

HEAVEN SENT 851

Chapter 851: The Mistress Of Di Xing Media Company

Furthermore, there were many big shots on the list. They were all top celebrities in S Country.

It was indeed a dazzling event.

According to Yue Ze, this was a charity banquet sponsored by Di Xing Media Company. It was held every year.

Typically, charity galas would be held at the end of the year. This charity gala was specially chosen to be held at the start of the year. Every year, the entire country's attention would be on it. Therefore, there were many respondents.

Not to mention those who received the invitation, even those celebrities who did not receive an invitation were thinking of ways to be invited and get a shot to attend.

The event would be held three days later.

Coincidentally, Su Bei's schedule was empty on that day.

As there was a cocktail party the night before, most celebrities would arrive at the venue one night in advance. Many of them even stayed in nearby hotels in hopes of getting a chance to connect with Di Xing Media Company and Lu Group.

...

Su Bei followed the crowd to the venue of the first night's party.

As Su Bei had already temporarily left the modeling industry and was currently filming a movie, she didn't have much exposure. Therefore, other than Jin Xiu, which was the brand she was endorsing, no other brand actively provided her with gowns.

The brands were all very smart and would only provide clothes for the artists that they thought were worth it.

Su Bei was currently filming a movie. Although news of her audition had spread and it was mentioned that her acting skills were not bad...

The quality of the film was still unknown. Su Bei's future development was still a huge mystery too.

No one dared to bet their money on her. They were all still in a wait-and-see state. They were afraid that she would have poor performance at the box office. If that was the case, the reputation of their brands would be greatly discounted along with Su Bei.

Xiao Bai followed behind her and said in a low voice, "These brands are looking down on us. They'll regret it in the future."

"It's nothing. Didn't Jin Xiu give me this gown?" Su Bei smiled.

Xiao Bai was stunned by her smile. Su Bei was really beautiful no matter what she wore. Her makeup was so light, but it made her heart race despite being of the same gender.

Xiao Bai stammered. "That's right. Only Jin Xiu has good taste. Not only did they lend you this gown but they even said you could just keep it."

After saying that, she blushed. Su Bei was really too good-looking today.

Jin Xiu had given her a modified cheongsam.

Cheongsam was a dress that required a good figure to wear. Even the slightest bit of flesh on one's body would make one look bigger and rounder. One had to have no trace of fat on their body to be able to display their charm.

Su Bei was wearing a moon-white cheongsam today. It was embroidered with golden silk. It was low-key yet elegant. Her hair was also combed into a classic style.

In the venue, stars were gathered, and the spotlights were dazzling.

The famous celebrities from S Country were all present and were raising their glasses.

At this moment, Jia Shiyun was probably the most popular person in the hall.

As an A-list actress in Di Xing Media Company, she enjoyed a high level of fame. In addition to the fame of her works in the past two years, she had already stabilized her position as a first-rate movie star.

In addition, the charity gala this time was sponsored by Di Xing Media Company. Jia Shiyun could be considered half a mistress. 1

The others also treated her as the mistress of Di Xing Media Company.

Chapter 852 Far From Satisfied

However, Jia Shiyun was still far from satisfied with this position.

She should be the mistress of Lu Group, but she had yet to receive the final approval and Mr. Lu's personal approval.

However, was that day still far away?

The person beside her enthusiastically complimented her, saying, "Shiyun, your gown tonight is really beautiful. Is this a new item from the Milan Fashion Show?"

"It was given to Sister Shiyun." Jia Jia spoke up at the right time. "Isn't it the latest design from Livouver? It was custom-made for Sister Shiyun."

"No wonder. The gown makes Shiyun even more beautiful."

"No, no, no. It's Shiyun who makes this outfit tasteful. I don't mean to say this, but how can an ordinary person be able to handle the complexity of Livouver's clothes?"

"Yeah, you're right. Only Shiyun, who has a good figure, looks beautiful, and has a good temperament can pull off this brand's clothes."

A reserved smile appeared on Jia Shiyun's face. "What are you talking about? It's all thanks to the designer of the brand who helped me modify it."

When everyone heard this, they were once again filled with envy. “Only Shiyun has such fame and ability to get the designer of Livourer to personally make changes, unlike me. My gown today was borrowed.”

Everyone laughed kindly.

Jia Shiyun’s face was radiant, and her beauty was unparalleled.

Other than beauty, humans had always relied on their essence, spirit, and vitality.

Updates by . com

This was especially so in the entertainment industry. Actually, everyone had similar looks and each had their own merits. There was almost no one who was actually ugly. However, some people would become more and more attractive if their careers were smooth-sailing. Some people’s careers were not as smooth-sailing. No matter how good their looks were, they were still wasting time being in this industry.

Jia Shiyun belonged to the category of people who had the right essence, spirit, and vitality. Her looks weren’t particularly outstanding, but she was young. In addition, Di Xing Media Company had always been generous in giving her resources. She had nurtured the aura of an A-list celebrity and indeed stood out from the crowd.

Just as Jia Shiyun was receiving the compliments of the crowd, the noisy crowd suddenly quieted down.

This silence made everyone feel strange. They started looking in a certain direction.

Jia Shiyun couldn’t help but follow the crowd’s line of sight. She looked toward the door.

Su Bei and Xiao Bai were chatting as they walked in. As it was only a cocktail party, Su Bei’s expression was very relaxed and casual.

As she entered, she sensed that there was a moment of silence as if everyone was looking at her.

About four or five seconds later, everyone held their breaths as they looked at Su Bei.

There were countless celebrities who had been famous for a long time as well as those who became famous overnight. These people’s looks had all been verified, but when Su Bei arrived, everyone was still stunned by her beauty and looked over with burning eyes.

Su Bei was already used to such moments. She nodded her head and bowed to everyone. Her expression was natural and elegant. Her usually flamboyant eyebrows were also slightly restrained at this moment. It gave her a slightly cold charm. The silence was broken only when she approached.

Only then did everyone hold their wine glasses again and start talking softly.

A few acquaintances greeted Su Bei.

Although the others did not know Su Bei, they still looked at her and remained silent.

Jia Shiyun, who was surrounded by the crowd, was the one who felt this change the most.

Chapter 853: The Red Wine In Her Hand Smells Even More Fragrant

Before Su Bei came, almost everyone came forward to greet her and chatted with her.

However, after Su Bei came, although some people didn't talk to Su Bei, their gazes seemed to be stuck on her.

Su Bei attracted everyone's attention. Wherever she went, everyone could not help but take another look.

She was indeed radiant as her beautiful eyes looked around the hall.

Jia Shiyun subconsciously clenched her fists. She hated Su Bei's habit of showing off her beauty.

Especially since she had a conflict with Su Bei the last time and Su Bei had humiliated her on the spot. This repressed grudge had yet to be resolved.

Jia Jia whispered, "Su Bei also got an invitation?"

Jia Shiyun's manager, Tian Jinna, pouted and said, "It must be because she participated in Two Phoenixes. Di Xing Media Company had to invite her. Otherwise, how could she have gotten such an opportunity on her own?"

"That's true. She could only keep her role in Two Phoenixes because Director Jia protected her." Jia Jia looked down on Su Bei. If she couldn't get such a role, what right did Su Bei have to get it?

"Forget it, it's just Su Bei. What's there to discuss?" Jia Shiyun said.

However, Su Bei was really a shining star. Wherever she went, many people would immediately greet her and chat with her.

It was unlike their attitude toward Jia Shiyun. Their respect toward her was due to the fact that she was from Di Xing Media Company. As for Su Bei, it was purely because she was such a good-looking person and they simply wanted to talk to her.

With Su Bei's pleasing figure and appearance, it seemed the red wine in her hands smelled even more fragrant!

Other than the artists in Di Xing Media Company and some people who were already on good terms with Jia Shiyun, almost everyone else greeted Su Bei.

The people of Di Xing Media Company all fawned over Jia Shiyun. Su Bei was just an outsider. How could she compare to Jia Shiyun, who was worth them putting the effort to get close to?

Those who were on good terms with Jia Shiyun already knew that Su Bei had a conflict with her, so they wouldn't be so insensible as to chat with Su Bei.

After Su Bei walked around, she became bored. She was not here to seek opportunities and was too lazy to socialize with others. Therefore, she walked to the buffet area and used food as an excuse to avoid unnecessary socializing.

"Su Bei, you're here too?" A woman casually called out. She was holding onto her companion.

Su Bei recognized her as the woman who came in from the parking lot at the same time as her. Her name was Song Yao, while her companion was Li Qiao'er.

Song Yao and Li Qiao'er were very enthusiastic. When they were outside the door just now, they had chatted with Su Bei for a while. Therefore, Su Bei knew that they were also new artists signed by Di Xing Media Company.

"Yeah, I'm hungry after running around. Let's eat something," Su Bei replied with a smile, her eyes carrying faint starlight.

Song Yao stared at her plate enviously. "Su Bei, how do you maintain your figure? Don't you get fat no matter how you eat? I don't dare to eat anything after four in the afternoon."

Su Bei smiled. "It's nothing much. I just control my diet and exercise. I only occasionally indulge myself to satisfy my cravings."

In fact, she was not fat at all. When she was pregnant with twins, she had tried her best to eat but she still did not gain much weight.

However, it was not appropriate to say such things to others. Those who did not know would think that she was showing off.

Chapter 854: Can't Invite Su Bei Along

"Sigh, I don't dare to do that at all," Song Yao complained and sighed.

Li Qiao'er also said, "That's right. The same goes for me too. I really envy you, Su Bei. You have such long legs and your upper body doesn't have any excess fat. We're different. We rely on dieting to lose weight."

Since they had already said such words, Su Bei could only chat with them for a little while more.

A while later, Song Yao and Li Qiao'er left.

Su Bei only ate a little, but when she saw Xiao Bai eating so seriously, she took a few slices of Xiao Bai's favorite chocolate cake and gave them to her.

"Thank you, Su Bei!" Little White took them and ate them in one bite.

The other female artists looked at Xiao Bai enviously before retracting their gazes. They were afraid that they would not be able to resist the temptation.

Xiao Bai's physique was normal among normal people, but among this bunch of female artists with glamorous bodies, she could definitely be considered a fatty. However, it was a good thing that she did not feel the pressure of being around female artists and was even eating happily.

Su Bei's hands were stained with some food. She then went to the washroom to wash her hands and use the toilet.

After entering, she chose a cubicle and closed the door. She then heard Song Yao and Li Qiao'er's voices.

Song Yao's voice was slightly shrill, so it was recognizable. "We've agreed that everyone must find a chance to invite Manager Li to a meal tonight. Although we can't do things like giving gifts or bribery, we have to make ourselves known to Manager Li."

Su Bei guessed that the Manager Li she was talking about was Li Qisheng. Indeed, as the general manager of Di Xing Media Company, Li Qisheng was one of the most popular men tonight. Everyone wanted to get his attention.

Who didn't want him to take a fancy to them so that they could get resources?

It was not convenient for Su Bei to go out now, so she could only continue listening.

Li Qiao'er said, "That's right. Since we're all together, Manager Li won't reject us. Even if he doesn't give us any resources, at least he'll know that we're very sensible and obedient."

"Yes, yes, yes. Why don't you call your friend with the surname Qian? Although she's not from Di Xing Media Company, there's still hope for her to jump ship."

"I'll call her later." Li Qiao'er then asked, "Should I get Su Bei to come along?"

Song Yao immediately objected, saying, "No, we can't get Su Bei. She'll steal our limelight."

Su Bei, who was in the cubicle: "..."

'Thank you, but I don't like to be involved in this kind of thing, okay? It's uncomfortable to keep smiling during a party where you can't even eat well.'

Li Qiao'er nodded. "Then we have to cover our mouths well and not let Su Bei know. I wonder if Su Bei will invite someone to eat in private? Sigh, if she were to invite someone, I'm afraid not many men will be able to resist."

"Just don't call her along." Song Yao rolled her eyes.

Then, they heard the sound of running water. They washed their hands and left.

Only then did Su Bei come out. However, thinking of the two people's attitude toward her in front of her and behind her back, she couldn't help but sneer.

Some people's hearts... were really hard to see through.

Therefore, one had to be careful when treating others with sincerity.

When Su Bei came out, Li Qisheng spotted her at a glance. He was about to go forward when he thought of something and stopped.

It was better to meet Su Bei in private. There were too many people staring at the two of them on such occasions.

Chapter 855: Making Things Difficult For Me

After Su Bei came out, she did not expect to meet Li Qisheng.

As one of the most popular men tonight, he seemed to have drunk quite a bit. His entire face was red, but there were still people waiting for an opportunity to come up and have a toast with him.

Song Yao and Li Qiao'er were also restless.

Su Bei slightly curled her lips. She did not want to participate in any of these things and could not help but purse her lips.

"Hello, Manager Li." Su Bei bumped into Li Qisheng. Out of courtesy, she greeted him. Seeing that he was in a daze, she did not mind and left after greeting him.

When Li Qisheng came back to his senses, Su Bei had already walked away.

Li Qisheng indeed felt that this was a difficult situation.

At night, they had to book hotel rooms for these celebrities. Even though they might not stay, they had to make all the necessary arrangements.

The arrangements had to be of a certain standard. He did not need to give many instructions about making arrangements for certain artists as his staff would proceed with the task as usual.

But this year was going to be difficult.

Firstly, there was Jia Shiyun. The room that was arranged for her needed to be the best. She was the number one female artist in Di Xing Media Company, and she was also a candidate personally selected by Mr. Lu. The treatment she received every year when she participated in various activities could even surpass many international superstars. No one would say anything about it.

But Su Bei made things difficult.

Logically speaking, Su Bei was someone whom Mr. Lu had personally instructed him to take care of. She was also the young mistress of the Lu family. Li Qisheng would definitely treat her as the most important guest now.

In that case, she would definitely be treated the same way as Jia Shiyun. In fact, she might even be treated better than Jia Shiyun.

How was he going to explain it to Jia Shiyun?

Furthermore, Lu Weijian had also said that Jia Shiyun's matters would remain as usual.

Li Qisheng couldn't help but knock his head. "Mr. Lu, you're really making things difficult for me. One is a new lover while the other is an old flame. It's such a huge challenge. This difficult task is too much for a small fry like me to handle!"

If it were anyone else, it might not be so difficult for them. Some of the bosses of such companies had the ability to keep their wives at home and have mistresses outside. Hence, their subordinates were experienced in handling such situations.

As for Mr. Lu, he had only been in this situation once, so Li Qisheng was really inexperienced.

In the end, he decided to give preferential treatment to all artists related to Di Xing Media Company. This way, no one would have anything to say.

...

When Su Bei came out, Song Yao and Li Qiao'er were still chatting.

Seeing Su Bei, the two of them gave each other a look and did not continue the previous topic. Instead, they smiled and said, "Su Bei, where did you go just now?"

"I went to the washroom for a while," Su Bei said with a smile. His eyes were open and no one could detect anything in them.

However, these words frightened Song Yao and Li Qiao'er so much that they nearly dropped the glass of red wine in their hands.

Although they didn't say anything bad about Su Bei behind her back, they had blatantly ostracized Su Bei. After all, it wasn't a good thing that they were talking about her behind her back. The two of them looked embarrassed.

Song Yao was quick-witted and immediately asked, "Why didn't I see you? I went to the washroom too."

"What a coincidence. I didn't see you either," Su Bei replied. Her sincere smile made it difficult for others to read her mind.

Chapter 856: Avoid Arousing Suspicion

Song Yao and Li Qiao'er looked at each other and felt that it was impossible for Su Bei to have overheard their conversation.

After all, when they went in, there was no one else in the washroom and they didn't hear anyone coming.

Furthermore, Su Bei's expression was too calm. If she had heard them, she would not be so calm.

"Then when did you go?" Song Yao asked with a smile.

"Just now," Su Bei had no intention of scaring them and said casually.

Song Yao and Li Qiao'er heaved a sigh of relief. They had gone over ten minutes ago, so they definitely didn't meet Su Bei.

Li Qiao'er shifted her eyes and probed, "Su Bei, you haven't had a drink with those big shots since you came over tonight, right? Don't you have anyone you want to get to know? Like Manager Li Qisheng?"

"No, he's so busy. He probably doesn't have time to deal with me." Su Bei smiled and shook her head.

Li Qiao'er sighed and said, "That's true. These people are all busy. After the banquet ends, they might have something to do. How could people like us befriend them?"

Song Yao said, "That's right. How would he have the time to entertain us? Look at Manager Li. He's probably busy with Jia Shiyun and the A-list celebrities from Di Xing Media Company."

Su Bei smiled and did not speak again.

Song Yao and Li Qiao'er left with smiles.

After a while, Su Bei saw them talking in groups of three to five. They were probably talking about inviting Li Qisheng to dinner tonight.

First, they tried to see if Su Bei wanted to talk to Li Qisheng. Then, they excluded her from their plans. These people's actions really made Su Bei laugh.

Xiao Bai was still happily eating her cake. After eating for a while, she came back and said with her mouth full of cake, "Su Bei, I heard that a few people will be having dinner with Li Qisheng, Manager Li. Are you going tonight?"

"Who did you hear that from?"

"Song Yao and Li Qiao'er. I secretly heard them. I saw them talking to you. Did they invite you?"

Su Bei shook her head. "No."

Xiao Bai said in surprise, "But they clearly gathered many people to go with them because they were afraid that Manager Li wouldn't agree to it. Why didn't they invite you? They were clearly chatting very intimately with you just now."

"Is it that important?" Su Bei laughed. Xiao Bai was more anxious than her.

Su Bei had always thought that such matters were not that important. The most important thing was one's ability.

These social events were indeed helpful to her career, but that was only for those who were good at socializing and enjoyed it. For her, she would rather spend her time practicing her skills.

"How could it not be important? Li Qisheng is the general manager of Di Xing Media Company and has the backing of Lu Group. They all say that he has a chance to get in touch with Mr. Lu. Once he gets on Mr. Lu's good side, he'll be able to achieve great things! Whoever he likes, even if it's a D-list celebrity, he'll be able to make them rise to the top," Xiao Bai said. "Why don't I ask Song Yao and get her to invite us too?"

"Xiao Bai, you don't have to go," Su Bei called out to her.

Xiao Bai asked, "Why? This is a good opportunity."

"I overheard their conversation in the washroom just now. They're deliberately excluding me from their plans. Wouldn't we be asking to get rejected if we went to look for them?" Su Bei asked.

Chapter 857: Just Give The Word

Xiao Bai was dumbfounded. Then, she was indignant. "They're excluding you on purpose? To think that they were chatting so happily with you on the surface. Why are they treating you so coldly behind your back? This is too much. Speaking of which, in terms of status, they're not even worthy of carrying your shoes. Are they really going to ostracize you like this?"

“Xiao Bai, cut it out. Be careful, the walls have ears.” Su Bei stopped Xiao Bai from continuing.

Xiao Bai was still young and had not experienced too many such things. She only felt that Su Bei was too pitiful for being ostracized like this.

Back when Su Bei was popular, how many people wanted to cling to her? Now that she was slightly down and out, she was being ostracized like this. Just thinking about it made Xiao Bai feel terrible.

Su Bei comforted her, saying, “Silly girl. Anyway, they don’t have much of a relationship with me, so it’s not wrong for them to not invite me. Why should we rush over?”

Xiao Bai merely felt aggrieved on Su Bei’s behalf. “But they don’t have to put on an act on the surface. They came up to greet you affectionately when we got down from the car just now because they wanted to get closer to you. And now, they’re secretly excluding you.”

“Now that you mention it, why do I feel like I’ve been abandoned by a jerk?” Su Bei laughed.

Xiao Bai was finally amused. “You’re the only one who’s open-minded about such things. If it were anyone else who ostracized me like that, I really wouldn’t be able to calm down.”

Su Bei had experienced so many things and was indifferent to life and death—let alone such a small matter.

She consoled her, saying, “That’s the way the world works, isn’t it? No one will ever think about you or your feelings. The only thing you can do is make yourself useful. If you become the center, no one will ignore you.”

Xiao White looked in the direction of Song Yao and the others and saw that they were still wandering around looking for people to join them. After listening to Su Bei’s words, she finally calmed down a little.

...

When Jia Shiyun heard that they were going to invite Li Qisheng to a meal, she downed the remaining red wine in her glass in one gulp. She somewhat disapproved of the idea.

Was there a need to invite Li Qisheng to a meal?

Updates by . com

All these years, she had treated herself as the mistress of Lu Group. Although she was very respectful toward Li Qisheng, she rarely asked him for anything.

This was just a matter of asking him to have a meal with them.

Tian Jinna laughed and said, “These newbies are really blind. They actually want you to accompany them and invite Manager Li to a meal. It’s obvious that they’re afraid of not being able to invite Manager Li, so they want you to use your status to ask Manager Li out. Who doesn’t know what their little scheme is?”

Jia Jia also said, “Forget it, Sister Shiyun. Ignore them and let them do whatever they want. It’s more like Manager Li will be the one inviting you out to a meal. Since when did you need to invite Manager Li out for anything?”

Jia Shiyun felt comfortable every time her manager and Jia Jia complimented her. She thought for a moment and asked, "Did they ask Su Bei too?"

"Of course not," Tian Jinna immediately said, "I've already asked them about it and found out they've excluded Su Bei. Everyone knows that Su Bei has offended you, so who would dare to associate themselves with Su Bei? Speaking of which, these people have such discerning eyes. They all know who to befriend and distance themselves from."

Jia Shiyun thought for a moment and said, "Alright then, promise them that we'll go with them tonight and ask Manager Li out for dinner."

"You're really lowering yourself to their level?" Jia Jia exclaimed.

Jia Shiyun was anxious to find an opportunity to ostracize Su Bei, so she was naturally unwilling to give up on this opportunity.

Chapter 858: Happy And Quiet

"Go ahead, Sister Tian," Jia Shiyun said.

Tian Jinnuo understood what Jia Shiyun meant. Bringing these newbies to meet Li Qisheng wouldn't threaten Jia Shiyun's status at all. Instead, it would show them how important Jia Shiyun was to Di Xing Media Company.

Everyone knew that even Li Qisheng had to be careful around her.

Everyone would also know that getting close to Su Bei would not bring them any benefits. Unknowingly, they would naturally attack and ostracize Su Bei.

When Song Yao and the others heard that Jia Shiyun had agreed to participate in their plans, they were all very excited. With her around, the gathering tonight would be a success!

They might not be able to leave deep impressions of themselves on Li Qisheng, but just letting him know of their existence would be good for their futures.

Li Qisheng naturally agreed to Jia Shiyun's invitation.

However, he heard that Su Bei would not come.

He shouted in his heart. Could this be another battle between the old and new lovers?

Life was really too difficult!

It was even more difficult than anything else.

In order not to offend Su Bei, he didn't care about being seen. He immediately walked to Su Bei and smiled. "Miss Su, do you have any plans tonight?"

Su Bei smiled and said, "Nothing much. I plan to stay in the hotel and rest. After all, there's still rehearsal tomorrow morning, right?"

There were many performances for the charity gala, and donations were the final highlight.

Updates by . com

There was definitely going to be a rehearsal tomorrow, and Su Bei was going on stage.

Li Qisheng smiled and said, "Miss Su, you're really dedicated to your work. Since you have rehearsals tomorrow morning, I've arranged for you to stay in a hotel. Someone will be there to serve you."

"Thank you, Manager Li." Su Bei smiled and raised her glass.

"I won't disturb you, then." Li Qisheng smiled and left.

Su Bei did not know that Li Qisheng had personally come to make amends. After all, his words were too vague.

She thought that Manager Li knew that she was being ostracized and didn't want everyone to look bad, so he was trying to comfort her.

Someone who could be a manager was really smart.

Su Bei indeed did not plan on going back tonight. This place was almost two hours away from her place in the city. It was almost eleven o'clock now, and they would have rehearsals at five in the morning. She would not be able to sleep for long.

She said to Xiao Bai, "Let's go. It's good that we can have some peace and quiet. Let's go to bed."

"Sure, sure!" Xiao Bai followed her happily.

All artists related to Di Xing Media Company were arranged to stay in this seven-star hotel owned by Lu Group. The rooms were located on the upper floor of the banquet hall, so it was very convenient.

As for the other artists, they were arranged to stay in another five-star hotel across the street.

Other than Su Bei, the other artists were all socializing. They would not sleep at this time.

After entering the elevator, Su Bei met Lin Yu.

He did not even put on any foundation. His skin was so fair that it was transparent. He could simply be the best spokesperson for a hotpot restaurant.

"Su Bei, go eat hotpot." He had always been lazy. Compared to Su Bei, he didn't like socializing even more. He pushed everything to his manager.

It was all thanks to his popularity and love that he was able to become an S-list superstar despite his laziness. Comparisons were odious.

Chapter 859: The Best Room

"No, I'll pass. You can go by yourself." Su Bei knew that he could eat hotpot every day for a year.

Su Bei's stomach could not take it.

"Xiao White? You're called Xiao Bai, right?" Lin Yu glanced at Xiao Bai.

"Yes, yes. That's me." Xiao Bai was flattered that her idol could remember her name.

“Shall we go and eat hotpot?” Lin Yu didn’t like to eat alone, nor did he like to eat with people he wasn’t familiar with. Xiao Bai could be considered as half an acquaintance, so he casually invited her.

Xiao Bai was instantly excited. “No thank you, but I appreciate the thought.”

Although she really wanted to eat hotpot with her idol, she was also afraid of the paparazzi and the fans’ attacks. It was safer for her to follow Su Bei.

Lin Yu was a little bored. “Forget it. I’ll just order hotpot takeout! It’s no fun at all!”

Su Bei mourned for the hotel staff for a few minutes. This room would probably take ten times the time to clean up.

“Lin Stone, have you ever thought of doing a live broadcast of you eating?” Su Bei asked curiously.

“What’s the benefit of doing a live broadcast?”

“You can eat hotpot and earn money. Two birds with one stone.”

Lin Yu’s eyes lit up. “How much can I earn?”

Su Bei asked Xiao Bai, “How much can he earn?”

Updates by

“I have a cousin who does live broadcasts. A single video can earn 2,000 yuan! If you do it 30 days a month, you can earn...” Xiao Bai started counting with her fingers.

“Do I look like someone who lacks that bit of money?” Lin Yu snorted. “I’m just short of someone to eat hotpot with me, okay?”

After parting with Lin Yu, Xiao Bai went to send Su Bei to her room.

Su Bei looked at the room card and realized that she had been assigned a presidential suite, which could be said to be the most luxurious. This hotel only had a presidential suite on the second top floor and there were not many rooms.

Just as she was about to swipe her card, the hotel manager rushed over and said with a smile, “Miss Su, this is not your room. We have already prepared a new one for you.”

Xiao Bai was a little displeased at that moment. “Why should we have to change rooms? When we came here, the hotel gave us this room. Where should we go now? You guys can’t bully us like this!”

Normally, Xiao Bai wouldn’t lose her temper. After all, she represented Su Bei as well.

But tonight, Su Bei was ostracized. Now, she had to change her room. It triggered Xiao Bai’s anger.

The manager immediately said, “Miss Bai, you’ve misunderstood. That’s not what we meant.”

“Then what do you mean? Why did you change Su Bei’s room at the last minute? You’d better give us an explanation. We’re not that easy to bully.”

The manager quickly smiled apologetically. “Our best room is not the presidential suite here but the room on the top floor. The rooms on the top floor are specially reserved. There are only three rooms in

total, and they're usually not open to outsiders. Tonight, one of them has been specially reserved for Miss Su."

Xiao Bai asked warily, "Don't tell me there's a conspiracy?"

"Of course not. Miss Su and Miss Bai, both of you can go up and take a look first." The manager's smile became even more sincere.

There were indeed only three rooms on the top floor. One belonged to Lu Heting, one to Lu Weijian, and the other to Old Master Lu.

It was true that the rooms weren't available to the outside world. However, how could Lu Heting bear to let Su Bei be uncomfortable while working outside? When he heard that Li Qisheng had arranged a presidential suite, he immediately got someone to change Su Bei's room.

Chapter 860: They Had Their Guard Up

Although the presidential suite was not bad, it was still far from the room reserved for Lu Heting.

Other than Lu Heting himself, no one else had ever stayed in his room.

No matter what, the presidential suite was open to the public. All kinds of guests had stayed here before. Su Bei would indeed be wronged if she were made to stay here.

The manager didn't know Su Bei's identity, but to be able to stay in a room specially reserved for Lu Heting, she was definitely not an ordinary person. Furthermore, she must have a close relationship with Lu Heting.

Therefore, the manager's smile was very appropriate. It was respectful and apologetic, but not overly humble.

Because of what had happened the last time, Su Bei and Xiao Bai were on their guard.

The rooms on the top floor were so few and precious. What if some big shot had taken a fancy to Su Bei and suddenly thought of doing this to get close to her?

"What are you guys talking about? Why are you making so much noise?" With his hands in his trouser pockets, Lin Yu leisurely walked out and went toward them.

With his status, it was more than enough for him to stay in the presidential suite, so his room was not far from Su Bei's room.

He was originally paying attention to Su Bei's movements, so when he heard the voices, he came over.

The manager quickly told him what had happened but did not mention Lu Heting's name. He only said that he wanted to get Su Bei a better room.

As soon as Lin Yu heard this, he knew that it was Lu Heting's arrangement. He didn't expect Lu Heting to be so passionate. Even now, he was still secretly providing Su Bei with all sorts of benefits.

Su Bei looked a little doubtful.

Lin Yu casually ruffled the hair on his forehead and sighed. "I haven't stayed in such a good room before. I'll go up and take a look for you. Take it as me going for an eye-opening experience."

Updates by

When Xiao Bai heard this, she was overjoyed. With Lin Yu's help, she could go up and take a look. Even if there were big shots who wanted to plot against Su Bei, they could find an excuse to leave immediately and minimize the risk.

When the manager heard that Lin Yu was going to the top floor to take a look, he knew it was Lu Heting's room and was about to refuse.

Unexpectedly, Su Bei also said, "Since you want to take a look, let's go up together."

Seeing that Su Bei had spoken, the manager could not object anymore. Moreover, Lin Yu was Su Bei's best friend, so the manager just let it slide.

With his hands in his pockets, Lin Yu swaggered to the elevator and walked straight in as if he really wanted to see that room.

Su Bei and Xiao Bai followed him.

The manager hurried in as well.

When they reached the top floor, the manager opened the door after swiping the room card.

The room instantly became as bright as day.

The room was fully furnished.

The presidential suite downstairs was luxurious enough, but the rooms upstairs were much better than the presidential suites. Just the size alone was enough to crush the presidential suites downstairs. This room was a few hundred square meters.

The brilliant Italian chandelier, made of high-end crystal, hung from the ceiling and shone brightly.

All sorts of Italian furniture were placed neatly on the floor. The floor was covered with a snow-white Angora rabbit carpet. When one stepped on it, it was as fluffy as a cloud.

All the decorations were exquisite down to the minute details, showing the meticulousness of the room.

Lin Yu strolled around inside with an indifferent expression.
