” based on their skills, they seem to be from country A’s Crimson night Alliance. However, I haven’t had the time to investigate the mastermind behind this.

“The Crimson night Alliance?” Bo Li Cheng’s dark eyes became a little deep.

He slowly let go of Wen Mo's collar and pushed him back. His slightly cold fingers rubbed against each other, as if he was thinking about something.

There were two forces in A country. They were the ones who worked for both the underworld and the underground, the pure world Pavilion, which only accepted the top talents in various fields in the world, and the underground organization, which was all-powerful and terrifying in the underworld ... The Crimson night League.

How did Lan Lan offend the people of the Crimson night Alliance ...

"Is there any news from Shen ruxue's side?" Bo Li Cheng glanced at Wen mo from the corner of his eyes and asked coldly.

Wen mo pondered for a moment and suddenly raised his eyes.

Bo Zhicheng could guess what was going on from his reaction. you can go and receive your punishment yourself after you're done with this.

"Yes." Wen mo lowered his head and replied expressionlessly.

Bo Yicheng immediately strode out of the office and drove directly to ning City Hospital. The metal-black Maybach sped like the wind, and even the shadow of the car revealed a powerful aura ...

Wen le had already received the news before he arrived at the hospital.

The man strode straight to Shen ruxue's ward. Wen le followed him in a hurry. B-master Bo, you're cold ... Calm down, we can't kill people in the hospital."

Upon hearing this, Bo Li Cheng suddenly stopped in his tracks.

He narrowed his eyes and stared at Wen le. Shen ruxue has been in the hospital recently. Who else has she come into contact with besides her treatment? "

Wen le furrowed her brows as she racked her brains to recall.

He touched his hair in confusion. I didn't come into contact with anyone. I've just been using my phone more frequently recently, and I don't know who I'm talking to ...

Before he could finish his sentence, he suddenly stopped.

He had not taken this matter to heart at first, but when he connected it to Shi qinglan's assassination, he suddenly realized something!

"She ..." Wen le's eyes flashed with annoyance. She immediately lowered her head and said, "please punish me, master Bo!

He had indeed been keeping a close eye on the hospital and the people around Shen ruxue, but he had forgotten to confiscate her phone.

Bo Li Cheng glanced at Wen le indifferently. His eyes were a little gloomy, which instantly made the latter's back covered in cold sweat ...

"Did you bring your knife?" He asked in an extremely cold voice.

Wen le was slightly stunned. He hesitated for a moment before he slowly took out the dagger that he always carried with him.

Without hesitation, Bo Yucheng reached out and snatched it, his long leg suddenly lifting up and kicking the door of the ward ruthlessly.

"Bang!"

188 Who gave you the guts to touch her?

The door of the ward was suddenly kicked open.

Shen ruxue, who was resting on the bed, was so shocked that she immediately tried to sit up. However, she did not expect a dagger to be thrust at her.

ah! she screamed subconsciously.

The dagger brushed past the hair by her ear, instantly leaving a scar on her cheek, and then stabbed into the cotton of the pillow.

Shen ruxue broke out in a cold sweat. She looked at the person who had thrown the dagger at her in horror. you ... You guys ..."

"Who gave you the guts to touch her?" Bo chicheng's voice suddenly turned cold.

The cold anger in his voice made Shen ruxue feel like she was in an ice cellar. She raised her hand to cover the wound on her cheek and could even feel the sticky blood.

"B-master Bo, what are you saying?" Shen ruxue avoided his gaze. I'm being treated in the hospital, and the people around you are watching me closely. Who can I touch? "

Upon hearing this, Bo Li Cheng's long and narrow eyes narrowed.

Suddenly, he raised his hand and knocked over the IV drip hanging by the bed. The glass bottle instantly shattered, and the needle on the back of Shen ruxue's hand was suddenly pulled away.

"Hiss ..." Shen ruxue gasped.

Her face was a little pale as she looked up at the Furious man. Her chest heaved slightly due to nervousness and fear.

However, she had done it so discreetly and had not been directly involved, so how could Bo Li Cheng know that she had made a move ...

“No need to pretend, I don’t need your explanation.” Bo Li Cheng’s dark and terrifying eyes were filled with endless coldness. I have eyes and I can tell the truth.

He approached step by step, as heavy as snow. His god-like slender body was wrapped in a suit, which made him look even more dark and deep. The aura from hell permeated the air ...

Shen ruxue, have I ever warned you that you’ll have to face the consequences if you dare to touch my girl? ” the man said coldly.

Bo Zhicheng bent over slightly, his large palm gripping the dagger tightly. He suddenly pulled it out and pressed it against Shen ruxue’s chin, lifting her pale face up!

“No... I didn’t touch her, I didn’t ...”

Shen ruxue’s voice trembled with fear. She looked at Bo Zhicheng with wide eyes, still denying it.

When she was thrown into prison, she already knew how ruthless this man was, and the bottle of poison that made Shen fengzhen mute made her realize that this master of the Bo Financial Group was a devil!

“You don’t have the final say,”

Bo Yucheng slowly opened his lips, every word seemed to be quenched in ice, and the tip of the dagger gradually pierced into her skin.

Shen ruxue felt a warm sensation on her neck.

Bright red blood flowed down the patient’s clothes and bloomed on the snow-white bed like a terrifying flower!

“I won’t kill you.” Bo Li Cheng was still holding the dagger to her neck. Although blood was flowing out, it had not touched her artery and could not harm her life.

He did not kill anyone because Shi qinglan did not like it ...

However, that did not mean that he would easily forgive Shen ruxue!

“Bo ... Master Bo ...” Shen ruxue clutched the bed sheet tightly, her eyes full of fear.

Bo Yucheng ignored her pleas and suddenly pulled out the dagger from her neck. He threw it towards her steadily, accurately, and ruthlessly stabbed it into her left shoulder!

“Ah!”

Shen ruxue’s shrill scream echoed throughout the ward.

189 I won’t allow anyone to hurt her!

This stab by Bo Li Cheng was truly ruthless.

Shen ruxue’s shoulder bone was almost pierced through, and blood was gushing out. The heart-wrenching pain was about to devour her completely, and she broke out in a cold sweat.

“Throw her back to the prison.”

Bo Li Cheng’s tone was calm and slow, as if he was talking about an ordinary matter. a theft involving tens of millions, a charity fraud case, and an attempted murder ... Is it enough to get a death sentence?”

Wen le nodded in response. as long as master Bo wants to be sentenced.

Hearing this, Shen ruxue raised her ghastly pale face, her tears and snot flowing down her face in disbelief.

She screamed, ” what right do you have to treat me like this!

“What is so good about Shi qinglan? Why are all of you protecting me like this? I just wanted her to donate her bone marrow to treat my illness. Is it my fault that she’s not willing?”

“She’s the one who should die the most ... She was the one who put me in prison, she was the one who poisoned my mother and stole everything from me! But why should I be the one to die?”

The intense pain and the fear of facing. death sentence had caused Shen ruxue to lose control of her emotions. She yelled at Shi qinglan as if she had gone crazy, venting all her dissatisfaction.

Bo Li Cheng’s expression gradually turned cold.

There was a haze in his eyes, and his brows were so gloomy that it seemed to be covered with dark clouds. you actually dare to ask me why ...

“Just because she’s Shi qinglan, just because she’s the only girl I love in my life! Anyone who provokes her should die, even if they have to trample the entire world under their feet or even destroy it ...”

“I won’t allow anyone to hurt her!”

“And you, you hurt her!”

Bo Zhicheng’s voice was cold and sonorous. Every word he said was like a knife that stabbed into Shen ruxue’s heart.

“Wen le,” His deep voice was filled with anger. I want her death sentence to be executed immediately today!

Shen ruxue felt as if her entire world had collapsed.

She was lying on her back on the bed, the blood from her neck soaking her hospital gown, the blood from her shoulder was even more sticky, and the smell of blood filled her nose, making her go crazy ...

But how could she possibly be Bo Li Cheng’s opponent?

“Hahahaha ...” Shen ruxue suddenly laughed hysterically.

She mocked everything that she had done, feeling that she was a fool who had been played by Shi qinglan!

He had been deceived by the illusion that she was acting crazy, and now he was mercilessly pushed into hell by her ...

“Take him away.” Bo Li Cheng’s cold voice was heard.

His brows were slightly furrowed, and his black eyes were filled with disgust, as if listening to her laughter would taint his ears.

Wen le immediately picked Shen ruxue up from the bed and dragged her out of the ward, sending her to the endless darkness of hell.

Bo Li Cheng’s eyes were deep as he looked at the bloodstains on the bed.

He raised his hand, and his cold white jade fingers slowly tidied his collar and sleeves. If you looked at this gentle and elegant appearance ...

No one would believe that this white and slender finger was actually stained with blood, and that this noble, elegant, and gentlemanly man had just personally announced a person’s death sentence.

"I won't let anyone who deserves to die off." Bo Yucheng's Red lips parted slightly. He took one last look at the bloodstained eyes before he calmly turned around and left the ward.

The mute Shen fengzhen would be imprisoned for life, and Shen ruxue would be executed today. These two people who had bullied and abused Shi qinglan would no longer be able to cause any trouble!

190 Bo Li Cheng, how did you get injured like this?

Ji City High School.

After the mathematics exam, the candidates left the exam hall one after another. The gauze on Shi qinglan's wound was still bleeding. Although she was answering the questions with her right hand, her left hand still had to use force to press on the paper ...

She had just left the school building and was about to go home when she suddenly heard a soft voice from behind her. hey, Shi qinglan, wait up!

Shi qinglan raised her eyebrows and turned around.

She saw song Xi looking at her arrogantly and lifting his chin slightly to point in the direction of her shoulder. what's wrong with you? "

Shi qinglan lowered her eyes and glanced at the blood on her left shoulder.

Before she could answer, song Xi said awkwardly, " don't misunderstand me. I'm not concerned about you!

"I just hope that we can have a fair competition. You're in such a state, if I win, wouldn't I be taking advantage of you?"

"Still ... Also, your injuries have nothing to do with me!"

Shi qinglan's Red lips curved slightly, and she could not help but laugh. I know it has nothing to do with you. What are you so nervous about? "

She could tell that those men of sacrifice were from country A's Crimson night Alliance.

Song Xi was at most a pampered young miss. He didn't have the intention to kill her, nor did he have the opportunity to come into contact with the Crimson night Alliance ...

I'm not nervous. I'm just afraid that you'll judge me with your petty thoughts. Song Xi rolled his eyes.

She then unzipped her bag and rummaged through the pile of things inside. She took out a few band-aids and threw them into Shi qinglan's hands. I only have these. You should hurry up and take care of them.

Shi qinglan was speechless.

She lowered her eyes and glanced at the band-aid that was not of much use.

Song Xi said unhappily, " don't fill the exam hall with the smell of blood tomorrow. It'll seriously affect my performance in the college entrance examination. If I don't get the provincial top scorer, I'll blame you for distracting me!

"You can't be the provincial top scorer. You can only blame yourself for being stupider than me." Shi qinglan slowly opened her red lips.

Song Xi opened his eyes. You don't know what's good for you!"

She could not be bothered to respond to Shi qinglan anymore. On the contrary, she felt like she was being treated coldly, so she turned around and left arrogantly.

Shi qinglan looked at her back and pouted her red lips. She shook her head helplessly and walked toward the school gate ...

Bo Li Cheng had long been waiting outside of Ying City High School.

The luxurious Maybach was parked on the side of the road. He leaned against the car, his suit and leather shoes attracted a lot of attention, but the cold air around him made people not dare to approach him ...

Until that graceful figure came into view.

"Lan Lan," Bo Li Cheng immediately rushed towards the girl.

The dark red patch on his left shoulder was reflected in his eyes, and it was so piercing that his long and narrow eyes narrowed. His eyes gradually became a little Scarlet.

He pulled the girl into his arms with his long arms, his chin touching the top of her hair. how did you get hurt like this? "

His large palm gently held the girl's arm, and the man's fingertips trembled slightly. He wanted to coax her, but he was afraid that he would hurt her if he did not control his strength well. For a moment, he did not know what to do.

"I'm fine now." Shi qinglan pretended to be relaxed.

Bo Li Cheng closed his eyes, but even with his eyes closed, the red blood still seemed to be vivid in his mind, stabbing his heart in pain, as if there was a knife pounding it ...

He opened his eyes slowly and asked in a hoarse voice, " does it hurt? "

"Oh ... A little bit?" Shi qinglan did not intend to lie.

After all, the dagger had pierced a little deep. The process of the two exams had affected the wound, and until now, the bleeding had not completely stopped. Even if he said that it didn't hurt, he would definitely be lying.

However, just as she finished speaking, Bo Yucheng suddenly placed his arms on the girl's waist and the bend of her legs. In a Princess carry, he pulled her into his arms domineeringly in front of everyone's eyes.
