

Heavenly Saint Sovereign

Chapter 6

C6

"You actually dare to rob me? I am from the Peerless in the Frigid Dust World, my senior brother Wu Chen is here, you ..."

The young man stared at Bai Yuntian in shock. This was the first time since he started cultivating that someone had defeated him so easily with three different realms.

In his eyes, the Bai Yuntian in front of him was simply a monster!

"What nonsense are you talking about? I don't have the time to waste on you."

Bai Yuntian completely ignored his threat and used his palm to cut the back of the man's head to knock him out. After that, he started to search around.

"Eh? This kid really has a lot of good things on him.

Bai Yuntian continued to search the young man's body for various pills. Even his sword was in his hands. He stripped the young man of all his clothing before quickly leaving in satisfaction.

"Eat the pill first."

Bai Yuntian, who was madly running, stuffed all the pills he had found on the young man's body into his mouth. A huge amount of Essence Qi immediately filled all of the young man's veins.

Although these pills couldn't help him to reach the next stage, the improvement was still very obvious.

As for the problem of his foundation being unstable due to his cultivation level increasing, it didn't exist with Bai Yuntian.

"Do you believe me now?"

When Bai Yuntian swallowed the pill, Luo Xiao's voice sounded out from within his body.

"So what if it's true?" You think someone from the Twelve Realms can trap me? "

Bai Yuntian casually tossed the empty jade bottle to the side with a disdainful look on his face. Even if they really did seal the Heavenly Ruins as Daozi, as long as they were strong enough, they would still have ways to leave.

"Let's make a deal. You will inherit my inheritance and I will think of a way to find the entrance to the Heavenly Ruins to help you leave. But you have to promise me that you will help me recover my lost memories."

Luo Xiao had fully experienced the heaven-defying aspects of Bai Yuntian. With such potential, as long as she could grow, she would definitely not be a part of the world in the future.

"You have a way to leave?"

Bai Yuntian stopped in his tracks. If the other party had the ability to leave, why would they throw the inheritance onto him? He might as well leave by himself.

"Hehe, I have already fallen completely. At this moment, I am only an incomplete soul, how can I leave on my own? However, as you can see just now, I can sense the auras within the Celestial Ruins. Naturally, I will be able to find a flaw in the formation for sealing the people of the Twelve Realms.

Luo Xiao's voice sounded somewhat desolate, but in an instant, it returned to normal. She said to Bai Yuntian solemnly, word for word, "That's because I belong to the Twelve Realms. However, I don't know what my identity is."

"Interesting, interesting. Then I'll bring you out, but before I leave, I must first get the benefits from the remains. It's a shame that I don't want so many fat sheep."

Bai Yuntian was also rather interested in Luo Xiao's true identity. A soul that had fallen from the 12 Realms would still understand so many secrets even if it lacked memories. How could it possibly be a simple character?

"You really are ..." She said to Bai Yuntian, "Just like the young man you met earlier. There must be some heaven-defying talent amongst those who are heading over to the ruins to search. With your current strength, you might be in danger when facing them."

"Hehe, heaven's pride level experts? I am the biggest heaven's pride level expert. If you dare to provoke me, I will kill you first before you rob me! "

Bai Yunlang smiled and walked forward. He had already killed quite a few Chosen in his previous life. So what if he killed a few more?

There were at least a thousand people inside the ruins. Apparently, there was a steady flow of people rushing in after the news spread out.

Bai Yuntian sat on a rock to rest with the sword he had snatched from the young man's hands. Beside him were many bottles, jars, and even a lot of weapons. From short blades to giant hammers, they were all there.

Almost everyone who came here were looking for treasures within the ruins and searching for gaps in the sky. They probably decided to rob this family by robbing them along the way.

"There are quite a few things, but they are all junk."

Bai Yuntian put down the short blade in his hand and shook his head in distress. Naturally, he could not challenge those powers that had a large number of guards.

Therefore, during this period of time, he had been searching for a lone wolf. However, other than the true heaven's pride level experts, there were only those who wanted to try their luck. How could he have good stuff on him?

However, after he went through all this, almost everyone who entered the ruins heard about this guy who specialized in highway robbery.

It was just that he appeared and disappeared like a shadow, and his movements were extremely agile as well. He was as slippery as a loach. There were several times when people tried to catch him using their superior numbers, but they failed and instead lost a few experts in pursuit.

"After resting, go find a few fat sheep to slaughter."

After the Essence in his body was completely filled, Bai Yuntian jumped up. He threw all the broken things on the ground and had no intention of taking them away.

Having reincarnated and recultivated, he could say that he had nothing, much less a storage ring.

Bai Yuntian clenched his fists as he felt his body improve. He was quite satisfied. Although he was still at the initial stage of Mysterious Spirit Stage, he had robbed quite a number of medicinal pills to nourish his body.

Compared to the past, it was no longer the same thing.

"There's a group of people in the east. I can't sense their specific strength, but there's quite a bit of heaven and earth origin energy gathering."

Luo Xiao's voice resounded as she pointed towards the direction of Bai Yuntian. The fact that he was able to plunder so many things was inseparable from this fellow.

Whenever he felt that there were not many people around, he would give Bai Yuntian a reminder so that he could go over and see if he could make it.

"Hehe, let's go. Let's go and see what good stuff they have in their hands."

Bai Yuntian chuckled and quickly ran in the direction that Luo Xiao had pointed out. Although he had yet to see a true expert capable of contending against him, it felt pretty good to be a bandit.

When Bai Yuntian was about to arrive at the location mentioned by Luo Xiao, an angry feeling suddenly ignited in his heart, causing him to nearly lose control of himself as he came to a halt.

"Hmm? "What's going on?"

Bai Yuntian, who felt that his body was abnormal, immediately stopped in his tracks.

"This is ..." The obsession of the physical body? Could it be that the person in front is related to Liu Ruyan? "

Although Bai Yuntian's physical soul had long since disappeared, the obsession of saving Senior Sister Liu Ruyan still seeped deep into his bones and was impossible to dispel. Most likely, this obsession had a reaction right now and it had a lot to do with the group of people in front.

It was as if he was just reminding Bai Yuntian. The anger that had suddenly appeared in his heart quickly dissipated and he returned to normal.

"Let's go over and see who it is."

With a frown, Bai Yuntian used the cover of the surrounding rocks to move forward and completely retracted his aura. If he hadn't seen it with his own eyes, his aura would have been no different from the surrounding rocks.

In the empty space, a few figures were sitting and resting in different directions. Bai Yuntian was able to recognize at a glance one of them, who he would never forget for the rest of his life.

The person who was surrounded by the two of them was the young master of the Li family who had taken Liu Ruyan away, Li Qiufeng.

"So it's him. No wonder the obsession in his body was so angry." When Bai Yuntian saw the figure appear, he understood.

If not for the appearance of this scum, the number of things in this world that could almost make him lose control of his mind could be counted on one hand.

He didn't expect that not only did that bastard Li Qiufeng not leave, he even entered the ruins. If that was the case, his senior sister, Liu Ruyan, who was captured by him was naturally still in the Skypiercing Ruins.

As long as he could catch her, he would naturally be able to find out where Liu Ruyan was.

After getting rid of Li Qiufeng and saving Liu Ruyan, the obsession he had after reincarnating would naturally disappear completely. Only then would he be able to truly control this brand-new body.

"Have you seen enough?"

A cold voice suddenly rang out from behind Bai Yuntian. As he was thinking of a countermeasure, his body suddenly stiffened. Then, he quickly relaxed and turned around.

It was unknown when Six Dust, who was not far from Li Qiufeng, had managed to avoid the senses of Bai Yuntian and Luo Xiao and come behind him.

"You are that relic bandit?"

Wu Chen looked Bai Yuntian up and down and actually recognized him.

"I didn't expect that I've already become so famous. Friend, can you tell me your name?"

People who were able to avoid him were indeed rare. Most importantly, even Luo Xiao in his body did not give him any warning.

"Six Dust."

Wu Chen's words were concise, as if he didn't have any emotions at all. His voice was so calm that it was cold.

Boom!

Just as Wu Chen said his name, Bai Yuntian suddenly gathered his Essence on his fists and shot it towards his opponent.

The moment he launched the attack, he launched it with all his might. The power of his fists, which contained a large amount of Yuan power, was tremendous. It transformed into countless fist shadows, shrouding the Six Dust within them.

The sudden outburst of battle alarmed Li Qiufeng and the rest who were resting. They stood up almost at the same time and drew the swords on their backs.

The huge rock that was blocking everyone's vision exploded. Two figures rushed out from behind like two ghosts. As they moved, there was an unending series of bangs. Within the blink of an eye, they had already exchanged over a hundred moves.

"Burn!"

With a soft shout, streams of Essence fire emerged from his body, forming a few elemental energy fire webs that enveloped Bai Yuntian's head.

"Open for me!"

Bai Yuntian let out a loud shout and his fists began to wildly dance about. Beams of green light shot out from his body, blocking the way in front of him.

The sound of elemental energy exploding rang out once more from between the two of them. Their figures also separated at the same time, constantly retreating backwards.

Surprise appeared on both their faces. They never expected that they would actually fight to the point where they were evenly matched.

"As expected of a bandit from the Ruins. He even dared to rob a member of my Unparalleled Martial School, and he even set his eyes on me. He truly has some tricks up his sleeves."

There was a rare hint of approval in Wu Chen's calm voice. How could he not see that his opponent was only at the initial Spirit Xuan realm?

But even so, he was still fearless when fighting against himself and dared to take the initiative to attack.

"You flatter me that you can remain unharmed even after receiving such a full blow from me. You have also surprised me."

Bai Yuntian's eyes were filled with fighting spirit. So this man called Wu Chen was the young man that he robbed. He was indeed powerful. This was the first time he felt like he was matched against someone after reincarnating.
