91 Are you willing to accompany me to the pledge conference?

Shen ruxue's body swayed slightly.

However, she knew that Shi qinglan was playing a psychological game with her. She could only force herself to calm down and ask, " what necklace? "

Lan Lan, why didn't I know you had a necklace? " Shen ruxue looked at her innocently.

Shi qinglan's smile slowly faded.

She wasn't surprised by Shen ruxue's denial, but her tone was still a warning. I suggest you remember.

She must have brought that necklace from the Shi family.

In fact, Shen ruxue had suspected the source of the necklace and had also guessed Shi qinglan's identity. However, they had still sold the necklace in order to live in the big villa and had not mentioned it.

"I really don't know ..." Shen ruxue felt a little guilty.

She did not dare to continue discussing this topic with Shi qinglan.

Thus, she put on an innocent smile and looked at her friend beside her. I think it's getting late. Let's hurry home.

"I think so too. Don't waste your breath on this kind of person."

let's go. Shi qinglan is an orphan anyway. She'll be embarrassed on the day of the pledge ceremony!

The girls chattered and left hand in hand.

The coldness in Shi qinglan's eyes gradually dissipated. She turned back to look at the ning city welfare Institute, which had given her the most painful experience, and recalled what they had just said ...

He stood outside the Lin city welfare Institute for a long time, forgetting the time as he stared at the real orphans.

..

At the same time.

Bo Zhicheng's brows were tightly furrowed. He leaned against the metal-black Maybach, holding his phone and continuously making calls.

"The exam just ended, where could Little Miss have gone?"

Ji Lin was also anxiously pacing back and forth. He had already informed Shi Qingyun that he had not received Shi qinglan.

The girl had probably forgotten to turn on her phone after the exams and could not be contacted no matter how many times she was called. Hence, the Shi and Bo financial magnates had ordered their men to search the entire city for Shi qinglan.

Shi qingxun could not care less about the injury on his arm.

He didn't even have time to put on his coat. He immediately drove to the school gate. any news from LAN 'er? "

Shi Qingyun's expression was cold, and his brows were furrowed with anxiety and nervousness. The image of Liu wanshuang crashing into Shi qinglan was also constantly striking his nerves, and he was afraid that something would happen again.

"No, I didn't," Bo Yucheng pursed his lips tightly.

His dark eyes were deep and dark, until the two men's phones rang at the same time, and a message came.

After hanging up the phone, Bo Yucheng and Shi qingxiao looked at each other in silence for a moment. Then, they said in unison, " Ying city welfare Institute.

As soon as the words fell, they each drove their cars in that direction.

At this moment, Shi qinglan had already returned to her senses. She lowered her eyes and glanced at her watch, only to realize that she seemed to have forgotten the time. Bo Li Cheng was probably already waiting anxiously at the school gate.

She immediately took out her phone from her bag and was about to give him a call when two luxury cars suddenly stopped in front of her.

"Squeak-"

Bo Yicheng and Shi qingxiao immediately got out of the car.

The two of them rushed towards her at the same time, but Shi Qingyun was one step ahead and pulled the girl into her arms. LAN 'er ...

Bo Li Cheng's deep eyes stared at him.

Displeased, extremely displeased ...

He even wanted to kill his future brother-in-law.

Shi qinglan did not expect them to come over. She blinked her eyes in confusion. sorry, I forgot to turn on my phone ...

"It's fine, as long as you're fine."

Shi qingqiao closed her eyes with lingering fear and hugged the girl in her arms even tighter. why did you want to come here? "

Hearing this, Shi qinglan gently pursed her red lips.

She slowly raised her delicate face and looked at Shi Qingyun, who always placed her in the most important position.

"Shi ..." The girl's voice stopped for a moment. brother, are you willing to accompany me to the oath-taking meeting organized by the school? "

92 LAN 'er is willing to call me big brother!

Shi qingxun's body froze.

He reacted after. long time, and his dark eyes were filled with joy. He gently pinched the girl's shoulder. LAN. er ... What did you just call me?"

Shi qinglan raised her pretty face slightly, her red lips slightly curved.

Her voice was soft and sweet as she called out again, " older brother.

Shi qingxiao's heart was instantly wrapped tightly in ecstasy, and a smile broke out on her cold face. brother ... Brother! LAN 'er is willing to call me big brother now!"

He had thought that Shi qinglan would not accept him, and had been caught in a deep sense of guilt.

But the girl called him 'brother' in a soft and sweet voice ...

It made him feel like he had the whole world in his hands!

"Call me brother, but don't get so close." Bo Yucheng grabbed the girl's wrist and pulled her to his side.

His deep eyes were full of resentment.

He put his long arm under the girl's waist and pulled her into his arms. He squinted at the other party as if he was declaring his ownership.

"Your brother wants to have a look at your boyfriend."

Shi qingxiao's dark eyes suddenly turned cold as he stared at Bo Zicheng. she's still not yours if I don't agree!

The two men started quarreling again.

It was as if two cold auras were colliding with each other, ready to draw their swords.

Shi qinglan was speechless.

She rubbed the corners of her eyes helplessly. so, is there anyone who can accompany me to the morale-boosting rally? "

"I'll accompany you!" The two men said in unison.

Shi qingxuan's face turned cold. parents are required to participate in the event. Why are you people from the Bo financial magnate joining us? "

"A fiancé is also considered a family member." Bo Li Cheng's dark eyes were deep.

"It doesn't count if I didn't agree!" Shi Qing swore not to give in.

Shi qinglan looked at the gloomy Bo Li Cheng on her left, then at the cold and proud Shi Qinglong on her right.

She felt a little headache, as if no one could persuade her, so she simply snatched Bo chicheng's car keys, got into the Maybach, started the car, and stepped on the accelerator.

"Lan Lan!"

"LAN 'er!"

The two men's eyes turned cold, and their hearts sank.

Shi qingxuan snatched Ji Lin's key without hesitation and then got into the driver's seat. However, Bo Zicheng did not back down and got into the front passenger seat shamelessly.

"Get down." The driver gritted his teeth.

"I'm not going down, but if you don't give chase, you won't be able to catch up." Bo Zhicheng leaned lazily against the back of his chair, even fastening his seatbelt on his body. Then, he closed his eyes to rest.

He wasn't the driver anyway, so he didn't feel any pressure.

If they did not catch up with Shi qinglan, Shi Qing would be the one to take the blame.

"You ..." Shi qingxuan looked at him coldly, but there was nothing he could do. He stepped on the accelerator and gave chase.

The abandoned Ji Lin was in a mess.

"No, then How do I go back?" He scratched his head and watched as the two cars disappeared in an instant.

..

Shi qinglan was driving the car leisurely.

She even took out Bo Li Cheng's sunglasses and put them on, covering half of her delicate palm-sized face, revealing her delicate chin and bright red lips.

"You guys continue to argue, I ... Let's bow first as a form of respect."

Shi qinglan's Red lips curled up slightly. She suddenly stepped on the accelerator, and the car sped down the road like a gust of wind.

He noticed that the car in front of him suddenly sped up ...

Shi qingxuan's eyes turned cold. He gripped the steering wheel tightly. something will happen at this speed. LAN 'er won't take things too hard, will she? "

Upon hearing this, Bo Li Cheng, who had been resting, suddenly opened his deep eyes and stared at the car that was speeding away.

93 Let go of your big pig Trotter

Bo Yicheng suddenly grabbed the steering wheel. step on the gas.

"What are you doing?" Shi qingxuan's eyes were cold, but in order to catch up with Shi qinglan, he immediately stepped on the accelerator.

Bo Yucheng pursed his lips tightly.

He narrowed his eyes and stared at the front as he controlled the steering wheel. After a long silence, he opened his mouth and said, "Lan Lan is racing with us. You just have to step on the accelerator. I'll control the steering wheel."

"Racing?" Shi qingxuan's dark eyes opened slightly.

His sister was a racer?

Shi qinglan was driving faster and faster. She was obviously very familiar with the car. Even when she encountered a curve, she had no intention of slowing down and continued to drive toward the seaside.

"Squeak-"

As she drifted around the bend, Shi qinglan suddenly braked.

She got out of the car in a domineering and charming manner, took off her sunglasses, and went straight into the glass coffee shop on the beach. After ordering an Americano, she waited in boredom for the two men who were so slow ...

Until they rushed in one after another.

Shi qinglan's lips curved into a smile. have a seat. Do you want a cup of coffee? "

The girl was lazily leaning on the sofa in The Glass Room. The sunset on the beach was beautiful and romantic.

However, they were not in the mood to drink coffee at the moment!

"Shi qinglan!" Bo Yucheng held her wrist.

His dark eyes were filled with anxiety and anger. do you know how dangerous that was?
"

He could only watch as Shi qinglan sped up.

Even when he was stirring up trouble in continent S, he had not been able to drive at such a high speed. This was simply a game of life and death!

"Who allowed you to be so fierce to my sister?"

Shi qingxuan narrowed his eyes and stared at Bo Zicheng, extremely dissatisfied with his current attitude. let go of your big pig Trotter.

Bo Zhicheng cast a cold glance at Shi qingxuan.

He was too worried about Shi qinglan and his heart was in his throat the whole time. Especially when he saw her driving towards the beach, he was even more unsure if she had really taken things too hard ...

“You’re still arguing?” Shi qinglan suddenly stood up.

She used her other hand to pick up the keys on the table and prepared to drive away again.

Bo Yucheng immediately let go of her hand and pulled her into his embrace. stop arguing, it’s all my fault.

He wrapped his arm around the girl’s waist.

Shi qinglan’s face was pressed against the man’s warm chest, and she could hear the sound of his heart beating.

“But, Lan Lan ...”

Bo Zhicheng’s brows furrowed slightly. in the future, no matter what, you can’t do such dangerous things to scare us, understand? ”

Shi qinglan pursed her red lips and did not respond.

She had been racing for many years, but later on, because she had to hold a scalpel, she didn’t dare to touch this kind of game that could easily hurt her hand, so she retired from the racing circle for many years.

Was it dangerous? I don’t think so ...

However, this broken car was really slow.

“Are we still going to argue in the future?” Shi qinglan’s eyelids drooped slightly. She wriggled out of Bo Yucheng’s arms and looked up at the two men.

They narrowed their eyes and stared at each other. No.

All of them gritted their teeth, their faces filled with reluctance.

Shi Qingyun glanced coldly at Bo Li Cheng, as if saying, “as your brother-in-law, I can’t be bothered to argue with you,” and then turned to look at his younger sister.

Even his tone became much gentler. LAN ‘er, the chocolate mousse in this shop is delicious. Shall I go and buy you one? ”

Shi qinglan did not reject any chocolate.

Hence, Shi qingxuan went to the bar counter to help her buy a cake. Bo Zhicheng immediately snatched the seat beside the girl and sat down. When she wasn't paying attention, he suddenly pecked her cheek.

"You ..." Shi qinglan's face was slightly red. She was just about to despise this bastard for committing crimes without considering the occasion.

But when she looked up, she saw Shi qingxuan suddenly turn back. He glared at the man coldly and resentfully, gritting his teeth as he enunciated each word.

"Thin Twilight city! What are you doing?"

94 Lan Lan, I'm jealous

Shi qinglan's fair face turned red.

She reached out and pinched Bo Li Cheng's waist, blaming him for embarrassing her and wishing she could dig a hole and hide in it ...

The girl mumbled softly, "no, he doesn't do anything ...!"

Before she could finish her sentence, Bo Yucheng suddenly cupped her face in his hands and leaned in to kiss her lips.

Shi qinglan's beautiful eyes opened slightly, angry and embarrassed.

Bo Yucheng pulled the girl into his arms. young master Shi, you're asking the obvious. Can't you see that I'm showing off my love for your sister? "

Shi qinglan was speechless.

She immediately pushed the man away and used the back of her hand to gently rub her lips. There was still some touch and warmth left on them.

"You ..." Shi Qingyun's expression turned even colder.

If he wasn't afraid of his sister's heartache, he would have grabbed this bastard's collar and punched him.

The cabbage that he had just found was stolen by him just like that!

"That ... I'm not eating chocolate mousse, I'd better go home." Shi qinglan suddenly got up and ran away.

Even though she was quite thick-skinned, being taken advantage of in front of her brother really made her cheeks burn.

"It's all because of you that LAN 'er ran away." Shi Qingyun gave him a cold side-eye and glared at him through gritted teeth.

Bo Yicheng raised his eyebrows slightly. I didn't see her run away when I kissed her in the past. She only ran away because you were here.

Shi Qingyun slowly typed:

Could this matter be sorted out in such a way?

He could not be bothered with such a shameless man. Shi qingxuan immediately chased after him. Bo Zicheng lazily lifted his eyes and glanced at the two car keys on the table.

She curled her legs up casually. you have four legs ... Can it be faster than my eight wheels?"

He then slowly followed her out.

As expected, Shi qinglan was bored out of her mind as she waited for the driver to catch up with her. She climbed onto the top of the Maybach and sat down, her long and fair legs slightly bent as she looked up at the sunset.

"LAN 'er, come down." Shi Qing stretched out his hand to her.

Bo xiaocheng's dark eyes were deep and dark as he stared intently at that hand. The thought of his girl touching another man's hand made him very unhappy.

He supported the car with his big palm and nimbly jumped to the roof.

He wrapped his arms around the girl's waist and carried her down.

Shi qinglan was speechless.

She was still immersed in the beautiful scenery of the setting sun. Before she could snap back to her senses, she was carried into the front passenger seat and Bo Yucheng leaned over to help her fasten her seat belt.

Lan Lan is in my car. Young master Shi, you can go back on your own.

Bo qicheng's brows raised slightly. He casually threw Shi qingqiao's car keys over, then went back to the driver's seat.

"Thin mist city!" shut up! Shi Qingyun shouted coldly.

However, Bo Li Cheng stepped on the gas pedal without hesitation and sped away, showing off his drift when he turned a corner.

He squeezed out a few words from between his teeth. just you wait. There will definitely be a time when you will cry and beg me.

..

Clear water Pavilion.

The Maybach stopped steadily. Shi qinglan was about to unbuckle her seat belt and get out of the car when Bo Yucheng suddenly leaned over and pressed down on her.

He placed his arm next to the girl's head, and before she could come back to her senses, he suddenly covered her lips.

Shi qinglan was speechless.

Her beautiful eyes opened slightly, obviously not expecting that her long and curled eyelashes would touch the man's cheek. Forget it, I'll skip the latter part, or it'll be blocked.

After a long time, Bo Li Cheng finally let go of the girl.

The breath coming out of his thin lips was a little hot, and his voice was hoarse as he said, " Lan Lan, I'm jealous.

She sounded extremely displeased and aggrieved.

95 I don't care, stay away from that man

Shi qinglan's Red lips curved slightly.

She put one arm on the man's shoulder and used the other hand to pinch his chin and lift it up slightly. She had the temperament of a Vixen. then you'll have many chances to be jealous in the future.

Bo Li Cheng's eyes were somewhat resentful.

He pursed his lips tightly. He really wanted to have sex with her in the car, but he obviously couldn't do it in the front passenger seat.

I don't care. You're not allowed to hug Shi qingxiao or hold his hand. Anyway, you're not allowed to get so close to him.

The occupation of this city. There was. His dark eyes gradually became a little deep as he thought about how Shi Qingxun had taken half of Shi Qinglan's heart after she had appeared. He was full of resentment.

"Alright," Shi Qinglan patted his head.

She coaxed the little Wolf dog softly. He's my older brother. He's different from other men.

"I don't care," Bo Yucheng buried his face in the crook of her neck. I'm just jealous. Stay away from that man.

Shi Qinglan felt helpless and kept silent.

She did not know how to get along with her brother, nor did she know how to make her boyfriend not jealous.

The atmosphere in the car gradually became a little quiet ...

Bo Zhicheng pursed his lips. He had probably sensed the girl's dilemma, so he hardened his heart and took a step back.

He lowered his voice. or, don't let me see you do anything intimate with him in the future.

He was afraid that he would go crazy if he saw it.

When his stubbornness toward the girl stirred in the depths of his heart, he wanted nothing more than to pull Shi Qingxiao's head off.

"We will only interact like siblings. Be good." Shi Qinglan leaned in and pecked him on the cheek as compensation.

Having tasted the sweetness, Bo Li Cheng's mood became much better.

However, this compensation was not enough to satisfy him. Before he went to bed at night, there were still some things that needed to be done. Moreover, he was rushing to do them the entire weekend whenever he had some free time.

..

Monday morning.

Shi Qinglan's back ached so much that she almost couldn't get up. When she woke up, it was already too late, so she rushed to school.

The results of the first mock exam had already been released.

The students gathered in front of the noticeboard, looking for their own results and rankings. It was the legendary wailing of the wild.

it's over! My ranking dropped again ...

"The questions for the city wide examination were too difficult! I didn't even finish the math and science questions. These grades are really confusing."

Shen ruxue and Xu Cheng are so good. They have the same score and are tied for first place. Strange, it doesn't seem like he's number one, so why is the number one spot empty?"

Hearing this, Shi qinglan lazily opened her eyes.

Jiang Zhi squeezed his way out of the crowd after reading the results, a blade of grass in his mouth. f * ck ... Sister Qing!"

He immediately pulled off the grass and asked anxiously, " did you miss the exam again? why didn't you get your results? "

"If sister Qing says she's going to show her hand, then she's definitely not lying."

LAN Chu jogged over and threw her petite body into Shi qinglan's arms. maybe the first empty column is sister Qing. For example, if she got a full score, the teacher might not believe it.

Shi qinglan was speechless.

I'm afraid you're right this time.

LAN Chu's eyes curved into crescents as he smiled. His eyes seemed to be sparkling with stars. Xiao Qingqing, do you think I guessed right? "

Shi qinglan's Red lips curved slightly, and she touched her head without answering.

The three of them walked back to the classroom side by side. Just before class started, he Wenjie suddenly knocked on the door. Shi qinglan, come here for a moment.

Hearing this, Shi qinglan stood up and walked out.

96 It would be strange if she didn't score full marks

He Wenjie did not lead them to the office but left the teaching building. Shi qinglan followed behind him obediently.

He Wenjie stopped in front of the announcement board. qinglan, do you know how many points you scored this time? ”

Shi qinglan's Red lips curled up slightly. full marks.

She raised her pretty face slightly, and her pair of charming and beautiful eyes seemed to have a little light in them. She was firm and confident, and the sharpness in her bones seemed to naturally reveal itself at this moment.

He Wenjie looked at her. He was actually attracted by the sharp aura around her, and he couldn't raise any doubts.

“This is your report card.”

He passed a piece of paper to Shi qinglan. if the results are true, you can post it on the noticeboard.

No matter what the other teachers and students thought about her results ...

Since he was Shi qinglan's form teacher, he would never doubt any of his students without any evidence.

“Teacher, do you believe me?” Shi qinglan tilted her head.

Her smile was a little charming, adding a little playfulness to the sunshine. if you believe me, teacher, then paste it.

Instead of announcing the results and being doubted ...

She might as well prove herself first, and then stand at the top of the mountain!

He Wenjie sized up Shi qinglan. The girl's eyes were clear and bright, honest and sincere, and it was hard to doubt her.

“I ...”

He Wenjie was about to express his opinion when a deep voice suddenly rang out. little ancestor, why are you here? ”

He Wenjie subconsciously turned around.

He paused for a moment and saw the principal of Imperial University, who had recently come to Zuo City High School, walking towards them with steady steps.

Yan Hua was in a good mood when he saw Shi qinglan, but he did not expect to see a high school teacher here, so he immediately put away his smile.

“Cough ...”

He cleared his throat and put one hand behind his back, instantly returning to his usual solemn leadership appearance.

“Principal Yan.” He Wenjie greeted him politely.

Yan Hua nodded solemnly, maintaining his cold and steady image as the principal of Imperial University.

His eyes wandered between the teacher and the student. it should be class time now. You are ...

He Wenjie did not hide anything from Yan Hua.

He answered honestly, “ it’s our classmate, Shi qinglan, who got full marks this time. I want her to post the report card personally.

“Full marks?” Yan Hua’s gaze stopped on the girl.

Shi qinglan turned her head slightly and avoided Yan Hua’s gaze. She felt a sense of guilt in her heart, so she walked around him and pasted the result slip on the noticeboard first.

Yan Hua looked at the beautiful report card.

He Wenjie immediately explained, “ principal Yan, although getting a full score does sound ridiculous, I believe ...

Yan Hua raised his hand to signal for him to stop.

He Wenjie thought that he didn’t believe him, but he was also worried that the children in his class would be tainted in front of the principal of the famous school.

However, Yan Hua suddenly said, “ it’d be strange if she didn’t get a full score. You don’t have to explain so much to me.

He Wenjie was stunned for a moment.

He was a little confused. principal Yan, you mean ...

Yan Hua had temporarily stayed at Pi City High School because he was afraid that the teachers and students here would not believe that someone could actually get a perfect score.

He Wenjie's unconditional trust in her surprised him, so Yan Hua added, " Shi qinglan used to be my student. She learned this in high school a few years ago.

"It's very common to get full marks. You just have to get used to it in the future." He patted he Wenjie's shoulder.

97 Yan Hua, Shi qinglan is my student

He Wenjie was stunned on the spot like a bolt of lightning.

His expression was a little stunned as he tried to digest the information Yan Hua had just told him. you ... Your student?"

What did he mean by getting full marks? just get used to it!

Could this kind of thing be so easily gotten used to?

"Yes, Shi qinglan is my student."

Yan Hua nodded. that's why I can guarantee her grades. If anyone still doesn't believe me, you can tell me directly and I'll deal with it.

He Wenjie still felt a little dazed.

Suddenly, he remembered that Yan Hua had called her " ancestor " when he had first arrived. Could it be that he was also calling for Shi qinglan ...?

"Ahem." Shi qinglan clenched an empty fist and placed it against her lips.

She looked up at the sky. the weather's pretty good today.

He Wenjie gradually recovered from his shock. Although he couldn't figure out the connection between the two, since Yan Hua had said it himself, he had no reason not to believe it ...

He led Shi qinglan back to the classroom in a daze.

LAN Chu leaned over with a smile. Xiao Qingqing, what did old he say to you just now?
"

Jiang Zhi also crossed his legs and waited for her answer.

Shi qinglan's Red lips curved slightly. She looked up at he Wenjie, who was still in a daze. you should know soon.

He Wenjie tried very hard to calm his emotions.

He put his hands on the podium and said, " the results of the first mock have been released. I believe everyone has seen it, but only the first place is still empty ...

As he spoke, he subconsciously looked down the podium.

He still could not look at Shi qinglan directly.

He Wenjie paused. I just went to confirm the results. The first place in the comprehensive test is indeed in our class. Not only that, but she is also well-deserved to be the first in the city.

Upon hearing this, the class was in an uproar.

Jiang Zhi was so shocked that he almost fell out of his chair. f * ck, our school has never gotten the city's first prize! Don't tell me it's that White Lotus, Shen ruxue ..."

He had a look of disgust on his face, as if he couldn't accept it.

"Ruxue, didn't you tie with Xu Cheng for first place? Teacher he is definitely talking about you!"

"That's amazing, the first year in school and the first year in city are two different things! I didn't expect ruxue's results to improve so quickly!"

Shen ruxue's vanity was satisfied. She smiled gently and said, " everyone, please don't praise me like that ...

She was happily immersed in the joy of getting into the city's No. 1 class, accepting the praises and compliments of the students around her.

how about this, let's let this student stand up on his own and receive the applause of the entire class.

He Wenjie looked at Shi qinglan, who was lying on the table.

On the other hand, Shen ruxue's side was rather lively. The people around her were pushing and shoving her excitedly, as if she could satisfy her vanity by winning the first place in the city ...

"Ruxue, teacher he is calling for you."

why are you embarrassed to take the city No. 1 exam? quickly stand up.

Shen ruxue's smile was. little shy. She tidied her clothes nervously and excitedly, then slowly stood up.

“F * ck her grandfather!”

The moment Jiang Zhi saw Shen ruxue standing up, he couldn't help but swear. I can't accept this White Lotus ranking ... Sister Qing, what are you doing?”

Before he could finish vomiting, he was surprised to see ... Shi qinglan, who was beside him, also stood up slowly.

Shen ruxue's seat was closer to the front.

There was a look of confidence and pride in her eyes as she stood on her seat like a white Swan. She did not know that Shi qinglan had stood up behind her.

The only first place, the two of them stood up.

The atmosphere in the classroom suddenly became a little awkward.

98 The first place this time is Shi qinglan!

Shen ruxue didn't feel awkward at all.

She still looked at he Wenjie arrogantly and confidently, but the other students in the class looked at each other.

“Ruxue ...” The girl beside her tugged at the corner of her shirt.

Shen ruxue looked at her in confusion. The girl pointed to the back row and turned to see Shi qinglan standing up.

“Lan Lan's legs are probably numb from sitting for too long.” She chuckled, looking indulgent and helpless.

She was so familiar with Shi qinglan that she had every reason to believe that she would not get good results. However, she had indeed performed better than usual this time, so she might really have a chance of getting the first place in the city.

Thus, she was full of confidence and did not realize that the situation was wrong.

“I've never seen such a shameless person!”

with her disgraceful results, she either missed the exam or gave a blank paper. She got zero marks every time, and now she still dares to pretend to be the first? ”

“Shi qinglan is really not afraid of face pain ...”

The class was abuzz with discussion, and everyone looked at Shi qinglan with contempt and disdain, mocking her.

“Qing ... Sister Qing ...” Jiang Zhi’s lips twitched.

He looked up at Shi qinglan and wanted to persuade her to sit down, but he saw the girl’s pretty face lift slightly. Her delicate and bright eyes were full of confidence, and her whole body seemed to be shining.

“All of them. Try saying that again!”

Jiang Zhi’s expression changed instantly. He slammed the table and stood up. I’m willing to believe in sister Qing! Old he hasn’t even said anything yet, what are you guys talking about?”

LAN Chu nodded his head like a chicken pecking at rice.

The class fell silent instantly. Although they disdained to agree with Jiang Zhi’s thoughts, they did not dare to provoke him.

“Uh ...”

He Wenjie scratched his head in embarrassment.

He really didn’t expect Shen ruxue to get up. It was a bit tricky to deal with the current situation.

“Shen ruxue, why don’t you take a seat first?”

He Wenjie couldn’t bear to hurt Shen ruxue’s self-esteem, but he couldn’t help it since she wanted it herself.

Shen ruxue raised her eyes in surprise. teacher? ”

Suspicion and speculation quickly flashed through his heart ...

She suddenly remembered that he Wenjie had just spoken to Shi qinglan alone and had confirmed the results when he came back.

Could it be ...

However, this was impossible!

At this moment, he Wenjie suddenly announced, ” the first place in the city this time should indeed be our classmate, Shi qinglan. She has scored perfect marks in all her subjects.

Hearing this, Shen ruxue's expression changed.

Her cheeks were burning, but it was too late for her to sit down, and she felt humiliated standing there.

The classroom also fell into an unprecedented silence ...

She was even quieter than Jiang Zhi after his threat.

It was eerily quiet.

"How could she ..." Shen ruxue didn't believe him.

Jealousy was burning in her heart. She refused to believe this result, but she couldn't say it because her face had been slapped enough!

"Ruxue, you should sit down first ..."

The girl beside her reminded her in a low voice, but Shen ruxue was still angry and glared at her.

The girl was obviously frightened by her. ruxue? "

Shen ruxue immediately realized that she had lost control of her emotions. She sat back in her seat and pursed her lips. I'm sorry. I didn't mean it. I didn't mean anything else ...

The girl nodded in a daze and didn't speak.

However, Shen ruxue usually looked gentle and soft. Why did she suddenly reveal such a terrifying look just now?

It was as if he wanted to kill her.

99 Did you really answer the paper with full marks?

The entire class was digesting the news.

They were immersed in shock and were unable to extricate themselves, but more than that, they were suspicious of the perfect score.

How was it possible for someone to get full marks on the high school exam?!

The news spread quickly, and some people even ran to the red list to look at Shi qinglan's results. She had scored full marks for all subjects, and it was simply too beautiful!

she couldn't have seen the test paper in advance. right ...

"But even if there's an answer, how did you get full marks for the essay?"

"F * ck! Even if you give me the answers, I won't be able to get a full score. Who the f * ck can memorize every question!"

The whole of Yicheng high school felt like it was a fantasy.

They didn't want to believe it, but they had to believe it for the time being. They were eager to know the truth about the full score!

However, Shi qinglan was lazily resting with her eyes closed ...

"Sister Qing ..." Jiang Zhi turned to look at her stiffly. did you really get full marks on the paper? "

The answer sheets that had been marked had all been sent out.

Jiang Zhi looked at the beautiful handwriting, the rigorous logic of the solution, and the amazing essay ...

He was so shocked that his jaw almost fell off. why do I feel like the teacher has never explained this solution before ...

"Yes." Shi qinglan's eyelids closed slightly.

Her red lips curved up a little and she said casually, "after you go to college, your teacher will talk about it in advanced mathematics class.

Jiang Zhi was speechless.

Why did he feel like he was being despised?

After a long time, she still couldn't come back to her senses. The answer sheet in her hand was snatched away by LAN Chu. The little girl's eyes sparkled as she looked at Shi qinglan's amazing answer sheet with admiration.

I've already said that Xiao Qingqing will definitely be fine!

"How did you guess it?" Jiang Zhi couldn't understand.

LAN Chu's pink lips curved up slightly, and his already cute oval face looked even more playful. a woman's sixth sense.

Jiang Zhi was speechless.

Once again, he was convinced and speechless.

The office of the third year's science comprehensive education team was even more turned upside down.

Liao Hongmei said sarcastically, " Ms. He, Shi qinglan got a perfect score. Don't you feel ashamed to say that? "

Mr. Liao, we can't doubt a student for no reason. If you think there's something wrong with her grades, you have to show us evidence.

He Wenjie pushed his glasses and said righteously.

Liao Hongmei rolled her eyes disdainfully. you should be the one showing evidence now. How are you going to prove the authenticity of the results? "

He Wenjie thought of Yan Hua. I ...

He was considering whether he should trouble principal Yan, but Liao Hongmei thought he was silent because he couldn't produce any evidence.

She sneered, " other teachers, come and judge. Shi qinglan's usual results are obvious to all. Don't you suspect that she's cheating? "

"This ..." The other teachers looked at each other.

To be honest, it was really hard to believe, especially when she not only ranked first in the city but also got full marks!

"Teacher he, did you see that?"

Liao Hongmei sneered, " we don't believe in her results. Although we don't know how the answers were leaked, since she wanted to cheat, she must have some underhanded means.

teacher Liao, you can't simply accuse a student of cheating. It will affect their reputation. Don't go overboard with your words.

He Wenjie furrowed his brows. if you don't believe me, why don't you ask principal Yan of Imperial University to testify? "

"What?"

Liao Hongmei looked as if she had heard the funniest joke in the world. someone of principal Yan's status wouldn't have the time to care about such a small matter! Aren't you afraid that you'll bring shame to Zuo City High School?"

100 I'm going to expose this!

Liao Hongmei and he Wenjie argued endlessly.

However, he Wenjie also knew that this was very unconvincing, so he simply said, "it seems that I can only trouble principal Yan.

"If you have the ability, go and Shout! I can't afford to lose this face!" Liao Hongmei crossed her arms in front of her chest and leaned back in her chair.

He Wenjie did not hesitate to turn around and invite people.

..

It happened to be a break between classes, and Shi qinglan was slacking off and did not go for exercise. She happened to run into Yan Hua in the teaching building.

"Little ancestor?" Yan Hua walked towards her with steady steps.

Shi qinglan leaned against the wall of the corridor, her beautiful eyes rippling slightly. She glanced around to make sure that no one was around before she casually chatted with him.

However, he did not expect ...

Shen ruxue did not go for her exercise either. She had just come out of the office with her English test paper when she saw Shi qinglan.

"Isn't this the man from that day ..."

She remembered the photos she had secretly taken and immediately retreated to a hidden place, trying to eavesdrop on what they were talking about.

However, he was too far away and couldn't hear it clearly.

"Ruxue, what are you doing here?"

A woman's voice suddenly rang out at this moment. I just finished asking the English teacher's questions. Do you want to go back to the classroom together? "

Shen ruxue's heart skipped a beat. She was almost frightened by her.

She turned around and found that it was Guo Zixi, who was in the same class as her. Her grades were in the top ten of the grade, but it was a pity that she was more utilitarian.

"I'm about to go back to the classroom."

Shen ruxue looked at her gently, but her brows were slightly furrowed. it's just ...

Guo Zixi looked at her in confusion.

Shen ruxue bit her lip lightly, her clear eyes showing a hint of innocence. She pointed in Shi qinglan's direction and said, " it's just that I don't think it's appropriate to go back to the classroom now ...

Upon hearing this, Guo Zixi poked her head out and took a look.

A look of surprise flashed in her eyes. this ... Why does Shi qinglan seem to be so close to this man?"

Shen ruxue was confused.

She shook her head gently. I don't know. I just feel that they seem to be chatting happily. If I suddenly appear at this time, I should disturb them ...

"You don't know that man?"

Guo Zixi frowned. this is the invigilator of Shi qinglan's exam hall. After the last comprehensive science exam, I saw him come out of the exam hall with the papers.

"Ah?" Shen ruxue was surprised.

She really didn't know that Yan Hua was the invigilator, nor did she know that he was the principal of Capital University. However, a trace of viciousness flashed in her eyes. but I saw them ...

"What did you see?" Guo Zixi looked at her.

Shen ruxue bit her lips even harder. I can't say ...

Guo Zixi could not stand cheating to get a good ranking, especially when Shi qinglan had gotten full marks this time and squeezed her out of the top ten. She was very angry.

"Did you see them in contact before the exam?"

"I ..." Shen ruxue didn't say anything, but she didn't deny it either.

Guo Zixi immediately understood what was going on. She was instantly enraged. I knew it! Shi qinglan couldn't have gotten a full score. The invigilator must have cheated for her!

She held Shen ruxue's hand. do you have any evidence? Did you take any pictures of them the last time you saw them?"

"Zixi, what are you doing ..."

Shen ruxue dodged his gaze awkwardly. I-I did take a photo, but I just wanted to know what kind of friends my sister has. I don't intend to use it for anything else ...

"Don't worry about it. Give me the photo."

Guo Zixi gritted her teeth. I just can't stand people who cheat! I'm going to expose this! Let's see how she's going to be the number one in the city!"
