71 Please help me do a DNA test

Ning City Hospital.

Shi Fu was already out of critical condition and had been transferred to a normal Ward. Shi qingxi was standing by the window, and Jiang boning was behind him, explaining to Ji Lin about the post-operation care.

“Thank you, Dean Jiang,” Ji Lin sincerely expressed his thanks.

Jiang boning waved his hand nonchalantly, still groaning. In his heart, he was still blaming this family for indirectly causing his baby LAN to fall sick ...

“If there’s nothing else, I’ll take my leave.” The reason Jiang boning had stayed behind was purely to help Shi qinglan deal with the aftermath.

Ji Lin thanked him again and insisted on seeing him out.

Shi qingshang’s gaze was deep as he looked out of the window. He gazed at the scenery of this unremarkable little city, then slowly turned to look at Jiang boning. old man Jiang, please hold on.

The old man’s brows furrowed slightly, and he unwillingly turned around. Even Ji Lin couldn’t figure out what his young master wanted to do.

Shi qingqiao walked to Jiang boning’s side with steady steps.

He pursed his thin lips. elder Jiang, forgive me for my rudeness, but I do have something that I need your help with.

Jiang boning’s brows raised. He sneered and said, “there are many people who dare to boast and ask this old man for help, but I never agree to anyone easily. What makes you think I’ll help you?”

Shi Qingyun was used to being cold and arrogant.

However, at this moment, he tried his best to restrain the cold aura around him. He said unhurriedly, “because this matter is related to LAN ‘er.

Jiang boning didn’t expect this answer.

There was a hint of interest in his spirited eyes. He glanced at the man arrogantly. tell me, what is it? ”

Shi qingxuan looked at the old man who was fast asleep on the bed.

His eyes gradually became deep, and there were some unfathomable emotions in them. Then, he took out two transparent bags from his suit pocket. please help me do a paternity test.

After Shi qinglan was discharged from the hospital, he noticed the girl’s hair on the pillow, so he twisted it up and carefully put it in the bag.

“A DNA test?” Jiang boning looked at him suspiciously.

He was not sure of Shi qingxun’s identity and thought that she was the family who had taken LAN away from the welfare Center.

Shi qingxuan pursed his thin lips. old man Jiang, I haven’t introduced myself to you. I’m Shi qingxuan from the Shi family in the capital, and LAN. er ... I suspect that she’s my sister who has been missing for many years.”

Jiang boning counted on his fingers and felt that this matter wasn’t simple.

He sized Shi qingxiao up with a sharp gaze, then lowered his eyes to look at the two strands of hair. After some consideration, he agreed. I’ll personally keep an eye on this.

Shi qingxuan nodded slightly. thank you, old man Jiang.

Jiang boning snorted arrogantly and left.

Looking at the old man’s back, Shi qingxiao’s thin lips slowly curved up. The unfathomable emotions in his eyes also dissipated and were gradually replaced by a smile.

Butler Ji, how do you think we should announce to the world that the little princess of the Shi financial magnate has returned home? ”

“It’s time to plan.” Ji Lin was also quite gratified.

He could not hide the smile in his eyes, hoping that Shi Fu would wake up soon so that he could tell him the news as soon as possible.

At this moment, Shi Qingfeng’s message notification sounded.

master Sheng, it was continent S who hired assassins to intercept and kill people near Zuo City High School. These people have been brought to Zuo city base.

Shi qingxuan lowered his eyes and glanced at the message. His dark eyes were cold. you stay in the hospital to look after Grandpa.

He clutched his phone tightly, his veins bulging.

He released his aura and said indifferently, "there's something I need to deal with personally.

72 If you dare to touch my girl, you should have thought of the consequences

At the same time.

The door of the bamboo city underground prison was kicked open.

"Bang!"

Bo Li Cheng took off his warm-looking suit and a black trench coat that reached his knees revealed his tall figure. The aura around him was cold and quiet, as if it was wrapped in a wind from hell ...

"B-boss!"

The hired killer recognized the devilish but cold face, and his eyes instantly lit up. are you here to save us? "

Bo ye Cheng approached with sonorous footsteps.

The hired assassins were tied to pillars with chains, and the cold water in the pool had already covered half of their bodies.

"Save you?" Bo Li Cheng slowly opened his mouth.

He squinted his long and narrow eyes, and there was a little coldness in his dark pupils. unfortunately, you've made a big mistake ...

"B-boss ... We know we were wrong! We shouldn't have taken orders that kill people for money! It's mainly because we're too short of money, so we were momentarily blinded by greed ..."

"Oh?" Bo chicheng's Red lips slowly curved up.

He lowered his eyes and glanced at the rising water. His smile was dark and did not reach his eyes. possessed? "

"It's ... Yes, boss! You see, we didn't succeed either. That girl is fine, and nothing happened to her. We promise that we will never do such illegal things again!"

The hired killer was almost frozen by the cold water.

Their lips were purple from the cold. At this moment, they no longer looked like assassins, but more like prisoners.

“Ha ...” Bo Li Cheng laughed coldly in a low voice.

However, the hired killer thought that his boss was in a good mood. Just as he was about to continue pleading, his neck was suddenly grabbed by a large hand.

Bo Yicheng narrowed his eyes and stared at him. which hand? ”

“What ... What?” The hired killer was completely dumbfounded.

The man’s dark eyes became even deeper, and the coldness in his eyes was like an Icehouse. which hand shot her!

“Right hand, ah-”

As soon as the leader of the hired assassins responded, he felt a tearing pain in his right arm, which made him scream in pain.

“Old ... Boss?” The others looked at him in confusion.

Bo Zhicheng glanced indifferently at his broken right hand, his slightly cold voice filled with displeasure. when you dared to touch my girl, you should’ve thought of this outcome!

That girl was ... Boss’s people!

The hired assassins felt like their world was collapsing.

They looked at each other in shock, and the chill on their backs gradually spread to their bodies. There were only two words in their minds-it’s over!

“Even I can’t bear to make her cry.”

Bo Yicheng’s Red lips, which had curled up, gradually converged. His devilish face was filled with displeasure. you still dare to shoot her? ”

“Old ... Boss! We were wrong! I’m really wrong!”

The hired assassins begged for mercy madly. They even felt their scalps go numb, and fear continued to spread from the bottom of their hearts.

Bo Yicheng opened his mouth coldly. it’s too late.

As soon as they finished speaking, they suddenly took out the pistols hidden in their windbreakers and pointed the cold muzzles at the temples of the leader of the hired assassins.

Just as his finger was about to pull the trigger ...

“Young master Bo?” A cold voice suddenly sounded.

Bo Zhicheng recognized Shi qingxiao’s voice, and the dark bloodlust in his dark eyes gradually receded. He calmly hid the gun back into his trench coat and turned around with a warm smile. young master Shi.

Shi qingxuan’s eyes glanced at the scene.

A hired killer’s arm had been twisted and broken, and there was a pool of blood floating in the pool, but Bo Li Cheng was very clean.

“Have you asked who did it?”

He hid the suspicion in his eyes and walked to the front of these people, indifferently looking at the arm that had been broken.

73 Chapter 73: it was indeed Liu wanshuang

Bo Li Cheng looked at him indifferently like an elegant young master.

His Jade-like slender fingers tidied his collar, and his thin lips curled up slightly. I was about to ask when young master Shi came.

The hired assassins looked at him as if they had seen a ghost.

Bo Li city’s sphere of influence in continent S was extremely large. All the organizations respected him, and all the internal members knew what kind of demon he was. However, they did not expect him to be like this now ...

A Jade-like young master with an elegant demeanor?

Shi qingxuan’s eyes were deep as he sized him up. He opened his mouth to sound him out. young master Bo, you’re good at interrogating people.

Bo Zhicheng’s Red lips curled up slightly, his dark eyes containing a faint smile that did not reach his eyes, as he nonchalantly moved his broken arm.

“No matter how ruthless the means are, as long as it’s not used for domestic violence, it won’t cause any problems. What do you think, young master Shi?”

Shi Qingyun looked at him with a grave expression and did not respond.

He narrowed his eyes and sized up the hired assassins. His scrutinizing eyes still had the same threatening and warning look.

“Tell me, who ordered you to do this?”

These hired assassins had almost been scared to death by Bo Li Cheng, and now that they knew that they had touched their boss’s woman, they had not come back to their senses and looked at their boss in a daze ...

Bo Yucheng lowered his eyes indifferently, his fingers gently brushing the collar of his trench coat. what? You still don’t plan to tell me?”

As he spoke, he placed his hand on the spot where the gun was hidden.

He stood behind Shi Qingyun, his dark eyes threatening as he narrowed his eyes at the assassins.

“Say it, say it ... We’ll talk!”

The hired killer quickly received the boss’s signal. After looking at each other, he said honestly, ” yes ... It was a woman with the surname Liu! She was the one who told us to go to Pi City High School and kill that girl!”

Hearing this, Shi Qingyun’s long and narrow eyes narrowed.

The cold look in his eyes became even colder, and a trace of displeasure flashed in his eyes, ” it’s indeed Liu wanshuang ...

“Who is Liu wanshuang?” Bo Yicheng’s Red lips parted slightly.

He still had that lazy appearance, his movements were elegant and Noble, and seemed to be in no hurry at all, but in fact, his heart had long been turbulent, and his killing intent gradually rose ...

“The woman you met in the ward.” Shi qinglin explained in a concise manner.

However, Bo Zhicheng only raised his eyebrows slightly and looked at him indifferently. I didn’t meet her, didn’t notice, I’m not sure.

Shi qingxiao glanced at him in disdain.

With a cold expression, he didn’t argue with Bo Li Cheng on account of his strong desire to live. leave Liu wanshuang alone for me to deal with. If she dares to touch LAN ‘er, the Shi Financial Group will not let her off.

"I'll listen to you, brother-in-law." Bo Li Cheng nodded.

Shi Qingxuan's eyes were cold as he examined him. The man had disguised himself very well, and there was nothing wrong with his appearance. He was even polite to her.

He really believed in the heresy of thin mist city ...

"Since the matter has been clarified, young master Bo, how do you plan to deal with these people?" Shi Qingshang asked coldly.

Bo Yicheng's Red lips curled up slightly. It's a hired assassin from continent S. Naturally, there will be people from continent S who will personally take care of their funeral. Lan Lan doesn't like me to be stained with blood, so I won't do it.

Shi Qingqi was speechless.

He glanced at the tragic state of these hired assassins and knew the rules of continent S that forbade murder for money. He estimated that the mysterious boss would deal with it on his own and really believed his evil.

"Yes." yes! Shi Qingqiao replied in a deep voice.

He was too lazy to continue dealing with Bo Li Cheng, so he strode out of the underground prison with steady steps.

But after Shi Qingxuan left, the paranoia hidden deep in Bo Zhicheng's heart began to stir ...

74 Shi Qinglan is going to become a red elf

The aura around Bo Li Cheng gradually dispersed.

There was a glint in his dark eyes, but he remembered the promise he had made to Shi Qingyun earlier. He was indeed going to listen to Shi Qinglan and not have any blood on him ...

Hence, he opened his thin lips. Wen Mo.

"Master Bo," Wen mo appeared in front of him.

Bo Zhicheng lazily lifted his eyelids, but his voice was extremely cold. get rid of these people.

He took out the pistol hidden in his trench coat, threw it at Wen mo, and then left the underground prison.

The phone rang at that moment ...

Bo Yucheng lowered his eyes and glanced at the caller ID. The coldness and murderous intent in his dark eyes dissipated, gradually replaced by some affection and a smile. He picked up the phone and put it to his ear.

The girl probably said something ...

The man's Red lips curled up slightly, and his voice was full of love. I have some things to do. Wait for me at home, okay? "

He patiently coaxed the girl before hanging up.

The Maybach left in the dust ...

..

Clear water Pavilion.

When Shi qinglan woke up, she realized that the adulterer had slipped away. She rubbed her sleepy eyes and called him. Then, she prepared to go downstairs to make something to eat.

In the end, she found that there was red dates and longan congee boiling in the rice cooker, and in the pot was cooked red sugar ginger tea ...

She was so angry that she cried, and there was no room for her cooking skills to be displayed.

other than red dates, there's only red sugar. Other than red sugar, there's only red beans. If you eat so much red, you'll become a red elf ...

Shi qinglan mumbled unwillingly and took a small bite of the porridge made by Bo Li Cheng. It was really fragrant.

She was about to take a bowl of porridge to the dining room when she heard some rustling sounds outside the door. Kacha-

Bo chicheng frowned as he looked at the barefooted girl.

He immediately strode over and lifted her up by the waist. didn't I tell you to wait for me obediently? "

Shi qinglan did not expect the man to suddenly attack her.

Her hand trembled, and the hot porridge spilled on his coat. I'm hungry, so I wanted to go downstairs to get something to eat ...

Bo Yucheng placed the girl on the sofa.

He turned around and went to the entrance to get a pair of slippers. Then, he took off his coat and threw it aside. be good and sit here. I'll go get some.

"Alright," he said. Shi qinglan curled up on the sofa and smiled.

Bo Yicheng lowered his eyes and glanced at the bowl in the girl's hands. The little bit she had just filled spilled on him. He pinched the tip of her nose helplessly. remember to wear slippers next time no matter how hungry you are.

The man took the bowl away and helped her scoop the porridge.

Shi qinglan savored the taste happily. The girl had just woken up, and her eyes were still misty. Her cherry-like lips were a little red.

Bo Li Cheng's eyes gradually became heated ...

"Lan Lan, is it delicious?" The man's voice was hoarse, and if one listened carefully, one could hear a hint of enchantment in it.

Shi qinglan put down the bowl in satisfaction and rubbed her belly. Oh, I didn't expect ah-Cheng's cooking to be so good.

The girl licked her lips in satisfaction.

She looked at the man with her bright eyes and white teeth. It was obvious that she had rested well, and her white porcelain-like face was also pink.

"Lan Lan," Bo Li Cheng suddenly leaned in.

He put his arm next to the girl's head, his red lips slowly curved up, and his eyes were deep and serene.

"What ... What's wrong?" Shi qinglan blinked her eyes.

She had an ominous premonition in her heart. She probably guessed something, and her delicate face instantly turned a little red, which was true to her words of turning into a red elf.

Bo ye Cheng opened his mouth, his voice containing a hint of a smile. you're making me want to make you cry.

75 Who told you that you wanted to be in the top ten?

Shi Qinglan's eyelashes fluttered.

She blinked her beautiful eyes and looked at the man in front of her. She did not look flustered at all. Instead, she curled her red lips. Then you can only think about it. I have my period to protect me.

Bo Yicheng chuckled helplessly and indulgently.

He raised his hand to brush the hair on her forehead, lowered his head to punish her for a moment, and then stopped bullying her.

"I'll help you apply for leave from school. You can rest at home for a few days, okay?"
Bo Li Cheng gently pressed against her.

Shi Qinglan smiled sweetly and said, "alright."

How could anyone be willing to reject a holiday? Was it because studying was not painful enough or the classes were not boring enough?

Bo Yucheng arranged for Wen Le to contact the school to ask for leave from her.

Shi Qinglan's body had recovered a long time ago. She lay at home like a corpse for a few days, playing with her phone in bed out of boredom.

A few messages suddenly popped up.

"Sister Qing, why did you skip class again? Abbess Miejue uses you as a negative example every day! My ears are getting calluses from listening to it!"

"Didn't you say that you'd show off your skills and get into the top ten? Skipping class to get an exam!"

Jiang Zhi roared at her.

Shi Qinglan's red lips twitched, and her Jade-like fingers tapped on the screen. Who told you that? "

She didn't intend to only get into the top ten. It was too unchallenging.

Jiang Zhi was speechless.

He had been going against the wind and poking at his phone in class. When he saw Shi Qinglan's words, he felt like he was about to break down. Sister Qing, are you still participating in the first mock exam next Thursday and Friday? "

Shi qinglan smiled slyly.

of course, ” she replied almost without thinking.

After her rebirth, she had no intention of hiding anything. It was time to show her academic genius side and slap Shen ruxue in the face!

But before that, she had something to do ...

Shi qinglan’s eyes flickered as she lifted the blanket and got out of bed.

..

At the same time.

In order to take care of the girl, Bo Zhicheng had been working in the study recently. He was sitting in front of the desk in a suit and tie.

His thin lips moved, as if he was in a video conference.

“Squeak-”

The door of the study room was slowly pushed open.

Shi qinglan stuck her head out of the window and blinked her clear and watery eyes, instantly attracting the man’s attention.

“The meeting will be suspended for ten minutes.”

Bo Yucheng sensed that the girl was looking for him for something. He raised his hand to signal for the meeting to stop, then closed his laptop.

His red lips curled up slightly. come in and talk if you have something to say.

Shi qinglan’s eyes darted around. She peeked again and realized that it did not seem to affect the man’s work. She sneaked into the study and said, ” I didn’t know you were in a meeting ...

“I’m fine.” Bo Yucheng pulled the girl into his arms and directly placed her on his lap. what’s the matter? ”

Shi qinglan immediately broke into a bright smile.

Her Lotus-like arms wrapped around the man’s neck. She pouted her red lips and said coyly, ” can I go out? ”

“For what?” Bo Yicheng’s long arm gently wrapped around her, his large palm clasping the girl’s soft and slender waist.

Shi qinglan looked at him obediently and said, “ I’m not doing the surgery for the old man for charity. I haven’t even received my payment yet. I want to go to the hospital to see the patient and collect my debt.

In the past, she had left the operating room without waiting for the suture to be completed, and she had asked Jiang boning to help keep an eye on the patient’s condition.

After all, Shi qingxun was going to pay her for her treatment. She had to obediently complete her duties as a doctor until the patient was discharged.

“If you want to go, then go.”

Bo Yucheng gently pinched the tip of the girl’s nose. I’ll accompany you.

Shi qinglan’s eyes brightened. She kissed the man’s cheek excitedly. do I have to wait until you’re done with the meeting? ”

“Don’t worry about them.” Bo Zhicheng stood up and left.

Shi qinglan was speechless.

76 Mr. Shi, this doctor is called Shi qinglan

Ning City Hospital.

Shi Fu had already woken up. Liu wanshuang stuck to him every day and acted coquettishly. She handed him a peeled Apple, “Grandpa Shi, apples are good for your heart and blood. You should eat more~”

“Good, good, good.” Shi Fu smiled kindly.

He looked at Liu wanshuang with a face full of relief, “ girls are indeed the most considerate. Those two brats didn’t even come to see me!

“Grandpa, aren’t you lying?”

Shi qingxiao’s deep voice suddenly rang out as he strode into the ward with a bunch of sunflowers in his arms.

Shi Fu gave him a sidelong glance. you brought these flowers here. Are you planning to grow melon seeds in my Ward and eat them when you’re bored? ”

Shi Qingqi was speechless.

Liu wanshuang hurriedly stood up and pinched Shi Fu's shoulders, " Grandpa Shi, the sunflowers are also a token of master Sheng's sincerity.

"You're the only one with such a sweet mouth. He's not that kind."

Shi Fu picked up the sunflower and looked at it with great pleasure. He even sniffed it.

Liu wanshuang looked at the Apple that had been thrown to the side and pursed her lips in dissatisfaction. When she looked up, she met Shi qingshang's cold and disgusted gaze and her heart trembled.

"Can these little sunflowers really grow melon seeds?"

Shi Fu was still thinking about this problem, fiddling with the pistil in his free time. Shi qingqiao sat beside him and did not want to bother with him.

Ji Lin, on the other hand, carried sunflower away. Sir, you should lie down. Old man Jiang will come over for a ward round later.

Shi Fu's face fell as he recalled that fierce and nosy old doctor.

"Ward round." Jiang boning suddenly walked into the ward.

Shi Fu immediately snuggled back under the covers and lay upright on his back, pretending that he had not done anything bad.

Jiang boning was forced to stay here unwillingly.

However, when she remembered that she was cleaning up Shi qinglan's stall, the resentment in her heart dissipated a lot. did you secretly eat meat again? "

"Nonsense! I don't have any meat to steal!"

Shi Fu looked like he had been greatly wronged. you stupid old man, don't accuse me just because you're a doctor! My son was also a top doctor when he was young!"

Jiang boning really wanted to quarrel with this old man.

However, since he was. heart patient, he could only swallow his anger. can you family members do something ...

"I vaguely heard that the patient was not very obedient."

At this moment, a delicate voice was heard. Shi qinglan had changed into a white coat and walked into the ward.

The coldness in Shi qingxuan's eyes instantly disappeared. He looked up at the girl, surprised and happy. LAN 'er ...

"Master Sheng." Shi qinglan greeted him with a smile.

Jiang boning frowned, like a little pufferfish that was accumulating resentment and preparing to vent it. LAN girl, you can take care of your patient yourself. I can't take care of this stinky old man's temper if it's too stubborn!

Shi qinglan could not help but smile.

It seemed that it had been a wise decision to hand the patient over to Jiang boning during her absence. They seemed to be getting along very well.

"You should hurry up and leave."

Shi Fu glanced at Jiang boning in disdain, but his eyes were sparkling when he looked at Shi qinglan. I think this little girl is not bad. She's beautiful and her medical skills are definitely better than yours!

Jiang boning was speechless.

At this moment, he was quite good at judging people.

"I haven't asked who this little girl is ..." Shi Fu waved his hand and beckoned Shi qinglan to come to him, looking at her with high spirits.

Jiang boning said nonchalantly, "this is your attending doctor. Her name is Shi qinglan ... Hey, old man, what's wrong with you!"

He was halfway through his sentence when Shi Fu heard the girl's name. He instantly had a heart attack and passed out.

77 Are the results of the DNA test out?

The ward was in chaos.

Jiang boning's expression suddenly changed. He immediately rushed to the side of the bed to perform emergency treatment. The other doctors heard the alarm in the ward and also rushed over.

"Inject epinephrine into the vein."

Shi qinglan's eyes were slightly cold. She did not hesitate to go to the side of the bed to participate in the emergency treatment, but she was suddenly pushed by someone.

"Don't come over!" Liu wanshuang stopped her.

Shi qinglan stumbled back in a daze, but Bo Yucheng raised his hand to hold her waist in time and pulled her into his arms.

He squinted his long and narrow eyes at the other person unhappily.

Liu wanshuang's eyes dodged for a moment, "you ... Didn't you see that Grandpa Shi had a heart attack because of you?! The patient can't be provoked now! Get out!"

She clenched her fists tightly and bit her lip nervously.

Although she felt a chill down her spine when she met Bo Li's dangerous gaze, she still had to take the risk ...

She could not allow Shi Fu to acknowledge Shi qinglan!

Otherwise, she would have nothing!

"I'm sorry, I'll leave." Shi qinglan's eyes narrowed slightly. She turned to leave without hesitation, and Bo Li Cheng followed.

Shi Qingyun sensed the situation. LAN 'er!

Just as he was about to chase after him, Liu wanshuang suddenly grabbed his arm, "master Sheng, Grandpa Shi is still in emergency treatment ...

"Get lost." Shi qingxuan flung her hand away.

The aura around him also instantly turned cold. He looked at Liu wanshuang with a cold expression, "you get out of here too.

"Ho ... Master Xiao ..." Liu wanshuang felt wronged.

Shi qingxuan narrowed his dangerous eyes and coldly said, "I will settle the score with you. Do you need me to order someone to throw you out of this Ward? "

Liu wanshuang bit her lips and looked at the bed unwillingly.

She had wanted to chase Shi qinglan out of the emergency treatment so that she could take all the credit. That way, Shi Fu would be grateful to her and would definitely not chase her out of the Shi family.

However, he did not expect ...

"I'll leave!" Liu wanshuang left in dissatisfaction.

Shi qingxuan instructed Ji Lin to keep an eye on her and was about to chase after Shi qinglan, but Jiang boning said, " family members, please come and sign.

Shi qingxuan stopped in his tracks, pursed his lips, and returned to the ward.

He signed his name with a cold face, and the doctor announced that his heart rate had recovered.

Jiang boning could see the displeasure written all over his face. what's the hurry? since my sister is yours, she definitely won't be able to run away.

Hearing this, Shi qingqiao looked up. Her dark eyes were filled with a mix of nervousness and joy. old man Jiang, are the results of the DNA test out? "

"Uh-huh," The little old man became tsundere again.

..

Shi qinglan was pacing along the corridor outside the ward.

She pursed her red lips, and a kind of anxiety and anxiety spread inexplicably from the bottom of her heart, as if the old man in the ward who was being rescued had tugged at her heartstrings for no reason.

"Don't worry," Bo Yucheng pulled the girl into his arms and gently stroked her back. this has nothing to do with you.

Shi qinglan responded in a low voice and did not speak.

At this moment, Liu wanshuang also left the ward in a fit of anger. She glared at the girl in the corridor with extreme displeasure.

Just as she was about to leave, a cold and threatening voice that seemed to come from hell suddenly rang out. stop.

Liu wanshuang instantly felt a chill down her spine.

As if a gust of cold wind had blown past, she raised her hand to brush the hair in front of her forehead. Just as she was about to turn around, someone suddenly grabbed her neck.

Bo Yucheng grabbed her neck and lifted her up, slamming her directly against the wall, cold and angry.

ah! she cried out in pain.

78 LAN 'er is really my sister yingluo

The dark pupils of the city of thin mist were dark and unfathomable.

He gradually increased the strength of his palm. If Shi qinglan had not been beside him, he might have crushed her to death.

“Bo ... Master Bo ...”

Liu wanshuang's face turned red from the lack of oxygen. She used all her strength to let out an unpleasant sound like that of a duck.

“I'm warning you for the last time, don't touch my people!”

Bo ye Cheng narrowed his eyes and looked at her, his low and cold voice was filled with threat and displeasure, even his entire body was exuding a chill.

you dared to hire an assassin from continent s to kill her. I didn't settle the score with you because Shi qingxuan intended to deal with you personally. But that doesn't mean that I, Bo Zhicheng, will turn a blind eye to it.

Upon hearing this, Liu wanshuang instantly panicked.

Her back was drenched in cold sweat, and the fear in her eyes was unclear. Was it the fear of the matter being revealed, or was it the suffocation of being held by the neck?

“I ... I ...” She could not struggle.

Bo Li Cheng's eyes were cold. of course, if you think you're living too long, I don't mind getting rid of you for the Shi family now.

Liu wanshuang shook her head with all her might.

Shi qinglan looked sideways at the man who was now stubborn and cold. She reached out and tugged at the corner of his shirt. ah-Cheng, let Wen mo do the killing. Don't dirty your hands.

Her beautiful eyes were filled with disdain as she looked at Liu wanshuang.

Bo Yucheng sensed the girl's warm breath and his Scarlet lips curled up slightly, immediately releasing Liu wanshuang.

“Lan Lan is right, it’s very dirty.”

He frowned slightly and took out his suit handkerchief to wipe his hands slowly, his eyes full of disgust.

Liu wanshuang took in a deep breath of fresh air. She raised her hand and touched her neck, then raised her eyes and glared at Shi qinglan.

“You still dare to stare.” Bo Li Cheng’s gloomy voice sounded.

His voice was magnetic to begin with, and at this moment, it seemed to have an echo as it was moistened by the coldness, floating into Liu wanshuang’s ears.

“You should be glad that I helped her steady just now.”

Bo Li Cheng lifted his eyelids lazily. If my Lan Lan was in pain from the fall, I’m afraid miss Liu would be in a wheelchair by now.

These words made Liu wanshuang’s legs go soft.

She raised her hand to support herself against the wall and looked up at Bo Li Cheng with lingering fear. She didn’t expect that there would really be such a ruthless man in this world!

that was really close. If that old man had really made it through, I’m afraid it would have caused a bloodbath.

I don’t know what kind of stimulation he suddenly received. Fortunately, he was rescued ...

At this moment, the doctors walked out of the ward one after another.

After being threatened by Bo qicheng and chased away by Shi Qinglong, Liu wanshuang did not dare to stay any longer. She simply found a random excuse and left with the doctors ...

“Cheng, I’ll go to the ward.” Shi qinglan looked up.

Bo Yucheng nodded and hugged her waist to accompany her.

After the resuscitation was over and the doctor left, Shi qingqian immediately stopped Jiang boning. old man Jiang, how’s the test result? ”

Ji Lin also looked at him nervously and expectantly.

Jiang boning revealed a mysterious smile, and the wrinkles at the corners of his eyes showed that he was asking for a beating. I watched it personally, so the result can't be wrong. Take a look for yourself.

As he spoke, he handed the report over.

Shi qingqiao snatched it over and tore open the leather bag roughly to take out the results.

"It really is ... Miss godly doctor is really a young lady!" Ji Lin was so excited that tears streamed down his face.

Shi qingxuan's anxious heart was finally at ease. He raised his chin slightly and his Adam's apple moved slightly. LAN 'er is really my sister ...

Hearing this, Shi qinglan, who was standing outside the ward, suddenly froze.

79 Did you hear everything just now?

Shi qinglan stood there in shock.

Those clear and moist eyes were wet, and she was dazed and absent-minded, as if she had not yet reacted.

"LAN 'er?" Shi qingxuan suddenly turned his head.

He noticed that the girl was standing at the door of the ward. She was surprised and a little nervous, and he could not help but hold the paternity test in his hand tightly.

Shi qinglan gradually came to her senses.

She only felt as if there was a slight electric current running through her back, and the shock and astonishment made her dumbfounded.

"You just ... Did you hear it?"

The cold sweat on Shi qingxuan's palm made the appraisal book slightly wet. He immediately strode to the girl, but Shi qinglan subconsciously took a step back.

The man immediately stopped in his tracks, not daring to continue forward.

"LAN 'er ..." Shi qingxuan's lips parted slightly, his voice tightening.

He pursed his thin lips into a line, and his fair face was cold and hard, but also a little nervous and at a loss.

He had not expected Shi qinglan to hear about this.

He was still thinking about how to tell her the truth so that she would accept it more easily, but ...

“Don’t force her.” Bo Li Cheng warned coldly.

The arm around the girl’s waist gradually tightened. He could sense the girl’s hesitation and her state of not digesting this matter.

“Let me see the report.” Shi qinglan suddenly said.

Shi qingxiao’s heart clenched and he immediately passed the results of the DNA test over.

Shi qinglan’s eyes drooped slightly. She had also studied genetics and had also read up on detailed information such as genetic comparison.

“LAN girl, are you doubting this old man?”

Jiang boning snorted in dissatisfaction. this result can’t be wrong. I’ve been watching it myself! There’s no way I’m wrong!”

Shi qinglan pursed her red lips and returned the DNA test to Shi qingqiao. She did not say a word as her emotions were complicated.

“Little Miss ...” Ji Lin suddenly said.

There was a hint of age in his voice. although I’m just a Butler, I’ve been by Sir’s side for so many years. I’ve also watched you be born.

your disappearance has always been a knot in master’s heart. The young master, the young Madam, and the two young Masters have never given up on looking for you. It was not anyone’s wish to lose you back then, they ...

“Don’t say anymore.” Shi qinglan’s Red lips parted.

Ji Lin immediately fell silent. Shi qingyan’s heart sank as well, afraid that she wouldn’t accept this.

The girl raised her hand to her forehead and lowered her head as if she was thinking about something. let me digest this first.

Shi qinglan closed her eyes, her mind in a mess.

She had always thought that she was an orphan. Even if her parents were still alive, they would have abandoned her long ago.

But now, she had suddenly found her brother and grandfather ...

Shi qinglan, Shi Qingyi ... The two names were so similar, but she had never thought in this direction.

“You guys go out first.” Bo chicheng suddenly opened his mouth.

His voice was a little cold. When he raised his eyes to look at Shi Qing, his eyes were so calm that they seemed to be devoid of any emotions.

Shi Qing pursed his lips and looked deeply at Bo Zicheng. He still chose to give the girl some space.

Ji Lin also followed him out. young master, what if the young miss doesn't want to go home ...

Shi qingqiao was a little frustrated.

He touched the cigarette in his pocket, but he couldn't light it in the hospital. no matter what, the Shi family owes her.

If Shi qinglan was not willing to accept it, he would wait.

Not only him, but the entire Shi financial magnate, including all the relatives, would be willing to wait until the day she agreed ...

80 Where is Lan Lan and my granddaughter?

Only Shi qinglan and Bo Zicheng were left in the ward, and the sleeping Shi Fu could be ignored for the time being.

Bo Yucheng gently held the girl in his arms.

He rubbed her head with his large palm and said in an extremely soft and gentle voice, ” if you're not willing to acknowledge your family, then we won't.

Shi qinglan was leaning against the man's firm and warm chest.

She bit her lip in a daze. no, I just couldn't react in time ...

Shi qinglan had been kidnapped by the Shi family's enemies when she was three years old.

As far as she could remember, she had lived in a dark welfare home. The adults and children there were all demons, and they would torture the new orphans endlessly ...

Xiao qinglan was scared, lonely, and helpless.

She even gradually realized that in that hellish welfare home, those who were beautiful would be beaten up, and those who were smart would be insulted. So, she began to play dumb and even acted alone ...

She wanted to be like other girls, to have a pink room, soft dolls, parents, and brothers.

However, the welfare Center said that she had been abandoned.

She didn't have anything she wanted. She could only get used to and accept that she was an orphan, eating leftovers, and being laughed at and beaten.

But now ...

Suddenly, someone told her that things weren't like that.

"Did you already know about this?" Shi qinglan poked the man's waist, her coquettish voice a little muffled.

Bo Yucheng admitted in a deep voice, "I hid it from you.

Shi qinglan shook her head gently.

She remembered that Bo Yucheng had once asked her if she wanted to find her family, and she had said she didn't want to back then ...

"No matter what your decision is, I'll listen to you."

Bo Zhicheng hugged the girl even tighter and gently rubbed the top of her head with his chin. if you want to acknowledge me, I'll get the Shi financial magnate to hold the grandest ceremony to bring you home.

If he didn't want to ...

Even if the Bo financial magnate and the Shi family became enemies from now on, he would still protect his girl in his Harbor.

"I'll think about it." Shi qinglan mumbled softly.

Just ... Even if his heart wavered a little, he couldn't let them off so easily!?(?^?)?

Shi qinglan snuggled in Bo Zicheng's arms for a while.

She quickly adjusted her emotions and digested the new identity that she had just learned. After all, she had so many aliases, and she didn't mind wearing one more ...

"Oh, I haven't gotten my consultation fee yet."

Shi qinglan looked up at the man. She blinked her beautiful eyes, and after she recovered, she immediately revealed a greedy look.

Bo Yucheng chuckled. I'll call them in.

The girl nodded obediently. She turned to look at the old man lying on the bed. Probably because of his long-term illness, he looked a little thin and old, which made people feel a little distressed ...

Shi qinglan finally understood.

When Shi Fu was being resuscitated just now, her heartstrings were tugged not because she was concerned about the patient, but because of the blood ties.

"LAN 'er," Shi qingxuan returned to the ward.

He didn't know what Bo Yucheng had talked to his sister about, nor did he know what she was thinking, but ...

Shi qingxuan was about to say something when a weak cough came from the other side of the bed. Shi Fu was slowly waking up.

"Sir." Ji Lin immediately walked to the bed.

Everyone's attention was drawn to it.

Shi Fu opened his eyes with some effort. His wrinkled eyes were full of vicissitudes of life. When he recalled what he had heard before his heart attack, his eyes were filled with tears ...

"Where's LAN 'er?"

His lips were trembling as he spoke. where's my granddaughter ...
