221 Shi qingan, he's indeed a bastard

Shi qingxuan's thin lips pursed into a line.

His expression did not change. Grandpa, you have to follow the doctor's advice and reduce your travel. It's already tiring to fly back to the capital. If you have another heart problem, you'll have to drag LAN 'er into your surgery ...

Shi Fu's face gradually turned serious.

He raised his hand to stroke the small stubble on his chin and thought for a moment before nodding. you're right. It's very troublesome to perform surgery. I can't bear to let my precious granddaughter faint from exhaustion again ...

Shi qingan looked at the two of them with a complicated expression.

He really didn't expect his iceberg brother to be so good at lying, which was an eye-opener for him ...

then hurry and pick up Xiao LAN 'er. I'll wait for you at home.

Shi Fu finally agreed. He sat on the sofa with his walking stick and began to peel an orange in boredom.

..

Clear water Pavilion.

Shi qingxiao and Shi qingan arrived very quickly and loaded Shi qinglan's little luggage into the car. They were about to leave with her sister when they saw Bo Yucheng following them with his long legs.

"Why are you following us?" Shi qingxuan's eyes narrowed.

Bo Li Cheng casually adjusted his suit and sat in the back seat, his long arm holding the girl's waist and pulling her into his embrace.

He glanced at the two of them and said slowly, " I'm going back to the capital. Unfortunately, I'm going the same way as you.

Shi Qingqi was speechless.

He stared at the man. Although he knew that it was not as simple as just passing by, he could not find any mistakes.

After all, the Bo Financial group's roots were basically in the capital.

After all these years in Ying city, the city had long taken control of the entire family and the financial magnate. It was time to go back and take over.

"Dog Man ..." Shi Qing 'an spat.

He glared at Bo Yucheng resentfully, then pulled open the front passenger seat and got in, slamming the door loudly.

Shi Qingyun drove back to jinxin villa to pick up Shi Fu.

This was an extended SUV, a business Maybach model. The interior of the car was luxurious and spacious, more than enough to carry everyone.

Ji Lin helped Shi Fu out. Bo Yucheng then pushed the car door open and got out of the car. He took the initiative to walk over with his long and slender legs and gently held Shi Fu's arm. old master Shi.

"Aiyo, little Bo!" Shi Fu's eyes lit up and he was so happy that he couldn't close his mouth. what a coincidence, why are you also ...

Bo Li Cheng bowed slightly as he supported the old man, as if he respected the elderly and the young, but also had a graceful appearance.

His lips curled up slightly as he looked at the old man with a faint smile. it just so happens that I'm on the way back to the imperial capital. I happened to bump into young master Shi just now, so we got a ride. Old master Shi, you won't blame me for being rude, right? "

Shi Fu suddenly felt that they were fated to meet.

He smiled so widely that his eyes narrowed into a line. no, no, of course not. It's good that it's on the way. We're fated.

Bo Li Cheng retracted the dark hostility and cold light around him.

His handsome face held a warm smile as he personally helped Shi Fu into the car.

"He's indeed a bastard." Shi qingan spat out fragrant words again.

Shi qingxuan cast a cold sidelong glance at the fake wild man, a faint chill rising in his dark eyes. Just as he was about to start driving, Shi Fu suddenly jabbed his walking stick at the front row and knocked on their shoulders.

The old man mumbled, " you two Rascals, look at how polite little Bo is. He even knows to help me. Are you two planning to lay eggs by squatting in the car and not moving? "

Shi Qingqi was speechless.

He pursed his thin lips. After a while, he was about to argue when Shi Fu cut him off. you don't have to say anything. Anything you say is just an excuse. I want to play with little Bo.

"Mr. Shi, if you don't mind, I can pay you a visit and play chess with you when we return to the capital." Bo chicheng's thin lips curled up slightly.

Shi Fu immediately put away his fierce expression and turned to the man with a smile. of course not. I'll wait for you at home.

The three Shi siblings were speechless.

222 The heir of the Medical Research Institute

Ying City Airport.

Shi qinglan, Bo Zhicheng, and a group of seven people booked the first class cabin and waited in the VIP lounge to board the plane.

Shi Fu was chatting happily with Bo Zhicheng. Shi qinglan got up and went to the washroom. As she was washing her hands, she suddenly heard a surprised voice beside her. Shi qinglan, why is it you? "

Hearing this, Shi qinglan raised her eyebrows.

She lowered her head and casually wiped the water off her hands, not intending to pay attention to it, but song Xi suddenly put his face in front of her. what a coincidence, where are you going? "

"The imperial capital." Shi qinglan raised her eyes slightly.

She turned around and left the bathroom, but song Xi followed her out. I'm going to the capital too. No, I'm not like you. My house is in the capital. I'm going back to the capital.

Shi qinglan's beautiful eyes narrowed as she glanced at her.

She wasn't interested in chatting with song Xi, so she simply took out her phone and fiddled with it, pretending not to hear her.

"Why are you ignoring me?"

Song Xi kept on chattering, " what are you going to the capital for? for a vacation? then I can take you out to play. I'll treat you to the most famous pastries and roasted duck in the capital!

Shi qinglan's brows furrowed slightly. No.

It was impossible for a pampered young lady like song Xi to be willing to accompany someone she didn't like to tour the imperial capital in the middle of summer. Taking the initiative to treat her must be because she had a request.

Shi qinglan quickened her pace, her fair and slender legs glistening, and the black hair behind her shoulders was slightly raised.

"Shi qinglan, wait for me ..."

Song Xi followed her unwillingly, but he couldn't catch up to Shi qinglan's long legs. He couldn't help but feel a little angry.

She simply stopped in her tracks and did not give chase. She screamed her name at her back, " Shi qinglan! If you don't stop, I'll go to the service desk and shout through the loudspeaker!"

Shi qinglan was speechless.

The girl's beautiful eyes slanted slightly. She realized that the passengers nearby had heard the scream and were all looking at her.

She turned around. what do you want? "

Song Xi gently bit his lower lip, and then uncomfortably pursed his lips. He arrogantly and awkwardly chased after her.

that, can you get a full score ... Song Xi's voice was as small as a mosquito, and he felt a little embarrassed.

Shi qinglan's brows raised slightly. just tell me what you want.

The pride in song Xi's bones gradually withered. She was very unwilling to be under someone else, but she had to admit that she had lost.

She whispered, " I've estimated the score. I got the last multiple choice question wrong, so it's impossible to get a full score ...

"If you're the top scorer, what choice do you want? Would you choose professor Jiang boning from the medical school of Capital University?"

"Can you ... Just give me this spot."

Song Xi's voice became smaller and smaller. In the end, he gradually lost his confidence and even had to take back his words.

Why should she let others give her the spot ...

"You want to study medicine so much?" Shi qinglan's Red lips curled up slightly, and she looked at her with a half-smile. can't you choose another professor? "

Song Xi pursed his lips. After thinking for a moment, he suddenly looked up with a determined look in his eyes. I've decided to go to Imperial University's medical school since junior high. I also want to enter the country A Medical Research Institute.

"I'll show you." She suddenly took off her bag, took out a folder and a notebook, and stuffed them into Shi qinglan's arms.

Shi qinglan roughly flipped through the items.

It was very serious medical information and notes. The organ structure map, blood vessels, and nerve distribution map were all hand-drawn, exquisite and rigorous, with colorful annotations next to it.

"I really want to learn medicine." Song Xi's voice was clear.

Shi qinglan looked up at the girl. In her pride, she could see confidence and humbleness at the same time. This was probably the most contradictory look that every teenage girl would have.

He had a dream and wanted to chase it, but he was afraid that he was not worthy of it.

Shi qinglan's Red lips curled up slightly. She handed song Xi a business card. fill in the form of Imperial University Medical School first. When school starts, take this business card and look for Jiang boning. He'll accept you as a disciple.

Song Xi took the business card, still in doubt.

But when he looked down, he saw the black business card with the words 'heir of the Medical Research Institute' written in gold.

223 Young master Shi, what do you mean by this?

Song Xi's eyes suddenly widened.

She looked up at Shi qinglan in surprise, only to see the girl return the documents and notes to her without a change in expression.

"The trochlechal nerve is not drawn in the encephalon distribution map." Shi qinglan's Red lips curled up slightly, and her long, white fingers tapped song Xi's head twice. there's a string missing here.

Hearing this, song Xi blinked in confusion.

She realized that Shi qinglan seemed to have mastered this a long time ago. Her eyes suddenly lit up and she wanted to continue asking for advice, but she realized that she had already gone far away. She immediately chased after her with small steps.

"Shi qinglan, don't go! Can you teach me again? I've been drawing the blood vessels for a long time, but I still can't understand it ..."

Shi qinglan's back was slender and slender, inadvertently revealing a charming edge. With her back facing song Xi, she waved and said, " see you at the imperial capital University in September.

As soon as she finished speaking, she walked into the VIP lounge.

Song Xi couldn't continue to chase. He held the notebook tightly in his arms and the black gold business card in his fingers.

the heir of the Medical Research Institute ...

She almost screamed in excitement! "

However, she quickly realized that something was wrong.

Song Xi's little head was filled with confusion. He frowned and said, " that's strange. Where did Shi qinglan get a business card ...

..

The plane landed at the Imperial airport.

Shi qingxuan raised his hand and tidied his suit. He raised his chin slightly and looked at Bo Yucheng. His cold lips parted slightly. young master Bo, I won't be seeing you out.

As he spoke, he walked over to Shi qinglan.

His tall body blocked the girl, and he exuded a cold aura, cutting off the two of them in an extremely overbearing manner.

“Oh?” Bo Yicheng’s tone rose slightly.

His red lips curled up slightly, and his faint eyes caught Shi Fu chatting with Ji Lin, not paying attention to this side.

Hence, he walked steadily to Shi qinglan’s side. Just as he was about to pull her into his arms and take her away, Shi qingxiao raised her arm to stop him.

“Young master Shi, what do you mean by this?”

Bo Li Cheng’s dark eyes gradually turned deep and a touch of coldness flashed across the bottom of his eyes as he stared at the man.

Shi qingxuan’s face was cold and hard. When he opened his mouth indifferently, there was a hint of unquestionable authority. LAN ‘er is my sister and the daughter of the Shi financial magnate. Naturally, she has to come back with us to the Shi family to stay.

Upon hearing this, Bo Li Cheng’s long and narrow eyes narrowed.

His red lips opened slightly, with a hint of coldness hidden in them. you should ask Lan Lan who she wants to go with more.

Shi qinglan looked at the two of them with her beautiful eyes.

She had indeed forgotten to think about this question before she came to the capital. At this moment, she hesitantly pursed her red lips. I ...

However, at this moment, a sly smile appeared on Shi qingan’s lips. Suddenly, she remembered that she still had a helper. grandfather.

“You brat, what are you doing!” Shi Fu raised his walking stick.

He was happily chatting with Ji Lin, but he didn’t expect to be interrupted. When he turned his head to look at him, he blew his beard and glared.

Seeing Shi Fu walk over, the gloominess and coldness around Bo Zicheng gradually receded, and he looked at Shi Qing ‘an with extreme displeasure.

He actually knew how to make use of elder Shi ...

“If you didn’t come, Xiao LAN ‘er would have been snatched away.” Shi Qing ‘an’s lips curled up as she gave Bo Zhicheng a meaningful look.

The man pursed his lips tightly and did not say a word.

Shi Fu raised his cane and was about to hit him. what nonsense are you talking about? who dares to snatch my precious granddaughter from me? ”

Upon hearing this, Shi qinglan lowered her eyes and touched the tip of her nose uncomfortably, not daring to make a sound.

“Come, let’s go home.” Shi Fu retracted his cane.

He looked at Bo Yucheng with a smile. little Bo, I just reunited with Xiao LAN ‘er. This girl hasn’t returned home in 15 years. Did the Bo family send someone to pick you up? We won’t be sending you off.”

224 Wait for me at home tonight, remember to leave a window

Bo Li Cheng’s deep eyes were suffused with coldness.

He squinted his eyes as he carried out the ‘peace’, but he saw a smug look on his face. His lips curled up slightly as he looked at him, and there seemed to be a few words written on his face:What can you do to me?

“Little Bo?” Shi Fu looked at him in confusion.

Hearing this, the cold light in Bo Li Cheng’s dark eyes suddenly disappeared, and the coldness around him was also forcefully suppressed.

He did not dare to act presumptuously in front of Shi Fu, and it was even more impossible for him to openly propose to take Shi qinglan away. Shi qingan was usually quite a coward, but this move of his was really hard to guard against ...

“Mr. Shi, I will definitely pay you a visit another day.”

Bo Zhicheng politely nodded his head slightly. After bidding Shi Fu farewell, he glanced coldly at the two brothers and left temporarily, extremely unwilling but helpless.

He had to get back at her sooner or later ...

“Xiao LAN ‘er, let’s go.” Shi qingan’s smile was bright. He put his arm around the girl’s shoulder and hugged her, as if he was a good brother.

Shi qinglan’s Red lips were slightly pursed as she looked at Bo Li Cheng’s back as he left. She was about to send him a message to comfort him ...

However, the man’s message came in first, ” Lan Lan, wait for me at home tonight. Remember to leave a window for me.

Shi qinglan was speechless.

The Shi financial magnate's Villa was located in the luxury residential area.

A villa was hidden among the green trees, with red tiles and white walls that combined the two charms of luxury and classical. The large garden in front of the villa was extremely open and bright, lingering with a faint jasmine flower fragrance.

The exquisitely carved iron gate slowly opened ...

The luxury car drove into the park along a wide road, with carefully designed green plants and elegant fountains on both sides.

The servants and bodyguards were already waiting on both sides. They bowed respectfully and shouted in unison, " welcome home, Little Miss!

Until the luxury car stopped in front of the villa.

A few bodyguards in suits stepped out and opened the door respectfully. They bowed and put their hands on the door.

Three handsome men and beautiful women got off the car, followed by Shi Fu, who was supported by Ji Lin.

"LAN 'er, this is your home."

Shi qingxuan looked at the girl from the corner of his eyes, and his cold lips curled up slightly. do you still remember? "

Shi qinglan raised her eyes slightly and looked at the well-designed garden and the luxurious villa in front of her.

She pursed her red lips and shook her head. I don't remember.

Shi qingxuan held back the faint smile on his lips and ruffled the girl's hair. it's alright. The decorations and decorations in your bedroom have not been touched. I'll take you home to have a look.

Shi qinglan nodded gently and was welcomed home.

The interior of the villa was even more exquisite and luxurious. The marble floor was as bright as a mirror, and the bright Crystal chandeliers were beautiful and exquisite. Every detail of the house had obviously been carefully designed.

"Welcome home, Little Miss!" The servants also bowed.

The two brothers, Shi qingxun and Shi qingan, accompanied Shi qinglan on a tour of the villa. They also called over a few of the servants who were in charge of the household, so that Shi qinglan could get to know them.

“This is the young miss of the Shi family.”

Shi qingxuan’s face was cold and hard. He emphasized in a clear tone, “in the future, just do as she says. If anyone dares to disrespect her, they don’t have to do it anymore.

“Yes.” The servants who were in charge responded in unison.

They had all been carefully selected and knew what to do. They did not even have the courage to look at Shi qinglan. They only responded respectfully and left to do their work.

Shi qingqiao restrained her coldness and led the girl up to the second floor. She stood in front of a bedroom and said, “LAN ‘er, this is your room.

225 Did you really sneak in through the window?

Shi qinglan looked up at the door of the bedroom.

Inexplicably, there was a string in her heart that was gently plucked, as if it was about to push away a long-sealed memory ...

She slowly pushed the door open and walked in.

The bedroom’s decoration was mainly pink and white. The European princess bed curtain was half-covered, and all kinds of cute plush toys were placed beside the pillow. There were many photos of her on the wall.

She saw a family portrait on the desk ...

Shi qinglan walked over and gently picked up the photo frame. She saw a family of seven living happily in the house of three generations. At that time, her grandmother had not passed away, and the girl had just turned one year old.

She was cuddled in Shi Qing ‘an’s arms, her smile sweet and lovely. Her Jade-like appearance made her look like a doll.

“If you still want to see other photos from the past, I’ll get the servants to sort out the photo album.” Shi Qingyun said in a low voice.

Shi qinglan responded softly and put the photo frame back.

She really wanted to know what her childhood was like.

At the very least, it shouldn't only be the dark times when he was abused and beaten at the welfare Institute in Ying city.

no one has dared to touch the decorations and decorations in your bedroom. They only send servants to clean it regularly. If you don't like it, I'll get someone to change it.

Shi qinglan's Red lips curved up slightly. this place is great.

Even though she had long since stopped liking pink.

Shi qingan's lips curved into a bright smile. if you want my autographed poster to hang on your bed, I can prepare it for you.

Shi qinglan was speechless. There was no need for that.

Shi qingxiao cast a sidelong glance at him in disdain as well. Then, she retracted her gaze and looked at the girl tenderly. rest for a while or take a walk around. I'll call you again for dinner.

Shi qinglan nodded in response and then sent her brothers off.

..

Although it was a family dinner, it was still Shi qinglan's first meal after returning home. Hence, the dinner was sumptuous, and they even prepared chocolate mousse as dessert.

After dinner, Shi qinglan went back to her room to rest.

She strolled around the luxurious and exquisite cloakroom, picked up a silk nightdress at random, and put it on her arm as she went to the bathroom.

"Crack-"

But at this moment, a window was suddenly pushed open.

A black shadow flipped in by the window sill, and the tall figure of thin Night City immediately appeared in the pink and white bedroom.

The pink Princess bed was half-covered with gauze, but the girl's figure was nowhere to be seen. He heard the sound of water from the bathroom and saw the White fog that slowly came out.

"Ha ..." Bo Yicheng's Red lips curled up slightly, his smile containing a hint of teasing and doting.

The man raised his chin slightly, his well-defined fingers tugging at his tie. He looked at the frosted glass window of the bathroom and the slender figure swaying.

The sound of water in the bathroom weakened ...

Shi qinglan's fine black hair fell slightly behind her shoulders. She had changed into a silk nightdress, and her fair and slender legs were swaying, looking like a beauty coming out of the bath.

However, just as she walked out of the bathroom, a force suddenly came from her slender waist, and she was immediately pulled into a hot embrace.

"Lan Lan ..."

Bo Yucheng's arms were tightly wrapped around the girl, and he gently placed his chin on the top of the girl's head. He had only not seen her for half a day, but he missed her so much that he could not wait to stick to her side and not leave her.

Shi qinglan looked up at him, her charming eyes sparkling. did you really sneak in through the window? "

She had thought that Bo Li Cheng was just joking with her.

However, the man replied in a low and hoarse voice, " yes.

226 As long as you don't say anything, you won't be found out

Shi qinglan's Red lips curled up slightly, and her charming eyes looked a little helpless. In response, she wrapped her arms around the man's thin waist.

However, Bo Yucheng suddenly picked her up by the waist and threw her on the bed in a Princess carry. Then, he leaned over and pressed down on her domineeringly. did you miss me, huh? "

He gently rubbed the tip of the girl's nose.

The distance between them was so close that they could even exchange breaths. The man rubbed against her gently, both tormenting and clingy. His deep and hoarse voice added a bit of enchantment.

"I don't want to." Shi qinglan smiled faintly.

She wasn't that pretentious. They had just met during the day.

There was a hint of hidden bitterness in Bo Yucheng's deep black eyes. He supported himself with one arm by the girl's side and lifted her chin with the other hand. He asked in a hoarse voice, "you don't want to, huh?"

Hearing this, Shi qinglan's eyes flickered.

She pursed her red lips and held the man's wrist. don't mess around.

As she spoke, she turned to look at the tightly shut bedroom door, afraid that Shi qingqiao or someone else would suddenly barge in.

She did not remember if she had locked the door ...

"Alright," he said. Bo Li Cheng chuckled.

He leaned over and pecked the girl's eyebrows. He didn't dare to do anything else. After all, he couldn't do anything more presumptuous here. Teasing the girl was actually torturing himself.

However, he still wrapped his arms around the girl's waist and pressed his lips against her ear. I want to stay tonight.

Shi qinglan's heartstrings were gently tugged.

She couldn't stand men's enchantment the most, but her rationality was reminding her that this was no longer the qinglan waterside Pavilion, but the private residence of the Shi financial magnate. Her brother and grandfather were both here ...

"No, you have to leave in a while." Shi qinglan rejected him without hesitation. what if they find out? "

Bo Li Cheng's dark eyes deepened.

Since he dared to break into the Shi financial magnate's Villa, he had long been fully prepared. After all, there was no place in the world that the boss of continent s couldn't break into. Not only could he break into ...

Moreover, he could even disappear without a trace and charge in without restraint!

"I won't," Bo Yicheng tightened his arms around the girl's waist. as long as you don't say anything, you won't be found out.

Shi qinglan's eyelashes fluttered.

Seeing that the girl seemed to be wavering, Bo Zhicheng cupped her face in his hands, his fingers gently caressing her delicate skin. I will leave before Shi qingyao and the rest find out tomorrow morning.

Shi qinglan was defeated in the end.

She bit her red lips lightly. then don't do anything more outrageous. Leave as soon as possible before dawn tomorrow.

"Alright," he said. Bo chicheng's Red lips curved up slightly.

After getting Shi qinglan's permission, he carried the girl and snuggled under the covers. He hugged her and kissed her for a while until the girl's eyes were dazed before he let her go.

His voice was slightly hoarse, and he was reluctant to part with her. Lan Lan, when can you come back to the qinglan waterside Pavilion with me? "

Although it was only natural for Shi qinglan to return to the Shi family.

Moreover, the girl had lacked familial love since she was young, so it was naturally excellent for her to be able to live with her brother and grandfather for a period of time. Bo Li Cheng did not dare to have any objections to this, but he still yearned for her deeply.

Shi qinglan shook her head, " I don't know ...

"Du du du!" There was a sudden knock on the bedroom door.

The girl's voice stopped abruptly, and a hint of vigilance flashed across her clear and charming eyes. Then, she heard Shi qingqiao's voice from outside. LAN 'er, are you asleep? "

Shi qinglan looked up at the man on top of her.

She couldn't help but hold her breath, and even her heart couldn't help but race. She wanted to remain silent and pretend to be asleep ...

However, she heard Shi qingxuan say in a deep voice, " I saw that the light in your bedroom was still on. I'm here to bring you a cup of hot milk. You'll sleep better after drinking it. Open the door, okay? "

227 Shi Qingqi, what's that sound?

Bo Li Cheng's dark eyes gradually turned deep.

He squinted his long and narrow eyes slightly, and those black eyes that were like paint had a hint of resentment as he looked down at the girl under him.

shush-" Shi qinglan placed a finger on her lips.

Bo Yicheng's Red lips curled up slightly. Although he no longer made any noise, the arm around the girl's waist was restless. While she was unable to make a sound to protest, he wantonly stirred up her nightdress.

Shi qinglan's beautiful eyes were filled with anger.

Just as she was about to use her lips to warn the man, she heard another knock on the door. knock, knock, knock ... LAN 'er? "

Hearing that, Shi qinglan's heart tightened.

She pulled Bo qicheng down from her body, placed her hand on the top of his head, and pressed him down mercilessly into the blanket. Then, she pulled the corner of the blanket and covered him tightly.

"Brother, I'm not asleep yet." Shi qinglan's Red lips parted.

As she said this, she threw the pillow and the big furry bear beside her onto Bo Li Cheng and patted him twice.

Shi qingxuan said in a deep voice, " then brother will come in.

As soon as she finished speaking, the bedroom door was pushed open. Shi Qingyun had probably just finished showering. He was wrapped in a loose bathrobe, his hair slightly wet, and he walked in with a glass of milk in his hands.

"I'm worried that you won't be able to sleep well if you don't know the bed, so I'm here to bring you a cup of hot milk." Shi qingxiao passed the glass of milk to the girl and ran her fingers through her hair. are you used to living here? "

Shi qinglan's Red lips curved slightly. it's pretty good.

She took the cup of warm milk and took a sip. However, she suddenly felt a slight chill at her waist, which made her turn her waist and almost spilled the milk.

Bo Yucheng was hiding under the girl's blanket, acting unscrupulously just because Shi qingqiao could not see him.

Shi qingshang's brows furrowed slightly. not to your taste? "

Shi qinglan pursed her red lips and moved the glass of milk to the side without a trace. She put on a relaxed smile and said, " it's not that it's not to your liking. The temperature and sweetness are just right.

But just as she dodged to the side, Bo Li Cheng shamelessly pressed himself against her. He pressed his head against the side of the girl's waist, rubbing it gently like a spoiled child, very nauseating.

Shi qinglan's smile froze for a moment. She held the cup of hot milk with one hand and lowered her eyes to sip on it, while her other hand slipped under the blanket. She searched around and found Bo Yucheng's ear, then pulled it.

hiss ... the man groaned in a low voice.

what's that sound? " Shi qingxiao raised her brows in alarm.

Shi qinglan immediately reached out to cover Bo Zhicheng's lips, smiling sweetly. the wind? Big brother must have heard wrong."

"Is that so?" A hint of suspicion appeared in Shi qingxuan's eyes.

Bo chicheng's lips were covered by the girl. As he breathed, his hot breath inadvertently sprayed on those soft and white fingers.

He kissed her palm, and Shi qinglan immediately pulled her hand back. She realized that if she did not ask Shi qingyao to leave now, she would be exposed. brother, are you still not going to sleep? "

Shi qingxuan's eyes were deep as he sized up the girl.

Her gaze swept past the pillow and plush toys beside her. During that period of time, Shi qinglan nervously rubbed the glass with her fingers. brother? "

"You should rest early too." yes! Shi qingqiao replied in a deep voice.

Although he felt that it was a little unusual, he couldn't pull up his sister's quilt to see what was going on. He could only let go of this clue for the time being and turned to leave the bedroom.

Shi qinglan heaved a sigh of relief.

"Thin mist city!" She gritted her teeth and called out the man's name in a low voice. When she opened her eyes and looked at him, she was angry from embarrassment.

228 What's that on your neck?

Bo chicheng used one arm to prop himself up from the bed, lifted the blanket, and sat up.

He curled his lips and wrapped his arms around the girl's waist. He moved closer to her and asked, " Lan Lan, why did you call me? "

Shi qinglan's eyes widened.

She looked at the man a little angrily. Suddenly, she grabbed his wrist and threw it away, pulling his Wolf claws out of her nightdress.

"If you keep touching me, you'll go back to sleep!"

The girl's voice was slightly hushed. She glanced at the man as a warning, then pulled the blanket aside and slid into the bed. She turned over in a fit of pique and turned her back to the man in embarrassment and anger.

Bo Li Cheng's low and hoarse laughter was extremely magnetic.

He quickly turned to the other side of the girl and trapped her in his arms. He gently pressed her forehead and pecked her lips. go to sleep. I won't disturb you anymore.

Shi qinglan's Red lips twitched slightly. She lifted her leg and pressed it against the man's body. She rubbed her head against his chest and closed her eyes to sleep.

Bo Yucheng pecked her between her brows again greedily, then slowly down to the tip of her nose, her cheeks ...

"I'm sleeping!" Shi qinglan suddenly reached out and covered his lips.

The man pecked her palm, then wrapped his large palm around her small hand. He finally did not dare to continue being presumptuous.

..

The next morning, dongxi arrived.

Bo Yucheng gradually woke up and lowered his eyes to look at the girl sleeping soundly in his arms. He could even smell the faint cherry blossom fragrance lingering around her and sense her light breathing.

The man's eyes were filled with adoration. He gently held her face with his big palm and leaned in slightly to kiss the girl's lips, but just a light kiss was not enough to satisfy him

...

However, he was afraid of waking the girl up, so Bo Li Cheng's eyes moved down, and when he looked at her fair neck, his dark eyes gradually became deep.

He lowered his head and left a small fruit on her fair skin, then lifted the quilt and quietly jumped out of the window.

"Oh ..."

Shi qinglan gradually woke up. She rubbed her drowsy eyes, only to realize that the man had already left when she opened them.

There was still some warmth on her side, and the blanket was filled with his unique cold fragrance, making her red lips curve up slightly.

"Du, du, du-"

Just then, someone knocked on the bedroom door.

The helper's voice was respectful and careful. Little Miss, may I ask if you're awake? breakfast is ready.

"I'm coming." Shi qinglan lifted the blanket and got out of bed.

After washing up and changing her clothes, she went downstairs for breakfast. The Shi family enjoyed breakfast in the glass flower Hall. They had prepared a Chinese and Western breakfast each and could even bathe in the sun.

Shi Fu looked at the girl with a kind smile. Xiao LAN 'er, did you get used to staying at home last night? "

"It's pretty good." Shi qinglan's Red lips curved slightly.

Shi Fu nodded his head in relief. that's good, that's good. If there's anything you don't like, just tell your two brothers.

"Grandpa, don't worry." Shi qingxuan said in a deep voice, " I will take good care of LAN 'er. I will not let her suffer.

Shi qingan also rubbed her eyes and nodded.

Shi qingxuan turned to look at the girl. are you used to a Chinese or Western breakfast? coffee or milk? "

"I'm fine with anything." Shi qinglan pursed her lips and looked at the variety of exquisite breakfast. but I don't drink coffee.

Alcohol and coffee were her nemesis.

Shi qingxiao placed the hot milk in front of her and noticed Shi qinglan's neck from the corner of her eyes.

"LAN 'er, what's going on with your neck?" His long and narrow eyes narrowed, and there was some vigilance in his dark eyes.

229 Shi qingxiao, it's time to teach him a lesson

Shi qinglan's eyes flashed with confusion.

She raised her hand to touch her neck and didn't notice anything unusual, so she took out her phone and opened the camera function to take a look. She found a strawberry on her white skin!

"Eh?" Shi Fu also took a closer look.

Shi qinglan's beautiful eyes flickered slightly. She recalled how Bo Zhicheng had sneaked into her bedroom last night, and could not help but feel a little guilty.

She pursed her red lips, not knowing how to explain herself. Shi Fu, however, huffed and puffed. there are many mosquitoes in summer, so I picked the most juicy ones. Look at what my precious granddaughter got bitten by!

Shi qinglan was speechless.

Her beautiful eyes were slightly bright as if there were stars shining in them. She looked at the old man with a sweet smile. I was thinking I heard the sound of mosquitoes last night. If it wasn't for brother's reminder, I wouldn't have noticed.

The girl lowered her eyes and took a small sip of the hot milk.

There was a smile on her lips, and her delicate eyes were clear and bright. There was no flaw in her expression.

"Is that so?" Shi qingxuan's eyes were deep as he sized up the girl.

His eyes were locked on the strawberry. He felt that it didn't look like a mosquito bite, and then he thought of the movement he heard last night ...

A chill gradually rose around his body as he understood in his heart.

"Then, it's time to take care of these mosquitoes." Shi qinggang's voice was cold. He clenched the porcelain cup of coffee in his large hand, and the veins on the back of his hand were clearly visible.

Shi qingan looked at his cold-looking brother in confusion.

His sister being bitten by a mosquito could also make him this angry ...

it should be tidied up. Today, let the servants prepare some insect repellent at home. Shi Fu did not know that Shi qingxun was going to deal with someone else and not just the mosquitoes.

The girl buried her head in the tuna sandwich, as if she was sitting on pins and needles.

by the way, Xiao LAN 'er, your parents will be back soon.

Shi Fu looked at the girl with a kind smile. Grandpa is planning to hold a Grand family recognition banquet and invite all the famous people in the capital to introduce you to them. What do you think? "

"I don't have any objections. I'll listen to Grandpa."

Shi qinglan's heartstrings had been jumbled up by this little interlude, and she was still in a daze because of the strawberry incident, so she responded softly.

"Good, good, good." Shi Fu laughed heartily. ah Zhen, I'll leave this matter to you. I have to let everyone in the imperial capital come and get to know our little princess.

"Don't worry, Grandpa." yes! Shi qingqiao replied in a deep voice.

Shi qinglan was not in the mood to listen to their conversation. After finishing the last bite of her sandwich, she made up an excuse and went back to her room with the milk, looking like she was running away.

..

Shi qinglan received a call after she returned to her bedroom.

Nan zhiyue had just landed at the Imperial airport. She was wearing a fiery red dress and sunglasses that covered half of her delicate face. She raised her hand to block the summer sun and waited for the company's car to pick her up ...

"Little baby, I'm going back to the capital." She smiled.

Because Nan jiyue couldn't persuade her own artiste to start business, she had gone to country A to take refuge some time ago. Now, she finally had the courage to come back.

Shi qinglan raised her eyebrows. and then? "

Nan zhiyue's Red lips curved up slightly. When she saw the car that starry sky Entertainment had sent to pick her up, she sat in it directly.

"You promised me that you'd do business. You won't go back on your word, right?" Her tone was also somewhat threatening.

It seemed that if Shi qinglan dared to say no ...

She would immediately expose the one drop collapse incident!

"I won't." Shi qinglan's Red lips curved into a smile. you have an appointment? "

Nan xiyue took off her glasses and casually hung them on her collar. Then she lazily leaned against the comfortable nanny van. yes.

Vogue has invited you to be the cover of their magazine. I've agreed on your behalf.

She smiled slyly at the thought of working with her idol. but we're shooting a couple photo this time, so we'd like to arrange for you to meet with the male star. Do you need me to pick you up in two hours? "

Hearing this, Shi qinglan's beautiful eyes rippled.

"You're open for business today?" She smiled faintly. my dear manager, you're so afraid that I'll run away.

Nan zhiyue pouted her red lips and didn't comment.

Shi qinglan's lips curled into a smile. Her eyes were filled with helplessness and indulgence. you don't have to pick me up. Just send me the address. I'll go there myself later.

Nan zhiyue was so excited that she almost screamed.

230 Shi qingan, do I know you very well?

Shi qinglan received the agreed address.

She sat in front of the dressing mirror and put on her exquisite makeup. She lightly drew her eyebrows and put on some red lips. Her charming eyes were slightly hooked with eyeliner, and the zhusha mole at the corner of her eye made her look even more seductive.

Qingyue had always appeared mature and charming.

Shi qinglan used a hair curl stick to style her hair. Her soft, seaweed-like black hair fell behind her shoulders, and the ends of her hair were slightly curled.

Then, she put on her sexy and charming black dress. Her fair and slender legs swayed under the irregular skirt. She was so beautiful that she could shake the world.

She picked up a Porsche from the garage and drove to the address that Nan jiyue had given her ...

At the triangular Light Studio.

Shi qinglan put on her mask in advance, handed the car keys to the security guard to help park the car, and strode into the studio with her slender legs.

“My dear little baby ~”

Nan zhiyue called her in a sweet voice and gave her a warm hug. I almost thought you were going to stand me up.

Shi qinglan’s eyes were filled with obvious disdain.

who’s the male star who’s going to shoot Vogue with me? ” she asked.

When she mentioned her idol, Nan zhiyue’s Red lips curved up slightly.

She blinked her eyes and threw a flirtatious look at the girl, then put her arm around the girl’s shoulder. you’ll know when he comes.

Shi qinglan’s beautiful eyes narrowed slightly. Seeing Nan jiyue’s mysterious look, she guessed that she was probably her fan’s idol again. Otherwise, how could she be so enthusiastic about a small shoot?

At the same time, Shi qingan had also arrived at the triangular film set.

He removed his sunglasses and frowned unwillingly. even if I were to come, I would never agree to work with qingyue!

Yu tugged at the corner of his shirt lightly. big brother an, even if you want to reject me, you should at least greet me personally. After all, she’s a diva with fans all over the world. I really can’t afford to offend her ...

Shi qingan glanced at him in disdain.

He pursed his lips impatiently and was about to walk into the studio when he suddenly noticed a red Porsche in the parking lot, so he stopped.

"Why do I feel that ... This car looks a little familiar." Shi qingan's clear eyes flashed with a trace of doubt.

Yu followed his gaze and said, " many female celebrities in the industry buy this car. Maybe qingyue likes a Porsche too.

Shi Qing 'an nodded slightly, deep in thought.

He gently rubbed his chin and looked at the car plate number with a deep gaze. He also felt that it seemed a little familiar ...

However, there were too many cars in the garage, and he didn't know how to drive a feminine Porsche. He couldn't remember the license plate number of every car, so he didn't remember it in the end.

"An bro, let's go in." Yu said in a low voice, " if you really want to refuse, you must have a better attitude ...

He was really afraid that qingyue's fans would tear him apart.

Shi Qing 'an gave a perfunctory reply and walked into the studio.

Shi qinglan and Nan zhiyue were chatting happily when they saw Shi qingan enter. Nan zhiyue immediately stood up. Shi yingdi!

Hearing this, Shi qinglan raised her eyebrows slightly.

She stood up and turned to see Shi qingan walking over with his long legs. Her expression froze for a moment. She didn't expect her partner to be her own brother.

"Shi yingdi, what a coincidence." The girl's Red lips curled up slightly, and her sweet smile had a deeper meaning to it.

Shi Qing 'an furrowed his brows. I'm very close to you ... Was it?

He looked up nonchalantly as he spoke, but before he could finish his sentence, his eyes met with a pair of charming and exquisite eyes. He was stunned!
