

Chapter 1261: Nothing To Be Envious Of

??

When the official Weibo post was posted, it caused an uproar among the netizens.

The official Weibo account proved at least a few things. First, what was captured on camera that day was true. Lu Heting did not deny it.

Secondly, that person was really Lu Heting. As expected, he was handsome, young, capable, and rich. He was simply a winner in life.

No one had expected that the man who had been controlling Lu Group all these years would be so charming.

In particular, the last sentence made many niche groups very excited. Because of their orientation, niche groups were often scrutinized. It was difficult for others to understand them.

Even if many people on the internet would fangirl over good-looking people from minority groups, they were good-looking and rich. If they were ugly, no one would want to bat an eye at them.

But most of them were ordinary people. How could there be so many handsome and rich people?

However, Lu Heting actually expressed his respect to everyone. How could they not feel warm?

For a moment, many people's evaluation of Lu Heting became better.

However, as Lu Tianci had expected, there were still repercussions.

Some of the older upper echelons and shareholders of Lu Group had a huge reaction to this matter. Although Lu Heting had suppressed it on the surface, how could they completely acknowledge Lu Heting's actions?

It was precisely because of their various reactions that Lu Yaode could split them apart, rope them in, and accumulate the strength to deal with Lu Heting.

...

Tang Yue and the others also learned about Lu Heting's appearance.

When Tang Yue found out that the boyfriend Su Bei brought back was actually the head of Lu Group, Tang Yue stood up in shock and accidentally knocked over the coffee beside her. The room was filled with a strong aroma.

Trembling, she picked up her phone and looked at the photo again. After looking at it carefully for a while, she confirmed that it was really Su Bei's boyfriend. His name and appearance were all correct.

Thinking of how she had treated Lu Heting and made things difficult for him, Tang Yue felt extremely regretful.

But it was too late for regrets. There was no turning back. What had been done could no longer be undone.

She really did not expect Su Bei to have such an opportunity to obtain Lu Heting's favor.

Was it really completely impossible for her to catch up to her or even surpass her?

However, after reading all the news, Tang Yue was finally relieved. "It seems that Lu Heting doesn't really treat her as his girlfriend. I thought she had really become a phoenix. It turns out that Lu Heting likes men and just used her as a cover."

She patted her chest gently and sighed. "No wonder Lu Heting didn't care about how the Tang family looked down on him. It turns out that the two of them only had such a superficial relationship. I knew it. How could Su Bei have become his girlfriend?"

"This also explains why Di Xing Media Company wanted to stand up for Su Bei. It turns out that they have long thought highly of her and wanted her to be Lu Heting's contracted girlfriend."

The thought reassured her completely.

In this way, even if Su Bei could obtain some resources from Lu Heting, she would only be a pawn that could be abandoned at any time. There was nothing to be envious of.

Chapter 1262: It Might Not Be Real

Tang Yue's mood fluctuated. She thought for a while before calming down.

However, this news made Old Master Tang so angry that his heart hurt.

He wasn't worried about Su Bei's future, but he really wanted her to be happy and settle down. He didn't expect that she and Lu Heting were just an act!

To think that he had always been so assured that Su Bei had found a good man.

The assistant poured tea for him and calmed him down. After a long time, Old Master Tang finally recovered.

"What kind of sin did she commit? How could my good granddaughter meet such a person?!"

The assistant persuaded, "You can't believe everything on the internet. It might not be true."

"Lu Group has already made a statement on their official Weibo account! How can such a big corporation still lie through their teeth?" Old Master Tang was furious again.

After a while, he appeared in the living room.

Tang Jianming, Lin Shulian, and Tang Yue were all sitting on the sofa. They were worried and had obviously seen the news.

Tang Yue held Old Master Tang and said, "Grandpa, don't be too anxious. Things might not be that bad. Su Bei is still young. Even if something happens to her, it won't affect her future. In a few days, we'll call her back and persuade her."

"How much longer can we wait? We have to get her back now!"

"But Mom just called her and the call didn't get through," Tang Yue said. "Maybe she's busy with work."

.....

When Old Master Tang heard that the call couldn't go through, he became even more worried and said, "Then hurry up and call again!"

At this moment, Su Bei was playing a game with Da Bao. Because she didn't want to be disturbed, she had already turned off the communication function. All the calls were filtered through, so they naturally couldn't get through to her.

She didn't check her WeChat at all either.

She didn't expect Old Master Tang and the others to pay so much attention to this matter. After all, it was just a piece of news. Although she had been on the list of hot searches for a day, she wouldn't have noticed it if it weren't for her circle of people.

"Left flank, left flank, defend! Hurry, hurry, hurry," Da Bao commanded calmly as he operated.

Su Bei followed suit.

Gun Gun nibbled on durian and watched the battle happily. From time to time, he even gave Su Bei a bite.

Da Bao smelled it and pretended to vomit. Su Bei said to Gun Gun, "Be good. Go to the kitchen and eat before coming out."

Sigh. People who liked durians really had no human rights.

"Oh." Gun Gun held the plate and went toward the kitchen.

...

Lu Yaode began to divide the members of Lu Group.

With Lu Heting liking men and not listening to persuasion, his progress was much better than before.

Especially since many of these people were old friends of his and very sentimental.

"CEO Lu, it's great that you were able to come back and take charge of the overall situation. Actually, this company still needs someone with a certain amount of experience to manage it. Those who have experienced more things will have a wider vision and know what to do."

"That's right, that's right. We welcome CEO Lu back. However, Mr. Lu is too ruthless. I'm afraid it'll be difficult to get him to give up his seat for a while."

This group of people was old-fashioned to begin with. In the past few years, they became less and less important. The fact that Lu Heting liked men became the fuse, making them feel that Lu Heting was already estranged from them.

Chapter 1263: He Hates You Too Much

Instead of waiting for death, it was better to cooperate with Lu Yaode.

A person of the same age as them was the best.

Moreover, if they really elected Lu Yaode, they could naturally gain bigger benefits as elders in the company.

Lu Yaode smiled and said, "Actually, it's not a big deal for Heting to be the person in charge, but as a father, as a member of Lu Group, and as a member of the Lu family, I have to think about the interests of the greater people—not one person and one family. Heting is a little off track now. As a father, I'm naturally duty-bound to turn everything back on track."

"Yes, yes, yes, that makes sense. That's reasonable," everyone agreed.

However, they had all forgotten who was the one who supported the entire Lu Group in times of danger and saved everyone's interests.

"It's just that we're not important to Heting now. He would rather believe those immature brats than use us experienced elders. CEO Lu, if this continues, something will really happen sooner or later."

"Don't worry, everyone. Since I've promised to give you a better future, I'll definitely give you an explanation," Lu Yaode said.

However, the people he contacted now were not important to Lu Heting at all. They seemed to be worthless.

He was worried.

Tian Xin rarely went out recently. She had embarrassed herself in the entertainment industry a few times, and her fans would scold her whenever she appeared. She was really angry and reduced the number of times she went out.

She'd spent the last few days at home taking care of herself. She'd even arranged to meet a private doctor for a custom beauty service.

Seeing Lu Yaode's worried expression, she asked gently, "What's troubling you?"

.....

"It's all about Lu Group. I've won over many people in my camp, but they're all people who aren't important. Even with them, they can't pose a threat to Lu Heting."

Tian Xin lowered her head in thought. "How are the shares coming along?"

“Soon, my shares will be more than what Lu Heting has combined.” Lu Yaode was happy. This was truly exciting news.

He was secretly buying shares of Lu Group. Coupled with the 10% that Feng Ze had secretly given him and the 10% that Lu Tianci had given him, he would soon surpass Lu Heting and become the biggest shareholder.

At that time, the re-election of the person in charge would be guaranteed.

It was just a matter of manpower. It was indeed a problem. He still needed to get more people with authority to stand on his side in order to truly win without a chance of losing.

This was indeed tricky.

Tian Xin reached out and gently rubbed the ring on her finger, thinking.

Lu Yaode said, “But don’t worry, I’ll definitely settle this matter as soon as possible and get back what’s ours.”

Tian Xin said, “Why don’t I meet Lu Heting and persuade him to put these people in an important position? At that time, these people standing on your side will be the biggest blow to him.”

“But how can you convince him? He hates you.” Lu Yaode did not believe that Tianxin had such an ability.

It was true that Tian Xin did not have such an ability, but she rubbed her ring, wanting to give it a try.

It was just like in the beginning. It was always good to try.

It was just that she hadn’t tried this method in a long time.

Chapter 1264: How Did You Do It?

“Hubby, I have my ways and want to share your burden,” Tian Xin said with a smile. “You should have a share in Lu Group. However, as your son, Lu Heting doesn’t care about you at all. I really can’t stand it anymore. Just let me do something for you.”

Lu Yaode asked, “What are you going to do?”

“I’m just trying my best to persuade him. There’s nothing else I can do,” Tian Xin evaded.

Seeing that she was docile and loved him the most, Lu Yaode nodded in agreement. “But you have to be careful.”

“I will, hubby,” Tian Xin said gently.

She would definitely do her best in this matter. Whether she could help Lu Yaode or not was a small matter, but if she got the family business, it would belong to Lu Tianci. This was enough for her to put in all her effort.

Lu Heting didn’t agree to meet Tianxin.

When the call reached Lu Hang, it was intercepted. Tian Xin didn't even have a chance to talk to Lu Heting directly.

However, Lu Heting still had to participate in social and business activities. Tian Xin still found a way to spend more than half an hour alone with him.

No one knew what Tian Xin had said in the past half hour.

But the next day, Lu Heting gave the important positions and decisions in the company to the old shareholders who were no longer important.

This caused an uproar in the company.

Because it was obvious that this was a very stupid decision. They wondered why Lu Heting did this.

.....

However, he had always been firm. Although the others had objections, they did not dare to refute him.

Even so, the dissatisfied voices in the company gradually increased.

Lu Yaode really did not expect Tian Xin to have such an ability. "How did you do it?"

"I just slandered these people in front of him. I didn't expect it to work," Tian Xin said.

Lu Yaode nodded. "That's true. All these years, if it weren't for my father supporting the company, the company might not have been able to develop as much as it has now. After all, Lu Heting is still young and impetuous. It's easy for him to lose his rationality and be biased. It's really not appropriate to let him manage Lu Group. It's really not a matter of age."

Tian Xin smiled. "Of course. All of this should have been yours."

She played with her ring for a moment. Just to be sure, she took it off and put it in the safe. She wouldn't use it again, and she didn't want anyone to discover her secret.

As for Lu Group, the matter also attracted Han Qingwan's attention.

Lu Heting had made an unusual decision, which made her very worried.

However, when she called Lu Heting, his attitude was as usual. He was very respectful to her, but he didn't tell Han Qingwan his plans.

When Su Bei received Han Qingwan's call, she had just come out of an event.

She found Han Qingwan's car and followed her to a clubhouse.

"So, what can I do for you?" she asked.

"You've heard about the matter with Lu Group, haven't you?"

"I don't know what you're referring to. I don't usually interfere in work matters, nor do I pry," Su Bei said honestly.

Han Qingwan said, "You really don't know anything? Previously, Tian Xin met Heting. After Heting returned, he gave away important positions to the people who shouldn't be given important positions and dismissed the positions of some people who shouldn't be dismissed from their positions."

Chapter 1265: Not A Bad Thing

Su Bei was surprised. "Such a thing happened?"

"If the matter hadn't blown up, I wouldn't have come to find you," Han Qingwan said. "Heting's actions have already caused a huge conflict. If I don't interfere, I'm afraid something will happen."

Su Bei said, "I believe he has his own reasons for doing all this. Even if we can't figure it out at the moment, there's no need to doubt him."

Han Qingwan said, "It's a good thing that you believe him. But aren't you worried at all? Don't you want to know what Tian Xin said?"

"If he wanted to tell me, he would have told me himself. He didn't tell me, so he didn't think it was necessary." Su Bei smiled.

Han Qingwan could tell that Su Bei didn't intend to meddle in this matter, nor would she help ask Lu Heting about it.

Han Qingwan sighed. This might be the main reason why she and Su Bei were unable to be as close as mother and daughter.

"If something really happens, don't regret it." With that, Han Qingwan took her bag and left.

Su Bei thought for a moment and said, "I won't regret it."

It was because Lu Heting would never do anything that would make her regret it. In this world, she trusted this man the most. He had said that he would protect her and the two munchkins for the rest of his life, so he would definitely not let anything bad happen.

He promised.

And she believed him.

There was no doubt.

.....

After returning home, Su Bei saw that Lu Heting's expression was normal. It was the kind of normal expression that was not fake.

She reached out her arms and hugged him gently. "Are you tired?" she asked simply.

"No." Lu Heting buried his head in her shoulder.

Even so, Su Bei still massaged his shoulders.

Lu Heting's dry and warm palm covered the back of her hand. "You're tired too. There's no need."

"I've only been to one event in the last few days, that's all," Su Bei said with a smile. "I even had Aunt Chen pick up some groceries for me. I'll cook something nice for you later. Close your eyes."

Lu Heting closed his eyes obediently, but the smile on his lips remained.

As the matter between Lu Heting and Lu Bei had been exposed on the internet, when Su Bei was free to go out and play, she would go out with Lu Heting while dressed in a male outfit. It was great to be open about things. Even if she was photographed, there was no need to explain further.

In that case, no one would ever think of her.

It seemed that being exposed wasn't entirely a bad thing.

Moreover, the paparazzi and reporters were sometimes quite strange. When the truth was exposed, their desire to capture them on camera was not as strong. Perhaps the next time their strong desire to follow them would be ignited was when Lu Heting broke up with Lu Bei or when Lu Heting was with someone else.

Su Bei was wearing men's clothes and a baseball cap. After buying a bottle of Coke, she happily got into Lu Heting's car.

"I'm thirsty too," Lu Heting said.

Su Bei unscrewed the cap and gave it to him.

Lu Heting drank half of it in one go. Su Bei watched as the Coke entered his mouth. His Adam's apple bobbed, and his perfect Adam's apple gulped the Coke bit by bit.

Boo-hoo, she was only allowed to buy one bottle each time. After buying it, he said that he was thirsty. Su Bei knew that he didn't want her to drink too much, but she was still worried that he was really thirsty and couldn't bear to not let him drink it.

He was really too much!

Chapter 1266: The More I Think About It, The More Uneasy I Feel

Su Bei took the bottle back and looked at the half-empty bottle of Coke. She sighed. Sigh, she had chosen her husband. What could she do? She would just spoil him, then.

She had to bear with it.

She took two large gulps. The cool liquid poured down her throat and finally soothed her broken heart.

She was about to take a third sip when her phone rang. She put it on speaker. "Hello?"

"It's me." The voice on the other end was gentle and firm. It was Tang Xinru's voice that she had not heard in a long time.

Su Bei said happily, "President Tang, why are you looking for me?"

Tang Xinru laughed. "Is it so difficult for you to call me Sister?"

“Sister...” Su Bei changed the way she addressed her.

Only then did Tang Xinru say seriously, “What’s going on between you and Lu Heting?”

“What do you mean? What happened?” Su Bei didn’t understand.

“We’ve all seen the scandal between him and Lu Bei. Everyone is worried about you.”

Su Bei’s lips twitched slightly. It was indeed difficult to explain in a few words, and it was difficult to say over the phone.

Tang Xinru said, “Does Lu Heting like women or both men and women? Su Bei, I know you have your own opinions and don’t need anyone to worry about you. But your relationship with Lu Heting is really dangerous.”

.....

“Sister, listen to me...” Su Bei glanced at Lu Heting who was driving and tried to explain.

Lu Heting’s expression changed slightly.

However, Tang Xinru was really worried this time. She didn’t give her a chance to explain at all. “Su Bei! You don’t have to help him clarify. If he’s gay, then he’ll definitely betray your marriage seeing as how he even hid this from you. I don’t deny that sexual orientation is one’s private matter, but if he chose to be with you even though he knows that he likes men, then he’s a scumbag who will betray his marriage!

“If he likes both men and women, but he’s dating someone else while dating you, he’s still a scumbag!”

The person who had been called a scumbag repeatedly gripped the steering wheel with both hands, and his expression turned a few degrees colder.

However, Su Bei couldn’t interrupt at all. She quickly turned off the speaker.

Even so, Tang Xinru’s words continued. “Su Bei, it’s possible he’s only using you as a cover to hide the fact that he likes men. Are you only in a contractual relationship with him? Although I can somewhat accept this, I still think it’s very risky. After all, it’s a fact that he’s good-looking and outstanding. I’m afraid that you’ll fall in love with him even if you’re just in a contractual relationship. If that happens, you’ll also be in danger, silly girl.

“Besides, you’re also good-looking and outstanding. What if he also has feelings for you but can’t be responsible for you?”

Tang Xinru’s heart truly ached for Su Bei, so after knowing about the matter, she felt uneasy. In addition, Old Master Tang had also asked her to help inquire about the situation. Therefore, Tang Xinru had really thought a lot over the past two days.

The thoughts in her mind far exceeded what she said. She had come up with a ton of scripts and thought of all kinds of possible situations. The more she thought about it, the more uneasy she felt.

“Su Bei, no matter what, that man is dangerous. I think you need to stay away from him—completely and utterly.”

“Sister, the truth is not what you think.”

Chapter 1267: Unparalleled Scumbag

Translator: Henyee Translations **Editor:** Henyee Translations

Tang Xinru said helplessly, “He’s already been photographed, and he didn’t deny it. In any case, it’s not a wise choice for you to be by his side. In the first two possibilities, he’s an unparalleled scumbag. In the third possibility, I’m just worried that you’ll become infatuated with him.”

Tang Xinru had seen Lu Heting before.

She had seen his methods and abilities before.

Besides, he had also seen Su Bei’s eyes every time she looked at him. There was admiration and deep love in her eyes.

It was undeniable that that man was very outstanding, but no matter how outstanding a man’s work ability was, he was still unsuitable for Su Bei. His scumbag nature would even hurt people.

The better he was, the more it hurt.

Tang Xinru said worriedly, “Where are you? Why don’t we talk in person?”

Su Bei agreed immediately. “Then you should decide on a place first. I’ll be right there.”

Tang Xinru heaved a sigh of relief when she heard that Su Bei had agreed to meet.

A lot of things were easier to talk about compared to when they were on the phone. Communication would be much smoother as well.

She found a place, booked a private room, and sent the location to Su Bei. While waiting, she replied to a call from Old Master Tang and told him that she would talk to Su Bei.

Yue Ze, Lv Shan, and the others were also very concerned about this matter. However, it was not convenient for them to pester Tang Xinru about it. They had already sent a WeChat message to understand the situation, afraid that Su Bei would fall for that man's trick.

Tang Xinru sighed. Previously, she was quite relieved that Su Bei was able to find someone she truly loved in this complicated circle. Now, she was left with nothing but worries.

She scrolled through the news as she waited.

In the past few days, there had been a few scandals about Lu Heting being with men.

There were even people from the company who revealed that they had seen Lu Heting stay in the office with a man and he had gone out for a tryst. They made it sound so real that it was difficult to tell if it was true or not.

However, what was certain was that Lu Heting and Lu Bei's matter could not be disputed.

Tang Xinru held her phone and subconsciously turned it in her hand, waiting for Su Bei to come over.

After receiving the address, Su Bei showed it to Lu Heting.

Lu Heting said, "I'll go with you to see her."

"Mhm." Su Bei nodded.

It just so happened that she was wearing male clothes now. She could just clarify things when they met.

Tang Xinru had always treated her sincerely, and Su Bei had no intention of hiding it from her.

Tang Xinru was in the private room, looking at her phone for a while. Su Bei had not arrived yet. She lifted the curtains and looked downstairs. Of course, she did not see anything.

As she was thinking, there was finally a knock on the private room door.

Tang Xinru immediately rushed over and opened the door. The waiter standing outside was stunned and said, "Sorry to disturb you. Do you need a refill of coffee?"

"No, thank you."

Tang Xinru closed the door.

There was another knock on the door. She opened it again. "There's really no need!"

Then, she saw clearly that the person standing in front of her this time was Lu Heting.

The man was tall and had a slightly impatient look on his face. The other man standing beside him was Lu Bei, who was on the trending searches with him.

Lu Bei had delicate features and looked like a pretty boy who was easy to accept.

However, Tang Xinru did not treat him well. No matter how good-looking he was, he could not commit sins with his looks.

Tang Xinru frowned. "What are you doing here?"

Chapter 1268: I Won't Be A Scumbag

"Sister~" Lu Bei smiled, and her eyes were curved. She pushed the door open and walked in.

Her voice was clear and sweet. How was she a man? She was clearly a delicate woman.

“You... You’re Su Bei?” Tang Xinru recognized her voice.

Su Bei smiled. “Yes, it’s me.”

All of a sudden, Tang Xinru completely understood that there was no Lu Bei. The rumors about Lu Heting liking men were false.

It was a random guess from someone who did not know the truth.

She relaxed instantly.

Su Bei and Lu Heting had already walked into the private room and sat down. Tang Xinru understood everything without further explanation.

Tang Xinru sat down in relief. “How did you dress up? You look quite similar to a boy.”

“Let me show you.” Su Bei stretched out her neck and approached Tang Xinru.

Tang Xinru held her face and looked at it for a while. She was amazed and said with a smile, “With your skills, those special effects makeup artists will have to worry about losing their jobs. So, you deliberately dressed up like this to deceive others?”

“Not really. I’ve dressed like this before. After being photographed this time, I had to make the best of it. I didn’t expect the news to catch your attention.”

Tang Xinru glanced at Lu Heting and knew that she was really in the wrong this time. She couldn’t help but feel a little embarrassed. Fortunately, those words were said over the phone, so Lu Heting probably didn’t hear them.

She said, “It’s good that there’s no conflict between you two. I can rest assured and explain to Grandpa.”

“Does Grandpa know?”

“Ever since he found out that you’ve entered the entertainment industry, Grandpa has become used to keeping up with entertainment news. How could he not know? He’s been worried these past few days. Fortunately, the truth of the matter is far from what I imagined.”

Su Bei smiled. “I thought you guys wouldn’t read such news. I was careless.”

“It’s good that you’ve made things clear. Nobody out there knows about this yet, do they?”

Su Bei nodded. “Only the people close to me know. I thought that I didn’t have to specially clarify such a thing. At the same time, it would give me a chance to catch my breath. Besides, it didn’t have any negative effects on outsiders, so I didn’t specially explain it.”

Tang Xinru knew that she was one of Su Bei’s most trusted people.

She understood in her heart that there was no need to let those who did not really care about Su Bei know about this matter. It was enough for those around her to know as they would not cause trouble.

They hadn’t seen each other for a long time and chatted for a while until Su Bei received a work call.

Tang Xinru wore rose-colored lenses now. The more she looked at Lu Heting, the more satisfied she was. She smiled and said, "Then I won't waste your time. Go home early."

When Tang Xinru passed by Su Bei, she grabbed her hand and whispered, "I take back what I said on the phone. But you have to protect yourself too."

"Yes, I will."

"Please don't mind my words earlier."

"I don't," Lu Heting replied instead of Su Bei.

Tang Xinru quickly turned to look at him.

Lu Heting coughed lightly and said, "Don't worry, I won't be a scumbag."

"..." Tang Xinru looked at Su Bei.

Su Bei apologized. "I'm sorry. I put the call on speaker when I was in the car."

Tang Xinru: "..."

Alright, Lu Heting was going to hate her.

However, being hated by her was not a big deal. Anyway, he liked Su Bei.

Lu Heting left with Su Bei. Tang Xinru stood there for a long time before packing up and leaving.

Chapter 1269: Something's Wrong

"She's just being kind," Su Bei said after she went out.

Lu Heting stopped in his tracks. "I don't mind whatever they say about me."

He reached out and ruffled her hair with his palm. She blinked and reached out her fingers to clasp them around his fingers.

On Lu Yaode's side. As he was a legitimate member of the Lu family and also Old Master Lu's son, coupled with the support of some people in Lu Group, he called for a general shareholders' meeting.

This meeting had always been a very important meeting. The decision to remove the person in charge would also happen at a shareholders' meeting.

With Lu Heting's status in Lu Group, it had been more than ten years since the head of the group had been dismissed from his post.

But this time, Lu Yaode was aggressive.

"Bastard!" Old Master Lu slammed the table in anger. "He's really rebelling! If it weren't for him, Lu Group wouldn't have fallen apart. Now, he's going to do it again!"

Lu Heting said calmly, "Since he insists, I'll fight him."

“Heting, you have to know that now that he has already said that he wants to hold a shareholders’ meeting. Who knows how many moves he has made in private? Do you know his current situation?” Old Master Lu asked.

“Don’t worry, Grandpa. I won’t let him do what he wants.”

Old Master Lu took a deep look at his grandson standing in front of him. This was the successor he was most satisfied with. All these years, Lu Heting had indeed supported the entire company.

He said, “In that case, I’m relieved. Your father is ambitious but weak. He’s strong on the outside but weak on the inside. He can’t be of much use. He has some ability to do things in the company, but he’s not qualified to take charge of the entire company. You have to remember that there are hundreds of thousands of people in Lu Group. They are all waiting to support their families. Their future is in your hands. You can’t lose this time.”

“I understand.” Lu Heting nodded.

He came out of Old Master Lu’s study.

Downstairs, Old Madam Lu and Han Qingwan looked at him worriedly, especially Old Madam Lu.

Previously, she had given all her shares to Lu Tianci. She had always felt guilty about this, but she didn’t dare to mention it to Lu Heting.

However, she did not expect Lu Yaode to hold a shareholders’ meeting at such a time.

At such meetings, the number of shares one held determined how much authority one had.

Wasn’t Lu Heting in the limelight now?

Lu Heting came down the stairs.

Every step he took seemed to step on Old Madam Lu’s heart. Her eyes were filled with guilt and regret, but when she looked at her god-like grandson, she pursed her lips and could not say a word.

“When is the meeting?” Han Qingwan asked.

“In three days.”

Han Qingwan said, “If there’s anything you need me to do, just tell me.”

Lu Heting nodded. “I will.”

After Lu Heting left, Old Madam Lu still didn’t say a word.

“Mom, you don’t look too good. Are you okay?” Han Qingwan noticed her abnormality and asked with concern.

“I’m fine.” Old Madam Lu’s eyes were evasive.

When she returned to her room, Old Madam Lu felt that something was wrong.

Chapter 1270: High-Sounding Words

After thinking for a while, she decided to call Lu Tianci.

Having already done something wrong, she intended to remedy it now.

Lu Tianci picked up after a long time.

“Tianci, let’s meet,” Old Madam Lu said.

Lu Tianci agreed.

Old Madam Lu took a car and arrived at the agreed place.

When Lu Tianci entered, he looked a little haggard. He did not look like he was about to hold a shareholders’ meeting. Instead, he seemed to have been angered by something and was restraining his emotions.

At this moment, Old Madam Lu was no longer in the mood to care about his mood. She said, “Tianci, tell me honestly. At the shareholders’ meeting, are you and your father planning to remove Heting from his position as the head of Lu Group?”

Lu Tianci didn’t avoid her question and said, “Now that things have come to this, I’m not afraid to tell you the truth. Grandma, Lu Group doesn’t just belong to Lu Heting alone. My father and I both have the surname Lu, and we have the blood of you and Grandpa flowing in our veins. Since Lu Heting has a share of Lu Group, we should also have a share, right? This is very normal, right? You won’t be biased toward Lu Heting alone, right?”

“Your grandfather and I will definitely leave your share to you. But you can’t touch the entire Lu Group!”

Lu Tianci smiled. “Grandma, of course, I know you’re kind. But we also want to help you build and take care of the Lu Corporation. My father and I didn’t do anything wrong, right? If we really didn’t care about your feelings and weren’t filial, we wouldn’t be in a hurry to take on such a responsibility.”

At such a time, Lu Tianci was still saying such dignified words. Old Madam Lu finally understood that Lu Tianci and Lu Yaode had come prepared. From the moment they returned, they had decided to snatch the huge Lu Group away from them.

She had really underestimated them.

“Tianci, you and your father can’t afford to take on the huge Lu Group. I advise you to do your own jobs well. Heting has never hated you, so don’t ask for trouble. This is also my advice to you. It’ll be a huge blow to the entire family and business. I don’t want to see such a thing happen between you and Heting.”

Lu Tianci looked like he had been taught a lesson, but he didn’t relent at all. “Grandma, don’t worry. Even if Dad and I are back in power, we’ll arrange a good position for Lu Heting. We definitely won’t do anything to him just because of jealousy.”

“In that case, I won’t say anything more,” Old Madam Lu said. “I hope you can return the shares I transferred to you previously.”

When Lu Tianci heard this, his expression darkened. He cursed the old witch in his heart and sat up straight. "Grandma, why would you ask that? I'm also your grandson. Shares are useful to the market now. Besides, I can't return them all to you in such a short time."

"How long will it take for you to return them?" Old Madam Lu asked.

Lu Tianci had no intention of returning them at all.

However, he did not want to completely fall out with Old Madam Lu, so he said perfunctorily, "I'll definitely return them to you before the shareholders' meeting. Don't tell anyone first. I'll definitely prepare all the procedures and bring my lawyer to see you and return the shares to you."
