

Heart Stealer Young Master Bo #Chapter 81 - Read Heart Stealer Young Master Bo Chapter 81

81 I'm here, Grandpa

Shi Fu's eyelids were trembling.

He had just woken up and was still not very nimble, but the first thing he did after waking up was to excitedly look for his granddaughter.

LAN 'er, even if you hate me and hit me, I'm willing to accept it. But grandpa's body can't take it anymore ...

Shi qingxuan pursed his thin lips and slowly walked to the girl's side. There was a hint of pleading in his lowered voice.

"My good granddaughter ..."

Shi Fu was so excited that he couldn't control himself. come over to Grandpa quickly. Let Grandpa take a good look.

Hearing the old man's trembling voice, Shi qinglan felt a little bitter in her heart. Grandpa, I'm here.

A soft voice sounded. The girl's Red lips curved up slightly as she sat by the bed and looked at the old man.

She was very clear about Shi Fu's physical condition ...

Even if she hadn't made up her mind, even if the Shi family was to blame for losing her, the old man was ultimately innocent.

"Like ... It's too similar ..."

Shi Fu sized up the girl in front of him, his eyes lingering on her delicate features. her eyebrows and eyes are like her mother's. She's already so big in. flash ...

Shi qingqiao's eyes were also slightly red.

He looked up at the ceiling and turned his back, unable to bear to look at the scene that the entire Shi family had been waiting for fifteen years.

Sir, young master's medical talent has been passed on to Little Miss. She's now the heir of the Medical Research Institute.

Ji Lin's eyes were also brimming with tears as he raised his hand to wipe them away.

Shi Fu nodded in relief and closed his eyes tiredly. His current physical strength was obviously not enough to support him to speak too much.

"Let's do a routine check on Grandpa Shi first."

Shi qinglan pursed her red lips. She couldn't change the way she addressed him now, so it was the most appropriate way to address him.

Jiang boning handed the medical record to her. I just examined this old man, and he fainted again as soon as you arrived.

Shi Fu was speechless.

He rolled his eyes in anger but didn't have much strength.

He cursed in his heart, 'you're the stinky old man, how dare you ruin my good image in my granddaughter's heart ...'

"Why can't it be your words that made him faint?"

Shi qinglan glanced at Jiang boning in disdain, then put on the stethoscope and performed a routine examination on Shi Fu.

that's right. I didn't faint from being scared by my good granddaughter. Shi Fu mumbled in a low voice. The grandfather and grandson were lying through their teeth.

Jiang boning was speechless.

He stood at the side and sulked. After all, he still wanted to beg the big boss to go back and inherit the Research Institute, so he didn't dare to refute.

the postoperative recovery is not bad. During this period of time, be careful not to be frightened again. He should be able to be discharged soon.

Shi qinglan took off the stethoscope. She looked elegant in her white coat. After her delicate and graceful beauty was gone, she looked like an angel in white, kind and gentle.

"Alright," he said. Shi qingxuan nodded slightly.

Shi qinglan slipped her hands into the pockets of her white coat and turned to leave the ward. family members, come out with me for a moment.

His calm attitude clearly showed that he had not acknowledged this brother in his heart, nor did he really treat him as family.

Shi qingxuan's eyes darkened slightly. He pursed his lips and followed her to the corridor. Bo Yicheng also stuck to her and did not leave.

"Is there something wrong with grandpa's body?"

Shi qingxuan's brows furrowed slightly. He was worried about Shi Fu's health, but he was also uneasy about the matter of acknowledging a sister.

To his surprise, Shi qinglan shook her head gently and spread out her fair and delicate palms. She tilted her head and smiled. you haven't paid me the consultation fee yet.

He couldn't ask for a debt in front of the patient.

82 The two of you fell sick on the spot

Shock flashed across Shi qingxuan's eyes.

He did not expect Shi qinglan to call him out for the consultation fee. He chuckled helplessly. are you short of money recently? "

"You're always short of money." Shi qinglan smiled sweetly. two million isn't considered extortion, is it? "

The Medical Research Institute's staff were all very expensive.

Moreover, such a difficult operation wouldn't be cheap even in ordinary hospitals. If Jiang boning knew that she only asked for so little from the Shi family, he would probably jump up and down in anger.

"It doesn't count," Shi qingxuan's thin lips curled up slightly.

A faint smile flashed across his eyes as he handed her a black card. there's no password on this card.

Bo Li Cheng's long and narrow eyes narrowed.

He stared intently at the card that Shi Qingyun had handed over. He quickly recognized that it was an unlimited number of top-grade black cards. Furthermore, it was the main card and not the supplementary card.

"Young master Shi, what do you mean by this?"

Bo Yucheng suddenly raised his hand to stop him, then took the girl's hand and shielded her behind him. It's enough that Lan Lan has me to take care of her. Young master Shi, you should keep this card for yourself.

The smile on Shi Qingxiao's lips instantly disappeared.

His handsome face was cold and hard. I'm willing to give my sister money to spend. What does it have to do with young master Bo? "

Two cold gazes met in the air.

Swords were drawn.

Bo Li Cheng's dark eyes gradually turned deep and a hint of displeasure flashed past his eyes. He then took out his wallet.

"All my cards are in there, just swipe them." He held the girl's hand and placed it in her palm.

Not to be outdone, Shi Qingqiao handed the wallet to her without hesitation. LAN 'er, say it yourself. Do you want brother's card or that stinky man's card? "

Shi Qinglan was speechless.

She blinked her beautiful eyes, feeling a little confused.

He looked down at the wallet in his left hand and then at the wallet in his right hand. He weighed it in his hand and felt that both sides were about the same weight.

"I don't want anyone's, I just want the consultation fee." Shi Qinglan threw the two wallets back to him heartlessly.

Her ability to earn money was no worse than the two men.

As long as she was willing, she could make hundreds of millions of dollars every minute. Perhaps she could even become the richest man in the world if she worked hard.

"LAN 'er, be good."

Shi Qingxuan's brows furrowed slightly. The money I earn is for you to spend. Just take it as your brother's compensation to you, okay? "

He knew that the Shi family owed Shi Qinglan too much, and it was not something that could be compensated with just a few bank cards.

However, he could only take it slow. If Shi qinglan was willing to spend his money, he would feel much better ...

Lan Lan, ignore him. If you don't want to accept the wallet, you can sell a few houses if you need money. My property ownership certificate is all in your name.

Bo Yucheng pulled the girl into his arms, as if he was announcing who she belonged to, and looked at the other party provocatively.

Shi qinglan was speechless.

She raised her eyebrows helplessly, a faint coldness flashing through her clear and charming eyes. are you two looking down on me? ”

Upon hearing this, Bo Yucheng's hand that was holding her suddenly froze.

Shi qingxiao's heart was alarmed as well. She immediately looked at her nervously and said, ” LAN 'er, brother didn't mean that ...

“In any case, I won't take any of your money.”

Shi qinglan's Red lips curled up slightly. why don't you both fall sick right now? I can reluctantly accept some consultation fees.

Bo Yicheng, ” ... ”

His physical body was strong and his endurance was good, so this might not be possible.

Shi qingxuan pursed his thin lips. He lowered his head and thought for a moment. He decided to respect the girl's opinion and no longer insisted. alright, I'll get Butler Ji to write you a check later.

83 How dare you disrespect your future brother-in-law

Shi qinglan deposited the medical fees into her account.

The first mock exam for the city-wide comprehensive examination also arrived as scheduled. Bo Li Cheng had specially prepared a small cake for her with the words ” will win the exam ” written on it.

“Good luck in the exam.”

Bo Yucheng gently hugged the girl and lowered his head to plant a gentle kiss between her brows. don't be too stressed. No matter which school you want to go to, I can help you arrange it.

He knew that the girl's academic performance was not very good.

Therefore, he had been thinking about this for a long time, hoping that she would be willing to go back to the capital with him to attend college. After all, the Bo and Shi families' roots and sphere of influence were there.

"How can you be like this? you're discouraging me before you even take the test."

Shi Qinglan's fair and tender cheeks puffed up slightly. She raised her face, unwilling to admit defeat. what if I get first place? "

Bo Yicheng laughed a little helplessly.

He pinched her soft and white cheeks, " then it's definitely not a 'in case'. My Lan Lan will definitely get whatever rank she wants.

Shi Qinglan could smell the strong desire to live.

She curved her red lips in satisfaction. that's more like it.

"I'll send you to school." Bo Li Cheng's eyes were full of love. He handed the school uniform jacket to the girl and picked up her school bag, hanging it on the crook of his arm. Then, he held her waist and left the villa.

However, just as the two of them reached the courtyard, they saw a black Bentley parked by the side of the road. Shi Qing's tall figure was leaning against the car, a cigarette between his well-defined fingers.

When he saw Shi Qinglan come out, he immediately put out his cigarette and walked steadily toward the girl. LAN 'er.

"What are you doing here?" Bo Zhicheng narrowed his eyes.

Shi Qingmo glanced at him coldly, but when he turned to Shi Qinglan, he smiled gently. I heard that Ning City High School has an exam today, so I came to send you to school.

Upon hearing this, a hint of vigilance flashed in Bo Li Cheng's eyes.

His arms around the girl's waist gradually tightened, and he looked at her with deep eyes. you don't need to send me.

"Let LAN 'er choose." Shi Qingshang lifted his chin slightly.

Shi Qinglan was speechless.

She was no stranger to the scene in front of her. These two childish men really wanted to fight for anything.

She pursed her red lips. young master Shi, why not ...

LAN 'er, if you don't want me to send you home, grandfather will definitely break my legs. Can you bear to see the old man get angry? "

Hearing the girl's words, Shi qingxuan immediately opened his mouth.

Shi qinglan's brows furrowed slightly, and she looked up at Bo Li Cheng. then, ah Cheng, why don't we let ...

"That's impossible." Bo Yucheng refused to back down. He looked down at the girl. I said I would personally send you to the examination hall.

Shi qingxiao furrowed his brows tightly.

At this moment, Bo Zhicheng's provocative voice rang out. He raised his eyebrows slightly. however, after Lan Lan's exam, I can reluctantly give young master Shi a chance to pick her up.

Shi qingxuan glared at the man who had snatched his sister away.

However, he didn't want to make things difficult for the girl, so he could only restrain the unhappy and cold aura around him. He looked down at the girl and became much gentler. LAN 'er, remember to wait for me to pick you up after school.

Shi qinglan nodded and left with Bo Li Cheng.

As she watched the Maybach drive away, Shi qingyao lit a cigarette in frustration. you still dare to disrespect my brother-in-law. I'll make you cry when I propose marriage in the future.

Bo Zhicheng could not think of what his brother-in-law was planning.

The Maybach stopped steadily at the entrance of ning City High School. He unbuckled his seat belt and leaned over to give the girl a light Peck. good luck.

"Alright," he said. Shi qinglan smiled sweetly.

She got out of the car happily, put her bag on her shoulder, and smiled confidently. However, when she walked to the office building, she was suddenly stopped by a middle-aged man ...

84 Ancestor, can we not make a scene?

Shi qinglan suddenly stopped in her tracks.

She blinked her beautiful eyes and glanced at the students around her. She knew that this was not the place to talk. follow me.

As soon as she finished speaking, Shi qinglan went around the flower bed behind the office building. The man received the signal and immediately followed her.

“You’re here to find me?” The girl lifted her eyelids.

Yan Hua was dressed in a suit and leather shoes. Although he was middle-aged, he had an extraordinary aura. His every move had the demeanor of a scholar and the spirit of a leader. But at this moment, he kept all these in check.

“Ancestor.” He looked at the girl helplessly.

Yan Hua pinched the corner of his eye with. headache. look at you. Even if you came down to earth, you don’t have to be so down to earth ... With your IQ, why did you come to a small city like Ying city to study in a high school?”

Shi qinglan raised her eyebrows slightly.

She seemed to have guessed that he was going to say this, so she waved her hand coolly. high school is quite fun.

“Fun?” Yan Hua was really annoyed by Shi qinglan.

He had been the principal of Imperial University for more than ten years, but he had never seen a student who was so naughty.

Yan Hua took a deep breath and calmed the turbulent emotions in the depths of his heart. ancestor, let’s not make a fuss, okay? If you want to go to college, I can guarantee you a spot right now.”

After all, he had been hired by the pure world Pavilion and had been a teacher for Shi qinglan for a period of time. He knew everything about her.

All the major fields in the world were begging her to work, praying that she had some self-awareness. In the end, not only did the big boss give up, but he also ran to prepare for the college entrance examination?

“It’s not challenging at all.”

Shi qinglan looked at him with a sweet smile. everyone in this school says that I’m a slacker. I have to show off my skills here. I’ll go to Imperial University to find you after I’m done with my college entrance examination.

Yan Hua slowly typed out a:

Who said that she was a slacker? if someone like her was considered a slacker, the whole world would probably want to be one!

“He’s gone crazy,” Yan Hua’s expression was complicated. can’t there be some justice in this world? ”

Shi qinglan’s Red lips gave a slight smile. She looked down at the time on her watch and said, ” if there’s nothing else, I won’t talk to you anymore. I’ll be late if I don’t enter the examination hall now. See you later.

As soon as she finished speaking, the girl carried her school bag and swaggered towards the examination hall with happy steps.

“Even mantis shrimp doesn’t have as much skin as you.”

Yan Hua’s head continued to ache. He felt that he might still need a quick-acting cardiac pill, so he turned around and went back to the office building.

He had to see what kind of people were in this school ...

He was so arrogant that he dared to call the Big Shot a bad student?

However, just as Yan Hua entered the building, a slender blue-and-white figure suddenly appeared beside a thick tree nearby.

“Shi qinglan ...”

Shen ruxue held her phone and looked at the photos she had just taken. She smiled with ill intentions.

“You said ... How about the title of being a sugar daddy to a middle-aged man? If I expose all this, will that man still protect you like this?”

Her eyes flashed with a hint of viciousness, and her smile became more contemptuous and insufferably arrogant. Her anger had almost twisted her.

Shi qinglan had caused her so much trouble!

Not only did he make her stay in the police station for half a month, but he also almost destroyed her reputation in school!

How could she allow Shi qinglan to live better than her?

“Shi qinglan, just you wait ...”

not only will I trample on your results, but I will also destroy your reputation just like what I've experienced before!

Shen ruxue squeezed out these words from between her teeth. Then, she turned around and walked towards the examination hall with an elegant and pure smile on her face.

85 Shi qinglan, I will not change sides

The examination venue was arranged according to the examination results.

Shi qinglan had not taken part in the last exam, so she naturally scored a zero and was in the last exam hall.

"Shi qinglan, wait a moment."

However, just as she was about to store her bag and enter the examination hall, an arrogant voice suddenly sounded.

Shi qinglan raised her eyebrows slightly and turned around. young master Xu.

Xu Cheng clutched the shoulder straps of his school bag tightly with both hands, his arrogant expression a little awkward. I lost a bet with master Bo before. I, Xu Cheng, have always been willing to accept my loss.

Shi qinglan was not surprised at all.

Her red lips curled up slightly, and she was a little interested. then tell me, what did you ask at the police station? "

Back then, Xu Cheng had personally proposed to make a bet with Bo Li Cheng.

If he couldn't withstand the pressure of the Bo group withdrawing their funds and didn't turn the company's situation around, he would have to go to the police station to find out the truth about the fire, so he really went.

"I ..." Xu Cheng was extremely thin-skinned.

He turned his face away in shame. I admit that I wronged you before. Ruxue was detained because she caused a fire accident. You didn't slander her.

"And then?" Shi qinglan raised her chin slightly.

She glanced at Xu Cheng, and there was a vague feeling of brilliance around her, as if it came from her bones, and people could sense it even if she didn't show it.

Xu Cheng tightened his grip on his bag.

He quickly and confusedly said, " I'm sorry.

"What?" Shi qinglan pinched her earlobe and said, "what did you say? I didn't hear you clearly.

"You ..." Xu Cheng gritted his teeth and looked at her.

He gritted his teeth, feeling embarrassed. Unwillingly but unconvinced, he said, " Shi qinglan, I'm sorry!

"I forgive you." The girl waved her hand.

As soon as she finished speaking, she turned around to leave, planning to deposit her bag and enter the examination hall.

But Xu Cheng called out to her again, " Shi qinglan, I'm not done yet!

Shi qinglan frowned slightly and stopped in her tracks, but she did not turn around.

Xu Cheng went to her. although I've found out the truth, I still believe that ruxue didn't do it on purpose, so don't expect me to change my side.

Shi qinglan could not help but chuckle.

She shook her head helplessly and looked at Xu Cheng as if he was retarded. up to you, but don't cry to me in the future.

The girl's smile was bright and unbridled.

She casually threw her bag at the door, handed over her id, and walked into the examination hall. Her back view was confident and proud.

Xu Cheng looked at her figure and actually lost his soul for a moment ...

"I won't switch sides." He mumbled to himself again with determination. He shook his head and walked towards the first examination hall.

"Ring ..."

The bell that signaled the start of the exam rang.

The teacher walked into the exam hall with the sealed test papers and demonstrated sealing to everyone. Then, he asked the students to come up and check. After a series of procedures, he opened the test papers in front of everyone.

next, we'll distribute the papers. Please check your name and exam number. You're not allowed to answer before the bell rings ...

The invigilator stood on the stage and read out the rules.

Shi qinglan held her cheek with one hand and looked out of the window, bored. Her other hand was spinning a pen.

However, at this moment, a new invigilator walked into the examination hall. He greeted the previous teacher and changed classes.

"Student, your test paper."

The new invigilator placed the test papers on Shi qinglan's desk. The girl felt that the voice was somewhat familiar, and as expected, she looked up to see Yan Hua's smiling face.

86 Shi qinglan, go to hell, yingluo

Shi qinglan began to doubt her life.

She looked up at Yan Hua and gave him a cold and threatening smile. thank you, teacher.

Yan Hua instantly felt a chill run down his spine.

His heart trembled, and he immediately walked around her to hand out the papers behind. He was even more skeptical of life than Shi qinglan.

The language and mathematics exams went on smoothly.

"I'll hand in my paper early and leave." Shi qinglan threw the math test paper in front of Yan Hua.

In order to avoid listening to his nagging, the girl sneaked away as a form of respect before he could leave the examination room as the invigilator.

Yan Hua was speechless.

He roughly looked through the girl's math paper and didn't say anything.

Shi qinglan picked up her bag that had been thrown in the corridor outside the examination hall and went to the school gate to wait for Shi qingxuan to pick her up.

..

Recently, Liu wanshuang had been woken up by nightmares every night.

Ever since Bo Li Cheng had warned her, she had been haunted by fear and worry, causing her to be restless day and night.

I can't lose like this ...

Liu wanshuang was driving the car. She tightly held onto the steering wheel. The nightmare had already tormented her to the point where she was a little confused.

She had been under the protection of the Shi financial magnate all these years.

If she left this family, she would be nothing. She would have nothing and might even become an orphan ...

Moreover, boxiao city's warning and Shi Qingyun's revenge that she did not know when would come made her feel even more uneasy every day. She was afraid that she did not know what kind of ending she would face.

'Shi qinglan ... It's all your fault! It's all your fault!'

Liu wanshuang's eyes flashed with jealousy and resentment, as if she wanted to skin Shi qinglan alive.

The car drove smoothly on the road.

She wanted to drive to the hospital, but she ended up on the road to Pi City High School ...

Shi qinglan was leaning against a big tree at the school gate.

She looked down and played with her phone. Her black hair fell in front of her, making her pretty face look even more delicate.

"Shi qinglan?" Liu wanshuang's eyes flashed with surprise.

She had not expected to see Shi qinglan at the school gate from afar!

Liu wanshuang's eyes gradually turned vicious and sharp.

She knew that Bo Zhicheng and Shi qingxuan would not let her off, and she also knew that their vicious methods would make her life a living hell!

Shi qinglan, since you've come to my door, don't blame me ...

Liu wanshuang stared at her, " if your brother wants me to die, then you might as well die with me!

As soon as she finished speaking, she suddenly stepped on the accelerator.

Shi qinglan saw that it was about time. Just as she was about to look up to see if Shi qingqiao had arrived, she suddenly saw a red car coming towards her like a madman!

"Shi qinglan, go to hell!"

Liu wanshuang focused all her attention on her, stepped on the accelerator, and used all her strength to kill her!

At the same time ...

Shi qingqiao was also driving towards Zuo City High School.

Just as he turned into the main road, he suddenly saw a red car with a familiar car plate number, " Liu wanshuang? "

He noticed that the car was not going at the right speed, and he saw Shi qinglan nearby. He immediately realized that his sister was in danger, so he stepped on the gas pedal.

The black Bentley overtook Liu wanshuang from behind.

Shi qingxuan's eyes narrowed. With a cold expression, he turned the steering wheel and drifted in front of the red car.

Liu wanshuang's eyes were wide open as she looked at the car that rushed out.

She wanted to step on the brakes to stop, but the speed was too fast and it was too late!

"Bang!"

The two cars collided violently!

87 LAN 'er, will it be alright to tell your brother?

Shi qingqiao gripped the steering wheel tightly.

He looked at the car that had almost smashed into pieces after hitting the back of his car, and his palms were covered in cold sweat.

Her heart was still in her throat ...

He did not dare to imagine what would have happened to Shi qinglan if he had not stopped Liu wanshuang in time.

“LAN ‘er ...”

Shi qingxiao’s voice was tense. He immediately pushed open the car door and strode over to Shi qinglan, pulling her into his arms.

He tightened his grip on her arm and asked in a trembling voice, ” are you alright? Tell big brother, are you alright ...”

Shi qinglan blinked her eyes in confusion.

She had wanted to hide behind the tree. After all, with her skills, she would never let a car hurt her. However, she did not expect another car to suddenly rush out and stop the car that had caused the accident ...

“Young master Shi?” The girl’s Red lips parted.

She suddenly realized that it was Shi qingxuan who had saved her. She suddenly caught a whiff of blood and immediately pushed the man away. She checked his body. you’re injured!

Liu wanshuang’s car hit the side of the driver’s seat.

Shi qinggang was more or less affected. The car window was broken and his arm was cut, blood dripping down.

“I’m fine,” she said.

He didn’t have the time to care about himself at this moment. He grabbed the girl’s arm with his large palm and nervously checked if she was injured.

Shi qinglan could not help but feel helpless.

She grabbed Shi qingxun’s wrist and said, ” I’m fine, I’m really fine. The car didn’t even touch me. What could have happened to me? ”

“It’s good that you’re fine ...”

Shi qingxuan’s heart, which had been hanging in the air, slowly calmed down. He pulled the girl into his arms again, hugging her tighter and tighter.

He was really afraid, afraid that something would happen to her again in front of his eyes.

Once, the robbers had kidnapped Shi qinglan right in front of him. He was only thirteen years old then, and he had not been able to protect his three-year-old sister when faced with a group of vicious adult men ...

He could only watch helplessly as his sister was snatched away.

He could not accept such a thing happening again ...

“Yes, I’m fine.”

Shi qinglan could feel Shi Qing’s spine trembling. Her heart was moved, and her eyes became a little wet.

If Liu wanshuang had hit the driver’s seat and not the back, Shi Qingyun might not have been able to get out of the car. Even so, was he still willing to stop the car to save her?

This was ... Was it the instinct of an older brother to protect his younger sister?

Shi qinglan pursed her red lips and wrapped her arms around Shi Qingyun’s waist. For a moment, she had mixed feelings.

“A car accident! There was a car accident at the school gate!”

It was probably time to hand in their papers, and many of the candidates left the school in a hurry. Suddenly, there was a cry of surprise.

Shi qinglan immediately pushed Shi qingqiao away and walked two meters away. Pretending that she had nothing to do with him, she turned around and looked up at the sky.

LAN ‘er, I’m your biological brother.

Shi qingxiao strode over steadily and tugged at the corner of her shirt. it’s not embarrassing to carry me.

Shi qinglan was still looking up at the blue sky.

She pursed her red lips. if someone takes-picture of it and posts it on the forum, -‘ve already thought of the headline for them-qinglan’s Secret meeting with-rich old man in ning City High School-suspected to be-kept man.

The old man, Shi qingyan. was speechless.

Twenty-eight years old wasn’t that old.

“Let’s go and see Liu wanshuang.” Shi qinglan spoke again. She turned her head to look at the car that was almost impossible to see clearly.

alright, ” Shi qingqiao replied in a low voice.

He narrowed his eyes and recalled the scene just now. His eyes were filled with endless coldness and anger.

The brother and sister walked towards the red car.

88 Shi qingxun, I want her to die

The car involved in the accident was already surrounded by people.

Fresh blood dripped from the car onto the asphalt road. Liu wanshuang was lying in the smashed car, her body covered in wounds and blood. There was even a piece of glass stuck in her neck.

“No... No one will die, right ...”

Some of the students covered their mouths in horror. They really didn’t dare to look at this horrifying scene of blood and flesh.

The red car was badly damaged.

The front of the car was already deformed, and the front windows were all shattered. Liu wanshuang was probably dead.

“Please make way.”

Someone called the police, and the police and ambulance arrived quickly, clearing a path in the crowd.

Shi qinglan and Shi qingyao, who were watching from the front row, made way as well. The doctor immediately carried a stretcher over and tested her breath. He looked up and said regretfully, ” she’s dying.

Shi qinglan pursed her red lips, her emotions complicated.

Shi qingxun could sense the change in the girl’s mood. He pulled her into his arms. she’s the one who brought this upon herself.

“I know,” The girl’s voice was slightly cold.

Even if Liu wanshuang didn't die today, she probably wouldn't have let her off so easily. However, he didn't expect her to be crazy to this extent. Even if both sides were to suffer, she still wanted to kill her ...

In the end, she was the only one who went to hell.

"Who's this car?"

The police cordoned off the scene and found that the other owner of the car was not in the accident. They pointed at the Bentley and asked.

Shi qingxuan said in a deep voice, "mine.

The police officer looked at him sternly and was about to ask what had happened, but his expression changed when he saw the man. young master Shi. you actually ... It's you?"

"Yes." Shi qingxuan nodded slightly.

He glanced coldly at the students around him. He despised their noise, but he remembered what the girl had just said. It would be bad if the two of them were photographed.

"I understand, I understand." The police officer nodded.

He immediately cleaned up the scene and then invited Shi qingqiao to the police car alone to take her statement.

Shi qinglan was one of the parties involved, so she followed him.

"Master Sheng, this is ..."

The police officer sized up the girl beside Shi qingxuan and couldn't help but be stunned by her alluring looks. He then began to secretly imagine the sweet biscuit of a domineering President and his high school wife ...

"She's my younger sister," Shi Qing pursed his lips.

He grabbed Shi qinglan's wrist and led her to his side, his answer instantly shattering the officer's fantasy.

"Sister ... Little sister ..." The police officer felt a little regretful.

Shi qingxuan's expression was dark and cold. His dark eyes flashed with a little coldness. just now, it was that red car that wanted to hit her.

The police officer came to a sudden realization. so that's how it is.

He had already said that the scene of the accident was a little strange. There was no other road on the side, so it was unlikely that there would be such a situation of hitting the side. In that case, it would be easy to explain ...

“How will that woman be dealt with?”

Shi qingxuan's eyes were extremely cold. Every time he thought about how Liu wanshuang wanted to harm his sister, he wanted to strangle her to death.

The police officer said honestly, “I'm afraid he's dead. Even if he's half-alive, he'll definitely spend the rest of his life in prison.

Shi qingxiao pursed his thin lips into a thin line.

He squinted his long and narrow eyes. I don't want to be afraid or even. I want her to die.

Even if he could still save her, he wanted her dead.

If he had not arrived in time today, the one covered in blood would have been his sister ... He couldn't allow this kind of disaster to remain in the world. In that case, he could only let her die!

Meeting Shi qinglin's cold and angry gaze, the police officer's heart couldn't help but tremble. I understand. Don't worry, master Sheng.

89 Who doesn't know that Shi qinglan is an orphan

The scene of the accident was cleaned up very quickly.

Liu wanshuang was carried into the ambulance, but the medical staff knew that they were not allowed to treat her. They could only indifferently watch as her blood flowed out and her body gradually became cold ...

In the end, it was announced that he died in a car accident.

The body was left in the hospital's mortuary without any family to claim it. If there was a next life, she would probably only be a lonely ghost.

..

This matter did not stir up any waves in Shi qinglan's heart.

She attended the full course exam as usual. Just as she was about to leave the school, she was stopped by her class teacher, he Wenjie. qinglan.

“Teacher?” Shi qinglan stopped in her tracks.

In her previous life, when she played dumb, he Wenjie treated her equally, unlike Liao Hongmei’s harsh and cold eyes.

qinglan, after this exam, the school will be holding. college entrance examination oath-taking ceremony and an adult ceremony. Every student needs to invite their parents to attend, you ...

He Wenjie seemed to be in a difficult position.

He didn’t know what to say to not hurt the child. I know your family’s situation, but one parent can’t accompany two people at the same time. Are there any other parents that can be invited? ”

He added, ” or, you can find a friend to pretend to be your parent. I can help you cover it up.

Shi qinglan pursed her red lips and lowered her head in thought.

Just as she was thinking about who to invite, Shi qingxiao’s cold and handsome face first appeared in her mind. It was a subconscious mind that she could not control ...

“Teacher, let me think about it.” She said softly.

He Wenjie couldn’t force her too much, so he could only agree.

Shi qingxuan’s arm was injured, so it was not convenient for her to drive and pick her up. Even though Bo Zicheng had promised to pick her up, he was still worried and asked Ji Lin to go and take a look, afraid that something like yesterday would happen again ...

However, Shi qinglan handed in her paper early.

She didn’t wait for anyone to pick her up. Instead, she went to the Lin city welfare Institute by herself and stood at the entrance, staring into the yard.

let’s play house, okay? you can play my father, you can play my mother, you can play my brother ...

“Don’t! I want mom and dad too! Why do you want me to pretend to be your mother? You should be my mother!”

The children held hands and formed a circle.

They discussed the role play, and their innocent faces were as bright as the sun. Everyone wanted a family, so they had never reached an agreement on the role allocation ...

Shi qinglan's Red lips curved up slightly. Looking at them, she suddenly recalled her childhood in the orphanage.

She stood outside the courtyard and watched for a long time ...

Until a gentle voice suddenly rang out, " Lan Lan? "

The smile on Shi qinglan's face disappeared instantly. She turned around and leaned against the wall outside the courtyard lazily. She looked up and sized up the girls in front of her, led by Shen ruxue.

Lan Lan, I'm really sorry. I was just passing by on my way home. I didn't expect to see you here ...

Shen ruxue bit her lower lip and looked at the others with a pleading look. please, don't tell anyone that you saw Lan Lan at the orphanage. Otherwise, the students will laugh at her again.

The fact that Shi qinglan was an orphan had been a laughing stock in everyone's hands since the first day she entered Ji City High School.

"Ruxue, you're still worried about this?"

who doesn't know that Shi qinglan is an orphan? the embarrassing fact that she was born but not raised by her mother has long been known to everyone.

that's right. In a few days, there will be the college entrance examination's oath-taking ceremony and the coming of age ceremony. I wonder if student Shi qinglan has thought of what to do? "

"What else can we do? Of course, she spent money to find someone to impersonate. It's not like she could suddenly have a family member?"

90 I have parents, an elder brother, and a grandfather!

Shi qinglan looked up with a pair of cold eyes.

She looked at the gloating girls indifferently and quietly enjoyed their ridiculous harmony.

“Everyone, don’t say that about Lan Lan ...”

Shen ruxue frowned and looked at her friend awkwardly. I’m sure she doesn’t want to be abandoned by her parents. She must be very sad to hear you say that.

These girls had never liked Shi qinglan.

Especially now that she had revealed her face, that Foxy and devastatingly beautiful face made them even more jealous.

“Ruxue, you’re too kind!”

Shi qinglan has already sent you to the police station, yet you’re still here speaking up for her. We all feel bad for you.

a person like her doesn’t deserve to have parents. Whether her mother died long ago or she was abandoned, she deserved it ...

“Pa-”

Shi qinglan suddenly raised her hand and gave her a tight slap.

The crisp sound of a slap cut off the girl’s words. She covered her face and looked at Shi qinglan in shock and anger. Shi qinglan, you b * tch! How dare you hit me!

Shi qinglan’s eyes were cold.

“I’m hitting you,”

She lowered her eyes slightly and touched her white palm that was slightly red. you do have parents, but it’s a pity that they didn’t teach you how to speak. In that case, I’ll teach you.

“You ...” The girl gritted her teeth.

Girls couldn’t stand it when others hit their faces.

She flew into a rage out of humiliation and pounced on Shi qinglan with her fangs bared. how dare you hit my face? I’m not done with you ... Ah!”

Shi qinglan’s eyes narrowed.

Seeing the girl pounce on her, she slowly raised her hand to grab her shoulder and grabbed her wrist with the other hand, effortlessly capturing her.

“You don’t have the ability to touch me.”

Shi qinglan's Red lips curled up slightly. Her smile was a little cold, but it did not reach her eyes. The sharpness around her body could not help but be revealed, and the other girls around her also felt a little cold.

She let go of the girl and pushed her forward.

"Shi qinglan!" The girl suddenly stumbled forward and almost fell to the ground.

Unconvinced, she shrieked, "you're an orphan! He had no parents! He just didn't deserve to be loved! Even if you don't want to hear it, it's an undeniable fact!"

The aura around Shi qinglan grew colder and colder.

Her red lips curled up into a sneer, and she approached him with a sharp aura. I'm really telling you ... I have parents, a brother, and a grandfather. This is the truth!"

Shen ruxue's eyes flashed with guilt.

She put on a strong smile and said, "Lan Lan, what are you talking about ... My family brought you here from the orphanage."

Shi qinglan suddenly smiled.

She had bright eyes, white teeth, and beautiful red lips, but her smile seemed to be mocking and warning.

"Shen ruxue, you'd better remember that necklace," Shi qinglan looked at her with a smile.

Shen ruxue was completely flustered.

Back then, the Shen family had adopted Shi qinglan because they had accidentally discovered that she was wearing a gemstone necklace. Although they did not know what the gemstone was, they could tell that it was very valuable!

So, Shen fengzhen brought Shi qinglan home ...

After winning her trust, he stole the tafei stone necklace and sold it at a low price. He didn't expect to earn tens of millions just by selling it!

The Shen family moved from the slums to the villa.

He had also been using the adoption as a pretense, pretending to run a charity, but in fact, all the donations he received went into his own pocket.
