

Heart Stealer Young Master Bo #Chapter 301 - Read Heart Stealer Young Master Bo Chapter 301

301 You're a fake heiress of the Han family, but it's a pity that she's the real heiress of the Shi Corporation

Shi qinglan came out of the bathroom after her shower.

Her slightly wet black hair was draped over her shoulders, and her porcelain-like face was still stained with a few drops of water. Even in an ordinary University dormitory, she still exuded the aura of a fairy after a beauty came out of the bath ...

"I smell the fragrance of a little beauty!"

LAN Chu took a deep breath and closed her eyes to enjoy the faint cherry blossom fragrance. She ran over with her short legs and put her arms around the girl's waist.

"Who did you learn this from?|Oh." Shi qinglan pinched the girl's face and pushed her away.

LAN Chu pouted his pink lips in disappointment. I didn't.

It was all because Bai Yuchen kept driving with her and laughed at her for not understanding these jokes. She was so angry that she had to fiercely tutor him and now she understood a lot!

"Crack-"

The dormitory door was suddenly pushed open at this moment.

Pan wanye helped han Yina into the dormitory. Han Yina's arm was indeed fractured, and it was currently in a cast around her neck. Even with makeup on, she still looked terrible.

"Quickly sit down." Pan wanye said softly.

Han Yina's arm was still in excruciating pain. Just moving it a little would cause her to gasp in pain. She carefully sat back in front of her desk.

His eyes were filled with anger as he stared at Shi qinglan, as if he wanted to swallow her alive with his gaze.

"What are you looking at? you asked for it ..." LAN Chu pouted her pink lips and mumbled unhappily.

Shi qinglan chuckled and coaxed the girl. She rubbed her cute little head and said, "she's looking at your little Qingqing. She's pretty."

LAN Chu nodded his head like a chicken pecking at rice, agreeing with him.

Han Yina glared at Shi qinglan in anger, but she was in so much pain that she did not want to quarrel at all. It would be great if her eyes could kill. are you that happy to hit me when I'm down? "

LAN Chu's pink lips twitched, too lazy to respond.

Even pan wanye's brows furrowed slightly. She said in a lecturing tone, "qinglan, you did cross the line today. It was unnecessary for your roommate.

Hearing this, Shi qinglan could not help but chuckle.

The girl's Red lips curled up slightly, but the smile on her lips was a little mocking. shouldn't you be saying this to her? "

If han Yina didn't insist on provoking her, she wouldn't have had to go against her. Besides, she had controlled her strength and didn't do anything to her.

Han Yina tried to sneak an attack on her, but Jiang zhizhi found out about it, which led to her fracture ...

"In short, both of you are in the wrong. You will correct it in the future." Pan wanye pursed her lips. we're all roommates, and we're going to be together for four years. Military training will hurt our relationship. It's not suitable.

Han Yina was so angry that her chest heaved up and down. it's fine if you don't mind. Then let Shi qinglan pay for my medical expenses and mental damage!

"INA." Pan wanye looked at her with a slight frown.

There was a hint of blame in his tone, as if he felt that it was inappropriate for her to do so, but he still sighed softly. but it's true. Qinglan, why don't you just pay her for the medical expenses? "

although you're not obligated to bear the responsibility, this isn't a big sum of money. We'll forget about this matter after you've given us the money. In the future, our dormitory will be harmonious and don't mention it again.

Shi qinglan almost laughed out of anger.

She finally understood this woman's character. She was not a white Lotus or green tea b * tch, but a hypocrite.

why should I pay for han Yina's medical expenses? " Shi qinglan's clear eyes were a little cold.

Her tone also turned a little colder. if you really know the whole story, you should know that han Yina wanted to sneak an attack on me, but she ended up like this because the instructor found out. If she wants medical fees and mental damage fees, she might as well go to that general!

"Shi qinglan, you ..." Han Yina was so angry that she stood up.

However, she suddenly got up and pulled on her wound. A sharp pain came from her arm, causing her to break out in cold sweat.

However, what Shi qinglan had said was true.

Every word revealed her ugliest side, making her feel as if her veil had been torn off. At this moment, she was embarrassed, angry, and jealous ...

han Yina, I'm warning you. You'd better not mess with me.

Shi qinglan's eyes squinted slightly, and the coldness in her delicate eyes grew even colder, as if they were tinged with danger.

It was probably because she had stayed by Bo Li Cheng's side for a long time that her clear eyes had also learned to kill with her gaze.

The girl tucked her hair behind her back and slowly approached han Yina. Her red lips parted slightly, and her words were clear. no one who has provoked me in the past will have a good end.

Upon hearing this, han Yina felt a chill run down her spine.

She gently clenched her fists, and cold sweat covered her palms without warning. Hearing this warning, she felt like she was going to die.

Han Yina swallowed, but she still straightened her back and looked up at the girl arrogantly. you ... Who Do You Think You Are to threaten me? how can I be afraid of you?"

"Have you heard of the Han family, a noble family in Beijing?"

"I'm the daughter of a rich family. If you dare to mess with me, the Han family will make you unable to go to school. Why are you acting like a big Shot? do you think you have a cheat?"

Han Yina said every word in a righteous manner. Her face was not red, and her heart was not beating fast when she was lying.

If Shi qinglan had not been part of the Royal Circle in the capital and had not known that there was no such thing as the Han family, she might have been fooled by her self-righteous appearance.

What a pity ...

She was also the daughter of a wealthy family, and the daughter of the Shi financial magnate, one of the top rich families in the imperial capital. She knew all too well that there was no Han family, and even if there was, they were no match for her!

"I hope you'll still say the same thing when the time comes." Shi qinglan's Red lips curled up slightly, and a mocking smile flashed across her eyes.

Han Yina was sensitive enough to catch her sarcasm.

However, she did not continue to retort. Instead, she clenched her fists gently and felt a little flustered in her heart ...

Could Shi qinglan have discovered something?

However, she didn't even have any branded items on her, so she obviously didn't look like she came from a rich family. She probably didn't know if there was a Han family in the rich circle of the imperial capital that she had made up.

...

That probably meant ... He must have been frightened by her.

"Oh," Han Yina sneered at the thought of this.

..

The next morning.

The whistle for the assembly sounded. Shi qinglan got out of bed and changed into her military uniform. She tied her ponytail and put it under her military cap. She looked so clean and neat that she really looked like a pretty female general.

"LAN Chu mumbled as he quickly put on his clothes in a flurry.

Shi qinglan's Red lips curved into a smile. She looked at the girl with a hint of indulgence and love in her eyes. let me help you.

However, just as she walked in front of her and was about to help her fasten her belt, she suddenly felt a faint pain in her lower abdomen.

302 Boye city: Shi qinglan steps out

Shi qinglan raised her brows slightly but did not care.

She quickly restrained her gaze and helped LAN Chu tie his belt, pretending that nothing had happened. Then, she pulled LAN Chu to the field to gather. Pan wanye also tidied up her clothes and caught up with them.

“Xiao Qingqing, why do you look so pale?”

LAN Chu looked sideways at the girl. She tilted her head and a hint of doubt flashed in her eyes as she blinked.

Shi qinglan pursed her red lips and said, “ I’m fine.

She subconsciously raised her hand to press on her lower abdomen. An ominous feeling rose in her heart, but she did not say anything.

All the new students gathered on the field and began their training in the morning. The Army green square team marched in uniform steps, and the loud slogan resounded through the sky.

The task for the morning training was to jog three kilometers.

After running a few laps, almost everyone was out of breath, and their faces were a little red because of the heat and lack of breath.

Only Shi qinglan’s face was slightly pale ...

“Xiao Qingqing, are you alright?” LAN Chu, who was beside her, noticed that the girl was different from a few days ago.

Shi qinglan had probably trained in the past. Her endurance was very good, so her breathing was even every time. After three thousand meters, she felt as if she had run thirty meters, and nothing happened to her.

However, the girl’s face was abnormally pale.

Her smooth and fair forehead was covered in cold sweat, and occasionally, a few drops of sweat slid down her cheeks and neck into her collar.

“I’m fine.” Shi qinglan’s brows furrowed.

At this moment, she felt that her abdominal bloating was a little painful, and even her hands and feet were cold. maybe it's a relative who's coming soon.

Upon hearing this, LAN Chu's pink lips opened slightly.

The girl's clear eyes flashed with a little anxiety. She immediately held her arm. ah, then what should we do? ”

Back when she was in ning City High School, she knew that Shi qinglan suffered from period pain. It seemed to be quite painful, and it was difficult to move even when lying down. Besides, there was so much training to do later ...

Shi qinglan's expression was calm. I can't take leave for military training. Just bear with it. I've been used to it.

This sentence hid a lot of heartache ...

LAN Chu became even more worried. She bit her lower lip lightly and shook the girl's sleeve. why don't you tell master Bo? he's the instructor and he will definitely agree to approve your leave.

She could tell that master Bo loved little Qing Qing very much ...

If he knew that she was on her period, he would definitely be so distressed that he would not let her do any strenuous exercise, so he would approve her leave.

“He's the instructor, so I can't make things difficult for him.”

Shi qinglan chuckled. if he were to approve my leave so casually, what if other students want to take leave in the future? ”

Everything had its own principles and bottom line. Once it was broken, many people would try to break it again and again. She could not be the one to break the principles of the city of thin sunlight.

“But ...”

“Don't worry, I'll be fine after taking a painkiller.” Shi qinglan took out a painkiller from her pocket and showed it to her.

She had a premonition in the morning that painkiller was always on her stock, but because she had been taking it for several years, the painkiller didn't have much effect on her.

If he really wanted to stop the pain, he might need to take three or four painkiller pills to be effective, but this was obviously an overdose.

“Alright, then.” LAN Chu’s fair cheeks puffed up slightly.

She was still looking at the girl worriedly. if you’re really not feeling well, don’t force yourself. You have to report it.

“Alright,” he said. Shi qinglan’s Red lips curved slightly.

She walked to the flower bed and bent down to pick up a cup of warm water. She took a painkiller and followed Captain Fang to the cafeteria for breakfast.

After breakfast, it was time for all the students to stand in a military position. Before that, the companies that had finished their breakfast could find a place to rest and reorganize on their own. They would be relatively free during this period of time.

“Ya, han Yina is back!” Someone suddenly said.

After all, Imperial University was one of the top universities in China. Most of the students who were admitted had high IQ and EQ. They were also people with good moral values and were not too shrewd or scheming.

Although han Yina had brought it upon herself yesterday, her classmates were still very worried about the condition of her arm ...

“INA, is your arm okay?” he asked.

“Didn’t the school approve your leave? Why aren’t you resting in the dormitory? why did you come to the field ...”

yeah, you’re definitely not suitable for exercise if you have a fracture. It’s better for you to rest in the dormitory for a while. Anyway, taking leave from military training won’t affect your results too much.

Hearing her classmates ‘concern for her, han Yina’s heart felt warm. She smiled and said, ” it’s okay. Even if I can’t do too much training because of my fracture, it’s good to stand by and watch.

“After all, this is the only time in my life for military training in University. I can’t bear to give up so easily because of a fracture. Everyone, continue to train hard. I’ll stand by and cheer you on.”

Han Yina’s words left a good impression on her classmates.

Strong and independent women were always supported, and many students couldn’t help but praise her for not being pretentious.

“What brand of garbage bag is she using to store so much?” LAN Chu’s little pink lips pouted very high. She was extremely dissatisfied.

Shi qinglan’s lips curved into a smile. why should I care about her? ”

“Xiao Qingqing is right. I don’t care about her.” LAN Chu’s eyes curved into crescents as she smiled, and she put this matter to the back of her mind.

At this moment, there was a teasing sound among the students. look, instructor Bo is here!

“Ah, instructor Bo became even more handsome today!”

instructor Bo came so early today. Usually. you can only see him after standing in the military position ... I’m so happy to be able to admire instructor Bo’s looks for an hour more today!”

“There must be something wrong with this abnormal situation! I don’t believe that instructor Bo came so early today because he was diligent ...”

Bo Li Cheng walked over in his well-ironed military uniform.

...

The students who were originally sitting on the ground immediately wanted to get up and gather, but the man raised his hand to signal them to move freely.

He stood on the field with his hands behind his back, looking particularly outstanding in the large army green. In addition to his handsome face, the noble and cold temperament around him was even more dazzling ...

“Student Shi qinglan, step forward.” He suddenly said in a deep voice.

Hearing that, all the students turned to look at Shi qinglan. They could not help but wonder why the instructor would suddenly want to talk to her alone.

Shi qinglan also looked up, her clear and delicate eyes flashing with some confusion. Then, she stood up and walked towards the man with her long legs.

Bo Li Cheng’s eyes swept over them. the rest of you are free to do whatever you want. In five minutes, everyone will be in a military position. The class monitor will organize a gathering.

As soon as he finished speaking, he looked at Shi qinglan with a deep gaze and raised his chin slightly to signal her to follow him. Then, he turned around and strode towards the slightly hidden woods nearby.

Shi qinglan pursed her lips slightly. She could sense that everyone's attention was on her, but she still braced herself and followed them.

303 I suspect that instructor Bo is in a relationship with Shi qinglan

The students couldn't help but start discussing.

instructor Bo seems to really see Shi qinglan in a different light. I keep feeling that there's something different between them ...

"You felt it too, right? I feel that it has been like this since the moment instructor Bo came! When he was teaching Shi qinglan the military posture alone, I could vaguely smell something unusual!"

"Right! And military boxing, I also feel that instructor Bo is someone who doesn't dare to fight with Shi qinglan ..."

"Do you guys think they're dating?"

"I'm really impressed by this couple. If it's true, it's too sweet!"

Han Yina's heart ached when she heard these discussions.

She bit her lip and looked at the back of the two people leaving with jealousy and unwillingness. She felt a little jealous ...

an instructor is not allowed to date students and I don't think instructor Bo is interested in Shi qinglan. You guys are overthinking it, right?" Han Yina subconsciously retorted.

However, her voice was quickly drowned out by the discussion.

Especially when the girls were so obsessed with love lines, they had already started to fantasize about the instructor and the female students secretly dating. They couldn't care less if han Yina was hanging on the lemon tree.

..

Bo ye Cheng's tall figure stood under a lush tree.

Shi qinglan turned her head slightly and glanced at the students behind her. Everyone was craning their heads to peek at her, trying to get some useful information ...

It was simply a déjà vu of snatching candy from the cracks.

The two of them did not walk too far. Shi qinglan stopped to keep her distance from him, but she was suddenly pulled into the man's arms.

we're dating underground. Be careful ...

Shi qinglan's brows furrowed slightly. She quickly pulled her hand back and looked up at the man cautiously.

He deliberately put his hands behind his back, probably to show the students behind him that there were no intimate actions between them.

"I remember that your period should be coming soon." The man's deep voice rang out, his tone full of certainty.

Upon hearing this, Shi qinglan suddenly raised her eyes and looked at the man.

She blinked her eyes, her clear pupils seemed to be filled with doubt. how did you know that my period was coming? "

Bo Li Cheng's Scarlet lips curled up slightly.

He slowly walked toward the girl and leaned over slightly. Lan Lan, I can't get any benefits when you're on your period ... I should remember these days in my heart."

Hearing this, Shi qinglan's face instantly turned red.

She almost instantly understood what benefits Bo Yucheng was talking about and almost bit her tongue in annoyance. then you ... You ..."

I'll approve your leave today. You can go back to the dormitory to rest. Bo Zhicheng's voice was deep and cold, with a hint of unquestionable authority.

It seemed like there was no room for the girl to refuse.

Shi qinglan raised her brows and looked at the man. but you're going against the military training rules by approving my leave ...

"In my company, I'm the one with the discipline." Bo Zhicheng's cold lips parted slightly, his deep voice full of dignity and a hint of overbearingness. He was clearly protecting his wife without any principles.

He lowered his eyes slightly and saw that the girl had her hands behind her back, not allowing him to hold them. His fingers gently pinched the corner of her shirt, and he tugged her twice like a little puppy.

His voice was soft and hoarse, as if he was coaxing her. be good. You usually suffer from severe menstrual pain when you're on your period.

Shi qinglan bit her lip and lowered her eyes.

It seemed that the man would always remember her period, and every time, he would prepare a warm baby and brown sugar water in advance to give her the most thoughtful and meticulous care.

It was just that she had no choice. No matter what, she was still in pain ...

“Alright, then.” Shi qinglan sighed softly. She could not stand Bo Li Cheng’s coaxing, pleading, and bewitching look.

Hearing this, the man’s eyes finally held back a faint smile.

He raised his hand and gently patted the girl’s head. that’s a good girl.

Little did they know that this action caused the company to scream crazily like a Groundhog.

“What’s the matter, Jimei? what did you see? I was distracted!”

instructor Bo touched Shi qinglan’s head just now and I think I saw her smile. He’s so doting!

“Oh my God, do the two of them have to be so compatible!”

“I can, I really can! Although instructor Bo is so handsome that I also want to covet him, I’m ugly and I’m not worthy. I’m completely fine with eating their candies!”

“I announce that I approve of this marriage! Civil Affairs Bureau, you should learn to walk over yourself when you grow up!”

The girls tried to suppress their screams, but they couldn’t hold back their excitement and began to discuss.

He probably heard what the students were talking about, and a dark light flashed in Bo Li Cheng’s eyes.

“I remember now!” A thin boy looked up.

His classmates instantly looked at him with a gossipy gaze.

The boy scratched his head awkwardly. I remember that I said I wanted to pursue Shi qinglan once ... Then, instructor Bo made me carry the heaviest sandbag when I ran with weights!”

“Ah, ah, ah, I hit my head again! This is definitely candy!”

I swear, there's definitely something wrong with Shi qinglan and instructor Bo. If there's nothing fishy between them, I'll kill myself!

no, I can't. This is too much ...

The boy's words were undoubtedly a bombshell, once again instigating the girls to discuss gossip.

Han Yina gritted her teeth and said, "but the instructor doesn't allow you to date students. It's against the rules.

...

"Damn, in the face of love, who cares about discipline?"

that's right. We're all adults. So what if we're dating? it's not like we're in a teacher-student relationship. It's not against morals!

"Although it doesn't seem appropriate, they interacted on the first day instructor Bo came. It's obvious that they have been in love for a long time! That's not seducing the instructor, is it?"

"I feel that instructor Bo is here for her!"

Han Yina's rebuttal was once again drowned out. Shi qinglan and Bo Zicheng returned to the team at the same time. In order to get more candy, the students tacitly kept quiet.

Bo Yucheng pursed his lips. Shi qinglan and han Yina are not feeling well today, so they've been specially granted leave to rest at the side. If you want to go back to the dormitory, write a report and go back at any time. The rest of you, stay where you are for a minute and get ready to stand in a military posture.

Upon hearing this, the girl who was eating candy almost fainted on the spot ...

This candy was so big and sweet that it even felt like instructor Bo was just short of putting his love out in the open!

However, han Yina said unhappily, "instructor Bo, may I ask where Shi qinglan is feeling unwell?"

Upon hearing this, Bo Li Cheng's long and narrow eyes suddenly narrowed.

He narrowed his eyes and stared at han Yina. There was a hint of displeasure in his black eyes, and the coldness around him gradually became more apparent.

...

304 Instructor Bo, Xiao Qing Qing fainted!

However, han Yina didn't have any judgment at all.

Her broken arm was obvious to everyone, but Shi qinglan had participated in the field training in the morning, so she did not seem to be in any discomfort. They could not help but think that the instructor had deliberately opened a backdoor for her.

does she need to report to you whether she's feeling well or not? ”

Bo Zicheng's cold lips parted slightly. The few words that seemed to have been fished out from an Icehouse were so cold that it sent a chill down one's spine.

Han Yina raised her eyes and met his dangerous gaze. For some reason, she felt that her broken arm hurt even more ...

“But, even if Shi qinglan wants to take leave, she should at least give everyone a convincing reason, right? Otherwise, if anyone were to take leave so casually in the future, what discipline would there be?”

Han Yina was clearly not convinced by Bo Li Cheng's decision.

She was not blind. She could see that there was something wrong between the two of them, but she was subconsciously unwilling to accept it. Seeing the instructor protecting her, she inevitably wanted to pick a fight ...

“Han Yina is right.” Shi qinglan suddenly opened her mouth.

She strode back to the square team with her slender legs, straightened her back, and raised her face. instructor, I can participate in the training as usual.

Upon hearing this, Bo Zhicheng's brows furrowed tightly.

He knew that a girl's period was basically painful and unbearable. It had reached a severe level, and it was possible that she would faint from the pain.

“I'm fine,” she said. Shi qinglan's voice was crisp and clear.

A certain light flowed in her delicate eyes as she looked up at Bo Li Cheng firmly. instructor, please act according to the discipline. If I can't hold on, I'll report it.

Bo Li Cheng's brows furrowed even more.

The cold light in his deep eyes fell on han Yina, making her shiver even more.

At this moment, an ear-piercing whistle suddenly sounded-

The chief instructor blew the whistle to gather all the students. The students immediately stood up and lined up in a square formation, looking lazy.

all students will now stand in a military stance for half an hour! The chief instructor's dignified and steady voice suddenly sounded.

Shi qinglan straightened her back even more after hearing the voice.

The girl raised her pretty face slightly. Her hair was tied up and she looked less charming, but her straight posture was cold and timid. Her swan neck was white and straight. Even if she was standing in a military posture, she was the most outstanding in the crowd ...

Bo Yicheng strode to the girl's side.

He lowered his voice, but his tone was still overbearing. Shi qinglan, go back and rest.

"I can endure it." Shi qinglan ignored him.

She knew that han Yina was deliberately picking on her. Even if she really wanted to take leave and return to the dormitory, she would stand there and say that she really couldn't hold on any longer. She would give her a convincing reason before leaving the company.

"You ..." The veins on Bo Zicheng's forehead throbbed violently.

He clenched his fists tightly and his dark eyes were filled with anger, but he could not do anything to the girl.

The man's thin lips were pursed into a line as he looked deeply at the stubborn girl. In the end, he couldn't force her, so he turned around and walked out of the line.

But even though he was not standing in the queue, Bo Li Cheng still had his hands behind his back, pacing back and forth anxiously nearby.

straighten your back, spread your shoulders, and raise your head to look forward.

"Put your fingers together and stick your middle fingers to the middle of your pants."

"If I find anyone being lazy, you will stand alone for another 5 minutes when everyone else is resting!"

The chief instructor's sharp eyes scanned the students ...

The sun gradually rose and shone on the magnificent army green. Many students had started to sweat after standing in the military posture for a long time. Only Shi qinglan felt her hands and feet gradually turn cold.

She probably had a cold womb because of the disease she had since she was young. Even in summer, her hands and feet were cold easily. When she was on her period, she would be even colder. Cold hands and feet were the precursor to menstrual cramps ...

There was a faint pain in his lower abdomen.

It was as if a knife had been stabbed into his lower abdomen. He used different angles and strengths to brandish the tip of the knife everywhere, causing the girl's face to turn slightly pale.

Han Yina sneered. you're still pretending.

She sat under the shade of a tree, enjoying the cool air. Her broken arm was hanging around her neck, and she used the other hand to blow herself some air with an electric fan. She looked at Shi qinglan with a mocking expression.

She just looked like a Vixen, and she looked pitiful and pitiful just by pretending. Those who didn't know would really think that she was not feeling well and was not trying to escape from military training.

"There's still ten minutes." The chief instructor's voice was heard.

Shi qinglan took a deep breath and straightened her back. Her delicate brows did not even furrow, but cold sweat was slowly rolling down her cheeks. She did not look too good.

Xiao Qingqing, can you still hold on ...

LAN Chu glanced at the girl beside her and mumbled to herself when the chief Instructor wasn't paying attention to them.

Shi qinglan pursed her red lips and replied, " yes.

Her voice was extremely soft and there was no certainty in it. Perhaps the pain in her abdomen was unbearable, so she didn't have the strength to speak. LAN Chu didn't dare to ask more.

The sun gradually climbed out of the mountain in the East ...

Finally, it was high up in the blue sky. The bright sun shone on the field, and the piercing light occasionally flashed past the clouds and flashed quickly in front of Shi qinglan's eyes.

The girl gradually felt a little dizzy.

The intense pain in his abdomen made his brain a little dazed.

“Last two minutes.” The chief instructor’s voice rang out again.

Shi qinglan’s brows finally furrowed slightly. She closed her eyes slightly and shook her head to keep herself awake.

The chief Instructor immediately caught it. that student, don’t move. If I find you again, I’ll add five minutes to your punishment!

Hearing this, Shi qinglan slowly opened her eyes.

...

She took a deep breath calmly and seemed to be standing straight, but her body was already shaking ...

“Last minute.” This was a warning that they were close to victory.

LAN Chu glanced at the girl worriedly. She was so anxious that she wanted to stomp her feet, but she didn’t dare to move from her military posture.

The time was drawing to an end ...

Shi qinglan’s back was almost drenched in cold sweat. She knew that the chief Instructor had finally announced, “ today’s group military posture will be standing here. Everyone will move around for five minutes.

Hearing this, Shi qinglan’s heart finally relaxed.

However, she suddenly felt her vision go black, and the dizziness in her brain made her lose her balance, and then she lost consciousness.

“Xiao Qingqing!” LAN Chu shouted in panic.

She immediately caught the girl who had fainted and screamed in panic, “ instructor Bo, Xiao Qingqing has fainted ...

Hearing this, Bo Li Cheng’s heart tightened.

He was worried about the girl and worried that she would be stubborn and not report to end the military training. Therefore, he had been loitering around the area since the beginning. At this time, he immediately rushed over!

...

305 Instructor Bo, Xiao Qingqing has fainted

Bo Yucheng immediately pulled the girl into his arms.

Shi qinglan was already unconscious. Her clear and delicate eyes were now closed, and her long and curled eyelashes cast a faint shadow at the bottom of her eyes. She was not as bright and beautiful as she usually was.

The girl's face was so pale that it made one feel pity for her. A few drops of sweat seeped out of her forehead, and her red lips had lost some color.

“Lan Lan ... Lan Lan!”

Bo Yucheng had one arm around the girl's waist, while his other hand caressed the girl's cheek, his fingertips trembling slightly.

His heart clenched tightly the moment he saw her faint. It was as if a big hand was gripping his heart, and it was suddenly in his throat, beating violently and uncontrollably.

“??—”

At this moment, a luxuriant tree suddenly shook. As usual, Qi yexi lazily hid in the tree and admired Shi qinglan's heroic posture and appearance during the military training.

However, when he saw that she had fainted, his flirtatious peach blossom eyes narrowed. He suddenly turned over and sat up, putting his arms on his knees. He frowned tightly and looked at the girl who had fainted ...

“Tsk.” Qi yexuan raised his eyebrows without a trace.

His slender legs were casually placed on the thick tree trunk, one leg was placed along the branch, the other was slightly bent, but his hand involuntarily touched his chest and pulled his clothes.

There was an inexplicable emotion disturbing his mind ...

“Instructor Bo, you should send Xiao Qingqing to the infirmary!”

LAN Chu's delicate and cute baby face wrinkled into a little bun. She bit her pink lips and reminded him in a hurry.

Bo Yucheng's eyes suddenly dimmed. He was in a mess because of his concern earlier and was flustered for a moment. Now that he had returned to his senses, he directly put his arms around the girl's waist and legs and carried her up.

The way she carried him was overbearing and full of love ...

He narrowed his ink-black eyes and glanced at han Yina coldly. It's the arm that's broken, not the leg. Since the leg isn't broken, han Yina will stand in the military position for another hour!

Han Yina's eyes widened in shock.

She was about to retort, but Bo Li Cheng did not have the energy to care about her at this moment. He carried the girl and left like a shooting star.

'Shi qinglan really looks pale ...' Is she alright?"

"Instructor Bo is too handsome! He's so good at being a boyfriend, I knew there was something going on between them!"

Instructor Bo is anxious and angry. He's going to get even with someone. It's getting cold, and han Yina is finished!

The students' chattering and discussion sounded.

Han Yina bit her lip. She looked pale and clenched her fist. Her eyes were filled with jealousy and hatred as she looked at the back of the man who had carried Shi qinglan away.

"It's just a stomachache, what's there to be so pretentious about? You even pretended to faint to attract people's attention. Bring in the instructor!"

Han Yina felt indignant, especially about being punished to stand in the military position. She vented her anger on Shi qinglan.

Han Yina, aren't you going too far by saying that? "

"Who doesn't feel uncomfortable before? Didn't you not stand in a military position just now? At least Shi qinglan persevered."

"We're all classmates, why are you making such malicious speculations? She's just pretending when she fainted. Why is she pretending when she's already so pale?"

I think it's true. Shi qinglan could have rested by the side, but it was han Yina who fanned the flames and kept biting on to her, causing Shi qinglan to faint because she had no choice but to persist ...

The students were quite critical of han Yina's behavior.

Shi qinglan had gained a lot of fans when she performed military boxing. Anyone who was not blind could tell that instructor Bo took special care of her and did not hook her. If that was the case, it was more like instructor Bo came to Imperial University for her ...

“You guys ...” Han Yina’s chest heaved in anger.

But at this moment, LAN Chu suddenly walked up to her.

The girl’s legs were indeed a little short, and she was at least half a head shorter than Han Yina. However, at this moment, she tried her best to straighten her back and raise her face to look at Han Yina in a triumphant manner. Han Yina!

Han Yina’s eyes flashed with disdain.

LAN Chu’s voice was clear and crisp. Instructor Bo just said that you will be punished to stand for an hour in military posture. All the students have heard it and have the right to supervise. You can start now!

Han Yina furrowed her brows tightly, obviously reluctant. The doctor said I need to rest ...

Your legs aren’t broken. You can stand during military training! LAN Chu’s voice was soft, but at this moment, it had a little cuteness.

Han Yina still wanted to retort, but other students stood up to help. Instructor Bo has already said that he will punish you. Even if you want to escape now, he will still have to make it up to you when he comes back.

Moreover, Shi qinglan insisted on standing in a military posture even though she was not feeling well. Why can’t you stand if your legs are not broken? ”

Han Yina was someone who cared about her face the most. Otherwise, she wouldn’t have fabricated her background to satisfy her vanity.

She gritted her teeth and could not bear to be criticized by her classmates. She could only brace herself and walk under the sun, standing up in a military posture unwillingly and full of resentment ...

The tree nearby suddenly shook again.

A Burgundy figure jumped down from the tree and strode towards the infirmary.

..

In the infirmary.

Bo Yucheng gently placed the girl on the hospital bed, his long body slightly bent, afraid that he would wake the girl up or make her feel more uncomfortable. He was so careful that he seemed a little helpless.

Fortunately, due to the special circumstances of the military training, Zheng Qiu had suddenly fainted from acute abdominal pain some time ago. Hence, more manpower had been assigned to the infirmary, and the facilities and medicine in the infirmary were more sufficient.

this female student should have a cold womb. I've already given her painkillers, so she'll be fine after resting for a while. It doesn't look like the first time she's had such severe menstrual cramps, right? ”

The doctor sized up Bo Zhicheng with a scrutinizing gaze. He noticed the military uniform he was wearing, but he also noticed his earlier panic. you're this classmate's ...

“Fiancé.” Bo chicheng pursed his lips slightly.

The doctor's eyes flashed with understanding. She had worked in Imperial University's Infirmary for many years and had seen all kinds of couples. When she saw the instructor carrying her in, she had guessed it.

Bo Yicheng's voice was slightly deep. she does suffer from this pain every month. Is there any way? ”

...

The doctor turned around and looked at the girl who was sleeping on the bed.

She frowned slightly. it's like this every month. If it continues for many years, it's best to take her to the hospital for a thorough examination. If she doesn't recuperate well, it will be difficult for her to conceive in the future.

Uh, she seemed to have strayed a little too far from the topic of conception ...

As the doctor thought about this, he saw that Bo Zhicheng's expression had clearly become more serious. He pursed his lips into a thin line and nodded, saying in a deep voice, ” I understand, thank you, doctor.

Indeed, it was not a good idea to let the girl continue to be in pain like this. It seemed that he should find time to take her to the hospital after the military training.

306 Bo chicheng VS Qi yehan

The doctor left the observation room.

Shi qinglan was still unconscious on the hospital bed. The girl's porcelain-like face looked even paler due to her weakness. The back of her fair and delicate hand was still pricked with needles, and her brows were slightly furrowed in pain while she was unconscious.

Bo Yicheng's large, hot palm held her small hand gently, and she could feel the needle making her fingertips tighten slightly ...

The few days when the girl had her period were always the days when he was the most worried about her. His heart ached for her, but he was helpless.

Bo chicheng pursed his lips slightly, a hint of self-blame faintly flashing between his brows. Seeing her like this, he also felt irritated ...

However, at this moment, she caught a glimpse of a figure from the corner of her eye.

"Who is it?" Bo Li Cheng immediately turned his head warily.

A hint of suspicion flashed through his dark eyes, and he could vaguely see a shadow outside the observation room.

He furrowed his brows slightly and carefully put the girl's hand down. He tucked her in and turned to leave.

Qi yexi had specially come to the observation room to see Shi qinglan.

However, as soon as his figure appeared, he was captured by Bo Li Cheng's extremely sharp senses. He had always been arrogant and unbridled, and after being caught, he had no intention of escaping.

His long body leaned lazily against the door frame ...

He crossed his arms in front of his body, one leg slightly bent forward, and the other leg casually bent slightly. The tip of his toes touched the ground, revealing a wild and lazy temperament.

"Tsk." Qi yechan's lips twitched and he tsked.

When he saw Bo Zhicheng appear in front of him, he lazily narrowed his peach blossom eyes. Those flirtatious eyes were filled with disdain as he sized up the person in front of him in an extremely rude manner.

Bo Li Cheng's long and narrow eyes narrowed. Who are you? "

Upon hearing this, Qi yexuan's Scarlet lips slowly curved up a little as he looked at Bo Zhicheng with interest.

She didn't answer his question directly, but her eyes went past the man and looked behind. I'm here to see my Xiao Shi 'er.

My Xiao Shi 'er ...

These five words caused Bo Li Cheng's entire body to suddenly turn cold.

A cold glint suddenly appeared in those black eyes, which were as cold as ice, and locked tightly on Qi yexi. His black pupils were full of vigilance and rejection against him, and also revealed a hint of danger.

"Yours?" His voice was deep and cold.

His already low voice was deliberately suppressed by him at this moment, and it was inevitable that people could sense a sense of oppression from it.

Qi yexuan let out a sexy and pleasant laugh.

He straightened his bent leg, slowly straightened his back, slipped his hands into the pockets of his suit pants, and raised his chin slightly to look at Bo Yucheng in the eye.

The man's skin was cold and white, and his lips were red. He looked like a demon.

He was wearing a wine-red shirt with the top two buttons unbuttoned. He lazily opened it to reveal his fair chest, and a silver necklace lined his collarbones. He looked suave and devilish.

However, he exuded a dangerous aura.

"Xiao Shi 'er ..." Qi yegun's eyes were slightly lowered. When he mentioned the girl, he couldn't help but let out a pleasant and sexy laugh.

He chuckled indulgently. I'm afraid she's too naughty. That's why she managed to slip away from my eyes all these years. I didn't expect master Bo to take advantage of her, huh? "

These words undoubtedly ignited the anger of Bo Li city.

He clenched his fists tightly and slowly approached the man with firm and steady steps. who the hell are you? "

His cold lips opened slightly, and the words were almost squeezed out from his mouth.

Shi qinglan had lived in Ying city since she was young. Although there were a few times when she was missing, she had spent most of her time in Ying city. He knew very well what kind of person she was.

She had no love history, and was as clean as a spring.

As for the man who had suddenly stepped in ...

“Who am I? master Bo, check it yourself.” Qi yexuan’s Red lips curled up slightly, and his slightly raised tone revealed a bit of wildness.

Of course, he didn’t care if his identity was exposed.

After all, if the city could not even find out this little bit of information, it was not worthy of being his obstacle ...

Bo ye Cheng narrowed his eyes and stared at him.

His tightly clenched fists had a few veins popping out.

The two men looked at each other. There was a cold possessiveness in Bo Li’s deep black eyes, while Qi yechan’s lazy peach blossom eyes were half-squinted as if he did not care about anything ...

The two gazes met in the air, ready to fight.

The atmosphere between them gradually became tense, and just as they were approaching the peak, it seemed that they were about to fight ...

A voice suddenly came from the observation room. ah Cheng ...

The girl’s voice was soft, probably because she had just woken up and still had a bit of hoarseness. She sounded so weak that she didn’t have much strength.

The two soft words suddenly smoothed Bo Li Cheng.

The cold air around the man was almost instantly restrained. He took a deep look at Qi yexi, then turned around and strode back to the observation room. His pace could not help but quicken. Lan Lan.

Upon seeing this, Qi yexi raised his eyebrows indifferently.

He was about to walk in, but his raised foot suddenly stopped in the air, and then slowly fell back to the ground ...

“Ha.” Qi yexuan laughed coldly as if he was mocking her.

That pair of devilish peach blossom eyes slightly raised, and there was a bit of disdain in his eyes. In the end, he directly turned around and left.

If she were to die, shouldn't that be what he wanted?

The word "visit" would probably never appear in his dictionary, let alone be connected to any woman.

...

..

Shi qinglan's painkiller was starting to take effect.

After sleeping for about an hour, she finally regained some consciousness and slowly woke up. Although she did not know what had happened after she fell unconscious, she thought that it was probably Bo Li Cheng who had sent her here.

So, she softly and hoarsely called his name ...

Bo Li Cheng rushed into the observation room like a shooting star and held the girl's hand tightly. Lan Lan, you're finally awake.

Hearing this, Shi qinglan's lips curved up slightly.

She raised her hand and caressed the man's cheek. I'm just suffering from menstrual pain. Why are you so nervous? "

His tone sounded relaxed, happy, and ordinary.

However, it suddenly made Bo Zhicheng's heart clench. He slowly closed his eyes, wrapped his large palm around the girl's hand, and brought it to his lips, lowering his head to kiss it gently.

didn't I tell you not to force yourself? " Bo Li Cheng's deep and hoarse voice was filled with heartache.

He had already predicted that Shi qinglan would be on her period soon and had deliberately approved her leave because he was afraid that something would happen to her if she was in too much pain. He did not expect that han Yina would still ruin it.

...

Shi qinglan chuckled and said, " I just fell asleep. Besides, if I don't stand in a military position, I can't convince the crowd. As an instructor, how can you open the back door for me so easily? "

Bo chicheng did not care about people gossiping about him opening the back door. He had come to Imperial University for girls.

However, he also understood that the girl's insistence was for his own good. He couldn't help but kiss her again. you're not allowed to do this again in the future.

307 Bo Li Cheng, Lan Lan, let's go to the hospital

The military training of sixth company would be temporarily handled by another instructor.

After Shi qinglan was done with her IV drip, Bo Li Cheng brought her back to the qinglan waterside Pavilion. Whenever she needed to walk, he would carry her in a Princess carry until she was sent back to bed.

"Be good and lie in bed for three days."

Bo Li Cheng bent over to help her tuck in the corner of the blanket and wrapped the girl tightly, afraid that her cold would aggravate her menstrual pain.

Shi qinglan's lips twitched. I know, I know.

Every time she had her period, the man would be long-winded, instructing this and being considerate of that, repeating it like a little old man, and would also stay by her side to guard her.

Bo Zhicheng gently pushed the stray hair on the girl's forehead behind her ears.

His voice was deep and clear, with a hint of coaxing, " Lan Lan, let's go to the hospital after your military training is over.

Hearing this, Shi qinglan's clear eyes flickered.

She looked up at him in confusion. why are you going to the hospital? "

Bo Zhicheng pursed his lips lightly, his large palm cupped the girl's face, his warm fingertips caressing her cheek.

He lowered his head slightly and moved closer to the girl. let the doctor help you with your period pain. I'm heartbroken that you're in pain like this every month.

Moreover, the school doctor's words today also reminded him that a girl's uterus could indeed affect her pregnancy in the future.

However, he would not let her see through his plan.

I'm a doctor myself. If I could recuperate, I would have done it myself. Shi qinglan pursed her lips.

She was obviously against seeing a doctor.

Menstrual pain was a chronic illness she had developed when she was young. She had trained in the pure world Pavilion for a period of time and had persevered no matter the weather.

It was precisely because of this that she suffered from menstrual pain during her training in the storm. Since then, the root of the illness had been incurable until now. This was the evil consequence of her sin when she was young ...

“Let’s get a doctor to take a look first.” Bo Li Cheng still insisted.

Shi qinglan did not have any objections to seeing a doctor. She just felt that the chances were not high, but she still followed the man’s wishes.

Fortunately, the painkiller worked after the injection.

During this period, other than the day she fainted from the pain, at other times, she would only feel a dull pain and her hands and feet would be slightly cold. She would get better after being covered by Bo chicheng’s body temperature for a while.

Three days later, her period was over ...

However, Bo Li Cheng still insisted on letting her lie at home for a full seven days before returning to the military training line with the girl.

“Xiao Qingqing, you’re back!”

LAN Chu blinked her eyes and was extremely excited to see Shi qinglan back. She pounced on her like a little butterfly.

However, she was worried that Shi qinglan’s body had not recovered yet, so she did not burrow into her arms like before. Instead, she ran to her side and shook her arm gently.

“Yes.” Shi qinglan’s Red lips curved slightly.

She ruffled the girl’s hair. I’ve made you worry.

LAN Chu shook his head like a rattle-drum. She had been worried sick for the past few days, but fortunately, she had chatted with Shi qinglan on WeChat and knew that her body had recovered, but she was held down by a man, so she could not go out.

“Sister LAN is back? Is sister LAN alright?”

sigh, sister Lan’s military boxing is already so awesome. It’s obvious that her physical fitness is very good. She can’t be hurt!

“Why is it so troublesome for a woman to visit her relatives? You can even make someone faint from the pain. Drink more hot water, sister LAN!”

what’s the point of drinking hot water pipes, you bunch of straight men ...

When Shi qinglan returned to the line, many of her classmates ran over to greet her warmly. In the seven days that she had been away, everyone had obviously become familiar with each other, and they could even joke around freely.

“Thank you, but I’m fine now.” She smiled sweetly.

In fact, if it wasn’t for Bo Li Cheng’s insistence, she could have returned to the military training after the first three days, but she didn’t allow it.

Han Yina was probably the most unhappy person.

During this period of time, she had received ” special care ” from the new instructor. She was always tormented in different ways, making her do those strenuous exercises that did not require her to move her arms. She was even not allowed to rest.

Shi qinglan must have told on him again ...

She had already fainted and was lying at home. Even the instructor had changed. She didn’t expect that her hands could still stretch so long to mess with her!

“Sister LAN, you’ve come back at the right time!” The company commander who had been elected by the students came closer enthusiastically.

Shi qinglan closed her eyes slightly. what’s wrong? ”

The military training at Imperial University lasted for half a month. She estimated that there were only two or three days left before she returned.

The company commander laughed and said, ” the toughest training is almost over. As for the last three days ... Of course, it’s for the freshmen welcoming party and the military parade that will close the military training!”

There were a lot of extracurricular activities at Imperial University.

For new students, the most meaningful thing other than military training was the freshmen welcoming party on the last day of military training.

the freshmen welcoming party is jointly organized by the Student Union and the Union of clubs and societies. They’ve been collecting programs recently, and every company has to perform on stage. Our sixth company has been worried to death recently.

All the companies were randomly assigned.

Unfortunately, no one in the sixth company that Shi qinglan was in had any outstanding talents. The only one who was in the art school was the little cutie LAN Chu, who was more introverted and did not like to be in the limelight.

“The show ...” Shi qinglan pouted her cheeks thoughtfully.

Today was the third last day of military training, and it was specially reserved for each company to rehearse the program. The students of sixth company searched for the performance style for the whole day but could not find anything.

Even the neighboring company couldn't help but come forward to mock them.

This was because the company next door had a lot of freshmen from the art college. They could come up with more than one program. There were song skewers, street dancing, dancing, and so on. It was simply a treasure company!

...

On the other hand, the sixth company was much more miserable ...

“With Xiao Qingqing around, what's there to worry about?”

LAN Chu's cheerful voice was heard. She hugged the girl excitedly. Xiao Qingqing alone is enough to blow up the entire scene!

Hearing this, the company commander's eyes instantly lit up.

He looked at Shi qinglan as if he had just seen his Savior. really? Why didn't you tell me earlier that you have talent, sister LAN?”

Han Yina couldn't help but look at her, but her eyes were filled with disdain and jealousy. She especially didn't want her to be in the limelight.

LAN Chu shook his little head. hehe, I'm just afraid that Xiao Qingqing won't be able to come back to participate ...

That was why she held back her words. God knew how much she had been looking forward to Shi qinglan's return. She would definitely amaze everyone with the Qing Zhen guqin!

“Sixth company, gather!” The company commander suddenly shouted.

Upon hearing this, the students who were discussing whether they should act in the skit immediately gathered over. Obviously, they were convinced of the company commander's authority, and the entire company was now very United.

"Company commander, have you thought of something to do?"

...

The company commander looked at Shi Qinglan with a triumphant smile. Sister LAN is back. Little Chu said that sister LAN can perform her talents!

Hearing this, everyone's eyes focused on her.

308 Han Yina, I can invite Qingyue!

Pan Wanye also gathered around and sat on the ground.

Her gentle eyes fell on Shi Qinglan, and everyone was waiting for her answer.

Shi Qinglan's eyes drooped slightly. She thought about how she had too many talents, but any one of them would be too exaggerated. It would not be appropriate if she scared her classmates.

LAN Chu's crisp voice was heard. She smiled with her eyes curved. Xiao Qingqing can play the zither, and she's super good at it!

She didn't mention the title of a Grandmaster-level performer ...

After all, with Han Yina's envious eyes, she would definitely complain when the time came. It was better to let her Xiao Qingqing play a song and shut her up.

"A zither?" The company commander obviously did not expect this.

He frowned a little awkwardly, "but, instrumental performance has always been the most boring program in the evening party ...

I don't mean to look down on you, sister LAN. It's just that the rest of our company don't know any musical instruments, so we can't perform together with you. A guqin solo is indeed a bit monotonous.

The other students nodded in agreement.

If they were playing a zither, singing, dancing, or performing an ensemble, this zither would undoubtedly be very useful. The problem was that no one in the company could sing, dance, or other instruments.

“Actually, I know a little about the piano.” Pan wanye suddenly said.

She didn't report it when she was calculating the talents because she felt that it was troublesome to have a program for the freshmen welcoming party.

However, when she saw that Shi qinglan had signed up for the guqin, she could not sit still. Subconsciously, she did not want the people around her to be in the limelight. After all, other people's excellence would overshadow her own.

but it's boring to play a zither with a piano ... The company commander fell into deep thought, and the other students could not help but fall silent.

Han Yina couldn't help but roll her eyes mockingly.

She sneered, " I thought it would be some amazing talent, but it turns out it's just playing the zither. Isn't it just casually plucking the seven strings a few times? isn't that a very impressive unique skill? "

It was funny just thinking about the zither playing on such a big stage. The muffled sound was not pleasant to the ears, and it was so coy.

“You're quite diligent in making sarcastic remarks when you don't have any talent!”

it's amazing to be able to play the zither, okay? I can't even tell the beginning and end of the zither, let alone play it!

it's so real that you can't even tell the beginning from the end. Hahaha, Jimei, I won't lie to you. I don't know anything about the simplified music score or the staff!

damn, the music class in middle school is all mathematics ...

han Yina, don't keep talking about sister LAN. It's better to have a zither than nothing. Come up with one if you have the ability!

Upon hearing this, han Yina's desire to win was completely aroused.

She did not have any feelings for this company and did not want to care about the freshmen welcoming party at all. However, Shi qinglan had suddenly come and said that she had talent, and her eyes immediately began to turn red ...

“Who said I can't come up with a program!” She shouted.

The entire company looked at her in shock, and at the same time, they looked at her broken arm in a cast. She definitely couldn't play an instrument, nor could she dance. Could she be singing?

Han Yina raised her head and looked at them arrogantly.

But the moment she said those words out of impulse, she immediately regretted it when she came back to her senses and realized what she had said.

There was a flash of uneasiness in her eyes. She suddenly remembered that her bone was broken and she couldn't show Taekwondo or guzheng. She was obviously impulsive just now ...

"What's wrong? You can't show your talent again?"

"Who said I can't take it out!" Han Yina had already been looked down upon by everyone too many times, so she subconsciously retorted.

A glint flashed in her eyes. She bit her lip and said, "the freshmen welcoming party didn't say that we can't invite outside help, right?"

This sentence reminded the other students. They looked at each other, thought about it, and shook their heads. It seemed like they could indeed get outside help to complete the program.

"But who should I ask for help ... Do you have a friend with a great talent show?"

Han Yina smirked smugly, and a hint of pride flashed in her eyes. It's boring to invite ordinary friends. Who here doesn't have a friend who can perform?"

Everyone nodded in agreement.

If they really needed outside help, everyone could get help, and they wouldn't have to rely on Han Yina.

"I'm going to invite a celebrity." Han Yina was extremely proud.

When she said this, she couldn't help but lift her chin and glance at Shi Qinglan with a hint of mockery and contempt, waiting to see her reaction.

However, Shi Qinglan's eyes were as clear as a spring.

She was looking at Han Yina with great interest, and her red lips curled up slightly. "May I ask which celebrity you've invited?"

Let's hear it and see if she knows it.

Han Yina put on a self-satisfied smile. She shifted her gaze away from the matter and turned to look at the other students. "Since it involves a celebrity, you have to help me keep it secret. Okay ..."

When it came to the seemingly unattainable existence of celebrities ...

The students' interest was instantly piqued, and their desire for gossip was aroused. They nodded repeatedly. hurry up and tell me! Who is it?"

Han Yina approached everyone mysteriously.

She lowered her head slightly and said in a very low voice, "it's the young female star, LAN xinxuan, who has been very popular in the past two years. Let me tell you a secret. She and I have been friends for many years.

Upon hearing this, LAN Chu suddenly raised his eyes.

There was an unfathomable light in her clear eyes. She hesitated and said, "you said ... LAN xinxuan?"

"Yes, that's her! You can't believe it!"

When han Yina saw LAN Chu's reaction, she thought that she was surprised. She couldn't help but feel even more pleased with herself. after all, you don't usually get to meet such a celebrity.

LAN Chu's brows furrowed slightly as he turned to look at Shi qinglan.

"And ..." Han Yina deliberately kept him in suspense again. She smirked and said, "xinxuan even told me that she and qingyue are friends. Maybe we can get them to help us together?"

...

Hearing this, Shi qinglan's eyes twitched.

She sat cross-legged on the ground, her elbow gently against her thigh, and one hand casually held her cheek. Qing ... Yue?"

Is she the same qingyue that I know?

Qingyue's name caused quite a stir, and both the boys and girls covered their mouths in surprise.

"You ... Are you talking about the heavenly Queen of the music industry, qingyue?!"

is she the qingyue who won all sorts of Golden Melody awards and the best female singer award for three consecutive years? the one who quit as soon as she released an album?!

is that my goddess, qingyue?

Oh my God, I didn't expect LAN xinxiao to be friends with qingyue. I'm a fan of both of them, but I'm going to see her in person!

Shi qinglan was speechless.

No, qingyue had said that she knew nothing, but somehow, everything had been arranged so clearly.

...

309 LAN Chu picked up the phone for her, but she heard the other side shouting, Great aunt qingyue:

The students were so excited that they were going crazy.

It was as if han Yina could really get qingyue to come over, and they placed their hopes on her.

That was qingyue! That was the heavenly Queen of the music industry, qingyue!

She was the International goddess, qingyue, who could make all the fans go crazy and even the male celebrities in the entertainment industry feel their hearts flutter!

han Yina, can you really invite the goddess? ” The company commander was undoubtedly qingyue's number one fan.

Han Yina wasn't sure at first.

However, she did know LAN xinxuan and had been good friends with her for many years. LAN xinxuan had also mentioned to her that she knew qingyue. Perhaps she might have a chance if she begged her ...

“I don't think it'll be a big problem.” Han Yina nodded.

She did not give a definite answer. even if we can't get qingyue, we can definitely get LAN xinxuan.

The company commander nodded his head repeatedly. Although he had never heard of who LAN xinxuan was, as long as he could see the goddess, everything would be fine.

Oh my God, what kind of god-like connections does han Yina have ...

qingyue is the Queen of the music industry. It's almost impossible to invite her to a concert, let alone a variety show. Han Yina actually managed to invite her!

if han Yina can really hire qingyue ... In the future, she'll be my ancestor, and I'll even be happy to call her father!"

Han Yina was enjoying the flattery from her classmates.

She was secretly thinking about how she could ask LAN xinxuan for help. After all, she would still have to go through the connections there if she wanted to ask qingyue for help.

LAN Chu could not help but mumble softly, " how did han Yina manage to invite qingyue? although I want to see my goddess too ...

He felt that something was off.

After all, she was especially against han Yina. Hearing that han Yina could get close to her goddess, she couldn't help but feel a little upset.

"Do you want qingyue to come?" Shi qinglan's Red lips curled up slightly.

She looked sideways at the girl, her clear and delicate eyes shimmering with a faint light. you just need to say whether you want it or not.

LAN Chu's clear eyes blinked in confusion.

She nodded her head like a chicken pecking at rice. I really do, but I'm not hoping that goddess qingyue was invited by han Yina.

Hearing this, the smile on Shi qinglan's lips gradually deepened.

She ruffled the girl's hair gently and said, "don't worry. Han Yina will never be able to hire qingyue.

"Eh?" LAN Chu looked at Shi qinglan in confusion.

She suddenly remembered the pile of albums back in high school. Her eyes were full of stars as she blinked. little Qingqing, could it be that you can also invite Qing ...

The girl couldn't help but raise her voice, instantly attracting the attention of the surrounding people. She immediately raised her hand to cover her mouth.

It revealed two black grape-like eyes that were spinning.

Shi qinglan smiled sweetly but did not answer. She looked up at the sky and squinted her delicate eyes lazily ...

For the time being, the sixth company's show was going to invite celebrities as external help, but due to the privacy of the celebrities and the fact that Han Yina had not been completely invited, they had not reported the specific names to the school yet.

It was possible that the exciting news of having invited Qingyue had been accidentally spread by the girls while they were chatting ...

[explode!] [the moon-toppling Empress has appeared in the imperial capital of Huaxia. A mysterious figure has revealed that she will be attending the freshmen welcoming party of Imperial University!]

This Weibo post instantly became the top of the hot search.

Nan Jiyue was dumbfounded when she saw the news. How did she not know that her artiste was going to attend an event?

Hence, she hurriedly gave Shi Qinglan a call ...

Shi Qinglan had just returned to the dormitory after the military training. LAN Chu went to the bathroom to take a shower first. When she saw Nan Xiyue's call, she took her phone and went to the balcony. "May I know what's the matter, great aunt Xiyue?"

Hearing the girl's relaxed and happy teasing tone, Nan Jiyue knew that she must not have paid attention to the hot search on Weibo.

She couldn't help but roll her eyes and get straight to the point. "Baby, did you lose your identity at Imperial University?"

Hearing this, Shi Qinglan lazily raised the corner of her eyes.

There was a slight chill in her eyes. She was sure that there was no possibility of her losing. "No, did something happen?"

"Look at the hot search yourself." Nan Zhiyue was extremely disgusted.

Shi Qinglan's brows were slightly furrowed. She immediately took her phone away from her ear, logged into Weibo, and clicked into the hot search. The number of comments had more than doubled compared to the second place.

Nan Xiyue smiled awkwardly but politely. "Qingyue, may I ask why I, as your manager, don't know anything about you attending the event?"

Shi Qinglan could not help but chuckle.

There was still a hint of coldness in her smile. She raised her eyes slightly. "I'm really helpless in this matter."

Hence, she repeated the matter of han Yina threatening to invite her and LAN xinxiao to the freshmen welcoming party.

Nan zhiyue's delicate and charming peach blossom eyes couldn't help but narrow slightly. Oh, you're so young and you're so arrogant.

She had been qingyue's manager for three whole years and had even become her best friend. However, she could not guarantee that she would be able to hire her. What kind of person was han Yina?

"You plan to participate?" Nan zhiyue asked.

Hearing this, Shi qinglan turned back slightly to look in the direction of the bathroom. Although she could not hear the sound of the shower through the balcony door, she could see the White mist that was coming out.

She pouted her red lips. it's not impossible.

After all, little Chu 'er had said that she wanted to see her, but it was absolutely impossible that she had agreed to han Yina's invitation to attend.

Nan zhiyue raised her eyebrows slightly. okay, I understand. If you are sure to participate, let me arrange this.

"He's reliable." Shi qinglan smiled sweetly. just say that I'm invited by LAN Chu. I'll treat you to a drink if you're done.

...

Hearing this, Nan xiyue revealed an expression that was difficult to explain.

She couldn't help but frown slightly, the disdain in her eyes unconcealed. I beg you, this is your punishment.

Shi qinglan chuckled and stopped teasing her. The two of them briefly discussed the matter before hanging up.

When the girl returned to the dormitory, LAN Chu had just come out of the shower. Her delicate and lovely oval face looked more like a doll at this moment.

She blinked her eyes. Xiao Qingqing, you should go and take a shower.

"Alright," he said. okay, "Shi qinglan replied softly. She placed her phone on the desk and walked into the bathroom with her shower supplies and a change of clothes.

Kacha-" the sound of the bathroom door being locked came from the bathroom.

Soon, the sound of water could be heard.

LAN Chu put on the facial mask happily and hummed a little tune while shaking her legs. Suddenly, a Bell rang in her ear.

“Ring ...”

The girl looked around and stuck her cute little head out for a long time before she realized that it was Shi qinglan’s phone that was ringing.

...

She patted her face mask, got up, and ran over. After wiping her hands clean, she picked up the phone for her. Her voice was soft and sweet. crooked? ”

Nan zhiyue had always been a hasty person. She didn’t care about the strange voice and said directly, ” by the way, my great aunt qingyue, I have something to ask you ...

310 LAN Chu, I’m actually roommates with qingyue!

LAN Chu blinked her eyes in confusion.

Her clear eyes were filled with innocence and confusion, but the way he addressed her on the other side of the phone struck her little heart.

Nan jiyue’s voice was long and lazy. which song are you going to sing for the freshmen welcoming party? let me know first. I have to prepare a dress for you to win the audience!

LAN Chu’s pink lips opened slightly in surprise.

She felt as if her heart had been shot by an arrow, and she was stunned for a long time before she came back to her senses. you, you, you ... Who are you talking about?”

Hearing this, Nan zhiyue’s charming peach blossom eyes raised slightly. She was silent for a moment before she realized that the voice on the other side of the phone seemed to be wrong. sorry, I might have called the wrong number.

Then, he hung up the phone without any hesitation!

LAN Chu stood there in a daze, holding the phone. She ... She, she, she ... He seemed to have heard the person on the other end of the line say ‘great aunt qingyue’!

Did I hear wrong? She didn’t mishear, did she?

But why would someone call Xiao Qingqing and call her 'great aunt qingyue', and even mention the freshmen welcoming party?

"Ring ..."

Just when LAN Chu was still in a daze, the same ringtone rang again.

She immediately picked up the phone and then heard Nan zhiyue's slightly cold voice from the other side. "I didn't call the wrong number. Who are you? Why are you holding onto qingyue's phone?"

LAN Chu's eyes blinked slowly.

Qingyue's phone ...

Qingyue's phone?

Qingyue's phone?

ah ... LAN Chu suddenly screamed in surprise. Her short legs were jumping and her petite body seemed to be able to fly up to the sky.

Nan zhiyue was so scared that she immediately took the phone away from her ear.

When Shi qinglan heard the scream, she immediately turned off the shower and wrapped herself in a bath towel. She then opened the door and stuck her head out. "little Chu 'er, what happened to you?"

LAN Chu immediately put his hand behind his back.

Her porcelain-like face was filled with surprise, and her eyes curved like crescents from smiling. She couldn't help but smile.

She hurriedly shook her head like a rattle drum. "I'm fine ... I'm really fine. Great aunt, you can continue to bathe, continue ..."

Shi qinglan looked at her in confusion.

However, after confirming that LAN Chu was safe and sound, he didn't care. He returned to the bathroom and turned on the shower again. Soon, the sound of running water could be heard.

LAN Chu placed the phone back to his ear and said with uncertainty in his soft voice, "you ... Do you think this is qingyue's phone?"

"Who are you?" Nan xiyue's narrowed eyes flashed with vigilance.

She seemed to have heard Shi qinglan's voice just now, which meant that the person who had picked up the call was with her at the moment.

LAN Chu said while jumping, "I, I, I ... I'm Xiao Qingqing's roommate, her roommate, her roommate's roommate!"

Nan zhiyue furrowed her brows. han Yina? "

"No, no, no!" LAN Chu shook his head in denial.

Nan zhiyue only needed to make sure that it wasn't han Yina. She didn't have time to waste on LAN Chu. I don't care who you are. We can't let a third person know about what happened today.

LAN Chu nodded like a chicken pecking at rice.

Until she hung up the phone, the little girl's mind was still wandering outside, and she looked at the closed bathroom door in a daze ...

Ah, she was actually roommates with her goddess!

So, it was true that Xiao Qingqing had said that she was qingyue!

"Eh?" LAN Chu tilted his head slightly, his little head full of doubts, "then ... Why is little Qingqing smaller than qingyue's thing?"

But just as she was puzzled, the bathroom door was suddenly pushed open. Kacha-

Shi qinglan walked out of the bathroom in her silk pajamas.

The sexy suspenders revealed her fair and delicate collarbones and shoulders. Her straight neck was still dotted with drops of water. Her slightly wet hair fell behind her ears and was wrapped in a faint white mist.

"Big Boss, please sit." LAN Chu immediately ran over with his short legs and enthusiastically helped her open the desk.

Shi qinglan's beautiful eyes were slightly closed as she looked at the girl in surprise.

She rested her arm on the desk and gently propped her cheek. The corner of her charming eyes raised slightly. tell me, what do you want from me? "

LAN Chu smiled and shook his head.

She then pulled her chair over and blinked at her. Xiao Qingqing, do you love me? "

A question mark slowly appeared in Shi qinglan's mind.?

LAN Chu's Lotus-like arm held her arm and shook it continuously like a spoiled child. She looked up at the girl with her mouth pouted. say it, say it. Xiao Qingqing, do you love me? "

Then ...

"Love." Shi qinglan replied with great difficulty.

LAN Chu's heart was screaming. He was so excited that he almost jumped out of his chair-

The girl cupped her face with both hands and revealed a silly smile like a fool. Her smiling eyes were filled with bright stars.

"You have a fever?" Shi qinglan used the back of her hand to test the temperature of her forehead.

Then. he tried his own and found that there was nothing wrong with the temperature. . don't think I have a fever ...

Then how did the child's brain get damaged in just ten minutes?

...

hehehe ~"LAN Chu raised her head and giggled. She suddenly leaned over and pecked Shi qinglan on the cheek.

Shi qinglan was so shocked that she almost fell off her chair.

She steadied herself on the table, got up, and hid far away. LAN Chu, I'm warning you. You're already a married woman. Don't have any strange and dirty thoughts about me.

LAN Chu was still looking at her with a silly smile.

Her short legs drooped in the air from time to time. I don't have to have a father-in-law. I can kick him away any time, but my love for Xiao Qingqing will last forever.

As she spoke, she revealed a smitten smile ...

When she looked at Shi qinglan, her little pink lips smacked as if she was looking at some delicious food.

Shi qinglan curled up in the corner and hugged her weak and helpless self, feeling flustered ...

“You ... If you have something to say, just say it. I’ll promise you anything, but can you stop staring at me like that?”

Shi qinglan’s Red lips parted slightly. At this moment, the beauty who had just come out of the bath looked pure and pleasant, as if she had been forced.

LAN Chu smiled, revealing her white teeth. no, no. Nothing happened to me. I really didn’t ...

...

However, she suddenly changed the topic and said, ” Xiao Qingqing, can I sleep with you tonight? I’m alone, lonely, and cold ...”

Shi qinglan instantly got goosebumps.

She didn’t know what was wrong with LAN Chu, but seeing her lecherous look, she felt a little scared.

However, he couldn’t stand her acting coquettishly. Okay, okay, okay.

His tone was full of pampering and helplessness.

LAN Chu immediately climbed up the ladder and burrowed into the quilt. He laid on his side and looked at Shi qinglan with his Lotus-like arms supporting his head. come on, come on.

Shi qinglan was speechless.

She helplessly got into bed and burrowed under the blanket. A certain short leg suddenly rolled into her arms.

“Oh, it’s quite soft ...”

He looked like a hooligan.
