

Heart Stealer Young Master Bo #Chapter 351 - Read Heart Stealer Young Master Bo Chapter 351

351 Jiang Yan, master LAN is actually a woman!

Shi qinglan left after bidding Jiang Zhi goodbye.

It was already an hour later when she came out of the laboratory building. She lowered her eyes and was about to send Bo Yucheng a text message to get him to pick her up ...

A silver light flashed in front of his eyes!

A dagger was suddenly thrust at her, and Shi qinglan dodged it immediately. The sharp blade brushed past her hair and hit the tree trunk behind her.

“Whoosh ...” It was steady, accurate, and ruthless.

Shi qinglan squinted her eyes and turned to look at the dagger, only to find a note stuck in it!

There was a slight chill in her eyes. She walked over to take the note and found that the white paper had a few words written in blood: ” before eight O ‘clock in the evening, chuanyang temple.

Shi qinglan’s eyes could not help but darken.

She guessed that it was Qi yexi almost without thinking, but she didn’t know where he got the confidence to directly call her to go to the appointment.

At this moment, her phone suddenly vibrated.

Shi qinglan immediately took out her phone, but before she could turn on the screen, a video popped up!

The girl’s eyes narrowed when she saw the video.

LAN Chu was tied up with hemp rope and thrown into the ruined temple. She was curled up on the ground with wounds all over her body. Blood seeped out from her clothes. Her originally beautiful face was now pale and bloodless. There was even a drop of tear hanging from the corner of her eye.

The blood in Shi qinglan’s body suddenly turned cold ...

She clutched her phone tightly. Qi yexi's call indeed came in very quickly, and she immediately answered it.

"Did you receive my gift?" The man's sexy laughter rang in her ears. His tone seemed to be nonchalant.

Shi qinglan's fingertips were completely cold. Her voice was low and little hoarse. Qi yexi ... You're shameless!"

Hearing this, the man's laughter became even more unbridled.

His red lips curled up a little as he slowly squatted down and looked at the unconscious girl who was curled up in a ball. He could not help but feel a little disappointed at her weakness ...

He had thought that her friend would be just as tough.

"Didn't you know that I was shameless when you were young?" Qi yexuan's tone was frivolous and extremely presumptuous.

Shi qinglan clutched her phone tightly, her voice as clear and cold as a stream of water and bluestone. Qi yeqian, don't you dare touch my people again! If you have the ability, then come at me directly!"

LAN Chu was innocent in this matter.

She was supposed to be on a date with Bai Yuchen and enjoy her candlelight dinner, but somehow, she was kidnapped by Qi yechan and left in a broken temple. She even suffered serious injuries and bled so much!

The only thing she had done wrong was probably getting to know her. That was why she had been kidnapped by Qi yexi as a hostage to threaten her!

"Tsk ..." Qi yexi said with great interest, "as expected, only this can make my little one angry.

He had almost thought that Shi qinglan had no feelings.

Hence, she randomly kidnapped someone close to her to try it out. She didn't expect that he would actually see her so angry.

"Let her go." Shi qinglan's voice was cold.

"On what basis?" Qi yexuan's lips curled up slightly.

Shi qinglan's eyes drooped slightly. After thinking for a moment, she replied indifferently, "let her go. If you have any requests, just tell me.

A hint of surprise involuntarily flashed through Qi yexuan's eyes.

He had once thought that Shi qinglan was not only proud and unyielding, but also cold-hearted, and that no one or thing could affect her emotions. He had not expected that this girl could make her make such a concession ...

"Before eight o'clock in the evening, at chuanyang temple. Come by yourself." Qi yexi repeated his conditions without beating around the bush.

Shi qinglan naturally knew that this was a treacherous plot, but she was still willing to step in. I'll go. Let her go.

"No problem," he said. The corners of Qi yexuan's eyes twitched slightly.

She had always been his target. As long as he could lure Shi qinglan over, LAN Chu's fate had nothing to do with him.

Unless ... Killing LAN Chu would make her even angrier.

In that case, he was interested in giving it a try. After all, he had never seen Shi qinglan's emotions react so strongly.

there's no need for 8:30. I'll be there within an hour. If you dare to hurt her again before that ... Don't blame me for being impolite."

Shi qinglan's cold voice was threatening.

Qi yexi still agreed readily. okay, I'll wait for you.

However, before he could finish his sentence, Shi qinglan hung up the phone. She put the note back into her pocket and hung the dagger on her waist.

Bo Yucheng was still waiting for her news. He was waiting for her to tell him to pick her up after school, but Shi qinglan did not have the time to send him that text message before she left the school in a hurry ...

"Despicable," Shi qinglan was so angry that her chest heaved slightly.

The corners of her charming eyes were stained with a trace of red, and the anger between her brows was not concealed at all.

However, no matter how angry she was with Qi yexing, Shi qinglan still retained some rationality. It was impossible for her to attend the meeting alone. After thinking for a long time, she finally opened her WeChat list.

Her fingers stopped on Jiang Yan's dialog box-

He swiped it open and directly dialed his voice phone.

..

Imperial Palace.

This place was always open to the public during the day. Jiang Yan was leaning lazily on the pool table at the moment, the cue stick in his hand on the ground, and he looked down at the little sister who played the game ...

"Yan, I'm going to open it." She winked at him. but you can't laugh at me if I'm not good at it.

Jiang Yan's lips curved up slightly. I'll listen to you.

...

The little girl immediately started the game with great interest. Jiang Yan picked up the cue and was about to put it on the table when he suddenly felt the phone in his pocket vibrate. He apologized to his sister.

His sister was waiting at the side in a very understanding manner ...

Jiang Yan knew it was a WeChat voice message when he felt the long vibration, but when he swiped the screen, he opened his eyes in surprise.

It was actually jinglan! Never turning on video or voice shock!

He immediately answered the call and asked, " master LAN? "

Jiang Yan didn't know why jinglan needed to turn on the voice chat. He was already prepared to hear the big man's voice, but he didn't expect to hear the crisp and melodious voice of a girl on the other end of the phone ...

"Brother Yan, how many forces does the pure world Pavilion have in the imperial capital? I need people and weapons. The more the better."

Shi qinglan didn't want to reveal her true gender in front of Jiang Yan so soon, but it was an emergency and she didn't have the patience to communicate slowly with Jiang Yan in words.

Jiang Yan was shocked.

He had picked up Jinglan's WeChat call, but why was there such a young and melodious female voice on the other end?

"You ... You're master LAN?" Jiang Yan was confused.

...

"It's me," he said. Shi qinglan's tone was firm. I'll explain it to you later when we meet. Answer my question first.

A meeting ... Jinglan actually wanted him to meet her!

But this was not the main point for the time being. The main point was ... Master LAN, who he thought was in his 30s, was actually a young woman?

A woman?

352 Young Madam has been kidnapped!

Jiang Yan felt as if he had been struck by lightning.

An electric current ran through his body from the top of his head. He held the phone to his ear, and his whole body was as stiff as a statue, until the female voice came from the other side of the phone again.

"Brother Yan, say something." Shi qinglan could not help but frown.

She was a little anxious at the moment and didn't allow Jiang Yan to dawdle, so her tone revealed a hint of impatience.

"Ah ... "Ah!" Oh!" Jiang Yan finally reacted.

He forced himself to come back to his senses and said, "The Pure World Pavilion is quite powerful in the imperial capital, but China has restrictions on the weapon. The basic equipment is fine, but it will be difficult to deploy the heavy weapon at the last minute. How many people do you need, and when do you need them?"

Use my name to transfer people. Immediately, as many as you can. Shi qinglan's voice was slightly cold. Gather in half an hour. The other party is from the Crimson Night Alliance.

"The Crimson Night Alliance?" Jiang Yan's pupils suddenly shrank.

He immediately put away his frivolous appearance, and his face instantly became much colder and harder. It was obvious that he was taking this matter seriously and was on guard.

The biggest enemy of the pure world Pavilion was the Scarlet night Alliance ... He didn't expect to hand it over in the capital of Huaxia even after leaving country A.

Jiang Yan pursed his lips. I'll transfer people right away. Master LAN, where are you? do you need me to pick you up? "

Shi qinglan narrowed her eyes and looked at her watch. I'll be at the base in 20 minutes.

Jiang Yan nodded to show that he understood and hung up the phone.

Shi qinglan immediately hailed a taxi by the roadside and gave him the address. master driver, please drive faster.

"Alright, sit tight!" The driver stepped on the accelerator.

Shi qinglan clutched her phone tightly. The image of LAN Chu being tied up and covered in injuries kept appearing in her mind. Her palms were covered in cold sweat, and her fingertips were frighteningly cold.

However, she still did not forget about Bo Li Cheng. She lowered her eyes and sent him a message. I have something to do. I'll go home later.

..

The potrantis hotel.

The exquisitely decorated hotel was filled with a strong fragrance, and the delicate red roses were arranged romantically in a heart shape. The light was slightly dim, and the orange candlelight flickered.

Bai Yuchen was dressed in a suit. His white suit made him look even more elegant and Noble, and his specially tidied up hair made him look even more exquisite.

The man raised his hand and looked down at the time on his watch ...

He calculated that LAN Chu should be back from school soon. His lips couldn't help but curve up a little. He beckoned to the waiter and ordered them to start preparing the drinks and dishes.

But time passed by ...

He was the only one sitting in the hotel. The girl was still nowhere to be seen. He could not help but frown as he fretted over his phone. There were no messages.

When he realized that the time was not right and was worried that something had happened to LAN Chu, he was about to make a call. However, the hotel door was suddenly pushed open by a group of people!

“Bang!”

Bai Yuchen thought it was LAN Chu, so he immediately smiled and looked towards the door. He didn't expect the Bai family's bodyguards to rush in together and rush to him anxiously.

“What's going on?” He could not help but frown.

These were the people he had sent to pick up LAN Chu. He looked behind the bodyguard but didn't see the girl.

One of the bodyguards said anxiously, “ Bai ... Young master Bai, something has happened! I think young Madam has been kidnapped!”

“What did you just say?” Bai Yuchen suddenly got up.

He strode to the bodyguard and grabbed his collar, almost lifting him up. say that again!

we didn't pick up the young Madam. The people in the school said that she had left school long ago, so we went to check the surveillance cameras ... They found that the young Madam was forcefully taken away by a group of suspicious people!”

The bodyguard immediately reported the information he had learned to the man.

Bai Yuchen's eyes suddenly turned red. He narrowed his eyes and asked coldly, “ did you find out who took her away? The Bai family? Or the LAN family?”

“None of them.” The bodyguard shook his head and said, “ like someone from the underworld.

Hearing this, Bai Yuchen's pupils suddenly shrank, and his eyes were clearly colored with panic and nervousness.

“From the underworld?” His throat tightened. are you sure you didn't see wrongly? How could she have provoked such a person?”

The bodyguard was firm in his thoughts. After all, those people were dressed in black and were very agile. There seemed to be tissue tattoos on their bodies, but the camera's resolution was not high enough to let them see clearly.

“Investigate immediately! Where did they take the young Madam?” Bai Yuchen ordered coldly, his fists clenched.

He did not care about the roses and the candlelight dinner. He immediately left the hotel and gave Bo Zhicheng a call, preparing to ask for the Bo financial magnate’s help.

At this moment, Bo Li Cheng had just left the company’s conference room ...

He slid one hand into his pocket, and his sleeves rolled up slightly, revealing a low-key luxury exquisite watch. Beside him was Wen mo reporting to him some of the recent documents that needed to be signed.

“Master Bo, there’s one more thing.” Wen mo suddenly said, “ there’s no result on the matter you asked me to investigate. The news and information seem to have been blocked by hackers. I’m afraid it’ll be difficult for you to do anything ...

Upon hearing this, the light in the corners of Bo Li Cheng’s eyes dimmed.

He should have expected this outcome. After all, Shi qinglan was the top hacker S herself. If she had wanted to hide any information, no one would have been able to find out.

“I know.” Bo Yicheng’s cold lips parted slightly. continue to pay attention. Report to me if you have any news.

“Yes.” Wen mo nodded without any expression.

At this moment, Bo Yucheng’s phone vibrated. He took out his phone from his pocket and saw Shi qinglan’s text message. He could not help but frown.

contact country M. I’ll be working overtime tonight, so I can have an international video conference. He glanced at Wen Mo.

Usually, he was in a hurry to go home and accompany his girl every night. He would push back the transnational conferences that required him to overcome the jet lag as much as he could.

He knew that his girl was powerful and had always respected her privacy. As long as he could ensure her safety, he would not ask too much about her schedule.

“Yes.” Wen mo nodded and was about to contact them.

...

But at this moment, Bo Yucheng’s phone rang again. It was a call from Bai Yuchen. speak.

“Big brother Cheng, can you lend me some people?” Bai Yuchen’s slightly deep voice came from the other end of the phone, and he didn’t bother to hide his anxiety.

Bo Li Cheng’s eyes were as calm as a deep pool of water.

There was no emotion in his eyes, and he didn’t empathize with Bai Yuchen’s anxiety. what happened? ”

After all, it did not sound like it had anything to do with him.

LAN Chu seems to have been kidnapped by someone from the underworld. I haven’t found out where she is. We don’t have enough manpower. Bai Yuchen explained everything to Bo Xincheng.

353 You are master LAN?

Bo Li Cheng’s long and narrow eyes narrowed.

When he heard Bai Yuchen’s words, an unfathomable look appeared in his eyes. you were kidnapped? ”

The man’s dark eyes froze for a moment, and he suddenly remembered Shi qinglan’s text message ... Something happened and it was related to LAN Chu?

“I know.” Bo Zhicheng’s voice could not help but sink.

His fingers gently rubbed the phone. I’ll send someone to check.

His intuition told him that Shi qinglan had something to do at night, and it must have something to do with LAN Chu’s kidnapping. She must have found out who had kidnapped her and was on her way to save her.

Thinking of this, Bo Li Cheng’s dark eyes darkened.

He immediately rushed to the garage like a shooting star. cancel the transnational conference and immediately check LAN Chu’s current location. If you can’t find her location, then check Lan Lan’s. The sooner the better.

Wen mo realized that something seemed to have happened and immediately called Wen le to do it together. Then, he mobilized the forces of the Bo family and continent S and rushed to chuanyang temple ...

Jingshi Pavilion, Imperial base.

Shi qinglan had changed into a set of combat clothes, a tight-fitting white undershirt over a short black leather jacket, a pair of slim black leather pants that showed off her slender legs, and a pair of black Martin Boots.

She had a bag full of small weapons and knockout drops tied to her leg and two pistols on her waist. After changing into her clothes and combat equipment, she came out and saw Jiang Yan who had rushed to the base.

Shi qinglan pulled up her long black hair and tied it into a ponytail. is everyone here? ” she asked.

The girl’s voice was as clear as a stream of bluestone, crisp yet melodious, exactly the same as the voice in WeChat.

“You ... You’re master LAN?” Jiang Yan was confused.

He looked at the girl in front of him with his eyes wide open in shock. Her skin without any makeup was delicate and delicate, and her delicate eyebrows were charming and charming. At this moment. she had changed into a black leather shirt and leather pants, and she looked even more youthful and beautiful.

More importantly, she was not master Lan’s sister!

“Yes.” Shi qinglan pursed her red lips. She raised her arms and bent them slightly. She placed her hand on the weapon at her waist and strode out of the base. are we all here? ”

She repeated her question in a clear voice.

Jiang Yan immediately came back to his senses. they’re all here. They’re already waiting outside, ready to be deployed at any time.

“Chuanyang temple.” Shi qinglan dropped the name of her destination and got into the driver’s seat of an off-road vehicle.

Jiang Yan immediately waved his hand to signal for the others to follow.

He had yet to introduce her to the people of the pure world Pavilion, but this Big Boss Jiang’s status in the organization was not low. Moreover, she had received jinglan’s transfer order, so it was easy for her to gather everyone!

These people were all neatly dressed in the pure world Pavilion’s attire. After receiving the order, they immediately assigned off-road vehicles and prepared to set off.

Jiang Yan rushed to the front passenger seat. master LAN, what exactly happened? How did you offend the Scarlet night Alliance in the capital?”

Qi yexi has returned and kidnapped my friend.

Shi qinglan's Red lips parted slightly, and her voice was slightly cold. As she spoke, she started the car and reminded, "sit tight."

Jiang Yan's pupils shrank and he immediately put on his seat belt.

Shi qinglan stepped on the accelerator, and the off-road vehicle shot out like an arrow. The car was like a shadow.

She drove an ordinary, unmodified car like a racing car, and the speed kept soaring ...

"F * ck." Jiang Yan's heart was in his mouth.

He looked at the girl in the driver's seat in shock. This time, he was sure that she was jinglan!

Even though she was only 18 years old and a freshman, only Yu mu and Jing LAN could drive at such a high speed!

It was too ... It was too f * cking magical.

Shi qinglan sped all the way, running countless red lights and breaking the rules. Suddenly, she turned the steering wheel and drifted to a stop in front of a broken temple, then prepared to jump off the car.

Jiang Yan grabbed her wrist. master LAN!

The girl's beautiful eyes were slightly cold as she glanced at the hand holding her wrist.

Jiang Yan was slightly stunned. He realized that he had gone too far and immediately let go of her. He pursed his lips and said, "master LAN, you drove too fast. The other brothers haven't arrived yet. Let's wait for them to arrive before we go together."

He looked back.

The other off-road vehicles were so far behind that they could no longer be seen. It took him a long time to regain his senses. After all, not everyone could withstand such a high speed.

Shi qinglan's voice was slightly cold. "I'll go by myself. The rest of you stay here and guard the place. You stay here too."

Hearing this, Jiang Yan's eyes narrowed. no!

He denied her decision almost without any hesitation. His eyes were filled with shock. master LAN, you know the methods of the Crimson night Alliance better than anyone else. I can't let you put yourself in danger.

The entire pure world Pavilion knew that jinglan had once been captured by the Crimson night Alliance. However, by the time they found out about this, jinglan had already escaped successfully with her own abilities and left Qi yexi to them. She had not asked for help in the process ...

However, even though she had not mentioned anything, the people of the pure world Pavilion were still clear that she had been captured by the Crimson night League for an entire month. How could she not have experienced those perverted and vicious methods!

Not to mention that jinglan was only sixteen years old back then.

Now that Jiang Yan knew that she was a girl, and as a much older man, he couldn't let her take the risk!

Qi yexi said that I was the only one allowed to go. It's impossible that he doesn't know that I've mobilized the forces of the pure world Pavilion. This is enough pressure.

Shi qinglan squinted her charming eyes. half an hour! If I don't bring him out in half an hour, you can lead the people from the pure world Pavilion to find me. ”

Jiang Yan's heart sank when he heard this.

He naturally knew what jinglan's words meant. She wanted to go alone and fight with her life. Half an hour was the longest she estimated she could last. If she still hadn't come out after this time ...

It probably meant that he was in trouble.

After all, the Scarlet night Alliance definitely didn't only have Qi yexi.

Although jinglan knew her limits, she was still a girl, and an expert who could fight against hundreds of thousands of people!

...

“Master LAN ...” Jiang Yan wanted to stop him again.

However, Shi qinglan had already made up her mind. It was because she knew Qi yehan's methods that she did not dare to rush in with her men.

LAN Chu's life was of no importance to him. If she really angered him, he could kill her directly as a punishment for not keeping his word.

"Remember, half an hour." Shi qinglan's eyes were filled with determination. After saying that, she jumped out of the car with determination.

Jiang Yan's throat tightened. master LAN!

He still wanted to stop her or even chase after her, but he did not dare to go against her fate. After being in the underworld for a long time, he knew very well that ... Even if it was a kidnapping, there were rules.

354 Shi qinglan in danger alone

Jiang Yan couldn't help but look a little serious.

He clenched his fists tightly and squinted at Shi qinglan's back as she walked away. He could not help but growl, "f * ck!

Shi qinglan strode towards chuanyang temple with her slender legs.

Chuanyang temple was located on the outskirts of the imperial capital. It was a deserted and dilapidated temple. The surrounding areas had not been developed yet, and there were countless projects that had been abandoned halfway through.

It was terrifyingly quiet, but it was also so desolate that it made people panic ...

Shi qinglan placed her hand on the weapon at her waist. She pursed her red lips and kept her guard up. Although she was holding her breath carefully, her slender figure exuded an endless sharpness!

Whoosh! A dagger suddenly came from the side.

Shi qinglan's eyes suddenly turned cold. She immediately took a step back and dodged. With a glance, she saw the assassins from the Crimson night Alliance, who had been lying in ambush, rushing towards her from all directions.

"Lord LAN!" Jiang Yan's heart tightened.

There were at least 20 to 30 people coming from all directions. They were all dressed in black, masked, and holding daggers in their hands. They surrounded her and charged at her.

Shi qinglan's eyes were cold ...

She immediately bent over and took out a whip from her leg bag. She turned around and suddenly swung it, and the killers around her immediately scattered!

crack! the sound of the whip resounded through the sky.

Someone was coming from the side. Shi qinglan grabbed his wrist with her left hand and pulled him in front of her, then lifted her leg to kick him away. She flicked the whip with her right hand to dispel the person who was trying to attack her. Then, she lifted her leg and gave him a side kick and a shoulder throw.

A slender figure was surrounded in the middle ...

The shadow of the whip waved in the air like the wind. The girl's posture was cold and elegant, and her originally clear eyebrows were filled with a murderous intent.

One batch of killers after another swarmed towards her without any gaps!

The silver light of the knife flashed in front of her eyes, and the sharp dagger that was thrust at her ended in failure. She even suffered a fierce whipping or a ruthless kick and was thrown to the ground.

The killers fell to the ground one after another, wailing in pain.

Shi qinglan's right hand gripped the long whip tightly, her palm covered in cold sweat. Fighting against dozens of people at once had exhausted her physical strength, and the sweat on her forehead slid down her swan neck ...

She pursed her red lips and suddenly raised her hand to whip someone. She then stepped on his chest and bent down to grab her collar, asking, "where is Qi yexi?"

"You ... You can continue walking." The man said in a trembling voice.

Who would have thought that a woman would be so fierce that she could knock down dozens of men in minutes?

A cold glint flashed in Shi qinglan's eyes. She kicked the person under her feet and continued to walk inside ...

The whip dragged on the ground and stirred up a faint dust.

When Jiang Yan saw that these people had been taken down, his suspended heart relaxed a little, but he was soon drenched in sweat.

bang! a gunshot rang in his ears.

Shi qinglan had only gone about a hundred meters in when a bullet was shot at her. She immediately bent back to Dodge it.

She opened her eyes and saw the bullet fly past her eyes.

Then, she straightened her back and turned her head to look in the direction of the gunshot. She saw countless people with guns surrounding her from all directions again, almost one after another, not giving her the slightest chance to breathe.

bang bang bang-”

Shi qinglan immediately retracted the whip, took out two pistols with both hands on her waist, and fired a few shots without blinking.

Every bullet hit the killer’s vital parts accurately, and blood gushed out. swish-”

Blood splattered all over Shi qinglan’s body.

There were no obvious marks on his black leather jacket, but a few more bloodstains quickly appeared on his white shirt!

Other people’s blood splattered all over her clothes.

A killer with a gun was obviously not that easy to deal with. Shi qinglan’s aura grew colder. She took out some knockout powder and threw it to the side. cough, cough, cough-”

The killers were immediately knocked out by her drug, and those who were a little further away also choked and were dazed for a few moments.

bang, bang, bang-” Shi qinglan took the opportunity to fire a few shots.

Countless assassins fell to the ground, but there were still people coming over one after another. Every shot was aimed at her vital parts, and even countless bullets came at her at the same time ...

Fortunately, Shi qinglan was not someone to be trifled with.

She stepped back, turned around, and pressed her waist back. The bullets only brushed past her hair, but never hurt her at all!

However, when she walked out of the group of killers safe and sound ...

The bloodstains on her body were already very heavy, and even her porcelain-like face was splattered with blood.

The corners of the girl's eyes were slightly red from the killing intent. Even though her black hair was tied up, the few strands of hair scattered around her ears still gave off a somewhat messy charm.

She still walked into the temple firmly ...

Shi qinglan's palm could not help but feel a little cold, because she knew that there might not be many bullets left. The first wave had daggers, and the second wave had guns. She did not know what she would face next.

"Pa, pa, pa-"

Until a round of applause suddenly rang out!

The dusty wooden door of the dilapidated temple was pushed open with a creak. A figure stood inside the temple. Shi qinglan's eyes were dazzled by the light of the setting sun in the direction of chuanyang temple.

Her eyes narrowed slightly. After adapting to the light, she saw Qi yechan standing unruly in the temple, looking at her with interest. I've indeed underestimated Xiao Shi'er.

He was already more ruthless than he was two years ago.

There were at least a hundred people in total, and whether it was the daggers or the bullets, they were all smeared with poison!

Qi yexiao didn't need them to hurt her vital parts. Even if she only suffered a little injury, the poison would quickly invade her body. She would die of the poison in this wilderness before she could walk to the temple and see LAN Chu.

...

But she ... He wasn't injured at all!

"Where is LAN Chu?" Shi qinglan's voice was cold.

She strode in the direction of chuanyang temple with her slender legs, not caring about what was waiting for her inside.

Qi yexuan's Red lips curled up slightly. why don't you come in and take a look? "

As his voice fell, he slowly turned around and walked back into the temple.

The girl's eyes suddenly narrowed and she followed Qi yexi without hesitation. Just as she stepped into the temple, a white figure flashed past her eyes.

Shi qinglan was very familiar with medicine and poison. She immediately raised her hand to cover her mouth and nose and turned around. The knockout powder had been sprinkled on her back but did not penetrate her lungs. Then, her head was held against.

slap! the cold muzzle of the gun was pressed against the back of her head.

It wasn't just this one gun. Many other assassins swarmed over and pointed their guns at her vital parts.

Shi qinglan's heart sank a little, but she continued to ask the question she was most concerned about. where is LAN Chu? ”

Qi yexi didn't expect that she was actually concerned about someone else.

...

He looked at the girl with great interest, finding this matter more and more interesting- she seemed to be angry.

355 Bo Li Cheng protects his wife: I'll see who dares to touch her!

Qi yexuan couldn't help but chuckle in a low and sexy voice.

The smile on his lips gradually spread to his entire face, and his laughter gradually turned from low to wild ...

“You still have the time to care about others at such a young age?” He only stopped laughing after a long time, deliberately dragging out his deep and dark voice.

Shi qinglan glanced at the man from the corner of her eyes.

The gun at the back of her head moved as well, even more so. The sound of the trigger seemed to be warning her.

“Men, come.” Qi yexuan's tone rose slightly.

A man in black immediately came out from behind the temple. Shi qinglan looked at him and her eyes narrowed.

He saw LAN Chu unconscious on the man's shoulder.

The Man in Black threw the girl to the ground without any mercy. LAN Chu was lying on the ground, curled up. He had been unconscious for a long time and didn't seem to have any reaction.

Her clothes were still intact.

However, perhaps because she had been whipped, the fabric on her back and shoulders had been torn, revealing a few whip marks on her delicate skin. The blood was flowing out little by little without being stopped.

LAN Chu's porcelain-like face was stained with dust, and there seemed to be traces of tears from crying. Her long eyelashes were stained with tears, making her look very pitiful and pitiful.

Qi yexi, what did you do to her?!

Seeing LAN Chu in this state, Shi qinglan's voice trembled a little and she clenched her fists tightly.

She had never seen LAN Chu in such a sorry state ...

Even when she was bullied at Zuo City High School, no matter how much she was humiliated, she was still proud and didn't want to cry, much less beg for mercy.

What exactly had Qi yexi done to her!

The man chuckled and curled his lips. what did you do? I don't seem to have done anything special ... I guess she suffered the same things that you did."

it's only been half an hour. You didn't even last one-thousandth of that one month before you fainted. How boring.

There was a faint trace of regret in Qi yehan's voice.

He had thought that since LAN Chu was her friend, he would be as interesting as her. Perhaps he would catch a new prey by accident. He didn't expect ...

"Tsk, tsk, tsk." Qi yexuan shook his head with some slight mockery.

Shi qinglan's heart could not help but turn even colder. Her fingertips almost dug into her palm, and she hated him to the core.

She knew all too well what she had experienced that month!

Putting everything else aside, even if it was just a whipping from the Crimson night League, ten minutes was the limit for LAN Chu!

It actually took a full half an hour before he was willing to let it go ...

"Did you use medicine on her?" Shi qinglan's voice was a little hoarse.

When she asked this question, her fingertips were cold, and the pain in her heart spread to her limbs through her blood.

Any one of those drugs was enough to harm her body, so much so that even as a doctor, she could not recuperate well.

If Qi yexi had really drugged LAN Chu, she would probably never forgive herself for harming her best friend and being used by her enemy to such a state.

“No, I didn’t,” Qi yexi lazily raised his eyebrows.

He lowered his eyes and glanced at the unconscious girl on the ground. she’s too weak. She’s not worth using medicine to force her.

Upon hearing this, Shi qinglan’s heart sank.

Her eyes were a little cold and her gaze fell on the girl. Qi yexi, I’ve come as you requested. Let her go and I’ll stay.

“Oh?” Qi yexuan couldn’t help but raise his tone.

He walked slowly to Shi qinglan and chuckled. . think I asked you to do it yourself ... But you didn’t come alone, and you brought so many people with you. What if I let her go and get surrounded?”

Shi qinglan was not surprised by this.

It was impossible for Qi yexing not to notice that she had transferred the people from the jingshi Pavilion over, but so what if he did?

She could fulfill her promise and walk into chuanyang temple alone, but she wasn’t stupid enough to not call for help when facing an organization like the Crimson night Alliance!

“They won’t come in without my order.”

Shi qinglan narrowed her eyes and looked at Qi yexiao. but if my men haven’t seen LAN Chu leave after half an hour, I’m not sure if they will bring the pure world Pavilion here to kill us.

Qi yexi chuckled. Xiao Shi ‘er is threatening me? ”

As soon as he finished speaking with a smile, the gun pointed at Shi qinglan’s head suddenly tightened. The man put his finger on the trigger and slowly pulled it down, ready to shoot at any time ...

“Bang!” A gunshot rang out without warning.

However, Shi qinglan had already anticipated this. She grabbed the man’s wrist and threw him over her shoulder.

The shot missed without a doubt and didn’t hurt her, but it immediately attracted the other people around her to shoot!

bang bang bang-”

Shi qinglan dodged the attack and was slightly overwhelmed.

Unexpectedly, Qi yexi’s voice suddenly rang out. since Xiao Shi ‘er doesn’t follow the rules and even brought someone she shouldn’t have ... Then let’s deal with this cute girl.”

“Yes!” The Men in Black immediately walked toward LAN Chu.

Shi qinglan’s eyes suddenly turned red. Qi yechen, you dare to touch her again! My pure world Pavilion will massacre your Scarlet night Alliance!”

“Then let’s try ...” Qi yexi said nonchalantly.

The smile on his lips instantly disappeared. He glanced coldly at the Men in Black beside LAN Chu. why aren’t you attacking? ”

Seeing this, Shi qinglan’s heart sank to the bottom.

...

Her eyes instantly turned a little red, and her posture became more vigorous and fierce. She spun and kicked away the people who were attacking her, grabbed her arm, and threw them over her shoulder. She then twisted her hand to grab the gun and immediately pulled the trigger.

bang, bang, bang! intense gunshots were heard.

As usual, these people were no match for Shi qinglan. They were quickly knocked down by her. The Men in Black beside LAN Chu took out their guns and pointed them at her head, ready to pull the trigger ...

“Stop!” Shi qinglan growled.

She immediately rushed to LAN Chu’s side, grabbed the man’s wrist and twisted it in the opposite direction. A gunshot was heard. bang-”

The gun was pointed up, and the bullet hit the roof of the temple.

Qi yexi's long and narrow eyes suddenly narrowed. He immediately reached out and snatched the gun from the Man in Black's hand. He pressed it against his fingertips and nimbly turned the gun, pointing it at Shi qinglan's neck.

He was about to pull the trigger when " bang-"

However, it was not a gunshot that rang out, but the wooden door of chuanyang temple was kicked open. Qi yexin narrowed his eyes and looked to the side.

A figure suddenly appeared outside chuanyang temple, followed by two more figures. Countless forces from jingshi Pavilion, Bo financial magnate, the imperial capital's Bai family, and continent s poured in instantly ...

Bo Li Cheng strode steadily into chuanyang temple, his low and cold voice suddenly ringing out, " I'll see who dares to touch her!

...

356 His Lan Lan's body was covered in blood

Shi qinglan turned to look at the door.

He saw Bo Li Cheng standing against the light, his face cold and hard, the cold aura around him overwhelming, and his black eyes filled with endless darkness.

He glanced coldly at the abandoned chuanyang temple ...

When he saw the girl covered in blood, his long and narrow eyes suddenly narrowed, and the Scarlet light in his eyes suddenly exploded!

"I was wondering who it was." Qi yexuan's voice was lazy.

He looked down at the gun pointed at the girl's neck and chuckled. so you're the boss of continent s ...

Upon hearing this, Jiang Yan suddenly looked at the man in shock.

He had only been waiting outside for half an hour. When he saw that Shi qinglan had not come out, he barged in. However, at the same time, several other forces had joined in. At first, he had thought that they were allies and did not think much about it.

He didn't expect that there were people from continent s among them, and the leader was a formidable enemy of the pure world Pavilion ... The boss of continent s?

Jiang Yan's gaze on Bo Li Cheng instantly turned vigilant. He knew that the other party had been looking for jinglan, and the two of them had just become enemies over the batch of heavy weapons and the medical equipment.

However, he seemed to be here to save master LAN, could it be ... Did he not know that Shi qinglan and jinglan were the same person?

"Let her go." Bo Li Cheng's throat tightened.

His eyes were locked on Shi qinglan, and his palms could not help but break out in cold sweat, afraid that the other party would suddenly shoot.

At this moment, the cold muzzle was pointed at the girl's neck. Once the gun was fired, there was no possibility of snatching her back!

Qi yexuan's lips curled up slightly. why? "

It was not easy for him to lure Shi qinglan into his trap. If he fired a shot at her now, he would be able to take his revenge!

Bai Yuchen's eyes also fell on LAN Chu ...

When he noticed that she was unconscious and saw the wounds all over her body, his heart could not help but shrink.

"Exchange hostages." Bo Yicheng's cold lips parted slightly, his Adam's apple bobbed slightly. let her go and I'll go with you.

Qi yexuan couldn't help but sneer.

As if he had heard the funniest joke in the world, he slowly placed his finger on the trigger. what good does it do me to tie you up? "

He had gone through so much trouble to kidnap LAN Chu with the purpose of tricking Shi qinglan. Bo Li city was not able to pique his interest.

Shi qinglan also lowered her head slightly.

She looked at the gun pointed at her neck and couldn't help but hold her breath, wondering how she could get out of danger.

"I'll give you whatever you want." Bo Zhicheng's long and narrow eyes narrowed, his voice clearly a little tight.

His low and hoarse voice was filled with nervousness. Only he knew that his palms were covered in cold sweat.

Qi yexi's smile became even more treacherous. What if I don't? ”

As he spoke, he looked down at the girl's neck and slowly pressed down on the trigger ...

“Stop!” Bo chicheng's pupils suddenly shrank.

He immediately strode toward the girl, but the instant he finished speaking, a merciless gunshot was heard. bang-”

Bo Li Cheng's heart felt as if it was being strangled.

The Scarlet light in the bottom of his eyes gradually bloomed, and something seemed to have exploded in his brain at that moment. Some kind of heavy object hit his nerves and heart!

Just as he was about to go crazy, he saw that the bullet had not hit Shi qinglan's neck. She was fine ...

At the critical moment, the girl suddenly grabbed Qi yehan and threw off his arm before the bullet left the chamber.

Swoosh! The bullet grazed her collar.

Shi qinglan suddenly got up and snatched the gun from Qi yechan's hand. She then pointed the gun at his head, her actions Swift and decisive.

Bo Zhicheng quickly regained his rationality after seeing this.

His nerves, which had almost exploded, were smoothed by the girl's safety. He clenched his fists tightly, and the veins on his arms bulged.

Seeing that Qi yexi no longer had any girls as hostages, he coldly ordered, “arrest him.

“Yes!” The group of people he had brought here shouted in unison.

after the announcement, they all charged forward. The people from the Scarlet night Alliance also came from the side. The other factions also joined in. The people from the pure world Pavilion would not show any mercy to the Scarlet night Alliance!

The sounds of killing echoed in chuanyang temple. Gunshots and shrill screams were endless, and the daggers were even flashing with a cold silver light.

Qi yexuan was quickly surrounded by several forces.

“Tsk.” He twitched his lips and felt a little regretful.

Indeed, he had expected Shi qinglan to bring people over. However, he had still underestimated the girl's strength. She was stronger than she had been two years ago.

Otherwise, the three waves of assassins would have killed Shi qinglan before these people could surround him.

Shi qinglan looked at him coldly. Qi yexi, whatever you did to LAN Chu, I'll pay you back in full!

Qi yexi shrugged lazily and didn't say anything.

The girl looked at him indifferently and released the gun in her hand. The gun fell to the ground with a crisp sound.

"Tie him up and take him away." She ordered in a cold voice.

He didn't know if he was ordering the pure world Pavilion or ordering the people from continent S or the Bo Financial Group that he had brought with him from Bo Li city's position.

However, the sharp aura around the girl and her commanding tone made everyone present involuntarily listen to her orders ...

After hearing this, the assassins took Qi yexuan into custody!

"Xiao Shi 'er, I will come back to find you." Qi yexi's lips curled up slightly in a devilish manner. He looked up at the girl with great interest, his tone somewhat wild and certain.

...

Shi qinglan glanced at him with her beautiful eyes.

She didn't say anything. The people from continent s and the pure world Pavilion took Qi yehan away, followed by a few people.

"Lan Lan!" Bo Li Cheng immediately rushed in front of the girl.

His large palm gently held the girl's arm and looked at the blood all over her body. His eyes could not help but become a little Scarlet.

Shi qinglan's Red lips curved slightly. ah Cheng.

The man's eyes lingered on her body, and his Adam's apple moved slightly. His voice trembled slightly. why is there so much blood ... Tell me where you're hurt. Where did he touch you!"

Upon hearing this, Shi qinglan lowered her eyes and glanced at herself.

Her red lips could not help but curve up slightly. it's not my blood. It's the blood of those people outside.

Bo Yucheng's eyes darkened. He clearly did not believe the girl's words and only felt that she was putting on a strong front so that he would not worry.

Bai Yuchen had already rushed to the girl's side.

He picked up the unconscious girl almost without thinking. Seeing her fragile appearance like a Ragdoll, his arms couldn't help but tremble. big brother Cheng, I'll take her to the hospital first.

...

The man's voice was also a little hoarse.

Bo chucheng nodded and immediately sent a few assassins from continent S to accompany them to prevent any mistakes on their way. The people from the imperial capital's Bai family naturally followed.

357 I'll settle the score with you for intercepting my goods, but if you dare to intercept my people again, yingluo

Jiang Yan was a little worried when he saw the girl's appearance.

If it was in the past, he would have thought that master LAN was an unparalleled existence in the world, and even if a hundred people surrounded her at the same time, they would still not be her match. But now, after knowing that she was only an 18-year-old girl ...

He couldn't help but frown. sister LAN, how are you? "

Jiang Yan deliberately changed the way he addressed her. He didn't want to expose her identity before he was sure if continent s was a friend or a foe.

"I'm fine," she said. Shi qinglan pursed her red lips.

She raised her eyes and carefully looked at Bo Li Cheng beside her, only to see the man's deep eyes staring fixedly at her.

Suddenly, Bo Li Cheng simply lifted her up horizontally.

Shi qinglan's beautiful eyes widened. Her eyes flickered and she could not help but exclaim, " ah-Cheng, what are you doing ...

She only felt her body suddenly rise into the air, and then she subconsciously reached out her arms to wrap around the man's neck to prevent him from falling.

Bo Yucheng's arm gently pressed against her waist and the bend of her legs, his movements extremely light. you don't have to force yourself in front of me. Go to the hospital.

As soon as he finished speaking, he strode away with the girl in his arms.

Shi qinglan put her arms around his neck and frowned. I'm really covered in other people's blood ... she retorted.

"To the hospital." Bo chicheng repeated in a tense voice.

He didn't care whose blood it was. He only knew that the girl was in danger and had just experienced a life and death battle.

As he stepped on the countless fallen people and slowly approached chuanyang temple, his heart sank little by little ...

When he barged in and saw the girl covered in blood, he almost went crazy, as if he had been hit hard!

He didn't want anything to go wrong with her.

Hence, Bo Yucheng insisted on taking her to the hospital. The Bo financial magnate and the people from continent s immediately followed while Wen le drove.

"What the f * ck?" Jiang Yan looked at this scene in shock.

If he wasn't blind, did the boss of continent s just leave with his so-called irreconcilable enemy, jinglan?

The two of them seemed to be very close ...

Was this matter really a bit of a fantasy, or did he misunderstand something? A pair of irreconcilable enemies in love?

"This melon is a little fragrant." Jiang Yan pressed the tip of his tongue against his gums.

He looked at the speeding car with great interest, then immediately got into an off-road vehicle and followed.

He seemed to have found out a lot of secrets today ...

At the Imperial hospital.

Bo Yucheng insisted that Shi qinglan do a full examination and even asked the female doctor to take off her clothes to take a closer look. There were indeed no scars on her body. At most, she was tired from beating people up too much.

“Are you sure you’re fine?” The man asked in a deep voice.

“I really didn’t find any wounds.” The female doctor replied helplessly, “ all the possible examinations have been done. If you really don’t believe me, you can take a look yourself ...

Bo Li Cheng’s eyes darkened as he read the reports.

He had even asked Shi qinglan to take a CT scan of her entire body. There were no signs of shock or poison.

“I’ll check again myself.” His voice was deep and clear.

Shi qinglan suddenly looked at him sideways and instantly understood what he was saying. She could not help but hug herself ...

“Is sister LAN really fine?” Jiang Yan asked in disbelief.

After all, jinglan’s matter was the most important matter to the pure world Pavilion. If anything happened to her today, the old Pavilion master and the young master would probably not let him off when he returned to the headquarters in country A.

Shi qinglan did not know whether to laugh or cry. I’m really fine.

But Bo Li Cheng suddenly glanced at Jiang Yan coldly. Who are you? ” he asked.

Jiang Yan instantly felt a chill down his spine.

He raised his head and met the man’s cold eyes. Those black eyes were full of warning and coldness.

“I ...” Jiang Yan was at a loss for words. He racked his brains to think of who he could be. LAN, sister Lan’s subordinate? ”

“Subordinate?” Bo Li Cheng’s long and narrow eyes narrowed.

He looked at the man in front of him with a deep gaze, as if he was considering the truth of his words, and then immediately thought of the other force just now, if he was not wrong ...

Bo Yicheng's cold lips parted slightly. someone from the pure world Pavilion? ”

Cold sweat broke out on Jiang Yan's forehead. He was getting goosebumps from the man's stare and looked to Shi qinglan for help.

“Jiang Yan of the pure world Pavilion.” The girl introduced frankly, ” he's the one who robbed your batch of goods and sent them to F country.

Jiang Yan's eyes widened and he looked at her in confusion.

He couldn't help but be at a loss for words, ” sister LAN, I ...

It was clearly jinglan who had rejected the bill from continent S and promised country F that he would personally intercept the goods and take them away!

“Oh?” Bo chicheng's tone rose slightly.

His gaze on Jiang Yan turned colder, and there seemed to be some hostility in the depths of his dark eyes.

Shi qinglan looked at the man's reaction.

She had said those words on purpose just now to see what kind of attitude Bo Li Cheng would have when he met his enemy.

If he were to strip her off her shocking identity in the future ... Would Bo Li city treat her as an enemy or as usual?

“The person who intercepted my goods ... It's you?” Bo Li Cheng's long and narrow eyes narrowed, his tone cold.

...

Jiang Yan braced himself and met the man's eyes, but he didn't dare to deny it. so what if I intercepted the goods? ”

He was a man, and he couldn't let a young lady take the blame! Even though this blame was thrown on him by the little girl!

“Very good.” Bo Li Cheng could not help but scoff coldly.

He looked at Jiang Yan with a meaningful look in his eyes, then wrapped his long arm around Shi qinglan's waist and pulled her into his arms.

The man's voice was low and hoarse. I will settle the score with you for intercepting my goods, but if you dare to intercept my people again ...

He deliberately dragged out his voice, full of threat.

Jiang Yan was shocked by his warning and immediately said with a strong desire to live, "I don't have such thoughts.

Although he had indeed had his eyes on her when he mistook her for sister Jinglan, he had fortunately smothered it in the cradle.

After knowing that the girl was Jinglan, he did not dare to have any improper thoughts. What a joke ... If he had the guts to lay his hands on Jinglan, he would probably have his arms and legs dismembered by the people of the Pure World Pavilion!

"That's the best." Bo Li Cheng said through gritted teeth.

There seemed to be a spark in his eyes, but Jiang Yan was very timid and didn't even have the courage to look him in the eye.

...

At this moment, a clear voice suddenly rang out. "ah-Cheng, I want to go see little Chu.

When he heard the girl's voice, the hostility around Bo Li Cheng instantly receded a little, and he looked at her as gently as he could.

He pursed his thin lips. "are you sure you're fine?"

"The doctor has already done the check." Shi Qinglan pouted her red lips and whispered into the man's ear, "if you're still worried, you can check it out yourself at home tonight

...

Upon hearing this, Bo Yucheng immediately turned to look at the girl.

The arm around her waist suddenly tightened and pulled her into his embrace. He lowered his head and gently bit her earlobe. Vixen.

Shi Qinglan's cheeks blushed suspiciously.

Jiang Yan raised his hand to cover his gaze. .. He couldn't look.

358 Is he related to the abnormality in your body indicators?

Shi Qinglan immediately rushed to LAN Chu's clinic.

The emergency room's light was still on. Bai Yuchen leaned against the corridor's wall, feeling a little dispirited. His back was slightly hunched, and he closed his eyes tiredly. His lightly clenched fists were pressed against his brow bone.

“How’s little Chu?” Her red lips parted slightly.

Hearing this, Bai Yuchen suddenly opened his eyes. There was a faint Scarlet light in his eyes, and they were bloodshot.

His Adam’s apple moved slightly. she’s still in emergency treatment.

Shi qinglan’s eyes narrowed slightly. She pursed her red lips and turned to walk to the nurse in the emergency ward.

Her slightly bent, Jade-like fingers tapped the table twice. please make the arrangements. I want to go to the resuscitation room.

The nurse raised her head and looked at her in confusion.

This was the first time she had seen a patient’s family member so self-righteously say that he wanted to enter the emergency room. She was about to say something when she saw Shi qinglan suddenly hand over a business card-it was the Medical Research Institute!

The nurse naturally knew what the Medical Research Institute meant.

She widened her eyes in shock at the young girl in front of her. While she was in a daze, she heard the cold voice again. now, am I qualified to enter the emergency room?
”

“There are! There must be one!” The nurse nodded firmly.

She quickly recovered from the shock. Not only did she immediately arrange for her to participate in the rescue, but she even prepared a white coat.

Shi qinglan swiftly put on her white coat and walked in the direction of the emergency room. Bai Yuchen’s eyes flashed with shock when he saw her. He immediately strode toward her. miss Shi, you ...

“She’ll be fine.” The girl’s tone was certain.

As soon as she finished speaking, she raised her hand and adjusted the collar of her white coat. The moment she walked into the consultation room, her whole body exuded a sharp aura.

Bai Yuchen wasn’t sure of her identity. While he was still in a state of confusion, Bo Yucheng patted his shoulder lightly. there won’t be a second person in China with better medical skills than her. Don’t worry.

Hearing this, Bai Yuchen looked at Bo Yucheng in shock.

Although Shi qinglan was only 18 years old, he knew that his big brother Cheng would never lie to anyone. His heart that was hanging in the air gradually calmed down ...

Shi qinglan personally participated in the rescue and led the entire process.

Fortunately, LAN Chu's injuries were basically superficial. He had lost too much blood and was badly frightened. His condition was not too difficult, but it was not very optimistic either.

Fortunately, Qi yexi had indeed not injected her with any drugs, so she had escaped this.

"She's fine. Sign here."

The door to the emergency room was suddenly pushed open. Shi qinglan walked out in a white coat and handed a form to Bai Yuchen.

The girl was very straightforward. Before the man could ask her anything, she told him everything. they're all superficial wounds. She lost too much blood, but she's fine. She should wake up soon.

Bai Yuchen's heart finally settled down.

He pursed his lips and did not reply. He did not know if he should thank Shi qinglan ... After all, he already knew that LAN Chu had kidnapped her only because she was Shi qinglan's friend.

"I'm sorry." Shi qinglan's voice was a little low.

She felt guilty about this matter. She knew why LAN Chu was kidnapped and the cause of this incident. The only compensation she could do was to make sure that LAN Chu didn't have any aftereffects ...

However, she could only blame herself for the damage she had caused.

The moment she saw LAN Chu covered in wounds, Shi qinglan's heart ached, and her hands and feet turned cold.

She was even questioning herself ... Why did she make friends with LAN Chu? why did she put her friend in such a situation?

"Yes." Bai Yuchen only responded in a low voice.

Shi qinglan did not know how to face him. She lowered her eyes and said in a soft voice, "she will be transferred to the general ward later. You can go and see her.

Bai Yuchen nodded slightly, signed the document, and returned it to the girl. Then he strode towards the ward.

Bo Li Cheng was extremely displeased with his attitude ...

He squinted his eyes, but Shi qinglan held his wrist and shook her head. you can't blame him.

The girl squinted her eyes and looked in the man's direction.

Her mind was still filled with LAN Chu's appearance. When she smiled, her eyes were full of stars. When she was bullied, she was so stubborn that she refused to cry. And just now, she was covered in injuries.

His heart could not help but feel a dense pain ...

"I don't blame you." Bo Yucheng gently held the girl in his arms and slowly stroked her back with his large palm as if coaxing her.

Shi qinglan closed her eyes gently, hiding the light in her eyes.

..

That night, at the qinglan waterside Pavilion.

As expected, Bo Yucheng stripped the girl naked and carefully examined her body. After confirming that there were no scars, he domineeringly imprisoned her in his arms.

"In the future, you're not allowed to take risks alone for such things, do you hear me?"

The man's tone was extremely low. The corner of his eyes suppressed the light deep in his eyes as he looked at the girl with a gloomy expression.

He couldn't be sure if it was luck or strength this time ...

However, whether it was the killers lying outside the temple or the gun pointed at the girl's neck, he felt a sharp pain in his eyes and his heart clenched.

When he had found out that Shi qinglan had been in danger alone, he had almost gone crazy from the shock. If something similar were to happen again, he was afraid that he would not be able to control his emotions!

"I know," Shi qinglan pouted her red lips.

She curled up her petite body. After the wounds on her body were checked, she felt cold and tried to get under the blanket.

However, Bo Li Cheng did not intend to let her off so easily. Lan Lan, how did you offend the Crimson night Alliance? ”

Even though he knew that the pure world Pavilion and the Crimson night Alliance were enemies.

...

Since Shi qinglan was hacker S, she was also a member of the pure world Pavilion. However, this did not mean that all members would be targeted by Qi yehan, who was the young master of the Crimson night Alliance ...

“I’ve fought with him before.” Shi qinglan’s voice was a little soft.

She lowered her eyes and said honestly, ” I caught him and used some tricks on him. He’s probably back to take revenge on me.

The girl still didn’t mention a word about the past when Qi yexi had tortured her. She only mentioned how Qi yexi had been captured later.

Bo Yicheng looked at the girl without batting an eyelid. does your abnormal physical indicators have anything to do with him? ”

Shi qinglan’s heart skipped a beat when she heard that.

The man she had chosen was indeed sensitive and smart. Even though she had described it in passing, he had still caught some clues.

“Yes.” Shi qinglan responded softly.

The man had already asked this much. If she still did not admit it, it would seem a little pretentious, so there was no need to hide it anymore.

Bo Yicheng’s eyes gradually turned deep and serene. His long arm wrapped around the girl’s waist and pulled her into his arms, his thin lips gently pressing against her ear as he coaxed, ” are you willing to tell me about it now? ”

...

359 If you dare to touch my people, you should know the consequences!

Shi qinglan looked at the man with her bright eyes.

She struggled a few times in her heart, but Bo Li Cheng’s ear was too torturous, like a demon tossing and turning, constantly coaxing her to tell the story of that year ...

“That year ...” In the end, Shi qinglan could not hold on.

She truthfully told everything to Bo Li Cheng, from the time when Qi yehan had captured her and tortured her for a whole month, injected her with countless drugs, and later when she backstabbed the Crimson night Alliance, causing Qi yehan and the entire Alliance to suffer a great loss and be in seclusion for two years.

The girl’s tone was very calm.

It was as if he was not the one who had been tortured, as if he was telling someone else’s story ...

But Bo Li Cheng’s heart was tightly clenched.

He couldn’t help but hold the girl in his arms even tighter, his chin gently rubbing the top of her hair. He closed his eyes to hide the heartache in his eyes, but his heart was in pain as if it was being stabbed.

Bo Li Cheng could even imagine the scene back then ...

The 16-year-old girl was in the prime of her youth. She was probably not even fully developed yet, and should have been at the most innocent and happy age.

However, she was imprisoned in the endless darkness of hell. Her wrists were shackled and she was lifted up mercilessly. She was whipped countless times and injected with all kinds of drugs.

His body was covered in wounds and blood was splattered all over the ground.

She had been forced to the brink of a mental breakdown by all sorts of drugs, but she had never opened her mouth to beg for mercy. She might have even thought about ending her life when she was in the most pain, but in the end, she had persevered and not betrayed the pure world Pavilion, nor herself.

“I won’t let you experience this again.”

Bo Zhicheng’s voice was slightly low and hoarse, and there was a sigh in his tone as he hugged the girl tightly, his heart aching for her.

In the past, he only knew about her experiences in the orphanage and the Shen family. He did not know that he had such a story in the pure world Pavilion. Now that he knew, he would only cherish her even more.

“It’s all in the past.” Shi qinglan’s Red lips curved up slightly.

If not for Bo Li Cheng's interrogation, she probably would not have taken the initiative to recall that experience, much less speak of it so calmly.

"Yes." Bo Li Cheng's Adam's apple moved slightly.

This matter might pass in Shi Qinglan's heart, but in his Bo Li city ... It was absolutely impossible!

..

At the Crimson Night Alliance's base in Beijing.

Qi Yexi had been captured by the Pure World Pavilion and was temporarily without a leader. Although he was usually stationed in Country A and did not have jurisdiction over Huaxia, the news still caused a great commotion in the base in the capital.

"I'm afraid these people from the Pure World Pavilion don't know what death is."

"You dare to touch our young master! He even found people from Continent S to help! Do you really think our Scarlet Night Alliance is just for show?"

"F * ck! Those bastards from the Pure World Pavilion! If they're provoked, I'll just blow up their headquarters with a big cannon!"

The Scarlet Night Alliance's hatred for the Pure World Pavilion continued to increase.

They ferociously discussed how to make Jingshi Pavilion receive their retribution, until the base's door was suddenly kicked open.

"Bang!" A loud sound was suddenly heard.

The door wasn't kicked open by someone. A heavy cannonball had directly shattered the bulletproof iron door of the Crimson Night Alliance's base in the imperial capital!

The fireball exploded at the entrance of the base.

The members of the Scarlet Night Alliance were stunned. They all turned to look at the door, and as the red ball of flame exploded, a tall figure appeared.

Thin Mist City's body was wrapped in a black windbreaker.

He stood tall, holding a black pistol of excellent quality in his big palm, and slowly stepped into the base through the broken door.

"You ... Who are you?" Someone asked.

Bo Li Cheng's face was cold and hard, his sword-like eyebrows and Starry Eyes were full of killing intent and coldness, and a malicious intent spread from the bottom of his eyes.

He slowly approached the men from the Crimson night alliance with his spear.

Behind him, many Men in Black wearing continent S's followed him and swarmed into the base. In an instant, they surrounded the entire villa!

"What are you trying to do!" The Scarlet night League was nervous.

They looked warily at the people surrounding them and immediately raised their weapons. this is the Crimson night Alliance's base! Even if you want to do something, I'm afraid you can't afford to offend him!"

Upon hearing this, Bo Li Cheng's long and narrow eyes narrowed slightly.

He slowly tugged at his red lips and lowered his eyes to play with the gun in his hand. heh ... Can't afford to offend?"

Other than Shi qinglan, there was no one else in this world that he could not afford to offend! There was no one he didn't dare to offend!

bang-" the bullet was fired.

It shot out almost at lightning speed, and in just a moment, it hit the chest of the person who just provoked him.

Fresh blood instantly splattered everywhere. The man's eyes widened as he stared at Bo Li Cheng, before he fell backward with his eyes wide open ...

"Brother Tiger!" Someone immediately went to support him.

However, the man known as brother Tiger had been struck in the heart and was no longer breathing. This undoubtedly ignited the anger of the Crimson night Alliance!

"F * ck! He actually dared to kill our brothers!" Someone was so angry that his eyes turned red. f * ck him up!

As soon as his voice fell, the Scarlet night Alliance immediately raised their weapons and charged forward.

Bo Li Cheng's long and narrow eyes narrowed slightly. He glanced coldly at the people surrounding him, then suddenly lifted his long legs and ruthlessly kicked the chest of the person in front of him, pushing him away.

bang, bang, bang-" the sound of gunfire was heard.

His long black trench coat drew a few sharp arcs in the air as he moved nimbly.

The entire villa was instantly filled with sword shadows and saber lights ...

...

Continent s and the Crimson night Alliance collided with each other. Blood splattered everywhere, and the frequency of gunshots rang out. Bo Li Cheng looked at these people with bloodshot eyes.

He suddenly grabbed a person's collar, the muzzle of his gun pressed against his neck. since your Crimson night Alliance dared to touch my woman from thin glass City, you should have expected this to happen!

"Bang!" The bullet pierced through his neck.

Just like how Qi yexi had tried to pierce through Shi qinglan's neck, the person in front of him had fallen to the ground.

As long as he thought of how the Scarlet night Alliance had treated his girl, the stubbornness in the depths of Bo Li Cheng's heart would be triggered. He looked at the people in front of him with a dark gaze.

His eyes were red from killing and his heart was crazy ...

It wasn't until the ground of the base was covered in blood and the bodies of the Scarlet night Alliance members were strewn all over that Bo Li Cheng's eyes darkly swept over the Scarlet night Alliance that he and his continent s had completely massacred!

She couldn't help frowning slightly, and her fingers gently rubbed the gun in her hand. Lan Lan will be unhappy if she knows I killed someone.

He mumbled to himself as he released his grip on the spear.

The black pistol fell to the ground. The man looked down at the blood on his trench coat, and a look of disdain flashed across his face. I'll leave the rest to you.

"The people from the Crimson night Alliance ... We'll kill anyone we see in continent s." Bo Yicheng's cold lips parted slightly, his voice indifferent.

360 The 36 ways to eat breakfast while showing off your affection

Boye city stood between the shadows of swords and flashes of knives as cold as ever. Next to his bright and brand new leather shoes was a pool of sticky blood.

However, the man showed a bit of elegance and nobility in the blood, as if the murderous scene in front of him had nothing to do with him, and he was just an out-of-place elegant young master.

“Dirty.” Bo Yicheng’s lips lifted slightly as he spat out a word.

He furrowed his brows slightly, turned around, and strode away with his long legs. He stepped through the blood and left chuanyang temple.

He took off the black trench coat that was stained with the smell of blood ...

Bo Zhicheng casually threw him away. His white shirt and black trousers accentuated his tall figure, making him look even more elegant and Noble. His every move was like that of a gentleman.

Who would have thought that he had just stepped over countless corpses?

..

Clear water Pavilion.

The warm light of the early morning shone into the bedroom through the floor-to-ceiling window and gently fell on the soft bed.

Shi qinglan was sleeping on her side, her soft hands clenched into an empty fist. Her sleeping face was delicate, quiet, and peaceful.

She was gradually awakened by the sunlight, and her fluttering eyelashes trembled slightly. She subconsciously rubbed her body like a spoiled child, but suddenly realized that the person under the blanket seemed to have disappeared.

The girl opened her eyes. ah-Cheng? ”

She sat up and scanned the empty bedroom, but did not see the man. There was almost no warmth left in the blanket.

However, the slightly wrinkled bed sheet and the familiar smell in the blanket confirmed that Bo Li Cheng had indeed slept here last night.

“Where is he?” Shi qinglan’s eyebrows furrowed slightly.

She lifted the blanket and got out of bed. She raised her hand and rubbed her sleepy eyes as she walked into the bathroom. After washing up and changing her clothes, she

was about to call Bo Yucheng to ask when the bedroom door was suddenly pushed open.

“Crack-”

Shi qinglan looked up when she heard the voice.

Bo Li Cheng walked into the bedroom in a white shirt and black pants, carrying a few takeaway boxes in his hands. When he saw that the girl had woken up, his dark eyes rippled slightly, and then he strode over like shooting stars.

“Why are you awake?” He asked in a deep voice.

Shi qinglan raised her hand to stroke her fluffy hair. I woke up when I realized you weren't around. Where did you go so early in the morning? ”

There was no emotion in Bo Li Cheng's dark eyes.

His red lips curled up slightly and he placed the takeaway box on the bedside table. I went to buy you some breakfast.

His normal expression did not reveal the slightest flaw.

Shi qinglan raised her eyebrows slightly. buying breakfast? ”

He could just leave this matter to Wen le or Wen Mo. Although there were no servants in the pavilion, the three meals were arranged in advance.

“Yes.” Bo chicheng looked at the girl with a smile.

His eyes were filled with love and a smile. He sat on the edge of the bed and opened the takeaway box. try it? ”

As soon as the lid of the box was opened, a strong fragrance hit his face.

The skin of the shrimp dumpling was as white as snow, and it was translucent like a crystal. One could vaguely see the shrimp sink. The barbecued pork bun was in the shape of a tall Vermilion Bird cage, with a big belly and a small mouth.

There was also seafood shaomai, steamed pork ribs with tempeh, Hong Kong-style Guiling paste, and other breakfast dishes. It was the most famous Hong Kong-style morning tea in the Imperial City.

“It smells so good.” Shi qinglan took a deep breath.

Her appetite was instantly whetted by the fragrance. Just as she was about to pick up her chopsticks, Bo Li Cheng's large palm grabbed her fair wrist, and he lovingly rubbed her skin with his fingertips.

"I'll feed you." His voice was deep and full of enchantment.

Then, he picked up a shrimp dumpling with his chopsticks and put it in his mouth. He nibbled on the thin layer of skin on one side and leaned closer to the girl.

Shi qinglan's Red lips curled up, and a sly smile flashed across her eyes. She quickly moved closer to bite the prawn dumpling and snatched it over. Her movements were so fast that the man had not even prepared himself before she ran away.

Her soft lips gently brushed against his ...

In an instant, his heart trembled slightly, and the hostility of killing someone in the middle of the night was instantly appeased by the girl's insignificant actions.

Her taste buds were greatly satisfied by the breakfast, so Shi qinglan did not ask him about his whereabouts last night.

..

She heard that LAN Chu was well taken care of.

Recently, Bai Yuchen had deliberately pushed aside all his work at the company and did the work that had to be handled at home. He practically stayed by the girl's side and only let her get out of bed when she had basically recovered.

Half a month later, LAN Chu was finally allowed to return to school.

Imperial University's welcoming party was in full swing at the moment, and the students were discussing it in high spirits.

"Of course, I have to wear a gown for the welcome party."

The corners of han Yina's lips curled up slightly. She raised her hand and played with her slightly curly long hair. the wealthy families in the capital often hold all kinds of parties, so my parents prepared a cloakroom for me. There are all kinds of dresses in it. If you want, you can borrow them from me.

Her every movement was filled with pride and arrogance, and the disdain between her brows was even more undisguisable.

the life of a daughter from a rich family is so enviable!

“Sister Yina’s cloakroom is bigger than my bedroom, right? I already have an image in my mind, a very rich one!”

“I’m so envious ... Sister Yina, are the young Masters of your wealthy families as handsome as those in the TV series?”

I heard that there are two golden Bachelors in the rich families of the imperial capital. They are master Bo of the Bo financial magnate and master Sheng of the Shi financial magnate. Sister Yina, have you seen these two handsome men before? ”

Han Yina was showing off in the dormitory’s garden.

Many girls surrounded them curiously, enviously and curiously gossiping about the life of a rich family far away from them.

...

Imperial University was the best University in China. Those who could get in were those who had real ability rather than money. Therefore, most of the students were ordinary, and there were very few children of rich families. After all, if they had money, wouldn’t it be better to study abroad?

“Of course I have.” Han Yina covered her mouth and chuckled. when I was young, my parents even joked about an arranged marriage.

“Ah! Oh my God, this is like a novel plot!”

two handsome men fighting for a girl’s affection and asking to marry their childhood friend. I think I can write a novel now!

are they really super handsome ...

The girls instantly started to scream like groundhogs. After all, the plot of the overbearing President falling in love with them was too fragrant. The girls probably hoped that this kind of sweet love would fall on them.

However, it turned out that neither the money nor the handsome man belonged to her.

All presidents had bald heads and beer bellies, and all the handsome men were in love with boys ... Was it the destruction of humanity or the loss of morality?

“It’s so lively over there.” LAN Chu’s pink lips pouted.

She held Shi qinglan’s arm as they passed by the small garden. She had wanted to go back to the dormitory to get something, but she did not expect to see han Yina showing off her wealth in a crowd.

LAN Chu tilted his head slightly. I think it's han Yina ...

...

Upon hearing this, Shi qinglan's beautiful eyes glimmered with a little light, and then she looked up at the crowd.

Han Yina was in high spirits. She looked arrogant and condescending, as if she was showing off something.
