

Heart Stealer Young Master Bo #Chapter 241 - Read Heart Stealer Young Master Bo Chapter 241

241 She was the only one worthy of master Bo

The an family in the imperial capital.

Old master an was furious. He clutched his walking stick tightly and his entire body trembled with anger. Even his gray beard trembled faintly. nonsense!

His steady and angry voice resounded through the entire villa.

He had already fallen asleep, but he didn't expect to receive a call from Bo Zhicheng in the middle of the night. The other party's warning and warning made him so angry that he immediately jumped out of bed.

An mu bit her lips tightly. She stood in front of her grandfather with her head down, and tears were rolling in her eyes.

She sobbed, " Grandpa, I'm not messing around ...

The Butler stood beside her and reminded her in a low voice not to talk back, but an mu was unwilling and ungrateful.

"You call this not messing around?"

Old master an slammed his walking stick against the floor in anger. His deep voice was powerful. do you have to make the an family go bankrupt before you realize your mistake? "

Upon hearing this, an mu's tears fell instantly.

I'm not the one who wants the an family to go bankrupt, " she mumbled. if it wasn't for that mistress, why would big brother Cheng vent his anger on us? "

"You shut up!" Old master an was trembling with anger.

The Butler immediately walked to his side and tried to calm him down. He helped him to a chair.

Old master an's chest heaved up and down violently, clearly not appeased. go and apologize to master Bo properly!

"Why should I apologize?" An mu looked up.

Her eyes widened in shock as she looked at the old man. Grandpa, you said before that you wanted me to marry big brother Cheng! Then of course I'm her fiancée. Did I do anything wrong?"

It was clearly that woman who seduced him ...

Why should she, his fiancée, apologize?

"In the past, you already said it was in the past!" Old master an glared at him. with the Bo Financial group's current status in the capital, do you think our small an family is worthy of master Bo? "

He was indeed on good terms with old master Bo.

Therefore, when the two children were still young, the two elders would occasionally joke about them being married in the future, but there was never a so-called marriage contract.

Who knew that an mu actually took it seriously ...

"But ..." An mu sobbed unwillingly.

Old master an interrupted sternly, " there's no 'but'.

At the end of the day, she was still old master an's beloved granddaughter. No matter how angry he was, he could not bear to see her like this.

The old man took a deep breath. our an family is not worthy of the Bo financial magnate. Even if you want master Bo to marry you, he must really like you and take the initiative to propose this.

but master Bo already has someone by his side. Don't be delusional. Grandpa will help you find a better one in the future.

Upon hearing this, tears instantly blurred an mu's vision.

She clenched her fists tightly and looked up at the old man unwillingly, her eyes full of pleading, " but I only like brother Cheng ... There's no other man better than him in the entire imperial capital."

Old master an's expression was solemn. Even though he was moved, he could not allow his granddaughter to interfere in other people's feelings.

His voice was deep and cold. don't mention this matter again. Go and apologize to master Bo personally tomorrow morning.

An mu saw that it was useless to beg her grandfather ...

“Grandpa, you’ve changed. You don’t love me anymore!” She stomped her feet in anger, turned around, and ran upstairs to her room.

Didn’t she go to brother Cheng’s house personally to apologize?

She would go, but they were childhood sweethearts, and big brother Cheng would definitely not have the heart to treat her so cruelly!

Even if the an family wasn’t worthy of the Bo family, there wasn’t a second family that could compare to the Bo family and had. girl in their family. Even the daughter of the Shi family had disappeared ...

In the entire Imperial City, she was the only one who was worthy of master Bo!

242 I already want to marry someone, it’s her, not you

Clear water Pavilion.

The warm sunlight shone through the window into the bedroom, wrapping the two of them in a warm embrace.

Shi qinglan was sound asleep in the man’s arms. Her head was gently pressed against his warm and firm chest, and her hands were unconsciously clenched into empty fists by the pillow. The drunken pink on her face had faded, and her skin was as smooth as snow, like a doll ...

Bo Yicheng lowered his gaze to look at the girl, his lips unconsciously curved up a little. He gently pushed aside the stray hair covering her face, leaned closer, and gently planted a kiss between her eyebrows.

“Good Morning, Lan Lan,” His voice was low and hoarse.

He didn’t have any intention of waking the girl up. He just admired her peaceful sleeping face and couldn’t get tired of it.

But at this moment ...

Suddenly, an ear-piercing voice came from outside the villa, ” big brother Cheng! Big brother Cheng, are you up?”

Hearing this, Bo Li Cheng’s brows furrowed tightly.

He covered the girl’s ear with his large palm, afraid that the sound would wake her up. There was a little frustration between his brows.

“Big brother Cheng! I am your Mumu ... Quickly help me open the door!” An mu was shouting outside the villa.

Bo Yucheng didn't have any intention of acknowledging her, but the girl in his arms seemed to have woken up. little. She rubbed against his chest coquettishly and mumbled. ” MMM ...

An mu almost woke the girl up.

The man's dark eyes were a little cold. He immediately got out of bed lightly, tucked the girl in, and quickly changed his clothes before striding out of the villa.

“Big brother Cheng, Cheng ...”

“Shut up,” he said. Bo Li Cheng suddenly shouted coldly.

An mu still wanted to call him, but the door of the villa was suddenly opened. The man's dark eyes were staring at him, and he was a little annoyed.

She suddenly broke into a smile. big brother Cheng, I knew you would open the door for me. Aren't you going to let me in? ”

Bo Li Cheng's cold eyes swept past her.

He did not want to have anything to do with an mu, so he said in a low voice, ” I've asked your grandfather to pass on the message. If you continue to make a fuss outside, I'll call the bodyguards to throw you out.

If it wasn't for the fact that she would wake Shi qinglan up if she continued to shout, he had no intention of coming out to talk to her.

An mu looked up at him in surprise, and her clear eyes were filled with disbelief. brother Cheng, I've been looking forward to your return to the capital. How can you ...

“Don't call me that again.” Bo Li Cheng's voice was deep and cold. if my fiancée hears this, she will be jealous.

Upon hearing this, an mu's heart broke into pieces.

Her eyes turned red instantly. Big brother Cheng, I'm your fiancée ... Mumu is your fiancée, how can you find another woman?”

Bo Zhicheng's brows furrowed slightly.

He pursed his thin lips. an mu, the Bo financial magnate and the an family have never had any engagement, and I'm not familiar with you.

if I've caused you any misunderstanding in the past, I'll explain it to you now-I already have the only woman I want to marry in my life. It's her, not you.

An mu's body swayed unsteadily.

Her tears fell instantly, and her eyes were red from crying like a rabbit. No... Big brother Cheng, you must've been tricked by her, one look and I can tell she's not a good woman!"

Upon hearing this, Bo Li Cheng's long and narrow eyes narrowed.

His dark eyes were cold as he stared at an mu. if you say one more word, don't blame me for not taking into account the relationship between your grandfather and my grandfather.

"Big brother Cheng ..."

I'll give you ten more seconds. Do you want to leave by yourself or do you want me to order my bodyguards to throw you out? " Bo chicheng's cold lips parted slightly.

243 Where did you throw my clothes from last night?

An mu came with excitement and joy, but she did not expect such a result.

She bit her lip, still unwilling to give up. brother Cheng, who is that woman?! You met him in Ying city, didn't you?"

"I ... I can understand that I couldn't be by your side when you weren't in the capital. You might have just been lonely and found a random woman to play with."

"It's okay, I forgive you! As long as you break up with her now, we can still have an engagement ..."

Bo chicheng's brows furrowed even more.

An mu's words had obviously touched his bottom line, and the coldness around him instantly overwhelmed him.

He narrowed his long and narrow eyes, and a cold light suddenly appeared. an mu, do you really think I don't dare to touch you? "

"Big brother Cheng ..." An mu bit her lip.

She lowered her eyes slightly and looked very aggrieved with tears flowing. She sniffed and was about to say something ...

However, she suddenly heard a sweet voice from upstairs. ah-Cheng, where did you throw my clothes last night? ”

An mu’s eyes widened in shock.

Shi qinglan was wearing a silk nightdress, rubbing her slightly fluffy hair drowsily. She was lying lazily on the railing of the second floor, looking down ...

ah ... an mu screamed in disbelief.

Shi qinglan’s brows furrowed slightly. It was only when she heard the piercing scream that she realized that there was a woman in the house.

She leaned against the railing on the second floor and lowered her eyes to recognize that it was an mu, who claimed to be Bo chicheng’s fiancée yesterday. Her red lips could not help but curve up slightly. ah, I’ve been caught. |He’s been adulterated.”

The girl’s voice had a hint of a coquettish smile.

“Y-y-you ...” An mu stomped her feet in exasperation.

She would never have thought that this woman would stay here last night, and even sleep with her big brother Cheng!

“You ... You’re shameless!” She squeezed out this sentence after a long time.

Upon hearing this, Shi qinglan’s eyes twitched.

She turned around and returned to her room. She casually took out a thin and thin suit jacket from the closet and put it on before she went downstairs.

Her fair and slender legs swayed gently under her nightgown, and she exuded a lazy charm that had just woken up.

Shi qinglan smiled. you must be joking, Ms. An. My face is so beautiful, how could I possibly not want it? ”

An mu was so angry that she did not know what to say.

Especially when she saw the silk nightdress on Shi qinglan’s body. It was so sexy that she didn’t even need to think to know that it was used to seduce men!

“Big brother Cheng, how could you choose this kind of woman! One look and you could tell that she was the kind of dirty prostitute who didn’t know how to hook up even when she was in brothels.|How many people have you attracted?”

even if I, an mu, am not worthy, I have to be the daughter of the Shi financial magnate to be worthy of brother Cheng. How can I be a dirty girl from ning city ...

“Pa!” A crisp sound of a slap was heard.

Shi qinglan smiled sweetly, but there was a hint of coldness in the depths of her smile. She raised her hand and slapped an mu’s face.

“You ...” An mu covered her face in disbelief.

She glared at Shi qinglan in anger. you ... Do you know who I am? You actually dare to hit me!”

Hearing this, Shi qinglan lowered her eyes and smiled indifferently.

She caressed the palm of her hand that she had just slapped, feeling a burning pain. Ms. An, your mouth is too dirty. If you had been more respectful, you wouldn’t have to suffer this slap.

“Big brother Cheng, look at her!” An mu was so angry that she almost fainted.

244 Bo Zhicheng, I only have you in my life

Bo Zhicheng’s brows furrowed slightly. He tilted his head slightly to look at Shi qinglan, and there was a slightly displeased look on his face.

Just when an mu thought that he was going to teach her a lesson, she saw the man holding the girl’s hand and gently rubbing her palm with his fingertips. how can you hit someone yourself? does it hurt? ”

Shi qinglan looked at the man with a sweet smile.

A sly look flashed in her eyes as she looked up and said, ” it hurts so much. I need ah Cheng to blow on it.

Her words gave her goosebumps.

She secretly gasped in her heart, but when she saw an mu’s pale face from the corner of her eye, she felt much better.

“Alright,” he said. Bo Yucheng could naturally tell that the girl was doing it on purpose.

He chuckled helplessly but indulgently, but he still cooperated with her performance, lowering his head to blow on her palm ...

“You ... You guys!” An mu was really angry.

She couldn't bear to see this woman's seduction methods. She stomped her feet and ran out of the villa in anger.

Shi Qinglan's eyes wandered, and she saw that an mu had run away in anger, so she immediately withdrew her hand from the man's big palm.

Bo Yicheng's Red lips curled up slightly. you don't want ah Cheng to brag again? ”

“F * ck.” Shi Qinglan touched her arm and felt a chill when she thought of her own behavior just now.

The girl's beautiful eyes narrowed. you explained it clearly to her? ”

“Yes.” Bo Yucheng wrapped his arms around the girl's slender waist and suddenly pulled her into his arms with a little force.

Shi Qinglan was caught off guard and fell forward, pressing against the man's hot chest. what are you doing ...

“Lan Lan,” Bo Li Cheng lowered his head and touched her forehead.

His voice was low and hoarse, yet full of enchantment. have you forgotten everything I explained to you last night? ”

Hearing this, Shi Qinglan could not help but frown.

Her beautiful eyes blinked as she recalled what happened last night. She only felt a splitting headache and could not remember anything ...

The girl pursed her red lips and refused to admit it, but Bo Li Cheng suddenly pinched her chin and gently lifted her face.

The man's dark eyes looked at her deeply, full of affection and seriousness. Shi Qinglan, I, Bo Zhicheng, don't have any other fiancée, nor do I have any other woman by my side. I only have you in my life.

Shi Qinglan's long and curled eyelashes fluttered.

She lowered her eyes a little uncomfortably, embarrassed and annoyed by Bo Yucheng's sudden confession.

“Zhi ... I know.” The girl replied in a low voice.

Shi Qinglan was so embarrassed that she wanted to push the man away and run away, but Bo Yucheng's arm around her waist gradually tightened, and suddenly, he lifted her up in a Princess carry.

ah! Shi qinglan immediately wrapped her arms around his neck.

Her eyes were a little flustered. you ... What are you doing ...”

Bo Yucheng placed the girl on the soft sofa, then leaned over and cupped her face with his large palm.

The man’s Red lips curled up slightly, and his eyes lingered on her porcelain-like skin before finally landing on the girl’s pink and glossy lips ...

“You.” Bo chicheng’s voice was hoarse and serene.

He gently lifted Shi qinglan’s chin and slowly lowered his head.

The girl’s heart fluttered. She slowly closed her eyes. The two of them exchanged breaths and the temperature gradually rose ...

At this moment, a sudden ringtone broke the good atmosphere. ring-”

Bo Yicheng’s movements paused, his brows slightly furrowed.

He glanced at the phone that had fallen on the sofa from the corner of his eye and picked up the phone with a cold expression. what’s the matter? ”

Shi qingxiao’s deep and cold voice could be heard. when are you sending LAN ‘er back to the Shi family? her parents are back.

—

On the last day before it’s released, please give me the recommendation votes, please, please ~

245 Are you sure you really found LAN ‘er?

Bo Li Cheng’s long and narrow eyes narrowed.

The coldness between his brows showed his dissatisfaction at being interrupted. However, the return of his in-laws made him temporarily suppress the chill around him ...

“I know. I’ll send her back as soon as possible.” yes, ” Bo Yucheng replied in a deep voice, then hung up the phone.

Shi qinglan wrapped her arms around the man’s neck. She raised her head slightly and rubbed the tip of her nose against him. what’s wrong? ” she asked.

Bo Li Cheng's large palm gently caressed the girl's cheek.

He looked at her with a deep gaze and chuckled. your parents are back. They're waiting for you at home.

Hearing this, Shi qinglan's beautiful eyes blinked.

She pursed her red lips and couldn't tell what she was feeling. She only felt that there seemed to be waves in her heart, which was very wonderful ...

It was probably because he never knew what parents were.

"I'll send you home." Bo Yicheng's Red lips curled up slightly, and he rubbed the girl's soft hair affectionately.

He was about to get up, but Shi qinglan suddenly lifted her body slightly and gave him a cunning Peck on the lips.

He felt a warm and soft touch on his thin lips ...

Bo Yicheng's arm was propped on the sofa, and he slowly leaned over, his slightly narrowed eyes threatening. playing with fire? "

"I don't dare, I don't dare." Shi qinglan smiled sweetly.

However, the man who was being teased did not intend to listen to her explanation. He directly pinched her chin and lifted it up, then lowered his head and sealed his lips domineeringly.

" .. "

Shi qinglan's charming eyes were filled with tears, and her lips were red and tender. The girl slowly opened her eyes.

Her fingers gently touched her lips, as if she was a little disgusted, but her red lips still curved slightly. |Oh."

Bo Yucheng chuckled and finally stopped bullying her.

The two of them went back to the bedroom to change their clothes. Even the man was careful in his selection. He hesitated among a few sets of high-end custom-made black suits and even took some time to pick out a tie ...

While Shi qinglan was changing her clothes, she also secretly carried many exquisite gift boxes and put them in the car.

..

The black Maybach slowly came to a stop on the Yun Shui road. Shi qinglan sat in the front passenger seat, looking at the Midsummer scenery along the road.

The girl's palms were sweating unconsciously.

Thinking about how she was about to meet her biological parents who had been separated from her for fifteen years, her heart could not help but beat faster. She was filled with anticipation and nervousness ... He even felt a little lost.

"Don't be nervous." Bo Li Cheng wrapped his large palm around her small hand.

Sensing the cold sweat on the girl's palm, the man's well-defined fingers slid between her fingers and their fingers were gently intertwined.

His voice was deep and clear. I've heard of uncle and Auntie. Your father was a genius in the medical field when he was young, and your mother was a famous movie Queen. They were excellent and loved you very much.

"Yes." Shi qinglan pursed her red lips.

After she found out about her identity, she had specially used the intelligence network of the pure world Pavilion to gain a rough understanding of the entire Shi Financial Group. They were a warm and large family without any open and secret struggles.

Bo Zhicheng cupped the girl's face with his large palm. if you find that you can't accept them when you get home, I'll bring you back to qinglan waterside Pavilion. I'll take care of you, okay? "

Upon hearing this, Shi qinglan's Red lips curved up slightly.

Her beautiful eyes flickered slightly, and there was a little confidence in her charming eyes. it's not certain who will take care of who.

As soon as she finished speaking, she opened the car door and pushed it open.

A long and fair leg stepped out of the car. The girl suddenly thought of something and looked at the man. you're dressed so formally. Are you planning to go home with me? "

Bo Yucheng's low, hoarse, and sexy laughter slowly flowed into the girl's ears. you go back first. I'll go in later.

If they returned together, they would definitely be suspected.

However, if he was a little late, he would just be fulfilling his promise and visiting his parents-in-law who had just returned to the country.

“And you said I’m a Vixen.” Shi qinglan’s Red lips twitched. you’re the refined scum ...

She slightly raised her pair of clear and charming eyes, a coquettish light flowing from the corners of her eyes, charming and with a few traces of a smile.

She immediately saw through the man’s Black-bellied nature. She bent slightly and got out of the car, then walked in the direction of the villa.

..

At the villa of the Shi financial magnate.

It took Shi Hongji some time to arrange for a private jet to arrive at the tarmac closest to the tropical rainforest after several turns. Finally, they had returned to the imperial capital from Africa ...

“Where’s LAN ‘er?” Jiang yunchang’s brows were slightly knitted.

She grabbed the corner of Shi qingqiao’s shirt lightly. She looked a little Haggard without any makeup. ah Qiao, are you lying to me? ”

When Jiang Yunfei returned home, she did not see that her daughter was a little flustered. Her eyes were faintly glistening with tears as she looked at Shi qingxiao with hope, filled with fear and anticipation ...

mom, LAN ‘er stayed at a friend’s house last night. I’ve already contacted her friend to send her back as soon as possible.

Shi qingxiao consoled her mother in a deep voice. I’m not lying to you.

“Really?” Jiang Yunxi’s beautiful eyes were somewhat moved. She slowly let go of Shi Qingyun’s clothes and pursed her lips.

Shi hongyou naturally hoped that his daughter had been found.

However, he had not heard any news about Shi qinglan after returning to the capital for so long. His heart could not help but beat like a drum, and he felt even more sorry for his wife, afraid that her hopes would be dashed.

“Look at you, you’re so Haggard.”

...

Shi hongyou gently pulled the woman into his arms. She was much slimmer than when she was at the peak of the film industry. Ever since she lost her daughter, she no longer had the confidence and charm she had in the past.

The man wiped away the tears in the corner of her eyes with his fingers. when LAN 'er comes home and sees you like this, she'll despise you.

Even though he said that, his tone was extremely dotting, light and gentle. It was obvious that he loved her very much and was coaxing her.

"Really?" Jiang Yunxi raised her eyes and looked at her husband.

She touched her face worriedly. do I look very ugly now? Will it scare LAN 'er?"

Shi honghou naturally did not dare to despise his wife for being ugly.

He only said in a deep voice, " go upstairs and take a hot bath and change your clothes. I'll call you when LAN 'er comes back.

Jiang Yunxi pursed her lips. She had wanted to wait in the living room so that she would be the first to hear any movement. However, she was afraid that she would really be ugly, so she still listened to her husband ...

"Ah Zhen, are you sure you've really found LAN 'er?"

Seeing his wife's figure disappear around the corner of the stairs, Shi honghu looked at Shi qinglin with a dark gaze and asked.

It wasn't like he hadn't encountered such a thing before ...

...

Shi qingxiao's heart ached for her mother, who was running around outside, so she lied to her and said that she had found LAN 'er.Or if a similar girl appeared, and the whole family went to find her, only to find that it was not her.

"I'm sure," Shi qingxuan nodded slightly.

Shi honghu's lips were pursed into a thin line. His dark eyes were deep and cold, and they were a little turbid due to his worry.

However, at this moment, the villa's door was suddenly pushed open.

"Crack-

246 LAN 'er, I, yingluo, am your father

When he heard the sound of the lock being unlocked, Shi honghu suddenly looked up.

His deep eyes flickered and he immediately looked at the entrance, only to see a beautiful girl enter.

Shi qinglan was wearing a light purple chiffon dress. The ruffled collar revealed her sexy collarbones, and her legs were long and fair under the dress.

Her face was bare without any makeup, her skin was as delicate as snow, and her facial features were exquisite without any makeup.

Especially that pair of eyes that were like a pool of clear water ...

When she looked around, she had a soul-stirring state, with a clear charm and resplendent light that was enshrouding in a faint light, just like Jiang yunzhe when he was young!

“LAN ‘er ...” Shi Hong was stunned.

When he saw this face that looked so much like his wife’s, there was almost no need for any paternity test. As her biological father, he could determine their blood relationship with his eyes!

He slowly clenched his fists and restrained his excitement and nervousness. His eyes, which were originally solemn and calm, gradually began to ripple ...

Shi qinglan also looked up at the man in front of her.

The years had left some traces on his face, making him look more mature and steady. The clear look in his eyes was very similar to Shi Qingyun, but his straight nose was exactly the same as hers ...

“LAN ‘er, this is my father.” Shi qingqiao strode steadily to the girl’s side. Seeing that she was stunned at the entrance, she welcomed her in and introduced her in a low voice.

Shi qinglan pursed her red lips. She was unfamiliar with the word ‘father’, but the wonderful blood relationship still stirred up a slight wave in her heart, and she was at a loss for a moment ...

LAN ‘er, ” Shi hongxi’s voice was tense, and his Adam’s apple moved slightly. I ... I’m your father.”

He looked at the girl in front of him and really wanted to hold his long-lost daughter in his arms, ask her how she had been all these years, and ask if she was willing to forgive her parents who had lost her.

But he didn't dare to do such a thing without permission. He only looked at her carefully from a distance, for fear of being rejected ...

After all, he had lost her for fifteen years.

"Xiao LAN 'er?" Shi qingan tugged at the corner of the girl's shirt.

Shi qinglan was in a daze for a moment, but she was pulled back to her senses by her second sister-in-law's call. However, she still could not react so quickly ...

"It's fine." Shi honghou's voice was slightly deep.

He could see the girl's helplessness and knew that he should not force her so much. After all, she had just been taken home and this was the first time she had seen him in fifteen years. He was probably a stranger to her.

Shi honghu's eyes gradually dimmed. it's alright. It's fine even if LAN. er doesn't want to acknowledge me ... If you have time, take it slowly."

Shi qinglan's eyes drooped slightly as she pursed her red lips.

When she heard the man's low and hoarse voice, which was full of disappointment and sadness, her heartstrings were suddenly plucked ...

"Daddy." The girl looked up and her red lips suddenly parted.

Shi hongyou's body froze when he heard that. He looked at the girl in surprise. you ... What did you call me?"

Shi qinglan's Red lips curved up slightly.

Her charming eyes were filled with a faint smile and sincerity as she called out again, "father.

Blood relations were always the most magical existence ...

When she had been humiliated and abused in the welfare Institute, she had longed for fatherly and motherly love. Now that her biological father was in front of her, what was there to be pretentious about?

"Alright ... Good, good, good." Shi honghou's voice trembled.

He pursed his lips tightly, and his dark eyes glowed with unconcealable joy and excitement.

At this moment, Jiang yunzhe had just finished bathing and changed his clothes. He was eager to go downstairs to see if there was any news of his daughter.

But just as she turned the corner, she suddenly saw a young girl in the living room who looked very similar to her!

“LAN ‘er ...” Jiang yunzhe’s eyes turned red almost instantly.

She quickened her pace down the stairs and ran to Shi qinglan in a panic, pulling her into her arms.

Jiang yunzhe’s tears were like broken beads. LAN ‘er, my good LAN. er ... I’ve finally found you.”

The woman’s voice was filled with sobs. At this moment, she couldn’t hold back her emotions, and her tears fell to the floor.

Caught off guard, Shi qinglan was pulled into an embrace. A light fragrance lingered in her nose, and she could feel the softness of her mother’s embrace, so she responded by gently hugging her.

“Mom.” The girl’s sweet and soft voice suddenly sounded.

Jiang yunzhe was even more sobbing as he tightly held the girl in his arms. LAN. er ... You’re mom’s LAN ‘er.”

Shi Qingyun and Shi qingan stood at the side and watched this scene.

The scene of their family being reunited after more than ten years of separation made them both bitter and gratified.

Jiang Yunxi hugged the girl for. long time before reluctantly letting her go. She held her hand greedily and said. ” LAN. er, what did you call me just now ... Can you call me that again?”

The movie Queen who had once dominated the film industry and won over a group of men was now humble and careful in front of her own daughter.

Shi qinglan’s Red lips curled up slightly. She raised her hand to gently wipe away the tears at the corner of Jiang Yunxi’s eyes. mom, ” she said in a clear voice.

LAN ‘er is calling me mommy ... Jiang Yunxi pulled Shi honghu over. honghu, did you hear that? ”

“Yes, I heard you.” Shi hongxi had a faint smile.

Seeing that his wife's wish had finally come true, finally making up for the regret of losing her daughter 15 years ago, he could not help but feel gratified.

He said in a deep voice, "LAN 'er also calls me father.

"What?" Jiang Yunxi looked at her husband with surprise.

The joy and smile in her eyes disappeared instantly. She pouted her lower lip in dissatisfaction and said, " why did you trick Lan Lan into calling you dad when I was not around? why did she call you first and then me? "

Shi honghou was speechless.

...

He only wanted to coax his wife and let her know that his daughter was willing to acknowledge her parents. Why did the pot suddenly fall from the sky?

"Luan 'er, it's not that I don't have ..."

"I don't care!" Jiang Yunxi glared at Shi honghu angrily. you said that LAN 'er would call me as soon as she came back, but you tricked her into calling you' daddy 'first. Otherwise, she would call you' mommy 'before' daddy'. Go and kneel on a durian for me!

Shi honghou was speechless.

Shi Qing 'an's lips curled up slightly. He put his hands into his pockets and said, " dad, I think you should just accept your fate. You've kneeled on durians many times over the years. I think you're quite familiar with it. One more time won't make a difference.

Shi Hongji was speechless.

He pursed his thin lips into a straight line. He used to be the president of the Shi financial magnate, and he had the power to dominate the business world in the imperial capital. But now, he was gently tugging at the corner of his wife's clothes ...

The man lowered his voice and said, " Xuan 'er, let's talk about kneeling on the durian in the room. Let me have some face in front of my daughter first.

As he spoke, he lowered his head and wiped the tears off his wife's cheeks.

Jiang yunhan smiled through her tears. then I will consider it.

She had never intended to make things difficult for Shi honghu. Her daughter was willing to acknowledge them as her irresponsible parents ... It was an extravagant hope for her, so she could only be happy now.

...

At this moment, Ji Lin suddenly came from outside the courtyard and respectfully said to Shi honghu, " young master, master Bo from the Bo financial magnate has come to visit. He's waiting in the garden.

247 Chapter 247: he's trying to please his daughter!

Shi qingxiao's eyes narrowed.

He turned his head slightly to look at his sister beside him, only to see the girl's brows slightly raised as she casually looked away. Her eyes were clear and innocent, as if she didn't know about this at all.

"Master Bo?" Shi hongxi frowned slightly.

His eyes darkened as he pondered. our Shi family has never had much contact with the Bo family. Why would he suddenly visit us? "

Ji Lin bowed slightly and answered honestly, " master Bo and old Mr. Shi get along very well. They had agreed to visit.

Upon hearing this, Shi hongliu nodded in understanding.

Jiang Yunxi's eyes had a faint light in them as she held her husband's arm. no matter what, he is a guest. Butler Ji, please invite master Bo in and let dad know.

Ji Lin nodded in response, then turned and left.

Shi qingan put his long arm around the girl's shoulder. He put his arm around her sister's back and lowered his eyes slightly to whisper into her ear, "Xiao LAN 'er, did you ask that wild man to come?"

"He's not a wild man." Shi qinglan's Red lips parted.

When she looked sideways at her brother, her red lips curled up slightly, and a hint of slyness flashed in her eyes. but you must be an iron dummy.

Shi qingan was petrified by her sister's official statement.

He pursed his lips lightly, the original carefree expression on his handsome face froze, and his heart turned cold ...

Ji Lin led the way into the villa.

The man was dressed in a suit and leather shoes, wrapping his long body. His handsome face was slightly sharp, showing a bit of elegance.

He carried many exquisite gift boxes in his hands, and only after entering the villa did he bend over and place them at the entrance. Ji Lin respectfully handed him a pair of slippers.

Bo Zhicheng changed into his slippers and walked into the living room. His slender and fair fingers tidied up his collar, which was slightly wrinkled from bending over. He nodded slightly and greeted politely, "Mr. Shi, Mrs. Shi.

"Master Bo," Jiang yunchan replied with a smile in her eyes.

Seeing his mother-in-law address him so courteously, Bo Yucheng's hand, which was tidying his suit, paused, and his heart trembled.

His thin lips curled up slightly. I'm a junior, I can't afford to be called master. Mrs. Shi, you can just call me little Bo.

"Alright," he said. Jiang yunxu smiled gently and immediately did her duty as the matriarch to get the servants to prepare tea and fruits for Bo Li city.

Shi qingxuan narrowed his eyes and stared at the sanctimonious-looking man. He sneered, "so what if you're here? you've got quite a generous gift.

Upon hearing this, Bo Li Cheng only smiled gently.

He looked up at Shi honghu and said in a deep voice, " it's my first time visiting you, so I've prepared the gift a little too casually. If there's anything I don't know, I'll make sure to improve it next time.

"Master Bo, you're so considerate." Shi honghou's voice deepened.

He didn't change the way he addressed the man as he wished. When he looked at the man, his deep eyes showed a hint of vigilance ...

tsk-" Shi qingan rolled his eyes.

Jiang yunchan pinched his arm. little Bo is a guest. What's with your attitude? "

"Mom, I ..." Shi qingan was at a loss for words.

Shi qinglan's Red lips curved slightly. She threw away her second brother's hand on her shoulder and looked at the man with a smile.

The corners of Bo Zhicheng's lips curled up slightly, a dotting smile in the depths of his eyes, then he retracted his gaze.

"Little Bo, come in and sit."

Jiang Yunhua's soft lips curved up slightly as she looked at Bo Li Cheng. I didn't prepare anything to entertain you at home, so please don't take offense.

Mrs. Shi, you don't have to trouble yourself. It's presumptuous of me to visit you without informing you. Bo Li Cheng's lips curled up slightly.

Jiang Yunxi's beautiful eyes revealed a hint of admiration, and even when she looked at the man, her eyes were full of light. She had a good impression of him.

"Aiyo, little Bo!" An old voice sounded.

Shi Fu came down the stairs with his walking stick. When he saw Bo Zicheng, he smiled. you didn't even tell me that you were coming. Look, we didn't prepare anything at home.

"Mr. Shi." Bo Yucheng immediately got up from the sofa.

He immediately walked to the stairs with steady steps and held the old man's arm to help him down the stairs. I'm sorry for being rude.

what are you saying? we're fated. My home is your home. Come visit often when you're free.

The expression in Bo Li Cheng's dark eyes deepened a little ...

Old master Shi's "my home is your Home" made the man's Red lips curl up a little.

"Alright," he said. He replied with a warm smile.

Shi Fu quickly introduced the man to Shi hongxi. this is the young master of the Bo financial magnate. He helped us a lot in Ying city. You can't put on your airs in front of him.

"Naturally," Shi hongxi replied expressionlessly.

But even though he answered like this, his slightly cold gaze still swept past Bo Li Cheng, and the expression he used to size him up was still full of doubt.

One must be up to no good ...

Shi Fu was grinning from ear to ear. little Bo, you said you would play chess with me!

“Naturally, I will do as I say.” Bo Yucheng smiled faintly. It just so happens that grandfather obtained a set of go by chance not long ago, but it’s not convenient for him to visit, so he specially asked me to bring it to you.

Shi Fu was a little surprised. really? Quickly let me see.”

He had always liked go and had collected all kinds of go boards and chess pieces. Bo Li city’s gift could be considered to have reached the heart of his heart.

Ji Lin immediately handed over the gift. Sir.

Bo Zhicheng had given him a set of high-quality hetian Jade chess pieces. Each piece was crystal clear and suffused with a faint luster. It felt slightly cold to the touch when held at the fingertips, and there was a clanging sound when the piece was placed.

...

“Good, very good.” Shi Fu was very satisfied.

Shi Qinglan’s charming eyes flickered. She could tell with a single glance that this set of go pieces was not only of good quality, but was also a treasure of a Chinese go master. It had even won various gold medals in international go competitions ...

It was only after his death that this set of chess pieces was put up for auction. It was worth a lot, at least over a hundred million.

Shi Fu collected go pieces. Although he had heard of the famous hetian Jade chess, he had never seen it before. He did not think about it in this way. After all, no one would give gifts worth hundreds of millions ...

However, Shi Hongxi was different. All of the wealthy families in the imperial capital knew that he loved his wife as much as his life. He often paid attention to the treasures in the auction house to choose a gift for his wife. Naturally, he could recognize this go piece that was worth hundreds of millions!

Shi Fu touched the new chess piece and couldn’t bear to part with it. He was instantly excited. little Bo, play a game with me? ”

Bo Li Cheng nodded slightly. alright.

Ji Lin immediately went to prepare the go board, and the two of them prepared to fight at the side. Jiang Yunzhe went to arrange for the servants to prepare lunch.

Bo Li Cheng sat upright in front of the chessboard. His sleeves were slightly rolled up, revealing a fair and well-defined wrist. Between his slender fingers was a black piece, which made his hand look even more cold ...

He raised his eyes slightly, and there was a faint smile in his deep eyes. He inadvertently glanced at the girl who was watching the chess game beside him, and his eyes unconsciously revealed a hint of doting.

“We can play chess now.” Shi honghou suddenly said.

...

He narrowed his deep and solemn eyes. Naturally, he noticed Bo Li Cheng’s unintentional gaze and became even more vigilant against him ...

He knew it now. He had nothing better to do than to court his daughter!

248 Master Bo, I heard you have a girlfriend?

Bo Li city and Shi Fu were fighting in a chess game.

Although Shi Fu loved go, his skills were not too exquisite. Bo Li city’s go was very well-controlled, allowing the old man to enjoy the excitement of the game, but not deliberately showing modesty and appearing rude.

“I won.” Bo Li Cheng’s cold and white fingertips placed a black stone.

Shi Fu did not lose face because of his loss. He knew that his chess skills were not good. On the contrary, he felt that the other party was not too modest because he respected his opponent.

He smiled with his eyes narrowed. little Bo’s go is not bad.

Bo Yucheng was being modest with Shi Fu. At this moment, Jiang yunhan’s gentle voice could be heard. lunch is ready. Little Bo, you can stay and eat. Don’t stand on ceremony with us.

“I’ll do as you say,” The man’s Red lips curved up slightly.

He got up slowly. Shi qinglan was bending over and looking at the chess game beside him. She did not notice that the man had stood up, and her drooping hair accidentally hooked onto his button. ah ...

Upon hearing this, Bo Li Cheng’s body, which was in the middle of standing up, suddenly stopped.

Shi honghu, who had been watching him warily from the side, narrowed his eyes. He was about to help the girl untie her hair when he saw Bo Zhicheng move first, his long and fair fingers gently pinching the strand of hair.

“Don’t move,” The man’s voice was deep and clear, and it sounded like he was coaxing her.

Shi qinglan bent over and pursed her red lips, not daring to move. Bo Li Cheng lowered his eyes slightly. He bent his back slightly to match the girl’s posture, afraid that he would pull on her scalp if he moved slightly.

The man’s eyes darkened slightly as he carefully wrapped the hair out. His hot breath sprayed on the girl’s neck as he moved.

“Alright ... Are you done?” Shi qinglan’s Red lips parted.

Although it was a surprise that he hooked her hair, and his actions were not out of line, she still felt that her secret love had been discovered.

Bo Yucheng let go of the girl’s hair and straightened his back. He said slowly, “ I’m sorry, miss Shi. I’ve been rude.

“I’m fine.” Shi qinglan pushed her hair behind her shoulders and looked up at the man with a faint smile. Her red lips curved up slightly.

Shi hongxi’s eyes turned even colder ...

“Let’s eat, let’s eat.” Xiao LAN ‘er, I don’t know where your two stinky brothers have gone, ” Shi Fu said happily. help Grandpa take care of the guests.

The two brothers who came downstairs after smelling the fragrance of the food were speechless.

They did not want to stay in the living room and watch a certain refined scum put on a sanctimonious act, so they temporarily returned to the bedroom. However, they did not expect that Bo Li Cheng would take advantage of this loophole.

“Alright,” he said. Shi qinglan’s lips curled up. She looked up at Bo Yucheng with a smile and tilted her head. master Bo, please.

The man nodded slightly and followed her to the dining room.

When the two brothers saw this, they immediately strode over like flying arrows to be light bulbs, constantly keeping an eye on him and not letting him dig up their cabbages.

Shi Fu stood up slowly with the help of his walking stick. He had wanted to go to the dining room as well, but his son grabbed his wrist. dad.

“Oh?” Shi Fu gave him a sidelong glance.

When he looked at his own son, he still had a look of disdain, clearly not as happy as when he was treating Bo Li Cheng.

Shi hongxi pursed his thin lips. the Bo financial magnate is not inferior to the Shi financial magnate. That master Bo is so young, but he was able to take over the entire family. He must be very shrewd. You should not get too close to him.

Hearing this, Shi Fu looked at him in confusion.

He snorted and said, " why is it called extremely shrewd? it's obviously little Bo who is capable and talented! Are you jealous that he's better at go than you and that you've lost his favor?"

Before he had Boye city, it was always Shi hongxi who played chess with him.

Hearing this. Shi hongxi's brows furrowed slightly. He turned his head slightly and glanced at the dining room from the corner of his eye. He saw Bo Zhicheng and Shi qinglan chatting and laughing, and that man even took the initiative to pull out. chair for his daughter ...

Alarm bells suddenly rang in his heart. After thinking about it again and again, he decided to have a good talk with his father about this matter.

"Dad, I'll be honest with you."

Shi hongxi's voice was deep. the set of go that master Bo gave you is worth hundreds of millions. If he didn't have any ulterior motives and has nothing to do with us, how could he be so generous? "

"What?" When Shi Fu heard this, he was shocked.

He looked at Shi hongxi in surprise. it's so expensive, but I've already accepted the chess piece. It would be rude to return it ... Help me search for a gift and bring it back."

"Dad, that's not the problem ..." Shi hongxi had a headache.

Shi Fu glared at him. then what's the problem? You said that little Bo has ulterior motives, what other motives can he have?"

Shi hongxi's deep and cold eyes narrowed slightly.

He bowed slightly and pressed his body against Fu er's. I suspect that he has ill intentions toward your precious granddaughter.

When Shi Fu heard this, he almost hit him with his walking stick.

“You bastard, you’re talking nonsense!” He was furious. little Bo has a girlfriend and he’s prepared to propose to her!

This time, it was Shi honghu who was stunned.

He frowned slightly. you said he already has a girlfriend? ”

Shi Fu snorted. they’re not that great. The little couple is in love. Let me tell you secretly ... I even taught him how to propose, just like how you kidnapped little yingluo.”

He patted his son’s shoulder meaningfully and was too lazy to talk to him again. He hummed a little tune and went to the dining room.

Shi honghou recalled his father’s words, and his eyes gradually darkened. he already has a girlfriend? Really?”

He had always been a good judge of character. Could it be that this time, because he had just found his daughter and treasured her in his heart, he was suspicious of Bo Li Cheng?

..

The Shi family’s lunch was sumptuous.

Cheese cheese lobster, Australian king crab, swallow soup, and more. Home-cooked dishes like sweet and sour ribs were also drooling, and it was also Shi qinglan’s favorite after-meal dessert.

LAN ‘er, try this pork bone and corn soup. I made it myself. Let’s see if it’s to your liking.

...

Jiang Yunxi looked at her daughter with a gentle smile. Just as she was about to get up and help her scoop the soup, Shi hongzhe stopped her and got up to help her scoop the soup. He even scooped a bowl for his wife.

“Your mother was best at making this soup.” Shi Hongji placed the soup in front of the girl. be careful, it’s hot.

“Thank you, mom and dad.” Shi qinglan’s Red lips curved slightly.

She slowly tasted it with a small spoon, and the rich taste of the soup wrapped around her taste buds. The tip of her tongue instantly felt the beauty of the food.

The girl couldn’t help but praise the soup. Jiang yuntong smiled in satisfaction and said, ” LAN ‘er likes it. Mommy will make it more often in the future.

the human world is indeed not worth it ... Shi qingan's lips twitched slightly. Xiao LAN 'er, let me tell you, if I were the one who suggested to drink mom's soup, our dad would break my legs.

Shi hongyou gave him a cold side glance.

your birth was an accident, " she said mercilessly. it was your mother who wanted a daughter, so we had a second child. If LAN 'er was born before you, you would have nothing to do with this.

Shi qingan was speechless.

He instantly felt that the food in his mouth was not fragrant.

Shocking! The dignified China's best Actor, the nation's husband, was actually an extra in his own home. The man was silent and the woman was crying ...

...

"Little Bo, don't stand on ceremony. Eat more." Jiang yunhan took care of Bo lingcheng. try the soup I made.

Shi Fu laughed. yes, yes. Just treat this as your home.

"Alright," he said. Bo Zhicheng's lips curled up slightly and he nodded slightly.

The family dinner did not arrange for servants to serve at the side. They had all been dismissed and let them go out to rest, so there were only his own people in the dining room. Thus, the man slowly got up and scooped the soup for himself.

However, at this moment, Shi honghu's cold eyes swept past him. He pursed his lips and said in a deep voice, " master Bo, I heard from my father that you already have a girlfriend? "

Upon hearing this, Bo Zhicheng's hands trembled and he almost spilled the soup.

249 Which family's daughter is master Bo's girlfriend?

Shi qinglan's hand that was holding the small spoon also stiffened.

Shi hongxi gave his daughter a meaningful look ...

But he quickly retracted his gaze and waited for the man's answer.

Bo Zhicheng pursed his lips slightly, his eyes darkening slightly. He quickly steadied his mind and returned to his seat after scooping the soup. There was no trace of guilt in his expression. there is.

cough, cough, cough ...

Shi qinglan choked on her reply, afraid that Bo Zhicheng would directly tell her everything, and that she was not prepared for it.

She immediately put down the bowl in her hand, covered her mouth, and coughed, her face flushed red.

Hearing this, Shi honghu's sword-like eyebrows raised slightly.

His deep eyes swept back and forth between Bo Zhicheng and Shi qinglan. He handed a tissue to the girl who had choked on the soup. LAN 'er, drink slowly. I'm asking master Bo a question. Why are you so agitated? "

"Thank you, dad." Shi qinglan took the tissue and wiped her lips.

She pursed her red lips slightly and lowered her eyes to take a sip of the pig bone and corn soup with a small spoon. The light in her eyes flickered guiltily.

Shi hongxi's eyes were a little sharp. I wonder which family's daughter is lucky enough to be a match for master Bo? "

Shi Qing 'an was originally engrossed in enjoying the delicious soup.

However, sensing that the atmosphere at the table seemed a little off, Baldy felt like he had something to eat and raised his eyes with interest.

then she must be the most outstanding, beautiful, and distinguished daughter of a certain family. Shi qingan teased.

Shi qinglan's eyes were still slightly lowered, and her fluttering and curled eyelashes cast a faint shadow at the bottom of her eyes. She did not make a sound, but her little heart was thumping wildly because of the question ...

Her beautiful eyes narrowed slightly as she glanced at Bo Li Cheng from the corner of her eyes.

Bo Li Cheng's Red lips curled up slightly with a pampering smile. Even his deep black eyes were filled with some deep affection. His low and magnetic laughter entered the girl's ears.

Mr. Shi, no matter which family's daughter is the Apple of her parents' eyes, you should be asking me if I'm worthy of her and if I'm qualified to marry her. It's not that she's lucky enough to be my wife. The man's tone was slow.

Shi honghu was surprised by his answer.

The wariness in his cold eyes receded a little. He glanced sideways and saw that his daughter had finished the soup in her bowl, but she was still poking the empty bowl with the spoon. He got up and filled another bowl for her.

"I'm sorry for being presumptuous. Master Bo, try the Emperor crab ..." Shi honghou lowered his voice and temporarily put an end to this topic.

Shi qinglan ate her lunch in fear ...

For some reason, she felt that there were countless gazes focused on her. Shi hongxi was testing her, Shi qingxi was sizing her up, Shi qingan was eating melon seeds, and Bo Yucheng was teasing her, intentionally or otherwise.

Only Jiang yunhan and Shi Fu were not on this channel. Jiang yunhan looked at the girl with a slight frown. LAN 'er, is it because the food at home doesn't suit your taste? " Mom didn't see you eating much."

Shi Fu immediately became anxious and slammed his chopsticks on the table.

The old man glared at Shi Hongji. who asked you to change the topic at the dinner table? you've caused my precious granddaughter to lose her appetite. Has little yingluo asked you to kneel on durians less recently? "

"Dad, I ..." Shi hongxi frowned slightly.

Shi Fu snorted. don't explain, it's just a cover up. No one can starve my precious granddaughter!

Shi hongxi calculated the durians he had to kneel on tonight ...

Keep quiet, talk less, get more soup.

With this in mind, he added a bowl of pork bone and corn soup for his wife and also picked up a few pieces of sweet and sour ribs for the mother and daughter.

"Little Bo, I've embarrassed myself in front of you!" Shi fuxiao narrowed his eyes at Bo Zicheng, the corners of his eyes wrinkled.

The man's Red lips curled up slightly, and his voice was deep and clear. it's fine.

The rest of the lunch was much more relaxed and joyful. After everyone had finished eating, they were served desserts as usual. Shi qinglan's was undoubtedly chocolate.

"How's the preparation for LAN 'er's family recognition banquet?" Shi honghou suddenly recalled this important matter and asked in a deep voice.

Shi Qingyun's cold and hard face looked a little serious. It's almost ready, but we haven't decided when exactly it will be held. We also need you and Grandpa to look through the guest list.

Shi hongxi nodded slightly. He had always been at ease with ah Zhen.

LAN 'er has just returned home. We have to hold the family reunion banquet properly.

Jiang Yunxi's lips curled up into a gentle arc as she looked at the girl with a smile. I wonder how happy your uncles and aunts will be to see you.

The whole family nodded in agreement.

However, the corners of Shi qinglan's eyes lifted slightly. She hesitated and said, "uncle ... Uncle, aunt, aunt, and uncle?"

Bo Yucheng's hand, which was holding the chopsticks, suddenly stopped.

Jiang Yunxi smiled and replied, "that's right. Your father and I have many brothers and sisters. They all doted on you when you were young. If they wanted to carry you, they would have to come to our house and line up to get a number.

Shi qinglan was speechless.

She had thought that she had already acknowledged all of her relatives.

Bo Zhicheng pursed his lips even more tightly, vaguely feeling a little uneasy in his heart, as if it had become even more difficult to get a wife ...

Xiao LAN 'er, this group of elders is biased. They only dote on you.

Shi Qing 'an's lips twitched. When I was young, they always came to my place to snatch candy and toys. I used them all to coax you.

Upon hearing this, Shi hongxi cast him a sidelong glance in disdain.

He said in a deep voice, "you're so redundant at home. Isn't it your honor to be snatched away and used to coax your sister?"

Shi qinglan was speechless. There was no justice.

However, although Shi honghou had said this, he had never mistreated the second member of the Shi family. He just thought that he was being upright.

...

When the topic returned to the family reunion dinner, Shi Qing analyzed the situation with a reasonable tone. why don't we set LAN 'er's family reunion dinner for this weekend? it just so happens that the results of the college entrance examination will be out by then. We can also celebrate and hold a graduation party for LAN' er.

Upon hearing this, Jiang yunzhe's beautiful eyes lit up slightly.

She looked at Shi qinglan expectantly and said, " LAN 'er is taking the college entrance examination this year. Did you inherit my intelligence? "

back then, I was the stupidest one in the class. Your father was the school hunk and the God of studies. He despised me for being stupid every day. After we got married, he even said that he was afraid that he would give birth to a child who would be as stupid as me ...

Shi qingan instantly felt as if a knife had been stabbed into his heart.

Not only was he an extra, but he was also a turtle in a jar that was inherited from his family. He had bitterly inherited his mother's intelligence.

Shi Fu chuckled. little Yingying, you don't have to worry about that. Xiao LAN 'er has inherited her father's medical talent and intelligence. In our Shi family, there's only one child.

Shi qingan, who was the only one scared, was speechless.

Shi qingxun also nodded slightly. LAN 'er scored full marks in all subjects. There shouldn't be any accidents in the college entrance examination.

Jiang Yunxi's soft lips curled up. I knew it. With my husband's strong genes, my precious daughter will definitely be the best.

Shi qinglan was speechless.

...

No one seemed to have asked her how she did. The results were not out, and everyone silently agreed that she would still get a full score.

250 Next time, change to a place where you can't see through the window

The family reunion dinner was finally set for this Sunday.

Shi qingqiao, Shi Fu, and Shi hongxi were discussing the guest list, while Jiang Yunxi was huddling on the sofa eating fruits and watching a television drama. Naturally, it was not convenient for Bo chicheng to stay and disturb them ...

He stood up and greeted them politely before he was escorted out of the Shi family by Butler Ji.

Looking at the man's tall figure as he left, Shi qinglan pursed her red lips. since you're both busy, I'll go see master Bo off.

As she spoke, she strode over with her fair and slender legs.

Shi Hongji looked at the girl's back with a deep gaze and sighed deeply. a grown woman can't be kept at home ...

He had just brought his precious daughter home and hadn't had enough of her. How could she be abducted by a wild man?

Shi qingxuan's brows raised slightly. He had probably guessed that Shi honghu had discovered some clues, so he was not surprised at all.

"Take care, master Bo." Ji Lin walked him to the door.

Bo Yucheng nodded slightly. please help me pass on a message to President and Mrs. Shi that I was rude to visit you today.

Ji Lin smiled and turned to leave.

However, he did not expect Shi qinglan to run out. Her black hair fell behind her shoulders and slightly arched as she moved. A few strands of her hair were slightly messy and gently stuck to her ears.

Ji Lin was a person with good judgment and a sense of propriety. He didn't ask much and turned back to the villa to do his own things.

"A-Cheng." Shi qinglan's soft voice sounded.

Her porcelain-like face was slightly pink, probably because she ran a little too fast when she chased after him. Her red lips were slightly open and she was panting.

Bo Yicheng's Red lips curled up slightly. His large palm gently ruffled the girl's hair, and then he pulled her into his arms with his long arms.

He rested his chin on the girl's head. why did you come out? "

Shi qinglan pressed her face against the man's warm chest and was about to reach out to hug him when she suddenly thought of something. She immediately retracted her hand and retreated.

Her beautiful eyes flickered as she looked around quietly, worried that there might be bodyguards or servants passing by.

"Silly girl." Bo Yicheng laughed in a low voice.

He strode towards the girl and pulled her into his arms again, holding her tightly. no one will see.

When the little girl came out to see him off, why didn't she think that her extremely vigilant father would find out something ...

However, Shi qinglan was still observing her surroundings.

The excitement of an underground relationship made her heart beat wildly. At this moment, she was far from her usual charm and sharpness.

But Bo Yucheng suddenly pinched her chin, lifted her face, and directly lowered his head to kiss her.

Shi qinglan's beautiful eyes opened slightly, " ...

Her delicate snow-like cheeks were instantly dyed pink. She opened her eyes to look at the man who was very close to her, but he closed his eyes and kissed her affectionately, bold and passionate ...

Shi qinglan pushed him away in a panic. d-don't mess around.

She cupped her burning face in her hands and noticed the Willow branch swaying slightly. She was so scared that she thought someone was passing by.

It was supposed to be an open relationship ...

She didn't know why it suddenly became an underground love affair.

Bo chicheng's Red lips curled up slightly.

He wrapped his arms around the girl's waist and pulled her into his embrace. He lowered his head and rubbed it against her forehead. why weren't you afraid of being discovered when you chased after me, huh? "

The man's voice was deep and magnetic.

This bewitching voice sneaked into the girl's ears and teased her gently, causing Shi Qinglan to almost bite her tongue.

She felt that she couldn't hold it in any longer and turned her face slightly. I didn't think so much when I came out.

She just felt that if she didn't chase after him, she didn't know when she would see him again, so she ran out directly.

Bo Yucheng chuckled and lowered his head to Peck her lips again, still seducing the girl. you can't bear to leave me? ”

Shi Qinglan's eyes drooped slightly, and her long, curled eyelashes cast a faint shadow at the bottom of her eyes. She pursed her lips and replied softly, ” mm ...

The girl's response instantly lifted the man's mood.

Even his dark eyes were filled with gentleness. At this moment, he wished he could rub the girl into his body, or let his entire body enter her heart and stick to her at all times.

“Remember to leave the window open for me tonight.” He said in a deep voice.

Hearing this, Shi Qinglan looked up at the man in surprise. you even climbed through the window? ” I was almost discovered by big brother the last time ...”

At the thought of how Shi Qingyun had almost ruined his plans, Bo Li Cheng's pitch-black eyes darkened.

He opened his thin lips slightly. if your brother comes to provoke me again, I'll give him a little nephew or niece ...

Shi Qinglan immediately looked down at her flat stomach.

She reached out and gently placed her hand on her abdomen. Then, she raised her eyes and glared at the man in anger. Bo Yicheng ...!

As she gritted her teeth and called his name, she wondered if she had taken all the necessary precautions.

Bo chicheng stopped teasing and bullying the girl.

He cupped her face in his large palm and lowered his head to kiss her lips greedily. I'll come and find you again tonight. Let's try to be in your bedroom. Try not to make a sound, okay? ”

After hearing these vicious words ...

Shi qinglan's face turned so red that it looked like it was about to bleed.

She angrily raised her foot and stomped on his shiny leather shoes, leaving a footprint. dream on!

...

As soon as she finished speaking, she shook her head and ran away.

Even when she ran back to the steps in front of the villa, her face was still a little hot. After cooling down in the breeze for a long time, she pushed open the door and went back into the house. She looked up and saw her father's deep eyes.

"You're back?" Shi hongxi sized up his daughter with narrowed eyes.

His deep and clear gaze fell on the girl's lips, and he could clearly see that they were even redder than before.

Shi qinglan felt guilty from being stared at. She bit her red lips and lowered her head slightly. okay, daddy, I'll go back to the bedroom first ...

As she said this, she ran away, a little annoyed.

However, before the girl could run far away, she heard Shi honghu's deep and cold voice again. LAN 'er.

Shi qinglan's back stiffened for a moment.

Although she really wanted to run away now, she had to stop in her tracks and turn around, not daring to look up.

She felt ... Shi honghu should have already discovered it.

Her father's deep eyes lingered on her, but he didn't say anything in the end. He only stroked her messy hair with his large palm. nothing. Daddy just wanted to call you.

...

Shi qinglan heaved a sigh of relief.

However. the next second, she heard Shi honghui say, " your hair is messy. Go back to your bedroom and fix it in the mirror. Next time ... You guys go to a place where you can't see through the window."

"Otherwise, if your mother finds out that her precious daughter has a boyfriend one day, she will be sad again."

Shi qinglan's heart trembled slightly, and she suddenly looked up at him.
