

## Heaven 38

### Chapter 38

Andrea separated from the kiss and said with a chuckle, “You truly are lustful little dragoness. I cummed in three minutes! Worse, I felt like you wanted to suck me dry!”

Yasenia said a little guiltily, “S-Sorry, I felt like you were trying to breed me, so I couldn’t hold back my body reactions...”

Andrea lifted an eyebrow and laughed, then she said with a smile, “Why did you apologize? It was heavenly. Don’t worry love, let’s continue before we cool down!”

Andrea pushed Yasenia down, aimed her semi-hard member, and entered her again. Even if she was sucked almost dry, Andrea could at least cum one more time and she intended to use it to the fullest! Yasenia moaned feeling her insertion again and said smiling, “Then prepare yourself this time I will send you to heaven!”

She started to use her vagina like before and kissed her. Andrea felt the massaging insides around her length and she became fully erect fast. Andrea started pistoning and Yasenia fondled Andrea’s breast.

Yasenia moved her tail tip down her spine. While they were meshing their tongues, she poked at her entrance as if asking for permission. Andrea’s answer was to piston even harder! Yasenia aimed and thrust inside Andrea. Andrea stopped her waist movements and moaned in Yasenia’s mouth.

Yasenia stopped the kiss, turned Andrea around, and started riding her. She moved her waist up and down slapping her big butt on Andrea’s waist and making her breasts bounce. Each time she bounced Andrea could see the stimulating sight of her breasts and dick bouncing up and down and her pleasure-filled face.

Yasenia’s tail also started to move in and out fast and reached deep inside her, knocking her cervix. Andrea felt all her nerves lighting up in pleasure! She grabbed the bouncing breasts and pinched the tips. Andrea thrust upwards meeting her bounces. Yasenia moaned and lowered her head to kiss Andrea without stopping her own movements.

Because of the small pause before, this time Andrea was able to last five minutes before cumming as hard as before! “OHHH!!” Yasenia felt the energy of the high-level cultivator again and fireworks exploded in her brain. She came again filling Andrea’s insides with her tail discharge, sucking her semen with her other sex, and her rod was sending ropes on top of Andrea’s belly and breasts.

Yasenia felt Andrea softening inside her and separated from the kiss with a smile, she looked at the tears of pleasure on Andrea’s face and something snapped. “Darling~ Now... It is time for you to feel like a woman~”

Before Andrea could respond, taking advantage of the cowgirl position she took back her waist and aimed her rod at Andrea’s entrance. She smiled evilly and also aimed her tail in the other hole. Andrea’s eyes opened in fright! She was about to speak when Yasenia slammed herself reaching the end with both her weapons. Andrea’s face distorted in pleasure, “AHHHH!!!!”

Yasenia felt the tightening and grunted in satisfaction. She looked down and saw that one-quarter of her dick was still outside. She lifted her eyebrow ‘She has a very short vaginal depth, maybe I can...’ Her smile widened ‘...take her last entrance virginity~’

Andrea recovered a little from the thrust and looked up only to see a large grin. She had a bad premonition. Yasenia spoke seductively “Darling, I’m going to take your last virginity~”

Andrea said breathing heavily, even her voice was a little more girly, “What do you mean, haven’t you taken it already?” Poor Andrea thought she was talking about her back entrance.

Yasenia smiled and pushed her waist a little harder and said “Nope~”

Andrea felt the pressure and she suddenly understood! Andrea stuttered and said with a little bit of fear, “Y-You can’t. If you enter there and cum, I may truly go stupid.”

Yasenia however was a little out of control feeling so good, she smiled, “Don’t worry darling, even if you become stupid, I will take care of you~”

Andrea shook her head but Yasenia continued her pressure. She started gyrating her hips trying to widen that entrance a little and when she felt her tip enter a little, she looked down and asked Andrea “Ready~”

Andrea truly wasn’t ready! With both her holes filled she already felt pleasure electric currents zapping her brain! Worse, this was without Yasenia moving if she does this... But the lust-crazed dragoness didn’t listen!

Andrea felt Yasenia open her cervix little by little sending sparks to her brain and then, Yasenia took back her waist a little and \*PAH!\* Andrea’s cervix opened and Yasenia hit the wall of her uterus!

Andrea’s eyes rolled up and instantly spasmed in pleasure, “OOOOHHHHH!!!!”

Her dick was having dry orgasms and her vagina was squirting like a broken faucet. Yasenia felt the tightening in her tail, she also felt the cervix and vaginal entrances squeezing her dick, while her insides spasmed. She stayed hilted releasing a satisfied moan, “So good!!”

Yasenia lowered herself kissing her softly and she took out her tail, she passed it through the sheets to clean the squirt from Andrea’s vagina that has reached even the tail and used it to caress the spasming woman’s head, she didn’t move and let her come down from the orgasm.

When Andrea came back, she was being softly kissed and patted, however, she still felt the hardness inside of her. She spoke hoarsely because of the shouting from the orgasm, but Yasenia also heard a spoiled tone in it “Yasenia that was too much~”

Yasenia smiled gently and said “Is my big baby upset? Don’t worry, from now on, until I cum twice inside of you, I~ Won’t~ Stop~”

Then she pulled back her hips and started pistoning. “Yasenia! Ah! AH! OHH!”

\*PAH\* \*PAH\* \*PAH\*

Yasenia continued pistoning. Andrea came once, however, Yasenia didn’t stop making Andrea’s face distort in pleasure again. Yasenia continued her relentless attacks and only after Andrea came three more times did she cum the first time inside her uterus with a grunt. Andrea hugged her back and started scratching her back and her legs spasming. The dragoness didn’t stop!

\*PAH\* \*PAH\* \*PAH\*

The dragoness continued her pounding and after Andrea came another two times she released her second load inside of her. Andrea who almost didn't have a single lucid thought felt her semen filling her uterus directly again.

Andrea's melted brain felt all her nerves explode with pleasure and her body tensed from her head to her toes and her eyes rolled back. "AAHHHHHH!!!!" After a long high-pitched moan, she fainted.

Yasenia sighed in satisfaction and took out her dick with a \*pop\* A lot of white liquid overflowed. She looked at the ruined bedsheets and ruined woman below her, she smiled a little sheepishly. "I truly overdid it this time..."

She looked at the fainted woman and now more clearheaded, she swallowed nervously, "Thankfully my tail can absorb the extra energy to a certain extent. Andrea is also pretty advanced in cultivation and her mind is also strong... She won't feel any side effects from this but... Thankfully it was Andrea... If she was any of the other three..."

Yasenia shook her head and started her routine. She picked up the big girl and carried her to the bath cleaning her and then putting her to bed. She snuggled with Andrea and then she closed her eyes, "Good night, darling." However, she forgot to open the windows...

When Andrea woke up, it was already morning, she was about to move but the soreness of certain parts made the night before repeat in her head in a flash. Andrea blushed, 'Truly a beast, thankfully I will have people fighting her with me... I don't think there is someone that can take her alone... (A sneeze sounded in the academy "Did I get sick or something? I'm lacking Yasenium!")'

Andrea looked at the side and saw the sleeping Yasenia. She released a satisfied sigh '\*Sigh\* This is good. I have to bring my cultivation up to speed again... Before I didn't have any haste for advancing, but... With Yasenia running behind me... Thankfully dual cultivating with her is useful even for me... Wait... H-how did my cultivation advance so much!? I have advanced two days' worth of cultivation with one session!'

Andrea looked stupefied at the girl beside her. 'She is like a living cultivation treasure... This is bad... If someone gets a hold of this information...'

Her eyes hardened, 'I have to speak about this to her master and with the other girls.'

Andrea kissed Yasenia's forehead and said, "Don't worry love, we will protect you."

Yasenia heard Andrea's voice and snuggled more closely and mumbled, "I wuv you~"

Andrea's heart melted completely and hugged her closer, very gently to not wake her up.

Yasenia woke up later, she looked up to Andrea with dazed eyes and smiled. Andrea lowered her head and kissed her softly. Andrea could hear \*Tap\* \*Tap\* \*Tap\* And looked at the side curiously, she saw her tail wagging and hitting the bed. She almost laughed out loud.

After that, they stood up and got dressed. At this time, someone knocked on the door. Before Yasenia could stop her Andrea said "Enter!"

The male and female staff opened the door and an extremely rich sweet floral scent assaulted their brain. Both felt as if the scent directly massaged their brain's pleasure senses! They orgasmed directly with rolled-up eyes and fainted from pleasure!

Andrea looked stupefied at that pair of twitching people. Yaseenia held her forehead and walked towards the window, "Didn't I speak about my scent before?"

Andrea nodded but still stunned she pointed at the fainted pair who had their pants completely wet. Yaseenia said "Normally it doesn't have this... Potency, but when I mate... The scent enhances a lot to make my mate feel better. Of course, since all of you are around me a lot, the extent of the effect is receiving slightly more pleasure and a lot less pain. For example, when I forcefully entered your cervix... That should have hurt you, but you directly came." Andrea nodded.

Yaseenia looked at the fainted mortals and said, "However for mortals, it is like someone is massaging their brains and lighting up all their sexual nerves... It's a shame, but this couple won't be able to become sexually aroused again unless it is with me."

Andrea thought and asked, "Does your scent become stronger the higher your cultivation realm?"

Yaseenia nodded, "Mom told me that when I pass the mortal realms If I mate, the mortals and low-level cultivators would die of pleasure only from a single whiff of my scent. Well, it isn't my problem. If they die, they die." She took out two beast cores and put one in each of their pockets.

Andrea discovered one thing today! Yaseenia is wholly indifferent about the people that aren't related to her! Other people would feel a little guilty about ruining this man's family, but she didn't care!

Not that Andrea minded, she liked her better with faults and without those righteous thoughts. The cultivation world was too cruel for righteous people to live. Andrea went to Yaseenia's side and kissed her. "Let us go back."

Yaseenia's tail wagged at her surprise kiss and she nodded with a smile. Andrea chuckled, 'Another thing to tell Angel to write in her book.'

They returned to the Academy and after they arrived, they hugged and spoke sweetly for a while and separated. When Yaseenia reached home and opened the door, she heard some fast steps and then she saw a golden-haired bullet running towards her! Yaseenia opened her arms and that golden bullet jumped and impacted! Yaseenia closed her arms to secure her and felt her head burying in her breasts.

Yaseenia started to walk supporting the person that was buried in her arms until she reached the sofa and sat down while Angel straddled her. Yaseenia spoke "What is wrong baby? Did someone bully you yesterday?"

Angel shook her head but didn't take her head off. She continued sniffing the sweet floral scent and relaxing in her embrace. Yaseenia didn't speak, she let her do what she wanted. After a while, Angel lifted her head and said with her slightly watery blue eyes "I missed you."

Yaseenia kissed her softly, to which Angel responded eagerly. The kiss escalated, Yaseenia felt Angel swallowing her saliva, she separated and asked concerned, "I was only gone one day baby, was it that bad?"

Angel blushed and returned her head between Yaseenias breast and said, "I couldn't sleep."

Yasenia became distressed. She hastily said, “Sleep now baby, I can let everything else aside. I will be your mattress until you catch enough sleep!”

Yasenia laid on the sofa and made Angel lay on top of her, she secured her within her arms and her tail rested on top of Angel. Angel let all her muscles relax and closed her eyes while breathing her scent and she fell asleep.

Yasenia thought for a moment and then frowned, ‘Is it possible that she can’t sleep without me? Maybe it was just this night... Well, we’ve been doing it every night since the first one... And she has been sleeping on top of me for a month... It doesn’t matter, I will pamper my baby to the skies. If she wants to sleep then she is going to sleep!’ Yasenia closed her eyes and started cultivating in that position. She trusted Angel that much.
