

Heart Stealer Young Master Bo #Chapter 291 - Read Heart Stealer Young Master Bo Chapter 291

291 Director, Bo thin disdains the Bo financial magnate?

Director Zhou suddenly staggered backward.

His eyes widened in shock as he looked at Bo Yicheng, his pupils visibly shrinking. Bo Bo ... The Bo financial magnate?"

Although he was in the academic circle and did not know much about the rich and powerful families in the capital, it was impossible for anyone in the capital to not have heard of the well-known name of the Bo Financial Group.

Bo Li Cheng's ink-black eyes were deep and cold. He slowly opened his mouth. does the director still want to punish me? "

"Or should. say ..." His eyes darkened and he looked sideways at the girl beside him. Suddenly, he pulled her into his arms with his long arms. are you planning to punish the future wife of the Bo Financial Group? "

Director Zhou's back was instantly covered in cold sweat.

He really didn't know that he had offended two great Buddhas today. Although he didn't know why Shi qinglan had such medical attainments, just based on the fact that she was master Bo's fiancée ...

"Hiss." Director Zhou could not help but gasp.

His expression cracked, feeling that his academic career was over. master Bo, I didn't know it was you ...

"Yes." Bo Li Cheng responded in a deep voice.

However, his deep eyes were still cold. He squinted at director Zhou and said. " director Zhou, it's fine if you offend me, but since this matter involves my fiancée ...

Director Zhou instantly had a bad feeling.

He swallowed his saliva and heard Bo Yicheng say, " after the incident, he didn't understand the situation clearly and casually gave out punishment. I wonder if such a person is still worthy of being the Dean of Imperial University? "

As he said this, the man's serene eyes slightly slanted.

The coldness was instantly transmitted to Yan Hua. He suddenly felt a chill on his arm. He felt threatened.

Yan Hua's expression darkened. master Bo is right. In that case, director Zhou, please resign and retire.

Upon hearing this, director Zhou's legs went weak, and he almost lost his balance.

Being the director of the academic Affairs office of Imperial University was a secure job for him, and he was at least ten years away from retirement. He did not expect that he would lose everything with his own hands.

"Master Bo, please forgive me for what happened today."

Yan Hua pursed his lips. His expression was serious and his attitude was sincere. Imperial University will deal with the aftermath of this matter. Shi qinglan will not be punished. The school will clear her name.

Bo Yicheng's eyebrows raised slightly. I'll wait for good news.

These four words slowly came out of his thin lips, but they were sonorous and powerful, still exuding a sense of danger.

He opened his cold lips slightly. this matter involves Lan Lan's right to reputation. I don't have enough patience and can't wait for long. If this matter isn't resolved by today ... The Bo financial magnate will take action personally!"

"Master Bo, don't worry." Yan Hua nodded slightly.

Even without Bo Zhicheng's warning, he knew that this matter could not be delayed. Even if he did not consider the Bo and Shi financial groups, Shi qinglan was still his little ancestor ...

Even he did not dare to offend this Great Buddha.

Yan Hua personally sent Bo Zhicheng and Shi qinglan out of the office. His expression softened a little. my little descendant, I'm sorry that you've suffered today.

"I'm fine." Shi qinglan's Red lips curled up slightly.

She didn't disclose her identity to the public, and the situation at that time was really urgent. It was normal for her to be misunderstood as a freshman. It was just that the Dean was too stupid.

Yan Hua nodded. go back to the dormitory and wait for the results. If you don't want to go to Imperial hospital, I'll cancel it for you and your punishment will be revoked immediately. The school will also make a public statement to help you clear your name.

Shi qinglan pursed her red lips. I'll make a trip to the Imperial hospital. Please don't tell director Jiang about this.

Otherwise, this little old man would definitely explode again.

Yan Hua's eyes were solemn. This matter had caused such an uproar at this time that even if he didn't say it, everyone would know ...

Imperial University had always been the focus of the country.

On the first day of school, the media's reports had made him a hot topic. Today, the military training had officially begun, and the news couldn't help but want to dig up something, so they noticed the school forum!

The video of Shi qinglan saving the patient was posted on Weibo, including the scene of the patient vomiting blood ...

[a flower on a stranger] this video is simply making me explode with anger! Is saving someone a serious matter like this a child's play? Can anyone just do acupuncture?

[lemons are very sour] if I'm not wrong, this woman just took out a hair clip and inserted the needle, right? I've never heard of using a hair clip for acupuncture!

How could scum like rainbow get into Imperial University? If the hospital was filled with such doctors in the future, who would dare to go see a doctor?

[smell of Soil] fired! This kind of person must be fired!

[rice ball, tuan tuan, tuan tuan] but, I think the position and posture of this little sister's acupuncture are very standard ...

Online violence had taken over the video.

Occasionally, there were some who spoke up for Shi qinglan, but they were quickly drowned out by the keyboard warriors 'spittle. This matter had suddenly become a hot topic in society and attracted the attention of the whole nation.

f * ck-" han Yina was scrolling through Weibo in her dormitory.

Seeing that the whole internet was scolding Shi qinglan, she gloated so much that she even registered a Weibo account.

[Yina Yiyi] I'm also a new student at the medical school of Imperial University. I was there when the incident happened. The instructor had already asked someone to call for the medical team, but this student insisted on saving her first. Unfortunately, I couldn't stop her ... He wondered how the patient was doing.

This Weibo post was quickly captured by people.

After all, everyone was paying attention and wanted to know what was going on at the scene. The people below were all praising han Yina for stopping her and scolding Shi qinglan a little.

"Crack-"

At this moment, the dormitory door was suddenly pushed open.

Han Yina immediately exited her Weibo account and switched to another page. When she looked up and saw that she had returned, she said sarcastically, " Oh, isn't this the student Shi qinglan, the godly Doctor Who cured and saved people, back? "

"I don't know what kind of reward the academic Affairs office gave you. It's a major demerit and a probation ... Or should I be fired?"

LAN Chu stood up immediately when he saw Shi qinglan.

She ran to the girl's side with her short legs and pouted. Xiao Qingqing, you didn't get scolded too badly, did you? "

...

Shi qinglan's Red lips curved up slightly as she rubbed her head.

Han Yina rolled her eyes disdainfully. I'm really unlucky for that patient ... The medical team was about to arrive, but I didn't expect you to ruin their treatment."

Shi qinglan looked at her with a half-smile.

She couldn't be bothered to argue with someone like han Yina. She tilted her head slightly and looked at LAN Chu with a gentle gaze. I'm going to the capital hospital. Be good and stay in the dormitory. Don't go out, okay? "

LAN Chu blinked his eyes in confusion. Xiao Qingqing, you ... Why are you going to the Imperial hospital? Did the hospital call? did something happen to the girl?"

292 You're too brazen

When han Yina heard this, she couldn't stop smiling.

She covered her mouth with her manicure and could not help but laugh. ah, what if something happened to the patient? I'm afraid you'll not only be expelled, but you'll also have to bear criminal responsibility ..."

His eyes were filled with mockery and gloating at Shi qinglan's misfortune.

There was no sympathy for the patient at all. She was afraid that no matter what the girl's condition was, it had nothing to do with her. She was only concerned about what kind of big trouble Shi qinglan would be in.

"I'm afraid I'll have to disappoint you."

Shi qinglan's Red lips curled up slightly. She looked at han Yina with a meaningful look in her eyes. the patient is in good condition now. What if I don't get punished but instead get commended? "

Hearing this, han Yina's eyes widened like copper bells.

She sneered. how is that possible? She vomited such a big mouthful of black blood and you still want to be commended?"

Shi qinglan's smile was bright and beautiful.

She didn't waste any more time with han Yina. After consoling LAN Chu, she turned around and left the dormitory.

"You're still acting tough at this time ..." Han Yina pouted disdainfully, obviously not believing him.

Pan wanye frowned. don't say anymore. Shouldn't you be worried about that girl's condition? " It's better not to hit your roommates when they're down."

Han Yina instantly felt embarrassed after hearing that.

She glanced sideways at pan wanye. what are you pretending for? you make it sound like you're really kind.

Pan wanye was unmoved by these words. She didn't refute them, but just chuckled indifferently.

..

Bo Yicheng stood tall and upright below the dormitory.

He was wearing a well-ironed military uniform, which made his already tall figure look even more imposing. The sun shone on his body and wrapped it in a layer of faint gold, exuding a calm and cold aura.

The other companies were still training on the field, and sixth company, who had been forced to suspend their training, was also confined to the dormitory building.

When Shi qinglan went downstairs, she saw a dazzling man ...

Her red lips curved up slightly, and she immediately ran towards him like a butterfly. ah Cheng, why are you in the girls 'dormitory? "

Bo Li Cheng's long arm reached out and naturally pulled her into his embrace.

His arm gently wrapped around the girl's small waist, and his red lips curled up slightly. I'll accompany you to the hospital.

The man's voice was deep and clear, with a hint of unquestionable authority.

Shi qinglan naturally had nothing to refute. Her eyes curved into crescents as she looked up at the man with a smile.

The girl's brows were alluring, and her bright and clear eyes were glistening. Bo Li Cheng could not help but lower his head and kiss her.

"What are you doing!" Shi qinglan seemed to have exploded in anger.

She immediately turned her face to the side, and the man's second kiss fell on the girl's fair and tender cheek.

Shi qinglan lowered her eyes and looked around. you're an instructor now. What if others see you ...

Even though it was only natural for them to be in a relationship.

However, Bo chicheng came to the school as an instructor, and it was indeed not good for an instructor to be in a relationship with a student.

"They're all training, no one will see." Bo Yucheng's lips gently pressed against the girl's ear. His voice was low and hoarse, vaguely revealing a hint of enchantment.

As soon as he finished speaking, he held the girl's face in his big hands and suddenly pressed her against a tree nearby in an overbearing and strong manner.

The man lowered his head and kissed her, gradually deepening the kiss ...

The bright and beautiful sunlight sprinkled on the green Willows, wrapping a faint golden edge around the two people through the gaps between the leaves. Occasionally, the sound of the Willow leaves rustling in the wind could be heard.

The faint floral scent of the campus lingered in her nose. Shi qinglan leaned against a tree with the man gently leaning against her. His arm was propped against the tree trunk, and his slightly drooping hair fell on his long eyelashes.

It was probably the most beautiful campus love ...

“Don’t mess around,” Shi qinglan’s face was flushed, and her eyes were moist, making the shimmering light even more charming.

She turned her face away and placed her hand on the man’s warm and firm chest. you’re too brazen.

The girl’s long, curled eyelashes fluttered as she spoke.

Bo Yicheng’s Red lips curled up slightly, his fingertips lightly touching the girl’s butterfly-like eyelashes. you should be open and aboveboard.

Shi qinglan bit her lower lip lightly.

She almost forgot what she was going to do, so she bent down and got out of the man’s arms. let’s go!

Her coquettish tone had a faint sense of anger from embarrassment, and the man’s pleasant and magnetic low laughter came from behind her.

At the Imperial hospital.

In order to avoid attracting attention, Shi qinglan had deliberately changed out of the Imperial Army’s training uniform, and Bo Li Cheng had also changed out of his military uniform into a suit.

The hospital was surrounded by reporters. They all followed the news on Weibo and wanted to interview the doctors or patients to learn more about the first-year students of Imperial University who treated and harmed people ...

“How’s the patient’s condition?”

“May I ask if the patient’s surgery is over? Was the operation a success? Did it worsen because of the girl’s acupuncture?”

can we interview her doctor in charge ...

“Has the patient woken up? Can you let us see the patient?”

Reporters from all major news media were gathered here. They held microphones in their hands and swarmed at the entrance of the hospital, almost blocking the door of the outpatient department.

The nurse at the reception desk immediately came out to expel him ...

“This is a hospital. Please disperse as soon as possible and don’t make a loud noise. It’s affecting the patient’s treatment! If you continue to do this, I’ll have to call security!”

...

However, there were still some reporters who had bribed in advance. After getting the pass, they went to the inpatient Department to understand the situation. After all, the matter had become a hot topic in society, and the hospital had the obligation to cooperate and report.

The reporters who didn’t get the pass dispersed in disappointment.

However, at this moment, someone suddenly pointed at the inpatient Department and shouted, “ isn’t that the girl from the news?!”

The reporters looked in the direction he was pointing.

Shi qinglan’s Black hair was tied up, and her neat ponytail made her face look like porcelain. Her eyes were charming and she had a cold temperament as she walked straight to the inpatient Department with Bo Zicheng.

“Hurry up! Hurry up and interview her-”

“She actually dared to come to the hospital! Even if we didn’t see the patient, it would be big news if we could dig up information from her!”

The reporters instantly swarmed towards her.

Shi qinglan had contacted the Imperial hospital in advance. She had obtained the patient Zheng Qiu’s hospitalization information and had wanted to find out more about the situation directly. However, she had not expected to be surrounded by reporters!

“You’re the one who harmed Zheng Qiu, aren’t you?”

“Can I interview you why you did that? If Zheng Qiu’s life is really in danger, won’t your conscience hurt?”

...

"May I ask what's your purpose in coming to the hospital? I heard that her mother has already bought a plane ticket to the capital. Are you here to apologize to Zheng Qiu and her mother?"

Seeing these reporters, Bo Yucheng furrowed his eyebrows tightly.

293 Jiang boning goes on stage to slap the face

A hint of displeasure flashed across Bo Li Cheng's dark eyes.

His arms around the girl's waist tightened even more, and the cold aura around him permeated the air ...

The reporters who were interrogating Shi qinglan suddenly felt a chill run down their spines. They were fighting to put the microphone in front of the girl, but a few of them had their arms caught!

Wen mo and Wen le suddenly appeared out of nowhere.

They suddenly appeared in front of Bo Yucheng and Shi qinglan, grabbing the hands of the two reporters who had rushed to the front.

I advise you not to be so presumptuous. Wen le looked at these fearless reporters with great interest.

Wen mo, on the other hand, was expressionless. get lost.

The reporters didn't know who these two were, but they felt threatened and looked at each other in confusion.

"Master Bo, leave this to us." Wen le turned to look at Bo Zhicheng and Shi qinglan with a cheeky smile.

The man nodded and walked into the inpatient Department with his arm around the girl's waist.

Wen le immediately put away his cheeky smile and squinted at the reporters. if you don't want your newspaper or TV station to disappear, you'd better get out of here. Otherwise. if you anger the Bo Financial Group ... Let's see who can bear this responsibility!"

Hearing this, the reporter looked at the two figures in shock.

..

At this moment, the hospital room was also surrounded by some reporters.

These were slightly well-known newspapers or TV stations who had gotten the passes in advance and were waiting here to obtain information.

“All of you, move!” A deep voice sounded.

The reporters were all blocking the door of the ward, wanting to go in and interview the patient or wait for the attending doctor to come out for an interview, but they suddenly heard such a voice behind them.

They turned around one after another and saw Jiang boning walking towards them in steady steps. The old man had his hands behind his back, and his spirited eyes were filled with impatience and anger.

“I ... The Medical Research Institute’s President Jiang boning?”

“What is Dean Jiang doing here!”

I heard Dean Jiang was hired by the Imperial University’s medical school this year. Could it be that the school sent him to handle this matter? ”

“How is this possible ... There’s no need for him to do such a small thing.”

Jiang boning’s eyebrows moved slightly. He looked at the group of reporters with great displeasure and directly pushed them aside, wanting to enter the ward.

However, the reporters would definitely not let go of this great opportunity!

Dean Jiang, what do you think of your University’s freshman saving people without a medical certificate? ”

“Do you think a student like him is fit to be a doctor in the future? Does Capital University have any plans to expel her?”

Upon hearing this, Jiang boning’s footsteps slightly paused.

He turned around slowly, his jaw slightly raised, and his round-rimmed glasses slid down the bridge of his nose. He looked at them as if they were fools. fired? ”

What the hell are these idiots talking about!

“Dean Jiang, do you also think that this student should be expelled?” The reporter suddenly placed the microphone in front of him.

Jiang boning raised his hand and pushed his glasses up. The old man looked gentle and had high praise in the medical field, but when he opened his mouth, he said in exasperation, ” bullsh * t!

The reporters were obviously shocked by his words.

Jiang boning narrowed his eyes and looked at them. do you know who Shi qinglan is? You don't even know her identity and medical level, and you dare to talk about expelling her here?"

if Imperial University expelled her and caused her to be disappointed in the medical field, China would lose a genius doctor. Let's see which one of you can bear the responsibility!

"All of you, move!" He shouted in a low voice.

Jiang boning's deep voice was full of Majesty, and the reporters were unconsciously intimidated to make way for him ...

However, at this moment, Shi qinglan suddenly arrived.

Jiang boning was just about to turn around and enter the ward to check on the situation. When he saw the girl, his eyes lit up. LAN girl!

Shi qinglan's clear eyes rippled.

She obviously didn't expect the little old man to be here. The girl gently pursed her red lips. Dean Jiang, what are you doing here? "

"Tsk, you're so polite, yet you still use you." Jiang boning put his hands behind his back. I'm here to protect you!

Shi qinglan's Red lips curved up slightly.

She looked up at the old man with a sweet smile. how could I trouble you? I'm here personally, aren't I? "

Jiang boning was so angry that he blew his beard and glared at them. He didn't know whether he was angry at these people for bullying her or because Shi qinglan wanted to hide such a thing from him ...

"May I ask which one of you is Shi qinglan, the one who participated in the first aid?"

The door of the ward was suddenly pushed open, and a nurse came out with the medical record and looked around the crowd.

"I am." Shi qinglan's Red lips parted.

The nurse immediately showed a smile. the patient has just woken up and wants you to go in. You see ...

"I'll go take a look." Shi qinglan nodded gently.

Bo Yucheng and Jiang boning also followed the girl into the ward.

The nurse was about to close the door of the ward, but the reporter suddenly stopped her. since the patient is awake, can we go in and interview her and her attending doctor? "

"I can't," The nurse refused without hesitation. this is a ward. I can't let you in without the patient's permission.

The reporter frowned. but we have a pass and a permit. The Imperial hospital also said that we can report related content. Could it be that something happened to the patient, so we can't go in? "

The nurse looked at them in confusion.

...

She had just come down from the operating table with the attending doctor and obviously did not pay attention to the rumors on the internet. what happened? "

Hence, the reporter recounted how Shi qinglan, without a medical license, had used a hair clip to save a patient, causing the patient to vomit blood and his condition to worsen. She even accused her of blasphemy against medicine and her disregard for life.

The nurse almost fainted from laughter when she heard these comments.

She took a long time to react before she wiped the tears from the corners of her eyes. which news agency came here to make a joke? "

don't you need to prepare some relevant information before coming for the interview? who said that vomiting blood is definitely a deterioration of the condition? "

The reporter frowned. isn't that so? Then ..."

The nurse shook her head helplessly and told him the truth. her treatment was very timely, and the acupuncture technique and acupuncture points were very accurate.

if she didn't make the prompt decision to save the patient in time, wouldn't the patient's life have been in danger if the Imperial University medical team had arrived and sent the patient to the hospital? "

you might not know this, but the capital hospital had specially invited Shi qinglan over. Her acupuncture skills are so brilliant that even our Chinese doctor doesn't dare to take her on.

"I had no choice but to invite her to participate in the consultation on the prognosis of the surgery ... Can you guys go and post an apology now?"

...

294 Bo Yucheng, student Shi qinglan wants to fight with me?

After hearing the nurse's words, the reporters looked at each other.

They would never have thought that the truth of the matter was that the freshman had saved the girl's life!

The situation was reversed by the reporters' reports in an instant.

Even Imperial University had personally issued a public announcement to clarify the entire matter and praised Shi qinglan for her courageous act. They had also withdrawn the so-called punishment and given her a commendation!

All the comments on the internet that were detrimental to Shi qinglan's reputation were removed almost instantly. Many keyboard warriors' accounts were banned, and now they were all positive comments ...

Zheng Qiu and her mother expressed their gratitude.

Zheng Qiu's mother had specially brought some local specialties from her hometown, but Shi qinglan did not accept them. After consulting with the doctors, she followed Bo Li Cheng back to Imperial University ...

At this moment, in Room 109 of Building C.

Han Yina was initially gloating over their misfortune as she scrolled through Weibo. She would say a few sarcastic words from time to time, but she did not expect to suddenly see a new report, as well as a clarification statement from Imperial University's official Weibo!

"How is this possible!" She widened her eyes in shock.

LAN Chu immediately picked up his phone and his eyes curved into crescents when he saw the new message. I knew Xiao Qingqing was super awesome! There's no way she'd treat him badly!"

Although she did not know why Xiao Qingqing knew medicine ...

However, her Xiao Qingqing had always been so magical!

"I've told you before not to add insult to injury." Pan wanye's lips curled up after reading the new message.

She shook her head helplessly and didn't comment much on this matter, but the meaning of her words made people unhappy.

Han Yina bit her lip, and a hint of unwillingness and anger flashed in her eyes. but it's just an ordinary hair clip ...

They were all new students at the medical school of Imperial University. How could Shi qinglan really know how to perform first aid?

It's just a hair clip, can you really save people by simply pricking them twice?

Han Yina started to doubt her life and started to think about the truth of the matter. She even thought that Shi qinglan might have bribed the hospital and the school to help her clear her name ...

But what right did she have to have such a big hand?

"Sixth company, assemble!" At this moment, a whistle suddenly sounded.

LAN Chu immediately got off the bed, put on his military training suit in a hurry, and ran out of the dormitory building.

She saw Shi qinglan as soon as she arrived outside the building, so she pounced on her excitedly. Xiao Qingqing, you're so good at knocking!

The girl's petite body hung on Shi qinglan's.

Shi qinglan pinched the girl's cheek gently. you're already a married woman. Look at yourself. Come down quickly.

LAN Chu's eyes curved into crescents as she smiled. She stuck out her pink tongue and came down unwillingly. She tugged at the corner of her clothes. Xiao Qingqing, when did you secretly learn medical skills? "

"It's a secret," Shi qinglan blinked her eyes.

In the blink of an eye, the waves rippled and shimmered with bright light, as dazzling as the starry sky.

Sixth company quickly regrouped on the field.

The news of Shi qinglan saving people's lives was once again widely spread in the school. Every company knew about her deeds, and they were full of praise for this beautiful fairy with superb medical skills.

sixth company will resume military training! The chief Instructor announced.

The entire company cheered in joy. Military training was supposed to be a bitter and tiring thing, but they were disappointed when the training was suspended. Now that the training was finally resumed, they were excited!

"Shi qinglan is simply too awesome ..."

"I can rewatch the video of her saving people a hundred times! Her side profile is simply too beautiful, kind-hearted girls are the most beautiful!"

"The point is, she's beautiful to begin with. Have you ever seen someone with such good looks and medical skills? I just saw it!"

The students started to praise Shi qinglan.

Bo Zhicheng changed back into his military uniform and walked back to the company with steady steps. His deep eyes swept over the girl in the middle of the crowd and saw that many boys were surrounding her ...

"Gather." The man suddenly said in a cold voice.

Hearing the instructor's voice, the students instantly fell silent. They immediately tidied themselves up and stood in four rows, pretending to be obedient.

Bo Li Cheng's expression was still cold and hard as usual. He narrowed his eyes and glanced at the company leader. everyone, go for a slow jog around the field. After you come back from your warm-up, we will carry out military boxing training.

"Yes!" The companies shouted in unison.

The squad leader was led to the field by the company commander. They were in neat and uniform dark green military uniforms, with sonorous and powerful footsteps and loud slogans that resounded through the sky. The boys were valiant and heroic, and the girls 'ponytails were floating. They formed the most beautiful scenery when they first entered University ...

After the company finished running two rounds, they returned to their original position.

Bo Li Cheng strode steadily in front of the team. The man's face was cold and hard, his aura was cold and Noble, and there was a hint of Majesty. The few glints in his eyes were intimidating ...

next, we'll be doing military boxing training. His cold lips moved slightly, and every word he said was sharp and clear. next, I will demonstrate it once, and then teach you how to dismantle it.

"Report!" Suddenly, a girl raised her hand.

Bo Yicheng's eyes narrowed, his voice deep and cold. speak.

The girl said with a cheeky smile, "instructor, I heard that the military boxing that the company next door learned is the kind that can beat people up. A man and a woman pair for training and beat each other up. Which kind did we learn? "

Beating each other up ...

Shi qinglan's clear eyes were stirred up, obviously interested in this matter.

beating each other up sounds good ...

the military boxing in high school is all fancy and useless. If I can really learn the ability to beat people up, I think this military training will be worth it!

"Instructor, I'm begging for welfare! I want to beat someone up!"

Everyone was excited by the girl's question and asked for Bo Li city to give them welfare lessons on military boxing that could beat people up.

...

The man's eyes were cold. if you want to learn how to beat people up, sure. But if anyone can beat me and demonstrate with me, I'll teach you.

Bo Li Cheng's eyes were cold as he swept his gaze across the company, sizing them up. who's coming? "

Upon hearing this, everyone retreated again ...

After all, the two of them needed to work together to perform military boxing. No matter how powerful the instructor was, he couldn't perform two-man boxing alone. It was true that someone needed to cooperate and teach with him, but where was this person?

Han Yina's eyes flashed with a scheming light.

She glanced at Shi qinglan out of the corner of her eye and suddenly pushed the girl away. instructor, Shi qinglan said she can do it!

She didn't believe that she could even fight. After all, this person in front of her was an instructor. If he didn't kill her, he would at least cripple her!

Hence, Shi qinglan was pushed out without warning.

She staggered forward and raised her eyes to find that she was already outside the company, standing on her own ...

Everyone's eyes were on her.

Bo Yucheng's Red lips curled up slightly, and he looked at the girl with a faint smile. student Shi qinglan wants to fight with me? "

...

295 Continent S's boss VS the successor of the jingshi Pavilion

Shi qinglan's Red lips curved up slightly.

She turned her head slightly and glanced at han Yina, who had pushed her out from behind. The corner of her lips curled up meaningfully, and she suddenly laughed softly ...

"Alright." Shi qinglan raised her pretty face slightly.

She raised her eyes to look at Boye city, a hint of a smile in her clear and charming eyes. The Army green military training uniform that took advantage of her slender figure actually inadvertently revealed a sharp edge.

The sharp aura around the girl was emitted from her bones, and this innate temperament was difficult to hide.

"No way? Shi qinglan really dared to fight with the instructor ..."

"She looks very slim, and doesn't look like she can fight."

but why do I feel like she didn't do it willingly? it's more like she was pushed out by someone else ...

"It's not a big deal to watch the fun! I want to be an onlooker and enjoy the show. I've already brought the small bench over!"

The students looked at Shi qinglan with great interest.

They were quite interested in the upcoming fight, and at this moment, Bo Li Cheng's eyes also fell on the girl.

His eyes were as deep as the night sky, deep and dark, but with a hint of Starlight. When he looked at Shi qinglan, there was a burning passion in his eyes. student Shi, Are you sure? ”

Hearing this, Shi qinglan's beautiful eyes glistened.

She raised her face slightly. Her delicate eyes were already as bright as stars, and at this moment, when she looked at the man, she was even more certain.

The girl's Red lips curved slightly. I'm sure.

The surrounding students instantly heard the groundhog's shrieks.

Everyone was looking forward to the upcoming fight, and they all rubbed their little hands together with Starry Eyes.

Bo Yicheng's Red lips curled up slightly, and his deep eyes dimmed slightly. since it's a competition, we should stop here.

Even as an instructor, he could not bear to hurt the girl.

Furthermore, Bo Li Cheng was not blind. When he saw han Yina pushing her out, there was a profound look in his eyes.

“Instructor, you don't need to give way to me.” Shi qinglan smiled sweetly.

She confidently strode forward with her slender legs and walked in front of Bo Li Cheng with her back straight. That seemingly slender figure seemed to be extremely powerful at this moment, and there was an unconcealable sharpness even before she made a move ...

Shi qinglan's right leg took a small step back.

He clenched his fists and placed them on his abdomen. since it's a competition, showing your true strength is a form of respect for your opponent.

Upon hearing this, Bo Zhicheng's eyebrows raised slightly.

He was still standing there nonchalantly, his hands in the pockets of his military pants, and his eyes were shining as he looked at the girl ...

After a long while, the man walked steadily to Shi qinglan.

He leaned over slightly and whispered in the girl's ear in a low voice that only the two of them could hear, ” Lan Lan, are you sure you want me to get serious with you? won't I be punished to kneel on the washing board when I get home? ”

Shi qinglan turned her head slightly to look at the man.

She subconsciously leaned to the side, trying to maintain a safe distance from him that didn't seem ambiguous.

The girl's Red lips curled up slightly, and her voice was firm. what if ah-Cheng can't beat me? "

Bo Li Cheng's low and hoarse laughter echoed in her ears.

Even she herself had said that the only person in the world who was worthy of being her opponent was the boss of continent s ...

Unfortunately, he was, but he did not dare to really fight her.

Bo Zhicheng slowly straightened his back, took a step back, and lifted his chin slightly. let's start.

Shi qinglan's eyes turned cold.

Her actions almost overlapped with the man's voice at the end. She suddenly raised her leg and kicked him!

Bo Zhicheng's hands were still lazily in his pockets.

He raised his eyebrows and dodged the attack. His angular face was slightly tilted, revealing a cold and manly aura ...

Shi qinglan clearly did not see him as her boyfriend.

After the first attack was dodged, she took a step forward and gave another side kick. She raised her arm in an attempt to grab the man's shoulder.

"Kick lightly." Bo Yicheng chuckled. be careful. If you really kick me, the one whose heart aches for me in the end will be you.

He still dodged and had no intention of fighting the girl. However, even when he dodged, his actions were clean and neat, without any sloppiness. He tilted his head, turned his body, and retreated ...

"Play seriously." Shi qinglan's voice was cold.

As she spoke, she suddenly lifted her leg and kicked somewhere in Bo Li Cheng. The man's eyes narrowed slightly, and the smile on his lips instantly disappeared.

He immediately took his hand out of the pocket of his military pants and raised his hand to grab the girl's ankle. Lan Lan, where are you kicking? Are you planning to make yourself lose the happiness of sex for the rest of your life?"

Shi qinglan looked at the man with a sweet smile.

She did not respond. With a little force, she pulled her ankle out of the man's big palm and raised her elbow to attack him.

Seeing his wife beating him up so seriously ...

Bo Yucheng's eyes narrowed slightly. He took his hands out of the pockets of his military pants and finally began to respond to the girl's attack.

Shi qinglan lifted her leg and gave a side kick. The man dodged and tried to grab her wrist, but the girl's movements were also Swift. After dodging, she swept her leg across in a handsome manner ...

One of them was a sharp figure that exuded a thick and overbearing aura.

One of them was a soft and petite figure, but it was a sharp figure.

The fight between the two of them became more and more exciting. Shi qinglan's attacks were always on the upper hand, while Bo Li Cheng mainly dodged. Occasionally, he would take the initiative to attack, but he only dared to grab her wrist or shoulder ...

...

He didn't dare to kick, he didn't dare.

"F * ck! Shi qinglan's so good at fighting, she's not at a disadvantage even after a few rounds with the instructor!"

Shi qinglan will be my sister LAN from now on. I'm f * cking convinced!

why do I feel like the instructor doesn't really dare to hit her? it's as if he's deliberately giving way and only avoiding her without attacking ...

The company's students were all stunned.

He didn't expect to see such an exciting fight during the military training, just like in the TV series!

"Did they all see that you were throwing the game?" Shi qinglan's Red lips curled up slightly as she looked at the man with a half-smile.

When she attacked, the two of them happened to be standing side by side. The girl's shoulder was gently pressed against the man's hot and solid chest. She suddenly used her elbow to block, and Bo Yucheng's large palm wrapped around her elbow ...

"Is that so?" His thin lips curled up slightly.

The man's eyes gradually darkened as he spoke. He glanced at the company commander from the corner of his eyes, and it was unknown what those dark eyes were thinking about.

At this moment, Shi qinglan suddenly broke free from his large palm. She was about to attack again when her hair suddenly fell ...

...

Bo Li Cheng did not make a move, but strode towards the girl and directly raised his hand to take off her military cap!

Shi qinglan's long, silky hair fell to the ground, drawing a graceful arc in the air as she turned around ...

"You've lost," Bo Li Cheng slowly opened his mouth.

His eyes drooped slightly, and his slender white fingers lazily played with the hat in his hand, gently rubbing it a few times.

296 Shi qinglan slaps han Yina in the face

Shi qinglan's charming eyes narrowed slightly.

She raised her hand to tidy up her slightly messy hair. She didn't expect Bo Li Cheng to play with this instead of hitting her ...

The girl smiled sweetly. instructor Bo's skills are not bad.

There was a hint of coldness in her tone. The man's forehead twitched slightly after hearing her words, and he had an ominous feeling.

"I admit defeat." Shi qinglan's Red lips parted.

She reached out to take back her hat, tucked a few strands of hair behind her ears, and tied it back into a ponytail, then put the hat back on.

In fact, she could feel Bo Li Cheng's skills ...

If he used 100% of his strength to PK with her, she might not be a match for the man. It seemed that her list of opponents would have one more person besides the boss of continent S.

"Student Shi is not bad either." Bo chicheng's lips curved into a faint smile.

The company immediately burst into thunderous applause. Some were for the instructor, but most were for Shi qinglan ...

There were even boys who bragged about her.

"Big sister LAN is awesome 666!"

sister LAN will be my sister LAN in the future. There's nothing wrong with clinging to sister Lan's thigh. Her skills are simply too awesome ...

"If I were a man, I would marry her!"

"There's no need to change. Be a man, alright! I'm a girl, but I've been turned gay by big sister Lan's handsomeness. She's too handsome!"

the instructor is so handsome too. I'm crying ...

for some reason, I feel like the instructor and sister LAN are a couple. I suddenly feel like they're a good couple. The instructor doesn't dare to hit her, as if he's afraid of going home and kneeling on the washing board!

Hearing this discussion, LAN Chu's pink lips opened slightly.

She looked at the girl in surprise and even suspected that she had the script in her hands!

At the same time, on a lush tree nearby ...

Qi yexuan was lazily half-lying on a thick branch, half-hidden by the grass-like green leaves.

The man's Red lips were gently pursing a blade of grass. One of his arms was behind his head, and his long legs were bent. At this moment, he was looking down and casually admiring the fighting scene.

"Xiao Shi. er's skills have indeed improved ..."

Qi yexi raised his hand to remove the grass between his red lips. His cold white fingertips flicked gently and slowly fell down along the fallen leaves.

There was a flirtatious smile on his lips. When he saw the fight between Shi qinglan and Bo Zhicheng, there was an unreadable look in his eyes, but he did not do anything else.

The praises and cheers from the sixth company continued ...

Bo Li Cheng's cold and hard face exuded an unquestionable dignity. although student Shi qinglan did not win against me, her skills are still worthy of being your teacher.

so, for the next two-person military boxing, student Shi qinglan and I will work together to demonstrate teaching.

The man's voice was calm and cold. Coupled with the military uniform wrapped around his long body, it made his temperament look noble and domineering. His tone was unquestionable.

The students of sixth company cheered and naturally had no objections.

However, han Yina's expression was a little twisted. She gritted her teeth tightly. Seeing Shi qinglan in the limelight, a strong sense of jealousy could not help but arise in her heart ...

She had clearly wanted to push Shi qinglan out to embarrass her.

However, she didn't expect that she would be in the limelight in front of everyone!

"Report!" Han Yina suddenly raised her hand.

All the students looked over when they heard the voice. When Bo Yucheng saw her, he immediately recognized her as the girl who had pushed Shi qinglan out, and his long and narrow eyes narrowed.

Han Yina said, "reporting, instructor! I'm not satisfied with this result, you clearly went easy on Shi qinglan just now!"

Shi qinglan's eyes turned cold when she heard that.

She turned to look at han Yina. The light in her clear and delicate eyes actually gave off a faint sense of oppression.

The girl's Red lips parted slightly. then tell me, what should I do to convince you? "

Hearing this, han Yina suddenly choked. Although she did see that Shi qinglan was good at fighting, the instructor had just said that she would only be qualified to cooperate in the teaching if she defeated him ...

However, the reality was that not only did the instructor go easy on Shi qinglan, but he also managed to win the opportunity even if Shi qinglan lost!

"I think you were just using flowery moves just now!"

Han Yina said, "if it wasn't for the instructor's deliberate concession, you wouldn't have had the chance to show off your martial arts. I'm afraid he would have knocked you to the ground with his first move.

Shi qinglan's Red lips curved up slightly.

The smile on her lips became even more dangerous. The girl slowly approached han Yina, the faint coldness around her sending chills down one's spine. so, what do you want? "

Han Yina felt a little creeped out by her stare ...

She raised her hand and touched her arm. She did not know when she had gotten goosebumps, which made her feel uneasy.

"I ... I'll fight you!" She suddenly said.

A look of surprise flashed across Shi qinglan's eyes. The smile on her lips gradually turned into a half-smile. you? "

The light words revealed the disdain of a Big Shot.

As she spoke, she looked at han Yina casually. Seeing her thin arms and legs, she wondered how she should make a move later so that she would not lose so badly ...

"It's me!" Han Yina straightened her back confidently.

Her lips curved into a smug smile. I've been learning Taekwondo since I was a child, and I got a black belt in Taekwondo in high school. I think I'm qualified to be your opponent!

Shi qinglan raised her eyebrows. She did not expect han Yina to have learned Taekwondo before, but she did not take her seriously.

...

She smiled. how do you think we should compete? "

just like you and the instructor just now, whoever can take off the other's hat first wins. Han Yina said.

However, her ambition was even greater. She glanced at Bo Li city from the corner of her eye. if you lose, then you must give me the opportunity to work with the instructor to teach two-person military boxing.

Hearing this, Shi qinglan's charming eyes narrowed.

When she heard these words, the inexplicable chill around her body became even colder, and her pair of cool eyes clearly revealed a bit of displeasure.

Han Yina actually took a fancy to Bo Li city ...

Jealousy instantly spread in her heart without any warning.

"Alright," he said. Shi qinglan's voice was clear and cold.

She raised her hand, her cold white fingers gently placed on the brim of her hat, and gently pressed it down.

Seeing that she had agreed to the battle, han Yina immediately raised her hand to adjust her hat, and then stepped out of the ranks without hesitation.

"I'll give you three moves." Shi qinglan's Red lips curled up slightly.

...

At this moment, the exchange of blows was no longer as teasing as it was when they were fighting with Bo chicheng. Instead, it was possessiveness at work, and he subconsciously did not want han Yina to take any advantage of him!

On the other hand, Bo Li Cheng was in a rather good mood ...

His red lips curled up slightly as he looked at the girl who was jealous of him, his deep dark eyes filled with endless joy.

297 Jiang Xiaoyao protected his son and slapped han Yina in the face

Han Yina looked up at Shi qinglan arrogantly.

She also took a step back in a very standard posture, and then raised her chin. let's start.

"I said I'll give you three moves." Shi qinglan's Red lips parted.

His crisp voice carried a hint of arrogance as if he didn't see the person in front of him as an opponent.

Han Yina did not feel insulted at all ...

She laughed contemptuously. you'd better not regret it!

As soon as she finished speaking, she suddenly reached out to grab Shi qinglan's hat. The girl's legs did not move, but she easily dodged it by slightly tilting her waist.

"One move," She laughed indifferently.

Han Yina's eyes turned cold. She immediately took a few steps forward and ran in front of Shi qinglan, spinning and kicking her in the abdomen.

However, the girl still did not move. She raised her hand, grabbed her ankle, and pushed her back with force. two moves.

Han Yina was caught off guard and staggered two steps.

If she hadn't learned some Taekwondo and knew how to balance her power and stabilize her body, she would have fallen flat on her face.

She clenched her teeth tightly, realizing that Shi qinglan was not as easy to deal with as she had thought ...

"You!" Han Yina was so angry that her chest heaved up and down.

Especially when she didn't even move a step and easily blocked her two attacks, this finally made her feel humiliated!

Han Yina attacked again in a fit of rage. She grabbed Shi qinglan's shoulder with one hand and tried to pull her hat off with the other.

"Ha ..." Shi qinglan chuckled.

Her shoulder moved slightly, but han Yina's palm felt a strong force struggling to break free.

The hand that was holding Shi qinglan was flung away, and the girl's soft waist pressed back. Shi qinglan raised her hand and placed it on the brim of her hat, and the back of her waist was so soft that it seemed like she was dancing.

Han Yina's hand could not reach that far at all ...

She was stunned for a moment, and then she heard Shi qinglan's cold voice. three moves, it's my turn now.

Before han Yina could react, Shi qinglan suddenly straightened her back, grabbed her arm nimbly, lifted her leg, and swept it across her calf, putting her down.

Han Yina felt as if her body was in the air. She felt a sharp pain in her calf, and then her whole body was lifted up. Shi qinglan threw her over her shoulder and onto the ground.

ah! a miserable scream suddenly sounded.

Han Yina felt her entire body shake. The intense pain from her hip bone made her a little dazed.

Shi qinglan looked down at the girl who had been knocked down.

Her red lips curved up slightly. half a minute.

That crisp voice was filled with the arrogance of a boss, as if he was announcing how weak han Yina was.

“You ...” Han Yina’s eyes were filled with tears.

She gasped and touched her hip bone, even suspecting that it might be fractured.

“F * ck! Big sister LAN is a little too handsome ...”

sister LAN is simply my goddess. I’ve never seen anyone so badly slapped in the face before!

“F * ck! I’ve fallen in love with this extremely handsome woman!”

Bo Li’s long and narrow eyes suddenly narrowed. His cold eyes swept over the girl who said this, a dangerous light flashing in his black eyes. The warning in his eyes was very obvious.

There were so many love rivals in this school ...

He wanted to take the girl home and hide her.

“You admit defeat?” Shi qinglan blew at her eyes nonchalantly, her red lips curled up in an obvious smile.

Han Yina gritted her teeth and looked up at her, not saying a word.

“Master Sheng, the children’s military training will be held here.” The chief Instructor happened to lead Jiang zhizhi to the field.

The man was dressed in a well-ironed military uniform. The dark green color complemented his tall figure, making him look noble but also a little wild and unruly. His every move was very arrogant.

Jiang Xiao lazily responded, " yeah.

He sent the chief Instructor away a little impatiently. He squinted his eyes lazily and saw Shi qinglan ...

At that time, the girl had just started fighting with han Yina.

The three careless yet somewhat arrogant dodges and the one-hit victory in the last half a minute all fell into Jiang zhizhi's eyes, causing him to raise his straight eyebrows.

"Shi qinglan, you're despicable!" Han Yina was furious.

She was unwilling to lose face in front of everyone, but it was a fact that she had just been defeated, so she could only scold her for being despicable ...

Han Yina gritted her teeth. we're all classmates. It's just a simple competition. Do you have to be so ruthless? "

"We agreed that the way to determine the winner was to take off the hat and win. What do you mean by flirting with me? He's too ruthless!"

Speaking of which, han Yina was still wearing the hat ...

Shi qinglan did not think too much about it just now. In any case, she was very unhappy when this woman said that she wanted to snatch Bo Xicheng from her.

"I can't control it." Shi qinglan's Red lips twitched slightly. I just didn't expect han Yina to be such a noob.

"You ..." Han Yina was so angry that she almost vomited blood.

But even so, her classmates still stood on Shi qinglan's side without hesitation.

'What is this han Yina doing ...' She's the one who said she wanted to compete, and she's the one who said Shi qinglan was despicable!"

...

"It's only fair if she wins, right?"

although my sister Lan's methods are indeed a little ruthless, han Yina was the one who provoked her first. She deserves this result!

sister LAN was also like this when she wanted to save someone. I think she's so sour that she's about to turn into a lemon!

Han Yina's heart was filled with hatred and jealousy when she heard the students' comments.

A vicious glint flashed across her eyes as she fixed her gaze on Shi Qinglan's legs.

Han Yina got up from the ground without warning and was about to sneak an attack on her lower body to knock her down when she wasn't paying attention.

However, she did not expect two figures to suddenly appear before her!

Bo Yucheng and Jiang Yingluo rushed to the front without hesitation. The former was about to reach out to grab Han Yina's shoulder, but he did not expect Jiang Yingluo to raise her arm and block him.

Bo Li Cheng's eyes turned slightly cold as he looked over ...

Jiang Yingying's lips curled up into a wild smile as she grabbed Han Yina's wrist and twisted it.

crack-" the sound of bones breaking was heard.

...

Han Yina's shrill scream suddenly rang out. ah-"

The scream echoed throughout the field almost instantly. Her face immediately turned pale, and her forehead was full of sweat. The pain was so great that cold sweat even covered her entire back ...

it hurts! Ah! It hurts! Han Yina was in extreme pain.

She didn't know who was so ruthless to her. When she looked up, she didn't expect two men in military uniforms to be standing in front of her and staring at her with cold eyes!

298 Boye city VS Jiang Zhizhi

Jiang Yingying narrowed her eyes.

He glanced at Han Yina, and his lips curled into a wild smile.

"He's indeed a noob." The man's tone was wild, and he suddenly let go.

Han Yina.

She gritted her teeth. you ...

“What are you still doing?” He raised his eyebrows.

He looked at han Yina. why aren't you going? ”

Han Yina instantly felt humiliated!

But she glanced at it!

Han Yina's pupils suddenly shrank ...

She held onto her fractured arm and glared at Shi qinglan indignantly. Shi qinglan, I'll get even with you sooner or later!

“Let's wait and see,” The girl's Red lips curled up slightly.

Han Yina was not in the mood to argue with her. She immediately rushed to treat her broken arm.

He snorted.

He looked down on people who used underhanded tactics the most ...

Because of han Yina's little episode, pan wanye was worried about her condition, so she took the opportunity to follow her to take a look.

Jiang Xiao casually broke a short willow branch and put it in his mouth.

The corners of his lips curled up slightly as he glanced at Bo Yucheng. what a coincidence, master Bo actually has the time to come to the University.

Bo Li Cheng's dark eyes were deep and his lips curved into a faint smile.

He turned to face Jiang Qianqian and nodded slightly. don't you have the leisure to do this too, master che? ”

“Don't pretend in front of me.” The smile on Jiang yingluo's lips instantly disappeared. He narrowed his eyes slightly. you know my motive, but master Bo's motive needs to be investigated.

Upon hearing this, the smile on Bo Zhicheng's lips deepened.

He knew that Jiang Yingying was Shi qinglan's uncle. Of course, he also knew that he was here for the girl ...

"I'm bored." Bo Yicheng said slowly.

However, Jiang Yingying snorted coldly. He suddenly raised his hand and removed the grass in his mouth. He looked at the man with a cold gaze.

His indolence and unruliness were completely restrained. There was a hint of warning in his eyes. I've seen many big-tailed wolves like you. Shi honghu was like this back then.

He kidnapped his sister in the name of tutoring her homework, but she didn't tutor the child well and created three!

Now, Bo Li Cheng was using the instructor's name again ...

The last time at Shi qinglan's family recognition banquet, he had vaguely seen some signs, but he had not had the time to confirm it.

"It seems like master Sheng already knows." Bo ye Cheng did not deny it, his eyes looking deeply in the girl's direction ...

At that moment, Shi qinglan was drinking water by the flower bed.

The military cap hid her long, silky hair, and her white cheeks were exposed, making her look even more sharp.

The man's dark eyes were filled with a smile. Then, his eyes narrowed and he chuckled. master Sheng, are you going to stop us? "

Jiang Xiao gently pressed the tip of his tongue against the inner side of his cheek.

He lifted his chin slightly, revealing the sexy Adam's apple on his neck. I only listen to two women in my life. The first is my sister, and the second is my little niece.

In short, if either of them objected to this matter, he, Jiang Xiaoyao, would be the first to stand up and stop it!

However, based on his sister's experience of being abducted ...

He felt that there was no point in stopping her now, because the little white Rabbit might have already fallen in love.

"Then I'll thank you in advance, uncle." Bo Li Cheng chuckled.

Jiang Yingying didn't expect this man to be so shameless. She squinted at him in disdain. tsk.

Back then, Shi honghu was at least an iceberg and not so Black-bellied.

He didn't expect that his little niece would fall into the hands of such a big-tailed Wolf. She was so shrewd that it was hard to control her.

"Uncle, do you want to stay here and watch?"

Bo Yucheng turned his head slightly to look at the man, only to see him casually nod his head. I'm just casually taking a few glances.

After all, his sister had told him to come and take care of her, saying that she was worried that the young girl would suffer during the military training.

Bo Li Cheng responded in a deep voice, then his eyes swept past the students who were resting. everyone, gather.

Upon hearing this, everyone immediately put down their cups of water and returned to the company.

Jiang Yingying's handsome face would undoubtedly attract everyone's attention. In fact, when he had just taught han Yina a lesson, he was so handsome that many students 'legs had turned soft ...

"Instructor Bo, who is this instructor?"

"So handsome, so handsome, so handsome! The two men were handsome in different ways! I feel like I'm watching an idol drama, with so many different types of overbearing CEOs in front of me!"

he's simply the soldier brother in my heart ...

Shi qinglan's Red lips curved into a smile, and her clear eyes turned into crescents as she smiled. uncle.

She didn't make a sound and greeted the man with her lips.

In front of the people close to her, the girl would always reveal her most innocent, playful, and unguarded side.

...

Jiang Yingying's lips curled up slightly. Her smile was wild and unrestrained, and it instantly mesmerized the girls in the company ...

"You guys continue training, don't mind me." He opened his mouth lazily and then sat down cross-legged on the ground, his arms hanging slightly on his knees.

His unbothered appearance was even more handsome ...

The students once again adopted the attitude of onlookers. I wonder who will win if the two instructors fight? ”

“Yes, yes! The two instructors should fight!”

we’re learning military boxing today, so we need a demonstration from the two instructors. We can also do two-person military boxing or something!

“Fight! Fight! Let’s fight!”

After watching two fights today, the students ‘enthusiasm was obviously ignited. They really didn’t mind watching a show.

Jiang Xiao raised his eyebrows. eh, you want to see me fight? ”

With that, he jumped up with one arm on the ground, his posture neat but with a bit of disdain.

“Hit, hit, hit!” The students nodded frantically.

...

Jiang Xiao’s eyes flashed with a hint of nonchalance. He glanced sideways at Bo Yicheng, then lowered his eyes and slowly rolled up the sleeves of his military uniform. I’m just afraid that instructor Bo won’t dare to fight me.

“After all ... I’m your elder.” He seemed to be smiling.

Bo Li Cheng’s eyelids drooped slightly, his voice deep and clear. master Sheng, if you want to compete, I’ll naturally accompany you.

The smell of gunpowder gradually spread between the two of them.

Jiang Xiao raised his chin slightly. I’m getting on in years and can’t beat the young in fighting. How about fencing? ”

Shi qinglan was speechless. He’s still okay at his age.

299 Shi qinglan and Bo Zhicheng were caught dating!

Bo Zhicheng’s eyelids drooped slightly. either is fine.

Thus, the assistant Instructor immediately went to get the sword. The two men put on protective equipment, looking even more domineering and mighty.

Two tall figures stood side by side on the field.

The instructors of the other companies were all from the military, so they were naturally familiar with a general of Jiang zhizhi's rank. When they saw that he was going to compete with someone, they immediately suspended their training without any hesitation and ran over to join him.

"According to the rules of the International sword Association, whoever can hit five times in three minutes wins. I'll play one round with you." Jiang Xiao said indifferently.

Bo Li Cheng nodded slightly. He gripped the hilt of the sword in his hand and lightly jolted it twice to test its weight. Then, he turned his wrist, ready to fence at any time.

He said with a smile, "master Sheng, do you want to place a bet? "

"You'll leave LAN 'er if you lose?" Jiang Xiao said nonchalantly and sneered with a mocking tone.

There was a faint chill in the bottom of his eyes ...

He was immediately alarmed, but before he could say anything, he heard Jiang Xiao say, " I never bully the younger generation.

His tone was so arrogant that he didn't even put him in his eyes.

As soon as she finished speaking, Jiang zhizhi flicked her sword and pointed the tip at Bo Li Cheng. we'll start at any time.

The man's arrow glowed with a silver light, and his movements were clean and sharp.

"He's so handsome!" Shi qinglan subconsciously praised.

When he heard the girl's soft voice, Bo Li Cheng's long and narrow eyes narrowed slightly. A resentful gaze faintly floated over, and the jealousy in his heart instantly spread!

Jiang Yingying curled her lips. your little girlfriend praised me for being handsome.

Upon hearing this, Bo Li Cheng's eyes suddenly turned cold. He suddenly stretched out his arm, and before completing the cool bow step, he used the tip of his sword to stab at the other party's effective part, threatening him continuously.

Jiang Xiao immediately stepped back to defend, but no matter how tight the city of thin mist's attack was, he never left the defensive line.

He even held his sword with his wrist and tried to counterattack after sliding it across his opponent's sword, stabbing it at his opponent as well!

The smell of gunpowder between the two people was getting stronger and stronger ...

The two silver swords in the man's hands drew a sharp arc, one side attacking and the other side retaliating, neither willing to give in.

As time passed by, a sharp whistle sounded.

The time was up. No one hit the other side, and the game was over.

Who knew how many Wayne died in the company?

"I'm too cute! I love the two of them!"

"The two instructors are the overbearing bosses in my heart! Ah, I really want to have a sweet love with them ..."

what's this strange smell of gunpowder? I feel like they have some hostility towards each other ...

"You must be mistaken. How could two instructors be hostile? I think it's just a man's desire to win!"

but I still feel that there's a sour smell in the air ...

"It's a draw." Jiang zhizhi's lips twitched. She raised her hand and threw the sword away, and the assistant Instructor beside her caught it immediately.

He turned to look at Bo Li Cheng, his wild and unruly eyes showing a rare hint of admiration. your arm strength is not bad.

"Uncle, actually my waist is not bad either." Bo Yicheng's Red lips curled up slightly, his deep voice containing a deep meaning.

Jiang Xiao frowned slightly and glanced at the man.

He turned his head to look at the man. The two of them were standing side by side, but they were facing each other. if you dare to get LAN 'er pregnant so early, I'll definitely beat you until you're paralyzed.

As soon as his voice fell, he strode away.

Bo Yucheng's dark eyes were deep and he ignored Jiang zhizhi's warning to him. He looked at the girl with a smile ...

Shi qinglan's beautiful eyes blinked and her red lips parted. handsome.

Although she didn't say anything and only mouthed it, the smile in the man's eyes deepened.

The military boxing training continued. Shi qinglan stepped out to cooperate with Bo Li Cheng in teaching, and the day's training ended very quickly ...

"Disband." Bo Li Cheng announced in a deep voice.

The students immediately started to cheer, and in order to grab the bathroom, they ran towards the dormitory at the speed of a 100-meter sprint, as if they were in a war.

Shi qinglan deliberately slowed down her pace. As she walked slowly toward her dormitory, she suddenly felt a force on her arm.

Bo Yucheng suddenly pulled the girl into his arms.

He turned around and pressed her against the tree trunk, one arm on the girl's side, and looked at her with deep eyes ...

"What are you doing?" Shi qinglan raised her eyes warily.

She glanced around. Although today's military training was temporarily dismissed, this was still a school after all. There were still many students nearby who were not in a hurry to return to the dormitory ...

Bo Yucheng pinched Shi qinglan's chin and suddenly lifted her face. He moved closer and closer. I want to kiss you.

Hearing this, the girl's face instantly blushed.

Her clear eyes glowed slightly, and she avoided his gaze. She only felt that the man tonight seemed to be particularly coquettish, and he was getting more and more presumptuous and brazen ...

"Don't ... Oh!"

However, before Shi qinglan could reject him, Bo Yucheng suddenly lowered his head and sealed his lips. He pressed the girl tightly against the tree, and this unexpected kiss was overbearing and hot.

Shi qinglan's eyelashes trembled slightly as she slowly closed her eyes ...

It was only when the two of them felt each other's rapid breathing that Bo Li Cheng reluctantly let go of the girl.

Shi qinglan's clear eyes were shimmering with a little light, looking a little charming and soul-stirring.

...

"Lan Lan," The man's voice was slightly hoarse.

He wrapped an arm around the girl's slender waist and buried his head in the crook of her neck. you actually had the heart to hit me today.

There was a hint of grievance in his tone.

Shi qinglan blinked her beautiful eyes. shouldn't I be the one to beat you up? "

Upon hearing this, Bo Yucheng was suddenly choked by the girl. For a moment, he could not find any reason to refute her.

Shi qinglan cupped the man's face in her hands and gave him a light Peck on his lips. you didn't let me do it either, did you? "

From his tone, he seemed to be disappointed that he didn't beat him up.

Bo Li Cheng was so angry that he almost laughed. His deep voice was filled with a dark laugh. Lan Lan, have I spoiled you too much? Or do you think that we're not aggressive enough in bed ..."

Shi qinglan immediately raised her hand to cover his lips.

The girl bit her red lips and lowered her eyes when she realized the man's vicious words. don't say anymore!

Bo Yucheng planted a kiss on the girl's palm.

...

Under the dim yellow street light, he could vaguely see the girl's white ears were slightly pink ...

His red lips curled up slightly, and the indulgence and smile in his dark eyes gradually spread. The man suddenly took her small hand down and once again overbearingly and fiercely sealed her lips!

"Oh ..." Shi qinglan's eyes widened.

She was imprisoned and had no room to escape.

However, at this moment, a piercing flashlight light suddenly flashed, followed by a dignified voice, " which student is dating the instructor!

300 Shi qinglan and Bo Zhicheng's relationship was caught (2)

Shi qinglan's eyes flickered.

There was a flash of panic in her clear eyes. She immediately reached out and pushed the man away, taking off her military cap and letting her hair fall down.

Her soft, seaweed-like black hair was casually scattered over her shoulders. The girl gently flicked her hair twice to cover her porcelain-like face, but it could not hide the two red blushes floating on her face.

"Run!" Shi qinglan grabbed Bo Yucheng's wrist.

She was about to run away, but the man grabbed her hand and pulled her back, " Lan Lan, why are you running? "

The panic in Shi qinglan's eyes became more and more obvious.

She stomped her foot anxiously and looked at the person who was gradually approaching her. if I don't run, I'll be caught and sent to the punishment station ...

Bo Li Cheng's deep and pleasant laughter spilled from his throat.

He caressed the girl's cheek with his large palm, his fingers caressing her gently. you're not underage, and we're not having an affair. Won't running away make you feel guilty? "

"That's true, but ..." Shi qinglan bit her lower lip lightly. She felt as if she had been caught red-handed.

It was as if his teacher had discovered his puppy love ...

However, Bo Li Cheng's large palm held the girl's hand tightly, and the scorching temperature gradually passed to her palm, not letting her run.

"Kids nowadays are getting more and more shameless!"

At this moment, the dormitory manager's exasperated voice rang out. He raised his flashlight and walked over angrily.

The dormitory manager bent down and shone the blinding light of the flashlight on their faces. what's the name of the class? "

Shi qinglan's eyes were dazzled by the piercing light.

Bo Zhicheng's brows furrowed slightly, and he immediately raised his large palm to block the girl's eyes, his eyes filled with displeasure.

"Tsk, you're protecting him just like that!"

The dormitory supervisor glanced at him and sized up the military uniform on the man, which further confirmed his identity as an instructor.

He snorted coldly. you're so young, yet you don't learn well. You actually violated the school rules and dated the instructor! Tell me your name and class. I'll report it to the Student Union tomorrow morning!"

Shi qinglan bit her lower lip guiltily.

She definitely didn't want to say her name and class, but she couldn't think of a way to brush it off when she was suddenly caught ...

To her surprise, Bo Li Cheng cupped her face with his large palm. Lan Lan, don't be afraid. Even if I'm caught this time and will be punished and have my military rank cut off, I will never regret meeting you here.

Shi qinglan was speechless.

She looked up at the man in a daze, only to see a faint light in his black eyes. His eyes were as deep as the night, and they were unfathomable, but the deep love in them was burning and sincere.

Bo Li Cheng lowered his head and stared at the girl. for the past three years, I've been eating and sleeping in the Army. Although we're engaged, we haven't seen each other all year round. This time, I heard that you were going to participate in military training, so I took the initiative to invite Ying to come to Imperial University to be an instructor. I only wanted to take this opportunity to see you, but I didn't expect to be discovered ...

Shi qinglan looked at the man in confusion.

However, Bo Li Cheng's eyes were filled with affection. I've never cared about false titles like military ranks. It's just that your parents want me to make some achievements in the Army before they allow us to hold an official wedding. If I go back and get punished this time, I'm afraid you'll have to wait a few more years ...

Shi qinglan was speechless.

Little friend, do you have many question marks in your head?

However, she immediately understood that the man was acting, so she blinked twice and deliberately glanced at the flashlight. The strong light pierced her eyes and made them instantly tear up.

“A-Cheng ...” Shi qinglan’s eyes were filled with tears.

She looked up at the man affectionately. it’s my fault if you surrender. I’m willing to wait for you no matter how many years it takes. Even if I have to wait for another ten or twenty years, even if all my sisters are married and have children, I’m willing to ...

“Wuwuwu.” An earth-shaking cry suddenly sounded.

Shi qinglan and Bo Zhicheng looked to the side in unison, only to see that the originally serious and angry dormitory administrator had been moved to tears, even unable to hold back his cries.

it turns out that you have such a touching love story ...

The dormitory supervisor put away the flashlight and wiped his tears with his sleeves. children these days are getting more and more heartbreaking. It’s all my fault for wanting to report you.

Shi qinglan was speechless.

Bo Li Cheng’s eyebrows also raised without a trace.

After that, the dormitory manager said, ” continue. Continue what you’re doing. I promise I won’t report you. I’ll keep a lookout for you at the side. You can continue ...

The dormitory manager said as he put away the flashlight and turned to leave.

Shi qinglan’s Red lips curled up slightly. She looked sideways at the dormitory manager who had been tricked into leaving, and a sly smile flashed in her eyes. ah Cheng, you ... Oh!”

However, before she could tease him, Bo Yucheng suddenly lowered his head and once again stabilized her lips, even more impudent than before.

The old dormitory manager’s aged back swayed nearby ...

With his back facing the affectionate couple, he looked around at the students passing by. If anyone came close, he would really help them drive them away.

Bo Li Cheng took advantage of this time to push his luck ...

It was only when Shi qinglan raised her foot and stepped on his military boots that the man suddenly felt a sharp pain on the back of his foot. hiss.

He sucked in a breath of cold air and bit the girl's lips.

Shi qinglan licked her red lips, feeling the man's revenge. There was a faint taste of blood between her lips and teeth.

"You stepped on him so hard, huh?" Bo Yucheng lowered his head and gently pressed it against the girl's forehead, a hint of indulgence in his smile.

Shi qinglan's Red lips twitched. you deserve it ...

Upon hearing this, Bo Yucheng chuckled in a low and hoarse voice, his fingers gently rubbing the girl's lips that he had bitten open.

He was naturally reluctant to bite her hard, so he only punished her slightly and left a small mark on her lips.

"Let's go back to the dormitory," Bo chicheng's Red lips curved up slightly.

...

Shi qinglan's beautiful eyes were filled with anger and embarrassment. She snorted softly. instructor Bo. next time. remember not to date female students so presumptuously. Otherwise. you will be demoted and you will not be able to get married if you can't produce results ...

The girl's already soft voice was deliberately dragged out.

There was a hint of ridicule in her tone, and her delicate eyes were smiling slyly. However, as soon as she finished speaking, she turned around, put on her military cap, and ran away playfully.

Her hair had not been tied back into a ponytail yet.

Even though she was wearing a military cap, her black hair that was tucked behind her shoulders still fluttered in the wind, and her back view was delicate and graceful.

"You can't get married?" Bo Yicheng's tone was slow as he slowly savored these few words. it's impossible in this lifetime.

He was going to marry the little girl sooner or later.

The man's eyes were deep as he watched the girl's figure disappear from his sight before he finally turned around and left.
