

Chapter 331: Don't Be So Shameless

The entire scene was covered in blood. It was even scarier than a murder scene.

The red blood made Su Huixian's face look even paler. She appeared weak.

Su Huixian's fans could not sit still anymore. "What happened? What happened to Huixian?"

"Did something happen to Huixian? She hasn't been working recently. How did this happen?"

"Just how is your company protecting my goddess? How did things end up like this?"

"Please give us an explanation. Otherwise, don't blame us for going to the company to cause trouble!"

Qiu Minxuan deliberately did not give any more details about the incident, so the fans could only search for related news.

Naturally, they found out that it was Su Bei who pushed Su Huixian.

The people behind the scenes also started to respond, "Don't you know that Su Bei used to like Su Huixian's fiancée, Du Luo? The two of them have become enemies because of a man, and they've never seen eye to eye with each other. This time, Su Huixian is pregnant with Du Luo's child. It's already determined that she'll become the young mistress of the Du family. It's only natural that Su Bei got angry."

"Also, Su Bei lost to Su Huixian in the company event today. She didn't win, so she must've been very angry. But I really didn't expect that she would do such a thing."

Su Bei and Du Luo's relationship had never been exposed before.

Now that it was revealed at this critical moment, it naturally attracted everyone's attention.

"It turns out that Su Bei also likes Du Luo. How shameless is she? He's already Su Huixian's fiancée!"

"What kind of blockbuster is this? It turns out that Su Bei is such a person!"

"Everyone, don't be ridiculous. Su Bei will never do such a thing. She just came back from the United States. How could she like Du Luo? My Bei Bei will never do such a thing!"

"This is such explosive news. I'm just waiting for things to develop."

Su Huixian was sent to the hospital.

She had already contacted the doctor who would treat her.

As she was never pregnant, the doctor had previously helped her with her prenatal check-up and gave the Du family a detailed report stating her pregnancy.

She was sent to the operating room.

Doctor Chen wiped the sweat off his forehead and asked nervously, "Miss Su, what's going on this time?"

“Tell them that I was hit in the stomach by a strong force, which caused the miscarriage. Don’t worry about anything else,” Su Huixian said.

“But... But you were never pregnant...” Doctor Chen had already told many lies for her. He was really afraid of offending the Du family and suffering from the consequences.

“Do as I say! Otherwise, will you compensate me with a child?” Su Huixian asked.

Doctor Chen had no choice but to be patient and follow Su Huixian’s instructions.

Su Huixian took some time to put on some makeup to make herself look even more pale and sickly. However, she did not make herself look so haggard that Du Luo would not like her when he saw her.

When the time came, he would push all the blame to Su Bei. Su Huixian would see if Du Luo would still have feelings for Su Bei.

‘Su Bei, if you want to blame someone, you can only blame yourself for being too flirtatious. Why did you have to appear in front of Du Luo and attract his attention, nearly making him lose his mind? I find you an eyesore!

‘If I don’t get rid of you, I’ll never get true happiness.’

Su Huixian clenched her fists tightly.

Chapter 332: I’m Sorry, The Child Could Not Be Saved

Outside the operating room.

Upon receiving the news, Su Xingfu, Xu Zhiqin, Du Changwei, Mrs. Du, Sun Jingping, and Du Luo came over.

Xu Zhiqin’s eyes were red from crying, and she almost fainted. Su Xingfu was also anxiously pacing.

Du Luo clenched his teeth in frustration.

As for Du Changwei and Sun Jingping, they did not really like Su Huixian. After all, she was the daughter of a mistress. She was really not qualified.

However, they could not detest the child in her stomach. They had been hoping to have a grandchild. If something happened and they lost their grandchild, they did not even dare to think about it.

“It’s okay. God will bless our grandchild. He’ll be fine.” Sun Jingping kept praying to reassure herself.

While they anxiously waited outside, the door of the operating room opened.

Du Changwei and Sun Jingping rushed forward first. “Doctor, how’s our grandchild?”

Doctor Chen opened the door and walked out with Su Huixian, who was being pushed by a nurse.

When he saw the family members, he shook his head regretfully and said, “I’m sorry. I couldn’t save the child.”

Du Changwei and Sun Jingping were disappointed when they heard this.

When Su Huixian heard that they only cared about the child and did not comfort her at all, she felt a trace of joy. If that was the case, the Du family would never accept Su Bei, the person who killed their grandchild.

Xu Zhiqin held her daughter's hand and cried, "Huixian, how did you end up like this? What happened?"

Tears rolled down Su Huixian's cheeks. "Mom, I'm sorry. Du Luo... I'm sorry. Our son is gone... Doctor Chen did a check-up on me before and said that we were having a son. But I didn't expect that... I'm useless..."

When Du Changwei and Sun Jingping heard that Su Bei had been carrying their grandson, they felt as if their souls had left their bodies. How could their family be so unlucky to lose a grandson?

"I'm sorry, Du Luo. I didn't protect our son well. If I had seen Su Bei there today, I would've left. Such a thing wouldn't have happened then..." She cried pitifully. Her face, which was covered with makeup, looked pale and weak. However, she looked so beautiful and fragile at the same time.

Du Luo was heartbroken.

Xu Zhiqin understood what she meant. "Huixian, what did you say? You said that your miscarriage has something to do with Su Bei?"

They had rushed over as soon as they received the call. They had not even taken a look at the news on the Internet. Besides, older people did not have the habit of looking at Weibo.

Du Luo had been too busy to read the news, while Qiu Minxuan did not say anything either. Hence, he did not know that the incident today had something to do with Su Bei.

Su Huixian pursed her lips and silently cried.

Du Luo also snapped out of his daze and asked, "Huixian, did Su Bei push you?"

"Du Luo, I'm sorry... I didn't expect it to be like this. She said that even though she doesn't like you anymore and you're a scumbag, I don't deserve you. She also said a lot of horrible things. I didn't want to tell you about this, but my child was innocent..." Su Huixian burst into tears.

"This wicked woman!" Su Xingfu shouted. "I must break her legs!"

Then, he rushed out.

"Dad, don't go looking for her... Du Luo, help me stop Dad..." Su Huixian said in a weak voice.

Chapter 333: I Want To Have A Son

Du Luo immediately rushed out and chased after Su Xingfu.

However, Su Xingfu had already driven away.

Xu Zhiqin also followed him.

Du Luo had no choice but to take Xu Zhiqin with him.

Du Changwei and Sun Jingping comforted Su Huixian, saying, "Huixian, no matter what, we'll seek justice for our grandson and make Su Bei pay the price for her actions. You need to rest well."

"I will, Uncle and Aunt. I've always wanted to give birth to a son for Du Luo. It's all my fault."

"It's not your fault. It's all Su Bei's fault!" Sun Jingping was really angry with Su Bei.

Su Bei was waiting for Song Ruinian in the company.

After the incident with Su Huixian, Song Ruinian also came to the hospital to deal with the aftermath.

Su Bei waited for him to come back so that she could terminate her contract.

She did not want to stay in this awful company for another minute. She had to cancel her contract and leave.

However, Song Ruinian did not show up.

She had already seen Qiu Minxuan's post on Weibo. At this moment, those who did not know the truth were scolding Su Bei.

Even so, many fans came to ask about Su Bei's situation with concern. After the previous few incidents, they had become Su Bei's loyal fans. No matter what happened, they would choose to believe Su Bei first and understand the details of the situation so that they could help her defend herself.

Lv Shan appeared in several fangroups and comforted them. "Su Bei is still your Su Bei. She won't do anything bad. You can't listen to everything on the Internet."

Although she did not know what had happened to Su Bei, she still stood up for her at the first opportunity.

Su Bei was very touched. She stepped forward and told her fans, "Everyone, don't panic. I didn't push Su Huixian, and I didn't hurt her. The truth is the truth. What hasn't happened can't be true. Please believe me and give me some time to clear my name."

The fans were relieved and said, "All the best, Su Xiaobei. We believe in you and will wait for you. We really love you!"

Feeling warm inside, Su Bei was about to reply when Lu Heting called.

She quickly answered. "Heting, I was about to call you. Have you seen the news? I didn't push Su Huixian. I came to the company today to cancel the contract."

"Of course, you didn't. You wouldn't have done such a thing," Lu Heting said firmly.

Su Bei calmed herself down and smiled. "Then I'll go home after seeing Song Ruinian."

"I'm almost at the company. I'll pick you up." Lu Heting had a feeling that things would get out of hand, especially with the Su parents. They did not have any feelings for Su Bei, so they would never defend her.

"Okay, I'll wait for you," Su Bei replied immediately. It was great that he was coming.

When she was alone and helpless, so many people had come to stand on her side.

Suddenly, a figure rushed into the room and rushed toward Su Bei.

It was the furious Su Xingfu.

He was so angry that his face was dark. "Su Bei!"

When Su Bei stood up, Su Xingfu had already rushed to her and wanted to slap her in a fit of anger.

Su Bei grabbed his wrist tightly.

Su Xingfu did not expect that Su Bei would dare to resist him, so he got even angrier. "Su Bei, you're going against the heavens! How dare you lay a hand on your own father?!"

Chapter 334: Murderer!

"I'm not the Su Bei from the past who will let you hit and scold me as you please anymore. In the past, I could let you wrongly accuse me, but now, I'll never put up with it again!" Su Bei grabbed his wrist tightly.

Su Xingfu could not break free from Su Bei's grip.

He flew into a rage out of humiliation. "You unfilial daughter! How could the Su family have a daughter like you? You pushed Huixian and caused her to miscarry. How dare you lay a hand on your biological father now?!"

Hearing that Su Huixian really had a miscarriage, Su Bei was stunned for a moment. Poor baby.

However, she had no sympathy for Su Huixian at all.

It was just like how she felt about her father.

Xiao Rou rushed over and said, "Let's talk nicely. Don't fight, don't fight."

However, her words were useless.

She called the security guards over, who rushed over to stop the fight.

Su Xingfu's eyes turned red. "Who dares to come here and stop me? I'm teaching my daughter a lesson. Who dares to interfere?"

No one dared to step forward after hearing his words.

Zhu Fenfen and Zhong Xiu both rushed to film the scene in front of them. If Su Bei's reputation was ruined, her extra resources would be reallocated to them.

Su Bei shook off Su Xingfu's hand and said, "It's meaningless to argue with you about these things. I didn't push Su Huixian. Her miscarriage has nothing to do with me."

At this moment, Xu Zhiqin and Du Luo also arrived.

Xu Zhiqin rushed toward Su Bei crazily, wanting to tear her apart.

Du Luo stopped her and said, "Aunt, don't hit Su Bei yet. Let's find out what happened."

Xu Zhiqin was stopped from getting close to Su Bei. She shouted, "Su Bei, you've done such a heartless thing! You deserve to die a horrible death! You'll get your retribution sooner or later! My poor grandson hasn't even appeared in this world but you've already killed him. You're a murderer! A murderer!"

The people around them did not dare to step forward and talk some sense into Xu Zhiqin.

More and more people gathered around Su Bei.

With tears in his eyes, Du Luo said to Su Bei, "Su Bei, you can go back first. But I hope you can give an explanation for this matter."

"I have nothing to say. I've already said what I wanted to say just now. I didn't do it!" With a determined expression, Su Bei did not even glance at Du Luo from the corners of her eyes.

Xu Zhiqin shouted at Su Xingfu, "What are you waiting for? Break Su Bei's legs now! She's a troublemaker and a murderer. She doesn't even let her own sister off. Why are you still hesitating?"

Enraged, Su Xingfu walked toward Su Bei again.

In a fit of anger, he threw a punch at her.

The people around screamed, but they could not interfere in another family's affairs.

The people standing in front were all young women. No one could stop Su Xingfu.

The men in the back wanted to help Su Bei, but they did not have the chance.

Just as Su Xingfu's fist was about to hit Su Bei, she was pulled into a strong embrace.

She looked up and saw the coldness in Lu Heting's eyes.

He reached out his hand and pushed Su Xingfu aside. Lu Heting was not heavy-handed seeing as Su Xingfu was Su Bei's father.

Otherwise, Su Xingfu would have several broken ribs now.

Everyone around also clearly saw how a handsome man had suddenly appeared beside Su Bei.

Chapter 335: Protect Her

This man was standing tall and upright. Among the crowd, his aura was powerful and extraordinary, repressing everyone's clamor.

Many young women could not take their eyes off him. Even in the entertainment industry, such impeccable facial features and perfect facial lines were not common.

He protected Su Bei and said coldly to Su Xingfu, "No one is allowed to wrongly accuse Su Bei for the things she didn't do. If you have anything to say, talk to Su Bei's lawyer."

His cold tone and powerful aura stunned Su Xingfu and made Xu Zhiqin stop shouting.

Du Luo was stunned for a moment. He could tell that this man's extraordinary aura far exceeded his own. However, even with his reputation in S Country, he did not recognize this man.

Had Su Bei already fallen in love with someone else?

Lu Heting's face made all the women around him infatuated, especially when he stood up for Su Bei. He was so powerful that it made them swoon.

Like an autumn wind sweeping away fallen leaves, Lu Heting quickly dealt with his opponents. When he lowered his head and looked at Su Bei, his expression was full of love and heartache. "Let's leave first."

Lu Heting protected Su Bei and walked past the crowd.

Looking at their backs, Du Luo felt a little disappointed.

After Lu Heting went out, he asked Lu Hang to delete all the photos taken by those people.

He did not want others to gossip about Su Bei anymore. With such parents, she was already bitterly disappointed. All he could do was reduce her pain.

No matter how powerful Lu Heting was, it would still be difficult for him to put up with her family's attitude.

For some people, kinship was warm, but for others, it was the most painful weapon...

Lu Heting did not know how to deal with Su Bei's family.

Lu Heting carried Su Bei to the car and put her in the backseat. Then, he took off his clothes and covered her with them.

"I'm fine." Su Bei smiled casually, but there was still some pain in her eyes.

Lu Heting hugged her gently.

Su Bei did not reject the hug. At this moment, any warmth seemed so precious.

"I didn't push Su Huixian. I've long been unconcerned about her relationship with Du Luo. How could I be jealous of her? If I pushed her and caused her to have a miscarriage, it wouldn't do me any good. I'm going to terminate my contract anyway. I won't even have any conflicts with her regarding resources anymore..."

"You don't have to explain. I know." Lu Heting's heart ached.

The way she explained it to him really hurt him.

She was afraid that others would not believe her. Even when she was with him, she could not help but explain seriously, hoping that he would believe in her.

However, she really did not need to explain. Lu Heting would always believe her.

How much had she been hurt in the past that she became so insecure and anxious to gain the trust of others?

Su Bei lay in Lu Heting's arms. Actually, it did not matter whether others believed her or not.

She was just afraid that Lu Heting would not believe her. Maybe his trust had subconsciously become very important to her.

She had not realized why she felt this way about him yet.

...

Du Luo persuaded Su Xingfu and Xu Zhiqin to go back to the car.

Chapter 336: Pain Lasts Only For A Moment

Xu Zhiqin cried and complained.

Su Xingfu's face was livid with anger and anxiety.

Du Luo was also in a bad mood. He had lost his baby, and Su Huixian was still lying in the hospital bed, suffering. It made his heart ache.

Thinking of the man who appeared beside Su Bei today, he felt a little upset.

That man looked so much better than him...

Finally, they returned to the hospital.

Du Changwei and Sun Jingping had already left.

After dealing with the aftermath, Song Ruinian came over and said, "Mr. Luo, the company has arranged the best ward for Huixian and paid for her medical bills. If you need any help, just let me know."

"Thank you, Director Song. You should head back first," Du Luo said.

Du Luo entered Su Huixian's ward. The nurse was giving her an IV drip. Su Huixian was asleep, but there were still tears on her face and her eyes were red.

The nurse said in a low voice, "The patient needs more rest."

Du Luo sat down in front of Su Huixian and held her hand with heartache.

He had weighed the pros and cons of choosing Su Huixian. She was gentle, generous, sensible, and calm. She was the best candidate to be his wife.

However, he failed to protect her well and gave Su Bei a chance to hurt her.

Why did Su Bei do this to Su Huixian again and again?

Du Luo was really disappointed. Su Bei was fine before, but now, she was jealous, vicious, and aggressive.

Su Xingfu and Xu Zhiqin stood by the side, wiping their tears.

They had not protected their daughter well, and they had not gotten justice for her yet. As parents, they were also anxious.

Su Huixian's eyes slowly opened.

"Huixian, you're finally awake!" Xu Zhiqin cried.

“Mom, don’t cry. Please don’t worry,” Su Huixian said softly. She was the one in the most pain, but she was comforting her mother upon waking up.

Both Su Xingfu and Du Luo felt sorry for her, thinking that her sincerity was a rare trait.

Xu Zhiqin cried, “My heart is aching to see you suffer. How can we go on knowing that the baby is gone? I’ve even bought clothes for the baby.”

Tears streamed down Su Huixian’s face. “Mom, it’s okay... The pain is only temporary. It won’t last forever. Maybe I was just not destined to be with that baby. I believe that he can be reincarnated into a better family. He can live a peaceful life in the future...”

Her words made everyone’s hearts ache even more.

Du Luo also burst into tears. “Huixian, don’t be too sad. Take care of yourself. We’ll have another baby in the future.”

“Du Luo, don’t be too sad. I was really angry with Su Bei just now. I thought that she was too vicious. How could she treat me and my baby like this? No matter what, she shouldn’t have done that...”

Xu Zhiqin said guiltily, “Your father and I have already gone to her to seek justice, but Su Bei is really stubborn. She keeps saying that she hasn’t done anything wrong. We’re useless, and we haven’t done anything for you.”

Su Xingfu said angrily, “She’s afraid of ruining her reputation, so of course she denied it. Since she was a child, she has always been like this. Forget it. It’s true that I’ve failed to educate her. Just let her be in the future.”

He was utterly disappointed.

Chapter 337: Stirring Up Trouble

Su Huixian hurriedly said, “Dad, Mom, I was also very angry before. But now that I think about it, maybe Su Bei really didn’t do it on purpose. Maybe it was just a slip of the hand, or maybe she just lost her balance and fell on me... I don’t think she did it on purpose. If it was just an accident, I won’t blame her for it...”

Su Xingfu and Xu Zhiqin both thought that their daughter was too kind-hearted. How could she be so kind-hearted?

Du Luo was also deeply touched. “Huixian, you’re too considerate of others. You never think about yourself. You’re still speaking up for Su Bei even in this state.”

“I don’t want to judge her with malicious intent. Actually, Su Bei is quite pitiful as well,” Su Huixian said, “If she’s willing to make a public apology, I’ll forgive her.”

Xu Zhiqin said, “I don’t think she’ll make a public apology. Your father and I have discussed it. We don’t want her to apologize anymore. Let’s just call the police. It’s a serious matter. We should teach her a lesson.”

“Mom, don’t call the police!” Su Huixian struggled to sit up.

She did not want this matter get any more serious. She just wanted Su Bei to be condemned. Ruining her reputation was the biggest punishment for her.

Besides, she did not really suffer a miscarriage. If the police got involved, her lie would soon be exposed.

Du Luo said in a low voice, "Huixian, you're so kind that you still want to protect her and care about your sisterhood. But Su Bei doesn't have any sisterly feelings for you."

When he saw Su Bei leave with that man today, she did not look the slightest bit ashamed or guilty. Instead, she even looked arrogant. He felt sorry for Su Huixian.

Xu Zhiqin chimed in, "That's right. How can I seek justice for you if I don't call the police? Su Bei will never admit to her mistake otherwise!"

Su Huixian shook her head. "Mom, it's not as simple as you think. She's still a member of the Su family. If anything happens to her, it'll also affect the reputation of the Su family. Besides, she's doing well in the company now. If we lay a hand on a cash cow like her because of me, what will the company think of me?"

Xu Zhiqin was speechless for a moment. She really did not dare to destroy her daughter's future.

She had lived in the shadow of being a homewrecker her whole life and she had not made much progress in her career. Now that her daughter was finally doing well and she was going to be a young grandmother in the near future, she really should not offend anyone in the company.

Du Luo held Su Huixian's hand and said, "I'm sorry, Huixian."

"I'm just thinking about the bigger picture. If Su Bei apologizes in private, I'll forgive her," Su Huixian said generously.

It was decided. She would not call the police but would ask Su Bei to apologize in private.

While sending Su Xingfu and Xu Zhiqin out, Du Luo said, "Uncle, Aunt, you should head back home first. Let's not do anything about the matter regarding Su Bei for now. We can talk about the apology after she has sorted out her thoughts."

...

The topic of Su Huixian's miscarriage was still being discussed on Weibo.

However, there was no follow-up news.

Su Huixian had said that she did not push Su Bei, but she did not come up with an explanation. Qiu Minxuan continued to rile up Su Huixian's fans and incited them to cause trouble by cursing and scolding Su Bei.

Su Huixian's fans and Su Bei's fans argued heatedly.

Chapter 338: Is It A Coincidence?

"Murderer, come out and apologize!"

"Don't talk nonsense, okay? When did Su Bei kill someone? I'll sue you for slander."

“Isn’t killing a fetus the same as killing someone? It’s still a life.”

“What evidence do you have to prove that Su Bei did it?”

“Everyone in Qian Yu Entertainment Company knows about it. Only you crazy fans still believe in Su Bei.”

“You trust Su Huixian so much, you’re also a crazy fan!”

The fans’ argument got more intense, and Su Huixian only benefited from it.

The artists in Qian Yu Entertainment Company did not say anything for the time being. The current situation was very confusing. The company had ordered them to keep their mouths shut and not talk nonsense.

They really did not know who to believe now.

Of course, Zhu Fenfen, Zhong Xiu, and the others were firm supporters of Su Huixian.

Xiao Rou and the other newbies stood on Su Bei’s side.

For a long while, there was a heated discussion in the company.

Lu Heting accompanied Su Bei home.

Su Bei’s mood had recovered, but earlier, she had shown a trace of fragility. Even so, she quickly became strong again.

When Gun Gun ran toward her with his short legs, Su Bei’s heart softened and she became more determined.

How could something that she had never done hurt her in the slightest? She had so many supporters too, like Da Bao and Gun Gun. What was there for her to be afraid of?

She reached out and hugged Gun Gun, who immediately kissed her on the cheek.

Su Bei kissed him on the cheek several times, her heart softening. Her two sons were just too adorable.

Da Bao was very satisfied with what he saw. He did not like being kissed and Su Xiaobei liked kissing. Sometimes, he had to put up with her.

Now, someone could replace him and accept Su Xiaobei’s passionate gestures. It was not a bad arrangement.

Everything in this family worked out.

At night, the two little munchkins went to bed.

Su Bei sat on the sofa while Lu Heting poured her a glass of fruit wine. The alcohol content was only at six percent, so she would not get drunk easily. It tasted sweet and could soothe her nerves.

With a glass of wine in her hand, Su Bei recalled the scene seriously.

"I spilled coffee on my hands, so I went in to wash my hands in the washroom. I clearly kept my distance from her. When she called out to me, she suddenly pounced at me and started bleeding," Su Bei recalled.

Lu Heting tried to persuade her to go to bed, but she refused.

"Is it really a coincidence? Of course not, because she has been blaming me since the start. She can't possibly pay such a huge price just to frame me, right?" Su Bei analyzed. "It's possible that the condition of her baby was unstable to begin with and she was bound to miscarry either way. She knew this, so she deliberately fell while I was around to frame me."

After saying this, Su Bei stood up, picked up her bag, and said, "I'm going out for a while."

"Where are you going?" Lu Heting also stood up.

"I'm going to look for Su Huixian's doctor and ask him if Su Huixian baby was in an unstable condition. If I can get the doctor to testify for me, I can be declared innocent," Su Bei said.

Lu Heting thought it made sense, but he was still worried about Su Bei. "It's late now. It's not safe for you to go out alone. I can gather some information about this doctor first. Once I've confirmed everything, I'll go look for the doctor in the daytime."

Su Bei could only agree.

Chapter 339: She Was Not Pregnant?

"Have another drink." Lu Heting poured her another glass of wine. He knew that if she did not get tipsy, she would not be able to sleep tonight.

Su Bei drank another glass of wine. It was sweet and refreshing. Without realizing it, she ended up drinking a lot.

At the end of the night, Lu Heting hugged her tightly and put her on the bed in the master bedroom.

Da Bao was not willing to sleep with Gun Gun, so Gun Gun slept with Su Bei on her bed instead.

Da Bao slept in another room.

Gun Gun's sleeping habits were not very good, so the bed was all messed up. His short arms and legs had taken up most of the bed.

Lu Heting pushed Gun Gun aside and put Su Bei down.

Lowering his head to look at her sleeping face, he gently kissed her forehead.

He went back to his room, turned on the computer, and typed in the name of the doctor who operated on Su Huixian. He looked at the information on the computer with a serious face.

The next morning when Lu Heting woke up, he found that Aunt Chen was busy in the kitchen. Gun Gun was playing with Da Bao on the sofa. He did not see Su Bei.

"Where's Su Bei?"

“Bei Bei said that she’ll be back soon,” Gun Gun said.

Lu Heting was a little surprised. He knew that Su Bei must have gone to look for the doctor. She must have wanted to solve the problem as soon as possible, so she was in such a hurry despite it being the morning.

Lu Heting picked up his phone and called Su Bei while walking downstairs.

Su Bei answered the call and said, “Don’t worry. I’m already back. I’m parking the car now.”

Lu Heting stepped into the elevator and went straight to the parking lot.

Sure enough, he saw Su Bei’s parked car. Then, he saw a young man step out of the car. Lu Heting narrowed his eyes and realized that the man was actually Su Bei.

She had changed into a man’s suit.

“I went to the hospital and found the doctor who operated on Su Huixian. I also got his phone number. But he seems to be avoiding something. He refuses to pick up my calls and isn’t receiving any patients. He seems to be deliberately avoiding me.” Su Bei had gone out early in the morning and got a lot of information from the nurses.

Lu Heting nodded. “Fortunately, you dressed up like a man. There must be a lot of reporters waiting for you outside.”

“I’m smart, aren’t I? Don’t worry about me,” Su Bei said with a smile. Then, she changed the topic. “But this doctor is very strange. I’ve asked around. He’s not a famous doctor, and he doesn’t have any special achievements throughout his career. But ever since Su Huixian got pregnant, she would always look for him for a body check-up. Besides, that hospital has many famous doctors. According to Su Huixian’s personality, why would she look for a doctor with mediocre medical skills? Don’t you think it’s strange?”

“Yes, it’s strange. I also found out about this yesterday. This Doctor Liu is really mediocre.” Lu Heting had also compiled Su Huixian’s information last night. “Not to mention a person like Su Huixian, but even if it were an ordinary person who’s pregnant, they would want to go to a big hospital and find themselves an expert. But Su Huixian always goes back to this doctor. It’s quite suspicious.”

Su Bei looked into Lu Heting’s eyes and said, “Based on my understanding of Su Huixian and knowing the extent of her ruthlessness, it’s very likely that...”

“She wasn’t pregnant.”

“She wasn’t pregnant.”

Lu Heting and Su Bei said at the same time.

Otherwise, she would not have found a doctor like that and she would not have miscarried while Su Bei was there with her, only to blame everything on her afterward.

Chapter 340: No Plans For The Time Being

All this could only be explained if Su Huixian was never pregnant in the first place.

The two of them had a tacit understanding. After saying this, they could not help but look at each other with a smile. There was a look of indescribable tacit understanding in their eyes.

Lu Heting said, "But this alone isn't enough to prove your innocence. We need solid evidence."

"Yes, I think so too. That's why when I couldn't meet that doctor, I came back to report to you," Su Bei said.

"Let's go back first and get ready. Maybe we can find that doctor and go straight to him so that he'll tell us everything." Lu Heting already had a plan in mind.

Actually, Su Bei also had a plan.

She just wondered if their plans were the same.

...

The comments on the Internet grew worse.

Su Bei had not made a sound, and the same went for Su Huixian.

Many reporters contacted Qiu Minxuan, but she refused to be interviewed because of privacy issues.

As this was the case, the people online got even more curious.

Some of the young nurses could not resist the reporters' attacks and revealed the situation to them. They told them that Su Huixian had indeed suffered a miscarriage and was hospitalized to recuperate. Her body had taken a great blow.

The nurses also told the reporters that Su Bei must have done it because Su Xingfu, Xu Zhiqin, and Du Luo all said so.

A few other nurses sympathized with Su Huixian and accepted video interviews with the reporters. "Su Huixian has been having a hard time recently. I heard with my own ears that the Su family wanted to make Su Bei pay, but Su Huixian stopped them.

"She's not in good health herself. She cries all day long, but she always treats us well.

"Actually, my impression of her and Su Bei has changed.

"I really hope that Su Bei can take responsibility for this. She should at least apologize to her."

As soon as the reporters got the news, they immediately posted the articles on the Internet. Su Bei did not even have a manager now, and Song Ruinian did not have a good impression of her. Between her and Su Huixian, he naturally chose Su Huixian.

After hearing the news, Qian Yu Entertainment Company did not say anything at all.

Seeing as they were not saying anything, their silence was basically incriminating Su Bei and defending Su Huixian.

Lying on the hospital bed, Su Huixian watched the situation go out of control as everyone accused Su Bei.

The nurse came to change her IV drip, and she thanked her very politely. The nurses had been of great help in building her image. Su Huixian had made use of the people around her to cause a stir.

Doctor Chen came in and adjusted the IV drip for her. Actually, the contents were just some vitamins, not drugs.

After making some adjustments, Doctor Chen sat down and asked, "Miss Su, when do you plan to be discharged?"

"Not yet."

Doctor Chen said, "Then give me the rest of the money first. I've been under a lot of pressure recently."

Su Huixian glanced at him. What kind of pressure could he be facing? No one was doubting him, and he did not need to take care of her body. It could be said that he did not need to sacrifice anything at all.

She said, "You can go back now. I'll transfer the money."

"Thank you, Miss Su."

"I still need to rest and recuperate for a while. During this time, you still have to show up in the hospital every day. Doctor Chen, there are still many things I need to rely on you for," Su Huixian said meaningfully.
